Agrometeorological **aspects** of the optimization of calculation schemes for programming a yield on the basis of limiting factors. 094236
Complex dynamic model "weather—yield" [for *agrometeorological* **forecasting].** 094046
Prominent specialist in **USSR** *agrometeorology* (In memory of N. N. IAkovlev). 093977

AGROMYZIDAE

The *Agromyzidae* **(Diptera)** of Fennoscandia and Denmark. 103159

AGRONOMISTS

Collection of scientific works of A. I. **Fadontsev** *[Agronomists].* 100728
Tor Nymalm, **Finland** *[Agronomists].* 100926
Witold **Niewiadomski** *[Agronomists].* 100924

AGRONOMY

Agronomic and **biological** characteristics of maize and teosinte [Euchlaena] hybrids. 099078
Agronomical **characteristic** of the Chilean forms of Solanum chilotanum [Potatoes, breeding]. 099079
The *agronomic* **characteristics** of the ploid components from various anisoploid sugarbeets and the methods applied in order to determine the ploid components. 099384
Genetic behaviour of date of heading character and its genetic relation with other *agronomic* **characters** in barley. 099061
Agronomic **consequences** of reduction of soil working. 104173
Agronomic **practices** for sunflower in Uttar Pradesh [Varieties]. 100816
Control of grass grub through *agronomic* **practices** [Insect pests in pasture]. 102355
Agronomic and **production** characteristic of sandy and loamy-sandy soils from the Ukrainian Poles'ye. 103753
The problem of studying physiological and biochemical features of potential [genetic] and *agronomic* **productivity** of plants [Cereals]. 100191
The National Institute of *Agronomic* **Research,** the station for improvement of plants at Rennes [Field crops]. 100764
Agronomic **studies** of late sown wheat. 100828
Some *agronomical* **studies** on rainfed jowar [Sorghum bicolor]in black cotton soils. 100864

AGROPYRON

Influence of tall wheatgrass *[Agropyron* **elongatum]** wind barriers on soil drying. 103663
Perennial grass *[Agropyron* **elongatum]** barriers for wind erosion control, snow management and crop production. 104215
[Utilization of] *Agropyron* **glaucum** for the reclamation of sloes. 100903
Epicuticular wax of *Agropyron* **intermedium** [a drought resistant perennial grass]. 100267
Quackgrass *[Agropyron* **repens]** control in croplands. 102100
Control of quack grass *[Agropyron* **repens]** and weed seeds inpotato fields. 102150
Grain cultivation with or without couch grass *[Agropyron* **repens].** 102152
Epicuticular wax of *Agropyron* **smithii** leaves. 100268

AGROSTEMMA

Protein biosynthesis in dormant and post-ripened embryos and seeds of *Agrostemma* **githago.** 099915

AGROSTIS

The nature and control of snow mold of fine turfgrass *[Agrostis* **palustris]** in southern Ontario [caused by Fusarium nivale and Typhula spp.]. 101387

AGROTECHNOLOGY

Agrotechnical and **chemical** practices for weed control in the plantings of yellow lupine on sandy and loamy-sandy soils. 102107
Agrotechnical and **chemical** methods of controling wind erosion on cotton fields. 104232
Agrotechnical **indices** of tractors of the 5ts class of draft in general farm operations. 103605

AGROTIS

Peculiarities of development of cutworm *[Agrotis* **segetum]** in relation to feeding on plants with different resistance toinjuries. 102239
A gynandromorph of *Agrotis* **segetum** (Denis & Schiff.) (Lepidoptera: Noctuidae). 102971

AIR

Old and new experiences with nitrogen provision [fixation] from the *air* [by **agricultural** crops]. 099850
Air-flow **characteristics** in grain masses. 095799
Air-flow **[circulation]** patterns in vineyard rows [Microclimate]. 098759
Discriminating method of difficulty for impregnation treatment of wood with synthetic resin by *air* **comparison** pycnometer. 096886
A new Swiss cooling island for cheese—provided with *air* **conditioning** [Storage]. 095639
Delay in the response of stomata to abscisic acid in CO2 [carbon **dioxide]-free** *air* [Xanthium strumarium]. 099833

Study of the characteristics of a **disk** *air* moistener as an operating machine with an electric drive. 103377
Lethal influence of **dried** *air* on Sitophilus granarius L. (Coleoptera, Curculionidae). 102543
Air **dropped** bait dispensers for attracting and killing the cotton boll weevil. 102343
Determination of theoretical dependencies of the material movement in a pneumatic pipeline considering friction *[Air* **dryer].** 103519
Remote measurement of moisture content in bulk grain using an *air* **extraction** technique. 103340
Baking studies on the pin-milled and *air-classified* **flour** from four hard red spring wheat varieties. 095780
Semi empiric theory of pulverizing streamlets of a low-viscosity liquid by an *air* **flow** [Sprayers]. 103541
Study of the movement of the *air* **flow** in the zone of the inlet opening of a suction nozzle [Pneumatic fertilizer loader]. 103548
Estimation of phosphine concentrations in *air* **[Fumigants].** 104517
An empirical equation for thin layer drying of rough rice with **heated** *air.* 095826
Economic evaluation of selected **hot** *air* driers in the SouthBohemian region [Feed processing, costs]. 094435
Role of insect sex pheromone in mating behavior. I. Theoretical consideration on release and diffusion of sex pheromone in the *air* **[Hyphantria** cunea]. 102826
About the movement of a particle in an **inclined** *air* flow in an aspirating chamber with cascades [Threshing machinery]. 103604
Origin of **internodal** *air* spaces in Hippuris vulgaris L. 099880
Atmospheric electricity and ionized condition of the *air* **layer** directly above the land surface as ecological factors of environment [for forest trees]. 098148
Analysis of trace pollutants in the *air* by **means** of cryogenic gas chromatography. 104532
Study of the rate of flowering, fruiting and flower shedding of the Bolgar variety [of grapes] relative to humidity of the *air* and **method** of viticulture. 101157
N-nitrosodimethylamine in *air.* 104455
The service of industrial toxicology in analyzing the *air* and **noise** protection. 104634
Adsorption of synthetic humic acids at *air-water* and **oil-water** interfaces. II. 103652
Determination of Ronite [S-ethylcyclohexyl-N-ethyltiocarbamate] in water, *air,* **plants** and biological objects [Herbicides, residues]. 102733
Physiological studies on the mechanism of the occurrence of *air* **pollution** damage in crops. II. Effects of nutrition andsoil reduction on the leaf injuries of crop plants caused by sulphur dioxide fumigation [Barley, rice]. 101994
Physiological studies on the mechanism of the occurrence of *air* **pollution** damage in crops. III. Ethylene production by wheat and barley leaves injured by fumigation with sulphur dioxide. 101995
Reducing severity of ozone damage to tobacco and beans by combining benomyl or carboxin with contact nematicides *[Air* **pollution** injuries]. 102019
Response of ornamental plants to chlorine contamination in the atmosphere *[Air* **pollution** injuries]. 102020
Sensitivity of pea cultivars to ozone *[Air* **pollution** injuries]. 102021
A review of the literature on bryophytes with respect to *air* **pollution.** 103714
A preliminary investigation of aerosols in the atmosphere of Minia *[Air* **pollution].** 104439
Air **pollution** control in the dry milling industry [Flour dust]. 104467
Methodological problems on the economic evaluation of consequences of *air* **pollution.** 104489
Pulmonary responses of rats to ambient levels of ozone. Effects of 7-day intermittent or continuous exposure *[Air* **pollution].** 104594
A note on *air* **pollution,** property values and fiscal variables. 104595
Mapping of some lichen indicators of *air* **pollution** in Geneva. 104632
Spruce bark as an indicator of sulfur dioxide immission [for *air* **pollution** control]. 104655
Effectiveness of **preharvesting** *air-chemical* desiccation of spring wheat in the Perm' Region. 100882
Effects of CO2 [carbon dioxide] on **pulmonary** *air* flow resistance in the duck. 096545
Effect of change in *water-air* **regime** of heavy soils being drained on the amount of acid-soluble forms of iron and productivity of meadow plant community. 104243
Optimization models for **regional** *air* pollution control. 104507
Soil/air/water **relationships** in container [nursery] production [Potting mix]. 103669
Some aspects of lead pollution [in drinking water and *air]* in **Rio** de Janeiro. 104482
Effects of *air* and **soil** temperatures on vegetative growth of citrus [Oranges]. 100473
The veterinary service of the United **States** *Air* Force: its contributions to comparative medical research. 097172
The temperature variation of the canopy and trunk of Scots pine [Pinus sylvestris] and its relation to the net input of radiation and to *air* **temperature.** 097943
Growth of *air-cured* **tobacco** and change of chemical property of newly reclaimed field on the tertiary-derived soil. 103713

AIRBORNE

Airborne **coliphages** from wastewater treatment facilities. 104445
The relation between visibility and the size-number distribution of *airborne* **soil** particles [Soil erosion by wind]. 104530

AIRCRAFT

Transportation of dogs and **cats** by *aircraft.* 096126
Aerial application of agricultural **chemicals** *[Aircraft].* 103575
Impressions and results of seeding winter wheat with an *airplane* in the **wet** autumn of 1974. 100720

AIRSACCULITIS

Effect of route of Newcastle disease vaccination on the incidence of *airsacculitis* in **chickens** infected with Mycoplasma synoviae. 097254

AKEBIA

Pericarp saponins of *Akebia* **quinata** Decne. I. Glycosides of hederagenin and oleanolic acid. 099669

ALATA *see* MOLLUSKS

ALATAE

Trials for standardization of aphid flight survey with yellow water pan trap. II. Suitable location of water trap for **catching** *alate* aphids [Myzus persicae, Lipaphis erysimi, Brevicoryne brassicae, Japanese radishes]. 102387
Kaempferol 3-rhamnosylxyloside from **Euonymus** *alatus.* 099910
Effect of temperature and humidity on the trapping of *alate* **mustard** aphid, Lipaphis erysimi (Kaltenbach). 102430

ALBEDO

Studies on the micrometeorology of the mulched soil surface of the rows. I. An example of using two mulching materials, one with **high** *albedo,* the other with low Albedo. 1. 104227
Studies on the micrometeorology of the mulched soil surface of the rows. I. An example of using two mulching materials, one with **high** *albedo,* the other with low albedo. 2. 104228
Studies on the micrometeorology of the mulched soil surface of the rows. I. An example of using two mulching materials, one with high albedo, the other with **low** *Albedo.* 1. 104227
Studies on the micrometeorology of the mulched soil surface of the rows. I. An example of using two mulching materials, one with high albedo, the other with **low** *albedo.* 2. 104228
The **single-scattering** *albedo* of atmospheric aerosol particleas a function of relative humidity. 094060

ALBIMANUS *see* MOLLUSKS

ALBINO

Repletion studies on liver protein, glycogen content and liver enzymes by feeding protein isolates of Cassia marginata and Cassia renigera wild leguminous seeds in **normal** *albino* rats. 095098
On the nutritive value of various starches for the *albino* **rat.** 095159
Acute oral toxicity of hexachlorocyclohexane (BHC) in *albino* **rats** [Chlorinated hydrocarbon insecticide]. 102700

ALBUMINS

Structural requirements for steroid binding and quenching of *albumin* **fluorescence** in bovine plasma albumin. 096249
Effect of *albumen* pH **[hydrogen-ion** concentration] on yolk mottling. 095741
Studies on the effect of the alteration in the internal environment of poultry egg on embryonic growth. VI. Hatching weight and water content in chicks from **partially** *albumen* -removed eggs. 096571
Structural requirements for steroid binding and quenching of albumin fluorescence in bovine **plasma** *albumin.* 096249
An investigation of pea **seed** *albumins.* 095886
Localization of vitellogenin and **serum** *albumin* in hepatic parenchymal cells of normal and estradiol treated immature chickens. 096244
Immunochemistry of **serum** *albumin.* II. Isolation and characterization of a fragment from the first third of bovine serum albumin carrying almost all the antigenic reactivity of the protein. 097337
Specific *albumin* in some specimens of wheats and their wild ancestors [Triticum]. 098519
Wheat *albumin* and globulin proteins: purothionin levels of stored flour. 095825

ALCHEMILLA

Primary productivity of several meadow *[Alchemilla,* **Ranunculus,** Calamagrostis] communities in the southern Urals. 098857

ALCOHOL

Revealing of active centres of lignin preparations interacting with water and **aliphatic** *alcohols* by infrared spectroscopy. 098351
Investigation of super-moleclar structure of mercerized and regenerated cellulose by alcoholysis with **amyl** *alcohol.* 098330
Organic acid metabolism of yeasts during fermentation of *alcoholic* **beverages** a review. 095474
Nutritional status in *nonalcoholic* **chronic** liver disease. 095180
Method of quantitative determination of volatile compounds in **cognac** *alcohols* and cognacs. 095961
Methodology of determining aldehydes in **cognac** *alcohols* and cognacs. 095962
The working processes in *alcohol* **factories** by recovering the yeast and its advantages [Fermentation]. 095532
Effects of benomyl [fungicide] on alkanes and **fatty** *alcohols* of the surface wax of lettuce seedlings. 101667
Determination of 14C [carbon isotope] content in **fermentation** *alcohols.* 095418
Study of the residues of an anti-Botrytis fungicide, 26 019R.p. in grapes and wines, and their effects on *alcoholic* **fermentation.** 102763
Differentiation of the first genomes from polyploid wheat species according to the data of the immunochemical analysis of the *alcoholic* **fraction** of grain protein. 099082
Cis-dominant regulatory mutations affecting the formation of **glucose-repressible** *alcohol* dehydrogenase (ADHII) in Saccharomyces cerevisiae [Yeasts]. 099865
Effect of temperature on the formation of **higher** *alcohols* and on the accumulation of biomass during the fermentation of grape must with various strains of yeast. 095974
Effects of solid food on blood levels of *alcohol* in **man.** 095214
Natural *alcohols* of edible oils and fats and control of purity. 094930
Effect of a low-carbohydrate diet and *alcohol* on **perceptual** motor skill. 095126
On the problem of sulphiting mechanism of **p-hydroxybenzyl** *alcohols* [from lignin]. 098344

ALCOHOLYSIS

Investigation of super-moleclar structure of mercerized and regenerated cellulose by *alcoholysis* with **amyl** alcohol. 098330

ALDEHYDES

Chrome leather waterproofing by treatment with *aldehydes* and **carboxylic** acids. II. Effects of some chemicals and tanning, greasing and dyeing products. 095682
Methodology of **determining** *aldehydes* in cognac alcohols and cognacs. 095962
Fatty acids and **fatty** *aldehydes* of buffalo seminal plasma and sperm lipid. 096958
Para-hemigossypolone: a **sequiterpenoid** *aldehyde* quinone from Gossypium hirsutum [Cotton, Heliothis virescens, Heliothis zea]. 102296
Naturally occurring terpene derivatives. LIV. New **terpene** *aldehyde* esters from Peucedanum luxurians Tamamsch. 099647
Determination of hexamethylenetetramine and **volatile** *aldehydes* in cheese and other milk products. 095619

ALDICARB

Effect of *aldicarb* on **growth** and radio-carbon (14C) and radio-phosphorus (32P) assimilation by Rhizobium japonicum. 102745
Some effects of *Aldicarb* on the **life** cycle and pathogenicity of [the nematode] Meloidogyne incognita in potato roots. 101981

ALDOLASES

Synthesis of **functional** *aldolase* tetramers in a heterologous cell-free system [Chickens]. 096430

ALDRIN

Effect of soil application of *aldrin* and **gammexane** [insecticides] on germination, grain yield and quality of soybean (Glycine max). 100296

ALEURONE

Mechanism of action of gibberellins [on nucleic acid metabolism in both *aleurone* **layers** and in other plant systems]. 099777

ALEYRODIDAE

Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of sugars in tangerine leaves [Insecticides, control of **citrus** *Aleyrodidae* moth]. 102473

ALFALFA

The importance of forage quality *[Alfalfa,* **Bromus].** 096013
Vegetation management in **certified** *alfalfa* seed production [Weed control]. 102111
The role of Lepidoptera in the conditions of a *cotton-alfalfa* **crop** rotation in Turkmenia. 102319
Comparative study of the mineral composition (calcium, phosphorus, potassium and magnesium) of different *alfalfa* **cultivars.** 100298
Susceptibility of *alfalfa* **cultivars** to triazine herbicides. 102076
Cubed **dehydrated** *alfalfa* for dairy cows. 096627
Alfalfa , a contribution to **food** sypply in the Andes. 2. Protein quality of Lupinus mutabilis compared to Lupinus albus, Lupinus luteus and soybeans. 095227
Alfalfa, a contribution to **food** supply in the Andes. 1. General viewpoints. 095228
Foundations for the development of an optimal forecasting program of **growing** *alfalfa* for hay under irrigation. 100799
Combine operation and adjustment for **harvesting** *alfalfa* seed. 103439
Yield and chemical composition of *alfalfa* as **influenced** by high rates of K [potassium] top-dressed as KCl and K2SO4 [potassium chloride, potassium sulfate]. 100077
Irrigating *alfalfa* for seed. 104302

Irrigating *alfalfa* seed for maximum yield. 104303
The requirements of epiphytic bacteria Pseudobacterium lacticum 392 [isolated from *alfalfa* **leaves**] in amino acids and vitamins of the B group. 099744
Measurement of crop temperature by leaf thermocouple, infrared thermometry and remotely sensed thermal imagery *[Alfalfa,* **maize].** 100066
The scheme of phylogeny in the subgenus Falcago (Rchb.) Grossh. of the genus **Medicago** L. *[Alfalfa].* 099115
Evaluation of some varieties of *alfalfa,* **Medicago** sativa (L.), for their resistance to the alfalfa stem nematode, Ditylenchus dipsaci (Kuhn 1857) Filipjev 1936, under laboratory conditions. 101966
Analysis of *alfalfa* **mosaic** virus 17S RNA translational products. 101811
Relationship between physiological and morphological characteristics and yield of **nondormant** *alfalfa* clones. 099471
The effect of root rot [Fusarium] on the development of thegenerative **organs** of *alfalfa.* 101358
Experiences in the drying, pelletization and feeding of whole maize, barley and *alfalfa* **plants** in the People's Republic of Bulgaria. 096803
Sex expression and tail morphology of female progenies of smooth-tail and crenate-tail females of Pratylenchus penetrans [Nematodes, **reared** on *alfalfa].* 101938
Anesthetization of morphologically smillar species with carbon dioxide for separation and culture [Nematodes extracted from soil, **reared** on *alfalfa].* 103776
Water provision rate and productivity of *alfalfa* as **related** to the species of the cover crop, way and time of sowing. 100739
California—its role in *alfalfa* **seed** production. 094554
Composition of the *alfalfa* **seed** meal. 096008
A scientific basis for *alfalfa* **seed** growing. 100885
Farming practices for obtaining high yields of *alfalfa* **seed** in the south-eastern foest-steppe and north-eastern steppe of the Ukraine. 100888
Farming practices for obtaining high yields of *alfalfa* **seed** in the area east of the Urals. 100889
Chemical drying of *alfalfa* **seed** crops [Desiccants, harvesting aid]. 100997
Alfalfa **seed** weed control. 102110
Effectiveness of some insecticides in controlling the yellow seed weevil [Tychius flavus] on *alfalfa* **seed** crops. 102291
Insect control for *alfalfa* **seed** production. 102318
Pollination [contracts]—a team effort *[Alfalfa* **seed** crop growers, beekeepers]. 103244
Application of fertilizers in *alfalfa* **seed** plantings. 104049
Clear **seeding** of *alfalfa.* 100772
Purification and properties of a beta-mannanase from *alfalfa* **seeds.** 095772
Seedling growth of crownvetch [Coronilla varia], Ladino clover, and *alfalfa* under **shade.** 100072
Effects of photoperiod and temperature regimens on the biology of European and United **States** *alfalfa* weevil [Hypera postica] populations. 102281
Evaluation of some varieties of alfalfa, Medicago sativa (L.), for their resistance to the *alfalfa* **stem** nematode, Ditylenchus dipsaci (Kuhn 1857) Filipjev 1936, under laboratory conditions. 101966
Laboratory and field evaluation of seven insecticides for control of the *alfalfa* **stem** nematode, Ditylenchus dipsaci (Kuhn 1857) Filipjev 1936. 101970
Alfalfa weevil [Hypera postica] effects on root reserves, development rate, and canopy **structure** of *alfalfa.* 102277
Electrophoretic studies of several dehydrogenases in relation to the cold **tolerance** of *alfalfa.* 100166
Some forage qualities of *alfalfa* **varieties** in western Siberia. 100119
Alfalfa **varieties:** their characteristics and adaptability to Idaho conditions. 100765
Alfalfa **weevil** [Hypera postica] effects on root reserves, development rate, and canopy structure of alfalfa. 102277

ALGAE

Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of Scenedesmus obliquus. I. Changes in the photochemical **activities** *[Algae].* 099889
Economic aspects of Gracilaria culure in Taiwan *[Algae,* **agar].** 101288
Volatile halogen compounds in the *alga* **Asparagopsis** taxiformis (Rhodophyta) [Essential oil]. 095462
Comment on field evaluation of the *algal* **assay** procedure on surface waters of North Carolina [Eutrophication]. 099747
Effects of water hardness, phosphorus concentration and sample pretreatment on the *algal* **assay** procedure—bottle test [using Selenastrum capricornutum]. 099750
Application of the *algal* **assay** procedure in biostimulation and toxicity testing [in natural waters]. 104492
Field evaluation of the *algal* **assay** procedure on surface waters of North Carolina [Pollution]. 104494
Sediment-water microcosms for assessment of nutrient interactions in aquatic ecosystems [Lakes, reservoirs, *algal* **assay].** 104496
Application of *algal* **assays** to define the effects of wastewater effluents upon algal growth in multiple use river systems [for the control or prevention of eutrophication]. 104493
Apparent amitosis in the binucleate dinoflagellate Peridinium **balticum** *[Algae].* 099820
Chara socotrensis f. Nuda: a new record for West **Bengal** *[Algae].* 098712
Estimation of water quality of the Somme river by the studyof **benthic** *algal* populations. 104458
Algal **biliproteins** and phycobilins. 099753
Mitosis in Dunaliella **[bimaculata,** *Algae].* 099007
Comparison of semi-continuous and continuous flow *[algal]* **bioassays** [Selenastrum capricornutum]. 099748
The measurement of irradiance with particular reference to marine **biology** [Includes *Algae].* 100004
Seasonal variation of *algal* **biomass** production potential and nutrient limitation in Yaquina Bay, Oregon [Water pollution, paper mill wastes]. 104495
Release of extracellular matter during photosynthesis by a Trichodesmium **bloom** *[Algae].* 099689
Genetic transformation in a **blue-green** *alga,* Aphanocapsa. 099129
Conversion of acetylene reduction rates to nitrogen fixation rates in natural populations of **blue-green** *algae* [Aphanizomenon sp., Anabaena sp.]. 099487
The influence of daylength, light intensity and temperature on the growth rates of planktonic **blue-green** *algae.* 099582
The measurement and significance of ATP [adenosine triphosphate] pools in filamentous **blue-green** *algae.* 099583
Photosynthetic coefficient and intravitam excreta of the **blue-green** *alga* Anacystis nidulans. 099871
Intracellular ATP [adenosine triphosphates] level and light-induced inhibition of respiration in a **blue-green** *alga,* Anabaena variabilis. 099919
Protein synthesis following infection of the **blue-green** *alga* Plectonema boryanum with the temperate virus SPI and its ts mutants. 101816
The use of membrane electrical noise in the study of Characean electrophysiology [Chara **braunii,** *Algae].* 099835
Aspects of photomorphogenesis in the **brown** *alga* Dictyota dichotoma. 100042
Planktonic diatoms and silica in Loch Leven, Kinross, Scotland: a one month silica **budget** *[Algae].* 099725
Synthesis of marine terpenoids. III. Synthesis of (plus/minus)-isocaespitol [Laurencia **caespitosa,** *Algae].* 100016
Changes in the resistance of the node of Nitellopsis obtusa, *[Algae]* **caused** by the damage of the internodal cells. 099496
Ultrastructural modifications of the nucleus and nucleolus of Euglena gracilis Z *[Algae]* during the **cell** cycle. 098926
Isolation and insulation of special **cells** *[Algae].* 098945
Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of Scenedesmus obliquus. III. Recovery of the photosynthetic capacity in aged **cells** *[Algae].* 099891
Continual intravitam perfusion of the vacuolar sap of Nitella [flexilis] **cells** *[Algae].* 099988
Effect of cycloheximide on the process of reorganization of the biosynthesis of Chlorella *[Algae]* **cells** induced by nitrogen starvation. 099989
Properties of cellulose from the *alga* **Chara** aculeolata Kutz. 100051
Composition of the product of *algal* **[Chlorella** vulgaris] culture in the liquid phase of animal slurry. 099842
Decomposition of the herbicide simazine in cultures of *algae* **[Chlorella** vulgaris, Chloridella simplex, Anabaena variabilis, Phormidium foveolarium]. 102159
Polymorphism of selected marine Chaetophoraceae **(Chlorophyta)** *[Algae].* 098899
Fractionation and analysis of polypeptides of Euglena gracilis *[Algae]* **chloroplasts.** 099946
The microanatomy of Sphaleromantis marina sp. Nov. **(Chrysophyceae)** *[Algae].* 098901
Developmental cycle of Mastigocladus laminosus **Cohn** *[Algae].* 099868
Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of Scenedesmus obliquus. II. Changes in ultrastructure and pigment **composition** *[Algae].* 099890
Studies on the disease inducing experiments by using a shaking culture apparatus of Nori (Porphyra) *[Algae]* with **controlled-atmospheric** exposure. On the relationships between the exposure and the occurrence of disease and its process. 101867
Microbiological studies of Porphyra plants. IV. On the relation between the growth of the Porphyra plants *[Algae]* **cultivated** in the sea and the bacterial flora accompaying the plants [Symbiosis]. 098779
Effect of Heterosigma inlandica Hada, Hemieutreptia antiqua Hada and Eutrekptiella sp. on the growth of Nori (Porphyra) *[Algae]* in **culture.** I. 099589
Studies on the comparative ultrastructure and pigments content of the chromatophores of Navicula ostrearia (Gaillon) Bory *[Algae]* **cultured** in optimal and deficient media. 098922
Ordering of movement of organisms in a suspension of Chlamydomonas reinhardii **Dang.** *[Algae].* 099994
Contribution to the knowledge of the Dinoflagellata and Tintinnidae of the Antartica. I. Plankton collected in **December** 1969 *[Algae].* 098607
Studies on Indian Gracilaria *[Algae].* II. The **development** of reproductive structures of Gracilaria corticata. 098898
Life-forms of *Algae* and their **distribution.** 099577
Chloride transport in Chara corallina *[Algae]* and the **electrochemical** potential difference for hydrogen ions. 099832
The metabolism of cycloartenol, lanosterol, 24-methylenecholesterol and fucosterol in Chlorella **ellipsoidea** *[Algae].* 099916
Nuia and Halysis, two Ordovician **enigmatic** *algae* from the lowlands of Saint Lawrence. 098665
Possible **eucaryotic** *algae* (Bangiophycidae) among early Proterozoic microfossils. 098561
Nutrient uptake by Chlorella vulgaris and Anacystis nidulans isolated from the effluent of a fertilizer **factory** *[Algae].* 104519
Ultrastructure of cell division in Cladophora: Pregametangial cel division in the haploid generation of Cladophora **flexuosa** *[Algae].* 098931
New representatives of the *Algae* **flora** from [Soviet] Georgia. 098751
Rapid absorbance changes in Chlorella *[Algae]* **following** a flash. Evidence for a decrease in absorbance at 480 nm between 5 and 100 mus after the flash. 099618
Life **forms** in the *Algae.* 099576
A checklist of the **freshwater** *algae* of Ontario, exclusive of the Great Lakes. 098664
Chlorophyll stability of brine and **freshwater** *algae.* 099683
The occurrence of a porphyrodiscus simulans batt. Phase in the life history of Ahnfeltia plicata (Huds.) **Fries** *[Algae].* 099584
Tubular connections between the external nuclear membrane, the endoplasic reticulum and dictyosomes of Cystoseira stricta (Pheophyta, **Fucale** *[Algae]).* 098925
Functions of carotenoids other than in photosynthesis [Photoprotection in *algae,* **fungi** and green plants]. 099761
Isolation of a transcriptionally active chromosome from chloroplasts of Euglena **gracilis** *[Algae].* 099075
Biosynthetic events required for lag elimination in chlorophyll synthesis in Euglena **[gracilis,** *Algae].* 099953
Effects of colchicine on the cell division of a colonial **green** *algal* flagellate Gonium pectorale Muller. 098936
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of organogenic elements in **green** *algae* cells. I. The photosynthetic incorporation of 13C [carbon isotope] in biomass of Chlamydomonas 137c strain. 100035
Studies on Plover Cove Reservoir, Hong Kong. III. A comparison of the species composition of diatom floras on different substrates, and the effects of environmental factors on their **growth** *[Algae].* 098792
Pigment changes and photosynthetic rates under selected wavelengths in the growing tips of Eucheuma isiforme (C. Agardh) J. Agardh var denudatum Cheney during vegetative **growth** *[Algae].* 099581
Comparison of the *algal* **growth** responses of Selenastrum capricornutum Printz and Anabaena flos-aquae (Lyngb.) De Brebisson in waters collected from Shagawa Lake, Minnesota. 099749
The effects of media modifications upon Selenastrum capricornutum in batch cultures *[Algal* **growth].** 099751
Application of algal assays to define the effects of wastewater effluents upon *algal* **growth** in multiple use river systems [for the control or prevention of eutrophication]. 104493
A checklist of planktonic diatoms and dinoflagellates *[Algae]* from **Helgoland** and List (Sylt), German bight. 098525
Biosynthesis of carotenoids [Fungi, *algae,* **higher** plants]. 099755
The **hymenial** *algae* in Allarthonia exilis (Floerke) Sandst. (Lichenes). 098885
Light and the ecology of Laminaria **hyperborea.** II. *[Algae].* 098861
The occurrence of Lagenisma coscinodisci in Palmeria hardmaniana from Kingston harbour, **Jamaica** *[Algae].* 098556
Kentucky *Algae.* II. 098682
A guide to *algal* **keys** (excluding seaweeds). 098549
The relationship of **laboratory** *algal* assays to measurements of indigenous phytoplankton in Long Lake, Washington [Water pollution]. 104497
Phytoplankton *[Algae]* of the **Lake** of Geneva (new species). 098708
Effect of CuSO4 [copper sulfate] on the photosynthetic rate of phytoplankton in four Danish **lakes** *[Algae].* 099885
Comparative study of long distance transport of various radioelements in the thallus of Laminaria digitata (Linne) **Lamourous** *[Algae].* 099607
The succession of associations and the occurrence of stoneworts [Characeae, *Algae]* in the **Leczna** and Wlodawa lake district. 098766
Algal **lysing** agents of freshwater habitats [Eutrophication]. 104641
Benthic **marine** *algae* from the southern coast of Sao Paulo State, southwest of Santos and the coast of Parana State. III. Rhodophyta (2): Cryptonemiales, Gigartinales and Rhodymeniales. 098524
New and interesting **marine** *algae* from the Shetland Isles. II. Hollow and solid stiped Laminaria (Simplices). 098551
The **marine** *algae* of the eastern border counties of Scotland. 098555
The amino acid composition of some common **marine** *algae* from Iceland [Rhodophyceae, Phaeophyceae, Chlorophyceae]. 099579

Extracellular alkaline phosphatase in multicellular **marine** *algae* and their utilization of glycerophosphate. 099894
The mass outdoor culture of macroscopic **marine** *algae* [Gracilaria sp., Hypnea musciformis]. 101289
The pathology of **marine** *algae* [Diseases of seaweeds and phytoplankton]. 101848
Comparative study of the cyanophages Anabaena variabilis *[Algae]* by **means** of electrophoresis. 100037
Cyclic-AMP and morphogenesis of Acetabularia **[mediterranea,** *Algae].* 099697
Investigation of RNA transport from nucleus to cytoplasm in Acetabularia **mediterranea** *[Algae].* 099983
Light induction of polar growth in enucleated fragments of Acetabularia **mediterranea** *[Algae].* 099984
Studies on genera Mallomonas and Synura, and other plankton in freshwater with the electron microscope. X. The genus Paraphysomonas (Chrysophyceae) in Japan *[Algae,* **new** taxa]. 098554
Utilization of respiratory substrates by Anacystis **nidulansricher** *[Algae].* 099690
Nubrigyn *algal* reefs (Devonian), eastern Australia: allochthonous blocks and megabreccias. 098560
Comment on *algal* **nutritional** bioassays of Lake Wylie, North Carolina [Water eutrophication]. 099746
Algal **nutritional** bioassays of Lake Wylie, North Carolina [Water pollution]. 104491
Sn-Glycerol-3-phosphate transacylase activity in Euglena gracilis **organelles** *[Algae].* 099520
Culture studies on the effects from borate pollution on the growth of marine **phytoplankters** *[Algae].* 104534
Tracer experiments on the effect of micronutrients on the growth of Porphyra *[Algae]* **plants.** II. Manganese-54 and zinc-65 assimilation in relation to environmental factors. 099590
Effect of pH [hydrogen-ion concentration] of the medium on the rate of assimilation of carbon and activity of certain enzymes of photosynthesis in Spirulina **[platensis,** *Algae].* 099990
Plant and *algal* **polysaccharides.** 099639
Spectral properties of system I-deficient mutants of Chlamydomonas reinhardi *[Algae]:* **Possible** occurrence of uphill energy transfer. 099552
Development of Synechocystis aquatilis Sauv. *[Algae]* in the **presence** of Pseudomonas putida Migula. 099867
Preliminary observations on seasonal abundance of cladoceran genera in Kinjher Lake with notes on T Y-phytoplankton **production** *[Algae].* 098760
Quantum yield and conformational changes during greening and bleaching of Chlorella **prototheocides** *[Algae].* 099925
Inhibition by ammonium chloride of the oxygen yield of photosynthesis [Spinach, Chlorella **pyrenoidosa,** *Algae].* 099543
The effect of metabolic poisons on ATP [adenosine 5'-triphosphate] level and on active phosphate uptake in Chlorella **pyrenoidosa** *[Algae].* 099899
Intensity dependence of the fluorescence lifetime of in vivo chlorophyll excited by a picosecond light pulse [Measurements in Chlorella **pyrenoidosa,** *Algae].* 099980
Effect of hexachlorobenzene on some growth parameters of chlorella **pyrenoidosa** *[Algae].* 101866
On the **red** *algal* genera Grallatoria Howe and Callithamniella Feldmann-Mazoyer (Ceramiales) [New taxa]. 098553
The status of [the **red** *alga]* Ochtodes capensis (J. Agardh) J. Agardh (Rhizophyllidaceae, Gigartinales, Rhodophyta). 098643
A brominating and hydroxylating peroxidase from the **red** *alga* Cystoclonium purpureum. 099888
Mannitol in the Rhodophyceae [**red** *algae]:* a reappraisal. 099912
Nitrite-reducing activity of modified cytochrome c-553 from the **red** *alga* Porphyra yezoensis Ueda. 099922
Turnover of chloroplast and cytoplasmic ribosomes during gametogenesis in Chlamydomonas **reinhardi** *[Algae].* 099696
Factors influencing phytoplankton growth and succession in Farmoor **Reservoir** *[Algae].* 099724
Some observations on dinoflagellate [Peridinium penardii] population density during a bloom in a California **reservoir** *[Algae].* 099852
The effects of oils and oil components on *algae:* a **review.** 101865
Purification and physicochemical properties of superoxide dismutase from two photosynthetic microorganisms [Spirulina platensis, *Algae,* **Rhodopseudomonas** spheroides, bacteria]. 099549
Responses of Phycomyces indicating optical excitation of the lowest triplet state of **riboflavin** *[Algae].* 099957
Effect of sugar-factory effluent on the growth of Hydrilla verticillata **Royle** *[Algae].* 104518
Specificity for nicotinamide adenine dinucleotide and nicotinamide adenine dinucleotide phosphate of nitrate reductase from the **salt-tolerant** *alga* Dunaliella parva. 099948
The dependence of the electrical resistance of the cell membrane and the cell sap of Characeae *[Algae]* on the **season.** 099498
Agar from cultured Gracilaria edulis (Gmel.) **Silva** *[Algae].* 099574
The position of the labiate process in the diatom genus **Skeletonema** *[Algae].* 098902
Phytoplankton production in the rivers Thames and Kennet at Reading during 1970 *[Algae,* **solar** radiation]. 098864
Natural protoplast Dunaliella *[Algae]* as a **source** protein. 099515
The applicability of grain density autoradiography to the quantitative determination of *algal* **species** production: a critique. 099853
A bioassay dilution technique to assess the significance of dredged material disposal [for *algal* **stimulation].** 099745
The infection process and ultrastructure of the Gunnera-Nostoc *[Algae]* **symbiosis.** 099882
Studies on frost hardiness in Chlorella ellipsoidea. I. Development of frost hardiness of Chlorella ellipsoidea *[Algae]* in **synchronous** culture. 099928
Evolution of photosynthetic activity of Chlorella rubescensChodat *[Algae]* in **synchronous** culture. 099971
The production of antimicrobial compounds by British marinealgae. III. Distribution of antimicrobial activity within the *algal* **thallus.** 099585
Transcriptional origin of Euglena chloroplast tRNAs *[Algae,* **tRNA-DNA** hybridization]. 099376
Ulltrastructural autoradiographic study of the intracellular fixation of 3H [hydrogen isotope]-acrolein [in a **unicellular** *alga,* Dunaliella bioculata]. 099715
Effects of external electrical fields on cell membranes [Valonia **utricularia,** *Algae].* 099556
Synthesis of the inner mitochondrial membrane and the intercalation of respiratory enzymes during the cell cycle of Chlorella [Fusca **vacuolata,** *Algae].* 099823
Electron-microscope examination of the intracellular development of cyanophage A-4 (L) [Anabaena **variabilis,** *Algae].* 099051
Changes in the cellular levels of ATP [adenosine-5'-triphosphate] in Anabaena **variabilis** *[Algae].* 099858
Regeneration of photosystem II and phycobilin pigments in photoorganotrophically grown Anabaena **variabilis** *[Algae].* 099926
Effects of anaerobic conditions on the photosynthetic pathway of Anacystis [nidulans] and Chlorella **[vulgaris,** *Algae].* 100043
Light and plant response in fresh **water** *[Algae].* 098860
The major chloroplast pigments of Chlorobotrys regularis (West) Bohlin (Eustigmatophyceae) and Ophiocytium majus Naegeli **(Xanthophyceae)** *[Algae].* 098900

ALGINATES

Alginate **coatings** for carcasses. 095705

ALIMENTARY

Studies on the role of microorganisms in *alimentation* of **Galleria** mellonella larvae [Pests, Apis mellifera]. 102819
New example of correlation between the presence of a gregarine belonging to the genus Ancyrophora Leger 1892 and *alimentation* of the **host** [in larvae of Perlidae: Dinocras megacephala]. 102847

ALIPHATIC

Revealing of active centres of lignin preparations interacting with water and *aliphatic* **alcohols** by infrared spectroscopy. 098351

ALKALI

An alkali degradation test and an **alocholic** *alkali* bran-staining test for determining the approximate degree of milling of rice. 095820
Analysis of oscillation effects arising at glucose **heating** in *alkali.* 098295
On the problem of polymer formation at oxidatonof lignin model compounds in *alkali* **media.** 098345
Influence of lignin on thermochemical polymerization of monomers. II. Influence of **modified** *alkali* birch wood lignin preparations on styrene polymerization in DMSO [dimethyl sulfoxide] solution. 098314
Influence of **preliminary** *alkali* treatment on birch wood impregnation and solubility of its components in acid sulphite pulping. 098319
On adsorption of lignin substances by cellulose in *alkali* **pulping.** 098341
Copper absorption from *copper-alkali* **solutions** by cellulose. 098309
Changes in fibre cell wall porous structure in acid and *alkali* **treatments.** 098296
Study of birch **wood** *alkali* extraction. 098362

ALKALINE

Host-parasite relationship. 1. *Alkaline* and **acid** phosphatase distribution in the silk glands of parasitized larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
Chemical composition of acid-soluble part of **black** *alkaline* solutions after hardwood pulping. 098300
Determination of organic acids in **black** *alkaline* solutions after rough aspen wood pulping. 098311
Guide to soils and plant nutrition. 3. [Salt and *alkalinity,* **cation** and anion exchange, phosphate fixation]. 103818
Extracellular *alkaline* phosphatase in multicellular marine algae and their utilization of glycerophosphate. 099894
Structural investigation of lac resin. X. Structure and stereo-chemistry of methyl laccolate gamma-lactone and its epimer [obtained by esterification of the gum resulting from the *alkaline* **fission** of shellac]. 098289
Formation of organic peroxides from methyl beta-D-glucopyranoside in *alkaline* **hydrogen** peroxide solutions [Degradation of cellulose]. 098202
Kinetics of *alkaline* **hydrolysis** of ester bons in wood. 098333
Study of the process of purification of *alkaline* **oxyethylcellulose.** 098438
Isoenzymes of *alkaline* **phosphatase:** reference values in young people and effects of protein diet. 095059
Alkaline **phosphatase** isoenzymes in the dog. 096273
A note on the localization of *alkaline* **phosphatase** in thirty-day-old sheep foetuses. 096408
Glycogen and *alkaline* **phosphatase** in the liver of fetuses and newborn lambs and piglets. 096582
Concentration of *alkaline* **phosphatase** amylase and glucose in cervical mucus of fertile and infertile cows during oestrum. 096996
Production and some enzymatic properties of *alkaline* **proteinase** of Candida lipolytica [Yeasts]. 099468
Kinetics of *alkaline* **pulping** of bamboo. 098288
Foundations of the method of *alkaline* **regeneration** of soil substitutes [Artifical growing substrates]. 100883
Repressible *alkaline* phosphatase in Aspergillus niger [Fungi]. 099712
Prediction of some soil properties through cracks formation of dryness. I. Soil **salinity** and *alkalinity.* 103696
Synthetic studies in the alkaloid field. III. **Selective** *alkaline* decarboalkoxylative cyclization of some N-alkyldihydro- and N-alkyltetrahydropyridines. 100340
Alkaline **solubilization** of heat-precipitated cheese whey protein. 095561
Rice bran protein concentrates obtained by **wet** *alkaline* extraction. 095791

ALKALOIDS

Fluorescence microscopic investigations on the localisation of **acridone** *alkaloids* in the organs of Ruta graveolens. 099934
Alkaloids of **alstonia** scholaris from Thailand. 099930
Role of 1,5-14C [carbon isotope]-cadaverine in the biosynthesis of *alkaloids* in **Anabasis** aphylla. 099508
Chemical variations of Datura arborea L *[Alkaloid* **analysis].** 100393
Activity of tall fescue [Festuca arundinacea] *alkaloids* **andanalogues** in in vitro rumen fermentation. 096414
Aporphine *alkaloids* and lignans formed in response to injury of sapwood in Liriodendron tulipifera. 102008
Arthropod *alkaloids.* 102924
Biosynthesis of *alkaloids.* 099559
Alkaloid-like **compounds** in the plants from the family Compositae (Asteraceae). II. The tribe Heliantheae. 099726
Study of the phenomenon of genetic complementation for the feature of *alkaloid* **content** in compound intervarietal hybrids of forage lupine. 099298
The effect of N & P [nitrogen, phosphorus] fertilization on the yield of green herb and *alkaloid* **content** of Belladona [Atropa belladonna]. 104030
Determination of **dihydroergotoxine** *alkaloids* by gas-liquid chromatography. 099828
Alkaloid **distribution** in the fruit of Solanum khasianum. 099680
The nature of *alkaloids* of **ergoty** pearlmillet or bajra and its comparison with alkaloids of ergoty rye and ergoty wheat [Claviceps]. 101638
Biomimetic synthesis of a key **Erythrina** *alkaloid* precursor. 099655
Convenient method for synthesis of **erythrinan** *alkaloids* [Erythrina]. 099658
Molecular and crystal structure of eupolauramine, a novel type of *alkaloid* from **Eupomatia** laurina. 099826
Synthetic studies in the *alkaloid* **field.** III. Selective alkaline decarboalkoxylative cyclization of some N-alkyldihydro- and N-alkyltetrahydropyridines. 100340
Alkaloids of the **herb** Sedum acre L. I. Chromatographic analysis. 099674
Indole *alkaloids* in plant hallucinogens. 099936
The defensive role of *alkaloids* in **insects** and plants. 102937
Synthetic studies on **Lythraceae** *alkaloids.* V. Total synthesis of (plus/minus)-vertaline. 099671
Effect of nitrogen nutrition on *alkaloid* **metabolism** in plants. 099530
Minor *alkaloids* of Araliopsis tabouensis. 099937
Alkaloids of **Myrtopsis** sellingii; a new alkaloid, myrtopsine. 099931
Four new **N-acetylnoraporphine** *alkaloids* from Liriodendron tulipifera. 100670
Plants from Madagascar. XVI. 3. Craspidospermine, a **new** *alkaloid* from Craspidospermine, a new alkaloid from Craspidospermum verticillatum verticillatum (Apocynaceae). 099600
Alkaloids of Myrtopsis sellingii; a **new** *alkaloid,* myrtopsine. 099931
Onychine, an *alkaloid* from **Onychopetalum** amazonicum. 099913
A unique series of pseudo **oxindole** *alkaloids* [Corynanthe]. 099651
Oxoaporphine *alkaloids* from Fusea longifolia and Siparuna guianensis. 099914

Analysis of Blue cheese for [the neurotoxin] roquefortine and other *alkaloids* from **Penicillium** roqueforti [Fungi]. 094865
Tissue cultures of *alkaloid* **plants.** V. Some morphogenetic abilities of long-term callus cultures of Macleaya microcarpa. 099535
Growth and *alkaloid* **production** in suspension cultures of Datura metel L. anther. 099798
Fukinotoxin, a new **pyrrolizidine** *alkaloid* from Petasites japonicus. 099668
Genus crotaliar. XXVI. **Pyrrolizidine** *alkaloids* for the preparation of neuro-muscular blocking agents. 099797
Spina bifida, exencephaly, and cranial bleb produced im hamsters by the **solanum** *alkaloid* solasodine [Teratogenesis]. 097852
Morphine and codeine in poppy seed [Papaver **somniferum,** *alkaloids].* 095459
Alkaloid **spectrum** during ripening of Nicotiana rustica [tobacco] seeds. 100101
Holacetine, a new **steroid** *alkaloid* from Holarrhena antidysenterica. 099908
Solacasine, a new **steroidal** *alkaloid* from Solaum pseudocapsicum possessing antimicrobial activity. 099713
Quantitative determination of **total** *alkaloids* and scopolamine in Datura ferox growing in Argentina. 099939

ALKANE

Effects of benomyl [fungicide] on *alkanes* and **fatty** alcohols of the surface wax of lettuce seedlings. 101667
Invalidity of the acetylene reduction assay in *alkane-utilizing,* **nitrogen-fixing** bacteria [isolated from soil]. 103705
Semi-quantitative rapid determination method of *alkane* **yeasts** in mixed feeds. 096028

ALKOXY

Synthesis, insecticidal and acaricidal properties of some *5alkoxy-,* **5-alkylthio-6-oxo-1-phenyl-1H-pyridazin-4-yl** and 6-oxo-5-phenoxy-1-phenyl-1H-pyridazinyl phosphorus esters. II. [Musca domestica, Aphis fabae, Tetranychus urticae]. 102257

ALKYL

Effect of tetrahydroquinoline derivatives on the growth of mold fungi [Aspergillus niger, Aspergillus fumigatus, Penicillium cyclopium]. II. *N-alkyl* **substituted** THQ and their nitro derivatives. 099870
Nematicidal activity of secondary and **tertiary** *alkyl* amides and amines [Panagrellus redivirus, plant pathogenic nematodes]. 101893

ALLATUM

Changes in the **corpus** *allatum* vlume of female Spodoptera litura (Fabr.) related with age and reproduction. 102899

ALLELE

Interactions between TMV [tobacco mosaic virus] isolates, temperature, *allelic* **condition** and combination of the Tm resistance genes in tomato. 099360
Inbred lines with dominant **incompatibility** *alleles* for use as parents of F1 hybrid Brussels sprouts. 099189
Allelism of **spontaneous** mutations which affect viability in the 2 chromosome of LA Drosophila melanogaster strain. 102944

ALLERGY

Allergic **bronchoconstriction** and its drug-induced reversal in anesthetized, ovalbumin-sensitized cats. 096537
Diagnosis and treatment of *allergic* **inhalant** dermatitis (atopy) [Dogs]. 097691

ALLETHRIN

Allethrin *(d-trans-allethrin)* [and related synthetic pyrethroids]. 102626

ALLIUM

The unifacial leaf of monocotyledons and its interpretation: the leaf of *Allium* **cepa** L. [Onions]. 098923
Ultrastructural study of the nucleolar cycle in meristematic cells of *Allium* **cepa** [Onions]. 099008
Differential Giemsa staining of heterochromatic regions in the chromosomes of Vicia faba [broadbeans], *Allium* **cepa** [onions] and Paeonia tenuifolia. 099044
Formation of generative cells in pollen grains of *Allium* **cepa** L. and Allium porrum L. [Onions, leeks]. 100387
The effect of some herbicides on the weed flora and soil microflora in the onion **crop** *(Allium* cepa L.), and the persistence of their residues in the soil. 102121
Taxonomic note on section Porrum G. Don of the **genus** *Allium* L. from Kazakhstan. 098544
[Geographic] distribution and the history of systematics ofthe **genus** *Allium* L. 098724
Study of the taxonomy of the **genus** *Allium* L. 098757
Failure to observe mitotic rhythmicity in *Allium* **meristems** [Onions]. 098932
Gibberellic acid as a gametocide for the common **onion** *(Allium* cepa L.). II. The effect of GA 4/7. 099186
Formation of generative cells in pollen grains of Allium cepa L. and *Allium* **porrum** L. [Onions, leeks]. 100387
Peculiarities of the microsporogenesis and development of pollen grains in *Allium* **porrum** L. [Leeks]. 100602
Effects of trifluralin [herbicide] on root meristems of *Allium* **sativum** L. [Garlic]. 102099
Giant garlic *[Allium* **scorodoprasum**]—a plant of ancient cultivation. 101081
Synthesis and flavor evaluation of several alkylfuranones found in *Allium* **species** (onions, shallots, and leeks). 095920
Biology of seed germination of wild onion *[Allium]* **species.** 099568

ALLOMETRY

Allometry in **poultry,** regression of body weight on body condormation traits in some broiler crosses. 096479

ALLOSTERIC

Regulation of potassium absorption in barley roots. An *allosteric* **model.** 100280

ALLOTYPE

An IgG1 [immunoglobulin G] *allotype* in **cattle.** 096856
Cattle *allotypes:* a review and suggested nomenclature. 096858

ALMONDS

Efficacy of some insecticides against the weevil of *almond* **[Anthonomus** amygdali, Prunus amygdalus]. 102431
Comparative hardiness of flower buds and blossoms of some *almond* **genotypes** in relation to time of bloom and leafing. 100471
Factors influencing ascocarp formation in Polystigma ochraceum [cause of *almond* **leaf** blight]. 101648
Study on the properties of two strains of the necrotic ringspot virus (NRV) isolated from *almond* **trees** (Prunus amygdalus Stokes) grown in Bulgaria. 101753

ALNUS

The **fossil** *Alnus* pollen [in central Russian plain]. 098734
A microscopical study of the development of a spore-like stage in the life cycle of the root-nodule endophyte of *Alnus* **glutinosa** (L.) Gaertn. 100662

ALOE

Cyto-embryological studies in a garden Aloe (a hybrid between *Aloe* **abyssinica** Lam. and Aloe ferox Mill.?). II. Karyotype and mitotic anomalies [Chromosomes]. 098953

ALPINE

The **Meyrin** *alpine* garden. 098476
Agaricales of the *alpine* **zone.** Lepisteae [Fungi]. 098581

ALSOPHILA

Fog as a vehicle for dispersal of a microbial insecticide [the entomogenous bacterium Bacillus thuringiensis] in shelterbelts [to control Paleacrita vernata and *Alsophila* **pometaria** in Ulmus pumila]. 102499

ALSTONIA

Alkaloids of *alstonia* **scholaris** from Thailand. 099930

ALTERNARIA

Effect of substrate on metabolic production by *Alternaria* **alternata** [Sorghum]. 101327
A new leaf spot disease of Plumeria acutifolia caused by *Alternaria* **alternata.** 101398
A new flower spot and blight *[Alternaria* **alternata**] of Chrysanthemum. 101492
Centipedegrass [Eremochloa ophiuroides] seed treatments andlight-temperature effects on germination [Curvularia, Phoma, *Alternaria,* **Fusarium].** 101549
A newly **recorded** *Alternaria* [citri] induced brown spot disease on Dancy tangerines in Florida. 101545
Occurrence and causes of seed discoloration in commercial seed lots of white mustard (Sinapis alba) *[Alternaria* **tenuis].** 101309
Adenosine and related nucleotides as sporulation-inducing factors in *Alternaria* **tomato** [Pathogenic fungi]. 099465

ALUM

Alum **sludge** drying with basic extractive treatment. 104526

ALUMINUM

Differential photometric method of **determining** *aluminum* in rock phosphates, fertilizers and extractive phosphoric acid. 104063
Certain characteristics of the migration of Al and Fe *[aluminum,* **iron]** in soddy-podzolic soils in deciduous-spruce forests. 103803
Screening of rice cultivars for tolerance to Al *[aluminum]toxicity* in **nutrient** solutions as compared with a field screening method. 101837
Localization of *aluminium* in **tea** leaves. 099921
Plant resistance to *aluminum* **[toxicity]** in relation to cation characteristics of the root systems. 100039

AMANITA

Amanita toxins bound to biopolymers *[Amanita* **phalloides,** Fungi]. 099886

AMANITINS

In vitro transcription by isolated nuclei of Rhynchosciara americana salivary glands. Characteristics of incorporation and **inhibition** by *alpha-amanitin.* 102890

AMARANTHACEAE

Chemical examination of Amaranthus spinosus **Linn** *[Amaranthaceae].* 099682
Infraspecific polyploidy and gynodioecism in Ptilotus **obovatus** *(Amaranthaceae).* 099073

AMARANTHUS

Sensitivity of pigweed plants *[Amaranthus]* to **Crotilin** [chlorocrotyl ester of 2,4-dichlorophenoxyacetic acid]. 102144
Chemical examination of *Amaranthus* **spinosus** Linn [Amaranthaceae]. 099682
Analytical study of growth and reproduction in *Amaranthus* **spinosus** L. subjected to stress from reduced light intensities. 102123

AMARYLLIDACEAE

Cytological observations on some West Himalayan monocots. IV. Several families *[Amaryllidaceae,* **Iridaceae,** Hypoxidaceae, Dioscoreaceae, Juncaceae, Commelinaceae, Eriocaulaceae and Zingiberaceae]. 098958

AMBERLITE

Separation of chymopapain from papaya latex (Carica **papaya)on** *Amberlite* IR-120 (Hg^{2+}) [mercury ion]. 100489

AMIDES

Nematicidal activity of secondary and tertiary **alkyl** *amides* and amines [Panagrellus redivirus, plant pathogenic nematodes]. 101893
Preliminary study on the use of *amide* **content** in wheat as an indication of manuring. 103920
Transport of *amides* of **dicarboxylic** amino acids from the roots to the leaves and renewal of proteins in different organs of corn seedlings. 100319
Changes in amino acids and *amides* **induced** by papaya mosaic virus in papaya plants. 101746
Toxicology of vindesine (Desacetyl **vinblastine** *amide)* in mice, rats, and dogs. 097831

AMINES

Sucking inhibitory action of **aromatic** *amines* for the rice plant- and leafhoppers (Homoptera: Delphacidae, Deltocephalidae). 102284
Nematicidal activity of secondary and tertiary alkyl amides and *amines* **[Panagrellus** redivirus, plant pathogenic nematodes]. 101893
Effect of products of *sugar-amine* **reaction** on the quality of the color material used in the production of cognac. 095956
Carbonyl-amine **reactions** in protein chemistry. 095392

AMINO

The effect of *amino* **acid** or nonfat dry milk supplementation on nutritive value of cornflakes and oatmeal [Rats]. 095139
Special diets for infants inborn errors of *amino* **acid** metabolism. 095194
Metabolic effect of a carbohydrate mixture during *amino* **acid** infusions [Nutrition study]. 095229
Amino **acid** nutrition of some commercial cheese whey starters in relation to their growth in peptone-supplemented whey media. 095577
Effect of an addition of reducing and oxidizing agents on the *amino* **acid** composition of Egyptian barley wort. 095762
Pearlmillet. I. Characterization by SEM [scanning electron microscopy], *amino* **acid** analysis, lipid composition, and prolamine solubility. 095788
Protein content and *amino* **acid** composition of barleys from the world collection. 095789
Amino **acid** composition of [grape] must in different fermentation temperatures. 095970
Amino **acid** digestibility studies of autoclaved rapeseed meals using an in vitro enzymatic procedure. 096016
Comparison of the *amino* **acid** sequence of pig heart myoglobin with other ungulate myoglobins. 096234
Amino **acid** metabolism in the piglet: influence of level of protein and of methionine in the diet on tissue uptake and in vivo oxidation. 096267
Primary structure of bovine plasma high-molecular-weight kininogen. The *amino* **acid** sequence of a glycopeptide portion (fragment 1) following the C-terminus of the bradykinin moiety. 096420
Amino **acid** and fatty acid composition of microorganisms passing into the abomasum of sheep. 096477
Amino **acid** supplementation of low protein turkey starting rations. 096748
Amino **acid** supplementation of turkey breeder rations. 096749
The *amino* **acid** composition of some common marine algae from Iceland [Rhodophyceae, Phaeophyceae, Chlorophyceae]. 099579
Amino **acid** composition of wild legumes [Cassia tora, Cesalpinia bounducella]. 099681
Variation in germination and *amino* **acid** leakage of seeds with temperature related to membrane phase change. 099949
Amino **acid** patterns of kidney beans grown under different S[sulfur] and K [potassium] regimes. 100345
The influence of growing temperature on the *amino* **acid** and nucleic acid concentrations of potato tubers. 100483

Formation of free-radical products by the reaction of dehydroascorbic acid with *amino* **acids.** 095456
Amino **acids,** peptides, and proteins [in foods]. 095496
Relations between structure and bitter taste of *amino* **acids** and peptides. II. Peptides and their derivatives. 095542
Steric arrangement of sweet and bitter taste of *amino* **acids** and peptides. 095544
Effect of barley variety, environment and malting technology on the *amino* **acids** of malt. II. 095775
Degradation of sucrose during heating and influence of *amino* **acids** on the pyrolytic process [Cognac]. 095873
Transformation of sugars and *amino* **acids** during the chemical preservation of meadow plants [Silage]. 096024
Utilization of *amino* **acids** in the ruminant. 1. The protection of amino acids with maleic anhydride to prevent deamination in the rumen [Nutritional physiology]. 096173
Response of lactating dairy cows to abomasal infusion of *amino* **acids.** 096445
The requirements of epiphytic bacteria Pseudobacterium lacticum 392 [isolated from alfalfa leaves] in *amino* **acids** and vitamins of the B group. 099744
Level of *amino* **acids** and post-infectional formation of antifungal substances in relation to susceptibility of rice plants against Helminthosporium oryzae at different. 101668
Changes in *amino* **acids** and amides induced by papaya mosaic virus in papaya plants. 101746
Role of *amino* **acids** in plant tissue response to Heterodera rostochiensis. II. Effect of proline and hydroxyproline [Potatoes, nematodes]. 101980
Removal of *amino-terminal* and **carboxy-terminal** extension peptides from procollagen during synthesis of chick embryo tendon collagen. 096225
Contribution to determination of invert sugar in technical sugar juices. 1. New photometric method with *4-amino-3-hydrazino-5-mercapto-1,2,4-triazol* as **colour** reagent. 095847
Complete *amino* acid sequence of the heme-binding core in bakers' yeast [Saccharomyces cerevisiae] cytochrome b2 (L-(+)-lactate dehydrogenase. 099553
The **complete** *amino* acid sequences of both subunits of the sweet protein monellin [Dioscoreophyllum cuminsii]. 099743
Effect of time of nitrogen application on *amino-nitrogen* **composition** of roots and xylem sap of apple. 100528
Protein- and *amino-acid* **concentration** by newborn rats under defective nutrition. 095231
Transport of amides of **dicarboxylic** *amino* acids from the roots to the leaves and renewal of proteins in different organs of corn seedlings. 100319
The concept of **essential** *amino* acids in human nutrition - a need for reassessment. 095100
Levels of protein and **essential** *amino* acids in Rhizoctonia solani Kuhn grown on wood pulp. 099955
NH2 *[amino]-terminal* **extensions** on skin collagen from sheepwith a genetic defect in conversion of procollagen into collagen. 096229
Proximate analysis, **free** *amino* acid, vitamin and mineral content of microwave cooked meat. 095143
Changes of **free** *amino* acids in milk by heat treatment, deepfreezing, and refrigeration. 095560
Free *amino* acids in hen's egg and their change during storage. 095731
Changes in **free** *amino* acids, carbohydrates, and proteins of maturing seeds from various peanut (Arachis hypogaea L.) cultivars. 095783
Changes in the **free** *amino* acids of citrus leaves in relation to citrus greening [of musambi] and citrus canker [on kinnow]. 101886
Changes in the **free** *amino* acid pattern of haemolymph of the common Indian scorpion Palamnaeus bengalensis during moulting. 102925
L-lysine an **important** *amino* acid in protein nutrition of poultry. 096744
Composition of free **intracelular** *amino* acids in Cunninghamella elegans [Fungi] during its growth on media with hydrocarbons. 099859
An approach to synthesis of sericin **model** *poly-alpha-amino* acid [Raw silk]. 095529
Mutations in Neurospora crassa [Fungi] which affect **multiple** *amino* acid transport systems. 099546
Sodium- and potassium-activated adenosine triphosphatase of the nasal salt gland of the duck (Anas platyrhynchos). Purification, characterization, and **NH2-terminal** *amino* acid sequence of the phosphorylating polypeptide. 096428
Identification and partial characterisation of the **non-collagenous** *amino-* and carboxyl-terminal extension peptides of cartilage procollagen [Chick embryos]. 096224
Non-protein *amino-acids,* cyanogenic glycosides, and glucosinolates [Constituents of higher plants]. 099562
Identification of **N-terminal** *amino* acids of protochlorophyllide-holochrome subunits of etiolated barley seedlings. 100171
Cell-free synthesis of rat preproinsulins: characterization and **partial** *amino* acid sequence determination [Wheat germ extract]. 096522
Plasma *amino* acids of the red-backed vole, Clethrionomys rufocanus bedfordiae (Thomas) [Forest pests]. 097888
Rheological **properties** *amino* acid composition and bread quality of hard red winter wheat, rye and triticale. 095770
Alterations of **protein** *amino* acid composition of pine wood (Pinus sylvestris L.) during formation process. 100631
Reaction partners in the *carbonyl-amino* **reaction** in technical sugar juices. 095851
Amino-acid **sequence** of tropomyosin-binding component of rabbit skeletal muscle troponin. 096521
Deoxyribonucleic acid, ribonucleic acid, protein and **uncombined** *amino* acid content of legume seeds during embryogeny. 100090
Identification of **uncommon** *amino* acids in the lentil seed (Lens culinaris Med.). 100412

AMINOACYL

Aminoacylation of **Phaseolus** vulgaris [kidney beans] cytoplasmic, chloroplastic and mitochondrial tRNAsPro and tRNAsLys by homologous and heterologous enzymes. 100368
A method using *aminoacylation* of **transfer** ribonucleic acid (tRNA) from wheat embryo and isotope dilution for screening of genotypes with improved protein content and quality. 099307

AMINOBUTANE

2-aminobutane **[Fungicides,** toxicity, residue analysis]. 102654

AMINOLAEVULIC

Cyproterone-mediated stimulation of *delta-aminolevulinic* **acid** synthetase in chick embryo liver cells. 096329

AMINOPEPTIDASES

Cystine *aminopeptidase* (oxytocinase) activity in plasma and tissues of normal and infected pregnant cattle [with Aspergillus fumigatus]. 097223
Characterization of the proteolytic activity and fractionation of the dipeptidases and *aminopeptidases* from **Streptococcus** thermophilus [Casein hydrolysates]. 095593

AMINOTRANSFERASES

Change of the compound of chloroplast proteins and *aminotransferase* **activity** in plants with different fixation type of carbon dioxide depending on nitrogen supply. 100036

AMITOSIS

Apparent *amitosis* in the binucleate dinoflagellate Peridinium balticum [Algae]. 099820

AMMONIA

Comparative evaluation of operating parts of a machine for applying **anhydrous** *ammonia* on meadows. 103609
Physiological studies on the nitrogen nutrition of wheat plant. 1. The effect of different levels of nitrogen supply on the total nitrogen, **available** *ammonia* and nitrate nitrogen contents of various plant organs. 100084
Study of meat volatiles associated with aroma generated in a **D-glucose-hydrogen** *sulfide-ammonia* model system. 095690
Use of *ammonia* **electrode** for total nitrogen determination in plants. 099678
The effect of *ammonia* on **fruiting** body size and microcyst formation in the cellular slime molds [Polysphondylium pallidum, Dictyostelium discoideum]. 099695
Assimilation of *ammonia* and **growth** of biotin deficient Aspergillus nidulans [Fungi]. 099707
Fabric properties of butadienediepoxide-treated cottons as affected by **liquid** *ammonia* pretreatments. 095818
Degradation of protolignin with metallic sodium in **liquid** *ammonia* [Picea jezoensis, wood meal]. 098189
Some thermodynanic features of **liquid** *ammonia* during its application into soil. 103542
Light effects on **phenylalanine** *ammonia-lyase* substrate levels and turnover rates in maize seedlings. 100283
The estimation of **phenylalanine** *ammonia-lyase* (PAL)-activity in intact cells of higher plant tissue. I. Parameters of the assay [Buckwheat]. 100291
The estimation of **phenylalanine** *ammonia-lyase* (PAL)-activity in intact cells of higher plant tissue. II. Correlations and discrepancies between activities measured in intact cells and cell-free extracts [Buckwheat, strawberry, sunflower]. 100292
Properties of phenylalanyl-tRNA synthetase and **phenylalanine** *ammonia-lyase* of pine [Pinus elliottii] suspension cultures. 100668
Phenolic synthesis and **phenylalanine** *ammonia-lyase* activity in suspension cultures of Acer pseudoplatanus L. 100675
Studies on the effects of feeding formaldehyde-treated fishmeal on growing lambs. 3. In vivo production of *ammonia,* **total** nitrogen and volatile fatty acids. 096689
Influence of temperature and humidity on ureolysis and *ammonia* **volatilization** in a forest humus soil. 103813

AMMONIUM

Inhibition by *ammonium* **chloride** of the oxygen yield of photosynthesis [Spinach, Chlorella pyrenoidosa, Algae]. 099543
Automatic determination of **exchangeable** *ammonium* in soil extracts. 103786
Regulation of nitrogen fixation by Rhizobia [root nodule bacteria] export of fixed N2 [nitrogen] as NH4 *[Ammonium* **ions].** 099550
Nitrate, *ammonium* and **kinetin** effects on growth and enzyme activities of Paul's Scarlet Rose callus. 100534
Effect of urea phosphate and **liquid** *ammonium* polyphosphate on the yield of barley and rye in a crop rotation. 104073
Effect of *ammonium* to **nitrate** ratio on growth and anthocyanin development of perennial ryegrass [Lolium perenne] cultivars. 100063
The biology of mycorrhiza in the Ericaceae. VI. The effects of mycorrhizal infection and concentration of *ammonium* **nitrogen** on growth of cranberry (Vaccinium macrocarpon Ait.) in sand culture. 100515
N-Serve and its potential use in northern Idaho [for the conversion of *ammonium* **nitrogen** to nitrate nitrogen by inhibiting the activity of Nitrosomonas soil bacteria]. 103938
Effectiveness of *ammonium* **perchlorate** in fattening cattle [Feed supplement]. 096723
Effectiveness of *ammonium* **polyphosphate** in row application in cereal crops on soddy-podzolic soil. 100226
Effect of micronutrients on the yield production and technological value of sugarbeets *[ammonium* **sulphate].** 104115
Studies on wheat fertilization with **urea** *ammonium* phosphate. 104028

AMMOPHOS

Use of **copper-containing** *ammophos* in cotton growing. 100233

AMPHIDIPLOIDS

Cytogenetic studies in an **experimental** *amphidiploid* in Luffa. 099142

AMPUTATION

Amputation at the **hip** [Dogs]. 097092

AMYGDALUS

Study on the properties of two strains of the necrotic ringspot virus (NRV) isolated from almond trees **(Prunus** *amygdalus* Stokes) grown in Bulgaria. 101753
Efficacy of some insecticides against the weevil of almond [Anthonomus amygdali, **Prunus** *amygdalus].* 102431

AMYL

Investigation of super-moleclar structure of mercerized and regenerated cellulose by alcoholysis with *amyl* **alcohol.** 098330

AMYLASES

Production of **aciduric** *amylases* by molds [Aspergillus, Penicillium, Rhizopus]. 099491
Trehalase, invertase, and *amylase* **activities** in the black scale, Saissetia oleae, and their relation to host adaptability [Pest of olives and atrus]. 102435
Affinity chromatography of **cereal** *alpha-amylase* [from triticale]. 095759
Study of *amylases* of **germinating** bajra (Pennisetum typhoides) [pearlmillet] and barley (Hordeum vulgare) varieties. 100109
Exoenzymic activity of *alpha-amylase* **immobilized** on a phenol-formaldehyde resin. 095425
Amylase **isozymes** in the mosquito, Culex tritaeniorhynchus. 102859
Comparative properties of canine hepatic and **pancreatic** *amylase.* 096275
Concentration of alkaline **phosphatase** *amylase* and glucose in cervical mucus of fertile and infertile cows during oestrum. 096996
Two genetic systems of blood **serum** *amylase* in the Kholmogorbreed of cattle. 096912
A simple gel-diffusion assay of *alpha-amylase* in **ungerminated** wheat grains. 095823

AMYLOLYSIS

The effect of temperature and crowding on **midgut** *amylolytic* activity in Tenebrio molitor adults. 103020

ANABAENA

Comparative study of the **cyanophages** *Anabaena* variabilis [Algae] by means of electrophoresis. 100037
Comparison of the algal growth responses of Selenastrum capricornutum Printz and *Anabaena* **flos-aquae** (Lyngb.) De Brebisson in waters collected from Shagawa Lake, Minnesota. 099749
Regeneration of photosystem II and phycobilin pigments in photoorganotrophically **grown** *Anabaena* variabilis [Algae]. 099926
Conversion of acetylene reduction rates to nitrogen fixation rates in natural populations of blue-green algae [Aphanizomenon sp., *Anabaena* **sp.].** 099487
Electron-microscope examination of the intracellular development of cyanophage A-4 (L) *[Anabaena* **variabilis,** Algae]. 099051
Changes in the cellular levels of ATP [adenosine-5'-triphosphate] in *Anabaena* **variabilis** [Algae]. 099858
Intracellular ATP [adenosine triphosphates] level and light-induced inhibition of respiration in a blue-green alga, *Anabaena* **variabilis.** 099919
Decomposition of the herbicide simazine in cultures of algae [Chlorella vulgaris, Chloridella simplex, *Anabaena* **variabilis,** Phormidium foveolarium]. 102159

ANABASINE

Raw material basis for the production of *anabasine* and the **increase** of its productivity [Cultivation and biochemistry of Anabasis aphylla]. 101298

ANABASIS

Role of 1,5-14C [carbon isotope]-cadaverine in the biosynthesis of alkaloids in *Anabasis* **aphylla.** 099508

Raw material basis for the production of anabasine and the increase of its productivity [Cultivation and biochemistry of *Anabasis* **aphylla**]. 101298
A note on *Anabasis* **korovinii** Iljin. 098528

ANABOLISM
Big scope for *anabolic* **steroids** [Beef cattle]. 096222

ANACARDIACEAE
Spring budding of pistachio *[Pistacia* **vera**] in the south ofTadzhikistan. 101258

ANACARDIUM
Performance of clonally propagated cashew *[Anacardium* **occidentale**] as compared with seedling progenies. 101212

ANACYSTIS
Photosynthetic coefficient and intravitam excreta of the blue-green **alga** *Anacystis* nidulans. 099871
Effects of anaerobic conditions on the photosynthetic pathway of *Anacystis* **[nidulans]** and Chlorella [vulgaris, Algae]. 100043
Nutrient uptake by Chlorella vulgaris and *Anacystis* **nidulans** isolated from the effluent of a fertilizer factory [Algae]. 104519
Utilization of respiratory substrates by *Anacystis* **nidulansricher** [Algae]. 099690

ANAEROBES
Respiration and NADH [naphthaleneacetic acid dehydrogenase]-oxidation of the roots of flood-tolerant and flood-intolerant Senecio species as **affected** by *anaerobiosis.* 099897
New methods for the isolation and identification of *anaerobic* **bacteria** [Agents of animal diseases]. 097539
Effects of *anaerobic* **conditions** on the photosynthetic pathway of Anacystis [nidulans] and Chlorella [vulgaris, Algae]. 100043
Investigation of rum distillery slops treatment by *anaerobic* **contact** process. 104613
Electrochemical reduction and *anaerobic* **degradation** of lindane [Organochlorine insecticides]. 102707
Dissimilatory nitrate and nitrite reduction under aerobic conditions by an aerobically and *anaerobically* **grown** Alcaligenes sp. and by activated sludge. 104529
Anaerobic **processes** [Waste treatment]. 104542

ANAL
Volatile constituents of dog (Canis familiaris) and coyote (Canis latrans) *anal* **sacs.** 096434
The function of the *anal* **vesicle** in respiration and excretion in the braconid wasp, Microplitis croceipes. 103021

ANALOGS
Analogue **biosynthesis** in Trichoderma viride [Fungi]: the formation of 3a-deoxygliotoxin. 099653
Plant growth-regulating activities of batatasin III [isolated from dormant yam **bulbils**] *analogues.* 099923
X-ray crystal structures of two pyrethroid insecticides: cis-3-phenoxybenzyl 3-(2,2-dibromovinyl)-2,2-dimethylcyclopropanecarboxylate and the **3-(2,2-dichlorovinyl)** *analogue.* 102717
Readily soluble proteins and peroxidase of the heterotic hybrids, sterile and **fertile** *analogs* of onions. 099101
Increase in ovulation rate in sheep following administration of an LHRH [luteinizing hormone-releasing **hormone**] *analogue.* 096881
Activity of insect growth regulators (juvenile **hormone** *analogues)* against the cotton bollworm, Heliothis armigera Hbn. (Lepidoptera; Noctuidae) [Integrated control programmes]. 102375
Sensitivity to insect growth regulators (juvenile **hormone** *analogues)* in insecticide-resistant and susceptible stains of [Egyptian cotton leafworm] Spodoptera littoralis (Boisd.). 102376
Digestive utilisation of sulfur-labelled methionine, Methionine **hydroxy** *analog* and sodium sulfate in goat rumen. 096279
Effect of altozar, a **juvenile-hormone** *analogue,* on Coccinella septempunctata Linnaeus [Predator of Lipaphis erysimi, biological control]. 102390
Hydrolysed vegetable proteins—their flavour characteristics and applications in meat and **meat** *analogs.* 095576
A comparison of the bronchodilator activity of (plus/minus) 11-deoxy prostaglandin E1 with its **15-methyl** *analogue,* (doxaprost [Guinea pigs, cats]. 096525
Locustol [the locust gregarization **pheromone**] and its *analogues.* 103009
Selection and characterization of cultured carrot and tobacco cells resistant to lysine, methionine, and **proline** *analogs.* 099134
The synchronization of oestrus and subsequent fertility in ewes following treatment with a synthetic **prostaglandin** *analogue* (ONO 453). 097019
The induced biosynthesis of 7-dehydrocholesterols in yeast [Saccharomyces cerevisiae]: potential sources of new **provitamin** D3 *analogs.* 099622
Studies on the metabolism, mode of action and pharmacology of vitamin D and **related** *analogs.* 095088
Breeding-genetic and physiological-biochemical study of sorghum **sterile** *analogs.* 099387
Isofermentative composition of ovules of fertile maize plants and their **sterile** *analogs.* 100172
An *analog* **water** discharge meter for use in runoff-plot experiments. 104249

ANALYZERS
Automatic analysers in food control. II. Determination of milk components with **automatic** *analyzer.* 094831
Clinical laboratory data: what; when; why. II. **Multi-channel** *analyzer* [Veterinary medicine]. 097101

ANAPHYLAXIS
Reduced symptoms of *anaphylaxis* in **chickens** by ACTH [adrenocorticotropic hormone] or heat. 097748

ANAPLASMA
Culture of *Anaplasma* **marginale** in [bovine] lymph node cells. 097559
Tick-borne livestock diseases and their vectors. 3. Australian methods of vaccination against anaplasmosis *[Anaplasma* **marginale**] and babesiosis [Babesia argentina, Babesia bigemina, Anaplasma marginale, cattle]. 102618
Effects of temperature and time on the infectivity of cryogenically preserved samples of *Anaplasma* **mariginal-infected** erythrocytes [Calves]. 097224

ANAPLASMOSIS
Tick-borne livestock diseases and their vectors. 3. Australian methods of vaccination against *anaplasmosis* **[Anaplasma** marginale] and babesiosis [Babesia argentina, Babesia bigemina, Anaplasma marginale, cattle]. 102618

ANASTOMOSES
Comparison of three techniques for **intestinal** *anastomosis* in Equidae [Horses]. 097165

ANASTREPHA
Acoustical properties of the flight activities of the Caribbean fruit fly *[Anastrepha* **suspensa**]. 102978

ANATOMY
Anatomical **aspect** of 2,4,5-trichorophenoxyacetic acid] and dalapon [herbicides] toxic action on Norway spruce (Picea abies seedlings. 102095
Morphological and *anatomical* **aspects** of roughness in GoldenDelicious apples. 098975
Anatomical **characteristics** of the epidermis in some cultivars of Brassica oleracea L. Distribution and structure of stomata in the cotyledons [Brussels sprouts, kohlrabi, kale]. 098889
A study of few *anatomical* **characters** in relation to the lodging behaviour of some wheat varieties. 101915
Evaluation of the usefulness of some physical, chemical and *anatomic* **characters** of honeybee workers [Apis mellifera]. 103267
Hepatic **circulatory** *anatomy* and its role in liver disease. 097694
Comparative *anatomy* of the Korean native goat. V. Arterial supply to the abdominal viscera. 1. 096552
C4 grasses: an *anatomical* **criterion** for distinguishing between NADP [carbon]-malic enzyme species and PCK or NAD [nicotinamide adenine denucleotide phosphate]-malic enzyme species. 098887
Anatomo-morphological and **cytological** features of some species of the genus Russula Pers. ex S. F. Gray [Fungi]. 098532
Effect of chlorocholine chloride and nitrogen on some morphological, *anatomical* and **cytological** characteristics of Giza155 wheat [Variety]. 098882
The morphological, *anatomical* and **cytological** effects of gibberellins [Plant growth and development, promotion of stem elongation]. 099785
Anatomy and **development** of the somatic musculature of the nematode Ascaris [Swine, horses]. 097407
Anatomy and **essential** oil of the leaves of the Xylopia frutescens Aublet. 098893
Anatomy and **essential** oil of the leaves of Piper regnellii (Miq.) C.dC. var. regnellii. 098894
Exoskeletal *anatomy* of the Madagascar hissing cockroach Gromphadorhina portentosa. 102795
Fine *anatomy* of Cercosporella herpotrichoides Fron in leaf sheathes of wheat. Observations on the penetration points of host cell walls. 101363
The **functional** *anatomy* of the bronchial circulation of the domestic fowl. 096416
Anatomy, **histology,** and post-larval development of the reproductive systems of the sugarbeet root maggot [Tetanops myopaeformis, pest control]. 102278
Gross **internal** *anatomy* of the Madagascar hissing cockroach Gromphadorhina portentosa. 102797
Shoot morphology of a one-year oak tree [Quercus] and **leaf** *anatomy* of Betula pendula Roth. in regions of Karaganda and Leningrad. 099054
Anatomo-biological **method** in breeding for developing models of soft winter wheat varieties of highly intensive type. 099244
Effect of physical and chemical mutagens on the *anatomical* and **morphological** structure of sugarbeets. 099419
Brazilian **paleoxylic** *anatomy.* I. Protopinaceae of Botucatu Formation, Minas Gerais, Brazil [New taxa]. 098492
Brazilian **paleoxylic** *anatomy.* II. New genus [Protopodocarpitys rosleri] of fossil wood of Irati Formation, Sao Paulo State. 098493
Experiments on root formation. The effects of IAA [indoleacetic acid] and kinetin on the *anatomy* of the **petiole** of Phaseolus vulgaris [Kidney beans]. 100557
Anatomical **responses** of root tips to boron deficiency. III. Effect of boron deficiency on sub-cellular structure of [tomato] root tips, particularly on morphology of cell wall and its related organelles. 102031
The *microanatomy* of **Sphaleromantis** marina sp. Nov. (Chrysophyceae) [Algae]. 098901
Effect of sowing density and levels of inorganic fertilizers on the *anatomical* **structure** of spring wheat stem. 099038
Study of the *anatomical* **structure** of stem of fiber flax from the world collection of the All-Union Institute of Plant industry. 099047
Influence of morphactin IT 3456 on the growth and *anatomic* **structure** of Vicia faba L. (Faba vulgaris Mnch.), variety 'Hangdown [Broadbeans]. 100055
Patho-anatomical **studies** of meningo-leuco-encephalitis in maedi [pulmonary adenomatosis] of sheep and goats. 097725
Quantitative-anatomical **studies** of some species of plums [Prunus]. 098891
Anatomical **studies** on the bulbils of coconut. 098939
A *morphological-anatomic* **study** of Actaea spicata L. And Actaea erythrocarpa Fisch, during ontogenesis. 099014
Anatomic and **topographic** patterns of development of the cutaneous covering of sheep during intrauterine life. 096573
Anatomy of **toughness** in plant tissues. 098995
Correlation between *anatomic* **traits** of wood and phloem in the Pinaceae. 099015

ANDOSOL
Organic matter study of *Andosols* of the **Massif** Central in France and of Tenerife. 103680
Physicochemical and micromorphological characteristics of a complex soil profile of intergrades of *Andosol* and **Oligotrophic** Brown Earth. 103682
Q/I [quantity-intensity] potassium relationships in *Andosols* of **Tenerife** Island. I. 103685

ANDROGEN
Studies on the accessory reproductive organs in the drake. 4. Effects of *androgen* on the **ejaculatory** groove region of the drake. 097010
Induced *androgenesis* in vitro—a new method for obtaining haploid plants. 099404
Androgen **induction** of intersexuality in sheep. 097045

ANDROPOGON
Factors affecting the flowering of *Andropogon* **gayanus** Kunth. Responses to photoperiod, temperature and growth regulators. 100093
Why little bluestem *[Andropogon* **scoparius**] is a key plant in the composition of Nebraska's rangelands. 100793

ANEMIA
Studies on the anemia in experimental African trypanosomiasis. II. The pathogenesis of the *anemia* in **calves** infected with Trypanosoma congolense. 097219
Contribution to the immunological study of equine **infectious** *anemia.* 097277
Equine **infectious** *anemia* (EIA) [Virus diseases]. 097319
Protocol for the immunodiffusion (Coggins) test for equine **infectious** *anemia.* 097543
Florida's program against equine **infectious** *anemia.* 097562
Estimation of S-methylcysteine sulphoxide **(kale** *anaemia* factor) and its distribution among Brassica forage and root crops. 096017

ANEMONES
Contribution to the cytotaxonomic study of Mediterranean species of *Anemone* and their **hybrids.** 099138

ANESTHESIA
Physiological activity of water beetle [Dytiscidae, Gyrinidae, Coleoptera] defensive agents. I. Toxocity and *anesthetic* **activity** of steroids and norsesquiterpenes administered in solution to the minnow Pimephales promelas Raf. 102965
Studies on silkworm [Bombyx mori] selection by use of anesthetic. 1. The effect of silkworm **analysis** through *anesthesia.* 103283
Integrated monitoring of *anesthetized* **and/or** critically ill patients [Animals]. 097109
Combined **"Dominal-Jetrium-Fluothane"** *anesthesia* in different surgeries on 500 dogs of various breeds. 097186
Studies on silkworm [Bombyx mori] selection by use of *anesthetic.* 1. The **effect** of silkworm analysis through anesthesia. 103283
Studies on [Bombyx mori] selection by use of *anesthetic.* 2. The **effect** for next generation through anesthesia. 103284
Pale watery pig meat [pale soft exudative muscle]. Animals likely to produce this can be detected by their reaction to the *anaesthetic* **halothane.** 097759
Anesthetic **hazards.** II. Pharmacologic effects [Animals]. 097093
Anesthetic **hazards.** III. Some effects of disease [Animals]. 097094
Anesthetic **hazards.** I. Environmental pollution [Animals]. 104443
Apparatus for general **insect** *anesthesia.* 103122

Allergic bronchoconstriction and its drug-induced reversal in *anesthetized,* **ovalbumin-sensitized** cats. 096537
Trouble—shooting the *anesthetized* **patient** [Animals]. 097131
Studies on the electroencephalogram in ruminants. VI. Electroencephalographic studies on the *anesthesia* with **pentobarbital** and ketamine hydrochloride in goats. 097176
Physiological activity of water beetle [Dytiscidae, Gyrinidae] defensive agents. II. Absorption of **selected** *anesthetic* steroids and norsesquiterpenes across gill membranes of the minnow Pimephales promelas Raf. 102966
Biotransformation, sex hormones, and toxicity of two **volatile** *anesthetics* in mice. 097820
Gastric acid secretory responses of acute gastric fistula preparation in *anesthetized* **young** chickens. 096347

ANESTRUS
Effect of prostaglandin F2alpha on *anestrous* **cows** with persistent corpus luteum. 096973
Concentration of manganese in the tissues of cycling and *anestrous* **ewes.** 096889

ANETHUM
Ascertainment of the seeding date of **dill** *(Anethum* graveolens L.) grown for essential oil. 101297

ANEUPLOIDS
Aneuploid **composition** of some varieties of tetraploid winter rye. 099286
Aneuploids from a **desynaptic** mutant in soybeans (Glycine max (L.) Merr.). 099155
Studies on the occurrence, cytology, fertility and breeding behaviour of *aneuploids* in **induced** autotetraploid Job's tears [Coix lacryma-jobi]. 099163

ANGIOCARDIOGRAPHY
Nonselective *angiocardiography* in the differential diagnosis of hypertrophic and congestive cardiomyopathy in the feline. 097724

ANGIOSPERMAE
Ontogenesis of *angiospermous* **embryo** sacs strengthens the taxonomical interpretation of their phylogenic origin. 098588
The role of cell division in *angiosperm* **embryology.** 098989
Bacterial leaf nodule symbiosis in *angiosperms* with **emphasis** on Rubiaceae and Myrsinaceae. 099580
Investigations of *angiosperms* from the **Eocene** of North America: juglandaceous winged fruits. 098490
Differential resource utilization by the sexes of dioecious plants **[Gymnosperms** and *angiosperms].* 098714
Pollen wall and stigma surface in the **marine** *angiosperms* Thalassia and Thalassodendron. 099013

ANGIOTENSIN
Characterization of *angiotensin* **receptors** in rabbit isolated atria. 096295

ANGORA
Mohair [produced by the *Angora* **goat].** 095720

ANHYDRASE
Carbonic *anhydrase* activity in the roots of some calcifuge plants. 099604

ANHYDRIDES
Utilization of amino acids in the ruminant. 1. The protection of amino acids with **maleic** *anhydride* to prevent deamination in the rumen [Nutritional physiology]. 096173
Protect **[1,8-naphthalic** *anhydride,* to protect the corn plant from herbicidal injury, residue analysis]. 101839

ANHYDROUS
Comparative evaluation of operating parts of a machine for **applying** *anhydrous* ammonia on meadows. 103609

ANILINES
Controlling photolability of *N-(alpha-trichloromethylbenzyl)aniline* **insecticides.** 102702

ANIMALS
Better nutrition and improved management **accelerate** *animal* production. 096608
Proposal for a new term 'echeme' to replace 'chirp' in *animal* **acoustics** [Insect song, Chorthippus]. 103078
Herpesvirus-induced **autoantibodies** in *animals.* 097240
Estimation of maintenance requirements of *animals* from **balance** data [Nutrition, goats]. 096686
Research with soy meal [as a feed for fur **bearing** *animals].* 096001
Blood groups, typing and cross-matching of *animal* **blood.** 096274
Centenary of the Italian immigration to Rio Grande do Sul (Brazil) and problems of the **Brazilian** *animal* husbandry. 096080
Field trial of boars from the ABRO *[Animal* **Breeding** Research Organization] Sire Line. 097024
New facets of *animal* **breeding** research in the United States. 097073
ABRO *[Animal* **Breeding** Research Organization] farms—Rhydyglafes. The potential for improvement of hill land [Pasture management, sheep stocking]. 100956
Animal **care,** plant care, and food care—for consumer protection [U.s. Animal and Plant Health Inspection Service]. 094811
Steroid hormone action in *animal* **cells** [Chicks]. 096407
Mitotic cell studies based on in vivo observations. VIII. The evolution of mitotic spindles in eukaryota: a negation of the breakdown of the nuclear membrane [in higher plant and *animal* **cells].** 098967
Contamination of the habitat and *animals* with **chlororganic** insecticides, chlorodiphenyls and mercury. 102661
Potential occupational health hazards of livestock producers working in *animal* **confinement** units. 094006
Studies on leptospirosis in *animals* in **Croatia.** XIII. Incidence of carriers of Leptospira in experimentally infected pigs. 097649
Utilization of seagrass [Thalassia testudinum] in the deep sea [by **deep-sea** *animals].* 098771
A new method of zootechnical and economical evaluation of feeding rations distributed to *animals* **destined** for meat production. 096780
Report of cost estimate survey of clinical pathology and *[animal]* **diagnostic** laboratories. 097137
Anesthetic hazards. III. Some effects of **disease** *[Animals].* 097094
The horse as a model for national individual identification of *animals* [for **disease** control]. 097197
Regulatory needs for international control of *animal* **diseases.** 097155
New methods for the isolation and identification of anaerobic bacteria [Agents of *animal* **diseases].** 097539
Serologic testing with enzyme-labeled antibodies (ELA) [to several *animal* **diseases].** 097547
Viral radioimmunoassay: methodology and applications *[Animal* **diseases].** 097555
Union of Swiss Societies of Experimental biology, abstracts of the 8th annual meeting Fribourg, 9./10. April 1976 [included **domestic** *animals* and insects]. 096084
On the randomness and biogeocenosis in the evolutionary process **[Domestic** *animals,* genetics]. 096142
Common salt [sodium chloride] requirements of **domestic** *animals* [Nutrition]. 096823
Prospects opened by selection of **domestic** *animals* by recent progress of our knowledge of biology. 096838
Sex ratio of offspring in **domestic** *animals:* race horses in Japan. 096976
Epizootiology and epidemiology of salmonellosis in Italy **[Domestic** *animals,* fodder, food products]. 097362
The control system in salmonellosis infection of **domestic** *animals* in Czechoslovakia. 097371
Mycotoxicoses of **domestic** *animals* and their diagnosis. 097846
Domesticated *animals* of ancient Egypt. 096102
Neoplasms of the nasal passages and paranasal sinuses in **domesticated** *animals* as reported by 13 veterinary colleges. 097684
Proper *[animal]* **drug** usage and the public health. 094904
Use of *animal* **dung** in feeding livestock; present state of the problem. 096787
Determination of ronidazole in swine tissues by differential pulse polarography [Drug residues in **edible** *animal* tissues]. 094867
Anesthetic hazards. II. Pharmacologic **effects** *[Animals].* 097093
The United States Department of Agriculture **Emergency** *Animal* Disease Preparedness Program. 097156
Animal **experimentation** in foreseeing the teratogenic risk of drugs. 097201
Electrohydraulic processing of chlorella for increasing its digestability [Protein-vitamin supplement for **farm** *animals* and poultry]. 096035
System Licom-one of the industrial methods of disposing of the dung of **farm** *animals.* 096099
Study on the hereditary variation in native aboriginal breeds of **farm** *animals.* I. Mutability in the activity of some plasma enzymes and hematologic indexes in Bulgarian Grey cattle of southeast Bulgaria. 097086
Farm *animal* practice in the United States. 097167
Aflatoxin problem in corn [used for human food and *animal* **feed]** and possible solutions [Aspergillus flavus, toxicity]. 094902
Whey—waste becomes a winner *[Animal* **feed].** 096036
Production of single-cell protein for *animal* **feed** from lignocellulose wastes. 096065
Economic impact analysis of effluent guidelines: *animal* **feed,** breakfast cereal and wheat starch segments of the grain mills industry [Water pollution]. 104610
Production of single cell protein from agricultural and food processing wastes [to produce microbial protein suitable for *animal* **feeds].** 096020
Mycotoxins in *animal* **feeds.** 096050
Antibacterial drugs in **food** *animals:* their environmental impact. 094903
New viewpoint on the effect of sonic booms on farm raised **fur** *animals.* 097834
A re-examination of published data on the fluoride content of pastures [Hazards to **grazing** *animals].* 100768
Postnatal muscle **growth** *[Animals].* 095715
Evaluation of *animal* **hazards** to spot-seeded black cherry [Prunus serotina] in central Tennessee. 102052
On the distribution of the Salmonellae in the Varna district [Public health, *animal* **health,** food contamination]. 094854
Filth and [its relationship to] *animal* **health.** 097181
Animal **health** and management problems in large-scale cattle units. 097211
Anthelmintic activity of albendazole against liver flukes, tapeworms, lung and gastrointestinal roundworms *[Animal* **health** products]. 097333
Species dependent regulation of hepatic gluconeogenesis in **higher** *animals.* 096405
Host *animal* efficacy and laboratory potency tests for non specific bacterins, mixed bacterins, and bacterial antiserums. 097564
Host *animal* efficacy studies using a multivalent Leptospirabacterin [Cattle, swine]. 097565
Changes in quality of cassava roots during storage [for *animal* and **human** consumption]. 096015
Organization and management of *animal* **husbandry** within a cooperating region. 094318
Objectives of *animal* **husbandry** in the period of the 5th Five Year Plan [Hungary]. 094668
Some trends in the economic status of *animal* **husbandry** in the USSR and foreign countries [Productive capacity, programs, forecast]. 094757
Etiology and epizootology of salmonellosis in Bulgaria within the 1966-1970 period [Hygiene in *animal* **husbandry** and the food industry]. 094851
Brief review of the results of investigations of the problem "Microelements in plant and *animal* **husbandry"** in 1974. Physiology and biochemistry of microelements in plants. 099862
Brief review of the results of investigations of the problem "Microelements in plant and *animal* **husbandry"** in 1973. Physiology and biochemistry of microelements; participation of microelements in the metabolism of plants. 099863
Electric fans and devices for their automation for *animal* **husbandry** prenuises in foreign countries. 103382
Some problems of water management in the German Democratic Republic [including water requirements for *animal* **husbandry].** 104432
The relationship between the *animal* **hygienics** and technical development of large-scale animal husbandry. 096072
[Polish] studies on the genetic information in microorganisms, plants, and *animals* for the **improvement** of their useful characteristics. 099355
Use of semi-liquid manure from **industrial** *animal* production units. 104521
Wirral's Pest Free Zones—all-inclusive concept of control *[Animal* and **insect** pests]. 102752
Glyceraldehyde-3-phosphate dehydrogenase [in plants, **insects** and *animals].* 099705
Studies on the innervation of the endometrium **[Laboratory** *animals,* minks, swine]. 096308
Mammalian toxicity of helenalin, the toxic principle of Helenium microcephalum DC (smallhead sneezeweed) [Sheep, **laboratory** *animals].* 097779
The relationship between the animal hygienics and technical development of **large-scale** *animal* husbandry. 096072
Myiasis in man and other *animals* [by the **larvae** of dipterousinsects] in Trinidad and Tobago (1972-73). 102615
Pale watery pig meat [pale soft exudative muscle]. *Animals* **likely** to produce this can be detected by their reaction to the anaesthetic halothane. 097759
A note on the determination of cobalt in *animal* **liver.** 096471
Producing lamb meat [Care and **maintenance** of *animals].* 096139
Salmonellosis, an environmental problem affecting *animals* and **man.** 094905
Stool or intestinal flora—contribution to the microbiology of the intestinal organs *[Animals,* **man].** 096484
Solar radiation and heat balance in *animals* and **man.** 096562
Enteric resorption of macromolecular proteins by *animals* and **man.** 096827
Infectious diseases common to *animal* and **man** of occupational significance to agricultural workers. 097338
Animal **manure** for clover and pure grass. 104146
Can research make more and better use of *animal* **[meat]** products? 095707
A new look on the role of the diffuse stage in problems of plant and *animal* **meiosis.** 099238
Milch *animals* and diseases of uterus [Cattle]. 097721
Pathogenesis of atherosclerosis; some advances from using *animal* **models** [Solid diets]. 095056
The importance of genetics in **modern** *animal* breeding with special regard to management systems. 096863
Animals as **monitors** of environmental quality [Death caused by forage contamination]. 097814
Use of urea in the nutrition of **monogastric** *animals.* I. Partial or complete substitution of soybeans for urea in a rabbit ration. 096788
A national center of disease research in Iowa: NADC **[National** *Animal* Disease Center]. 097158
Palaeo-ecology [Plants and *animals* of the **Nile** Valley]. 098819
Single-cell protein and New Zealand [Human and *animal* **nutrition].** 095076
Chromatographic determination of [the insecticide] Famophos[O, O-dimethyl-O-(4-dimethylsulfsamoyl)-thiophosphate] in the tissues and **organs** of *animals.* 102726
Purification of extracts in the determination of organophosphoric insecticides in tissues and **organs** of *animals.* 102742
A proposal for the use of irradiation for the preservation of foods of *animal* **origin.** 095391
Characteristics of edible fluids of *animal* **origin:** milk [Composition, nutritive value]. 095657
Characteristics of edible fluids of *animal* **origin: eggs.** 095749

Genetic polymorphism and evolution in **parthenogenetic** *animals.* VI. Diploid and triploid Polydrosus mollis (Coeloptera: Curculionidae). 102951
Trouble—shooting the anesthetized **patient** *[Animals].* 097131
Integrated monitoring of anesthetized and/or critically ill **patients** *[Animals].* 097109
Vigilance and the health of **people** and other *animals.* 097195
Major trends of scientific investigations in the sphere of microelements in 1976-1980 [Role in plant and *animal* **physiology].** 099864
Animal care, plant care, and food care—for consumer protection [U.s. *Animal* and **Plant** Health Inspection Service]. 094811
The cell cycle and the control of cellular reproduction *[Animals,* **plants].** 096850
Flavin-containing dehydrogenases **[Plants,** *animals].* 099704
Energy transfer and surface temperature over **plants** and *animals.* 100001
The identification of plant **poisonings** in *animals.* 097847
Anesthetic hazards. I. Environmental **pollution** *[Animals].* 104443
Glycoproteins, glycopeptides, and *animal* **polysaccharides.** 096302
Studies on genetics and management of *animal* **populations.** 096839
The etiology and epidemiology of salmonellosis in Bulgaria for the 1966-1970 period [Contact mechanism in people engaged in *animal* and **poultry** breeding]. 094858
The Minnesota [infectious] disease reporting system for food **producing** *animals.* 097575
The improvement of resource allocation in agricultural research with special reference to *animal* **production** research in Kenya. 094193
Genetics and agricultural economy. II. *Animal* **production.** Introduction. 096837
Cattle breed comparison and crossbreeding trials in Europe; a survey prepared by a working party of the European Association for *Animal* **Production.** 096991
Pasture management systems and *animal* **production** [Rotational grazing pattern]. 100944
Development of production and flow of trade of *animal* **products** in the European Community. 094561
Development of production and flow of trade of *animal* **products** in the European Community. II. 094562
Are *animal* **products** good for you? 095031
Antibiotics in *animal* **rearing** [Feeding, metabolism]. 096564
Determination of warfarin in *animal* **relicta** and feedingstuffs by high-pressure liquid chromatography with confirmation of identity by mass spectrometry. 096435
Some biochemical and immunological properties of proteins of bull and ram seminal plasma, and possibilities of their practical utilization in *animal* **reproduction.** 097082
Animal **resources** of India [Includes livestock]. 096128
The spread of the Salmonellae among people and *animals* in the **Silistra** district. 094859
Diffusion and distribution of Sarcosporidia in **slaughtered** *animals* in Sardinia [Cattle, sheep, swine, horses, donkeys]. 097313
Polar lipids of parasitic helminths. I. Polar lipids of Fasciola hepatica and Paramphistomum microbothrium [From **slaughtered** *animals].* 097643
Composition of the product of algal [Chlorella vulgaris] culture in the liquid phase of *animal* **slurry.** 099842
Canine behavior as it applies to **small** *animal* practice [Dogs]. 096200
Function of output examination in **small** *animal* breeding. 096871
Client communications **[Small** *animal* practice]. 097099
Surgical aspects of the cecum, colon, and rectum **[Small** *animals].* 097124
Use of the flutter valve for thoracic drainage **[Small** *animals].* 097132
The growth and development of **small** *animal* practice in the United States. 097170
Report on the drawing of blood from **small** *animals,* to be examined for toxoplasmosis. 097493
Antibody to porcine, feline and rat parvoviruses in various *animal* **species.** 097597
U.S.A.H.A. [United **States** *Animal* Health Association] committee on animal virus characterization arboviruses: value of the new taxomony. 097583
Immunologic evidence that the gene for L-gulono-gamma-lactone oxidase is not expressed in *animals* **subject** to scurvy [Ascorbic acid]. 095202
Effects of castration in buffaloes: observations on some body characteristics in *animals* of **thirty** and forty two months old. 096151
Spectrophotometric determination of total and free cholesterol in egg yolk and *animal* **tissues.** 095390
Carboxins [systemic fungicides]: powerful selective inhibitors of sucinate oxidation in *animal* **tissues.** 102659
Determination of residues of Valexon [phoxim] in milk and *animal* **tissues** [Organophosphorus insecticides]. 102732
Diagnostic methods in *animal* **trypanosomiasis.** 097651
Utilizing *animal* gene resources [Need for developing new livestock breeds for developing countries]. 097074
A simple technique for mass cultivation of Campylobacter fetus [for agglutination tests in diagnosing infection in *animals* and for **vaccine** preparation]. 097286
Grape diseases transmitted by *animal* **vectors** [Nematodes, insect pests]. 102025
Sampling & mapping reservoirs & *[animal]* **vectors** of human disease. 102573
Specification of the impact of socioeconomic factors on consumption of the *animal* and **vegetable** sources of protein. 094112
Application of the passive fluorescent antibody technique to the sero-diagnosis of *animal* **virus** diseases. 097505
U.S.A.H.A. [United States Animal Health Association] committee on *animal* **virus** characterization arboviruses: value of the new taxomony. 097583
The Papovavirus group *[Animal* **viruses].** 097576
A new look at *animal* **wastes** as fertilizer. 103941
Environmental behaviour and toxicology of [plant and *animal]* **waxes.** 095437
Viral isolates from ixodid ticks of **wild** *animals* in Kenya. 102571
The utilization and conservation of the **world's** *animal* genetic resources. 096851

ANIONS

Cation-anion **balance** in lime-induced chlorosis [Soybeans]. 101875
Guide to soils and plant nutrition. 3. [Salt and alkalinity, cation and *anion* **exchange,** phosphate fixation]. 103818
Uncoupling of electron transport by *anionic* **quinonoid** redox indicator dyes [Spinach]. 100517
Role of *anion* **transport** in the regulation of metabolism. 096404

ANISOPTERA

Rectal chloride epithelia and osmoregulatory salt uptake by the endgut of Zygoptera and *Anisoptera* **libella** larvae [Coenagrion puella, Aeshna cyana]. 103012
Ultrastructure of th aortic diverticula of the adult dragonfly Sympetrum danae **(Odonata:** *Anisoptera).* 102885

ANISOTROPY

A study of *anisotropic* **mechanical** properties on the WPC [wood plastic composite] material. 098408

ANNONA

Cytological studies in **atemoya** *(Annona* atemoya Hort.). 098940
Effects of cyanide and ethylene on the respiration of cyanide—sensitive and cyanide-resistant plant tissues [Peas, *Annona* **cherimola].** 099944

ANNUALS

A theoretical background to the conservation of ecologically distinct groups of *annuals* and **biennials** in the chalk grassland ecosystem. 098776

ANOMALA

Research on the relationship between yeasts and bacteria: Candida krusei, Candida tropicalis, Candida pseudotropicalis, **Hansenula** *anomala* and Corynebacterium pyogenes [Experimental genital pyobacillosis in rabbits]. 097646

ANOPHELES

The cell coat of Crithidia fasciculata [attached to the cuticular lining of the hindgut of *Anopheles* **gambiae].** 102603
Effects of some insect development inhibitors on mosquito larvae [Culex pipiens fatigans, *Anopheles* **gambiae,** Aedes aegypti, Anopheles quadrimaculatus]. 102609
Studies on quantitative aspects of the transmission of Wucheria bancrofti *[Anopheles* **gambiae,** Culex fatigans]. 102617
The salivary gland chromosomes of *Anopheles* **jamesi.** 102902
Development of different strains of Plasmodium vivax in twospecies of *Anopheles* **[maculatus** mosquitoes]. 102547
Structure of the pedicel and connective peduncles of the ovariole in culicid mosquitos. Additional new traits for determination of physiological age [Culex pipiens, Aedes aegypti, *Anopheles* **maculipennis** atroparvus]. 103052
Neutral red: a specific vital dye for the insect corpus luteum *[Anopheles* **maculipennis,** Culex pipiens, Aedes aegypti]. 103054
The genetics of black larva, an autosomal recessive lethal mutation located on chromosome 3 in the **mosquito** *Anopheles* albimanus. 102865
Ultrastructural changes in the cell surface of Coelomomycespunctatus [Fungi] infecting mosquito larvae *[Anopheles* **quadrimaculatus,** biological control]. 098930
Effects of some insect development inhibitors on mosquito larvae [Culex pipiens fatigans, Anopheles gambiae, Aedes aegypti, *Anopheles* **quadrimaculatus].** 102609
Viruslike particles in malaria parasites [from *Anopheles* **stephensi,** Aedes aegypti]. 102596
Malaria eradication and control from a global standpoint [by shortening the life of the *Anopheles* **vector].** 102584

ANOREXIA

Anorexia as the **probable** cause of plasma alpha-lipoprotein changes seen in avian erythroblastosis [Chickens]. 097710

ANOSMIA

Effects of peripherally **induced** *anosmia* on the selectivity of maternal behaviour in the ewe. 096280

ANOXIA *see* HYPOXIA

ANTENNA

Origin and morphogenesis of sensory neurons in an insect [Manduca sexta] *antenna* **[Manduca** sexta]. 102907
Antennal **morphology** of [corn rootworm] Diabrotica virgiferaadults (Coleoptera: Chrysomelidae). 102791
Structure and development of *antennae* in a **moth,** Manduca sexta. 102908

ANTHELMINTICS

Anthelmintic **activity** of albendazole against liver flukes, tapeworms, lung and gastrointestinal roundworms [Animal health products]. 097333
Economic effectiveness of using *anthelmintics* against the **chronic** form of liver fluke [Fasciola hepatica] in sheep [Losses, costs, returns]. 097439
Degradation and secretion of *anthelminthic* 1311 **[iodine** isotope]-rafoxanide in cattle and sheep. 097235
Experiments in husbandry conditions of Oxfendazole, a **new** *anthelmintic* for controlling gastrointestinal strongylosis oflambs on pasture. 097617
Ranizole [an *anthelmintic]* in **sheep.** 097610
Embryotoxic and antimitotic properties of parbendazole, mebendazole and cambendazole *[Anthelmintics,* **sheep,** rats, mice]. 097797

ANTHERAEA

Acquisition of the envelope of nuclear polyhedrosis viruses in the Chinese oak silkworm, *Antheraea* **pernyi** Guer-Min, and the Japanese giant silkworm, Dictyoploca japonica Butler. 103222
Messenger RNA synthesis, transport, and storage in silkmoth [Actias luna and *Antheraea* **polyphemus]** ovarian follicles. 102906

ANTHERS

A comparative study on *anther* **development** in male-fertile and male-sterile plants of Pelargonium crispum L'Her. ex Ait. 098972
Growth and alkaloid production in suspension cultures of Datura **metel** L. *anther.* 099798
In vitro production of haploid plants from *anthers* of **nicotiana** tabacum [tobacco] cultivar Goiano-IAC-70. 099120
Inheritance of **peach** *anther* color. 099235

ANTHOCORIS

The role of predator-prey size ratio in determining the efficiency of capture by *Anthocoris* **nemorum** and the escape reactions of its prey, Acyrthosiphon pisum. 102920

ANTHOCYANINS

Light control of *anthocyanin* **biosynthesis** in Zea [mays] seedlings [Maize]. 100255
Effect of ammonium to nitrate ratio on growth and *anthocyanin* **development** of perennial ryegrass [Lolium perenne] cultivars. 100063
Anthocyanin **pigments** in foods [Fruits and vegetables]. 095899
Freeze dehydrated compressed sour cherries. II. Stability of *anthocyanins* during **storage.** 095925
Recovery of *anthocyanins* from **wine** distillation wastes. I. An adsorption-desorption process. 104536

ANTHOCYANOGENS

Recommended procedures for the simultaneous determination of *anthocyanogens* and **catechins** by spectrophotometry [Beer]. 095415

ANTHONOMUS

Efficacy of some insecticides against the weevil of almond *[Anthonomus* **amygdali,** Prunus amygdalus]. 102431
Pepper weevil *[Anthonomus* **eugenii]** control on hot pepper. 102432
Boll weevil *[Anthonomus* **grandis]:** square ingestion and utilization studies. 102279
Cotton plant and insect constituents that control boll weevil *[Anthonomus* **grandis]** behavior and development. 102361

ANTHRACNOSE

Brazilian group I of *anthracnose* **(Colletotrichum** lindemuthianum) in Sao Paulo State. 101622
Further studies on the efficacy of different fungicides for control of *anthracnose* **disease** [Colletotrichum lagenarium] of bottlegourd [calabash gourd] and watermelon. 101520

ANTHRAX

Anthrax **epizootics** in wildlife in the Etosha National Park, South West Africa. 097339

ANTHRENUS

Dermestid beetles: larder and carpet beetles [Dermestes lardarius, *Anthrenus* **scrophulariae].** 102530
The survey on the insect fauna in filature factories *[Anthrenus* **verbasci,** Attagenus piceus, Dermestes ater, silk pests]. 102542

ANTHURIUM

Anthurium **andraeanum** plantlets producted from callus tissues cultivated in vitro. 100523

ANTIBACTERIAL *see* BACTERICIDES

ANTIBIOTIC

Antibiotics in **animal** rearing [Feeding, metabolism]. 096564
Using rye in diets for **assaying** *antibiotic* growth promotion [Chickens]. 096736
Gentamycin in canine clinical medicine *[Antibiotics,* **bacterial** disease control]. 097305

Prevention of mycoplasma mastitis [Dairy **cattle,** *antibiotics].* 097306
The bioavailability, disposition kinetics and dosage of sulphadimethoxine *[antibiotic]* in **dogs.** 097293
Effects of *antibiotics* on **feeding** and development of the pea aphid, Acyrthosiphon pisum (Harris) (Homoptera, Aphididae). 102388
Study on residues of *antibiotics* in **meats.** 094816
Ultrastructural changes, caused by the **new** *antibiotic* mucidin in Candida pseudotropicalis [Yeasts]. 100050
The production of antimicrobial compounds by British marinealgae. II. Seasonal variation in **production** of *antibiotics.* 099586
Coccidiosis; effects of high environmental temperatures on *anticoccidial* **protection** [Chickens, Eimeria acervulina]. 097477
Accumulation of *antibiotic* **residues** in the fruit of coconut palms treated with oxytetracycline for the control of lethal yellowing. 094895
A longitudinal study of Escherichia coli in cows and calveswith special reference to the distribution of O-antigen types and *antibiotic* **resistance.** 097390
Resistance to *antibiotics* in **Rhizobium** trifolii and its relation to nitrogen fixation. 103864

ANTIBODIES
Monitoring infectious bursal disease (IBD) *antibodies* by **agar** gel precipitin (AGP): a comparative study [Virus diseases, chickens]. 097594
Incidence in Tanzania of **CF** *antibody* to Coxiella burneti in sera from man, cattle, sheep, goats and game. 097664
Lysis of Rous sarcoma virus by *antibody* to **chicken** cells and complement. 097282
Chlamydial *antibodies* in pigs in Scotland. 097661
Lesions and microorganisms in aborted bovine fetuses with bovine viral **diarrhea** *antibodies.* 097532
Microneutralization test for determination of Newcastle **disease** *antibodies* in reconstituted frozen secondary chicken kidney cells. 097536
Absence of *antibodies* to **double-stranded** RNA and DNA in the sera of scrapie-infected sheep and mice. 097414
Plaque neutralization test to assay serums for eastern and western equine **encephalomyelitis** *antibody* titer. 097541
Serologic testing with **enzyme-labeled** *antibodies* (ELA) [to several animal diseases]. 097547
Value of the indirect **fluorescence** *antibody* test in the diagnosis and the epizootiological survey of bovine trypanosomiases. 097615
Comparison of enrichment procedures for **fluorescent** *antibody* and cultural detection of salmonellae in raw meat and poultry [Bacterial contamination]. 094803
Evaluation of an automated **fluorescent** *antibody* procedure for detection of Salmonella in foods and feeds [Bacterial contamination]. 094806
Application of the passive **fluorescent** *antibody* technique to the sero-diagnosis of animal virus diseases. 097505
Identification of bluetongue and epizootic hemorrhagic disease viruses by the indirect **fluorescent** *antibody* procedure. 097524
Evaluation of the indirect **fluorescent** *antibody* test for detecting Trypanosoma vivax in South American cattle. 097600
Comparison of indirect **fluorescent** *antibody* (IFA) with complement fixation (CF) tests for diagnosis of Babesia spp infections in Colombian cattle. 097637
Fluorescent *antibody* staining for detection of coconut root wilt antigen. 101747
Toxoplasma **gondii** *antibodies* in free-living African mammals. 097436
The antigen-inexperienced thymic suppressor cells: a class of lymphocytes in the young chicken thymus that **inhibits** *antibody* production and cell-mediated immune responses. 097331
Natural resistance to Marek's disease at hatching in chickens lacking **maternal** *antibody,* and relationship between this early resistance and resistance acquired with age. 097263
Plasmodium berghei: *antibody* **mediated** reduction of oxygen consumption by infected mouse bone marrow cells. 097624
An indirect agar gel diffusion precipitation test for detecting rinderpest **nonprecipitating** *antibody* in cattle and zoological ruminant sera. 097503
Antibody to **porcine,** feline and rat parvoviruses in various animal species. 097597
Ruminant immunology: The selection of healthier cattle and sheep by measuring their immune **response** *[Antibodies].* 097593
Production of antiserums in horses to mycoplasmas of bovine origin and their use in growth-inhibition and *fluorescent-antibody* **tests.** 097542
Antibodies for **Vaccinia** virus in the experimental infectionof cattle. 097468
Chicken egg yolk enhances focus formation by subgroup B, C and D Rous sarcoma viruses [Assaying for avian leukosis **virus** *antibodies].* 097408

ANTICANCER *see* CANCER

ANTICOAGULANTS *see* COAGULANTS

ANTICOCCIDIAL *see* ANTIBIOTIC

ANTIDIURETIC *see* DIURETICS

ANTIDOTES
Adsorbents and *antidotes* [of **herbicides**] offer a breakthrough in weed control. 102217

ANTIFERTILITY *see* CONTRACEPTIVES

ANTIFUNGAL *see* FUNGICIDES

ANTIGEN
Partial purification of *antigens* **collected** during in vitro cultivation of the larval stages of Taenia pisiformis [Rabbits]. 097466
Relation between **common** *antigen* and membrane antigens associated with Marek's disease herpesvirus and turkey herpesvirus infections. 097241
Aggregation and anticomplementary activity of an *antigen* used in the **complement** fixation test for Johne's disease [Mycobacterium johnei, in cattle and sheep]. 097596
Observations on the response of cattle to a skin test using infectious bovine rhinotracheitis (IBR) **inactivated** *antigen.* 097540
Relation between common antigen and **membrane** *antigens* associated with Marek's disease herpesvirus and turkey herpesvirus infections. 097241
Hypersensitivity pneumonitis: experimental production in calves with *antigens* of **Micropolyspora** faeni. 097289
Evaluation of avian mycoplasma membranes as *antigens* [**Mycoplasma** gallisepticum and Mycoplasma synoviae, chickens]. 097258
Immunochemistry of serum albumin. II. Isolation and characterization of a fragment from the first third of bovine serum albumin carrying almost all the *antigenic* **reactivity** of the protein. 097337
Development of a **serum-plate** *antigen* for detection of Salmonella infections in turkeys. 097515
Body temperature of fowls induced by intracerebroventricular infusion of TAB [typhus and paratyphus A and B] vaccine and O **somatic** *antigen* of Shigella dysenteriae. 097213
Study on the *antigenic* **structure** and biochemical activity of isolated Salmonella gallinarum-pullorum strains. I. Decarboxylase activity of the Salmonella gallinarum-pullorum strains [Salmonellosis, poultry, man]. 097369
The *antigen-inexperienced* **thymic** suppressor cells: a class of lymphocytes in the young chicken thymus that inhibits antibody production and cell-mediated immune responses. 097331
A longitudinal study of Escherichia coli in cows and calveswith special reference to the distribution of *O-antigen* **types** and antibiotic resistance. 097390
The distribution of *O-antigen* **types** of Escherichia coli in normal calves, compared with man, and their R plasmid carriage. 097393
Antigenic **variation** of Venezuelan strains of foot-and-mouthdisease viruses. 097556
Application of immuno-peroxidase techniques for the detection of foot-and-mouth disease **virus** *antigens.* 097557
Fluorescent antibody staining for detection of coconut root **wilt** *antigen.* 101747

ANTIMITOTIC *see* MITOSIS

ANTIRRHINUM
Tapetal ultrastructural changes during pollen development. I. Studies on *Antirrhinum* **majus.** 098937
Pathways strewn with plant pigments *[Antirrhinum* **majus,** genetics]. 099358
Pathogenicity of Bipolaris (Helminthosporium) setariae and Bipolaris maydis races T and O to carnation, geranium and snapdragon [Dianthus caryophyllus, Pelargonium domesticum, *Antirrhinum* **majus].** 101557

ANTISERUM
A high **affinity** *antiserum* specific for the ecdysone nucleus [Radioimmunoassay, insect materials]. 102988
Antisera from **mice,** their importance to serological investigations with phytopathogenic viruses. 101726

ANTITRANSPIRANT *see* TRANSPIRATION

ANTITUMOR *see* TUMOR

ANTIVIRUS
Formation of *antivirus* **substances** in tomato plants infected with tobacco mosaic virus. 101807

ANTS
Carpenter *ant* [Camponotus] control. 102484
A mechanism of pathogenicity of Beauveria brassiana [Fungi] on larvae of the imported **fire** *ant,* Solenopsis richteri. 102246
Control of a mobile pest: the imported **fire** *ant* [Solenopsisgeminata]. 102270
Fire *ant* [Solenopsis] trail pheromones: analysis of speciesspecificity after gas chromatographic fractionation. 102999
The viable seed contents of *ant-hill* and **pasture** soil. 099884
Prairie *ant* mound ecology: interrelationships of microclimate, soils and vegetation. 098801
Predaceous *ants* [Crematogaster clariventris, Crematogaster buchneri] (Hymenoptera: Formicidae) phytophagous on Theobroma cacao in Nigeria. 102254
Sensory structures on the venom apparatus of a **primitive** *ant* species [Paraponera clavata]. 102809
Alkylpyrazine alarm pheromones in **primitive** *ants* with small colonial units [Hypoponera opacior, Pomera pennsylvanica]. 102897
Spore dispersal of Endogonaceae [Fungi] by worms, *ants,* **wasps,** and birds [Vesicular-arbuscular mycorrhiza]. 099624

AORTA
Ultrastructure of th *aortic* **diverticula** of the adult dragonfly Sympetrum danae (Odonata: Anisoptera). 102885
Synthesis of elastin. A rapid formation of lysine-derived crosslinks by chick **embryo** *aorta.* 096421
Experimental canine atherosclerosis and its pevention. The dietary induction of severe coronary, cerebral, *aortic,* and **iliac** atherosclerosis and its prevention by safflower oil. 097741
Further studies on a highly purified glycoprotein from the intimal region of **porcine** *aorta.* 096240
Factors determining the rate of relaxation of **rabbit** *aortic* strips after an exposure to noradrenaline. 096491

APANTELES
Improving a wasp parasite *[Apanteles* **melanoscelus**] to control the gypsy moth [Lymantria dispar, biological control]. 102485

APERA
The effectiveness of herbicides in the control of silky **bentgrass** *(Apera* spica-venti P.b.) in winter wheat. 102178

APEX
The root apex *[Apical* **meristem,** cell division]. 098990
An analysis of cell proliferation in the *apical* **meristem** of lateral roots of Vicia faba L. [Broadbeans]. 100087
Cytophotometrical study of nuclear DNA in the different *apical* **parts** of the male gametophyte of Polytrichum formosum Hedw. during the reproductive phase [Musci]. 098907
The **root** *apex* [Apical meristem, cell division]. 098990
Shoot *apex* organization and origin of the rhizome-borne roots and their associated gaps in Dennstaedtia cicutaria. 098876
Duration of the cell cycles in the **shoot** *apex* and in the axillary buds of Pisum sativum L. [Peas]. 098919
The **shoot** *apex* [Cell division, leaf initiation]. 098991
Determination and differentiation of the procambium in the **shoot** *apex* of Clematis vitalba L. (Ranunculaceae). 099024
Shoot *apex* organisation and leaf development in Ricinus communis L. 099028
Morphological changes and factors influencing **shoot** *apex* development of Lilium longiflorum Thumb. during forcing. 100480

APHANOMYCES
The assessment of fungicides for control of pea root rot *[Aphanomyces* **euteiches,** Fusarium solani, Pythium ultimum, Rhizoctonia solani] in the field. 101567

APHELENCHUS
Observations on development of the gonad and on reproduction in [nematode] *Aphelenchus* **avenae** [in relation to time and feeding periods on Rhizoctonia solani]. 101933

APHELINIDAE
Biosystematic and evolutionary statuses of two sympatric populations of Aphytis mytilaspidis **(Hymenoptera:** *Aphelinidae).* 103157
Biosystematic status of three allopatric populations of Aphytis maculicornis **(Hymenoptera:** *Aphelinidae).* 103158
On the species of Euxanthellus Silvestri in South Africa (Hymenoptera: *Aphelinidae)* **[New** taxa]. 103171

APHICIDES *see* INSECTICIDES

APHIDIDAE
Effects of antibiotics on feeding and development of the pea aphid, Acyrthosiphon pisum (Harris) **(Homoptera,** *Aphididae).* 102388
Toxicity of pesticides sprayed over plant aerial parts to Diaeretiella rapae (Hymenoptera: *Aphididae)* under **laboratory** conditions. 102235

APHIDS
Trials for standardization of aphid flight survey with yellow water pan trap. II. Suitable location of water trap for catching **alate** *aphids* [Myzus persicae, Lipaphis erysimi, Brevicoryne brassicae, Japanese radishes]. 102387
Integrity of ribosomal ribonucleic acids from *aphids* **[Aphislabruni]** and water fleas [Daphnia pulex, Galleria mellonella]. 102832
The nature of gall formation caused by wooly **apple** *aphid* (Eriosoma lanigerum Hausm.). 102424

Isometric, viruslike particles in the green peach aphid, Myzus persicae. Their intracellular localization and distribution within the *aphid* **body** [Vectors of plant viruses]. 102436
Color responses of **cereal** *aphids* [Schizaphis graminum, Macrosiphum avenae, Rhopalosiphum]. 102280
Searching by Adalia bipunctata (L.) (Coleoptera: Coccinellidae) and escape behaviour of its *aphid* and **cicadellid** prey on lime (Tilia X vulgaris Hayne). 102393
Pirimor trial for *aphid* **control** on field-grown column stock—progress report [Chrysanthemums]. 102408
Gradual change in predominating isolates of barley yellow dwarf virus in New York *[Aphids* as **disease** vectors]. 101784
Trials for standardization of *aphid* **flight** survey with yellow water pan trap. II. Suitable location of water trap for catching alate aphids [Myzus persicae, Lipaphis erysimi, Brevicoryne brassicae, Japanese radishes]. 102387
Studies on the injurious effect of the **grain** *aphid* Macrosiphum (Sitobion) avenae (F.) on winter wheat. 102286
The biology of the **hop** *aphid* (Phorodon humuli Schr.). 102258
A Moroccan isolate of turnip mosaic virus infectious to garden pea and other legumes *[Aphids* as **insect** disease vectors]. 101781
Attraction of insects of potato plants through use of artificial honeydews and *aphid* **juice** [Pest control, natural]. 102400
Effect of temperature and humidity on the trapping of alate **mustard** *aphid,* Lipaphis erysimi (Kaltenbach). 102430
The population dynamics of the stinging **nettle** *aphid,* Microlophium carnosum (Bukt.). 102919
Effects of antibiotics on feeding and development of the **pea** *aphid,* Acyrthosiphon pisum (Harris) (Homoptera, Aphididae). 102388
Application of Pirimor [5,6-dimethyl-2-dimethylamino-4-pirimidinyldimethyl-carbamate] to control the **pea** *aphid* [Acyrthosiphon pisum]. 102438
Isometric, viruslike particles in the green **peach** *aphid,* Myzus persicae. Their intracellular localization and distribution within the aphid body [Vectors of plant viruses]. 102436
Feeding damage of the black **pecan** *aphid* [Tinocallis caryaefoliae]. 102415
Dynamics of the dispersal of *aphids* on **potato** plants in the conditions of the Poltava Region. 102386
Laboratory trials with insecticides, mineral oil and their combination to **reduce** *aphid* transmission of non-persistent viruses [to plants]. 101727
Application of insecticides against sugarbeet **root** *aphid* [Pemphigus fuscicornis]. 102337
Artificial diets for larvae of harmonia axyridis Pallas (Coleoptera: Coccinellidae), an insect predator of *aphids* and **scale** insects. 103091
Control of pecan weevil [Curculio caryae], shuckworm [Laspeyresia caryana] and *aphid* in **South** Carolina. 102447
Actual problems in the development of resistance to pesticides in pests of cultivated plants as exemplified by the rape blossom beetles [Meligethes aeneus, Ceutorrhynchus] and some **species** of *aphids.* 102349
Occurrence of mottle and redleaf components of carrot motley dwarf disease in British Columbia **[Vector** *aphid,* Cavariella aegopodii]. 101739
Resistance of potatoes to *aphids*—**vectors** of viruses. 102426
Pecan insect control test in 1975 with emphasis on **yellow** *aphids* [Monellia], spittlebugs [Clastoptera achatina] and weevils [Curculio caryae]. 102450

APHIS

Synthesis and insecticidal and acaricidal properties of some 5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl phosphorus esters. III. [Musca domestica, Calandra granaria, *Aphis* **fabae,** Tetranychus urticae]. 102256
Synthesis, insecticidal and acaricidal properties of some 5alkoxy-, 5-alkylthio-6-oxo-1-phenyl-1H-pyridazin-4-yl and 6-oxo-5-phenoxy-1-phenyl-1H-pyridazinyl phosphorus esters. II. [Musca domestica, *Aphis* **fabae,** Tetranychus urticae]. 102257
The effects ULV [ultra low volume] spray on pests of cotton and their natural enemies *[Aphis* **gossypii,** Dysdercus superstitiosus and predators, Chilmines lunata and spiders]. 102342

APHYLLA

Role of 1,5-14C [carbon isotope]-cadaverine in the biosynthesis of alkaloids in **Anabasis** *aphylla.* 099508
Raw material basis for the production of anabasine and the increase of its productivity [Cultivation and biochemistry of **Anabasis** *aphylla].* 101298

APHYTIS

Biosystematic status of three allopatric populations of *Aphytis* **maculicornis** (Hymenoptera: Aphelinidae). 103158
Biosystematic and evolutionary statuses of two sympatric populations of *Aphytis* **mytilaspidis** (Hymenoptera: Aphelinidae). 103157

APIARIES

Swarming and exploitation of honeybee swarms in **Polish** *apiaries.* 103275
Turnover of honeybee queens in **Polish** *apiaries.* 103277
Efficiency of work in different **sized** *apiaries.* 103266

APICULTURE

Standards [for *apiculture]* once **again.** 103259
The matter of the multiple-story **beehive** in *apiculture.* 103314
Use of artificial substances in *apiculture* **[Beehives].** 103315
When should a beginner open a **hive?** *[Apiculture].* 103241
Industrial growth and its harmful **influence** on *apiculture.* 103224
Apiculture in **Japan:** control of honeybee diseases [and Varroa jacobsoni]. 103255

APIDAE

Preliminary studies on certain breeds of the honey bees, Apis mellifera L., in Egypt **(Hymenoptera,** *Apidae).* 103218

APION

Seed cultivation of white clover. Current work concerning disinfection and control of clover weevils *[Apion* **apricans].** 102370

APIS *see* BEES

APOCYNACEAE

On the correct scientific name of mountain devilpepper of Misiones (Rauwolfia sellowii, *Apocynaceae)* **[Nomenclature].** 098522
Plants from Madagascar. XVI. 3. Craspidospermine, a new alkaloid from Craspidospermine, a new alkaloid from Craspidospermum verticillatum **verticillatum** *(Apocynaceae).* 099600

APOIDEA

Density of *Apoidea* [including **honeybees]** necessary for goodpollination of red clover. 103264

APONOGETON

Epidermal structure and distribution of stomata in *Aponogeton* **natans** (L.) Engl. and Krause. 098943

APORPHINE

Aporphine **alkaloids** and lignans formed in response to injury of sapwood in Liriodendron tulipifera. 102008

APPENDAGES

Musculature of the **head** *appendages* of Tenebrio molitor (Coleoptera: Tenebrionidae). 102802

APPENDIX

Ultrastructural characterization of the **hilar** *appendix* and basidiospore surface of Zelleromyces cinnabarinus (Hydnangiales) [Fungi]. 099050

APPLES

Relationship of seed number to fruit set in *apple*—an **alternate** hypothesis. 100423
Effect of overtree misting for bloom delay on incidence of fire blight [Erwinia **amylovora]** in *apple.* 101705
Post-infection changes in *apples* due to **Aspergillus** niger van Tiegh. II. Organic acids. 101534
Semi-mechanical harvest of fruits (pears and *apples)* using **automatic** platforms. Results of observations made in work areas. 103409
Inhibition of ethylene production by cobaltous ion [Mung **beans,** *apples].* 100546
It's an *apple* **bonanza.** 095327
The **Bonza** *apple* [Variety]. 101015
Influence of sevin and rogor on the formation of reproductive **buds** in *apples.* 100512
North **Carolina** *apple* insects and mites. 102389
Ultrastructure of the leaves of Chenopodium quinoa Willd. Infected with *apple* **chlorotic** leaf spot virus. 101729
Growth regulators for fruit trees. IV. The effect of SADH [succinic acid-2,2-dimethylhydrazide] on the *apple* **cultivar** 'Cortland'. 100590
Alternate-year pruning trials with 3 *apple* **cultivars.** 101263
Inheritance of fruit size and shape in the first hybrid progeny of Jonathan, Delicious and Golden **Delicious** *apple* varieties. 099237
Influence of nitrogen fertilization level on the growth behaviour of Golden **Delicious** *apple* variety. 103950
Effect of storage conditions on **fermented** *apple* juice. 095874
Morphological development of the *apple* from **floral** budding to maturity. 098976
Bitter substances of *apples.* II. **Formation** kinetics of secondary metabolites in saprophytic cultivation of the fungus Trichothecium roseum. 101574
Cost of production update for 1975 on sweetcorn for processing; red kidney, dry beans, *apples* for **fresh** and processing. 094370
Static and dynamic measures of **fresh** *apple* texture [Qualityevaluation]. 094871
Studies on the relative value and the actual quantitative change of *apple* **fruit** substances during storage. 095898
Studies on regrafting of **fruit-bearing** *apple* trees. 101154
Changes in the marketable qualities of *apple* **fruits** from the Jonathan, Golden Delicious and Red Delicious varieties stored in controlled atmosphere. 095896
Morphological and anatomical aspects of roughness in **GoldenDelicious** *apples.* 098975
Parameters of **high-yielding** *apple* tree stands. 101256
Bitter substances of *apples.* III. **Identification** and physical and chemical properties of secondary metabolites of the fungus Trichothecium roseum. 101573
Black rot canker of *apple.* 1. **Identification** of the causal agent [Sphaeropsis malorum]. 101621
Studies in the preparation of cider from north **Indian** *apples:* II. Storage studies. 095913
Shape of the *apple* **[influenced** by genetic and climatic factors]. 098977
Early bearing and yield capacity of some **introduced** *apple* varieties in the foothill region of Crimea. 101078
Resistnace of **introduced** *apple* varieties to scab in the conditions of the Rostov Region. 101355
Application of "subjective gustometry and olfactory" for determination of reaction kinetics during sensorical changes in technological processes [Formation of cooked flavour in *apple* **juice].** 095983
Variation in the mineral composition of *apple* **leaves.** II. Variation among the apple orchards and evaluation of their nutrient substance reserves. 100449
Apple **maggot** [Rhagoletis pomonella]: control in backyard situations. 102403
Feed from grape and *apple* **marcs.** 096025
The *apple* **marketing** game. 094467
Trial in the control of the flight of the *apple* **moth** Laspeyresia pomonella L. by pheromone traps. 102411
New *apple* varieties in the Rostov Region. 101083
Intracellular localization, isoenzyme composition, and activity of *apple* **o-diphenol** oxidase. 095876
Variation in the mineral composition of apple leaves. II. Variation among the *apple* **orchards** and evaluation of their nutrient substance reserves. 100449
Illinois fruit calendar for growers of *apples,* **peaches** [Insect pests]. 101103
A comparison of *apple* and **pear** seedlings with reference to the juvenile period. II. Mode of inheritance. 099164
A comparison of *apple* and **pear** seedlings with reference to the juvenile period. I. Seedling growth and yield. 100407
Proceedings of the 1974 APDW *[Apple* and **Pear** Disease Workers] workshop on crown rot [Phytophthora cactorum] of apple trees [Held at Summerland, British Columbia, 16-17 August 1974]. 101384
Action of some intervening factors in the orchard on the preservation of *apples* and **pears** in cold rooms. 095941
Size prediction of *apples* and **pears**—to hand thin or not to thin [Culture]. 101062
Big freeze. We now know more about the damage a hard freezedoes and what growers can do to save more trees *[Apples,* **pears].** 101829
Effectiveness of fungicides against powdery mildew of *apples* **[Podosphaera** leucotricha]. 101490
Determination of residues of dinitroorthocresol in the crops [of grapes, *apples* and **potatoes].** 102730
Seemingly unrelated regression and regional price response functions: a study of U.s. *apple* **production.** 094608
Dwarfing and lethal genes in *apple* **progenies.** 099177
Fruit thinning, summer pruning, and storage **quality** of *apples.* 101074
When it isn't one thing, it's another. Arsenate soil residues aren't the only **reason** *apple* replants fail [Diseases of unknown etiology]. 101831
Apples from **Rhode** Island [Varieties]. 101098
Observations on some morphological and functional features in **"Richard"** *apple* spurs on "seedling" and "M9" rootstocks. 099033
Laboratory method of forecasting relative resistance to chlorosis by *apple* **rootstocks.** 101939
Effect of time of nitrogen application on amino-nitrogen composition of roots and xylem **sap** of *apple.* 100528
Early determination of genotypes for *apple* **scab** resistance by forced flowering of test cross progenies. 099178
Epidemology of *apple* **scab** (Venturia inaequalis) on Lar Ambri and Duda Ambri [varieties]. 101477
Gibberellic and abscisic acid-like substances and the regulation of *apple* **shoot** extension. 100478
Observations on the behavior of the Granny **Smith** *apple* variety in orchards in the French Mediterranean region. 101234
Apple **spray** schedule—1976. 101919
Metabolism of malic dehydrogenase and polyphenoloxidase in *apples* [during **storage].** 095885
Preharvest nutrition and postharvest physiology of *apples* **[Storage].** 100458
If you can't stand the heat **[Stress,** *apples].* 101830
Investigations on some biological and physiological behaviours of *apple* **trees** with overmoistening of the root-zone soil. 100436
Effect of microelements on the growth of *apple* **trees** in a nursery. 100498
Proceedings of the 1974 APDW [Apple and Pear Disease Workers] workshop on crown rot [Phytophthora cactorum] of *apple* **trees** [Held at Summerland, British Columbia, 16-17 August 1974]. 101384
The role of geographic factor in the resistance of *apple* **varieties** to pest and diseases. 101912
Commercial aspect of Granny Smith *[apple* **variety].** 094587
Preservation of the *apple* **variety** Granny Smith produced in Mediterranean climates. 095943
Behavior of the Granny Smith *[apple]* **variety** in orchards of the Loire valley. 101233

Quality of Granny Smith *[apple* **variety]** in relation to times of harvesting. 101235
Isolation and properties of farnesene from the *apple* **wax** covering. 095878
The nature of gall formation caused by **wooly** *apple* aphid (Eriosoma lanigerum Hausm.). 102424
Wrinkledness on *apples.* 101902
Effects of weed control method and rootstock on flowering, growth and **yield** of *apple.* 102125
The effects of soil physical improvement by subsoiling on the growth and **yield** of *apple.* 104224
Systems of soil management as influencing the growth behaviour of **young** *apple* trees. 104182

APPLIANCE

Buying a used *appliance.* 095253
Appliance for **cultivating** moss protonemata in liquid media. 099970

APPRAISAL

The value of frost forecasting: a **Bayesian** *appraisal* [Weather]. 093970
Studies in Festuca. 7. Chromosome atlas. 2. An *appraisal* of **chromosome** race [geographical] distribution and ecology, including Festuca pratensis var. apennina (De. 099161
Possibilities of *appraising* the **degree** of water pollution by using the enzyme method. 104654
The bottoms up/tops down approach to **performance** *appraisal.* 095296
Neonatal Escherichia coli infections in calves. I. *Appraisal* of **rehydration.** 097677
Correlations between carcass value and **subjective** *appraisal* of carcasses of young bulls, an investigation concerning progeny tests. 095726

APRICOTS

Philippopol, a **new** *apricot* variety. 101149
Some features of *apricot* **nutrition.** 100507
A contribution to the frost **resistance** of *apricots.* 100553
Bibliography of the international literature on *apricots* **(supplement).** 101024

APULIA

Modern controls of the frequency of dog infestations with Echinococcus granulosus **(Batsch,** 1786) in *Apulia.* 097214
[The nematode] Pratylenchus minyus on Egyptian **clover** in *Apulia.* 101991
Weed hosts of [the nematode] Ditylenchus **dipsaci** in *Apulia.* 101988
Virus diseases of vegetable crops in *Apulia.* XVII. A **yellow** mosaic of lettuce induced by chicory yellow mottle virus. 101778

AQUATIC

Aquatic **ascomycetes** from Lake Itasca, Minnesota [Fungi]. 098638
Estimation of pollution by heavy metals in the Somme river by analysis of *aquatic* **bryophytes.** 104457
Makhana [Euryale ferox] the *aquatic* **crop** of Mithila. 101299
Regulation of *aquatic* **diptera** [Culex] by Planaria [Dugesia dorotecephala, biological control]. 102566
Sediment-water microcosms for assessment of nutrient interactions in *aquatic* **ecosystems** [Lakes, reservoirs, algal assay]. 104496
Thermal effects [Pollution on *aquatic* **ecosystems].** 104583
Impacts of construction activities in wetlands of the United States [Pollution of water, soils and *aquatic* **environments].** 104478
Photosynthetic performance and substance production by **higher** *aquatic* plants, as exemplified by Typha latifolia and Typha angustifolia. 100040
The effect of herbicide poisoning on **higher** *aquatic* plants. 102216
Macrobenthos of lake Taltowisko [including *aquatic* **insects].** 103156
The construction and long term field use of inexpensive aerial and *aquatic* **integrating** photometers [Photosynthetically active radiation]. 098867
Aquatic and **littoral** vegetation of the lakes near Ostrow Lubelski against the background of habitat conditions. 098764
Aquatic **sediments** [Water interactions]. 104343
Chronic toxicity of atrazine [herbicide] to **selected** *aquatic* invertebrates and fishes [Residue analysis, water pollution]. 102680
Ragwort [Senecio jacobaea, **Senecio** *aquaticus,* poisonous to farm livestock]. 102157
Aquatic and **subaquatic** bryophytes as bioindicators of water pollution. 104464
Long-term stability of waste lignins in *aquatic* **systems.** 2. Stability in saline water [Pulping]. 098413
Light-induced transformations of methoxychlor·[insecticide] in *aquatic* **systems.** 102711
The dynamics of **two** *aquatic* plant-snail associations. 098787
Some observed interrelationships between the cover of *aquatic* **vegetation** and various physical properties of the water medium. 098815
Aquatic **weed** control. 102073
The invasion of [the *aquatic* **weed]** Eichhornia crassipes in the Sudanese White Nile. 102160
Control of water lettuce, Pistia stratiotes, with diquat and 2,4-D *[Aquatic* **weeds,** dichlorophenoxyacetic acid]. 102163
Life cycle and biology of Neochetina bruchi, a weevil attacking waterhyacinth in Argentina, with notes on Neochetina eichhorniae [Biological control of *aquatic* **weeds].** 102222

AQUEOUS

Growth of Fusarium moniliforme [fungi] on **carob** *aqueous* extract and nutritional evaluation of its biomass [Rats]. 099513
Determination of chlor ions in *aqueous* **extract** from soils. 103787
Radioprotective action of *aqueous* **extracts** of Salsola arbuscula. 099872
Content of cytochromes b6 and f in plastids isolated in aqueous and *nonaqueous* **media.** 099698
Investigations of diffusion in pure and technical sucrose solutions. I. Diffusion of sucrose in **pure** *aqueous* solutions. 095849
Experimental study of the accumulation of cesium-137 [isotope] by lichens from *aqueous* **solutions** (Cladonia rangiferina (L.) Web. as an example [Radioactive contamination]. 104648
Hydrophobic affinity partition of spinach chloroplasts in *aqueous* **two-phase** systems. 100370

AQUIFERS

Hydrogeophysical equivalence of water salinity, porosity and matrix conduction in **arenaceous** *aquifers.* 104297
Change in drawdown caused by enlarging a well in a **dolomite** *aquifer.* 104292
A hypothesis of ion filtration in a **potable-water** *aquifer* system. 104291
Graphical calculation of *aquifer* **transmissivities** in northern Canterbury, New Zealand. 104340

ARABIDOPSIS

Variations in natural populations of *Arabidopsis* **thaliana** (L.) Heynh. 098624

ARABIS

Two species of the genus Arabis L. From the Caucasus [Arabis kazbegi and *Arabis* **gegamica].** 098758

ARABLE

Determination of optimal relation of sizes of a single ridge on *arable* **land** in the conditions of the least effect of the wind flow. 104239
Problems of intensification of forage crop growing on *arable* **lands.** 100932
Nitrogen, phosphorus and potassium balance in *arable* **soils** from the Vladimir Region. 103789

ARACEAE

Cytological observations on some West Himalayan **monocots.** V. *Araceae.* 098959

ARACHIN

Studies on groundnut proteins. V. Physico-chemical properties of *arachin* **prepared** by different methods. 095760

ARACHIS

Weight losses of **groundnuts** *(Arachis* hypogaea L.) from infestation by the mites Acarus siro L. and Tyrophagus putrescentiae (Schrank). 102539
Oligogynophoria, a virus induced lesion in the groundnut, *Arachis* **hypogaea** L. 101749
Millipedes [Peridontopyge] on groundnuts, *Arachis* **hypogaea.** 102341
Changes in free amino acids, carbohydrates, and proteins of maturing seeds from various **peanut** *(Arachis* hypogaea L.) cultivars. 095783
Systemic uptake and translocation of bavistin and calixin in **peanut** *(Arachis* hypogaea L.) seedlings. 101521

ARALIACEAE

Hydrangea [polonica] L. (Saxifragaceae) and Schefflera [dorofeevii] Forst. *(Araliaceae)* in the **Tertiary** of Poland. 098485

ARANDA

Yield and growth responses of [orchid hybrid] *Aranda* **Wendy** Scott [variety] to manurial treatments with NPK [nitrogen, phosphorus, potassium] and sawdust mulch. 104136

ARANEAE

Relationship between capture and reproduction rate in Cyrtophora citricola **Forskal** *(Araneae,* Araneidae). 102830
Drifting spiders or continents? Vicariance biogeography of the spider subfamily **Laroniinae** *(Araneae:* Gnaphosidae). 103200
Searching behaviour and tactochemical orientation in males of the wolfspider Pardosa amentata (Cl.) *(Araneae,* **Lycosidae).** 103084
A key and checklist of American spiders of the family Theridiisae north of **Mexico** *(Araneae).* 103162

ARANEIDA

Relationship between capture and reproduction rate in Cyrtophora citricola Forskal **(Araneae,** *Araneidae).* 102830

ARAUCARIA

Fomes annosus in Australia [Pinus radiata, Pinus elliotii, *Araucaria* **cunninghamii].** 101438
Evaluation of double thickness of bark of individual **Paranapines** *(Araucaria* angustifolia (Bert.) O. Ktze.) at breast height. 098046
An enemy of *Araucaria* **plantations** in the Ivory Coast [Bats]. 097876

ARBORETUM

The **National** *Arboretum* Library: NAL [National Agricultural Library] support aids research programs. 098441

ARBOVIRUSES

U.S.A.H.A. [United States Animal Health Association] committee on animal virus **characterization** *arboviruses:* value of the new taxomony. 097583
Arbovirus **surveillance** in six states during 1972 [Equines, mosquitoes, biting flies]. 097217

ARCHEOLOGY

Some pecularities of chemical composition of *archaeological* **wood.** 098355

ARCHITECTURE

Transmission electron microspore study of the spore **wall** *architecture* in the genus Inocybe (Agaricales, Basidiomycetes) [Fungi]. 098924
A practical example of utilizing acacia **wood** in *architecture.* 098206

ARCTIC

Aboveground biomass allocation, leaf growth, and photosynthesis patterns in tundra plant forms in *arctic* **Alaska.** 098834
Variability of the chemical composition of some herbs [and] flavoring vegetables] from the region north of the *Arctic* **Circle** [Parsley, dill, parsnip, celery]. 099573
Biochemical peculiarities of protected cultivation of vegetables in the region north of the *Arctic* **Circle.** 100380
Peculiarities of the chemical composition of radishes in the region north of the *Arctic* **Circle.** 100391
Cucumber and tomato varieties for protected cultivation north of the *Arctic* **Circle.** 101077
Biomass of soil mites (Acari) in *Arctic* **coastal** tundra. 103064
Supercooling in *arctic* **Collembola** in early summer. 103046
Oreas martiana (Hopp. & Hornsch.) Brid. In Spitzbergen: a monotypic genus new to the **European** *Arctic)* [Pteridophyta]. 098570
Pregnancy and nursing period in the *Arctic* **fox.** 096899
Pseudomonas aeruginosa. II. Occurrence in *Arctic* **foxes** (Alopex lagopus) on a Danish fur farm [Bacterial infections]. 097461
Living conditions of dragonfly [Odonata] larvae in *Arctic* **regions.** 103104
Migration of Sr90 [strontium isotope] in soil-plant cover of *subarctic* **tundra.** 098855

ARCTOSTAPHYLOS

Differential seed predation on two species of *Arctostaphylos* **[glandulosa,** Arctostaphylos glauca] (Ericaceae). 098835

ARGAS

The subgenus Persicargas (Ixodoidea: Argasidae: *Argas).* 25. **Effect** of temperature on diapause termination in female Argas (Persicargas) arboreus Kaiser, Hoogstraal and Kohls. 102922
Paralysis in chickens caused by larvae of the poultry tick, *Argas* **persicus.** 102555
Keterah virus infections in four species of *Argas* **ticks** (Ixodoidea: Argasidae). 102583

ARGASIDAE

Influence of the daily light cycle on the behavior of Argascooleyi **(Acarina:** *Argasidae).* 102582
The subgenus Persicargas (Ixodoidea: *Argasidae:* **Argas).** 25. Effect of temperature on diapause termination in female Argas (Persicargas) arboreus Kaiser, Hoogstraal and Kohls. 102922
Keterah virus infections in four species of Argas ticks **(Ixodoidea:** *Argasidae).* 102583

ARID

Solving the method of farming in the **"extremely** *arid"* areas of the north Bohemian region. 094366
An ecological exploration of an **extremely** *arid* tract of Rajasthan. 098809
Ecological management of *arid* **grazing** lands ecosystems. 100809
A note on the significance of Eucalyptus populnea for buffel grass [Cenchrus ciliaris] production in **infertile** *semi-arid* rangelands. 101006
Hidden waters in *arid* **lands.** 104296
Phosphorus fertilizers and the yield of spring wheat in the *arid* **steppe** of the North Kazakhstan. 104084
Application of silvicides in forest shelerbelts growing on *arid* **steppes.** 102158
MUSAT: SRA [moisture utilization in *semi-arid* **tropics:** summer rainfall agriculture] project. A data base serving agriculture in the semi-arid tropics. 094104

ARIETINUM

Inheritance of certain colour characters in gram **(Cicer** *arietinum* L.). VII. [Chickpeas]. 099121
The origin of chickpea **Cicer** *arietinum* L. [Genetic studies]. 099215
Effect of nitrogen, phosphorus and potassium fertilization on grain yield and phosphorus content of gram **(Cicer** *arietinum* Linn.) [chickpeas]. 100413
A study on fertiliser requirement of gram **(Cicer** *arietinum,* Linn) [Chickpeas] in Tripura. 103939

ARISTOLOCHIA

Semi-synthesis of *aristolochic* **acids** and their homologues. I. Degradation of glaucine to 3,4,6,7-tetramethoxy-phenanthrene-1-carboxylic acid—a study on the yield. 099738

ARMERIA
Breeding system and population structure of *Armeria* **maritima** (Mill.) Willd. on a zinc-lead mine. 099356

ARMILLARIA
Vertical distribution of *Armillaria* **mellea** [Fungi] rhizomorphs in soil. 100034

ARMORACIA
Influence of naphthoquinones on the in vitro activity of the peroxidase of horseradish *[Armoracia* **rusticana**]. 099504

ARMY
Irrigation—from *Army* **Ordnance** to agricultural research. 104276
US *Army* veterinarians in biomedical research: from seed to harvest. 097173

ARMYWORMS
Forecasting infestations of tropical migrant pests: the Desert Locust [Schistocerca gregaria] and the **African** *Armyworm* [Spodoptera exempta]. 102272
The synoptic weather in relation to an outbreak of the **African** *armyworm,* Spodoptera exempta (Wlk.) [Infestation of grasslands in Rhodesia]. 102333
In vitro inhibition of spermatogenesis by chemosterilants in the **cabbage** *armyworm,* Mamestra brassicae L. 102381
Role of oesophageal connectives in cuticular melanization in larvae of the *armyworm,* **Leucania** separata Walker (Lepidoptera: Noctuidae). 102827
Development of a nuclear polyhedrosis virus in midgut cells and penetration of the virus into the hemocoel of the *armyworm,* **Pseudaletia** unipuncta [Pest of products]. 102533
Increase in respiratory rate during feeding in larvae of the *armyworm,* **Spodoptera** exempta. 103076

AROCLOR
Interactions between polychlorinated biphenyls (PCBs) and soil microfungi. Effects of *Aroclor-1254* and other **PCBs** on Aspergillus flavus cultures. 104454

AROMATIC
Sucking inhibitory action of *aromatic* **amines** for the rice plant- and leafhoppers (Homoptera: Delphacidae, Deltocephalidae). 102284
The *aroma* of **cloudberries** (Rubus chamaemorus L.). 095989
Specificity of **cocoa** *aroma.* 095439
Synthesis of *aromatic* **compounds** by [the soil fungus] Eurotium echinulatum Delacr. 099485
Study on the volatile aromatic substances of pear fruits and their changes in the pre-harvest period and at different stages of maturity. II. **Development** of the *aromatic.* 100446
Aroma of **fruits.** 095892
Study of meat volatiles associated with *aroma* **generated** in a D-glucose-hydrogen sulfide-ammonia model system. 095690
Composition and properties of tar obtained at cellolignin thermolysis. VII. Determination of acid groups in compounds isolated from resin after birch wood thermolysis, and in **model** *aromatic* oxyacids. 098306
Aroma of **sherry** wines. 095884
About the chemical composition and nature of *aromatic* **substances** in muscat wines. 095969
The *aromatic* **substances** in grapes of the Vitis vinifera andsome interspecific hybrid varieties. 100447
Steam **volatile** *aroma* constituents of roasted coffee: neutral fraction. 095543
Study on the **volatile** *aromatic* substances of pear fruits and their changes in the pre-harvest period and at different stages of maturity. II. Development of the aromatic. 100446
Volatile *aromatic* substances in pear fruits and their changes during the preharvest period and at different stages of maturity. I. Volatile aromatic substances characteristic. 100450

ARRHENATHERUM
Control of smut (Ustilago perranans Rostr.) of French **ryegrass** *(Arrhenatherum* elatius L.) by seed treatment. 101579

ARROWLEAF
Arrowleaf and **Crimson** clover varieties for forage [Yields]. 100992

ARSENIC
Acid dissociation constants of *arsenic* **acid,** methylarsonic acid (MAA), dimethylarsinic acid (cacodylic acid), and N(phosphonomethyl)glycine (glyphosate). 102124
Pesticides and the environment: *arsenic* **compounds** (review of literature). 102741
The *arsenic* **content** of corn grain grown on a coastal plain soil [in Delaware] amended with poultry manure. 100162
Effect of trivalent and **pentavalent** *arsenic* on early developmental stages of the chick embryo [Poisoning]. 097810
When it isn't one thing, it's another. *Arsenate* **soil** residues aren't the only reason apple replants fail [Diseases of unknown etiology]. 101831

ARTEMISIA
Karyosystematics of certain solonchak species of sagebrush *[Artemisia],* **subgenus** Seriphidium (Bess.) Rouy. 098539
Intraspecific taxonomy of *Artemisia* **terraealbae** Krasch. 098615
Antimicrobial activities of the essential oils of Artemisiaabsinthium Linn, *Artemisia* **vestitia** Wall, and Artemisia vulgaris Linn [against bacteria and fungi]. 099796

ARTERIOLES
Fluroescence histochemistry and autoradiography of adrenergic nerves in the renal juxtaglomerular complex of mammals and man, with special regard to the **efferent** *arteriole.* 096305

ARTERY
Action of sympathetic nerves on inner and outer muscle of sheep **carotid** *artery,* and effect of pressure on nerve distribution. 096464
An additive effect of cold exposure and hypoxia on **pulmonary** *artery* pressure in sheep. 096539
Population dynamics of *arterial* **smooth** muscle cells. V. Cell proliferation and cell death during initial 3 months in atherosclerotic lesions induced in swine by hypercholesterolemic diet and intimal trauma. 096674
Comparative anatomy of the Korean native goat. V. *Arterial* **supply** to the abdominal viscera. 1. 096552
In vitro response of ovine and bovine **uterine** *arteries* to prostaglandin F2 alpha and periarterial sympathetic nerve stimulation. 096880

ARTHRITIS
Pneumonia and *arthritis* in **gnotobiotic** calves following inoculation with Mycoplasma agalactiae subsp bovis. 097665
Calfhood diseases *[Arthritis,* **pneumonia,** scours]. 097335

ARTHROBACTER
Colonization of soil by *Arthrobacter* and **Pseudomonas** under varying conditions of water and nutrient availability as studied by plate counts and transmission electron microscopy. 103703

ARTHROPODA
Arthropod **alkaloids.** 102924
Arthropod **food** chain energetics in a Missouri tall grass prairie. 102317
Biochemical parallelisms of repellents and attractants in higher **plants** and *arthropods.* 099963
Can ectoparasites be a regulating factor for a wildlife **population?** *[Arthropoda].* 102568
Polarized light **sensitivity** in *arthropods.* 103107
A preliminary study of **soil** *micro-arthropods* from a Himalayan grassland biome [Acarina]. 103767

ARTICHOKES
Distribution of [nematode] Longidorus attenuatus Hooper in **Apulian** *artichoke* fields and its relationship with artichoke Italian latent virus. 101761
Development of the world production of *artichokes.* II. **France,** Algeria, Spain. 101021
Distribution of [nematode] Longidorus attenuatus Hooper in Apulian artichoke fields and its relationship with *artichoke* **Italian** latent virus. 101761
Nematode [Longidorus attenuatus] trasmission of the causal agent of chicory chlorotic ringspot, a strain of *artichoke* **Italian** latent virus. 101762
Specific association of *artichoke* **Italian** latent virus withthe odontostyle of its vector,[the nematode] Longidorus attenuatus. 101763
Development of world production of *artichokes.* I. **Italy.** 101020
Effect of calcium on hyperhydric transformation of **Jerusalem** *artichoke* tissues grown in vitro. 100400
The influence of exogenous nicotinamide adenine dinucleotide on the oxidation of malate by **Jerusalem** *artichoke* mitochondria. 100490
The peculiarity of the respiratory metabolism of the **Jerusalem** *artichoke* (Helianthus tuberosus L.) leaves in case of combined effect of the inhibitors. 100611

ARTIFACT
Coating *artefacts* on pollen and other biological objects in scanning electron microscopy. 099025
Gas-liquid chromatography of ethyl **ester** *artifacts* formed during the prepatation of fatty acid methyl esters. 095479

ARUNDINACEAE
Seedling growth of four grasses [Lolium perenne, **Festuca** *arundinaceae,* Holcus lanatus, Poa trivialis]. 100218

ARUNDO
Giant **reed** *(Arundo* donax L.) as a forage-silage plant. 100980

ASCARIDIA
Experimental studies on (I) serum biochemical, (II) tissue histochemical changes inexperimentally infected chickens by different developmental stages of *Ascaridia* **galli** (Schrank, 1788). 097216
Effect of pyrantel tartrate on the third stage larvae of *Ascaridia* **galli** [in fowls]. 097599
Influence of Fortigro (Carbadox) [in the feed] on the reduction of *ascarid* **infection** in rats and piglets. 097440

ASCARIS
Anatomy and development of the somatic musculature of the **nematode** *Ascaris* [Swine, horses]. 097407
Crabtree effect with the intestine of *Ascaris* **suum** [Swine]. 097307

ASCLEPIADACEAE
Milkweed *[Asclepiadaceae]* **cardenolides** and their comparative processing by monarch butterflies (Danaus plexippus L.). 099964
A new species of Marsdenia R. Br. *(Asclepiadaceae)* from **south** India. 098680

ASCOBOLUS
Two Ascobolus [brassicae, *Ascobolus* **behnitziensis**] species from India [Fungi]. 098599

ASCOCARPS
Factors **influencing** *ascocarp* formation in Polystigma ochraceum [cause of almond leaf blight]. 101648

ASCOCHYTA
Infection rate of peavine [Lathyrus] by *Ascochyta* depending on the **phase** of development of plants and on the utilization of provocative conditions. 101346
Infection rate of vetch by leaf spot *[Ascochyta* **punctata**] with various methods of infection. 101345

ASCOMYCETES
Alterations of the phospholipids in a rhythmically growing mutant of Podospora **anserina** *(Ascomycetes)* [Fungi]. 099527
Aquatic *ascomycetes* from Lake Itasca, Minnesota [Fungi]. 098638
On Palaeosclerotium as a link between *Ascomycetes* and **Basidiomycetes.** 098715
Morphology and taxonomy of Vizella **interrupta** *(Ascomycetes:* Vizellaceae) [Fungi]. 098728

ASCORBATE
Hepatic 7alpha-hydroxylation of cholesterol in *ascorbate-supplemented* **guinea** pigs. 095144

ASCORBIC
Ascorbic **acid** and cholesterol: effect of graded oral intakes on cholesterol conversion to bile acids in guinea-pigs. 095057
Immunologic evidence that the gene for L-gulono-gamma-lactone oxidase is not expressed in animals subject to scurvy *[Ascorbic* **acid**]. 095202
Utilization of *ascorbic* **acid** curing post-embryonic development of chick skeletal muscle. 096353
Influence of *ascorbic* **acid** on selenium nutrition in the chick. 096716
The influence of extract of orange peel on the growth and *ascorbic* **acid** metabolism of young guinea-pigs. 096719
The activity of *ascorbic* **acid** and catechol oxidase, the rate of photosynthesis and respiration as related to plant organs, stage of development and copper supply [Oats, sunflowers]. 100056
Effect of seed soaking in *ascorbic* **acid,** succinic acid and cycocel on the yield of moong [Mung beans]. 101187
About the role of *ascorbic* **acid** and phenolic compounds in the resistance of roses to rust [Phragmidium disciflorum, Phragmidium tuberculatum]. 101338

ASCOSPORES
Hypoxylon **mammatum** *ascospore* germination and mycelial growth on bark and wood media from young branches of trembling aspen [Populus tremuloides]. 101377

ASEPSIS
The *Aseptic* **Compak** [for filling milk in cardboard cartons, dairy processing equipment]. 095644
Ultra-high temperature methods and the *aseptic* **filling** technique must be utilized in a much more rational manner [Dairyprocessing]. 095656
The *aseptically* **operating** form-, fill- and seal machine TFA 240 from Hofliger & Karg [Packaging of dairy products]. 095645

ASHES
Electron microprobe analysis as a test of the correlation of west **blacktail** *ash* with Mount St. Helens pyroclastic layer T [Soils]. 103814
Magnetochemistry of lignin. I. *Ash* **composition** of industrial lignin samples and influence of cations on their magnetic properties. 098338
Ash **composition** of plants in the northern taiga forest of the Urals [Pinus siberica, Pinus sylvestris, Picea obovata]. 100682
Studies into the effect of **fly** *ash* emission on broiler performance and health [Dust contamination of the chicken lung]. 097791
Multielement uptake by vegetables and millet grown in pots on **fly** *ash* amended soil. 099803
Light and the growth of *ash* **[Fraxinus** excelsior]. 098862
Intraspecific variability of **Manchurian** *ash* [Fraxinus mandshurica]. 098151
The storage of **shale** *ash* in store houses of a silo type. 104092

ASPARAGINASE
The role of carbon compounds in the regulation of *asparaginase* **biosynthesis** by various species of the genus Erwinia. 101691
Phytopathogens from the genus Erwinia—**producers** of *asparaginase*. 101690

ASPARAGINE
The effect of the concentration of glucose and *asparagine* and of the **carbon/nitrogen** ratio of the medium on fruiting body production by Coprinus congregatus [Fungi]. 099873

ASPARAGOPSIS
Volatile halogen compounds in the **alga** *Asparagopsis* taxiformis (Rhodophyta) [Essential oil]. 095462

ASPARAGUS
Know your *asparagus* **pests.** 101894
Particle shape of *asparagus* **virus** 2. 101728

ASPARTATE
Rate of transfer of C14 [carbon isotope] from dicarboxylic acids to the pentose phosphate cycle as a function of the ratio of malate and *aspartate* and **disposal** of the chloroplasts in C [carbon]-4 plants. 099996
Organelle-specific isozymes of *aspartate-alpha-ketoglutarate* **transaminase** in spinach leaves. 100547

ASPENS
Investigation of lignin form deciduous wood species. I. Investigation of *aspen* **lignin.** 098328
Some interactions of fire, prairie and *aspen* **[Populus** tremuloides] in northwest Minnesota. 098805
Classification of **quaking** *aspen* [Populus tremuloides] stands in the Black Hills and Bear Lodge Mountains. 098064
Development of unpollinated ovules of **quaking** *aspen* [Populus tremuloides]. 100677
Study of chemical composition of extractives in unbleached sulphite pulp obtained from sound and mixture of sound and **rotten** *aspen* wood. 098363
Study of composition extractives in sound and **rotten** *aspen* wood. 098364
Determination of organic acids in black alkaline solutions after **rough** *aspen* wood pulping. 098311
Propogation of *aspen* or **trembling** poplars [Populus tremuloides]. 098144
Hypoxylon mammatum ascospore germination and mycelial growth on bark and wood media from young branches of **trembling** *aspen* [Populus tremuloides]. 101377

ASPERA *see* **GALLIUM**

ASPERGILLUS
Effect of polyethyleneimine on certain fungi *[Aspergillus,* **Chaetomium,** Paecilomyces, Penicillum]. 099869
Assimilation of ammonia and growth of biotin **deficient** *Aspergillus* nidulans [Fungi]. 099707
Aflatoxin problem in corn [used for human food and animal feed] and possible solutions *[Aspergillus* **flavus,** toxicity]. 094902
Effect of controlled atmosphere storage on aflatoxin production [by the *Aspergillus* **flavus]** in high moisture peanuts (groundnuts). 095828
Aflatoxicosis *[Aspergillus* **flavus]** in poultry. 097839
A particulate chitin synthase from *Aspergillus* **flavus** Link [Fungi]: the properties, location, and levels of activity in mycelium and regenerating protoplast preparations. 099626
Effect of fungal staling growth products on growth behaviour of [lentil] rhizosphere microfungi [Trichoderma harzianum, *Aspergillus* **flavus,** Penicillium rubrum]. 099708
Release and regeneration of protoplasts from the conidia of *Aspergillus* **flavus** [Fungi]. 100032
Growing season and location effects on water uptake and drying rates of peanut seeds from genotypes resistant and susceptible to invasion by *Aspergillus* **flavus** Lk. ex. Fr. 101313
Aflatoxin contamination, fluorescence, and insect [Sitophilus oryzae] damage in corn infected with *Aspergillus* **flavus** before harvest. 101389
Research on the structure of the groundnut seed coat and its influence of the penetration of *Aspergillus* **flavus.** 101508
Aspergillus **flavus** and aflatoxin in Iowa corn before harvest. 101610
Field accumulation of aflatoxin [by *Aspergillus* **flavus]** in cottonseed as influenced by irrigation termination dates andpink bollworm [Pectinophora gossypiella] infestation. 104258
Interactions between polychlorinated biphenyls (PCBs) and soil microfungi. Effects of Aroclor-1254 and other PCBs on *Aspergillus* **flavus** cultures. 104454
Cystine aminopeptidase (oxytocinase) activity in plasma and tissues of normal and infected pregnant cattle [with *Aspergillus* **fumigatus].** 097223
Effect of tetrahydroquinoline derivatives on the growth of mold fungi [Aspergillus niger, *Aspergillus* **fumigatus,** Penicillium cyclopium]. II. N-alkyl substituted THQ and their nitro derivatives. 099870
Partial synthesis of festuclavine [isolated from ergot parasitizing on grasses Agropyrum and Phalaris, from a culture of Claviceps gigantea and from *Aspergillus* **fumigatus,** Fungi]. 101390
Effect of dietary aflatoxin [produced by the **fungus** *Aspergillus* flavus] on fertility, hatchability, and progeny performance of broiler breeder hens [Aflatoxicosis]. 096642
Fractionation of a hemicellulase preparation of a culture of the **fungus** *Aspergillus* awamori strain 16 by gel filtrationon Sephadex. 099503
Studies on the distribution of 14C [carbon isotope]-malformin A [a potent plant growth regulator produced by the **fungus** *Aspergillus* niger] in major fractions of Phaseolus vulgaris L. [Kidney beans]. 100543
Biosynthesis of beta-fructofuranosidase by fungi of the **genus** *Aspergillus.* 099502
Mutants of *Aspergillus* **nidulans** [Fungi] lacking pyruvate kinase. 099218
Partial purification of methionine binding protein from *Aspergillus* **nidulans** [Fungi] by affinity chromatography. 099547
Genetic control of nutation process in *Aspergillus* **nidulans[Fungi].** II. Study of ultraviolet-induced mutagenesis in uvs strains. 099229
Comparison of fungal glucose oxidases *[Aspergillus* **niger,** Penicillium glaucum]. Chemical, physicochemical and immunological studies. 099540
Relative efficiencies of a soluble and immobilized two-enzyme system of glucose oxidase and catalase *[Aspergillus* **niger,** Fungi]. 099551
Repressible alkaline phosphatase in *Aspergillus* **niger** [Fungi]. 099712
Effect of tetrahydroquinoline derivatives on the growth of mold fungi *[Aspergillus* **niger,** Aspergillus fumigatus, Penicillium cyclopium]. II. N-alkyl substituted THQ and their nitro derivatives. 099870
Inhibition of the metabolism of phytomacetous fungi *[Aspergillus* **niger]** and yeast fungi by natrium dehydrated acetate and by preventol. 099954
Fruit rot diseases of pomegranate new to Egypt *[Aspergillus* **niger].** 101531
Post-infection changes in apples due to *Aspergillus* **niger** van Tiegh. II. Organic acids. 101534
Studies on the production of mycotoxins and their quantitative determination. 5. On the synthesis of ochratoxin A and penicillic acid by *Aspergillus* **ochraceus** [Fungi] in. 094888
Inhibition of growth and aflatoxin production of *Aspergillus* **parasiticus** [Fungi] by citrus oils. 094940
Enzymatic conversion of sterigmatocystin into aflatoxin B1 by cell-free extracts of *Aspergillus* **parasiticus** [Fungi]. 099512
Effect of acetone on production of aflatoxins and versicolorin pigments by resting cell cultures of *Aspergillus* **parasiticus.** 101494
Production of aciduric amylases by molds *[Aspergillus,* **Penicillium,** Rhizopus]. 099491
Mycotoxins in foodstuffs. VI. Formation of sterigmatocystin in bread by *Aspergillus* **versicolor** [Fungi]. 094945

ASPERULA
Asperula **arvensis** L., new host for Heterodera gottingiana Liebscher [Nematodes]. 101957

ASPIRATION
Aspiration of **bone** marrow using EDTA [ethylenediamine tetracetic acid] fortified serum [Smears]. 097135

ASSESSMENT
Assessed **income** and expenditures of farmers during 1974. 094413

ASTERACEAE
Alkaloid-like compounds in the plants from the family **Compositae** *(Asteraceae).* II. The tribe Heliantheae. 099726

ASTEROIDS
Soil transmission of **Petunia** *asteroid* mosaic strain of tomato bushy stunt virus. 101774

ASTERS
Investigation on the effect of macronutrients and times of fertilization on the yield of cut flowers of **China** *aster* (Callistephus chinensis (L.) Nees). 103896
Investigations into the effect macronutrients and of times of fertilization on the seed yield of **China** *aster* (Callistephus chinensis (L.) Nees). 103899
Environmental effects on the percentage of stainable and presumed normal pollen in *Aster* **(Compositae).** 099473

ASTRAGALUS
Development of the sporoderm in *Astragalus* **albicaulis** DC. 099016
Metabolism of Na2 75SeO4 [sodium selenate] in *Astragalus* **bisulcatus** lima bean, and wheat: a comparative study [Incorporation of selenium]. 099834
Notes on the taxonomy of some species of the **genus** *Astragalus* L. from the flora of Turkey. 098756
Effects of locoweed *[Astragalus* **lentiginosus]** toxin on rats. 097778
Astragalus **rubtzovii** Boriss.—a glacial relict from Tien-Shan. 098533

ASTROPHYTUM
Growth forms of *Astrophytum* **coahuilense** (Moeller) Kayser. 099011

ASYMMETRY
Expected *asymmetry* of phylogenetic trees. 099409
Further notes on the behavior of **induced** *asymmetric* in dyads in the male of Drosophila melanogaster. 103055

ASYNCHRONOUS *see* **SYNCHRONIZATION**

ATHALIA
Causes and role of diapause of rape **sawfly** *(Athalia* colibriChrist., Hymenoptera Tenthredinidae). 102350

ATHEROGENESIS
Atherosclerotic lesions produced in baboons by feeding an *atherogenic* **diet** for four years. 095053
Atherogenic **hyperlipoproteinemia** induced by cholesterol feeding in the Patas monkey. 095022

ATHEROSCLEROSIS
Pathogenesis of *atherosclerosis;* some **advances** from using animal models [Solid diets]. 095056
Experimental **canine** *atherosclerosis* and its pevention. The dietary induction of severe coronary, cerebral, aortic, and iliac atherosclerosis and its prevention by safflower oil. 097741
Dietary disaccharides in **experimental** *atherosclerosis* in rhesus monkeys. 095054
Experimental *atherosclerosis* in rabbits fed cholesterol-free diets. 5. Comparison of peanut, corn, butter, and coconut oils. 095055
Experimental canine atherosclerosis and its pevention. The dietary induction of severe coronary, cerebral, aortic, and **iliac** *atherosclerosis* and its prevention by safflower oil. 097741
Atherosclerotic **lesions** produced in baboons by feeding an atherogenic diet for four years. 095053
Population dynamics of arterial smooth muscle cells. V. Cell proliferation and cell death during initial 3 months in *atherosclerotic* **lesions** induced in swine by hypercholesterolemic diet and intimal trauma. 096674
Atherosclerosis - **part** IX: the coronary drug project. 095070
Effect of some wheat mill-fractions on blood and liver lipids in cholesterol-fed **rats** *[Atherosclerosis].* 095035
Dietary-atherosclerosis **study** on deceased persons. 095124

ATMOSPHERE
The single-scattering albedo of *atmospheric* **aerosol** particleas a function of relative humidity. 094060
Response of ornamental plants to chlorine contamination in the *atmosphere* **[Air** pollution injuries]. 102020
Vertical profiles of *[atmospheric]* **carbon** dioxide concentration in stable stratification. 093965
A system for exposing plants [Lolium perenne] to *atmospheres* **containing** low concentrations of sulphur dioxide [Injury]. 101926
Effect of **controlled** *atmosphere* storage on aflatoxin production [by the Aspergillus flavus] in high moisture peanuts (groundnuts). 095828
Changes in the marketable qualities of apple fruits from the Jonathan, Golden Delicious and Red Delicious varieties stored in **controlled** *atmosphere.* 095896
Controlled *atmospheres* for fresh vegetables and fruits—why and when [Storage]. 095900
Controlled *atmosphere* storage of Eastern-grown peaches and nectarines. 095934
Postharvest effect of modified levels of carbon monoxide, carbon dioxide, and oxygen on disorders and appearance of head lettuce [during transportation in **controlled** *atmosphere].* 101923
Development of automatic systems with many links for operation of **controlled** *atmosphere* [Storage] structures. 103365
Atmospheric **electricity** and ionized condition of the air layer directly above the land surface as ecological factors of environment [for forest trees]. 098148
Effect of *atmospheric* **electricity** on plants. 099603
[Insect] flight behaviour and features of the *atmospheric* **environment.** 103116
Studies on the disease inducing experiments by using a shaking culture apparatus of Nori (Porphyra) [Algae] with *controlled-atmospheric* **exposure.** On the relationships between the exposure and the occurrence of disease and its process. 101867
The influence of *atmospheric* **gases** on growth and toxin production of sterigmatocystin and patulin-producing molds. 094947
Increased *atmospheric* humidity post pollination: a possible aid to the production of inbred line seed from mature flowers in the Brussels sprout (Brassica oleracea var. gemmifer. 099190
A preliminary investigation of aerosols in the *atmosphere* of **Minia** [Air pollution]. 104439
Reduction of acetylene by stationary cultures of free-living Rhizobium sp. under *atmospheric* **oxygen** levels [Nitrogenfixing bacteria. 103719
Growth of perennial ryegrass (Lolium perenne L.) exposed to a low concentration of sulphur dioxide *[Atmospheric* **pollutant].** 101927
Atmospheric **pollution** of the Paris region by cadmium. 104440
Atmospheric **pollution** and urbanism. 104475
Atmospheric and **pressurized** refining of wood chips-laboratory scale studies **[Pulps].** 098240
Sensitivity of surface temperature and *atmospheric* **temperature** to perturbations in the stratospheric concentration of ozone and nitrogen dioxide. 104531
A comparison of experimental and theoretical spectra for photosynthetically active radiation at various *atmospheric* **turbidies.** 099469
Fungal spores of the **urban** *atmosphere* of Pavia; results obtained by the Petri dish reaction test [Fungi taxonomy, plant pathogens]. 098701

ATOMS
Atomic **absorptiometric** determination of nitrate in plant material. 100008
Determination of copper, iron, and manganese in milk with flameless AAS *[atomic* **absorption** spectrophotometry] and a survey of the contents of these metals in Swedish market milk. 095618
Determination of Fe, Cu, Ni, and Mn [iron, copper, nickel, manganese] in fats and oils by **flameless** *atomic* absorption spectroscopy. 095464
Utilization of the *atomic-absorption* **method** for the determination of the content of microelements in the soil and plants. 103791

ATOPY
Diagnosis and treatment of allergic inhalant **dermatitis** *(atopy)* [Dogs]. 097691

ATPASES
Effect of heat treatment on the *ATPase* **[adenosine** triphosphatase] activity of various sarcoplasmic reticulum preparations [Rabbit skeletal muscle]. 096343
Assembly of the motochondrial membrane system. XVI. Modifies form of the *ATPase* **[adenosinetriphosphatase]** proteolipid in oligomycin-resistant mutants of Saccharomyces cerevisiae [Yeasts]. 099717
Kinetic studies of *(Mg2+)ATPase* **[magnesium** adenosine triphosphatase] in oat roots. 100253
Phosphorylation of a low molecular weight polypeptide in beef heart Na+, *K+-ATPase* **[sodium** ions, potassium ions, adenosine triphosphatase] preparations. 096212
Kinetic studies of a (Na+ + K+ + Mg2+ [sodium, potassium, magnesium ions]) *ATPase* in **sugarbeet** roots. II. Activation by Na+ and K+ [sodium, potassium ions]. 100254

ATRACTOMORPHA
Karyotype differences in the crenaticeps-group of *Atractomorpha* **(Orthoptera,** Acridoidea, Pyrgomorphidae). 102891
Telomeric satellite DNA functions in regulating **recombination** *[Atractomorpha].* 102893

ATRAZINE
Residues of *atrazine* **(2-chloro-4-ethylamino-6-isopropylamino-s-triazine)** and its metabolites in chicken tissues [Pesticide residues in poultry and eggs]. 102714
Chronic toxicity of *atrazine* **[herbicide]** to selected aquatic invertebrates and fishes [Residue analysis, water pollution]. 102680
Effect of simazine and *atrazine* **[herbicides]** on maize and their residual effects on succeeding rabi crops. 102117

ATRIAL
Atrial **fibrillation** in the dog and cat. 097686

ATRIPLEX
Studies on structure in plant communities. VII. Field and experimental analyses of *Atriplex* **vesicaria** populations from the Riverine Plain of New South Wales. 098773

ATROPA
The effect of N & P [nitrogen, phosphorus] fertilization on the yield of green herb and alkaloid content of Belladona *[Atropa* **belladonna].** 104030

ATROPHY
Prevention of **infectious** *atrophic* rhinitis in swine with the vaccination of sows with Bordetella bronchiseptica [Bacterial infections]. 097326
Association of Bordetella bronchiseptica with the *atrophic* **rhinitis** complex of swine. 097507
Effect of dietary calcium and phosphorus on the incidence of *atrophic* **rhinitis** in pigs. 097738
Purulent leptomeningitis in experimental **swine** *atrophic* rhinitis. 097455

ATTAGENUS
Nutrient reserves in starving black carpet beetle *[Attagenus* **megatoma]** larvae infected with the eugregarine Pyxinia frenzeli [Pest of stored products]. 103029
The survey on the insect fauna in filature factories [Anthrenus verbasci, *Attagenus* **piceus,** Dermestes ater, silk pests]. 102542

ATTRACTANTS
Analysis of electroantennogram in the studies of *attractants* of **codling** moth [Carpocapra pomonella]. 102268
Introductory research on the **food** *attractants* and repellents for the beetles of the granary weevil (Sitophilus granarius L.). 102541
Effects of side chain modification on the activity of propyl cyclohexaneacetate as an *attractant* to the **German** cockroach [Blattella germanica]. 102997
Biochemical parallelisms of repellents and *attractants* in **higher** plants and arthropods. 099963
Studies of Aedes triseriatus **oviposition** *attractants* produced by larvae of Aedes triseriatus and Aedes atropalpus (Diptera: Culicidae). 102589
Electroantennographic and field resonses of the pea moth, Cydia migricana, to **sex** *attractants* and related compounds. 102456
Analysis of pheromones and other compounds controlling insect behavior **[synthetic** *attractants].* 102220

AUCUBA
Additional notes on cytotaxonomy of *Aucuba* **japonica.** 098634

AUDITORY
Functional characteristics of two **central** *auditory* neurons of the cricket [Gryllus bimaculatus] (Orthoptera, Gryllidae). 103053
Models of two types of *auditory* **interneurons** in the cricket (Gryllus bimaculatus Deg.). 103051
The spectrum of the calling signals, phonotaxis, and the *auditory* **system** in the cricket Gryllus bimaculatus. 102977

AUJESZKY
Diagnosis of the *Aujeszky* **disease** [cattle, swine]. 097303
Aujeszky's **disease** in France in 1975. 097590

AULACOPHORA
Studies on the excretion of carbohydrates in *Aulacophora* **foveicollis** Lucas. (Coleoptera: Chrysomelidae). 103130
Studies on the excretion in *Aulacophora* **foveicollis** Lucas (Coleoptera: Chrysomelidae): the rate of ejection of excretory material. 103131

AUREOBASIDIUM
Aureobasidium **pullulans** on wood shingles. 098218
Contribution to tree pathology. II. On *Aureobasidium* **pullulans** in plane trees [Acer pseudoplatanus, Epicoccum nigrum, Platanus]. 101601

AURICULARIA
The occurrence of trehalose in an earwig, **Forficula** *auricularia* L. (Dermaptera). 102898

AUTOCLAVE
Amino acid digestibility studies of *autoclaved* **rapeseed** meals using an in vitro enzymatic procedure. 096016

AUTOLYSIS
Autolysis in **axon** terminals of a new neurohaemal organ in the cockroach Periplaneta americana. 103118
Autolysis of **Streptococcus** cremoris [Dairy starter bacteria]. 095578

AUTOMATIC
Automatic **aerosol** dispensers and flies [Musca domestica, costs]. 102606
Automatic **analysers** in food control. II. Determination of milk components with automatic analyzer. 094831
Automatic door opener [adapted to the *automatic* **cup** remover] increases throughput [Milking equipment]. 103423
Automatic **determination** of mobile phosphorus and exchangeable potassium in soil extracts. 103785
Automatic **determination** of exchangeable ammonium in soil extracts. 103786
Automatic **door** opener [adapted to the automatic cup remover] increases throughput [Milking equipment]. 103423
Cell count in fresh and stored milk samples measured on the **Fossomatic** *automatic* cell counting instrument. 095603
Automatic **glasshouse** ventilation. 103381
Classification of Canadian oat cultivars by quantifying thesize-shape of their 'seed': a step towards *automatic* **identification.** 100749
A *semiautomatic* **laboratory** device for the determination of turbidity point [of liquid fatty acids]. 095431
Automatic **monitoring** of a circadian rhythm of change in light transmittance in Ulva [lactuca latissima]. 099942
The mechanization of transport in vinyl house. VII. *Automatic* **operation** of the inter-row transporting car. 103469
Semi-mechanical harvest of fruits (pears and apples) using *automatic* **platforms.** Results of observations made in work areas. 103409
Tube solarimeter and *automatic* **porometer** [Measurement of solar radiation and stomatal resistance]. 100005
Automatic **regulation** of hydraulic outwash of droppings and the microclimate in poultry houses. 103363
Synthesis of an optimal system of *automatic* **regulation** of the microclimate in vegetable storehouses. 103398
Automatic **regulation** of drying conditions for hay. 103515
Calculation of statical characteristics of sensors in systems of *automatic* **regulation** of power conditions for the operation of a tractor. 103518
Electrical system for *automatic* **regulation** of the engine and hydrostatic transmission of MT3 tractor. 103524
Transducer of the discharge of grain mass for *automatic* **regulation** of operating conditions for an electrostatic separator. 103556
Development of *automatic* **systems** with many links for operation of controlled atmosphere [Storage] structures. 103365
Two *semi-automatic* elutriators for extracting nematodes and certain fungi from soil. 103778
Studies of fluid pressure relaxation mechanism of power sprayer's regulator. III. On the *automatic* **utilization** under the trial pressure regulating method. 103580

AUTOMATION
Continuous monitoring, *automated* **analysis,** and sampling procedures [in water pollution control]. 104547
Electric fans and devices for their *automation* for **animal** husbandry prenuises in foreign countries. 103382
Automation of **cleaning** systems [Milking equipment]. 103424
An *automated* **colorimetric** method for the determination of urease activity in soil and plant material. 103721
Automation in the **designing** of land reclamation. 094164
The *automated* **determination** of carbohydrate. Development ofa method for available carbohydrates and its application to foodstuffs. 095486
Experimental *automation* concentration of the unsaponifiable matter in oils by liquid-liquid extraction. 095519
Evaluation of an *automated* **fluorescent** antibody procedure for detection of Salmonella in foods and feeds [Bacterial contamination]. 094806
Mechanical transport and *automated* **handling** of cheese at N. C.k. Meppel [Processing equipment]. 095642
Automation in **irrigation.** 103442
Automation in **irrigation.** 104315
Automation **keys:** the great beef dis-assembly plant. 095687
Automated and **manual** pyruvate determination in milk. 095614
Automation and **mechanization** of labor-consuming operations in protected cultivation of vegetables. 094219
Pork *Automation*—an innovation useful for swine feeding [Equipment]. 103596
Automated **system** of administration over the provision of farm production with chemicals [Fertilizers, pesticides]. 094274
Updating the success of an *automated* **tray** assembly line. 095343
Automation of the **unloading** of forage from storage on cattle farms. 103516
Instrumentation and *automation* of **wastewater** collection and treatment systems. 104559

AUTOMOTIVE
Students of the Department of *Automotive,* **Agricultural** and Conveying Engineering hand over valuable research results to industry [Field and soil equipment, East Germany]. 103645

AUTORADIOGRAPHY
Fluroescence histochemistry and *autoradiography* of **adrenergic** nerves in the renal juxtaglomerular complex of mammals and man, with special regard to the efferent arteriole. 096305
Autoradiographic **analysis** of macromolecular syntheses in prospectively necrotic cells of the chick limb bud. II. Nucleic acids. 096338
The applicability of grain **density** *autoradiography* to the quantitative determination of algal species production: a critique. 099853
Histochemical and *autoradiographic* **investigations** on the nucleolus in chicken ovopoesis. 096195
Nuclear DNA synthesis in meristematic root tip cells of some Citrus species [Lemons, mandarin oranges] *autoradiography* and **microspectrophotometry.** 100403
Identification of noradrenergic and serotonergic fibers in the median eminence : a *radioautographic,* **pharmacological** and microspectrofluorimetric study [Ducks]. 096196
Radioautographic **study** of protein synthesis during early embryogenesis of Leptinotarsa decemlineata Say (Coleoptera). 102852
Track *autoradiography:* a method for the determination of phytoplankton species productivity. 099854
Ulltrastructural *autoradiographic* study of the intracellular fixation of 3H [hydrogen isotope]-acrolein [in a unicellular alga, Dunaliella bioculata]. 099715

AUTOSOMES
The synthesis of **compound** *autosomes* in the Australian sheepblowfly Lucilia cuprina. 102866
The genetics of black larva, an *autosomal* **recessive** lethal mutation located on chromosome 3 in the mosquito Anopheles albimanus. 102865

AUTOTETRAPLOIDS
Mutation breeding of *autotetraploid* **Achimenes** cultivars. 099201
Selection for a qualitative trait in an *autotetraploid* **crop** [Coffee]. 099207
Theoretical analysis of the inheritance of characters in *autotetraploids* with **gene** linkage. 099299
Induced *autotetraploidy* in Zinnia elegans Jacq. 099159
Studies on the occurrence, cytology, fertility and breeding behaviour of aneuploids in **induced** *autotetraploid* Job's tears [Coix lacryma-jobi]. 099163

AUTUMN
Autumn **control** of pasture weeds. 102162
Cool season annual pasture mixtures as affected by *autumn* **irrigation** and nematicide in the wiregrass area [Culture]. 100757
Protection of a fruit orchard from pests and diseases in the *autumn-winter* **period.** 101940

Autumn **treatment** of seed fields with red fescue (Festuca rubra). 100993
Varieties of autumn yellow-seeded rape and *autumn* **turnip** rape. 100986
Impressions and results of seeding winter wheat with an airplane in the **wet** *autumn* of 1974. 100720
Varieties of *autumn* **yellow-seeded** rape and autumn turnip rape. 100986

AUXINS
Auxin **dependence** and auxin oxidase of cultured sycamore cells [Platanus]. 100632
The growth physiology of coleoptiles in continuous-record vessels: anomalous kinetics of cycloheximide action on *auxin-controlled* **growth** [Wheat]. 100261
Hyper-auxin **induced** by Ustilago maydis (DC) Cda on Zea may L. [Maize]. II. Post-infection variations in IAA [indoleacetic acid] oxidase, peroxidase and polyphenoloxidase [Loose smut]. 101602
Polarity and localization of *auxin* **movement** in the hepatic, Marchantia polymorpha. 099477
Auxin dependence and *auxin* **oxidase** of cultured sycamore cells [Platanus]. 100632
Role of *auxin* in the **regulation** of fruit ripening [Postharvest biology]. 095905
The possible role of *auxin* in **reversing** photoperiodic induction of flowering in a short-day plant, Chenopodium rubrum L. 100047
Biphasic response of cucumber hypocotyl **sections** to *auxin*. 100539
Manipulation of IAA [indoleacetic acid]-oxidase activity and *auxin-deficiency* **symptoms** in intact cotton plants with manganese nutrition. 100256

AVENA
Counteraction of phytochrome to the IAA [indole-acetic acid]-induced hydrogen ion excretion in *Avena* **coleoptile** cylinders [Oats]. 100281
Wild oats *[Avena* **fatua**]—again and again [Grain]. 102149
New spraying methods for [control of] wild oats *[Avena* **fatua,** grain]. 102153
Wild oats *[Avena* **fatua,** grain]. 102155
Wild oats *[Avena* **fatua**] in Vasterbotten and Norrboten counties. 102192
Development and nutrition of [the wild oat] *Avena* **ludoviciana** Dur. in experimental pots in response to soil moisture. 102078
Esters of indole-3-acetic acid from *Avena* **[oat]** seeds. 100277
Repeatability of regression stability indexes for grain yield of **oats** *(Avena* sativa L.) [Genetic crosses]. 099206
The genetics of naked **oats** *(Avena* nuda L.). 099212
The influence of source of photosynthate and sink size on grain yield in **oats** *(Avena* sativa L.). 100099
Wild oats *[Avena* **sativa**]—old and new remedies. 102165
Spread of wild oats *[Avena* **sativa**] in Norrland [Field crops]. 102191
Phase-locked loop technique to record resonance frequency of plant **tissue** *[Avena]*. 100258
The inhibitory action of cycloheximide on respiration of coleoptiles is relieved by light **[Triticum,** *Avena]*. 100263

AVIAN
Detection of four serotypes of *avian* **adenovirus** in New Zealand [Chicks]. 097253
Application of a microtiter cell-culture method to characterization of *avian* **adenoviruses** [Chicks]. 097249
Autoradiographical study of postnatal neurogenesis in the periventricular regions of the *avian* **brain** [Chicks]. 096321
Application of an agar gel precipitin test to the serodiagnosis of *avian* **chlamydiosis** [Chlamydia psittaci]. 097504
Chromosomal evolution in **Columbiformes** *(Aves)*. 096890
Ring structure of *avian* **egg** yolk. 096514
Emergence pattern of **egg-adapted** *avian* encephalomyelitis virus by alternating passage in chickens and embryos. 097257
Comparative effects of p,p'-DDT and commercial DDT, in intravitellin injections, on the germ population of *avian* **embryonic** gonads [Chicks, quails]. 102673
Susceptibility of chickens to *avian* **encephalomyelitis** virus. III. Behavior of the virus in growing chicks. 097457
Evidence for the multiple oncogenic potential of cloned leukemia virus: in vitro and in vivo studies with *avian* **erythroblastosis** virus [Chicks]. 097669
Anorexia as the probable cause of plasma alpha-lipoprotein changes seen in *avian* **erythroblastosis** [Chickens]. 097710
Species variability of N-terminal sequence of *avian* **erythrocyte-specific** histone H5. 096226
Enzymological studies on **hereditary** *avian* muscular dystrophy [Chickens]. 096423
An occurrence of *avian* **influenza** virus infection in laying chickens. 097248
Report of the subcommittee on *avian* **influenza** to the committee on transmissible diseases of poultry. 097572
Chicken egg yolk enhances focus formation by subgroup B, C and D Rous sarcoma viruses [Assaying for *avian* **leukosis** virus antibodies]. 097408
Extravascular cells within the perisinusoidal space of the *avian* **liver.** 096345
Hormonal control of vitellogenin synthesis in *avian* **liver** [Chickens]. 096485
Some observations on the epizootology and pathology of *[avian]* **lymphoid** leucosis and Marek's disease. 097450
Differential diagnoses in *avian* **medicine.** III. Diseases of the respiratory system. 097194
Evaluation of *avian* **mycoplasma** membranes as antigens [Mycoplasma gallisepticum and Mycoplasma synoviae, chickens]. 097258
A presumptive diagnosis of *avian* **necrotic** enteritis in the fowl (Gallus gallus domesticus) from Assam (India). 097245
Avian **reservoirs** of Newcastle disease [a major infection ofpoultry]. 097341
Inhibition of *avian* **sarcoma** virus replication by glucosamine: a specific effect on the synthesis and processing of viral proteins [Chicken fibroblasts]. 097670
Metabolism of *avian* **twitch** and tonus muscle [Quail, guineahen, broiler chicken]. 096313

AVIATION
The 5th **Agricultural** *Aviation* Congress, Sept. 1975 [on chemical control of pests, forest fires and insect vectors]. 102679

AVIDIN
Avidin [**Egg** white protein]. 095727
Partial purification of a progesterone-inducible messenger **RNA** *(avidin)* from hen oviduct. 096331
Partial purification of a progesterone-inducible messenger **RNA** *(avidin)* from hen oviduct. 096902

AVITAMINOSIS
Adrenal cortex and *avitaminosis* A. II. **Complementary** in vivo and in vitro studies about inhibition of corticoidogenesis in the rat. III. ACTH [adrenocorticotropic hormone]glycemia response as a test of adrenal activity. 095016

AVOCADOS
Flowering times of *avocados* in the **Murray** Valley. 100485
Control by the embryosac over pollen tube growth in the style of the *avocado* **(Persea** americana Mill.). 100514
Control of the honeydew moth, Cryptoblabes gnidiella Mill. (Lepidoptera: Phycitidae), with Bacillus thuringiensis Berliner in *avocado* **plantations.** 102457

AWARDS
1976 IFMA Silver **Plate** *Awards:* meet Frances McGlone, R.D. 095259
Abstracts of theses accepted for the *award* of **post-graduate** degrees in the University of Agricultural Sciences, Bangalore. 094084

AXENIC
Axenic **cultivation** of Phytomonas davidi Lafont (Trypanosomatidae), a symbiote of laticiferous plants (Euphorbiaceae). 098814
Glycerol uptake by the haustorial mycoparasite Tieghemiomyces parasiticus in *axenic* **culture.** 101375

AXIS
Rheograms for power-law [food] fluids using *coaxial* **cylinder** viscometers and a template method. 095420
Lesions in the ribosomes of non-viable pea (Pisum arvense) **embryonic** *axis* tissue. 100372

AXONS
The protein composition of bovine **myelin-free** *axons*. 096254
Autolysis in *axon* **terminals** of a new neurohaemal organ in the cockroach Periplaneta americana. 103118

AZALEAS
Importance of coverage when applying growth retardant **A-Rest** *[Azaleas]*. 100420
Rhododendron and *azalea* **culture.** 101207

AZINPHOS *see* **AZINPHOSMETHYL**

AZINPHOSMETHYL
Crystal and molecular structure of organophosphorus **insecticides.** 3. *Azinphos-methyl*. 102703

AZOTOBACTER
Maintenance of the properties of [the nitrogen fixing bacteria] *Azotobacter* **chroococcum** stored in a lyophilized farm. 103751
Role of *Azotobacter* **paspali** in association with Paspalum notatum. 099804

BABESIA
The probable role of *Babesia* **argentina** esterase in the in vitro activation of plasma prekallikrein [Calves]. 097660
Tick-borne livestock diseases and their vectors. 3. Australian methods of vaccination against anaplasmosis [Anaplasma marginale] and babesiosis *[Babesia* **argentina,** Babesia bigemina, Anaplasma marginale, cattle]. 102618
Comparison of indirect fluorescent antibody (IFA) with complement fixation (CF) tests for diagnosis of *Babesia* spp **infections** in Colombian cattle. 097637
Ultrastructure of *Babesia* **major** in the tick Haemaphysalis punctata [Calves]. 097609
Clinical, histologic, and histochemical study of imidocarb diproprionate toxicosis in goats [used against *Babesia* **rodhaini**]. 097777

BABESIOSIS
Tick-borne livestock diseases and their vectors. 3. Australian methods of vaccination against anaplasmosis [Anaplasma marginale] and *babesiosis* **[Babesia** argentina, Babesia bigemina, Anaplasma marginale, cattle]. 102618

BABOONS
Atherosclerotic lesions produced in *baboons* by **feeding** an atherogenic diet for four years. 095053

BACCHARIS
Further constituents from *Baccharis* **conferta** H.B.K. 099643

BACILLUS
Fog as a vehicle for dispersal of a microbial insecticide [the entomogenous **bacterium** *Bacillus* thuringiensis] in shelterbelts [to control Paleacrita vernata and Alsophila pometaria in Ulmus pumila]. 102499
Bovine *bacillus* tuberculosis [Mycobacterium bovis] of dairycattle treated by Mycobacterium chelonei and anergics of bovine tuberculosis. 097274
Bacillus **cereus** food poisoning. 094922
Microbiological detection of Nifurprazine in body fluids and tissues of cattle [Bacillus subtilis, *Bacillus* **cereus** mycoides]. 097675
Correlation between the exoprotease activity, sporulation, crystal-formation, and virulence of **local** *Bacillus* thuringiensis strains [Bacterial insecticides, biological control]. 102237
Bacillus **megaterium** as a possible source of protein. 095166
Tyzzer's disease in foals [caused by *Bacillus* **piliformis**]-**occurrence** in California. 097284
Microbiological detection of Nifurprazine in body fluids and tissues of cattle *[Bacillus* **subtilis,** Bacillus cereus mycoides]. 097675
The effect of *Bacillus* **subtilis** and Penicillium patulum on in vitro growth and pathogenicity of Rhizoctonia solani and Phytophthora cryptogea. 101699
Control of the honeydew moth, Cryptoblabes gnidiella Mill. (Lepidoptera: Phycitidae), with *Bacillus* **thuringiensis** Berliner in avocado plantations. 102457

BACON
The determination of hemoglobin and myoglobin residues as a parameter for testing heat exposure in **back** *bacon*. 094822
Dimethylnitrosamine and nitrosopyrrolidine [potent chemical carcinogens] in fumes produced during the **frying** of *bacon*. 094838
Crumbles contra meal for *bacon* **pigs.** Effect on daily gain, feed efficiency, carcass quality and on the oesophageal partof the stomach. 096601
The occurrence and growth of Clostridium spp. In **vacuum-packed** *bacon* with particular reference to Clostridium perfringens (welchii) and Clostridium botulinum. 094877

BACTERIA
The effect of some bacterial metabolic products on lactic **acid** *bacteria* [Pasteurized milk contaminants]. 095551
Use of X-ray and gamma-induced mutants of lactic **acid** *bacteria* in the manufacture of dairy products. 095632
Evaluation of *anti-bacterial* **action** of some medicinal plants used in the treatment of urinary tract infections. 099732
Fungicides used for control of peach scab [Cladosporium carpophilum] may **affect** *bacterial* wilt [Xanthomonas pruni]. 101689
New methods for the isolation and identification of **anaerobic** *bacteria* [Agents of animal diseases]. 097539
Bacterial **analysis** in the water of the pools of Moulin-de-Vert, Verbois, Geneva [Pollution]. 104631
Host animal efficacy and laboratory potency tests for non specific bacterins, mixed bacterins, and *bacterial* **antiserums.** 097564
Experimental studies of **Arizona** *bacteria* and their distribution with Salmonella typhimurium in breeding turkey herds. 097363
Evaluation of the collection entries of red and forage beets for resistance to *bacterial* **black** rot and fungus black leg. 101681
Morphological, cultural and biochemical characterization of Xanthomonas vesicatoria (Doidge) Dowson samples *[Bacterial* **blight,** tomatoes leaves]. 101686
Xanthomonas vesicatoria (Doidge) Dowson, on the tomato *[Bacterial* **blight].** 101688
Research on the relationship between yeasts and *bacteria:* **Candida** krusei, Candida tropicalis, Candida pseudotropicalis, Hansenula anomala and Corynebacterium pyogenes [Experimental genital pyobacillosis in rabbits]. 097646
Evaluation of screening techniques and determination of criteria for assessing resistance to Corynebacterium michiganense in tomato *[Bacterial* **canker].** 099180
Bacterial **canker** of bell pepper caused by Corynebacterium michiganense. 101702
Determination of *bacterial* **cholinesterase** activity on solid nutrient media [Soils, Arthobacter simplex cholinesterasus]. 103798

On the acclimatization in Italy of Leptomastix dactylopii (How.). Important parasite of Planococcus citri (Risso) [**Citrus** *bacterial* diseases, biological control]. 101693
Bacterial **competition** as a means of preventing neonatal diarrhea in pigs. 097377
Chemical manipulation of the heat resistance of Clostridiumbotulinum spores *[Bacterial* **contamination** of foods]. 094802
Comparison of enrichment procedures for fluorescent antibody and cultural detection of salmonellae in raw meat and poultry *[Bacterial* **contamination**]. 094803
Evaluation of an automated fluorescent antibody procedure for detection of Salmonella in foods and feeds *[Bacterial* **contamination**]. 094806
Heterogeneity of Staphylococcus aureus enterotoxin B as a function of growth stage: implications for surveillance of foods *[Bacterial* **contamination**]. 094807
The effect of cooking on the quantity of Escherichia coli in ground beef *[Bacterial* **contamination**]. 094913
The *bacterial* **content** of farm bulk milk tanks. 094825
Bacteriological **control** of meat. Proposals relative to the amendment of the existing legislation. 094827
Bacteriological **control** of canned processed cheese. 094828
Bacterial **degradation** of ethylene and the acetylene reduction test [Soil bacteria]. 103717
Gentamycin in canine clinical medicine [Antibiotics, *bacterial* **disease** control]. 097305
Diseases and plagues of mushrooms. II. *Bacterial* **disease.** 1. Literature and research. 101678
Diseases and plagues of mushrooms. II. *Bacterial* **disease.** 2. Bacterial disease in practice. 101679
Core-rot: a *bacterial* **disease** [Erwinia chrysanthemi, Erwinia carotovora carotovora] of carrots. 101703
Bacterial **diseases** of farmed fishes. 097628
[Fungal and *bacterial]* **diseases** of potato tubers [in storage] and their control [Comparisons of varietal resistance]. 101337
Brief review of [fungus and *bacterial]* **diseases** of grasses. 101340
[Fungus and *bacterial]* **diseases** of forage legumes, silage and root crops. 101359
Fungus and *bacterial* **diseases** of poppy [Papaver] in the Leningrad Region. 101641
Research on *bacterial* **diseases** of sorghum in Stavropol territory. 101695
Postharvest diseases of fresh fruits and vegetables—etiology and control [Fungal and *bacterial* **diseases**]. 101913
Fog as a vehicle for dispersal of a microbial insecticide [the **entomogenous** *bacterium* Bacillus thuringiensis] in shelterbelts [to control Paleacrita vernata and Alsophila pometaria in Ulmus pumila]. 102499
The requirements of **epiphytic** *bacteria* Pseudobacterium lacticum 392 [isolated from alfalfa leaves] in amino acids and vitamins of the B group. 099744
Dye reduction method for **estimating** *bacterial* counts in ground beef [Microbial contamination]. 094804
Methods for the *bacteriologic* **evaluation** of egg products. 094901
Bacteriological **examinations** of cervical mucus samples of mares within the framework of a survey on breeding hygiene in the warm blooded horses of the Hanover race, 1971-1975. 097488
Response of soybean cultivars to inorganic and *bacterial* **fertilizers.** 100133
Maintenance of the properties of [the nitrogen **fixing** *bacteria]* Azotobacter chroococcum stored in a lyophilized farm. 103751
Effect of high meat diet on *bacterial* **flora** and chemical components of human feces: a preliminary report [Health hazards]. 094909
Microbiological studies of Porphyra plants. IV. On the relation between the growth of the Porphyra plants [Algae] cultivated in the sea and the *bacterial* **flora** accompaying the plants [Symbiosis]. 098779
Use of deep **frozen** *bacterial* concertrations for the manufacture of different mild acid sour milk products. 095567
Antimicrobial activities of the essential oils of Artemisiaabsinthium Linn, Artemisia vestitia Wall, and Artemisia vulgaris Linn [against *bacteria* and **fungi**]. 099796
Relationship between changes in analytic procedures and *bacterial* **growth** in milk in farm and dairy tanks using continuous and discontinuous piping. 095606
Resistance of coffee plants to Pseudomonas garcae *[Bacterial* **halo** of coffee]. 101715
Characterization of Xanthomonas corylina (Miller et al.) Starr and Burkholder responsible for *bacteriosis* of the **hazel** tree [Corylus] recently observed in France. 101674
Comb foundations as carriers of *bacterial* **honeybee** diseases. 103294
Site of bacterial RNA synthesis in eggplant [Escherichia coli, Agrobacterium tumefaciens] protophloem after a *bacterial* **infection.** 101710
Control of group B streptococcal mastitis [Dairy cattle, *bacterial* **infections**]. 097323
Prevention of infectious atrophic rhinitis in swine with the vaccination of sows with Bordetella bronchiseptica *[Bacterial* **infections**]. 097326
Coordinating laboratory mastitis inspection *[Bacterial* **infections**]. 097446
Vaccination research involving Escherichia coli and neonatal swine; a literature survey *[Bacterial* **infections**]. 097460
Pseudomonas aeruginosa. II. Occurrence in Arctic foxes (Alopex lagopus) on a Danish fur farm *[Bacterial* **infections**]. 097461
Fetal serology as an aid to diagnosis of bovine abortion *[Bacterial* **infections**]. 097521
Studies on the in vivo cellular reactions and fate of **injected** *bacteria* in Galleria mellonella and Pieris brassicae larvae. 103032
Correlation between the exoprotease activity, sporulation, crystal-formation, and virulence of local Bacillus thuringiensis strains *[Bacterial* **insecticides,** biological control]. 102237
Decomposition of soybean oligosaccharides by **intestinal** *bacteria.* VII. Alpha-galactosidase activity of a few other intestinal bacteria than Escherichia coli. 095224
Carbon metabolism of [Flavobacterium flavum] *bacteria* **isolated** from the Rhizosphere of lucerne and oats. 100244
Bacterial **leaf** nodule symbiosis in angiosperms with emphasis on Rubiaceae and Myrsinaceae. 099580
An epiphytotic of *bacterial* **leaf** and flower spot [Xanthomonas nigromaculans zinniae] of Zinnia. 101701
Bacterial **mastitis** in milk cows on small private farms. 097642
The effect of some *bacterial* **metabolic** products on lactic acid bacteria [Pasteurized milk contaminants]. 095551
Effect of small amounts of fluoride on the activation of several *[bacterial]* **microorganisms** [Milk, fermentation]. 095604
Nitrogen fixation with free-living *[bacterial]* **microorganisms.** 103846
Concentrations of **nitrifying** *bacteria* in sewages, effluents, and receiving stream and resistance of these organisms to chlorination. 104446
A study on the effect of certain phenolic acids and fumaric acid in soil on the development of paddy seedlings and **nitrogen-fixing** *bacteria.* 100049
Invalidity of the acetylene reduction assay in alkane-utilizing, **nitrogen-fixing** *bacteria* [isolated from soil]. 103705
Reduction of acetylene by stationary cultures of free-living Rhizobium sp. under atmospheric oxygen levels [**Nitrogenfixing** *bacteria.* 103719
Effectiveness of cross inoculation of clover with various strains of **nodular** *bacteria.* 100238
Regulation of nitrogen fixation by Rhizobia [root **nodule** *bacteria]* export of fixed N2 [nitrogen] as NH4 [Ammonium ions]. 099550
Isolation and characteristics of streptomycin-resistant mutants in Rhizobium japonica **[Nodule** *bacteria].* 103832
Crown gall [Agrobacterium tumefaciens] controlled in the field with a **nonpathogenic** *bacterium* [Agrobacterium radiobacter, stone fruit, biological control]. 101704
Microbiology—detection of *bacterial* **pathogens** and their occurrence [in polluted water]. 104567
Microbiological studies on **phytopathogenic** *bacteria.* III. Production of D-galactonic acid, 2-keto-D-galactonic acid, L-arabonic acid, and D-xylonic acid by Erwinia milletiae. 101697
Biological methods of control of [fungal and *bacterial]* **plant** diseases, their progress during the last 30 years, and their future. 101335
Role of *bacteria* and **protozoa** in the removal of Escherichiacoli from estuarine waters. 104451
Changes in **resident** *bacteria,* pH [hydrogen-ion concentration], sucrose, and invert sugar levels in sugarbeet roots during storage. 095767
Classification and virulence of **rice** *bacterial* leaf blight pathogen, Xanthomonas oryzae. 101709
Site of *bacterial* **RNA** synthesis in eggplant [Escherichia coli, Agrobacterium tumefaciens] protophloem after a bacterial infection. 101710
Ultrastructure of **rumen** *bacterial* attachment to forage cell walls. 096208
The isolation of a new, low-potential, iron-containing electron-transfer protein from **rumen** *bacteria.* 096228
Bacteriocins of Streptococcus bovis [Bovine and ovine **rumen** *bacteria].* 096289
Secondary *bacterial* hypersensitivity reactions in canine skin [Dogs]. 097703
Bacterial, **shelf** life, and consumer acceptance characteristics of chopped beef. 095366
Bacterial degradation of ethylene and the acetylene reduction test [**Soil** *bacteria].* 103717
N-Serve and its potential use in northern Idaho [for the conversion of ammonium nitrogen to nitrate nitrogen by inhibiting the activity of Nitrosomonas **soil** *bacteria].* 103938
Purification and physicochemical properties of superoxide dismutase from two photosynthetic microorganisms [Spirulina platensis, Algae, Rhodopseudomonas **spheroides,** *bacteria].* 099549
Autolysis of Streptococcus cremoris [Dairy **starter** *bacteria].* 095578
Cytochemical observations on the extracellular carbohydrate produced by Streptococcus cremoris [Dairy **starter** *bacteria].* 095581
Bacteriological **study** of six types of sausages made in Iran. 094917
A serological and *bacteriological* **survey** of canine brucellosis [Brucella canis] in Mexico. 097310
Study of the spread urea of the pathogens of fruit **tree** *bacterial* diseases in the USSR. 101682
Bacteriologic and **vaccination** studies in a field epizootic of infectious bovine keratoconjunctivitis in calves. 097221
Assembly of spherical plant and *bacterial* **viruses.** 101740
Bacterial **wilt** in bean plants and the study of the varietal resistance to it. 101711
The detection and identification of Pediococcus and Micrococcus in berweries, using a serological method [spoilage **yeasts** and *bacteria].* 094878

BACTERICIDES

Role of divalent cations in *bactericidal* **action** of normal bovine serum to Brucella abortus strain 19. 097634
The metabolism of the *antibacterial* **agent** bronopol (2-bromo2-nitropropane-1,3-diol) given orally to rats and dogs. 097811
The percutaneous absorption and disposition of the *antibacterial* **agent** bronopol in rats and rabbits. 097812
Antibacterial **drugs** in food animals: their environmental impact. 094903
Experiments with insecticides, acaricides, fungicides and *bactericides* in **fruit** crops, 1973-74. 102049
Effect of *antibacterial* **inhibitors** on protein synthesis in isolated flight muscle mitochondria of the blowfly Lucilia cuprina: phylogenetic implications. 102942
Role of the phagocytose and evocation of **soluble** *antibacterial* factors in experimental immunization of Locusta migratoria. 102855

BACTERINS

Vaccination of cows with an Escherichia **coli** *bacterin* for the prevention of naturally occurring diarrheal disease in their calves. 097231
Host animal efficacy and laboratory potency tests for non specific bacterins, **mixed** *bacterins,* and bacterial antiserums. 097564

BACTERIOCINS

Bacteriocins of **Streptococcus** bovis [Bovine and ovine rumen bacteria]. 096289

BACTERIOLOGY

Beta-galactosidase activity by the enterococci [**Dairy** *bacteriology].* 095615

BACTERIOPHAGES

Characterization of Streptococcus **bovis** *bacteriophages* [in the rumen of sheep and cattle]. 096290
Some properties of *bacteriophages* **isolated** during production of cheese. 095608
Effect of aflatoxin B1 and rubratoxin B on *bacteriophage* and **rabbit** cornea cells [Biological assays]. 095997
Uptake of **single-stranded** *bacteriophage* DNA by isolated tobacco protoplasts. 100335

BACTEROIDES

A simplified method for the isolation of *Bacteroides* **nodusus** from ovine foot-rot and studies on its colony morphology and serology. 097391
An electron microscope study of *Bacteroides* **nodusus** [isolated from cases of ovine foot rot]: ultrastructure of organisms from primary isolates and different colony types. 097392

BAGASSE

Drying *bagasse* using boiler flue gas. 095837
Bagasse **feeding** with plows and belt conveyor [Processing]. 095836
Hydrolysis of pentosans in *bagasse* **pith** [Sugarcane]. 095817
Multistage pulping **process** with *bagasse.* 095417

BAGGING

IBCs [intermediate bulk container]—a system to **end 'humping** *bags'* [Handling equipment for farm products]. 103413
Contribution to the determination of the nutritive value of forages. III. Estimation of the digestibility and the energy value by means of **nylon** *bags* digestibility. 096781

BAILS

The inclusion of a steel grating and drain on the cow platform of herringbone **cow** *bails.* 103331
Forty *bail* rotary milker. 103425

BAITS

Air **dropped** *bait* dispensers for attracting and killing the cotton boll weevil. 102343
Salmon eggs: *bait* and **food** [Preparing cavier for consumption]. 095061
The use of **traps** *baited* with live females as a tool for improving control programs of the spiny bollworm, Earias insulana Boisd., in cotton fields. 102347

BAKERS

Cenopalpus spinosus (Donnadieu) Pritchard & *Baker* and **Cenopalpus** musai n. sp. (Acari, Phytoptipalpidae) [Plant parasitic mites]. 103203
The classification of Oxytropis **immersa** *(Baker)* Bge formation in eastern Pamir. 098872
High fructose corn syrup new **sweetener** for the *baker.* 095403
Description of the third-instar larva of Monopsyllus **wagneri** *(Baker)* (Siphonaptera: Ceratophyllidae). 103174
Complete amino acid sequence of the heme-binding core in *bakers'* **yeast** [Saccharomyces cerevisiae] cytochrome b2 (L-(+)-lactate dehydrogenase. 099553
Fed batch culture of Saccharomyces cerevisiae: a perspective of computer control to enhance the productivity in *bakers's* **yeast** cultivation. 099565

BAKING

Participation of proteins in melanoidin-formation reactions during the *baking* of **bread.** 095763
Analytical and **cookie** *baking* characteristics of flours from several milling and grinding methods. 095768
Baking **studies** on the pin-milled and air-classified flour from four hard red spring wheat varieties. 095780

BALES

Determination of moisture and saleable mass (A.D. Weight) of *baled* **flash** dried pulps. 098285
Methodology of designing the mechanisms of a binding apparatus **[Hay** *balers].* 103621
Synthesis of the crank-rocker mechanism of the needle gear in a binding apparatus of a **hay** *baler.* 103634
Straw disposal with **high-pressure** *balers.* 103507
Small *bales* fight back. 103414
Contractors in cost competition1 *[Baling* **straw].** 094419
The efficient way of using **straw** *bales* [as growing medium] in greenhouse culture. 101200

BALSAM

Monoterpene variability on *balsam* **fir** (Abies balsamea (L.) Miller) provenances. 098125
Mycoplasmalike bodies observed in the plants of bottle gourd, chayote and *balsam-pear* **[Lagenaria** leucantha, Sechium edule, Momordica charantia] with witches'-broom [disease] in Taiwan. 101787

BAMBOO

The effect of electrocoating used in wood and *bamboo* **furniture** material. 098196
Kinetics of alkaline **pulping** of *bamboo.* 098288

BAMBUSA

Sulfate cellulose production from blends of Eucalyptus saligna wood small portions of *Bambusa* **vulgaris** var. vitatta chips. 098231

BANANAS

The effect of partial or complete replacement of farmyard manure on the growth and production of **Cavendish** *banana.* 103871
Bases for agricultural planning in Bento Valley [Culture of cotton, rice, sunflowers and *bananas* in **Luanda** Province]. 100955
Dispersal and recovery of natural pyrethrum micro droplets in *banana* **plantation** [Insecticide residues, drift, Aedes control]. 102561
Benomyl [fungicide] **residues** in *bananas.* 102753

BANGIACEAE

Nitrite-reducing activity of modified cytochrome c-553 from the red **alga** *Porphyra* yezoensis Ueda. 099922
Tracer experiments on the effect of micronutrients on the growth of *Porphyra* **[Algae]** plants. II. Manganese-54 and zinc-65 assimilation in relation to environmental factors. 099590
Effect of Heterosigma inlandica Hada, Hemieutreptia antiqua Hada and Eutrekptiella sp. on the growth of **Nori** *(Porphyra)* [Algae] in culture. I. 099589
Studies on the disease inducing experiments by using a shaking culture apparatus of **Nori** *(Porphyra)* [Algae] with controlled-atmospheric exposure. On the relationships between the exposure and the occurrence of disease and its process. 101867
Microbiological studies of *Porphyra* **plants.** IV. On the relation between the growth of the Porphyra plants [Algae] cultivated in the sea and the bacterial flora accompaying the plants [Symbiosis]. 098779

BANKS

Comments on the spider Saltonia **incerta** *Banks* (Agelenidae?). 103164
What to do with that *bank* **[Landscape** gardening]. 101039
Sodium hazard of stream waters in Tungabhadra River Valley Project **(left** *bank)* area [Irrigation water quality]. 104357
Kakhovka experimental wave suppressor system **[River** *bank* protection]. 104206
Streamco purpleosier willow [for **stream** *bank* erosion control]. 101042

BARBITURATES

Effects of 1,1,1-trichloroethane administered by different routes and in different solvents on *barbiturate* **hypnosis** and metabolism in mice. 097822

BARGAINING

Foresters and the **Faustian** *bargain*—a note on some possiblehazards of omnispecific woodchip harvesting in the humid tropics [Total forest harvesting and whole tree utilisation]. 097879

BARK

Bark **beetle** pheromones: production of verbenone by a mycangial fungus of Dendroctonus frontalis. 102964
Spruce [Picea] *bark* **beetles** (Coleoptera, Scolytidae) in the Latvian SSR. 102491
Root pathogens as agents predisposing ponderosa pine and white fir [Abies concolor] to *bark* **beetles** [Scolytidae, Fomes annosus]. 102492
Bark **beetles** [Ips typographus]—a risk to unbarked timber. 102519
Production of Nectria coccinea perithecia in culture on a natural medium [Agent of **Betula** *bark* disease]. 101654
Pycnometer method for obtaining wood and *bark* **chip** densities [Heptane displacement, pulpwood]. 098227
Changes in phospholipid contents in microsomal membranes in cortex of black locust [Robinia pseudoacacia] *bark* during **dehardening.** 099855
Composition and activity of the peroxidases in the gum, leaves and *bark* of **Fagara** [Zanthoxylum] coco of different ages. 100628
Evaluation of double thickness of *bark* of **individual** Paranapines (Araucaria angustifolia (Bert.) O. Ktze.) at breast height. 098046
An emergence trap for *bark-dwelling* **insects,** its efficiency and effects on temperature [Cydia pomonella]. 102910
Constituents of the *bark* of **Maloue tia** glandulifera. 100671
Fatty and waxy components of southern **pine** *bark*—amounts present as free extractives. 100688
Spruce *bark* as an indicator of sulfur dioxide immission [for air pollution control]. 104655
Hypoxylon mammatum ascospore germination and mycelial growth on *bark* and **wood** media from young branches of trembling aspen [Populus tremuloides]. 101377

BARLEY

Problems of methodology of cytological analysis of chromosome **aberrations** in *barley.* 099295
Experiences in the drying, pelletization and feeding of whole maize, *barley* and **alfalfa** plants in the People's Republic of Bulgaria. 096803
Initial material for **breeding** *barley* for resistance to powdery mildew [Erysiphe graminis]. 099090
Barley **breeding** for resistance to loose smut [Ustilago nuda] by using saturating crossings. 099266
Performance of **certain** *barley* varieties under rainfed conditions. 100856
Genetic behaviour of growth habit character and its relation with other agrinomic **character** in *barley.* 099060
Genetic behaviour of date of heading character and its genetic relation with other agronomic **characters** in *barley.* 099061
Studies on mixed cropping in Tarai region under unirrigatedconditions [Wheat, *barley,* **chickpeas,** linseed, Brassica juncea, mustard]. 100866
Ground, pelleted and **chopped** *barley* straw and protein levels in the diet of wintering beef cows. 096634
Total and yield-forming uptake of nutrients by *barley* and **clover** plants. 100232
Release of *barley-mildew* **conidia** [Erysiphe graminis] from shaken leaves. 101656
Take-all (Gaeumannomyces graminis (Sacc.) Arx & Olivier). Incidence in **continuous** *barley* growing and effect of tillage method. 101369
Radiation regime and the utilization of solar energy by *barley* **crops** under different levels of mineral nutrition. 100201
Reaction of *barley* **cultivars** to "yellow rust" (Puccinia striiformis West.). 101536
Effect of an addition of reducing and oxidizing agents on the amino acid composition of **Egyptian** *barley* wort. 095762
Purification of *malted-barley* **endo-beta-D-glucanases** by ion-exchange chromatography: some properties of an endo-barleybeta-D-glucanase. 095779
Changes in chloroplast lipids during the development of photosynthetic activity in *barley* **etio-chloroplasts.** 100251
Identification of N-terminal amino acids of protochlorophyllide-holochrome subunits of **etiolated** *barley* seedlings. 100171
Foliar application of nitrogenous **fertilizers** to *barley.* 104147
Counting techniques for Trichoderma viride conidia dispersed in *barley* **flour** inoculants [Biological control of parasitic fungi]. 101552
Genetic behaviour of some morphologic characters in *barley* and their **genetic** relations. 099062
Genetic efficiency of ethylenimine in relation to the time and temperature of storage of *barley* **grain.** 099402
Comparative study of the methods of determining the level of lysine in *barley* **grain.** 100305
Genetic pathogenicity of leafspot disease [Pyrenophora teres, Pyrenophora **graminea,** *barley].* 101661
Different levels of soil organic matter in desert soil and nitrogen fertilizer on yields and mineral composition of *barley* **grown** in the soil. 103924
Nonionic surfactant-soil interaction effects on *barley* **growth.** 100069
Physiology and genetics of ear emergence in barley and wheat. IX. Effect of low temperature during dark period on time of **heading** in *barley.* 100248
Morphological peculiarities of the embryo in wild species of *barley* **[Hordeum].** 098890
Study of amylases of germinating bajra (Pennisetum typhoides) [pearlmillet] and *barley* **(Hordeum** vulgare) varieties. 100109
Enzymic nature of the protein moiety of protochlorophyllide holochrome *[Barley,* **kidney** beans]. 099945
Partial resistance of *barley* to **leaf** rust, Puccinia hordei. III. The inheritance of the host plant effect on latent period in four cultivars. 099202
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. III. Ethylene production by wheat and *barley* **leaves** injured by fumigation with sulphur dioxide. 101995
Model trials for screening the H2O, CO2 and O2 [water, carbon dioxide, oxygen] permeatility of certain oil substances in regared to their suitability as antitranspirans *[Barley,* **maize].** 100105
Performance of some local and introduced wheat and **malting** *barley* cultivars under irrigated conditions in Egypt. 100715
Great strides in **malting** *barley* yields. 100921
Inoculation of *barley* with **mixtures** of buff and brown teliospores as an aid to screening for resistance to Ustilago nuda. 101556
Two segregating cytoplasmic **mutants** of *barley.* 099240
Characterisation of induced high protein and high lysine **mutants** in *barley.* 099335
Critical period in the ontogenesis of cereals in relation to temperature conditions *[Barley,* **oats].** 100185
Wheat and *barley* **plant** guide, 1976. 100954
Frequency of control plots in screening nurseries for protein content [Wheat, *barley,* **planting** distance]. 100769
Race-specific resistance of *barley* to **powdery** mildew [Erysiphe graminis]. 101349
Effect of sowing time of **rainfed** *barley* in relation to seed rate and seed soaking in Bundelkhand region of Uttar Pradesh. 100846
Effect of time of sowing, seed rate and seed soaking on grain yield of **rainfed** *barley.* 100847
Effect of rates and methods of nitrogen application on yield and yield attributes of **rainfed** *barley.* 103985
A new translocation in *barley* **resulting** in a cytologically market karyotype [Chromosomal mutations]. 099348
Scientific cultivation for high yields of wheat, *barley* and **rice.** 100754
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. II. Effects of nutrition andsoil reduction on the leaf injuries of crop plants caused by sulphur dioxide fumigation *[Barley,* **rice].** 101994
Life cycle, pathogenicity, histopathology, and host range of race 5 of the *barley* **root-know** nematode [Meloidogyne naasi]. 101931
Regulation of potassium absorption in *barley* **roots.** An allosteric model. 100280
Effect of dates of sowing and rates and times of N [nitrogen] application on the grain yield and malting and brewing quality of **2-row** *barley.* 100835
Histochemical study of incompatibility in hybridization of *barley* with **rye.** 099389
Effect of urea phosphate and liquid ammonium polyphosphate on the yield of *barley* and **rye** in a crop rotation. 104073
Nuclear methods for detecting root activity *[Barley,* in **screening** of genotypes]. 099310
Roles of the cer-j and cer-p loci in determining the epicuticular wax composition on *barley* **seedling** leaves. 099239
Uptake, distribution and metabolic fate of 3H [hydrogen isotope]-triforine in plants. I. Short-term experiments [Bean, tomato and *barley* **seedlings].** 101516
Uptake, distribution and metabolic fate of 3H- [hydrogen isotope]-triforine in plants. II. Long-term experiments [Tomato and *barley* **seedlings].** 101517
Correlation of features in *barley* **seeds** in relation to methods of grading. 100973
About the methodology of studying the resistance of *barley* to loose **smut** [Ustilago nuda]. 099077
Meloidogne naasi [nematode of wheat and *barley]* in **southern** Italy and Malta. 101972
Initial **spring** *barley* breeding material for obtaining high yielding varieties. 099092
The genetics of seedling resistance to leaf rust, Puccinia hordei Otth. in some **spring** *barley* cultivars. 099213
High-protein radiomutant forms of **spring** *barley.* 099293
Yield trends during take-all decline [caused by Gaeumannomyces graminis tritici] in **spring** *barley* and wheat grown continuously. 101370
Application of fertilizers in winter wheat and **spring** *barley* on southern Chernozems and dark Chestnut soils. 104057
Barley **straw** in pelleted diets for steers. 096624
Reconstitution of helical viruses other than TMV [tobacco rattle virus, *barley* **stripe** mosaic virus, winter wheat mosaic virus, potato virus]. 101743
Biometric characterization of site influences on the variety testing system as exemplified in Bavarian variety trials with winter wheat and **summer** *barley* from 1963 to 1972 [Yields]. 100719
Winter crops [wheat, *barley,* **sunflower** and mustard] in saturated soils of Sunderbans. 100827
The problem of inheritance of resistance to loose smut [Ustilago nuda (Jens.) Kell. et **Sw.]** by *barley.* 099114
The effect of gibberellin on change of some traits in forms of *barley* with different **types** of growth. 100331
Identificaion in *barley* **varieties** of features correlating with resistance to frit fly [Oscinella]. 102311
Nitrogen for newly evolved **varieties** of *barley.* 104000
Effect of *barley* **variety,** environment and malting technology on the amino acids of malt. II. 095775
Effects of nitrogen fertilizer on malting quality of widely **varying** *barley* cultivars. 095785
Attracting activity of developing fruits, seeds and the prospect of using it as a breeding character *[Barley,* **wheat].** 099245
Improvement of the methodology of *barley* and **wheat** emasculation [for breeding]. 099390
Physiology and genetics of ear emergence in *barley* and **wheat.** IX. Effect of low temperature during dark period on time of heading in barley. 100248
Puccinia striiformis in **wheat** and *barley.* 101332
Protein content and amino acid composition of *barleys* from the **world** collection. 095789

Gradual change in predominating isolates of *barley* **yellow** dwarf virus in New York [Aphids as disease vectors]. 101784
Inheritance of the duration of the vegetation period and the elements of *barley* **yield** structure in crossing varieties of different ecological and geographic origin. 099252
Prospects of forecasting the effectiveness of alteration of plant parameters and the evaluation of a maximum **yield** *[Barley].* 100200
Dependence of *barley* **yield** and the fractional composition of grain proteins from fetilizers and meteorological conditions. 100225
1975 report on Experiment Station variety tests—small grains: wheat, oats, *barley* **[Yields].** 100756

BARNS
Common **cow** *barns,* despite technical advantages in practice without future [Cooperation]. 094294
Renovating small **cow** *barns.* 103334
Experimental **cow** *barns* in light construction. 103338
A *barn* for **fattening** slaughter calves in Holland. 103351

BAROMETERS
Contract calf rearing: a *barometer* of **dairyfarmer** attitudes. 094223

BARORECEPTOR
Baroreceptor **effects** on renal and adrenal nerve activity [Rabbits]. 096179
Fine structure of *baroreceptor* **terminals** in the carotid sinus of guinea pigs and mice. 096304

BARREN
Barren **stalk** of corn grown in organic soils of eastern North Carolina [Soilborn biotic diseases of unknown etiology]. 102011

BARTLETT *see* PEARS

BASALTS
Effect of phosphate fertilizer on rice in soils **derived** from *basalt.* 104126
Influence of the clay fraction and its nature on the aggregation and physical parameters of *basaltic* **soils** of Malwa Plateau. 103762

BASIDIOMYCETES
Isolation and structure of mycosporine (P 310) extracted from fruit bodies of Stereum hirsutum (Willd. ex Fr.) Fr. *(Basidiomycete,* **Aphyllophorale)** [Fungi]. 099613
On Palaeosclerotium as a link between **Ascomycetes** and *Basidiomycetes.* 098715
Transmission electron microspore study of the spore wall architecture in the genus Inocybe (Agaricales, *Basidiomycetes)* **[Fungi].** 098924
Phenols as inductors of some *Basidiomycetes* **oxidases.** II. Electrophoresis on polyacrylamide gel of soluble protein and laccase from the mycelium of Coriolus versicolor [Fungi]. 099497
Dicellomyces **scirpi** *(Basidiomycetes)* [pathogen of Scirpus sylvaticus], new to Britain. 101646

BASIDIOSPORES
Ultrastructural characterization of the hilar appendix and *basidiospore* **surface** of Zelleromyces cinnabarinus (Hydnangiales) [Fungi]. 099050

BASINS
Triassic palynology of the **Carnarvon** *basin,* Western Australia. 098696
Effect of *basin* **characteristics** on the water regulating characteristics of watershed. 1. 104339
Tertiary lacustrine formations from **Kizilcahaman** *basin* (Anatolia, Turkey): pollen analysis, palaeoclimatology and stratigraphy. 098590
Schistosomiasis in the **Nile** *basin* [including Schistosoma bovis parasitic in cattle]. 097448
Vegetation of the **Nile** *basin.* 098820
Palynomorph guides of the Upper Devonian and Lower Carboniferous of the Amazonas and **Parnaiba** *basins* [New taxa]. 098494
Studies in the vegetational history of mid Wales. IV. Pollen analyses of some **Pingo** *basins.* 098830
Assimilable manganese content in ten soils of the Duero **River** *basin.* 103670
Evolution of bogs in the Vasyugan **river** *basin.* 103807
A flora of Bombacaceae of the **Tertiary** *Basin* of Fonseca, Minas Gerais [New taxa]. 098491
Results from, and recommendations for, the irrigation of winter wheat varieties on a Black Clayey soil in the **Thuringian** *Basin.* 104285
Building of small **water** *basins.* 103353

BATHOPHENANTHROLINE
Responses of Earlirose rice to iron, zinc, and BPDS *[bathophenanthroline* **disulfonate]** when grown on calcareous soil. 100158

BATS
Vampire **bats** and their effect on cattle production in LatinAmerica [as a rabies transmitter]. 097672
An enemy of Araucaria plantations in the Ivory **Coast** *[Bats].* 097876
Myobiid mites (Acarina, Myobiidae) parasitic on *bats* in **Japan.** I. Genus Calcarmyobia [japonica] Radford 1952 [New taxa]. 102553
Ultrasonic clicks produced by the peacock butterfly [Inachis io]: a **possible** *bat-repellent* mechanism. 102984
Vampire *bats* and their effect on cattle production in LatinAmerica [as a rabies transmitter]. 097672

BATTERIES
New spraying techniques for field crops [by using a hand-carried, *battery* **operated,** spinning disc sprayer]. 103646

BEAGLES
Contribution to the study of the electrocardiogram of the *Beagle* **dog.** 097199
Subcellular distribution of curium in *Beagle* **liver.** 096530

BEANS
Government involvement makes Brazil's [soy] *beans* an **attractive** alternative. Subsidies aid Brazilian expansion. 094623
Sclerotia populations of Sclerotinia sclerotiorum in different crop rotations *[Beans,* **beets,** maize]. 101324
Reducing severity of ozone damage to tobacco and *beans* by combining **benomyl** or carboxin with contact nematicides [Air pollution injuries]. 102019
Culture, physiology and quality *[Beans,* **bibliography].** 101048
Pathology *[Beans,* **bibliography].** 101844
A need to search for outcrossing mechanisms in *beans* **[Breeding].** 099068
Bean **breeding** program at CENA [Centro de Energia Nuclear na Agricultura]. 099069
Breeding *beans* for root-knot nematode [Meloidogyne incognita] resistance. 101843
Comparison of the effects of high levels of DTPA [diethylene triamine pentaacetic acid] and EDDHA [ethylenediamine di(o-hydroxyphenylacetic acid] on microelement uptake in **bush** *beans.* 100151
Excess EDDHA [ethylenediamine di(o-hydroxyphenylacetic acid] in the nutrient solution on iron uptake by **bush** *bean* plants. 100152
Iron-phosphorous interactions in **bush** *beans.* 100154
Bush *bean* mold control [Sclerotinia sclerotiorum, Botrytis cinerea]. 101325
Bean **canopy** structure influences white mold [Sclerotinia sclerotiorum] disease development. 101318
Seed size and planting time as preliminary factors on seedling emergence of some legume crops *[Beans* and **cowpeas].** 101046
Feasibility of microclimate modification for control of white mold [Sclerotinia sclerotiorum] **disease** of *bean.* 101321
Cost of production update for 1975 on sweetcorn for processing; red kidney, **dry** *beans,* apples for fresh and processing. 094370
The estimation of cross yield using early generation and parental yields in **dry** *beans* (Phaseolus vulgaris L.). 099211
1974 dry **edible** *bean* production cost in Scotts Bluff County, Nebraska. 094437
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO2 [carbon dioxide] fixation, CO2 compensation point [kidney] *bean* **embryo** respiration [Maize, wheat, sugarbeet]. 099947
A further study of the use of **faba** *beans* in swine rations. 096622
Beet pulp and **faba** *beans* in rations for lactating dairy cows. 096625
Studies with **faba** *beans* and cassava in pigs' diets. 096638
Hooked trichomes: a physical plant barrier to a major agricultural pest [Empoasca **fabae,** *beans].* 102470
Study of the effect of some mutagenes on the **field** *bean* seeds. 099305
Industrial technolgoy of **field** *bean* production. 100802
Studies on the productivity of Bulgarian and foreign varieties of grain legumes **[Field** *beans,* soybean, spring feed pea and chick pea]. 100804
Effect of eosin Y on the formation of local lesions and on the accumulation of callose in 'Samsun NN' tobacco and **French** *bean* leaves inoculated with tobacco mosaic virus. 101764
Bibliography: breeding and **genetics** *[Beans].* 099070
Home gardening & canning versus buying canned goods: costs for **green** *beans* and tomatoes. 095060
Degradation of carbaryl [pesticide] following thermal processing **[Green** *beans].* 102704
Properties of [mung] *bean* **hypocotyl** mitochondria isolated in a sucrose-phosphate medium. 100580
A modified Giemsa technique for **identifying** *bean* chromosomes. 099003
An information science approach to the study of communication system in the BIC *[Bean* **Improvement** Cooperative]. 101047
Production of phenols and phytoalexins in hypocotyls of *bean* **infected** with Fusarium solani f. phaseoli (Burk.) Snyd. and Hans. 101630
Occurrence of short particles in *beans* **infected** with the cowpea strain of TMV [tobacco mosaic virus]. I. Purification and characterization of short particles. 101814
Occurrence of short particles in *beans* **infected** with the cowpea strain of TMV [tobacco mosaic virus]. II. Evidence that short particles contain the cistron for coal-protein. 101815
Meristem culture in Phaseolus vulgaris **[Kidney** *beans].* 098886
Induced polyploidy in legumes. III. Phaseolus vulgaris L. **[Kidney** *beans,* varieties, meiotic chromosomes]. 098965
Interspecific hybridization between Phaseolus vulgaris and Phaseolus coccineus **[Kidney** *beans,* scarlet runner beans]. 099071
Results from **kidney** *bean* breeding at the Agricltural Research Institute Obraztsov Chiflik in Ruse after 1965. 099304
Enzymic nature of the protein moiety of protochlorophyllide holochrome [Barley, **kidney** *beans].* 099945
Amino acid patterns of **kidney** *beans* grown under different S[sulfur] and K [potassium] regimes. 100345
The influence of chlorocholine chloride (CCC) on the growth and leaf pigment content of Phaseolus vulgaris L. **[Kidney** *beans,* mustard] and Sinapis alba L. 100364
Aminoacylation of Phaseolus vulgaris **[kidney** *beans]* cytoplasmic, chloroplastic and mitochondrial tRNAsPro and tRNAsLys by homologous and heterologous enzymes. 100368
The I-D fluorescence transient: An indicator of rapid energy distribution changes in photosynthesis **[Kidney** *beans].* 100378
The distribution of the protein phaseolin in the intact plant and cultured tissues of Phaseolus vulgaris L. **[Kidney** *beans].* 100516
Studies on the distribution of 14C [carbon isotope]-malformin A [a potent plant growth regulator produced by the fungus Aspergillus niger] in major fractions of Phaseolus vulgaris L. **[Kidney** *beans].* 100543
Experiments on root formation. The effects of IAA [indoleacetic acid] and kinetin on the anatomy of the petiole of Phaseolus vulgaris **[Kidney** *beans].* 100557
Comparative biochemical studies on populations inbreds and lines of Phaseolus vulgaris **[kidney** *beans].* Activity and multiple molecular forms of cytochrome oxidase. Some considerations on mitochondrial complementarity. 100561
Comparative biochemical studies on populations, inbreds and lines of Phaseolus vulgaris **[kidney** *beans].* 2. Multiple molecular forms of acid phosphatase and esterase. 100562
Plantlet morphogenesis and the control of callus growth and root induction of Phaseolus vulgaris **[kidney** *beans]* with the addition of a bean seed extract. 100617
Study of the action and iteraction of **kidney** *bean* fertilization and irrigation under the conditions of the Agricltural Research Institute Obrastsov Chiflik in Ruse. 100805
Registration of a new red **kidney** *bean* [Variety]. 101052
A new approach to breeding for root-rot resistant light red **kidney** *beans.* 101317
Inheritance of resistance to angular leaf spot [Isariopsis griseola] in Phaseolus vulgaris L **[Kidney** *beans].* 101322
Potential sources of resistance to halo blight [Pseudomonasphaseolicola] of **[kidney]** *beans.* 101675
Calcium nutrition in Phaseolus vulgaris **[kidney** *beans]* in relation to its resistance to Erwinia carotovora. 101698
High levels of four heavy metals on the iron status of plants **[Kidney** *beans,* toxicity]. 101877
Iron chlorosis caused by MgCO3 [Magnesium carbonate, soybeans, **kidney** *beans].* 101878
Fertilization of **kidney** *beans* with micro- and macronutrient fertilizers. 103963
Rationalizing the system of soil cultivation in **kidney** *bean* growing. 104193
Effect of zinc on the content of gibberellin-like substances in *bean* **leaves.** 100575
14CO2 [carbon dioxide isotope] uptake and photosynthetic products of *bean* **leaves** after 0.5 or 10 hours pretreatment of plants with 100% O2 [oxygen] in light. 100618
Metabolism of Na2 75SeO4 [sodium selenate] in Astragalus bisulcatus **lima** *bean,* and wheat: a comparative study [Incorporation of selenium]. 099834
Race D of Phytophthora phaseoli [Blight of **lima** *beans].* 101561
Relative efficiency of nitrogenous fertilizers on **lima** *beans.* 104002
The involvement of the protonmotive ubiquinone cycle in the respiratory chain of higher plants and its relation to the branchpoint of the alternate pathway **[Mung** *beans].* 100418
Studies on the proteins of green gram **[Mung** *beans].* 100460
Inhibition of ethylene production by cobaltous ion **[Mung** *beans,* apples]. 100546
Partial characterization of a protease inhibitor which inhibits the major endopeptidase present in the cotyledons of **mung** *beans.* 100548
Yield potential of some **mung** *bean* (Phaseolus aureus) selections in Fiji. 101127
Effect of irrigation and row spacing on summer moong **[Mung** *beans].* 101186
Effect of seed soaking in ascorbic acid, succinic acid and cycocel on the yield of moong **[Mung** *beans].* 101187
Leaf blight of green gram **[mung** *beans]* caused by Curvulariaeragrostidis. 101406
Effects of salt stress on growth, nodulation and nitrogen fixation in cowpea and **mung** *beans.* 102006
Response of moong **[mung** *beans]* to graded levels of N [nitrogen] and P [phosphorus]. 104013
Mutation frequency in relation to M1 sterility **[Mungo** *beans,* cowpeas]. 099153
Adaptability in black gram (Phaseolus mungo L.) **[Mungo** *beans,* genotype X environment interaction]. 099221
Studies on seed coat toxicity to rhizobia of urid (Phaseolus mungo) **[mungo** *beans],* mung [beans] (Phaseolus aureus), and soybean (Glycine max). 102070
Effect of lime and molybdenum on the yield of urad **[Mungo** *beans].* 103975
Effect of P, N [phosphorus, nitrogen] and inoculum on root, nodulation and yield of gram **[Mungo** *beans].* 103984
Response of black gram **[mungo** *beans]* varieties to fertility levels. 104003
Registration of new **navy** *beans* [Varieties]. 101051

Potential for pea bean **(navy** *bean)* production in Georgia [Culture]. 101246
Metabolism of phaseollin by different races of colletotrichum lindemuthianum [a **pathogen** of *beans].* 101498
Potential for **pea** *bean* (navy bean) production in Georgia [Culture]. 101246
Effect of lincocin treatment on the greening process in [kidney] *bean* **(Phaseolus** vulgaris) leaves. 100527
Factors affecting Fusarium [solani phaseoli] foot and root rot of **Phaseolus** *beans.* 101320
Virulence of hungarian and standard strains of Pseudomonas phaseolicola on [kidney] *beans* **(Phaseolus** vulgaris L.). 101676
Induced mutation in [kidney] *beans* **(Phaseolus** vulgaris) to obtain varieties resistant to golden mosaic virus. 2. 101722
Studies on seed coat toxicity to rhizobia of urid (Phaseolus mungo) [mungo beans], mung *[beans]* **(Phaseolus** aureus), and soybean (Glycine max). 102070
Interaction of paramagnetic probes with membranes of the chloroplasts of higher **plants** *[Beans].* 100577
The role of the temperature factor in ontogenesis of *bean* **plants.** 100582
Bacterial wilt in *bean* **plants** and the study of the varietal resistance to it. 101711
Bean **recipes.** 095017
"Canario PF-210": a new rust [Uromyces phaseoli typica] **resistant** *bean* variety for the Peruvian central coast. 101319
Planned programming: application of a method for planning an agricultural enterprise located in the settlement of Luinga, municipality of Ambaca, district of Cuanza Norte, Angola *[Beans,* **rice** and sunflowers]. 094309
Phaseolus calcaratus **[rice** *beans]* and its problem in the breeding system [Varieties]. 099122
Effect of P [phosphorus], spacing and irrigation on the grain yield of mung *[beans]* after **rice** bean. 100842
Soil management for the control of *bean* **root** rot [Fusarium solani]. 101326
Interspecific hybridization between Phaseolus vulgaris and Phaseolus coccineus [Kidney beans, scarlet **runner** *beans].* 099071
A method for selfing Phaseolus coccineus (Lam.) [Scarlet **runner** *beans,* pollination]. 100358
The potential of Phaseolus coccineus [scarlet **runner** *beans]as* a grain legume in Great Britain. 101054
Plantlet morphogenesis and the control of callus growth and root induction of Phaseolus vulgaris [kidney beans] with the addition of a *bean* **seed** extract. 100617
Bulk cooling of harvested **snap** *beans.* 095869
Reduced tillage **snap** *beans.* 101050
Southern Cooperative **snap** *bean* variety trials. 101053
Performance of selected **snap** *bean* varieties under rust infestation. 101323
Snap *bean* rust [Uromyces phaseoli]—a continued threat. 101636
Snap *bean* insect pests. 102406
Snap *bean* fertilization studies. 103892
Tillage tests with sweet corn and **snap** *beans*—1975. 104165
Minimum tillage **snap** *beans.* 104231
Insects that bug your *beans* **[Soybeans,** pests, control]. 102358
Intraspecific differences in growth of *beans* at **stress** levels of phosphorus. 100479
Acetylcholine and synthesis of ethylene in etiolated [kidney] *bean* **tissues.** 100522
Uptake, distribution and metabolic fate of 3H [hydrogen isotope]-triforine in plants. I. Short-term experiments *[Bean,* **tomato** and barley seedlings]. 101516
Studies on a mosaic disease of **Urd** *bean* (Phaseolus mungo L.). 101775
Effect of maize density on the yield of *bean* **varieties** having different growth habits. 101049
Differential response of *bean* **varieties** to ordinary superphosphate. 103891
Effect of *bean* **variety** on nodule development and nitrogen fixation using a number of strains of Rhizobium phaseoli of Brazillian origin. 100359
Effect of infection with *bean* **yellow** mosaic virus on nucleic acid content of azak treated broadbean (Vicia faba L.) plants. 101720

BEAUTIFICATION

The evaluation, selection and increase of prairie wildflowers for **conservation** *beautification.* 101172
New wildflower varieties **released** *[Beautification].* 101123

BEAUVERIA

A mechanism of pathogenicity of *Beauveria* **brassiana** [Fungi] on larvae of the imported fire ant, Solenopsis richteri. 102246
The use of the **fungus** *Beauveria* bassiana (Bals.) Vuill for the [biological] control of a curculionid pest of pine trees. 102515

BEAVERS

Woody plants selected by *beavers* in the **Appalachian** Ridge and Valley Province [Injuries]. 102058

BEDS

The problem of efficient utilization of electric energy for heating **hot** *beds.* 103378
A fossil leaf of Akaniaceae from **Paleocene** *beds* in Argentina. 098579
A contribution to the knowledge of the [plant parasitic] nematode fauna in **pine** *seed-beds* of the Forest Experimental Farm, Siemianice, district Kepno. 102022
The behavior of heavy metals in soil-crop system. IV. The distribution and its change of mercury in *bed* **sediments** of river [Water contamination]. 104626
The behavior of heavy metals in soil-crop system. V. Contaminated bodies of mercury in *bed* **sediments** of river [Water polllution]. 104627
The ecological effects of physical damage from motor boats on turtle grass [Thalassia testudinum] *beds* in **southern** Florida. 098769
Excessive pressure drop through a *bed* of **stored** grain during aeration. 103339

BEECHES

Comparison of technologies of stem and assortment production in **mature** *beech* stands [Logging]. 098371
Winter dormancy in seedlings of **mountain** *beech* (Nothofagus solandri var. cliffortioides) near timber line. 100658
Effect of ethylene chlorohydrine upon wood components. III. Pulping rate and selectivity of action of ethylene chlorohydrine using *beech* **wood.** 098387

BEEF

A linear programming model and matrix generator for evaluating **alternative** *beef-forage* systems. 096798
The national outlook for the **Australian** *beef* industry. 094794
Volatile flavor components of *beef* **boiled** conventionally and by microwave radiation. 095691
Productivity of first-cross **Brahman** *beef* cows [Performance]. 096979
Use of electronic meat measuring equipment to measure cutout yield of *beef* **carcasses.** 095699
OCA [Ontario Cattlemen's Association] rejects marketing board *[Beef* **cattle].** 094494
No-waste feeding system *[Beef* **cattle].** 096045
Agricultural research: impact on *beef* **cattle.** 096129
Big scope for anabolic steroids *[Beef* **cattle].** 096222
Processed poultry waste compared with uric acid, sodium urate, urea and biuret as nitrogen supplements for *beef* **cattle** fed forage diets. 096700
Summer feeding of *beef* **cattle.** 096776
Effect of size, breed and sex upon feed efficiency in *beef* **cattle.** 096779
Recent results in the use of pellets containing straw in the feeding of *beef* **cattle.** 096812
Exotic breeds for *beef* **[cattle]** herds: preliminary results. 097015
Injuries and diseases of *beef* **cattle** at the time of calving and breeding. 097141
Prearranged herd health program—cow-calf enterprise *[Beef* **cattle].** 097185
Taenia saginata cysticerci in muscles of *beef* **cattle.** 097229
The control of outbreaks of leptospirosis in *beef* **cattle** by simultaneous vaccination and treatment with dihydrostreptomycin. 097574
Brisket edema: toxic weeds [Senecio] can cause disease in *[beef]* **cattle.** 097806
Creation of forage supplies for *beef* **cattle** pasture management]. 100886
Effect of short-chain fatty acids extracted from *beef* **cattle** manure on germination and seedling development [Phytotoxicity, wheat, sorghum]. 103894
Bacterial, shelf life, and consumer acceptance characteristics of **chopped** *beef.* 095366
A sequential model of the farm firm growth process *[Beef,* **computer** simulation]. 094663
The *beef* **cow-calf** enterprise in the Georgia Piedmont: a case study in conspicuous production. 094331
Cow-calf *beef* production on irrigated pasture and in drylot at Carrington [Irrigation Branch Station, grazing]. 096739
Automation keys: the great *beef* **dis-assembly** plant. 095687
The rationalization of the production of *beef* in the **district** of Ceske Budejovice. 094319
New strategy may **ease** *beef* risks [Marketing]. 094506
The influence of cow size, crossbreeding, slaughter weight, feeding system and environment on the energetic and economic efficiency of **edible** *beef* production. 095717
The behaviour of **farmed** *beef* bulls. 096488
Interregional price flexibilities: an application to the **fed** *beef* industry. 094614
Energy dynamics of the cow-calf unit on eastern Colorado sandhills **[Feeding** *beef* cattle]. 096778
High energy forage; the necessary ingredient in *beef* **finishing** on grass. 096734
Substitutability of **fractionated** *beef* tallow for other fats and oils in the food and confectionery industries: an economic evaluation. 095695
Georgia's *beef* cattle improvement program. 096892
Recent changes in *beef* **grades:** issues and analysis of the yield grade requirement. 094799
Beef **grading** and imperfect competition. 094919
Accepting the forage challenge [of supplying more *beef* with less **grain** feeding]. 094761
Consumer attitudes to a **ground** *beef-soy* mixture on the retail market. 094560
Dye reduction method for estimating bacterial counts in **ground** *beef* [Microbial contamination]. 094804
The effect of cooking on the quantity of Escherichia coli in **ground** *beef* [Bacterial contamination]. 094913
Behavior of selected food-borne pathogens in raw **ground** *beef.* 094918
The binding by an NAD [nicotinamide adenine dinucleotide] affinity matrix of contaminating dehydrogenases in *[beef* **heart]** cytochrome c oxidase preparations. 095688
Phosphorylation of a low molecular weight polypeptide in *beef* **heart** Na+, K+-ATPase [sodium ions, potassium ions, adenosine triphosphatase] preparations. 096212
Comparative studies on *[beef* **heart]** mitochondrial coupling factor B and FB. 096223
Effect of troponin component TN-C [rabbit skeletal muscle] on the inhibition of adenosine triphosphatase activities of mitochondria and chloroplasts by troponin component TN-I *[beef* **heart** mitochondria]. 099719
Sheep and *beef* on the **hill.** 096074
Industrial *beef* production in the USSR. 094790
The **new** *beef* grades: some effects on producers and consumers. 094883
Vacuum **packaging** *[Beef].* 095723
Beef **palatability** as affected by cooking rate and final internal temperature. 095137
Some statistical characteristics of **part-time** *beef* farming in the South. 094647
Permanent intervention, an insurance for the future *[Beef,* **prices].** 094595
Economic aspects of alternatives open to *beef* **producers** [Costs, returns]. 094452
Technology of milk and *beef* **production** on an industrial basis (methodological drafting for schools of qualification improvement). 094272
An enterprise competition analysis of *beef* **production** in the South. 094323
Implication of economic pressures on pasture management for *beef* **production** [Costs]. 094454
Quality forage for milk and *beef* **production** [Cattle]. 096042
An agro-economic investigation of *beef* **production** in the Matabeleland and Midlands provinces of Rhodesia. 096127
Some forms of fattening growing [Bulgarian Grey] cattle for *beef* **production.** 096830
Cross breeding for *beef* **production** using large dairy breed bulls. 096865
Experiences and results of pasture management in the Karl-Marx-Stadt district [Effects of grazing on milk and *beef* **production].** 100995
Determination of lead levels in *beef* **randomly** selected from supermarkets. 094938
Effects of freezing, frozen storage and thawing on selected characteristics of *beef* **steaks.** 095680
Meatless wonders?: there's talk of *beef* **strains** being 'mongrelized'; parallel seen in industry movement to current meattype swine [Breeding]. 096986
Influence of breed-type of cow on winter maintenance requirements [Kinsella Hereford, *Beef* **synthetic** and Dairy synthetic]. 096635
Thyroid-stimulating hormone binding to *beef* **thyroid** membranes. Role of N-acetylneuraminic acid. 096431
Further studies with straw diets for **wintering** *beef* cows. 096633
Ground, pelleted and chopped barley straw and protein levels in the diet of **wintering** *beef* cows. 096634

BEEHIVES

Use of artificial substances in **apiculture** *[Beehives].* 103315
Manufacture of the *beehive* **honey** chamber. 103302
Heat losses and *beehive* **humidity.** 103298
Our experience with different types of **mating** *beehives.* 103292
Productive [honeybee] colonies belong in **multiple-story** *beehives.* 103226
The matter of the **multiple-story** *beehive* in apiculture. 103314
Wintering of honeybees in **multiple-story** *beehives.* 103318
State standard and *beehive* **quality.** 103260

BEEKEEPING

A *beekeepers* **dream** comes true [Sweet clover as a honey plant, cultivation]. 101291
Covers *[Beekeeping* **equipment].** 103239
Pollination [contracts]—a team effort [Alfalfa seed crop **growers,** *beekeepers].* 103244
Clyde Friddle—West Virginia's **master** *beekeeper.* 103209
Beekeeping in **New** Hampshire. 103238
Main tasks of the *beekeeping* **organization** in the new year. 103301
How to continue in *beekeeping* with **supers.** 103299

BEERS

Trap filters as safeguards of *beer* **clarity** in Anheuser-Busch plants. 095416
Determination of carbon **dioxide** in *beer.* 095472
Studies on *beer* **haze** formation. I. Gas chromatographic profiles of beer: polyamide resin adsorbates. 095476
Studies on *beer* **haze** formation. II. Dimeric flavanoids observed in profiles of beer: nylon 66 adsorbates. 095477
Local and state protective **legislation** for *beer.* 094675
Studies on beer haze formation. II. Dimeric flavanoids observed in profiles of *beer:* **nylon** 66 adsorbates. 095477
Studies on beer haze formation. I. Gas chromatographic profiles of *beer:* **polyamide** resin adsorbates. 095476
Capital expenditures, *beer* **production** capacity up in 1976. 095410
Protecting *beer* quality by distributor cold storage. 095414
Recommended procedures for the simultaneous determination of anthocyanogens and catechins by **spectrophotometry** *[Beer].* 095415
Oxidation of *beer:* **2-trans-nonenal** and 2-trans-6-cis-nonadienal as decomposition products from a mixture of colneleic and colnelenic acids. 095413

Influence of the enzyme preparation protoryzin P10x on the fermentation vigor and increase in biomass of the yeast Saccharomyces carlsbergensis r. 776 growing in *beer* **wort.** 095400

BEES

An unknown **adult** *honeybee* disease [Apis cerana indica, clustering disease]. 103232
Relations between the average length of survival of **adult** *bees* (Apis mellifera L.) and the frequency of diseases, especially nosema, during the spring season. 103250
Larvae of African **allodapine** *bees.* 4. Halterapis, Compsomelissa, Macrogalea, and a key to African genera. 103168
Sensitivity of *honeybees* to [the **aphicide**] Pirimor [Pyrimicarb, toxicity]. 103274
The geographical range and distribution of the genus **Apis** L. *Bees.* 103143
Visitation of *honeybee* **[Apis** mellifera] to some species of Cucurbitaceae [Pollination]. 103219
The effects of Acarapis woodi on *honeybees* **[Apis** mellifera]. 103240
Evaluation of the usefulness of discoidal point translation in *honeybee* **[Apis** mellifera] systematics. 103269
Foraging and homing flight of the *honeybee* **[Apis** mellifera]: some general problems of orientation. 103286
Rearing of *drones* for **artificial** insemination of honeybee queens. 103310
Comb foundations as carriers of **bacterial** *honeybee* diseases. 103294
Relations between the average length of survival of adult **bees** *(Apis* mellifera L.) and the frequency of diseases, especially nosema, during the spring season. 103250
Bicentennial *bees:* early records of honey bees in the eastern United States. IV. 103208
General report on the work of the Permanent Commission on *Honeybee* **Biology** [of APIMONDIA]. 103257
Bumblebee **[Bombus]** foraging and the economics of sociality. 103217
Suppression of *honeybee* **brood** diseases in the Pisek district [Foulbrood]. 103313
A. M. Butlerov on the **Caucasian** *honeybee* [Apis mellifera caucasica]. 103254
Productive value of Carniolan and **Caucasian** *honeybee* [Apis mellifera] crossbreeds. 103273
An unknown adult honeybee disease *[Apis* **cerana** indica, clustering disease]. 103232
Large *[honeybee]* **colonies,** but how? 103225
Productive *[honeybee]* **colonies** belong in multiple-story beehives. 103226
Swarming of *honeybee* **colonies** and carbon dioxide and oxygen concentrations in the nests. 103276
Extension of *honeybee* **colonies.** 103296
Migration with *honeybee* **colonies** to nectar sources. 103304
Stimulative spring feeding of *honeybee* **colonies.** 103311
Supplies of *bee* **colonies** to the agricultural crops in the South Moravian region. 103312
Usefulness of honeybee worker samples from different parts of the hive for characterization of the *bee* **colony** in the summer season. 103278
The history and development of *bee* **disease** control programs in the U.s. 103214
Observations on the control of acarine **disease** [of *honeybees].* 103236
The future of [honey] *bee* **disease** control. 103288
Apiculture in Japan: control of *honeybee* **diseases** [and Varroa jacobsoni]. 103255
Dysentery of *honeybees.* 103295
Principles on taking specimens and **examining** *honeybees* [for dieseaes]. 103308
Testing of sugar substitutes and sugar mashes for **feeding** *honeybees.* 103282
Pollen substitutes [for **feeding** *honeybees].* 103306
About the *bees* and the **flowers.** 103216
Drawings of combs by *honeybees* on **foundation** made of melted and extracted wax. 103265
The geographical range and distribution of the **genus** *Apis* L. Bees. 103143
Three hundred **golden** *honeybee* medallions [France, folklore]. 103262
Mating behaviour in **halictine** *bees* (Hymenoptera: halictidae). II. Microterritorial and patrolling behavior in males of Lasioglossum robweri. 103125
Is *bee* **honey** a "health food"? 095051
Bicentennial bees: early records of **honey** *bees* in the eastern United States. IV. 103208
Honey *bee* problems in the Rio Grande Valley of Texas. 103210
Milk sugar poisons **honey** *bees.* 103211
More information is needed about disappearing disease. You can help! **[Honey** *Bee* Pesticides/Diseases Research Laboratory]. 103212
Preliminary studies on certain breeds of the **honey** *bees,* Apis mellifera L., in Egypt (Hymenoptera, Apidae). 103218
Resistance of the **honey** *bee* to Nosema disease in relation to chimozine. 103220
Food extenders for **honey** *bees.* 103223
Chalk brood, a fungus disease [Phycomycetes] of **[honey]** *bees.* 103228
Chalk brood [Phycomycetes]: possible method of control and its consequences **[Honey** *bees].* 103229
Temperature maintenance and CO2 [carbon dioxide] concentration in a swarm cluster of **honey** *bees,* Apis mellifera. 103235
Protection of **honey** *bees* from pesticides [Residues]. 103245

How to proceed in the event of *[honeybee]* **injuries** produced by chemicals [Legal aspects]. 103300
Rational exploitation of the building **instinct** of *honeybees.* 103309
Preliminary results on wintering of *honeybees* in **Langstrothsingle** walled hives. 103272
Royal jelly for grafting of *[honeybee]* **larvae.** 103258
Microflora of Galleria mellonella L. [Pests, *Apis* **mellifera].** 102818
Studies on the role of microorganisms in alimentation of Galleria mellonella larvae [Pests, *Apis* **mellifera].** 102819
The effect of diet on queen rearing by caged worker honeybees *[Apis* **mellifera].** 102876
Let's make the point: the mystery of the social orientation of *Apis* **mellifera** bees. 103205
The incidence of A.F.B. [American foulbrood] in Oregon-1975 *[Apis* **mellifera].** 103215
Preliminary studies on certain breeds of the honey bees, *Apis* **mellifera** L., in Egypt (Hymenoptera, Apidae). 103218
Visitation of honeybee *[Apis* **mellifera]** to some species of Cucurbitaceae [Pollination]. 103219
Temperature maintenance and CO2 [carbon dioxide] concentration in a swarm cluster of honey bees, *Apis* **mellifera.** 103235
The effects of Acarapis woodi on honeybees *[Apis* **mellifera].** 103240
Varroa javobsonii crossed the Carparthian Mountains *[Apis* **mellifera** pests, Hungary]. 103252
A. M. Butlerov on the Caucasian honeybee *[Apis* **mellifera** caucasica]. 103254
The Varroa mite and the development of agents for its control *[Apis* **mellifera,** pests]. 103261
Evaluation of the usefulness of some physical, chemical and anatomic characters of honeybee workers *[Apis* **mellifera].** 103267
Evaluation of the relation between some characteristics of worker bees *[Apis* **mellifera],** used for characterizing their condition and physiological state. 103268
Evaluation of the usefulness of discoidal point translation in honeybee *[Apis* **mellifera]** systematics. 103269
Occurrence of nosema disease in honeybee queen *[Apis* **mellifera].** 103271
Productive value of Carniolan and Caucasian honeybee *[Apis* **mellifera]** crossbreeds. 103273
Foraging and homing flight of the honeybee *[Apis* **mellifera]:** some general problems of orientation. 103286
Mechanism of pheromone effects *[Apis* **mellifera].** 103291
Wintering of *honeybees* in **multiple-story** beehives. 103318
Density of Apoidea [including *honeybees]* **necessary** for goodpollination of red clover. 103264
One method of **package** *bee* installation. 103213
Transport of combless **packages** [of *honeybees].* 103263
Berberis in the improvement of *bee* **pastures.** 101303
Winter rape, a well known oil and *honeybee* **plant.** 101308
Analysis of insecticides in **poisoned** *honeybee* samples. 103293
Comparison of population of red clover with short corollas with common cultivated varieties [Nectar secretion, *bee* **pollination].** 100297
Effectiveness of *bee* **pollination** of pear trees. 100434
Improvement of *[honey]bees* for **pollination** of red clover. 103230
The influence of *honeybee* **pollination** on sour cherry yield. 103251
Fruit products and *honeybees* **[Pollination].** 103297
When do we begin to **prepare** *honeybee* colonies for the nectar flow? 103317
Method of **protecting** *honeybee* colonies from bears. 103303
Influence of queen-cell cup type and food on the effectiveness of *honeybee* **queen** breeding. 103270
Occurrence of nosema disease in *honeybee* **queen** [Apis mellifera]. 103271
Turnover of *honeybee* **queens** in Polish apiaries. 103277
Artificial insemination of [honey] *bee* **queens.** 103287
Conditions for the introduction of *honeybee* **queens.** 103290
Rearing of drones for artificial insemination of *honeybee* **queens.** 103310
What kind of [honey] *bees* do we **raise** in Norway? 103231
Identification of main nucleolytic activities on the *bee-gathered* **rape** pollen (Brassica napus L.). 100146
The effect on the foraging behaviour of *honeybees* of the **relative** locations of the hive entrance and brood combs. 103221
A bicentennial **salute** to the *honeybee.* 103237
Pheromones in the *honeybee* **society.** 103305
Swarming and exploitation of *honeybee* **swarms** in Polish apiaries. 103275
Biology of Siteroptes cerealium Kirchner (Acarina, Pyemotidae), associated with **sweet** *bees* nests, Halictus senilis Ev. (Hymenoptera, Halictidae). 102790
Possibilities of restoration of **weak** *honeybee* colonies. 103307
The effect of diet on queen rearing by caged **worker** *honeybees* [Apis mellifera]. 102876
Evaluation of the relation between some characteristics of **worker** *bees* [Apis mellifera], used for characterizing their condition and physiological state. 103268
Usefulness of *honeybee* **worker** samples from different parts of the hive for characterization of the bee colony in the summer season. 103278
Evaluation of the usefulness of some physical, chemical and anatomic characters of *honeybee* **workers** [Apis mellifera]. 103267

BEETLES

Spruce [Picea] **bark** *beetles* (Coleoptera, Scolytidae) in the Latvian SSR. 102491
Root pathogens as agents predisposing ponderosa pine and white fir [Abies concolor] to **bark** *beetles* [Scolytidae, Fomes annosus]. 102492
Bark *beetles* [Ips typographus]—a risk to unbarked timber. 102519
Bark *beetle* pheromones: production of verbenone by a mycangial fungus of Dendroctonus frontalis. 102964
Actual problems in the development of resistance to pesticides in pests of cultivated plants as exemplified by the rape **blossom** *beetles* [Meligethes aeneus, Ceutorrhynchus] and some species of aphids. 102349
The behaviour of the seed-collecting larvae of a **carabid** *beetle* (Coleoptera). 103037
The fine structure of some **carabid** *beetle* eyes, with particular reference to cillary structures in the retinula cells. 103121
Dermestid beetles: larder and **carpet** *beetles* [Dermestes lardarius, Anthrenus scrophulariae]. 102530
Nutrient reserves in starving black **carpet** *beetle* [Attagenus megatoma] larvae infected with the eugregarine Pyxinia frenzeli [Pest of stored products]. 103029
Some observations on aphidophagus **coccinellid** *beetles* [Lipaphis erysimi] in mustard cultivation. 102469
Studies on the use of Metarhizium anisopliae to control oryctes rhinoceros **[Coconut** *beetle,* biological control]. 102402
Estimation of the effectiveness of the preparations "Actellic 40 EC pyrimiphosmethyl] and PP 484" [pyrimidine phosphorothionian] in the control of **Colorado** *beetle* (Leptinotarsa decemlineata Say) on Solanum laciniatum Ait. 102238
Breeding pickling cucumbers for resistance to **cucumber** *beetles* [Coleoptera]. 099241
Dermestid *beetles:* larder and carpet beetles [Dermestes lardarius, Anthrenus scrophulariae]. 102530
Isomer of antiaggregative pheromone identified from male **Douglas-fir** *beetle* [Dendroctonus pseudotsugae]: 3-methylcyclohex-3-en-1-one [Pseudotsuga menziesii pests]. 103005
Sound production in Scolytidae: rivalry and premating stridulation of male **Douglas-fir** *beetle* [Dendroctonus pseudotsugae]. 103016
Monogenic control of resistance in the tomato to the tobacco **flea** *beetle* [Epitrix hirtipennis]: probable repellance by foliage volatiles. 099199
The little **flour** *beetles* [as pests of] slaughter chickens. 102559
The effect of mebendazole on the development of Hymenolepsis diminuta in [its intermediate host, the **flour** *beetle]* Tribolium confusum. 102877
Introductory research on the food attractants and repellents for the *beetles* of the **granary** weevil (Sitophilus granarius L.). 102541
The biology of Microctonus caudatus (Thomson), a braconid parasite of the **ground** *beetle* Harpalus rufipes (Degeer). 102916
Formulation of a mathematical model for insect pest ecosystems: the cereal **leaf** *beetle* problem [Oulema melanopus and its principal parasite Tetrastichus julis]. 102336
Ecology and nutritional energetics of the **leaf** *beetle* Gonioctena pallida L. in the Siberian taiga and forest tundra. 103103
Spermatophore of the **mealworm** *beetle* [Tenebrio molitor]: immunochemical characteristics suggest affinities with male accessory gland. 103017
Sound production in Scolytidae: aggressive and mating behavior of the mountain **pine** *beetle* [Dendroctonus ponderosae]. 102480
Progress on integrated pest management: Douglas-fir tussockmoth, gypsy moth, and southern **pine** *beetle* [Hemerocampa pseudotsugata, Porthetria dispar, Dendroctonus frontalis]. 102508
Economic impact of mountain **pine** *beetle* [Dendroctonus ponderosae] on outdoor recreation. 102517
Resistance of potato varieties to Colorado **potato** *beetle* [Leptinotarsa decemlineata]. 102427
Development of resistance to some insecticides in the Colorado **potato** *beetle* [Leptinotarsa decemlineata]. 102441
Repellent and toxic effect of copper oxychloride on the Colorado **potato** *beetle* [Leptinotarsa decemlineata]. 102443
Ecological research on the role of the pheasant (Phasianus colchicus L.) and the partridge (Perdix perdix L.) in the reduction of the Colorado **potato** *beetle* (Leptinotarsa decemlineata Say.) population [Natural control]. 102460
Some toxicological properties of alternative insecticides in Colorado **potato** *beetle* [Leptinotarsa decemlineata] control in the light of laboratory experiments. 102463
Studies on the influence of some ecological factors on the developent of the Colorado **potato** *beetle* [Leptinotarsa dec mlineata] resistance to DDT and lindane within the territories of the Great Poland and Warsaw provinces. 102464
Potential insect transmission of Scleroderris lagerbergii by **scolytid** *beetles* [Pinus banksiana, insect disease vectors]. 101559
Aspects of the biology of Staphylinus olens (Muller), Britain's largest **staphylinid** *beetle.* 102911
Fog catchment sand trenches constructed by **trenebrionid** *beetles,* Lepidochora, from the Namib Desert. 103093
Attraction, attack patterns [on Pinus taeda] and seasonal activity of the black **turpentine** *beetle* [Dendroctonus terebrans]. 102478
Fatty acid oxidation by the leg muscles of Cybister [confusu] *beetle* during vigorous exercise. 102900

Physiological activity of **water** *beetle* [Dytiscidae, Gyrinidae, Coleoptera] defensive agents. I. Toxocity and anesthetic activity of steroids and norsesquiterpenes administered in solution to the minnow Pimephales promelas Raf. 102965
Physiological activity of **water** *beetle* [Dytiscidae, Gyrinidae] defensive agents. II. Absorption of selected anesthetic steroids and norsesquiterpenes across gill membranes of the minnow Pimephales promelas Raf. 102966

BEETS
Beet **cultivation.** 100904
Preventive measures at *[sugar]beet* **flumes.** 095850
Investigation of enzymes of sucrose metabolism in **fodder** *beet* roots in connection with conditions of nitrogen nutrition [Fertilizers]. 100316
The storage loss of **fodder** *beets* as influenced by harvesting, handling, and cleaning [Injuries]. 102050
New methods for storing and feeding **forage** *beets.* 096037
Experiences with **forage** *beet* feeding [Cattle]. 096738
Cultivation, harvest and storage of **forage** *beets.* 100916
Farm management and yield performances in the cultivation of **forage** *beets.* 100917
Local factors and yields of **forage** *beets.* 100918
Evaluation of the collection entries of red and **forage** *beets* for resistance to bacterial black rot and fungus black leg. 101681
Crosses between Beta vulgaris L. *[Beet]* and Beta **lomatogona** F. et M. 099174
Sclerotia populations of Sclerotinia sclerotiorum in different crop rotations [Beans, *beets,* **maize**]. 101324
Parasitism of Beta vulgaris *[beets]* by **Meloidogyne** hapla and Heterodera schachtii alone and in combination [Nematodes]. 101934
Characteristics of external NADH [reduced nicotinamide-adenine dinucleotide] oxidation by *beetroot* **mitochondria** [Beets]. 100276
Calcium ions **protect** *beet* root cell membranes against thermally induced changes. 100524
Storage of dried and pelleted *[sugar]beet* **pulp** in silos. 095854
Beet **pulp** and faba beans in rations for lactating dairy cows. 096625
Influence of DD [dichloropropane, dichloropropene] nematocide [used to control Heterodera schachtii] on biological value of some vegetables [Cabbage, Brussels sprouts and **red** *beets].* 101853
Control of weed **seeds** in *beets.* 102147
Determination of chromium in several proposed standard samples and of zinc and chromium in wheat milling and *beet* **sugar** refining samples. 095809
Distribution and identity of root-knot nematodes (Meloidogyne spp.) on cotton and **sugar** *beet* in the syrian Arab Republic and the Republic of Lebanon. 102061
Enzymic colour formation in *beet* **[sugarbeets]** and cane [sugarcane] juices. 095806
Toxicity of insecticides for the caterpillars of the *beet* **webworm** [Loxostege sticticalis, pest of various crops, trees and shrubs]. 102250
Toxicity of insecticides for the caterpillars of the *beet* **webworm** [Toxostege sticticalis]. 102339

BEGONIAS
Use of durable **fertilizers** on *Begonia.* 103945

BELONOLAIMUS
Effect of Indigofera hirsuta on *Belonolaimus* **longicaudatus,** Meloidogyne incognita, and Meloidogyne javanica and subsequent crop yields [Biological control of nematodes, cover crops]. 102014
Vertical distribution of three nematode species *[Belonolaimus* **longicaudatus,** Pratylenchus brachyurus, and Trichodorus christiei] in relation to certain soil properties. 103779

BELOSTOMATIDAE
Male brooding behavior of the water bug Abedus herberti **(Hemiptera:** *Belostomatidae).* 102800

BELTS
Bagasse feeding with plows and *belt* **conveyor** [Processing]. 095836
V-belts **[Equipment].** 103486
Relationship between Gasteromycetes and landscape zones andthe **latitudinal** *belts* of mountains in Kazakhstan [Geographic distribution]. 098542
Chromosome aberrations in Spinifes littoreus from the **monazite** *belt* at Manavalakurichi. 098951
Sandy and loamy-sandy soddy-podzolic soils in the **Non-Chernozem** *Belt* of the European part of the USSR. 103756
The problem of water regime of sandy soils of soddy-podzolic type in the **Non-Chernozem** *Belt* of the USSR. 103757
Evaluation of a *parallel-belt* **sheller** for soybeans [Processing]. 096054
Summary of tree varieties suitable for **shelter** *belts.* 098174

BEMISIA
Purification and morphology of the tomato golden mosaic virus *[Bemisia* **tabaci,** vectors]. 101800

BENLATE
Ratio of microorganisms in the soil treated with *benlate* and **carbathion** for the control of lodging of pine seedlings [caused by fungi]. 101607
Effect of *benlate* on the **resistance** of cotton to Verticillium wilt. 101488
The effectiveness of *benlate,* **topsin** and polycarbacin in the control of pine needle cast [Lophodermium pinastri] in forest nurseries. 101608

BENOMYL
Fungal toxicity of *benomyl* and **BCM** to some edible fungi and pathogenic organisms causing major diseases of mushroom Agaricus bisporus (Lange) Sing. 101597
Reducing severity of ozone damage to tobacco and beans by combining *benomyl* or **carboxin** with contact nematicides [Air pollution injuries]. 102019
Effects of *benomyl* **[fungicide]** on alkanes and fatty alcohols of the surface wax of lettuce seedlings. 101667
Benomyl **[fungicide]** residues in bananas. 102753
First results of the effect of *benomyl* on **Fusicoccum** amygdali Del. in orchard conditions. 101576
Resistance of Cercosporella **herpotrichoides** against *benomyl[Fungicides].* 101669
A new extraction method for *benomyl* **residues** in soil and its application in movement and persistence studies. 101514
Effect of *benomyl* on the **soil** microflora and yield of cotton [Wilt control]. 101489
Influence of artificial rainfall and washing on the *benomyl* and **thiophanate-methyl** residue content in lettuce. 102756

BENTGRASS
The effectiveness of herbicides in the control of **silky** *bentgrass* (Apera spica-venti P.b.) in winter wheat. 102178

BENTHIC
Impact of pollution on the *benthic* **biocenosis** of a canalized river in Belgium. 104460
Change in *benthic* **complexes** in eutrophic lake Baltym due toovergrowth by weed. 098851
Benthic **marine** algae from the southern coast of Sao Paulo State, southwest of Santos and the coast of Parana State. III. Rhodophyta (2): Cryptonemiales, Gigartinales and Rhodymeniales. 098524
Estimation of water quality of the Somme river by the **studyof** *benthic* algal populations. 104458

BENTONITE
Utilization of **local** *bentonites* for the clarification of wine materials. 095968

BENZIMIDAZOLES
High pressure liquid chromatography of *benzimidazoles* **[Fungicide residues].** 102755
Tolerance of Venturia pirina to *benzimidazole* **fungicides** [Pear scab]. 101568
Mertect *[2-(4'-Thiazolyl)benzimidazole,* **fungicides,** residues]. 102638
Utilization of detached leaves in *benzimidazole* for **hybrid** analysis of the resistance of wheat to brown rust. 099117
Benzimidazole **pesticides:** analysis and transformations. 101515

BENZOATE
A high-performance liquid chromatographic analysis of the *benzoate* **esters** of sapogenins isolated from Agave. 099827
Pregnancy diagnosis in ewes using etological reaction to estrogens and abortive activity of dioxy-diethyl-stilbestrol and **estradiol** *benzoate.* 096869
Changes in the weight of the adrenal glands and in the concentration of plasma corticosterone in perinatal rats after prenatal treatment with **oestradiol** *benzoate.* 096451
Induction of parturition in ewes with a single injection of **oestradol** *benzoate.* 097046

BENZYLADENINE
Distribution of 14C [carbon isotope] assimilates in the cowpea (Vigna unguiculata L.) in relation to fruit abscission and **treatment** with *benzyladenine.* 100091

BERBERIDACEAE
Embryogeny of *Berberidaceae.* **Embryo** development of Mahonia aquifolium Nutt. 098920

BERBERIS
Berberis in the **improvement** of bee pastures. 101303

BERMUDAGRASS
Bermudagrass **[Cynodon** dactylon]—a summer forage [Culture]. 100691

BERRIES
Campaign for the control of the **coffee** *berry* borer [Hypothenemus hampei] in the countries of the area of the International Organization of Agricultural Health (Central Ameri. 102263
Project for a campaign for controlling the **coffee** *berry* borer [Hypothenemus hampei] in the countries of the area of the International Organization of Agricultural Health (Cen. 102264
The resistance of fruit and *berry* **crops** to virus and mycoplasma diseases. 101758
Are there new possibilities for *berry* **cultivation?** [Markets]. 094549
Residues of [the insecticide] sevin and Fozalone in leaves and *berries* of **grapevine.** 102743
Did you know? 3. **[Ornamental** *berry* plants]. 101203
Can we obtain better *berry* **production?** [Culture]. 101201
The aroma of *cloudberries* **(Rubus** chamaemorus L.). 095989
Current marketing and economic situation for **trailing** *berries.* 094478
Current marketing and economic situation for **trailing** *berries* in California. 094479
Resistance to *yellow-berry* in **Triticum** durum [wheat] varieties, as related to protein synthesis and leaf nitrate reductase activity. 101903
Results of studying the content of diglycosides in the *berries* of different **varieties** and hybrids of grapevines. 095979

BERSEEM
Response of *berseem* **[clover]** to liming and different intervals of cutting. 100861
Effect of soil moisture regimes, nitrogen and phosphorus on N, P, K and Ca [nitrogen, phosphorus, potassium, calcium] uptake by *berseem* **fodder** [Egyptian clover]. 100211

BETA
Isolation and identification of tubaic acid and *beta-tubaic* **acid** from Derris [elliptica] roots. 099467
Beta-galactosidase **activity** by the enterococci [Dairy bacteriology]. 095615
Phytochrome-induced changes of *beta-fructosidase* **activity** in radish cotyledons. 100551
Purification and properties of a *beta-mannanase* from **alfalfa** seeds. 095772
Synthesis of methyl alpha and *beta-maltotriosides* and **aryl** beta-maltotriosides. 095427
Studies on degradation mechanism of *beta-ether* **bonds** of lignin dimeric model compounds in acid medium. 098360
Canine inslinoma [neoplastic growth of the *Beta* **cells** of the pancreas]. 097728
Increase of *beta-fructofuranosidase* **content** in tomato fruit during the ripening process. 100342
Comparative study of *beta-glucosidase* from **cotyledons** and fruits of cucumbers, Cucumis sativus. 100526
Study of physiological races of Colletotrichum lindemuthianum [Fungi, plant pathogens]: extra and intracellular polygalacturonases produced by *beta* and **delta** races cultivated in vitro. 099619
A kinetic analysis of the dephosphorylation, by bovine spleen phosphoprotein phosphatase (EC 3.1.3.16) of a phosphopeptide **derived** from *beta-casein.* 096230
Reduction of lactose of milk by **entrapped** *beta-galactosidase.* IV. Results of long-term experiments on pilot plant. 095624
The synthesis of **flavonol** *3-O-beta-gentiotriosides* [Primula sinensis]. 100538
Biosynthesis of *beta-fructofuranosidase* by **fungi** of the genus Aspergillus. 099502
Purification and partial characterization of an *endo-beta* 1, **3-glucanase** from green malt. 095475
Preparation and use of *beta-D-galactosidase* for **hydrolysis** of lactose in milk. 095672
Galactomannans and a galactoglucomannan in legume seed endosperms: structural requirements for *beta-mannanase* **hydrolysis.** 099907
Blockade of histamine-induced contractions of guinea pig **ileum** by *beta-haloalkylamines.* 096294
A gel-forming (1 to *3)-beta-D-glucan* **isolated** from Cyttaria harioti Fischer [Fungi]. 099640
Inhibition of casein proteolysis by thermally induced complex of **kappa-casein** with *beta-lactoglobulin.* 095669
Crosses between Beta vulgaris L. [Beet] and *Beta* **lomatogona** F. et M. 099174
Purification and properties of **lytic** *beta-1,3-glucanase* from Flavobacterium dormitator var. glucanolyticae [Fermentation process]. 095394
Purification of **malted-barley** *endo-beta-D-glucanases* by ion-exchange chromatography: some properties of an endo-barleybeta-D-glucanase. 095779
Formation of organic peroxides from **methyl** *beta-D-glucopyranoside* in alkaline hydrogen peroxide solutions [Degradation of cellulose]. 098202
Hydroxylation of *beta-carotene* on **Micro-Cel** C. 095457
Synthesis of *beta-1,3-glucan* **microfibrils** by a cell-free extract from Phytophthora cinnamomi [Fungi]. 099521
An endo-(1 to *6)-beta-D-glucanase* from **Mucor** hiemalis [Fungi]. 099641
Beta-mannosidase from the **mushroom** Polyporus sulfureus. 100486
A reinvestigation of the reaction of *beta-maltose* **octaacetate** with phosphorus pentachloride. 095424
Effects of thiamine and zinc ions on the *beta-glucan* **production** by Corticium rolfsii. 101635
Mechanical and metabolic effects of *beta-receptor* **stimulators,** the C-terminal octapeptide of cholecystokinin, and prostaglandin E2 on the isolated, depolarized sphincter of Oddi [Cats]. 096160
Chemical weed control in **sugarbeet** *(Beta* vulgaris L.). 102176
Synthesis of *1,6-anhydro-1(6)-thio-beta-maltotriose.* 095428
Beta-glucosidase of **Trichoderma** [viride, fungi]: its biosynthesis and role in saccharification of cellulose. 099511
Crosses between *Beta* **vulgaris** L. [Beet] and Beta lomatogona F. et M. 099174
Parasitism of *Beta* **vulgaris** [beets] by Meloidogyne hapla and Heterodera schachtii alone and in combination [Nematodes]. 101934

BETALAINS
Betalains **[Plant** physiology and biochemistry]. 099754

BETEL
Fungicidal control of betelvine wilt [Phytophthora parasitica, *betel* **pepper**]. 101519

BETULA
Production of Nectria coccinea perithecia in culture on a natural medium [Agent of *Betula* **bark** disease]. 101654
Growth of birch *[Betula]* in **field** shelterbelts in the forest-steppe in the part of the Ukraine located to the west from the Dnieper River. 097895
Variability of vegetative organs of some interspecies hybrids of birch *[Betula]* in the **first** generation. 098163
Karelian birch [Betula verrucosa f. Carelica] and its placein the system of the **genus** *Betula* [Breeding]. 098153
Phenogeographic analysis of the population structure of birch *[Betula]* in the **northern** Kazakhstan. 098156
Shoot morphology of a one-year oak tree [Quercus] and leaf anatomy of *Betula* **pendula** Roth. in regions of Karaganda and Leningrad. 099054
Growth of pine [Pinus thunbergii] and birch *[Betula* **platyphylla** var. japonica] seedlings under lights with different spectral compositions and intensities. 100653
Geographic variability of the main species of birch *[Betula]* in **thermal** resistance in the Urals. 098150
Fomes annosus: mortality rates in young trees [Larix decidua, Pseudotsuga menziesii, Picea sitchensis, Fagus sylvatica, *Betula]* **underplanted** among pine. 101439
Intraspecific variability of birch *[Betula]* in the **Urals** in relation to the problems of the taxonomy of the genus. 098722
Karelian birch *[Betula* **verrucosa** f. Carelica] and its placein the system of the genus Betula [Breeding]. 098153
New data about the origin of Karelian birch *[Betula* **verrucosa** f. carelica]. 098154
Selection of Karelian birch *[Betula* **verrucosa** f. Carelica] in the forests and plantings from the northwestern [part of the USSR]. 098157

BEVERAGES
Organic acid metabolism of yeasts during fermentation of **alcoholic** *beverages* a review. 095474
New scoring method in the sensory qualification of **carbonated** *beverages*. 094833
Contribution to the study of the development of Iranian Dough **[dairy** *beverage]* during its preservation. I. Development of nitrogen. 095594

BIBLIOGRAPHIES
A worldwide, **annotated** *bibliography* of the variegated cutworm, Peridroma saucia (Hubner). 102261
Culture, physiology and quality **[Beans,** *bibliography].* 101048
Pathology **[Beans,** *bibliography].* 101844
Bibliography: **breeding** and genetics [Beans]. 099070
CAIN [Cataloging and Indexing] online testing and assistance at Colorado State University **[Computerized** *bibliographies].* 093955
Bibliography on **crop** rotation. 100965
A **current** *bibliography* of Dutch agricultural science. 094099
Entomology *[Bibliography].* 102823
Bibliographic **guide** to fats and their products. LII. 095528
Bibliography of the **international** literature on apricots (supplement). 101024
Bibliography of the **international** litrature on plums and damsons. 101025
Swine vesicular disease; *bibliographic* **review.** 097329
Information and *bibliographical* **service** to agricultural specialists in the USSR. 094103

BICOLOR *see* COLOR

BIENNIALS
A theoretical background to the conservation of ecologically distinct groups of annuals and *biennials* in the **chalk** grassland ecosystem. 098776

BIGNONIACEAE
Experimental poisoning from Pseudocalymma elegans *[Bignoniaceae]* in **rabbits** and guinea pigs [Plants poisonous to cattle]. 097837

BILATERAL
Bilateral **adrenalectomy** of lambs in utero: effects on maternal hormone levels at induced parturition. 096944

BILBERRIES
The dynamics of the content of assimilated phosphorus and potassium in plants and soil of *bilberry* **associations** in the Central Roztocze. 099499

BILE
Concentration changes of bile acids in sequential segments of pigeon intestine and their relation to *bile* **acid** absorption. 096235
Ascorbic acid and cholesterol: effect of graded oral intakes on cholesterol conversion to *bile* **acids** in guinea-pigs. 095057
Concentration changes of *bile* **acids** in sequential segments of pigeon intestine and their relation to bile acid absorption. 096235
Comparative studies on the effect of cholesterol feeding on *biliary* **composition** [Chickens]. 094954

BILIPROTEINS
Algal *biliproteins* and phycobilins. 099753

BILIRUBIN
The excretion of phylloerythrin and *bilirubin* by **calves** and sheep. 096543
A compartemental model for *bilirubin* **kinetics** in isolated perfused rat liver. 096292
Effect of changes in dietary components on the **serum** *bilirubin* in Gilbert's syndrome. 094957

BINS
Bulk *bin* design [for feed storage]. 103384

BINUCLEATE
Apparent amitosis in the *binucleate* **dinoflagellate** Peridinium balticum [Algae]. 099820

BIOACTIVATION
Synthesis of *bioactive* **compounds.** A structure-activity study of aryl terpenes as juvenile hormone mimics [Oulema melanopus, oviposition]. 102960

BIOASSAY
Microapplicator and micropipette for inoculation of the embryonated chicken egg [in the *bioassay* of **aflatoxins].** 097788
A *bioassay* **dilution** technique to assess the significance of dredged material disposal [for algal stimulation]. 099745
Gibberellin *bioassays* [Effects on plant growth and development]. 099776
Comment on algal **nutritional** *bioassays* of Lake Wylie, North Carolina [Water eutrophication]. 099746
Algal **nutritional** *bioassays* of Lake Wylie, North Carolina [Water pollution]. 104491
Apolar movement of zeatin through Coleus petioles and Pisum [pea] roots as estimated by *bioassay* and **radioactive** labeling. 099472
Bioassay of **residual** preservative protection in wood. 098219
Bioassays-procedures and **results** [Water pollution]. 104543
Comparison of semi-continuous and continuous flow [algal] *bioassays* **[Selenastrum** capricornutum]. 099748
Technical note: an improved leaf disk **technique** for *biotests.* 098456

BIOCENOSIS
Impact of pollution on the **benthic** *biocenosis* of a canalized river in Belgium. 104460
Biocoenoses and **evolution** [of plants]. 098794

BIOCHEMISTRY
Study on the antigenic structure and *biochemical* **activity** of isolated Salmonella gallinarum-pullorum strains. I. Decarboxylase activity of the Salmonella gallinarum-pullorum strains [Salmonellosis, poultry, man]. 097369
Physiological and *biochemical* **alterations** in skeletal muscle with exercise training [Rats]. 096520
Raw material basis for the production of anabasine and the increase of its productivity [Cultivation and *biochemistry* of **Anabasis** aphylla]. 101298
Biochemical **assessment** of the nutritional status of low income pregnant women of Mexican descent. 094981
Physiological and *biochemical* **bases** of plant immunity to [insect] pests. 102240
Facts and thoughts on the *biochemical* **causes** of secondary fermentation of Emmental cheese. 095569
Biological and *biochemical* **changes** in the opium poppy (Papaver somniferum L.) under the effect of ionizing radiation. 099727
Technological and *biochemical* **characteristic** of hybrids—wheat mutants. 099431
Some *biochemical* **characteristics** of modified phenotype strains of opaque-2 (Zea mays L.) [Maize, varieties]. 100169
Morphological, cultural and *biochemical* **characterization** of Xanthomonas vesicatoria (Doidge) Dowson samples [Bacterial blight, tomatoes leaves]. 101686
Vitaimin B6 deficiency in patients with a clinical syndromeincluding the carpal tunnel defect. *Biochemical* and **clinical** response to therapy with pyridoxine. 095215
Comparative *biochemical* studies on populations inbreds and lines of Phaseolus vulgaris [kidney beans]. Activity and multiple molecular forms of cytochrome oxidase. Some considerations on mitochondrial complementarity. 100561
Comparative *biochemical* studies on populations, inbreds and lines of Phaseolus vulgaris [kidney beans]. 2. Multiple molecular forms of acid phosphatase and esterase. 100562
The value of profiles in veterinary practice **[Diagnosis,** *biochemistry].* 097128
Biochemistry of **ecdysone** [in insects]. 102958
Chemotaxonomy: critical analysis of the use of *biochemical* **features** from seed proteins. Example of variability from technical origin given by a kinetic study of the dialysis. 098703
Effect of inbreeding on the alteration of some *biochemical* **features** of self-pollinated maize lines of different origin. 099289
Technological and *biochemical* **features** of interspecific hybrids of wheat from reciprocal crossings. 099430
The problem of studying physiological and *biochemical* **features** of potential [genetic] and agronomic productivity of plants [Cereals]. 100191
Some *biochemical* and **immunological** properties of proteins of bull and ram seminal plasma, and possibilities of their practical utilization in animal reproduction. 097082
2-deoxy-D-glucose uptake by chick embryo cells: a *biochemical* **indicator** of genetic susceptibility to RNA tumour viruses. 097412
Biochemical **indices** of the potential productivity of soft winter wheat variety. 100184
Biochemical **interaction** between plants and insects. 103088
On *biochemical* **mechanism** of triazine herbicides toxicity: effect on the gluconeogenic activity in poultry liver. 097867
Brief review of the results of investigations of the problem "Microelements in plant and animal husbandry" in 1974. Physiology and *biochemistry* of **microelements** in plants. 099862
Brief review of the results of investigations of the problem "Microelements in plant and animal husbandry" in 1973. Physiology and *biochemistry* of **microelements;** participation of microelements in the metabolism of plants. 099863
Recent findings on **nutritional** *biochemistry* for preventing puerperal paresis and lying down of dairy cows. 097766
Biochemical **parallelisms** of repellents and attractants in higher plants and arthropods. 099963
Problems of the *biochemistry* of **pathogenesis** and the immunity of plants. 099786
Some biological and *biochemical* **peculiarities** of coriander [Coriandrum sativum] in the Leningrad Region. 099571
Biochemical **peculiarities** of protected cultivation of vegetables in the region north of the Arctic Circle. 100380
Physiological and *biochemical* **peculiarities** of cucumbers and tomatoes grown in plastic film-covered greenhouses [Varieties]. 100603
Isolation, stability and *biochemistry* of a **P-fluorophenylalanine-resistant** cell line of Acer pseudoplatanus L. 100664
Use of isotopes to explore the physiology and *biochemistry* of **photorespiration** and its effects on crop yields [Wheat, maize]. 100207
Effect of temperature acclimation on activities of serum and hepatic enzymes of the rat *[Biochemical* and **physiological** metabolism]. 096198
Betalains [Plant **physiology** and *biochemistry].* 099754
Chemistry of the carotenoids **[Plant** *biochemistry].* 099757
Nature and properties of flavonoids **[Plant** *biochemistry].* 099765
Age-dependent mechanical and *biochemical* **responses** to glucagon [Sheep, lambs]. 096177
Experimental studies on (I) **serum** *biochemical,* (II) tissue histochemical changes inexperimentally infected chickens by different developmental stages of Ascaridia galli (Schrank, 1788). 097216
Biochemical **studies** on the oil and fatty acids of plantago seeds. 095397
Biochemical **studies** on the cytosine permease of Saccharomyces cerevisiae [Yeasts]. 099718
Breeding-genetic and *physiological-biochemical* **study** of sorghum sterile analogs. 099387
Some results of *biochemical* **study** of plant sources of tannin from Kazakhstan. 099772
Biochemical and **technological** aspects of production and storage of humanized baby food powder. 095545

BIOECONOMY
A *bioeconomic* **simulation** analysis of regulating groundwater irrigation [Tax, income]. 104252

BIOGENESIS
Biogenesis of **mitochondria.** XLI. Physical mapping of mitochondrial genetic markers in yeast [Saccharomyces cerevisiae]. 099334
Biogenesis of **mitochondria:** molecular mapping of the mitochondrial genome of yeast [Saccharomyces cerevisiae]. 099373
Enzymes in *biogenesis* of **plant** cell wall polysaccharides enzyme characterization using tracer techniques [Lilium, maize]. 099794

BIOGEOCENOSIS
On the randomness and *biogeocenosis* in the **evolutionary** process [Domestic animals, genetics]. 096142

BIOGEOGRAPHY
Biogeography of **free-living** soil nematodes from the perspective of plate tectonics. 103820
Drifting spiders or continents? **Vicariance** *biogeography* of the spider subfamily Laroniinae (Araneae: Gnaphosidae). 103200

BIOGRAPHY
Biography of **David** Nelson, and an account of his botanizing in Hawaii [Botanists, Great Britain]. 098466

BIOINDICATOR
The European seal as a *bioindicator* in **shoals** [of pollution]. 104499

BIOLOGISTS
Trees, grass and water: a *biologist* **looks** at water resource development. 104381

BIOLOGY

Accumulation and *biological* **action** of strontium-90 [isotope] in the early phases of development of Pinus sylvestris L. [Radioactive contamination]. 104642

Biological **action** of strontium-90 [isotope] on the seedlings of pine (Pinus sylvestris L.) in relation to vertical distribution of radionuclide in soil [Radiation injuries]. 104643

Isolation, identification and *biological* **activities** of growth inhibitors in peanut. 100058

On the *biological* **activity** of IAA [indoleacetic acid] conjugates [using tissues of tobacco, potato and soybean]. 100108

Extension of the goals of *biological-dynamic* **agriculture** by inclusion of research in the arts. 094080

Biological **aspects** of planting and direct seeding in forestry. 098086

Effect of aflatoxin B1 and rubratoxin B on bacteriophage and rabbit cornea cells *[Biological* **assays].** 095997

Biological **ativity** of extracts from Calluna vulgaris (L.) Hull. on the growth and germination [of red clover and Phleum pratense seedlings]. 100080

Some tasks and results of the Coordinating Center of the Council for Mutual Economic Assistance for *biological* **bases** in livestock production [Five-Year Plan, programs, East Germany]. 094792

Some *biological* and **biochemical** peculiarities of coriander [Coriandrum sativum] in the Leningrad Region. 099571

Biological and **biochemical** changes in the opium poppy (Papaver somniferum L.) under the effect of ionizing radiation. 099727

Microbial degration of 1-naphthol [the major chemical and *biological* **breakdown** product of the insecticide carbaryl]. 102662

Calcification of collagenous material in vitro as a model system for *biological* **calcification.** 096375

Abstracts of papers presented at the first International Congress on **Cell** *Biology*, the American Society for Cell Biology, Boston, Massachusetts 5-10 September 1976. 099819

Cellular *biology* of milk secretion [Mammary glands]. 096266

Integration of chemical and *biological* **changes** in foods and their influence on quality [Safety attributes]. 095501

Agronomic and *biological* **characteristics** of maize and teosinte [Euchlaena] hybrids. 099078

A study on the *biological* **characteristics** and the high yield variety of "Yang Tsung millet (Setaria italica)". 100752

Cereal cyst nematode, Heterodera avenae Woll., in France: damage, *biological* **characteristics** and prospects of control. 101868

Influence of an artificial nutrition with a meridic diet on several *biological* **characters** of the desert locust Schistocerca gregaria Forsk. 102846

The *biology* and **chemistry** of the Cruciferae—general conclusions. 099793

Comparative *biology* of the Wyoming and Louisiana populations of Reesimermis nielseni, parasitic nematode of mosquitoes [C-lex pipiens quinquefasciatus, Culiseta inornata]. 103039

Compensatory possibilities of the *biological* **complex** "embryo-mother" [Heifers]. 096556

Biological **control** of mollusc vectors of schistosomiasis [Schistosoma mansoni]. 097273

Ultrastructural changes in the cell surface of Coelomomycespunctatus [Fungi] infecting mosquito larvae [Anopheles quadrimaculatus, *biological* **control].** 098930

Germination-lysis as a mechanism for *biological* **control** of Thielaviopsis basicola pathogenic on soybean. 101374

Biological **control** of blight [Endothia parasitica] may revive the chestnut [Castanea]. 101422

Biological **control** of cotton boll rot [Diplodia gossypina, Fusarium, Colletotrichum gossypii, Rhizoctonia solani, Achromobacter]. 101547

Biology and **control** of Sclerotinia sclerotiorum in cauliflower and tomato crops in coastal New South Wales. 101548

Counting techniques for Trichoderma viride conidia dispersed in barley flour inoculants *[Biological* **control** of parasitic fungi]. 101552

Effect of the natural soil microflora and soil supplementations on the *biological* **control** of "bakanae" disease of rice [Fusarium moniliforme]. 101626

On the acclimatization in Italy of Leptomastix dactylopii (How.). Important parasite of Planococcus citri (Risso) [Citrus bacterial diseases, *biological* **control].** 101693

Crown gall [Agrobacterium tumefaciens] controlled in the field with a nonpathogenic bacterium [Agrobacterium radiobacter, stone fruit, *biological* **control].** 101704

Effect of Indigofera hirsuta on Belonolaimus longicaudatus, Meloidogyne incognita, and Meloidogyne javanica and subsequent crop yields *[Biological* **control** of nematodes, cover crops]. 102014

Investigations on Alcidion cereicola (Coleoptera: Cerambycidae) a potential agent for the *biological* **control** of Eriocereus martinii (Cactaceae) [weed] in Australia. 102101

Life cycle and biology of Neochetina bruchi, a weevil attacking waterhyacinth in Argentina, with notes on Neochetina eichhorniae *[Biological* **control** of aquatic weeds]. 102222

Neochetina bruchi, a *biological* **control** agent of waterhyacinth [Eichhornia crassipes]: host specificity in Argentina [Acquatic weeds]. 102223

Achievements in *biological* **control** of [insect] pests [of plants] in Poland, 1945-1975, and prospects for the future. 102227

Conservation in the soil of three germs pathogenic to Melolontha melolontha larvae (Coleoptera: Scarabaeidae) *[Biological* **control].** 102234

Correlation between the exoprotease activity, sporulation, crystal-formation, and virulence of local Bacillus thuringiensis strains [Bacterial insecticides, *biological* **control].** 102237

Use of green lacewings [Chrysopa carnea] (Neuroptera: Chrysopidae) in *biological* **control** projects [Insect pests]. 102245

Results of combined action of seasonal colonization of Cryptolaemus and aborigenous entomophages against Chloropulvinaria floccifera in Western [Soviet] Georgia [Tea pest, *biological* **control].** 102271

The distribution of Lymantria dispar and Lymantria monacha (Lepidoptera: Lymantriidae) in Austria and West Germany *[Biological* **control].** 102274

Development of methods for field distribution of eggs of the insect predator Chrysopa carnea Stephens *[Biological* **control** of Heliothis zea and Heliothis virescens, cotton]. 102287

Effects of two cotton varieties on levels of boll weevil parasitism (Coleoptera: Curculionidae) *[Biological* **control].** 102301

Host-parasite relationship. 1. Alkaline and acid phosphatase distribution in the silk glands of parasitized larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) *[Biological* **control].** 102302

Host-parasite relationship. 2. Cholinesterase activity of the larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) parasitized by Bracon hebetor (Hymenoptera: Braconidae) *[Biological* **control].** 102303

The effect of host aggregation on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an egg parasitoid of Papilio xuthus Linne (Lepidoptera: Papilionidae) *[Biological* **control,** citrus pests]. 102383

Effect of altozar, a juvenile-hormone analogue, on Coccinella septempunctata Linnaeus [Predator of Lipaphis erysimi, *biological* **control].** 102390

Studies on the susceptibility of Oryctes rhinoceros to someentomogenous fungi [Coconut pests, *biological* **control].** 102401

Studies on the use of Metarhizium anisopliae to control oryctes rhinoceros [Coconut beetle, *biological* **control].** 102402

Biology of Trichogramma cacoecia pallida Meyer in Moldavia *[Biological* **control** of Laspeyresia pomonella]. 102417

Feeding specialization of the main species of green lacewings [Neuroptera, Chrysopidae] spread in Adzharia [Citrus pests, *biological* **control].** 102472

The development of Blepharipa pratensis [a tachinid parasite] and its histopathological effects on the gypsy moth, Lymantria dispar *[Biological* **control].** 102481

Interactions between Pleolophus basizonus and Lophyroplectus luteator (Hymenoptera: Ichneumonidae), two parasites of Neodiprion sertifer (Hymenoptera: Diprionidae) [Forest pests, *biological* **control].** 102482

Improving a wasp parasite [Apanteles melanoscelus] to control the gypsy moth [Lymantria dispar, *biological* **control].** 102485

Physics and insect pheromones [Lymantria dispar, trees, *biological* **control** of the gypsy moth]. 102486

Chemical characterization studies of the nuclear polyhedrosis virus of Porthetria dispar [Forest pests, *biological* **control].** 102495

Electrophoretic and serological characterization of Porthetria dispar polyhedron protein [Forest pests, *biological* **control].** 102496

The use of the fungus Beauveria bassiana (Bals.) Vuill for the *[biological]* **control** of a curculionid pest of pine trees. 102515

Life cycle and behavior of [the parasitoid] Muscidifurax zaraptor (Hymenoptera: Pteromalidae) [Musca domestica, *biological* **control].** 102551

Preliminary studies on the possible use of Taxorhynchites brevipalpis, Theobald in the *[biological]* **control** of Aedes simpsoni Theobald. 102562

Regulation of aquatic diptera [Culex] by Planaria [Dugesia dorotecephala, *biological* **control].** 102566

Biological **control** of insects on the Ord [River Irrigation Area]. I. Production of Sitotroga cerealella for mass rearing of Trichogramma wasps. 102961

Development and fine structure of Pleistophora sp. (Cnidospora: Microspordia) in the mosquito, Aedes sierrensis *[Biological* **control].** 103025

Insect pathological investigations on Swedish Thysanura. I. Observations on Malamoeba locustae (Protozoa, Amoebidae) from Lepisma saccharina (Thysanura, Lepismatidae) [Field crop pests, *biological* **control].** 103028

Method of *biological* **control** and the forecast of the effectiveness of applying nitrogenous fertilizers. 103960

Biological **controls** in mixed trichostrongyle infections [Lambs]. 097463

Nitrogen removal [from water] by *biological* **denitrification.** 104516

The *biology* of **Dioryctria** abietella Schiff [pest of spruce cones]. 102514

Studies on the *biology* and **distribution** of Leptinus testaceus Muller within a community of mixed small mammal species. 102563

Biological and **ecological** criteria in the management of natural forests. 098012

Biological and **ecological** criteria in the management of natural forests. 098013

Biological and **ecological** aspects of the treatment of young [forest] stands. 098808

Biological and **ecological** studies of the parasitoid Chelonus inanitus (L) (Hymenoptera: Braconidae) in Israel. II. releases of adults in a cotton field. 102330

Biology and **ecology** of the garden moth (Mamestra oleracea L., Lepidoptera, Noctuidae) [pest of sugarbeets in Bulgaria]. 102309

Research on the morphology, *biology* and **ecology** of Eucosoma(Phaneta) conterminana H.-S. (Lepidoptera, Tortricidae [Insect pest control, lettuce]. 102462

Biology, **ecology** and control of kadam defoliator Arthroschista hilaralis Walk (Pyralidae, Lepidoptera) in plantations in West Bengal. 102493

Biological and **economic** grounding of suitable unification of machines and apparatuses used in forestry. 103587

Effects of photoperiod and temperature regimens on the *biology* of **European** and United States alfalfa weevil [Hypera postica] populations. 102281

Union of Swiss Societies of **Experimental** *biology*, abstracts of the 8th annual meeting Fribourg, 9./10. April 1976 [Included domestic animals and insects]. 096084

Experimental *biological* engineering to synchronise ovulation in gilts. II. Effect of laparotomy on ovarian finding following Zn [zinc] metallibur, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin]. 096867

Experimental *biological* engineering to synchronise ovulation in gilts. III. Onset of ovulation, ovarian findings and fertilization following metalliburе, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin] at different times of treatment. 096868

Biological **features** of onion varieties in the first year of life in the conditions of the Tashkent Region. 100381

Effect of growing conditions on the morphological and *biological* **features** of tomatoes. 100383

Biological **filter** design optimization [Process for the removal of dissolved and non-settleable organic matter from liquid wastes]. 104503

Biological **filters** [in water pollution control]. 104544

Floral *biology* of Proboscidea louisianica (Martyniaceae) [Oklahoma]. 099968

Studies on **floral** *biology* in sesame (Sesamum indicum L.). 100320

Flowering *biology* of proso from various ecogeographical groups in the conditions of the Poltava Region. 100114

Results of studying the *biology* of **[grape]** varieties Bulgarian Riesling and Pearl of Thrace in the Chirpan region. 100440

Acute, subacute, and residual effects of polychlorinated biphenyl (PCB) in rats. I. *Biologic* **half-life** in adipose tissue. 097819

General report on the work of the Permanent Commission on **Honeybee** *Biology* [of APIMONDIA]. 103257

The *biology* of the **hop** aphid (Phorodon humuli Schr.). 102258

Interaction of aflatoxin B1 with some *biologically* **important** substances. 094941

Nitrogenous and *biological* **index** of soil fertility and the programming of wheat yield. 100196

Rhytisma acerinum [the cause of tar spot disease of platanus, Acer pseudoplatanus] as a *biological* **indicator** of [sulphur dioxide] pollution. 104481

Methods used for the preservation of the Fungus Collection of the Phytopathological Mycological Section of the *Biological* **Institute** of Sao Paulo. 098478

Biological **interactions** of muscle and adipose tissues [Meat]. 095706

Prospects opened by selection of domestic animals by recent progress of our **knowledge** of *biology*. 096838

CERA [Conrad Environmental Research Area]: an outdoor *biological* **laboratory** [Dedicated to the study of the structure and function of tallgrass prairie and associated ecosystems]. 098795

Biology and **management** of stone fruit pests [Syneta albida, Rhagoletis indifferens]. 102379

Goals and ways of *biological-dynamic* **management** in the present situation of world agriculture [Pollution, conservation]. 104597

The measurement of irradiance with particular reference to **marine** *biology* [Includes Algae]. 100004

Combating [insect] pests by *biological* **means.** 102231

Anatomo-biological **method** in breeding for developing models of soft winter wheat varieties of highly intensive type. 099244

Biological **methods** of control of [fungal and bacterial] plant diseases, their progress during the last 30 years, and their future. 101335

The *biology* of **Microctonus** caudatus (Thomson), a braconid parasite of the ground beetle Harpalus rufipes (Degeer). 102916

Molecular *biology* of structural protein in plant viruses. 101756

The *biology* of **mycorrhiza** in the Ericaceae. VI. The effects of mycorrhizal infection and concentration of ammonium nitrogen on growth of cranberry (Vaccinium macrocarpon Ait.) in sand culture. 100515

Formulation of *biologically* **nearly** full value starter-finisher feed for broilers. 096615

Life cycle and *biology* of **Neochetina** bruchi, a weevil attacking waterhyacinth in Argentina, with notes on Neochetina eichhorniae [Biological control of aquatic weeds]. 102222

The immature stages of Alluaudomyia paraspina (Diptera: Ceratopogonidae) Wirth with **notes** on its *biology*. 102812

Coating artefacts on pollen and other *biological* **objects** in scanning electron microscopy. 099025

Determination of Ronite [S-ethylcyclohexyl-N-ethyltiocarbamate] in water, air, plants and *biological* **objects** [Herbicides, residues]. 102733
New species of the genus Terpnacarus Grandjean (Acari: Terpnacaridae) with notes on the *biology* of **one** species. 103169
Biologically **patterned** sensitized photooxygenation of chalcones [Plants]. 100014
Biological **peculiarities** of castorbeans. 100024
Biological **peculiarities** of redpeppers grown in winter greenhouses. 100597
Economical and *biological* **peculiarities** of cauliflower varieties in the conditions of Abkhazia. 101269
Investigations on some *biological* and **physiological** behaviours of apple trees with overmoistening of the root-zone soil. 100436
Flowering: outline of a new strategy [**Plant** *biology*]. 099972
General microbiology at the Department of **Plant** *Biology* of the University of Geneva. 099973
The Department of **Plant** *Biology* of the University of Geneva. 099975
Studies on the *biology* of **pollen** formed by sour cherry flowers flowering in different stages of the blooming period [Comparison of 5 cultivars]. 100338
Role of auxin in the regulation of fruit ripening [**Postharvest** *biology*]. 095905
Synthetic and degradative processes in fruit ripening [**Postharvest** *biology*]. 095908
Chemical and *biological* **preparations** for the control of pests and diseases of plants in collective and private owned fruit orchards: Chemicals for the control of fungus diseases of plants. 101487
Artificial insemination of rabbits—the technique and some *biological* **problems.** 097001
Biological **properties** of Sumithion [Contact insecticide]. 102262
Lepidopterous insects from the Latvian SSR in *biological* **relationship** with the Norway spruce (Picea abies (L.) Karst.) [Forest pests]. 102489
Study of **reproduction** *biology* of forest herbs for the purpose of improving the chemical care of forest and preserving useful plant species. 100300
Biological **reserves** of New Zealand. 2. Bryophytes of Bankside reserve, canterbury plains. 098825
Biological **role** of the gravitational factor during uterine development in cattle. 096554
Use of **rotating** *biological* contactor on meat industry wastewaters. 104616
Committee report. *Biological* **security,** ecology and environment [Veterinary medicine]. 097193
Biology of **seed** germination of wild onion [Allium] species. 099568
Exceptional fruitfulness [seed production] and its *biological* **significance.** 099959
Biology of **Siteroptes** cerealium Kirchner (Acarina, Pyemotidae), associated with sweet bees nests, Halictus senilis Ev. (Hymenoptera, Halictidae). 102790
Ultimate disposal of *biological* **sludges**—a novel concept [Bleached kraft wholemill effluent]. 104624
The influence of **soil** *biological* factors on the mycelial growth of Fomes annosus [Trees]. 101453
The intensity of carbon dioxide release as an indicator of alterations of **soil** *biological* activities under the influence of herbicides. 102773
Aspects of the *biology* of **Staphylinus** olens (Muller), Britain's largest staphylinid beetle. 102911
Chemical and *biologic* **studies** of parathyroid hormone, proparathyroid hormone, and fragments of parathyroid hormone [Bovine, porcine, human]. 096376
Possibility of rearing wheat mite (Aceria tritici Shev.) (Acarina, Eriophyoidea) on aerial bulbs of garlic [to **study** its *biology*]. 102372
New research on ultrastructure and *biology* of some **symbiotic** flagellates of termites [Kalotermes flavicollis host of Microrhopalodina inflata]. 102816
Separation of zygotic from nucellar sour orange seedlings by means of *biological* **tests.** 100564
Nitrogen fertilization and *biological* **thought.** 104102
Improving the effectiveness of industrially-producing young cattle facilities with semislotted floors by increasing the number of heads per unit group and the *biological* **treatment** of stored fodder. 096134
Biology of **Trichogramma** cacoecia pallida Meyer in Moldavia [Biological control of Laspeyresia pomonella]. 102417
Characters and specificity of **two** *biological* races of [the nematode] Heterodera on Dianthus caryophyllus. 101961
Characterization of *biological* **types** of cattle. III. Carcass composition, quality and palatability. 095698
Characterization of *biological* **types** of cattle. I. Dystocia and preweaning growth. 096417
Characterization of *biological* **types** of cattle. II. Postweaning growth and feed efficiency of steers. 096696
Characterization of *biological* **types** of cattle. IV. Postweaning growth and puberty of heifers [by breed groups]. 096929
Composition and *biological* **value** of grain proteins in a three-species Triticale (2n=42) and in its parental forms. 099248
Influence of DD [dichloropropane, dichloropropene] nematocide [used to control Heterodera schachtii] on *biological* **value** of some vegetables [Cabbage, Brussels sprouts and red beets]. 101853
Irreproducible results and the breeding of pigs (or nondegenerate limit random **variables** in *biology*). 096884
In **vitro** *biological* differences between the pathogenic and apathogenic Marek's disease herpesvirus [Chick and duck embryos]. 097261
Models in *biological* **wastewater** treatment: objectives, results, applicability. 104506
Wood *biology*—problems and importance. 098435

BIOMASS

Aboveground *biomass* allocation, leaf growth, and photosynthesis patterns in tundra plant forms in arctic Alaska. 098834
Biomass **accumulation** and the removal of nitrogen, phosphorus and potassium by spruce [Picea] transplants. 100641
Studies on *biomass* **accumulation** of Nepeta ruderalis Buch-Ham, a common weed of winter season. 102089
Seasonal variation of **algal** *biomass* production potential and nutrient limitation in Yaquina Bay, Oregon [Water pollution, paper mill wastes]. 104495
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of organogenic elements in green algae cells. I. The photosynthetic incorporation of 13C [carbon isotope] in *biomass* of **Chlamydomonas** 137c strain. 100035
Nuclear techniques for **determining** *biomass* production, evaporation and transpiration, root development and nutritional value [in plant breeding]. 099311
An evaluation of five methods **estimating** *biomass* of an evenaged plantation of Pinus caribaea L. 098015
Effect of temperature on the formation of higher alcohols and on the accumulation of *biomass* during the **fermentation** of grape must with various strains of yeast. 095974
Seasonal dynamics of tall shrubs in northeastern Minnesota: *biomass* and **nutrient** element changes. 100638
A correlation between the forest **phytocoenosis** *biomass* and the total moisture consumption from the soil aeration zone. 098789
Growth of Fusarium moniliforme [fungi] on carob aqueous extract and nutritional evaluation of its *biomass* **[Rats].** 099513
Biomass **response** to [forest] fertilization in the Piedmont. 104120
Biomass of **soil** mites (Acari) in Arctic coastal tundra. 103064
Effects of pure paraquat dichloride, **"Gramoxone W",** and formulation additives on soil microbiological activities. 1. Estimations of **soil** *biomass* in laboratory-treated soil. 103862
Influence of the enzyme preparation protoryzin P10x on the fermentation vigor and increase in *biomass* of the **yeast** Saccharomyces carlsbergensis r. 776 growing in beer wort. 095400
Characterization of proteolytic activity of enzyme preparations obtained from **yeast** *biomass* [Cheese making]. 095668
Influence of specific growth rate on *biomass* **yield,** productivity, and composition of Candida utilis [yeast] in batch and continuous culture. 099514

BIOMEDICINE

US Army veterinarians in *biomedical* **research:** from seed to harvest. 097173

BIOMETRICS

Biometric **characterization** of site influences on the variety testing system as exemplified in Bavarian variety trials with winter wheat and summer barley from 1963 to 1972 [Yields]. 100719
Variability of *biometric* **characters** in second stage larvae of the citrus nematode, Tylenchulus semipenetrans Cobb, 1913. 101987
Biometrical **research** in Dicranum scoparium Hedw. [Musci]. 099591

BIONOMICS

Studies on the causes and the control of the spotted rice. II. On the *bionomics* and the **control** of the red-veined leaf bug [Stenodema rubrinerve]. 102293
Bionomy and **morphology** of the development instars of Copiumclavicorne (L.), Heteroptera, Tingidae. 102817

BIOPOLYMERS *see* POLYMERS

BIOPSY

Nasal **tumors/surgical** *biopsy*. 097699

BIOSTIMULATION

Application of the algal assay procedure in *biostimulation* and **toxicity** testing [in natural waters]. 104492

BIOSYNTHESIS

Connection between morphological and *biosynthetic* **activity** of Trichothecium roseum [Fungi] and its polynuclear conidia. 099860
Role of 1,5-14C [carbon isotope]-cadaverine in the *biosynthesis* of **alkaloids** in Anabasis aphylla. 099508
Biosynthesis of **alkaloids.** 099559
Analogue *biosynthesis* in Trichoderma viride [Fungi]: the formation of 3a-deoxygliotoxin. 099653
Light control of **anthocyanin** *biosynthesis* in Zea [mays] seedlings [Maize]. 100255
The role of carbon compounds in the regulation of **asparaginase** *biosynthesis* by various species of the genus Erwinia. 101691
Biosynthesis of **beta-fructofuranosidase** by fungi of the genus Aspergillus. 099502
Biosynthesis of **bisabolene** by callus cultures of Andrographis paniculata. 099656
Biosynthesis of **carotenoids** [Fungi, algae, higher plants]. 099755
The *biosynthesis* of **C5-C25** [carbon] terpenoid compounds. 099564
Properties and *biosynthesis* of **cell** wall-bound acid phosphatase in Aspergllus niger [Fungi]. 099924
Effect of cycloheximide on the process of reorganization of the *biosynthesis* of **Chlorella** [Algae] cells induced by nitrogen starvation. 099989
Chlorophyll *biosynthesis*. 099758
Studies on the *biosynthesis* of **cyclitols.** 33. Preparation of highly purified myo-Inositol-1-phosphate synthase from bull testicles; comparison with the corresponding enzyme from rat testicles. 096995
Synthetic medium for *biosynthesis* of **dextranase** by Penicillium funiculosum [Fungi]. 099510
Studies on the mechanism of acetion and **diacetyl** *biosynthesis* by microorganisms. III. Production of acetoin and diacetyl by Lactobacillus bulgaricus [Dairy products]. 095658
Biosynthetic **events** required for lag elimination in chlorophyll synthesis in Euglena [gracilis, Algae]. 099953
Ferredoxin *biosynthesis* in Euglena gracilis. 099542
Biosynthesis of **flavonoids** [in plants]. 099756
Biosynthesis of **flavors** by Penicillium roqueforti [Blue cheese]. 095558
Biosynthesis of **fomannosin** from 1,2-13C-acetate [Wood rot fungus, Fomes annosus, Pinus]. 101637
Optimization of the composition of the nutrient medium for the *biosynthesis* of **glucoamylase** by a submerged culture of Endomycopsis bispora [Fungi]. 099506
The **induced** *biosynthesis* of 7-dehydrocholesterols in yeast [Saccharomyces cerevisiae]: potential sources of new provitamin D3 analogs. 099622
Use of mutants to establish (+)-scytalone as an intermediate in **melanin** *biosynthesis* by Verticillium dahliae [Fungi]. 099635
Biosynthesis, **metabolism,** transport and distribution of gibberellins [in plants]. 099773
The *biosynthesis* of the **naphthoquinone** 7-methyljuglone [Drosera capensis]. 099534
Biosynthesis of **penicillins** and cephalosporins [Penicilliumchrysogenum, Cephalosporium acremonium, Fungi]. 099560
Chemistry and *biosynthesis* of **plant** galactolipids. 099960
Quinones: nature, distribution and *biosynthesis* [in **plants**]. 099766
Biosynthesis of **polyketides** [Fungi]. 099558
Protein *biosynthesis* in dormant and post-ripened embryos and seeds of Agrostemma githago. 099915
Beta-glucosidase of Trichoderma [viride, fungi]: its *biosynthesis* and **role** in saccharification of cellulose. 099511
Phenolic compounds derived from **shikimate** *[Biosynthesis]*. 099563
Biosynthesis of **sterols** by various yeasts. 099857
N.M.R. [Nuclear magnetic resonance] with stable isotopes in *biosynthetic* **studies** [carbon-13 isotope]. 099561
Application of 15N [nitrogen isotope] pulsed fourier transform nuclear magnetic resonance spectroscopy to *biosynthetic* **studies;** incorporation of L-15N] valine into penicillin G [Penicillium chrysogenum, Fungi]. 099654
Biosynthesis of **trans-2-hexenal** in chloroplasts from Thea sinensis [Tea]. 099902
Biosynthesis of **triterpenoids,** steroids, and carotenoids. 096265

BIOSYSTEMATICS

Biosystematic and **evolutionary** statuses of two sympatric populations of Aphytis mytilaspidis (Hymenoptera: Aphelinidae). 103157
Biosystematic **status** of three allopatric populations of Aphytis maculicornis (Hymenoptera: Aphelinidae). 103158

BIOTESTS *see* BIOASSAY

BIOTIC

Barren stalk of corn grown in organic soils of eastern North Carolina [**Soilborn** *biotic* diseases of unknown etiology]. 102011

BIOTIN

Assimilation of ammonia and growth of *biotin* **deficient** Aspergillus nidulans [Fungi]. 099707
A role for *biotin* in **fatty** liver and kidney syndrome in chicks [caused by rations which are simultaneously low in biotin, protein and fat]. 096740

BIOTRANSFORMATION *see* TRANSFORMATION

BIOTYPES

Biotype selection in **Erigeron** annuus during old field succession. 098784
An **Italian** *biotype* of the citrus nematode [Tylenchulus semipenetrans]. 101956

BIPHENYLS

Acute, subacute, and residual effects of **polychlorinated** *biphenyl* (PCB) in rats. I. Biologic half-life in adipose tissue. 097819

Influence of diet on the induction of hepatic ceroid pigment in rats by **polychlorinated** *biphenyls.* 097863
Organochlorine insecticides and **polychlorinated** *biphenyls* in cod from Norwegian fjords [Residues, DDT]. 102747
Interactions between **polychlorinated** *biphenyls* (PCBs) and soil microfungi. Effects of Aroclor-1254 and other PCBs on Aspergillus flavus cultures. 104454
Thyroid changes in PCB [**polychlorinated** *biphenyls]-dosed* guillemots and their indication of one of the mechanisms of action of these materials [Pollutants]. 104483

BIPOLARIS
Pathogenicity of *Bipolaris* **(Helminthosporium)** setariae and Bipolaris maydis races T and O to carnation, geranium and snapdragon [Dianthus caryophyllus, Pelargonium domesticum, Antirrhinum majus]. 101557

BIPYRIDYL
Analysis of [the herbicide, defoliant and dessicant] *bipyridyl* **phosphate.** 102129

BIRCHES
Influence of lignin on thermochemical polymerization of monomers. II. Influence of modified **alkali** *birch* wood lignin preparations on styrene polymerization in DMSO [dimethyl sulfoxide] solution. 098314
Growth of *birch* **[Betula]** in field shelterbelts in the forest-steppe in the part of the Ukraine located to the west from the Dnieper River. 097895
Geographic variability of the main species of *birch* **[Betula]** in thermal resistance in the Urals. 098150
Phenogeographic analysis of the population structure of *birch* **[Betula]** in the northern Kazakhstan. 098156
Variability of vegetative organs of some interspecies hybrids of *birch* **[Betula]** in the first generation. 098163
Intraspecific variability of *birch* **[Betula]** in the Urals in relation to the problems of the taxonomy of the genus. 098722
Growth of pine [Pinus thunbergii] and *birch* **[Betula** platyphylla var. japonica] seedlings under lights with different spectral compositions and intensities. 100653
Karelian *birch* [Betula verrucosa f. Carelica] and its placein the system of the genus Betula [Breeding]. 098153
New data about the origin of **Karelian** *birch* [Betula verrucosa f. carelica]. 098154
Selection of **Karelian** *birch* [Betula verrucosa f. Carelica] in the forests and plantings from the northwestern [part of the USSR]. 098157
Dormancy, growth, and their natural regulators in buds and seeds of **Karelian** *birch* [Retula verrucosa]. 100683
Composition and properties of tar, obtained at cellolignin thermolysis. IV. Fractionation on sephadex of tar, obtained at *birch* **wood** cellolignin thermolysis with overhead steam in vacuum. 098303
Composition and properties of tar obtained at cellolignin thermolysis. VII. Determination of acid groups in compounds isolated from resin after *birch* **wood** thermolysis, and in model aromatic oxyacids. 098306
Influence of moisture content on polymerization of monomers in wood. IV. Comparison of copolymerisation of styrene withacrylonitrile in *birch* **wood** in presence of water and methanol. 098316
Influence of preliminary alkali treatment on *birch* **wood** impregnation and solubility of its components in acid sulphite pulping. 098319
Investigation of enzymatically destructed wood. XVII. Ultraviolet-spectra of lignin from *birch* **wood.** 098327
Lignin influence in styrol radiation polymerization in *birch* **wood** cell wall. 098336
Studies of hardwood lignin. IV. Study of *birch* **wood** lignin. 098359
Study of *birch* **wood** alkali extraction. 098362
Thermochemical polymerization of monomers in wood. I. Influence of swelling agents on the polymerization of styrene in *birch* **wood.** 098370
Infrared spectroscopy of wood and its main components. VII. Determination of lignin content in *birch* **wood** samples damaged by the fungus Fomitopsis pinicola. I. 101486

BIRDS
The effect of the duration of starvation of the **assay** *bird* [rooster] on true metabolizable energy values. 096768
Neurologic lesions of velogenic viscerotropic Newcastle disease virus in parrots, **budgerigars,** and *canaries.* 097538
A study on the mechanism of salmonellosis transmission in *birds* **[Chickens,** Salmonella typhimurium]. 097358
A technique for study of lung function in *birds* **[ducks]** by blocking the primary bronchus. 096544
Techniques for the isolation of viruses from **exotic** *birds* submitted for importation into the United States. 097550
Residues of organochlorine insecticides in some fishes and *birds* in the **Gezira** of Sudan. 102758
Grasslands *birds* and agricultural land-use [Pasture land isused both for grazing and for haymaking]. 100692
A study of the influence of mesonephric mesenchyme on the Wolffian duct in *birds* using **heterospecific** [quali-chick and quail-duck] associations. 096447
Seasonal distribution of fungi on **house** *sparrows.* 098868
Observations on chytridiaceous parasites of phanerogams. XXV. Physoderma **johnsii** *Sparrow,* a parasite of Caltha palustris L. 101314
Chemical repellents can save crops *[Birds* and **mammals** control]. 102060
Mutual relation and dependence of salmonellosis in *birds* and **man** [Chickens]. 097365
Discriminant function analysis: a possible aid in determining the impact of forest management on *woodpecker* **nesting** habitat. 097982
Studies on the variation and morphology of the Ptilonyssus "sairae" complex (Acarina: Rhinonyssinae) from North American **passeriform** *birds.* 102590
Grassland use patterns and **prairie** *bird* populations in Missouri. 100788
The distribution of salmonellosis among *birds* in the **Shumenand** Targovishte districts during the 1967-1970 period [Poultry]. 097372
Nasal mites of the subfamily Speleognathinae (Ereynetidae) from *birds* in **Texas.** 102594
The *sparrow-mass* **trap** in practical use [Plant protection]. 101906
Spore dispersal of Endogonaceae [Fungi] by worms, ants, wasps, and *birds* **[Vesicular-arbuscular** mycorrhiza]. 099624
Fluoroacetamide (1081) [rodenticide] poisoning in **wild** *birds.* 097832
Residue studies on chlorinated hydrocarbons in eggs of **wild** *birds.* 102696

BIRTH
Pathological and microbiological observations made on spontaneous cases of **acute** *neonatal* calf diarrhea. 097292
Studies on the effect of *calving* **age,** calving month and herd level on the first lactation yield [Dairy cattle sire evaluation]. 096984
Influence of time of *calving* and **alternate** base price scale on milk profits. 094570
Studies on calving difficulty, stillbirth and associated factors in Swedish cattle breeds. I. General introduction and breed **averages** *[Parturition].* 096840
The **"barker"** *(neonatal* respiratory distress) syndrome [of genetic origin] in the pig: its occurrence in the field. 097771
Injuries and diseases of beef cattle at the time of *calving* and **breeding.** 097141
Injuries and diseases of dairy cattle at the time of *calving* and **breeding.** 097142
Birth of **calves** in posterior presentation [Parturition difficulties]. 097060
Responses of the preputial gland and perineal complex of *neonatally* **castrated** and androgenized rats to testosterone during adult life in presence and absence of pituitary. 097013
Postpartum **changes** in protein fractions in sow colostrum and neonatal piglet's blood serum. 096278
Are changes in serum N-acetylhexosaminidase level associated with uterine involution in the **cow?** *[Parturition].* 097027
Diet calcium and pH [hydrogen-ion concentration] versus mineral balance in Holstein cows 84 days pre- to 2 **days** *postpartum.* 096706
Fetal and *neonatal* **development** of the microsomal monooxygenase system. 096327
Changes in the sensitivity to hypoxia and glucose deprivation in the isolated perfused rabbit heart during *perinatal* **development.** 096496
Birth of calves in posterior presentation *[Parturition* **difficulties].** 097060
Studies on *calving* **difficulty,** stillbirth and associated factors in Swedish cattle breeds. I. General introduction and breed averages [Parturition]. 096840
Studies on *calving* **difficulty,** stillbirth and associated factors in Swedish cattle breeds. II. Effects of non-genetic factors [Parturition]. 096841
Electron microscope study of experimental enteric infection in *neonatal* **dogs** with a canine coronavirus. 097441
Birthweight **doubling** time: a fresh look. 095189
Neonatal **Escherichia** coli infections in calves. I. Appraisal of rehydration. 097677
Induction of *parturition* in **ewes** with a single injection of oestradol benzoate. 097046
Studies on calving difficulty, stillbirth and associated factors in Swedish cattle breeds. II. Effects of non-genetic **factors** *[Parturition].* 096841
Routine and emergency treatment of *newborn* **foals.** 097152
Mass rearing the *Natal* **fruit** fly Pterandrus rosa (Ksh.) (Diptera: Trypetidae). 102972
The influence of maternal food supplements on *birthweight* in **Guatemala.** 095184
Bilateral adrenalectomy of lambs in utero: effects on maternal hormone levels at **induced** *parturition.* 096944
Enterocolitis in *low-birth-weight* **infants** associated with milk and soy protein intolerance. 095157
Milk protein quantity and quality in *low-birthweight* **infants** = 1. Metabolic responses and effects on growth. 095193
Dmitrii Dmitrievich Romashov (on the 75th anniversary of his *birth)* **[Insect** genetics]. 103095
Factors affecting *calving* **interval** in dairy herds. 096939
Perirenal adipose-tissue development in the *neonatal* **lamb.** 096590
Goitre [enlargement of the thyroid gland] in the *newborn* **lamb.** 097680
Sleep cycles of fetal and *neonatal* **lambs.** 096282
Glycogen and alkaline phosphatase in the liver of fetuses and *newborn* **lambs** and piglets. 096582
Lipolytic activity of the liver in sheep and swine fetuses and *newborns* **[Lipid** metabolism]. 096585
Whelping **minks** *[Parturition].* 097065
Studies on the effect of calving age, *calving* **month** and herd level on the first lactation yield [Dairy cattle sire evaluation]. 096984
Meningeal haemorrhage and congestion associated with the *perinatal* **mortality** of foals. 097768
A behavioural comparison of gnotobiotic with **normal** *neonate* pigs, indicating stress in the former. 096201
Normal *parturition* in the mare. 096894
The effect of feed intake in late gestation on the body composition and survival of the *neonatal* **pig.** 096639
Postpartum changes in protein fractions in sow colostrum and *neonatal* **piglet's** blood serum. 096278
Bacterial competition as a means of **preventing** *neonatal* diarrhea in pigs. 097377
Calving **rate** of cows following insemination after a 12-day treatment with silastic coils impregnated with progesterone. 096928
Protein- and amino-acid concentration by *newborn* **rats** under defective nutrition. 095231
Changes in the weight of the adrenal glands and in the concentration of plasma corticosterone in *perinatal* **rats** after prenatal treatment with oestradiol benzoate. 096451
Cesarean **section** in veterinary practice. 097139
Analysis of data of laboratory tests on dairy cows before and after *parturition.* II. **Serum** protein fractions. 096458
Sex and season of *parturition* in **sows.** 096870
Vaccination research involving Escherichia coli and *neonatal* **swine;** a literature survey [Bacterial infections]. 097460
Metabolism of [4-14C] [carbon isotope] estrone by sheep erythrocytes around the **time** of *parturition.* 096284
Postpartum **uterine** involution and ovarian activity in dairy cattle [Fertility, reproductive physiology]. 097000
Some environmental factors affecting *birth* **weight** in Awassisheep. 096172

BISCUITS
Microcrystalline cellulose replacement in **cakes** and *biscuits.* 095130

BISON
Comparison of forage intake and digestibility by *bison,* **yak** and cattle. 096626
Feed intake, metabolism and thermal insulation of *bison,* **yak,** Scottish Highland and Hereford calves during winter. 096631

BISPORA
Optimization of the composition of the nutrient medium for the biosynthesis of glucoamylase by a submerged culture of **Endomycopsis** *bispora* [Fungi]. 099506

BISULFITE
A kinetic study of the *bisulphite* **reduction** of methionine sulphoxide to methionine [in foods and feeds]. 095481
Comparative studies of *magnesium-bisulphite* and **sulphate** cooking processes of Larix dahurica. I. Comparative cooks of wood from different parts of a tree along its height. 098301
Comparative studies of *magnesium-bisulphite* and **sulphate** cooking processes of Larix dahurica. II. Comparative cooks of wood from blends of various Larix dahurica samples. 098302

BITCHES *see* **DOGS**

BITING
Veterinary public health **[Dog** *bites* to people, injuries]. 097805
Arbovirus surveillance in six states during 1972 [Equines, mosquitoes, *biting* **flies].** 097217

BITTER
Factors affecting *bitter* **flavour** in Gouda cheese [Rennet]. 095636
Some *bitter* **peptides** from rennet-treated casein. A method for their purification, utilizing chromatographic separation on silica gel. 095637
Bitter **substances** of apples. III. Identification and physical and chemical properties of secondary metabolites of the fungus Trichothecium roseum. 101573
Bitter **substances** of apples. II. Formation kinetics of secondary metabolites in saprophytic cultivation of the fungus Trichothecium roseum. 101574
Relations between structure and *bitter* **taste** of amino acids and peptides. II. Peptides and their derivatives. 095542
Steric arrangement of sweet and *bitter* **taste** of amino acids and peptides. 095544

BIURET
Effect of *biuret* **concentration** in foliar sprayed urea on yield and composition of rice. 103969
Processed poultry waste compared with uric acid, sodium urate, urea and *biuret* **as nitrogen** supplements for beef cattle fed forage diets. 096700

BLABERUS
Fine structure of the rectum in cockroaches (Dictyoptera): general organization and intercellular junctions [Periplaneta americana, Blatta orientalis, Supella supellectilium, *Blaberus* **craniifer**]. 103120
Transpiration measurements in two cockroach species: Periplaneta americana and *Blaberus* **trapezoideus**. 103023

BLACK
Dosage effect study of the microsporidian Octosporea muscaedomesticae in the **adult** *black* blowfly Phormia regina, with reference to the reproductive cycle of the pathogen. 103026
Chemical composition of acid-soluble part of *black* **alkaline** solutions after hardwood pulping. 098300
Determination of organic acids in *black* **alkaline** solutions after rough aspen wood pulping. 098311
Evaluation of the collection entries of red and forage beets for resistance to **bacterial** *black* rot and fungus black leg. 101681
Their *Black* **Baldie** [cattle] system works [Breeds]. 097017
Lilium X *'Black* **Beauty'**—a potential bridging hybrid in Lilium [Overcoming hybrid sterility]. 099197
Some agronomical studies on rainfed jowar [Sorghum **bicolor]in** *black* cotton soils. 100864
Productivity and acclimatization of the *Black-Pied* **cattle** of Danish origin in southern Slovakia. 096108
The effects of various intensities of light on the growth of four sources of *black* **cherry**. 100679
Seed transmission of cherry leaf roll virus in *black* **cherry** (Prunus serotina Ehrh.). 101824
Results from, and recommendations for, the irrigation of winter wheat varieties on a *Black* **Clayey** soil in the Thuringian Basin. 104285
Estimating the income and expenses of 1 hectare of *black* **currant** plantings. 094399
Methodology of sampling the leaves of *black* **currant** for the diagnosis of its fertilizer requirements. 100501
The resistance of *black* **currant** varieties to leaf mite, Anthocoptes ribis (Masse). 102428
Application of simazine in the plantings of *black* **currants**. 102131
Genetic resistance in Douglas-fir [Pseudotsuga menziesii] to damage by snowshoe hare and *black-tailed* **deer**. 097881
Comparative study of the results of crossing Bulgarian Brown cows with **Dutch** *Black* Pied bulls. 097083
Relationship of nitrogen nutriton of **'Early** *Black'* cranberry to vegetative growth, fruit yield and quality. 104038
Microscopic lesions suggestive of Marek's disease in a *black* **francolin** (Francolinus f. francolinus) [similar to those described in chickens]. 097262
Evaluation of the collection entries of red and forage beets for resistance to bacterial black rot and **fungus** *black* leg. 101681
Adaptability in *black* **gram** (Phaseolus mungo L.) [Mungo beans, genotype X environment interaction]. 099221
Response of *black* **gram** [mungo beans] varieties to fertility levels. 104003
Classification of quaking aspen [Populus tremuloides] stands in the *Black* **Hills** and Bear Lodge Mountains. 098064
Study on meat production of **Japanese** *Black* and its crossbred F1 cattle [Hereford X B (HB), Charolais X B(CB) and Angus X B(AB), feed efficiency]. 096659
The influences of level of nutrition during rearing on puberty and reproductive performance in **Japanese** *Black* cattle heifers. 096660
Training needs in 1890 *[black* **land-grant]** institutions [Extension]. 094064
The genetics of *black* **larva,** an autosomal recessive lethal mutation located on chromosome 3 in the mosquito Anopheles albimanus. 102865
Maturity interaction and *black* **layer** occurrence in opaque-2 and normal hybrids in maize (Zea mays L.). 099198
Black **layer** signals maturity [Maize, sorghum]. 100181
Resistence of several potato varieties against *black* **leg,** Erwinia carotovora, after injuring the tubers and inoculation. 101684
Sorption of lignin by wood on treatment with *black* **liquor**. 098358
Ultraviolet spectrophotometry of *black* **liquor** fractions after sulfate pulping of halocellulose. 098440
Engineering properties of *black* **liquors** in process design and development of kraft chemical recovery units. 098287
Changes in phospholipid contents in microsomal membranes in cortex of *black* **locust** [Robinia pseudoacacia] bark during dehardening. 099855
Relationship between *black* **locust** [Robinia pseudoacacia] seedling age and induction of cold hardiness. 100637
Effect of the *Black-Pied* **Lowland** breed on the slaughter half in fattening young bulls. 097002
Effect of delay in first irrigation, methods of N [nitrogen] application and Cycocel in wheat on **mixed** *Black* soils. 100836
Feeding damage of the *black* **pecan** aphid [Tinocallis caryaefoliae]. 102415
Meat productivity of young bulls in combination crossing of the Slovakian Pied and *Black* **Pied** breeds (F11). 097003
Lethal trait A 46 in *[Black* **Pied** Danish] cattle. Intestinal zinc absorption [Hereditary parakeratosis]. 097835
Condensate injury from *black* **plastic** [used to control day length in producing cut and potted Chrysanthemums]. 101899
Investigations on the effect of mulching with *black* **polythene** sheeting on tulip and gladiolus development and crop yields. 103897
Improvement of intake rates in **problem** *Black* soils. 103811
Black **rot** canker of apple. 1. Identification of the causal agent [Sphaeropsis malorum]. 101621
Trehalase, invertase, and amylase activities in the *black* **scale,** Saissetia oleae, and their relation to host adaptability [Pest of olives and atrus]. 102435
On the *black* **scales** [Saissetia] of southern Europe (Homoptera: Coccoidea: Coccidae). 103170
Four-legged mites (Acarina, Eriophyoidea)—pests of citrus on the *Black* **Sea** coast in the Caucasus. 102475
Grafted culture of grapevine on the *Black* **Seacoast** in the Krasnodar Territory. 101277
Evaluation of animal hazards to **spot-seeded** *black* cherry [Prunus serotina] in central Tennessee. 102052
Nutrient reserves in **starving** *black* carpet beetle [Attagenus megatoma] larvae infected with the eugregarine Pyxinia frenzeli [Pest of stored products]. 103029
Attraction, attack patterns [on Pinus taeda] and seasonal activity of the *black* **turpentine** beetle [Dendroctonus terebrans]. 102478
An **unusual** *black* gum [Nyssa sylvatica] swamp in Maine. 098847
Weed control in *black* **walnut** [Juglans nigra] plantations. 102208
Dutch inspection report introduced in Spain *[Black* and **White** breed of dairy cattle]. 097068
Fattening and slaughter performance results of **young** *Black* Pied bulls as influenced by feeding intensity. 3. Economic results of young bull fattening at varying feeding intensity and slaughter weight. 096644

BLACKBERRIES
Study on the nectar and honey productivity of red raspberry (Rubus idaeus L.) and **European** *blackberry* (Rubus fructicosus L.). 101158
Economics of alternate year production of thornless **evergreen** *blackberries*. 101057

BLACKBRUSH
Blackbrush **(Coleogyne** ramosissima Torr.) on southwestern Utah rangelands [Range ecology]. 098846

BLACKLANDS
Plant communities of the *Blackland* **Prairie** of Texas. 098800
The *Blackland* **Prairie** of Texas: conservation of representative climax remnants. 100792

BLADDERS
Content of 7-(alpha)-hydroxycholesterol in the **gall** *bladder,* liver, and blood of chick embryos and chicks. 096454
Inhibitory effect at the *bladder-urethral* **junction** [Cats]. 096157
Isometric and isotonic length-tension relations and variations in cell length in longitudinal smooth muscle from rabbit **urinary** *bladder*. 096159
Fibrosarcoma in **urinary** *bladder* wall [Dogs]. 097729

BLADES
The radial clearance between the case and *blade* of the **soil** rotary cultivator-thrower. 103554
Blade **tenderization** of wholesale cuts from ram lambs and kid goats. 095696

BLANCHING *see* BLEACHING

BLAST
Fungicide evaluation for the control of the *blast* **disease** [Pyricularia oryzae conidia]. 101499
Studies on the methods for evaluation of field resistance of rice varieties to *blast* **disease** [Pyricularia oryzae]. 101598
Susceptibility of some rice cultivars to Pyricularia oryzaeCav. *[Blast* **disease]** in four localities of the State of Sao Paulo. 101632
Fine structure of the **rice** *blast.* XII. The mode of pseudoinfection of Pyricularia oryzae Cav. to the non-host plants. 101594
Fine structure of the **rice** *blast.* XIII. Ultrastructure of Pyricularia oryzae-nonhost interfaces. 101595
Control of **rice** *blast* with several fungicides [Pyricularia oryzae]. 101623
Growth and sporulation of Pyricularia oryzae Cav. On different carbon/nitrogen ratios in a synthetic medium, the **rice** *blast* causing agent. 101628

BLASTOCLADIELLA
Preformed poly (A)-containing RNA in zoospores of *Blastocladiella* **emersonii** [Fungi]. 099548

BLASTOCYSTS
Blastocyst **expansion** and hatching of bovine ova cultured in vitro. 096927

BLASTODERM
Intercellular bridges of **chick** *blastoderm* studied by scanning and transmission electron microscopy. 096350
The mechanism of **chick** *blastoderm* expansion. 096450

BLASTODISKS
Cellular composition of erythropoietic cell populations and aggregate cell cultures derived form early **chick** *blastodiscs*. 096569

BLATTA
Fine structure of the rectum in cockroaches (Dictyoptera): general organization and intercellular junctions [Periplaneta americana, *Blatta* **orientalis,** Supella supellectilium, Blaberus craniifer]. 103120

BLATTELLA
German cockroach *[Blattella* **germanica]** resistance: propoxurselection induces the same resistance spectrum as diazinon selection. 102255
Sterility and lethality in crosses involving two translocation heterozygotes [for control] of the German cockroach, *Blattella* **germanica** (L.). 102528
Effects of side chain modification on the activity of propyl cyclohexaneacetate as an attractant to the German cockroach *[Blattella* **germanica].** 102997
Selectivity of yolk protein uptake: comparison of vitellogenins of two insects [Hyalophora cecropia, *Blattella* **germanica].** 103015

BLEACHING
Quantum yield and conformational changes during greening and *bleaching* of **Chlorella** prototheocoides [Algae]. 099925
Geographic distribution of soils with the *bleached* **contact** horizon on two-membered rocks. 103852
Waste fat in **fat-containing** *bleaching* earth as feed for chickens. 096603
Hide *bleaching* and decolorization for the furrier's shop. 095683
Integrated *blanching* and cooling [of vegetables] to reduce plant effluent. 095940
Effect of *bleached* **kraft** mill effluent on the survival of starved juvenile coho salmon (Oncorhynchus kisutch). 104535
Ultimate disposal of biological sludges—a novel concept *[Bleached* **kraft** wholemill effluent]. 104624
Bleaching **mineral** stains out of maple [Acer]. 098198
The extensional behavior of commercial **softwood** *bleached* kraft pulps. 098422
Cross-link wet-stiffening of paper: the mechanism [tested on paperboard from *unbleached* **southern** pine]. 098417
Improvement of texture of frozen vegetables by **stepwise** *blanching* treatments. 095926
On connection of morphological structure of spruce wood tracheids with lignin content in *unbleached* **sulphite** pulps. 098342
Study of chemical composition of extractives in *unbleached* **sulphite** pulp obtained from sound and mixture of sound and rotten aspen wood. 098363

BLEEDING
Gastrointestinal *bleeding* and iron absorption in the experimental blind loop syndrome [Malabsorption of both vitamin B12 and fat, rats]. 094960
Cleridendron thomasoniae, **Southern** *Bleeding* Heart, tropical vine to pot plant [Growth regulators]. 100451

BLENDING
Blending of **celluloses** of Eucalyptus saligna and Pinus caribaea var. caribaea. 098229
Use of mathematical methods and electronic computers for the creation of **cognac** *blends* [in Bulgaria]. 095967
Sulfate cellulose production from *blends* of **Eucalyptus** saligna wood small portions of Bambusa vulgaris var. vitatta chips. 098231
Straw for dairy cattle **[Feed** *blends].* 096834
Ventilation and **home** *blending* of feed [Swine]. 096791
Comparative studies of magnesium-bisulphite and sulphate cooking processes of Larix dahurica. II. Comparative cooks of wood from *blends* of various **Larix** dahurica samples. 098302
Blending of **machine-stripped** cotton; preliminary feasibility studies. 095835
Blended **wines** in the USSR. 095971

BLIGHTS
Double induction—a new hypothesis of plant immunity (membrane aspects of interrelations between potato and Phytophthora infestans (Mont.) de Bary) [causal **agent** of *blight].* 101460
A new flower spot and *blight* **[Alternaria** alternata] of Chrysanthemum. 101492
Morphological, cultural and biochemical characterization of Xanthomonas vesicatoria (Doidge) Dowson samples **[Bacterial** *blight,* tomatoes leaves]. 101686
Xanthomonas vesicatoria (Doidge) Dowson, on the tomato **[Bacterial** *blight].* 101688
Chestnut *blight* [Endothia parasitica] research at the Station [Castanea]. 101423
Breeding for resistance to **chestnut** *blight* [Endothia parasitica] at the University of Tennessee. 101585
Survival, growth, and resistance to **chestnut** *blight* [Endothia parasitica] of chestnut hybrids and selected families of Chinese chestnut, 20 years after establishment. 101589
Biological control of *blight* **[Endothia** parasitica] may revive the chestnut [Castanea]. 101422

Effect of overtree misting for bloom delay on incidence of **fire** *blight* [Erwinia amylovora] in apple. 101705
Effect of various physical factors of the environment on the incidence of **foot** *blight* Operculella padwickii] of gram (Cicer artietinum L.) [Chickpeas]. 101479
Potential sources of resistance to **halo** *blight* [Pseudomonasphaseolicola] of [kidney] beans. 101675
Development of inbreeding lines of potatoes with high starch content and resistant to **late** *blight* [Phytophthora infestans]. 099288
The character of **late** *blight* [Phytophthora infestans] resistance display in potato tubers. 101471
Vertical resistance of potatoes to the pathogen of **late** *blight* [Phytophthora infestans] and the formation of phytoalexins. 101474
The influence of pre-sprouting, spraying and defoliating of potatoes on the infection with potato **late** *blight* [Phytophthora infestans]. 101582
Effect of virus infection on the resistance of potatoes to **late** *blight* [Phytophthora infestans]. 101754
Leaf *blight* of cotton caused by Macrophomina phaseolina. 101404
Leaf *blight* of cowpea (Vigna sinensis Endl.) caused by Sclerotium rolfsii Sacc. 101405
Leaf *blight* of green gram [mung beans] caused by Curvulariaeragrostidis. 101406
Factors affecting discharge, germination and viability of spores of Microcyclus ulei [Agent **leaf** *blight* of Hevea brasiliensis]. 101647
Factors influencing ascocarp formation in Polystigma ochraceum [cause of almond **leaf** *blight].* 101648
Classification and virulence of rice bacterial **leaf** *blight* pathogen, Xanthomonas oryzae. 101709
Race D of Phytophthora phaseoli *[Blight* of **lima** beans]. 101561
Discosia [pini] **needle** *blight* of Pinus densiflora Sieb. Et Zucc. and Pinus thunbergii Parl. 101485
Mortality of longleaf pine [Pinus palustris] seedlings following a winter burn against brown-spot **needle** *blight* [Scirrhia acicola]. 101660
Revealing immunochemically similar protein components of the causal agent of **potato** *blight* [Phytophthora infestans] andits host-plant by using monospecific sera. 101466
Stem gumming and *blight* and **stem-end** rot of Texas cantaloups caused by Diplodia natalensis. 101565
Diplodia [pinea] **tip** *blight* of pine. 101418

BLIND

Blindness and **encephalopathy** caused by Helichrysum argyrosphaerum DC. (Compositae) in sheep and cattle. 097836
Gastrointestinal bleeding and iron absorption in the **experimental** *blind* loop syndrome [Malabsorption of both vitamin B12 and fat, rats]. 094960

BLOOD

Distribution of the A *blood-group* **activity** in porcine serum. 096342
Use of sentinel ducks in epizootiological studies of **anatid** *blood* protozoa. 097298
Blood groups, typing and cross-matching of **animal** *blood.* 096274
Isolation of the fraction of lymphocytes from **catle** *blood.* 096557
Content of 7-(alpha)-hydroxycholesterol in the gall bladder, liver, and *blood* of **chick** embryos and chicks. 096454
A perspective view of dieting to lower the *blood* **cholesterol** [Coronary heart disease]. 094953
A perspective view of dieting to lower the *blood* **cholesterol.** 094979
Effect of raw and boiled garlic on *blood* **cholesterol** in butter fat lipaemia. 095094
Influence of various levels of zinc and phytate in the ration on growth and some *blood* **components** in Dokki-4 chicks. 096620
On the fascicle of *blood-sucking* **Diptera,** in addition a description of the maxillary glands in Phlebotomus papatasi, together with the musculature of the labium and pulsatory organ of both the latter species and also of some other Diptera. 103036
Separation of mononuclear leukocytes and polymorphonuclear leukocytes from **equine** *blood.* 096286
A method for **estimating** *blood* meal volume in Aedes aegypti using a radioisotope. 102989
Effect of phenformin and ethyloestrenol on *blood* **fibrinolytic** activity of rabbits maintained on high chloesterol diet. 095092
Blood **flow** changes in the submaxillary gland of the rat on parasympathetic and sympathetic nerve stimulation. 096153
Blood **flow** to the uterine tube (oviduct) of the early pregnant and pseudopregnant rabbit. 096854
Effects of prostaglandins on the ovine corpus luteum: *blood* **flow,** secretion of progesterone and morphology. 096878
Blood **glucose** levels in cases of dermatitis in bovines and the effect of glucose supplementation on recovery. 097744
J *blood* **group** active lipoproteins extracted from bovine erythrocytes. 096192
Anti-B activity of a lectin coexistent with *blood* **group** Hlike substance in seeds of Euonymus sieboldiana. 099838
Blood **groups,** typing and cross-matching of animal blood. 096274
Blood **groups** and serum protein polymorphisms in the PitmanMoore and Ohmini strains of miniature pigs [Genetics]. 096857
Blood **hyperviscosity** during Trypanosoma (Trypanozoon) brucei infections of rabbits. 097396
Transmission of hog cholera virus by flies: recovery of virus from flies following exposure to **infective** *blood.* 097581
The physiological effects of ionic lanthanum on the **insect** *blood-brain* barrier [Periplaneta americana]. 102939
Extra- and **intra-cranial** *blood* supply to brains of dog and cat. 096175
Changes in the hemoglobin level of the whole *blood,* in the **iron** and copper levels of the plasma as well as the changes in the iron contents of the liver and the breast muscle matter of fattening turkeys. 096593
Rise and fall of *blood* **level** of tranexamic acid in horses. 096459
Effects of solid food on *blood* **levels** of alcohol in man. 095214
Effect of some wheat mill-fractions on *blood* and **liver** lipids in cholesterol-fed rats [Atherosclerosis]. 095035
Intestinal plasma and *blood* **loss** in piglets infected with Strongyloides ransomi. 097656
Blood **meal** variations within and between the east Asian andEuropean horse populations [Genetics]. 097076
Body weight and *blood* **meal** size in Triatoma protracta (Hemiptera: Reduviidae) [Mammal hosts]. 102550
Concentrations and activities of prostaglandins of the F-series in bovine tissue, *blood,* and **milk.** 096443
Effect of dietary zinc and copper interrelationships on *blood* **parameters** of the rat. 095115
Postpartum changes in protein fractions in sow colostrum and neonatal **piglet's** *blood* serum. 096278
Studies on age specific leukocyte and lymphocyte counts in normal Friesian, Red Danish and Jersey [dairy] cattle in Denmark *[Blood* **profiles].** 096494
Subcellular distribution and some properties of homocarnosine-carnosine synthetase from chick **red** *blood* cells. 096319
Increased plasma creatine kinase activity in rabbits: effect of systematically **repeated** *blood* sampling. 096349
Comparison of binding proteins of glucocorticoids in mammary tissue and in *blood* **sera** from lactating cows. 096442
The nature of the phosphorus linkage in component I, a phosphoprotein isolated from the *blood* **serum** of des-treated cockerels. 096517
Comparative characteristics of the electrophoretic spectrum of protein of *blood* **serum** in heterosis of poultry hybrids. 096555
Insulin levels in the *blood* **serum** of intensively fattened cattle. 096595
Two genetic systems of *blood* **serum** amylase in the Kholmogorbreed of cattle. 096912
Report on the drawing of *blood* from **small** animals, to be examined for toxoplasmosis. 097493
Regulation of the *blood* **sugar** content in experimental hyperglycemia in chick embryos. 096456
Embryonic skin development and *blood* **supply** in sheep. 096578
Beware **synthetic** *blood* and bone [Organic fertilizers]. 103867
Testosteron and its epimer in *blood* and **tissue** of testicles of bulls of different ages. 097038
A practical method of estimation of *blood* **urea** nitrogen and its application to nutritional evaluation of dairy cows. 096712
Significance of *blood* **uric** acid contents in the diagnosis of canine liver diseases. 097763

BLOOM

Some observations on dinoflagellate [Peridinium penardii] population density during a *bloom* in a **California** reservoir [Algae]. 099852
Effect of overtree misting for *bloom* **delay** on incidence of fire blight [Erwinia amylovora] in apple. 101705
Comparative hardiness of flower buds and blossoms of some almond genotypes in relation to time of *bloom* and **leafing.** 100471
Studies on the biology of pollen formed by sour cherry flowers flowering in different stages of the *blooming* **period** [Comparison of 5 cultivars]. 100338
Perennials for **summer** *bloom* [Ornamental plants]. 101034
Release of extracellular matter during photosynthesis by a **Trichodesmium** *bloom* [Algae]. 099689

BLOSSOM *see* FLOWERS

BLOTCH

Tolerance of Leptosphaeria nodorum [causal organism of **glume** *blotch* disease of wheat] to an organoamercurial compound. 101659

BLOW

Ways of improving the process of spraying field crops with *blower* **sprayers.** 103558

BLOWFLIES

Dosage effect study of the microsporidian Octosporea muscaedomesticae in the adult **black** *blowfly* Phormia regina, with reference to the reproductive cycle of the pathogen. 103026
Changes in acid mucopolysaccharides during the development of the *blowfly,* **Calliphora** erythrocephala. 102991
Effect of antibacterial inhibitors on protein synthesis in isolated flight muscle mitochondria of the *blowfly* **Lucilia** cuprina: phylogenetic implications. 102942
A model of forgut activity in the *blowfly* **Phormia** regina Meigen. III. Analysis of crop-valve function during the crop-emptying process. 102868

BLUE

Electron cytochemical studies on glycerinated flight muscle of Locusta migratoria L. The colloidal iron reaction and **Alcian** *blue* binding. 102930
Genetic transformation in a *blue-green* **alga,** Aphanocapsa. 099129
Photosynthetic coefficient and intravitam excreta of the *blue-green* **alga** Anacystis nidulans. 099871
Intracellular ATP [adenosine triphosphates] level and light-induced inhibition of respiration in a *blue-green* **alga,** Anabaena variabilis. 099919
Protein synthesis following infection of the *blue-green* **alga** Plectonema boryanum with the temperate virus SPI and its ts mutants. 101816
Conversion of acetylene reduction rates to nitrogen fixation rates in natural populations of *blue-green* **algae** [Aphanizomenon sp., Anabaena sp.]. 099487
Anilin *blue* and silver nitrate for staining developing insect nerve tissue. 103106
Analysis of *Blue* **cheese** for [the neurotoxin] roquefortine and other alkaloids from Penicillium roqueforti [Fungi]. 094865
Biosynthesis of flavors by Penicillium roqueforti *[Blue* **cheese].** 095558
The effect of storage temperature on the second **day** *methylene-blue* test [Milk spoilage]. 094893
Histochemical study of the stalked glandular hairs of the female Cannabis plants, using **fast** *blue* salt. 099935
The measurement and significance of ATP [adenosine triphosphate] pools in **filamentous** *blue-green* algae. 099583
Handling and storage of *blue* **mussels** in shell. 095509
The influence of daylength, light intensity and temperature on the growth rates of **planktonic** *blue-green* algae. 099582
Effect of selected inhibitors and *methylene-blue* on a **possible** phosphogluconate pathway in washed boar sperm. 096930
Studies into prenatal toxic action of parathion-methyl in Wistar rats and comparison with prenatal toxicity of cyclophosphamide and **trypan** *blue.* 097790
The coloration of Papilio zalmoxis and Papilio antimachus, and the discovery of **Tyndall** *blue* in butterflies [Sexual dimorphism]. 103086

BLUEGRASSES

Estimated costs of establishing and producing **Kentucky** *bluegrass* [Poa pratensis] seed in the Inland Pacific Northwest. (For large farms on which grass seed is a major enterprise). 094389

BLUESTEM

Why **little** *bluestem* [Andropogon scoparius] is a key plant in the composition of Nebraska's rangelands. 100793

BLUETONGUE

Plaque neutralization test reactors to *bluetongue* and **EHD** [epizootic hemorrhagic disease] viruses in the southeastern U.S.a. 097348
Clinical and serological findings on the distribution of *bluetongue* and **epizootic** hemorrhagic disease viruse in Oregon. 097512
Identification of *bluetongue* and **epizootic** hemorrhagic disease viruses by the indirect fluorescent antibody procedure. 097524
Isolation of *bluetongue* and **epizootic** hemorrhagic disease viruses in cell culture. 097526
Serotyping *bluetongue* and epizootic hemorrhagic disease virus strains. 097548
A comparison of some serological tests [from cattle, sheep and deer] for *bluetongue* **virus** infection. 097285
A comparison of methods for monitoring viremia in a *bluetongue* **virus** infected bovine. 097497

BOARDS

Relation between compression stiffness and costs for wet stiff **corrugated** *boards.* 098414
A study of plate shear strength on plate of plywood, *particleboard* and **hardboard** with a hole. 098409
OCA [Ontario Cattlemen's Association] rejects **marketing** *board* [Beef cattle]. 094494
The deformation characteristics of polymer reinfo:ced fiber networks *[Board* **materials].** 098421
A summary of investigations carried out at the Cellulose and Paper Branch [Forest Research Institute] on suitability of agricultural residues for pulp, **paper** and *board.* 098283
Window fashion: cornice and **valance** *boards* [Home furnishings]. 095251

BOARS *see* SWINE

BOGS

Vegetation surrounding **Kings Lake** *bog,* Washington. 098817
Radiobiological determination of assimilable phosphate supply in *peat-bog* **soils.** 103735
Evolution of *bogs* in the **Vasyugan** river basin. 103807

BOILING
Volatile flavor components of **beef** *boiled* conventionally and by microwave radiation. 095691
Effect of raw and *boiled* **garlic** on blood cholesterol in butter fat lipaemia. 095094

BOLLS
Cotton plant and insect constituents that **control** *boll* weevil [Anthonomus grandis] behavior and development. 102361
Control of abscission in **cotton** *boll* explants with plant regulators. 100107
Biological control of **cotton** *boll* rot [Diplodia gossypina, Fusarium, Colletotrichum gossypii, Rhizoctonia solani, Achromobacter]. 101547
Improved method of holding **cotton** *bolls* for detecting pink bollworms [Pectinophora gossypiella]. 102288
Air dropped bait dispensers for attracting and killing the **cotton** *boll* weevil. 102343
Nitrogen concentrations of cotton leaves, buds, and *bolls* in **relation** to age and nitrogen fertilization. 100067
Boll **weevil** [Anthonomus grandis]: square ingestion and utilization studies. 102279
Effects of two cotton varieties on levels of *boll* **weevil** parasitism (Coleoptera: Curculionidae) [Biological control]. 102301

BOLLWORMS
Field accumulation of aflatoxin [by Aspergillus flavus] in cottonseed as influenced by irrigation termination dates **andpink** *bollworm* [Pectinophora gossypiella] infestation. 104258
Activity of insect growth regulators (juvenile hormone analogues) against the **cotton** *bollworm,* Heliothis armigera Hbn. (Lepidoptera; Noctuidae) [Integrated control programmes]. 102375
Selection for a diapause strain of the *bollworm,* **Heliothis** zea. 102986
Improved method of holding cotton bolls for detecting **pink** *bollworms* [Pectinophora gossypiella]. 102288
Dispersal and mating in the field by male **pink** *bollworm,* Pectinophora gossypiella [cotton pest] labeled with 32P [phosphorus isotope]. 102300
Effect of dose of cytoplasmic polyhedrosis virus on infection, mortality, development rate, and larval and pupal weights of the **pink** *bollworm* [Pectinophora gossypiella]. 102335
Pink *bollworm* [Pectinophora gossypiella] resistance mounts [Pesticides, cotton]. 102674
The use of traps baited with live females as a tool for improving control programs of the **spiny** *bollworm,* Earias insulana Boisd., in cotton fields. 102347
The influence of some carbohydrate diets as adult food or group interaction during immature stages on the programming of oviposition in the **spotted** *bollworm,* Earias fabia Stoll (Lepidoptera: Noctuidae). 102354

BOMBACACEAE
A flora of *Bombacaceae* of the **Tertiary** Basin of Fonseca, Minas Gerais [New taxa]. 098491

BOMBUS
Bumblebee *[Bombus]* **foraging** and the economics of sociality. 103217

BOMBYLIIDAE
The *Bombyliidae* of **Aldabra** Island with notes on the species of the Villa hottentota (L.) group from Africa and the islands o the western Indian Ocean [New taxa]. 103181

BOMBYX
Affinity chromatography of NADP [nicotinamide adenine dinucleotide phosphate]-specific isocitrate dehydrogenase from the pupa of *Bombyx* **mori.** 103206
Diapause hormone B: its selective extraction and isolation from the silkworm, *Bombyx* **mori.** 103207
Anticodon loop sequences of transfer RNA Ser/CGA and transfer RNA Ser/IGA from the posterior silkgland of *Bombyx* **mori** L. 103227
The silk producing moths *[Bombyx* **mori]** in Indonesia. 103233
Effects of temperature on the morphogenesis of the oocytes in *Bombyx* **mori** L. 103234
Dependence of the fecundity of silkworm *[Bombyx* **mori]** from the quality of the forage. 103242
Productivity of silkworm *[Bombyx* **mori]** fed with leaves of different varieties and forms of mulberry [Morus]. 103243
Guanosine 3':5'-monophosphate-dependent protein kinase from silkworm *[Bombyx* **mori],** properties of a catalytic fragment obtained by limited proteolysis. 103246
Ultrastructural changes of embryonic cells during organogenesis in the silkworm, *Bombyx* **mori.** I. The gonad. 103247
Induction of egg diapause by implantation of corpora cardiaca and corpora allata in *Bombyx* **mori.** 103248
Ultrastructural changes of the posterior silk gland cells in the early larval instars of the silkworm, *Bombyx* **mori.** 103249
Studies on the growth of the silkworm, *Bombyx* **mori** L. V. Racial differences of the relative increase in body weight and silk gland weight in the fifth instar larvae. 103280
Studies on silkworm *[Bombyx* **mori]** selection by use of anesthetic. 1. The effect of silkworm analysis through anesthesia. 103283
Studies on *[Bombyx* **mori]** selection by use of anesthetic. 2. The effect for next generation through anesthesia. 103284
Development of heating and ventilation equipment for premises for breeding silkworms *[Bombyx* **mori].** 103366

BONDING
C17 **acetyl** *bonds* from Calea integrifolia. 099905
Studies on degradation mechanism of **beta-ether** *bonds* of lignin dimeric model compounds in acid medium. 098360
Interchain **disulfide** *bonds* at the COOH [oxalate]-terminal end of procollagen synthesized by matrix-free cells from chick embryonic tendon and cartilage. 096211
High-frequency pressing of *phenolic-bonded* **hardboards.** 098223
On the occurrence of **isopeptide** *bonds* in heat milk protein. 095665

BONES
Morphometric microdensity studies of hard tissue sections, utilising optical density contour maps and associated area co-ordinated computerised data **[Cats,** *bone].* 096382
The lability of aldimine crosslinks on dissolution of **chicken** *bone* collagen by protein denaturants. 096390
Effects of supply and withdrawal of fluoride on the concentration of fluoride and glycosaminoglycans in **cortical** *bone* from rabbits. 096380
Fractures of the metacarpal (metatarsal) *bones* **[Dogs].** 097784
Histological studies on calcification and decalcification of the *bone* **[Goats].** 096480
Increased *bone* strengh in coop-reared broilers provided flouridated water [to mitigate bone fragility]. 096756
Radiographic diagnosis of bone tumors and *bone* **infection** in the dog. 097118
Aspiration of *bone* **marrow** using EDTA [ethylenediamine tetracetic acid] fortified serum [Smears]. 097135
Attempts at the sterilization with ethylene oxide of *bone* **meal** contaminated with Salmonellae. 096007
Evaluation of *boned* **meat** production and relative milk yield on basis of Hungarian Pied bulls' progeny testing. 096860
The formation of *bone* **mineral** [In vitro systems]. 096389
Increased bone strengh in coop-reared broilers provided flouridated water [to **mitigate** *bone* fragility]. 096756
Plasmodium berghei: antibody mediated reduction of oxygen consumption by infected **mouse** *bone* marrow cells. 097624
Beware synthetic blood and *bone* **[Organic** fertilizers]. 103867
Bone **pathology** in hypervitaminosis D. An experimental study in young pigs. 097717
Fracture of **penial** *bone* in the dog. 097849
Primary *bone* tumors of the extremities of the dog—block resection of a distal ulnar tumor. 097702
Flaked, formed and frozen lamb products: A formed meat system for **restructuring** *boneless* lamb derived from a variety oflamb cuts. 095709
The complications of *bones* **surgery** in veterinary medicine. 097149
The skeletal length-body weight or **total** *bone* length relationships of the growing quail, Cotrunix coturnix japonica. 096536
Radiographic diagnosis of *bone* **tumors** and bone infection in the dog. 097118

BOOKS
Primer **dependency** of glycogen synthetase during differentiation in Dictyostelium discoideum [Slime mold]. 099538
The Austrian **food** *book* (Codex alimentarius Austriacus). 094887
New **labor** *book* for collective farm members. 094267

BOOPHILUS
Immunological relations between cattle and ticks, most particularly between cattle and *Boophilus* **microplus.** 102545
Boophilus **microplus:** passive transfer of resistance in cattle. 102592
Promacyl [Acaricide for the control of *Boophilus* **microplus,** residues]. 102645

BORAGINACEAE
A revision of the genus **Hackelia** *(Boraginaceae)* in North America, North of Mexico [New taxa]. 098655

BORATES
Culture studies on the effects from *borate* **pollution** on the growth of marine phytoplankters [Algae]. 104534

BORDEAUX
Choice of expansion at the congress of the National Confederation of Agricultural Mutuality, Cooperation and **Credit** in *Bordeaux.* 094140

BORDERS
The aggressivity of the Monilinia cinerea (Schroet.) Honey and Monilinia fructigena (Schroet.) Honey populations in the center of origin of fruit trees from the family Rosaceae and on the *borders* of **areas.** 101470
Border **disease-like** syndrome in California lambs. 097508
The marine algae of the **eastern** *border* counties of Scotland. 098555
Periarteritis in **experimental** *Border* disease of sheep. II. Morphology and histochemistry of the lesion. 097399
The **forest** *border* as a landscape component—its structure, functions, preservation and development by means of silviculture. [Conservation, recreation]. 098067

BORDETELLA
Prevention of infectious atrophic rhinitis in swine with the vaccination of sows with *Bordetella* **bronchiseptica** [Bacterial infections]. 097326
Association of *Bordetella* **bronchiseptica** with the atrophic rhinitis complex of swine. 097507

BORERS
Campaign for the control of the coffee **berry** *borer* [Hypothenemus hampei] in the countries of the area of the International Organization of Agricultural Health (Central Ameri. 102263
Project for a campaign for controlling the coffee **berry** *borer* [Hypothenemus hampei] in the countries of the area of the International Organization of Agricultural Health (Cen. 102264
Field and laboratory evaluation of the resistance of self-pollinated lines and hybrids of maize to European **corn** *borer* [Ostrinia nubilalis]. 102310
Peculiarities of development of European **corn** *borer* [Ostrinia nubilalis] and Angoumois grain moth [Sitotroga cerealella] on high-lysine maize. 102312
Quick method of determining the resistance of maize to European **corn** *borer* [Ostrinia nubilalis]. 102313
Studies on the chemical control of the **corn** *borer* Diatraea saccharalis Fab. on the maize crop (1973/74) [Argentina]. 102329
Endocrine interactions controlling the larval diapause of the southwestern **corn** *borer,* Diatraea grandiosella. 102334
Studies on the malpighian tubules of the lesser **grain** *borer,* Rhizopertha dominica Fab. (Coleoptera: Bostrychidae). 103132
Studies on the varietal susceptibility and control of [sugarcane] **stalk** *borer* (Chilo auricilia Ddgn.) in the Punjab. 102327
Screening of different granular formulations against maize pests with special reference to maize **stem** *borer,* Chilo partelus Swinhoe. 102276
Development of spring wheat varieties resistant to **stem** *borers.* 102368
Effect of different levels of N [nitrogen] on incidence of **stem** *borer* and grain yield of rice. 103971
Population of **sugarcane** *borers* in cane crop at the time of harvest at Tandojam. 102275

BORING
Nitrate reduction in the subsoil. II. General description of *boring* **profiles,** and chemical investigations on the profile cores. 103839

BORON
Response of sugarbeet to *boron* **application.** 104021
Effects of nitrogen and potassium on the *boron* **content** of the strawberry plant. 100350
Boron **[deficiency]** in stone fruits. 101845
Anatomical responses of root tips to *boron* **deficiency.** III. Effect of boron deficiency on sub-cellular structure of [tomato] root tips, particularly on morphology of cell wall and its related organelles. 102031
Response of triticale to foliar spray of *boron* and its **effect** on grain quality. 103946
Determination of *boron* in the different **parts** of strawberry plants. 100349
Hydroxyproline content in cell walls of plants with different *boron* **requirements** [Broadbeans, sunflowers, maize, wheat]. 100315
Preparation and use of azomethine-H for colorimetric determination of *boron* **[Soil** chemistry]. 103727
Effects of *boron* and **succinic** acid 2,2-dimethyl hydrazide (SADH) on fruitfulness and storage behavior of 'Magness' pears. 100422
Evolution of the foliar content of *boron* in the **Verna** lemontree. 099481

BOS
Rice growing in the *M'Bos* **plain** (west Cameroon): an example of the relations between the physical environment, agricultural experiments and development. 100709

BOSTRICHIDAE
Studies on the malpighian tubules of the lesser grain borer, Rhizopertha dominica Fab. **(Coleoptera:** *Bostrychidae).* 103132

BOTANISTS
Henry Robert Nicollon des **Abbayes** (1898-1974) *[Botanists].* 098467
A. I. Tolmachev—investigator of high mountain regions (In memory of his seventieth **birthday)** *[Botanists].* 098481
Biography of David Nelson, and an account of his botanizing in Hawaii *[Botanists,* Great **Britain].** 098466

E.F.L. And E.F.A. **Raoul** *[Botanists].* 098464
Zygmunt **Szweykowski** *[Botanists].* 098465

BOTANY
Index to **American** *botanical* literature. 098452

Influence of reseeding and nitrogen on the yield and *botanic* **composition** of grassland. Second report of trials at gilze, 1971-1974 [Cultivation on sandy soil]. 104121
The *Botanical* **Conservatory** of Geneva: 150 years of history. 098472
The *Botanical* **Experiment** Station, an institution formed by F. Chodat [Switzerland]. 098473
Centenary of the **Geneva** *Botanical* Society, 1875-1975. 098468
Contribution of the Society of Physics and Natural Sciences to **Geneva** *botany*. 098469
The **Hallerian** *Botanical* Society (1852-1856). 098475
Botanical and **pollen** analytical investigations on the Heidenweg in Biel Lake [Ecology, plant associations, paleobotany]. 098774
Friends of Rocaille *[Botanical* **society].** 098470
Thoughts on **systematic** *botany* in Geneva: permanence and actuality of taxonomic research. 098710
Thoughts on **systematic** *botany*. 098711

BOTHYNODERES
Application of Padan [S,S1-[2-(dimethylamino)trimethylene] bis (thiocarbamate) hydrochloride] against the image of sugarbeet weevils [Tanymecus palliatus, *Bothynoderes* **punctiventris**]. 102338

BOTRYODIPLODIA
Effect of different hormones on the growth and sporulaton of *Botryodiplodia* **theobromaee** Pat. in culture [Fungi]. 099977

BOTRYTIS
Bush bean mold control [Sclerotinia sclerotiorum, *Botrytis* **cinerea**]. 101325
Research on the etiology and methods of control of foot-rot, a new, dangerous tobacco disease [caused by two soil fungi, *Botrytis* **cinerea** and Rhizoctonia solani]. 101336
Grey rot *[Botrytis* **cinerea**] of tomatoes in the conditions of protected cultivation. 101344
Gray rot *[Botrytis* **cinerea**] always in the first plan [Grapes]. 101417
Effect of microclimate on some fungus diseases of high-and low-trained grapevines [Oidium tuckeri, *Botrytis* **cinerea**]. 101427
Wyerone epoxide as a phytoalexin in Vicia faba [broadbeans]and its metabolism by *Botrytis* **cinerea** and Botrytis fabae in vitro. 101523
Study of the residues of an *anti-Botrytis* **fungicide,** 26 019R.p. in grapes and wines, and their effects on alcoholic fermentation. 102763
Comparative study of the resistance of several varieties of grapes to gray **rot** *(Botrytis* cinerea Pers.). 101426

BOTTLING
Orange juice frozen, canned, *bottled,* **cartoned,** and fresh. 095040
Mycoplasmalike bodies observed in the plants of *bottle* **gourd,** chayote and balsam-pear [Lagenaria leucantha, Sechium edule, Momordica charantia] with witches'-broom [disease] in Taiwan. 101787
The experience of operating a line of hot process bottling with the productivity of 20,000 *bottles* per **hour.** 095966
Canned and *bottled* **orange** juice. 095039
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. *Bottling* **pasteurized** milk. 095647
Effects of water hardness, phosphorus concentration and sample pretreatment on the algal assay **procedure**—*bottle* test [using Selenastrum capricornutum]. 099750
The experience of operating a line of hot **process** *bottling* with the productivity of 20,000 bottles per hour. 095966

BOTTOMLAND
Vertical distribution of Sr90 [strontium isotope] and Cs137 [cesium isotope] in *bottom* **deposits** of lakes and rivers. 104639
Effectiveness of the way of sowing cotton in the *bottom* of a **furrow** in the conditions of the Kokand group of regions. 101002
The *bottoms* **up/tops** down approach to performance appraisal. 095296

BOTULISM
What risk of *botulism* from **food** stored at conventional refrigeration temperatures? 095353

BOUGAINVILLEA
Cytogenetics of cultivated Bougainvilleas *[Bougainvillea].* I. **Morphological** variation. 099030

BOVINE
Lesions and microorganisms in **aborted** *bovine* fetuses with bovine viral diarrhea antibodies. 097532
Fetal serology as an aid to diagnosis of *bovine* **abortion** [Bacterial infections]. 097521
Laboratory diagnosis of *bovine* **abortion** [Infectious diseases]. 097530
Effect of prostaglandin F2alpha on **anestrous** *cows* with persistent corpus luteum. 096973
Bovine **bacillus** tuberculosis [Mycobacterium bovis] of dairycattle treated by Mycobacterium chelonei and anergics of bovine tuberculosis. 097274
The **beef** *cow-calf* enterprise in the Georgia Piedmont: a case study in conspicuous production. 094331
Further studies with straw diets for wintering **beef** *cows*. 096633
Ground, pelleted and chopped barley straw and protein levels in the diet of wintering **beef** *cows*. 096634
Cow-calf **beef** production on irrigated pasture and in drylot at Carrington [Irrigation Branch Station, grazing]. 096739
Productivity of first-cross Brahman **beef** *cows* [Performance]. 096979
Importance of SH groups in catalysis by *bovine* **brain** acid phosphatase. 096242
Bovine **brisket** edema of unknown etiology. 097192
Winter feed your **brood** *cows* properly. 096669
Comparative study of the results of crossing Bulgarian **Brown** *cows* with Dutch Black Pied bulls. 097083
A longitudinal study of Escherichia coli in *cows* and **calveswith** special reference to the distribution of O-antigen types and antibiotic resistance. 097390
Erythrocyte rosettes, a marker for *bovine* T **cells.** 096285
Changing *cow* business: how much money needed? [Finances]. 094424
Estimation of tryptophyl and tyrosyl exposure in tryptophanrich proteins by ultraviolet difference spectrophotometry. [Hen] lysozyme and *[bovine]* **chymotrypsinogen.** 096419
Redescription of oocysts of the *bovine* **coccidia** Eimeria bukidnonensis Tubangui 1931 and Eimeria wyomingensis Huizinga and Winger 1942. 097418
Common *cow* barns, despite technical advantages in practice without future [Cooperation]. 094294
Bovine **compositional** interrelationships [Muscles, fats]. 095697
An anamnestic response to challenge with virulent Mycoplasma mycoides subsp. mycoides of cattle immune to **contagious** *bovine* pleuropneumonia. 097395
Dynamic light scattering of *bovine* **cornea.** 096436
Replication of *bovine* **coronavirus** in cell line BEK-1 culture. 097242
Prostaglandin F2 alpha receptors in *bovine* **corpora** lutea throughout pregnancy. 096882
A comparison of the agar-gel diffusion and complement fixation tests for *bovine* **C-type** (leukemia) virus. 097496
An investigation of factors related to the dominance order of a herd of **dairy** *cows* of similar age and breed. 096202
Response of lactating **dairy** *cows* to abomasal infusion of amino acids. 096445
Analysis of data of laboratory tests on **dairy** *cows* before and after parturition. II. Serum protein fractions. 096458
Beet pulp and faba beans in rations for lactating **dairy** *cows*. 096625
Cubed dehydrated alfalfa for **dairy** *cows*. 096627
Protected fat in rations for lactating **dairy** *cows*. 096637
Conservation of green crops for **dairy** *cows*. III. [Silage]. 096654
Efficiency of utilization of dietary energy by temperate breeds [Holstein-Friesian, Brown Swiss] of **dairy** *cows* under tropical conditions. 096685
Effect of feeding fat to **dairy** *cows* receiving a fat-deficient basal diet. I. Milk yield and composition. 096704
Effect of feeding fat to **dairy** *cows* receiving a fat-deficient basal diet. II. Fatty acid composition of the milk fat. 096705
A practical method of estimation of blood urea nitrogen and its application to nutritional evaluation of **dairy** *cows*. 096712
Effect of the chopping length of grass silage on voluntary intake by **dairy** *cows*. 096782
Results of all-year use of semifinished feeds in rations for **dairy** *cows*. 096813
How using records can improve a large herd **[Dairy** *cows*, estrus detection]. 096896
Reproduction in the **dairy** *cow*. 1. The sperm. 096911
Detecting oestrus by measuring milk temperatures of **dairy** *cows* during milking. 096992
Treatment of bovine pyometra with prostaglandin F2alpha: anevaluation of a field study **[Dairy** *cows].* 097632
Persistent cecal dilatation in a lactating **dairy** *cow*. 097718
Ketosis in high-yielding **dairy** *cows*. 097723
Effects of intravenous injection of FSH [follicle-stimulating hormone] on ovarian follicular cysts in **dairy** *cows*. 097740
Recent findings on nutritional biochemistry for preventing puerperal paresis and lying down of **dairy** *cows*. 097766
Dairy: milk fever [parturient paresis] in **dairy** *cows* [Metabolic diseases]. 097792
Loose housing for **dairy** *cows*. 103349
Four methods of surgical correction of abomasal **displacement** in *cow*. 097730
Dry *cow* management [Feeding and the prevention of problems]. 096679
Blood glucose levels in cases of dermatitis in *bovines* and the **effect** of glucose supplementation on recovery. 097744
Relationship of first lactation performance to lifetime production and economic **efficiency** *[Cows].* 096444
Investigation of the rudimentary mammary gland of the *cow* under the **electron** microscope. 096584
The influence of in-vitro culture and cooling on the survival and development of *cow* **embryos.** 096967
Characterization of **enterotoxigenic** *bovine* Escherichia coli. 097287
Immunoglobulin concentrations and *bovine* **enterovirus** inhibitors in fetal bovine fluids. 097315
The surface nature of proteins of a *bovine* **enterovirus,** before and after neutralization. 097410
How to reduce foothills abortion **[Epizootic** *bovine* abortion, Ornithodoros coriaceus, vector]. 097283
J blood group active lipoproteins extracted from *bovine* **erythrocytes.** 096192
Vaccination of *cows* with an **Escherichia** coli bacterin for the prevention of naturally occurring diarrheal disease in their calves. 097231
A control system for *cow* **exit** in rotary herringbone milking system. 103422
Experimental *cow* barns in light construction. 103338
Bovine **factor** Xa and bovine trypsin: a comparison with respect to inhibition by some amidines and guanidines. 096210
Value of results obtained from *cow* **farms.** 096101
Utilization of sodium acetate for increasing fat content of milk in *cows* **[Feed** supplements]. 096726
Effects of intrauterine infusion of gentamicin sulfate on *bovine* **fertility** [Metritis, dairy cattle]. 097764
Immunoglobulin concentrations and bovine enterovirus inhibitors in **fetal** *bovine* fluids. 097315
Histological observations on the developing intestine of the *bovine* **fetus.** 096540
Calving rate of *cows* **following** insemination after a 12-day treatment with silastic coils impregnated with progesterone. 096928
Cellular studies of mammary tissue **form** *cows* hormonally induced into lactation: lactose and fatty acid synthesis. 096440
Breeding intensity, breeding success, **foundation** *cows*. 096916
High urea premix as protein supplement for ruminants **[Goats,** *cows].* 096664
A comparison of the metabolic effects of *bovine* **growth** hormone and growth factor from Spirometra mansonoides on rat liver in vivo. 096475
Bovine **hemorrhagic** syndrome related to T-2 mycotoxin [Fusarium tricinctum]. 097843
The reaction of sulfhydryl reagents with *bovine* **hepatic** monoamine oxidase: evidence for the presence of two cysteine residues essential for activity. 096255
Cytological and histochemical studies on cell cultures infected with *bovine* **herpes** virus 2. 097234
The inclusion of a steel grating and drain on the cow platform of **herringbone** *cow* bails. 103331
Incidence of hydatid cyst [due to larval form of Echinococcus granulosus] in *bovines* and **histopathological** changes of pulmonary tissue in hydatidosis. 097374
Diet calcium and pH [hydrogen-ion concentration] versus mineral balance in **Holstein** *cows* 84 days pre- to 2 days postpartum. 096706
Cellular studies of mammary tissue from *cows* **hormonally** induced into lactation: histology and ultrastructure. 096441
Methods of isolation, purification and quantitation of *bovine* **immunoglobulins.** A technical review. 097674
A comparison of methods for monitoring viremia in a bluetongue virus **infected** *bovine*. 097497
Bacteriologic and vaccination studies in a field epizootic of **infectious** *bovine* keratoconjunctivitis in calves. 097221
Use of immunofluorescence to elucidate microepidemiology and to carry out microplaque titration of virus of **infectious** *bovine* rhinotracheitis on primary calf kidney cells. 097239
Infectious *bovine* rhinotracheitis/infectious pustular vulvovaginitis infectious **[Cattle].** 097271
The isolation and characterization of a strain of **infectious** *bovine* rhinotracheitis virus from stillbirth in swine. 097294
Infection and immunity in *bovine* **infectious** rhinotracheitis. 097415
Observations on the response of cattle to a skin test using **infectious** *bovine* rhinotracheitis (IBR) inactivated antigen. 097540
Concentration of alkaline phosphatase amylase and glucose in cervical mucus of fertile and **infertile** *cows* during oestrum. 096996
Bovine **infertility** associated with Mycoplasma infection. 097301
Cow **inspection** 1973/1974. 096918
Differentiation of streptococci recovered from *bovine* **intramammary** infections. 097519
Peptide substrates for chymosin (rennin): Kinetic studies with peptides of different chain length including parts of the sequence 101-112 of *bovine* **kappa-casein.** 096246
Comparison of binding proteins of glucocorticoids in mammary tissue and in blood sera from **lactating** *cows*. 096442
Relationship of feed intake and ration digestibility to estimated transmitting ability, body weight, and efficiency in first **lactation** *[Cows].* 096710
Serological study on *bovine* **leptospiroses** in Guadeloupe. 097281
The laboratory diagnosis of *bovine* **leukemia** virus infection. 097552
Isolation of a lectin from *[bovine]* **liver** plasmamembrane and its binding to cellular membrane receptors in vitro. 096355
Hormonal changes associated with experimentally produced cystic ovaries in the *cow* **[Luteinizing** hormones, sterility]. 096959
Culture of Anaplasma marginale in *[bovine]* **lymph** node cells. 097559
Bovine **lymphosarcoma** [with a possible viral agent]. 097387
Serum LH [luteinizing hormone] concentration following castration, steroid hormone and gonadotropin releasing hormone treatment in the **male** *bovine*. 096937
Mycoplasma recovered from *bovine* **male** and female genitalia and aborted foeti. 097537

Virus-like injury to soybean induced by residual herbicide components present in *cow* **manure.** 102045
Quinaldofur, a new synthetic drug for the treatment of *[bovine]* **mastitis.** 097678
Quinaldofur, a new synthetic drug for the treatment of *[bovine]* **mastitis.** II. Pharmacology, residues, udder irritation and clinical efficacy. 097679
Effect of defaunation and faunation on acid concentrations in the rumen of the **mature** *bovine.* 096550
The *cow-index:* a **means** of reducing the odds [Dairy cattle, genetic evaluation]. 097025
Abnormal flavor of *bovine* **milk.** 094824
Enzymic methods for estimation of the somatic cell count in *bovine* **milk.** 1. Development of assay techniques and a study of their usefulness in evaluating the somatic cell content of milk. 095582
Studies on some microbial milk-clotting enzymes for cheese making and their effect on *cow* **milk** casein. 095628
Bacterial mastitis in **milk** *cows* on small private farms. 097642
Problems resulting from body measurement variations of *cows* **milked** in the M691-40 rotolactor. 096136
Examinations on factors influencing the feed conversion efficiency of **milking** *cows.* 096614
Soybean meal and urea compared as protein supplements in high-concentrate ration of **milking** *cows* and growing goats. 096665
Efficient methods and practices of labor (for training and retraining of operators of machine **milking** of *cows).* 103474
Morphology, morphometry and electron microscopy of HeLa cells infected with *bovine* **Mycoplasma.** 097300
Submission of specimens for *bovine* **mycoplasma** examination-duration of survival under various conditions. 097549
Application of counterimmunoelectrophoresis and indirect hemagglutination tests in the study of *bovine* **mycoplasmatales.** 097506
Bovine **mycotic** abortion: serology as an aid in diagnosis. 097509
The protein composition of *bovine* **myelin-free** axons. 096254
Fibrillation of tropoelastin induced by proteoglycan *[Bovine* **nasal** cartilage]. 096346
Composition of the neutral lipids of *bovine* **neibomian** secretions. 096460
The isolation and characterization of a **new** *bovine* herpesvirus associated with abortion [Cattle]. 097631
Variations in the susceptibility of lactating and **non-lactating** *bovine* udders to infection when infused with Escherichia coli. 097405
Role of divalent cations in bactericidal action of **normal** *bovine* serum to Brucella abortus strain 19. 097634
Relationship between digestibility and faecal nitrogen in sheep and *cows* **offered** herbage ad libitum. 096703
Production of antiserums in horses to mycoplasmas of *bovine* **origin** and their use in growth-inhibition and fluorescent-antibody tests. 097542
Blastocyst expansion and hatching of *bovine* **ova** cultured in vitro. 096927
Bacteriocins of Streptococcus bovis *[Bovine* and **ovine** rumen bacteria]. 096289
The isolation and characterization of a strain of *bovine* **papular** stomatitis virus. 097551
Ultrastructural diagnosis of *bovine* **papular** stomatitis. 097554
Are changes in serum N-acetylhexosaminidase level associated with uterine involution in the *cow?* **[Parturition].** 097027
Species composition of lactobacteria in raw and **pasteurized** *cow's* milk for white brine cheese. 095674
Carotene and immunoglobulin concentrations in the colostrum and milk of **pasture-fed** *cows.* 096439
Integrated field and glasshouse screening for environmental sensitivity in *cow* **pea** (Vigna unguiculata). 100411
Solid **phase** *bovine* thrombin: preparation and properties. 096248
Prevalence and experimental transmission of *bovine* **piroplasms** in the Netherlands [Protozoan diseases, ticks as insect vectors]. 097633
Structural requirements for steroid binding and quenching of albumin fluorescence in *bovine* **plasma** albumin. 096249
Erythrophillc proteins of *bovine* **plasma.** 096344
Primary structure of *bovine* **plasma** high-molecular-weight kininogen. The amino acid sequence of a glycopeptide portion (fragment 1) following the C-terminus of the bradykinin moiety. 096420
The effects of exposure to warm environments on *bovine* **plasma** lipid composition. 096542
The inclusion of a steel grating and drain on the *cow* **platform** of herringbone cow bails. 103331
Chemical and biologic studies of parathyroid hormone, proparathyroid hormone, and fragments of parathyroid hormone *[Bovine,* **porcine,** human]. 096376
Parathyroid hormone: structure and immunoheterogeneity *[Bovine,* **porcine,** human]. 096383
Studies on the epizootiology of nasal schistosomiasis [Schistosoma nasale] of *bovines.* 1. **Prevalence** and incidence of infection. 097451
Further characterization of Subunit III of *bovine* **procarboxypeptidase** A-S6 as a non activatable zymogen. 096239
Increasing dairy returns. Use high **producing** *cows,* top quality forages [Management]. 094228
The identification of superior [milk] **producing** *cows* (the 115-plus list). 096873
Energy metabolism in highly **productive** *cows.* 096495
Prearranged herd health **program—***cow-calf* enterprise [Beef cattle]. 097185
Properdine research. 4. In vitro model experiments on the action of *bovine* **properdine** upon Escherichia coli. 097236
Hypoxia increases potassium efflux fom mammalian myocardium [Cat and guinea-pig papillary muscles, *bovine* **Purkinje** fibres]. 096348
Treatment of *bovine* **pyometra** with prostaglandin F2alpha: anevaluation of a field study [Dairy cows]. 097632
Prolactin-releasing and release-inhibiting factor activities in the *bovine,* **rat,** and human pineal gland: in vitro and in vivo studies. 096332
Testing rations for commercial **rearing** of *cows.* 096831
Udder and teat size of Bulgarian **Red** *cows* as affected by age. 096600
Bovine **respiratory** disease (BRD) (shipping fever complex). 097868
The effect of Ca2+ [calcium ions] on the metarhodopsin I-II transition. I. Experiments *[Bovine* **rod** outer segments]. 096504
The effect of Ca2+ [calcium ion] on the metarhodopsin I-II transition. II. Model calculations and hypothesis on a molecular mechanism of visual excitation *[Bovine* **rod** outer segments]. 096505
The fertility of deep frozen and room temperature preserved *[bovine]* **semen** in the tropics. 097080
Yeasts in *bovine* **semen** [reservoir for bovine uterine infection]. 097318
Immunochemistry of serum albumin. II. Isolation and characterization of a fragment from the first third of *bovine* **serum** albumin carrying almost all the antigenic reactivity of the protein. 097337
Structure of the *cow* **shed** has an influence on cleanliness of cattle. 096131
Behavior of *cows* in **sheds.** 096565
Basic improvements in *cow* **sheds.** 103394
Homemade building elements [Prefabrication of *cow* **sheds].** 103396
Removal of manure and design of *cow* **sheds.** 103397
Milk production of the **Simmental** *cow* with its first calf. 096076
The influence of *cow* **size,** crossbreeding, slaughter weight, feeding system and environment on the energetic and economic efficiency of edible beef production. 095717
Renovating **small** *cow* barns. 103334
Loss of acrosin from *bovine* **spermatozoa** following cold shock: protective effects of seminal plasma. 096895
Serum-induced head-to-head agglutination of *bovine* **spermatozoa.** 096965
A kinetic analysis of the dephosphorylation, by *bovine* **spleen** phosphoprotein phosphatase (EC 3.1.3.16) of a phosphopeptide derived from beta-casein. 096230
The role of delayed-type hypersensitivity and cell-mediated immunity in *bovine* **staphylococcal** mastitis. 097577
Analysis of feedstuffs fed to Canterbury town **supply** *cows.* 096819
Free and conjugated steroids in maternal and fetal plasma in the *cow* near **term.** 096879
Concentrations and activities of prostaglandins of the F-series in *bovine* **tissue,** blood, and milk. 096443
Value of the indirect fluorescence antibody test in the diagnosis and the epizootiological survey of *bovine* **trypanosomiases.** 097615
Bovine factor Xa and *bovine* **trypsin:** a comparison with respect to inhibition by some amidines and guanidines. 096210
A kinetic study of the inhibition of human and *bovine* **trypsins** and chymotrypsins by the inter-alpha-inhibitor from human plasma. 096231
Bovine bacillus tuberculosis [Mycobacterium bovis] of dairycattle treated by Mycobacterium chelonei and anergics of *bovine* **tuberculosis.** 097274
Energy dynamics of the *cow-calf* **unit** on eastern Colorado sandhills [Feeding beef cattle]. 096778
Grazing potential of Louisiana pine forest-ranges *[Cow-calf* **units].** 098060
In vitro response of ovine and *bovine* **uterine** arteries to prostaglandin F2 alpha and periarterial sympathetic nerve stimulation. 096880
Yeasts in bovine semen [reservoir for *bovine* **uterine** infection]. 097318
Permanent rest of *cows* **[Veterinary** aspects]. 097179
A diagnostic survey of *bovine* **viral** infections in the Northern Plains states. 097498
Lesions and microorganisms in aborted bovine fetuses with *bovine* **viral** diarrhea antibodies. 097532
BVD *[bovine* **virus** diarrhea] virus in commercial fetal calf serum and 'normal' and aborted fetuses. 097511
Laboratory diagnosis of *bovine* **virus** diseases. 097531
Influence of breed-type of *cow* on **winter** maintenance requirements [Kinsella Hereford, Beef synthetic and Dairy synthetic]. 096635
Trials on artificial insemination in Cameroon. I. Artificial insemination of **Zebu** *cows* in heat. 097035

BOXES
Studies on the care and storage of raw silk. 5. On the preventive effect of the outer packaging of corrugated **fiberboard** *box* on the dewfall phenomenon. 095517
How are things in the **nesting** *box?* [Mink]. 096083
Gabon, a *box* for **presenting** wood samples. 098185
Forcing tulips in various substrates and in *boxes* of **varying** height [Growth]. 100589

BOYS
Diets and living conditions of **Asian** *boys* in Coventry with and without signs of rickets. 095025

BRACHYPTERA
Population movements of **adult** *Brachyptera* risi (Plecoptera). 103070
Population dynamics of *Brachyptera* **risi** nymphs (Plecoptera). 103069

BRACKEN
Ecology of *bracken* **[Pteridium** aquilinum] in central Siberia. 098852

BRACKISH
Results of irrigation with clear and *brackish* **water** in the northern part of the German Democratic Republic. 104286

BRACON
Host-parasite relationship. 2. Cholinesterase activity of the larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) parasitized by *Bracon* **hebetor** (Hymenoptera: Braconidae) [Biological control]. 102303

BRACONIDAE
Host-parasite relationship. 2. Cholinesterase activity of the larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) parasitized by Bracon hebetor (Hymenoptera: *Braconidae)* **[Biological** control]. 102303
Biological and ecological studies of the parasitoid Chelonus inanitus (L) (Hymenoptera: *Braconidae)* in **Israel.** II. releases of adults in a cotton field. 102330
The biology of Microctonus caudatus (Thomson), a *braconid* **parasite** of the ground beetle Harpalus rufipes (Degeer). 102916
The function of the anal vesicle in respiration and excretion in the *braconid* **wasp,** Microplitis croceipes. 103021

BRADYCARDIA
Cardiac receptors in ducks—a link between vasoconstriction and *bradycardia* during **diving.** 096154

BRADYKININ
Primary structure of bovine plasma high-molecular-weight kininogen. The amino acid sequence of a glycopeptide portion (fragment 1) following the C-terminus of the *bradykinin* **moiety.** 096420

BRAHMAN *see* **CATTLE**

BRAIN
Experimental canine atherosclerosis and its pevention. The dietary induction of severe coronary, *cerebral,* **aortic,** and iliac atherosclerosis and its prevention by safflower oil. 097741
Autoradiographical study of postnatal neurogenesis in the periventricular regions of the **avian** *brain* [Chicks]. 096321
Importance of SH groups in catalysis by **bovine** *brain* acid phosphatase. 096242
Studies of lesions produced in the *brains* of **colostrum** deprived lambs by Clostridium welchii (Clostridium perfringens) type D toxin. 097401
Extra- and intra-cranial blood supply to *brains* of **dog** and cat. 096175
Renin activity in **dog** *brain:* enzymological similarity to cathepsin D. 096333
Dermatophilus congolensis. II. A *brain* **infusion** medium for its isolation and culture. 102605
The physiological effects of ionic lanthanum on the **insect** *blood-brain* barrier [Periplaneta americana]. 102939
Differential properties of two molecular forms of 4-aminobutyrate-2-ketoglutarate transaminase (GABAT) from **pig** *brain.* 096341
Glucose consumption in **rat** *cerebral* cortex in normoxia, hypoxia and hypercapnia. 096155
Influence of thyroid hormone on norepinephrine metabolism in **rat** *brain* during maturation. 096538
Effect of organophosphate DDVP [dichlorvos] on acetylcholine synthesis of **rat** *brain* [Insecticides, toxicity]. 102721
Studies into activity and properties of adenosine triphosphatase in some organs of swine (liver, *cerebral* and **renal** cortex, mucosa of small intestine). 096215
Partial purification and study of gamma-glutamyl transpeptidase of **sheep** *brain* cortex capillaries. 096259
Protein synthesis with special reference to S-100 protein in *brain* **slices** from rats receiving a restrited protein supply. 096606
Studies into levels of dry matter, calcium, magnesium, sodium, potassium and phosphorus in different tissues of **swine** *(brain,* lung, liver, kidney, small intestine). 096216
Effects on body temperature produced by micro-injection of Salmonella typhimurium lipopolysaccharide into the third *cerebral* **ventricle** of the chicken. 097480

BRAN
An alkali degradation test and an alocholic **alkali** *bran-staining* test for determining the approximate degree of milling of rice. 095820

Rice *bran* protein concentrates obtained by wet alkaline extraction. 095791

BRANCHES

Quantitative detection of seed of *branched* **broomrape** [Orobanche ramosa] in California tomato soils [Parastic plants]. 102173
Correlations between *branch* **characteristics** and production of female strobili in longleaf pine [Pinus palustris, conelets, growth, flowering]. 100634
Dietary treatment of maple sirup urine **disease** *(branched-chain* ketoaciduria). 095123
The position of agriculture in relation to other *branches* of the **economy.** 094172
The fatty acid composition of some Entomophthoraceae. IV. The occurrence of *branched-chain* **fatty** acids in Conidiobolus species [Entomophagous fungi]. 099634
Application of histochemistry to a living organ: Polyglucose histochemically synthesized in the paraboloid of the chickaccessory cone in vivo by phosphorylase and *branching* **glycosyltransferase.** 096370
Nipping of *branches* **increases** yield in castor. 101300
Cow-calf beef production on irrigated pasture and in drylot at Carrington **[Irrigation** *Branch* Station, grazing]. 096739
A summary of investigations carried out at the Cellulose and **Paper** *Branch* [Forest Research Institute] on suitability of agricultural residues for pulp, paper and board. 098283
Inter-branch **relationships** of the forest industry complex. 098065
Branch **[veterinary]** practices—their establishment, rewards and frustrations. 097095
Hypoxylon mammatum ascospore germination and mycelial growth on bark and wood media from **young** *branches* of trembling aspen [Populus tremuloides]. 101377

BRANDING

Electronic *branding* is on the way [Transponder]. 103573

BRASSICA

Mechanisms of methyl-carbon transfer from S-methylcysteine to pectin in Chinese **cabbage** *(Brassica* pekinensis Rupr.). 100542
Effect of salts on the growth and mineral nutrition of **cabbage** *(Brassica* oleracea) in soil and sand culture. 100556
Estimation of S-methylcysteine sulphoxide (kale anaemia factor) and its distribution among *Brassica* **forage** and root crops. 096017
Interspecific **hybrids** in *Brassica.* 099160
Studies on mixed cropping in Tarai region under unirrigatedconditions [Wheat, barley, chickpeas, linseed, *Brassica* **juncea,** mustard]. 100866
Ultrastructure and chemistry of Clarkia elegans leaf wax: acomparative study with *Brassica* **leaf** waxes. 099950
The ultrastructural localization of polyphenol oxidase in chloroplasts of *Brassica* **napus** cv. Zephyr [Rape]. 100334
Forage yield of rape in mixed cultivations for the production of winter forage *[Brassica* **napus** oleifera]. 100781
Anatomical characteristics of the epidermis in some cultivars of *Brassica* **oleracea** L. Distribution and structure of stomata in the cotyledons [Brussels sprouts, kohlrabi, kale]. 098889
Pollen-wall proteins: quantitative cytochemistry of the origins of intine and exine enzymes in *Brassica* **oleracea** [acephala, marrow-stem kale]. 100488
Identification of main nucleolytic activities on the bee-gathered rape **pollen** *(Brassica* napus L.). 100146
Properties of ribonuclease, phosphodiesterase, and decyclizing phosphodiesterase from **rape** *(Brassica* napus L.) pollen. 100147
Trends in the breeding and cultivation of cruciferous crops *[Brassica,* **Raphanus,** Sinapis]. 099306
Cytotaxonomic studies of *Brassica* and **related** genera. 098623
Increased atmospheric humidity post pollination: a possible aid to the production of inbred line seed from mature flowers in the Brussels **sprout** *(Brassica* oleracea var. gemmifer. 099190

BRASSICACEAE

The flowering behaviour of Capsella **bursa-pastoris** *(Brassicaceae)* [Long-day plant]. 099951
Genotypical peculiarities of oil-bearing species and varieties of the **family** *Brassicaceae* in the content and quality ofoil in the seeds. 099445

BREAD

Mycotoxins in foodstuffs. VI. Formation of sterigmatocystin in *bread* by **Aspergillus** versicolor [Fungi]. 094945
Participation of proteins in melanoidin-formation reactions during the **baking** of *bread.* 095763
Not by *bread* alone. 095288
The characteristic of an ideal type of *bread* **cereal** crops. 100190
Study of the race composition of rust pathogens of *bread* **cereals** in the general problem of developing resistant varieties. 099281
Phytocoenotic relations—a factor in yields of *bread* **cereals.** 100199
A study of consumer attitudes about protein and lysine **enriched** *breads.* 094835
Folate content of **Iranian** *breads* and the effect of their fiber content on the intestinal absorption of folic acid. 094958
Use of diacetyltartaric acid esters of **monoglycerides** in *breadmaking.* 095405
Rheological properties amino acid composition and *bread* **quality** of hard red winter wheat, rye and triticale. 095770
Radiation action on *bread* making **yeast** Saccharomyces cerevisiae [Fermentative action]. 095841

BREADFRUIT

Ethnobotany of the *breadfruit.* 098450

BREAKAGE

Genetically controlled **chromosome** *breakage* as an isolation barrier in the origin and maintenance of Secale ancestrale [Rye]. 099140
Pattern of **dormancy** *breaking* in seeds of few paddy varieties. 100167
Egg *breaking* and processing waste control and treatment. 095737
A *break* for **lupins** [Varieties]. 100722
Break-even **prices** show your chances of survival [Cattle]. 094600
U.S.-Mexican agricultural trade levels off after **two** *record-breaking* years. 094520

BREAKDOWN

Microbial degration of 1-naphthol [the major chemical and **biological** *breakdown* product of the insecticide carbaryl]. 102662
Breakdown of **linoleic** acid hydroperoxydes. Formation of volatile carbonyl compounds [Food]. 095539
Mitotic cell studies based on in vivo observations. VIII. The evolution of mitotic spindles in eukaryota: a negation of the *breakdown* of the **nuclear** membrane [in higher plant and animal cells]. 098967
Soil **structural** *breakdown* under irrigation. 104248
A note on the effect of heat on the solubility and in **vitro** *breakdown* of groundnut-cake proteins [Ruminant rations]. 096010

BREAKFAST

Economic impact analysis of effluent guidelines: animal feed, *breakfast* **cereal** and wheat starch segments of the grain mills industry [Water pollution]. 104610
Studies of glycemia and glucosuria in diabetics after *breakfast* **meals** of different composition. 094967
Breakfast is **refreshing** and cool on a hot day. 095102
Evaluation of a ghetto **school** *breakfast* program. 095375

BREAST

Objective color values of non-frozen and frozen **broiler** *breasts* and thighs. 095743
Breast **feeding.** 095162
Evaluation of double thickness of bark of individual Paranapines (Araucaria angustifolia (Bert.) O. Ktze.) at *breast* **height.** 098046
The effects of dietary fatty acids and cholesterol on the milk lipids of lactating women and the plasma cholesterol of *breast-fed* **infants.** 095009
Changes in the hemoglobin level of the whole blood, in the iron and copper levels of the plasma as well as the changes in the iron contents of the liver and the *breast* **muscle** matter of fattening turkeys. 096593
Breast-feeding is **nature's** way of saying mother knows best. 095225
Breast-feeding: **"spontaneous"** trends and differences. 095163

BREEDING

The *breeding* **aim** in cattle breeding from the point of view of the dairy industry; a model study. 097089
The importance of genetics in modern **animal** *breeding* with special regard to management systems. 096863
Function of output examination in small **animal** *breeding.* 096871
Field trial of boars from the ABRO **[Animal** *Breeding* Research Organization] Sire Line. 097024
New facets of **animal** *breeding* research in the United States. 097073
ABRO **[Animal** *Breeding* Research Organization] farms—Rhydyglafes. The potential for improvement of hill land [Pasture management, sheep stocking]. 100956
Genetic and *breeding* **aspects** of the expectable development in poultry breeding. 096861
Genetic and *breeding* **aspects** of using cytoplasmic male sterility of maize. 099119
Variation studies in carrots as an aid to *breeding.* IV. **Associations** between characters. 099332
Variation studies in carrots as an aid to *breeding.* IV. **Associations** between characters. 099333
Initial material for *breeding* **barley** for resistance to powdery mildew [Erysiphe graminis]. 099090
Initial spring **barley** *breeding* material for obtaining high yielding varieties. 099092
Barley *breeding* for resistance to loose smut [Ustilago nuda] by using saturating crossings. 099266
Bean *breeding* program at CENA [Centro de Energia Nuclear na Agricultura]. 099069
Results from kidney **bean** *breeding* at the Agricltural Research Institute Obraztsov Chiflik in Ruse after 1965. 099304
A need to search for outcrossing mechanisms in **beans** *[Breeding].* 099068
Breeding **beans** for root-knot nematode [Meloidogyne incognita] resistance. 101843
Studies on the occurrence, cytology, fertility and *breeding* **behaviour** of aneuploids in induced autotetraploid Job's tears [Coix lacryma-jobi]. 099163
Karelian birch [Betula verrucosa f. Carelica] and its placein the system of the **genus Betula** *[Breeding].* 098153
Cattle from **Britain** *[Breeding].* 096987
Effect of dietary aflatoxin [produced by the fungus Aspergillus flavus] on fertility, hatchability, and progeny performance of **broiler** *breeder* hens [Aflatoxicosis]. 096642
Estimating daily nurient requirements for **broiler** *breeder* hens. 096676
A comparison of the daily energy needs of the normal and dwarf **broiler** *breeder* hen. 096746
Accumulation and excretion of certain organochlorine insecticides in **broiler** *breeder* hens. 102701
Effect of performance of a low level mixture of organochlorine insecticides in **broiler** *breeder* feed. 102706
Injuries and diseases of beef cattle at the time of **calving** and *breeding.* 097141
Injuries and diseases of dairy cattle at the time of **calving** and *breeding.* 097142
Initial material for *breeding* **carrots** for high yield and keeping quality. 099449
Another look at Ross Regenerators **[Cattle,** *breeding].* 096891
Embryo transfer: how can it be applied in **cattle** *breeding?* 097023
Evaluation of milk production per unit live weight in **cattle** *breeding.* 097050
Second educational and competitive show of the Elbaue **Cattle** *Breeding* and Reproduction Center [East Germany]. 097056
The breeding aim in **cattle** *breeding* from the point of view of the dairy industry; a model study. 097089
Protein methods for **cereal** *breeders* as related to human nutritional requirements (PAG guideline No. 16, cereal breeders' protein methods). 094949
Attracting activity of developing fruits, seeds and the prospect of using it as a *breeding* **character** [Barley, wheat]. 099245
The egg and you [Cholesterol content, *breeding* **chickens** to lay eggs with less cholesterol]. 095728
Safety evaluation of gentian violet [Gentiana] for *breeder* **chickens.** 096763
Results from **chick-pea** *breeding* and from the studies on the applied agricultural practices at the Agricultural Research Institute "Obraztsov Chiflik" in Ruse following 1965. 101174
Fewer [cereal] varieties to **choose** from *[Breeding].* 099074
West African Dwarf breed in Cameroon. Zootechnical possibilities, *breeding* **conditions,** future. 097036
Symposium on variation, *breeding* and **conservation** of tropical forest trees Oxford, April 1975, and Symposium on variation and breeding systems of Triplochiton scleroxylon (K. 098073
Breeding **corn** for increased oil content. 099364
To keep your own boar is expensive *[Breeding* **costs].** 094421
Breeding **cotton** varieties of Gossypium hirsutum L. For resistace to Xanthomonas malvacearum (E.f. Smith) Dowson. 101713
Fodder **crop** *breeding* in Finland. 099416
Cross *breeding* for beef production using large dairy breed bulls. 096865
Breeding of **cucumbers** for the fitness to mechanized harvesting. 099080
Trends in the *breeding* and **cultivation** of cruciferous crops [Brassica, Raphanus, Sinapis]. 099306
Cattle farming in the Netherlands. Economics dictates selection *[Breeding* **dairy** cattle]. 097067
Industrial organization of reproduction for high performance at the **Dedelow** *Breeding* Center [Productive capacity, dairy cattle]. 097053
Inter-genotypic plant competition in wheat under single seed **descent** *breeding.* 099192
Anatomo-biological method in *breeding* for **developing** models of soft winter wheat varieties of highly intensive type. 099244
Tracer techniques for the study of host [plant]-parasite relations [Infection by Uromyces phaseoli, viruses, *breeding* of **disease** resistant varieties]. 101914
Variability in the Deli **dura** *breeding* population of the oilpalm (Elaeis guineensis Jacq.). II. Within bunch components of oil yield. 095491
Initial material for *breeding* **early** varieties of whiteheaded cabbage for the northwestern zone of the USSR. 099448
Effective *breeding* methods to improve the fattening and slaughter performance of chicken broilers. 097049
Improvement of the methodology of barley and wheat **emasculation** [for *breeding].* 099390
Cross-breeding **experiment** with Danish Red and West Flemish Red cattle. 096874
Breeding for **facial** eczema resistance? 097014
Utilization of backcrosses for obtaining initial material in *breeding* **fiber** flax. 099118
Breeding **fiber** flax for resistance to diseases. 099267
Need and prospects for using tracer techniques in **fruit** *breeding.* 099309
Breeding **geese** in Denmark. 096897
Bibliography: *breeding* and **genetics** [Beans]. 099070
The use of the collection of the "plant resources" section as initial material for the *breeding* of some **grain** legumes. 100807
Variation in seed and seedling characters of smooth bromegrass, Bromus inermis Leyss, in relation to environment **[Grass** *breeding].* 100178
Breeding and **hatching** turkeys. 096907
Breeding for **high** fibre yield in Mesta [Kenaf]. 099316

Regularities of growth processes and the productivity of farm crops *[Breeding* for **higher** yield]. 099258
Results of *breeding* **highly** productive varieties of proso. 099395
Horse *breeding* and sports, an integral component in the social development of the German Democratic Republic. 096132
Results from the *breeding* of the **Hungarian** Friesian cattle race. 097054
Bacteriological examinations of cervical mucus samples of mares within the framework of a survey on *breeding* **hygiene** in the warm blooded horses of the Hanover race, 1971-1975. 097488
Theory of photosynthetic productivity of plants and effective trends in *breeding* for **increased** productivity. 099265
Productivity and yield structure components of soybean seeds [Evaluation of **initial** *breeding* material]. 100306
Breeding **intensity,** breeding success, foundation cows. 096916
Breeding of **intensive** short-stem varieties of wheat. 099246
Experiences gained in the management and planning of the activity of innovators in the field of **livestock** *breeding* and production [East Germany]. 094346
Structure of yield in hybrid, *high-bred* and **local** sorghums as influenced by nitrogen and population levels. 100865
Relation of gene action and type of tester in **maize** *breeding* procedures. 099369
Activity of oxidation-reduction enzymes in **maize** in *breeding*. 099385
Preliminary studies on papaya selection in **Malaysia** *[Breeding]*. 099338
Conditions for entomological evaluations of *breeding* **material** in the field [Cereals, resistance to insect pests]. 099271
[Oil] flax varieties from Argentina as initial **material** for *breeding*. 099458
Resistance of wheat *[breeding* **material]** to the European stem sawfly [Cephus pygmaeus]. 102314
Methods and results of *breeding* **Mironovskaia** wheat varieties of the intensive type. 099256
Mutation *breeding* of Chrysanthemum morifolium Ram. Using in vivo and in vitro adventitious bud techniques. 099200
Mutation *breeding* of autotetraploid Achimenes cultivars. 099201
Investigations into the primary production of fruit trees and their possible importance for the *breeding* of **new** varieties. 099459
Breeding **parthenocarpic** pickling cucumbers (Cucumis sativusL.): necessity, genetical possibilities, environmental influences and selection criteria. 099171
Immunological study of the initial material for *breeding* **peas,** peavine and forage vetch in the conditions of the TambovRegion. 099088
Breeding for **persistency** of milk yield [Cattle]. 096096
Breeding-genetic and **physiological-biochemical** study of sorghum sterile analogs. 099387
Breeding **pickling** cucumbers for resistance to cucumber beetles [Coleoptera]. 099241
Investigations of operating conditions of sources of general and local heating in a *breeding* **piggery.** 103371
Irreproducible results and the *breeding* of **pigs** (or nondegenerate limit random variables in biology). 096884
Conclusions and recommendations [Crop improvement through **plant** *breeding]*. 099308
Nuclear techniques for determining biomass production, evaporation and transpiration, root development and nutritional value [in **plant** *breeding]*. 099311
The need for better selection techniques: a **plant** *breeder's* view. 099313
Tracer techniques in **plant** *breeding* programmes [Wheat varieties]. 099314
The utility of covariance of combining ability in **plant** *breeding* [Pearlmillet]. 099414
Gene pool and the prospects of *breeding* **plants** for resistance to nematodes. 099272
Evaluation of maize varieties for their potential as *breeding* **populations.** 099179
Breeding **potato** varieties resistant to nematodes [Heterodera rostochiensis]. 099269
Some seed, seedling, and maternal characters as estimates of commercial performance in sweet **potato** *breeding*. 099321
Agronomical characteristic of the Chilean forms of Solanum chilotanum **[Potatoes,** *breeding]*. 099079
Up-to-date condition and prospects of *breeding* **potatoes** for resistance to major diseases and pests. 099282
Experiences and results of socialist cooperation in **poultry** *breeding* [East Germany]. 094345
The etiology and epidemiology of salmonellosis in Bulgaria for the 1966-1970 period [Contact mechanism in people engaged in animal and **poultry** *breeding]*. 094858
Genetic and breeding aspects of the expectable development in **poultry** *breeding*. 096861
Breeding and **production** of low erucic rapeseed in Europe. 100776
Some problems of physiology in relation with *breeding* for **productivity** [Wheat]. 099260
Some results from implementing the 1971-1975 *breeding* **program** [Livestock, East Germany]. 097058
Selection for mixed cropping *[Breeding* **program** for pasture plants]. 099208
Physiological selection criteria in forage grasses [For usein a *breeding* **programme]**. 099312
Rapid method of determining the fatty acid content in sunflower seeds [for *breeding* **purposes].** 095845
Some problems of evaluation for *breeding* **purposes** of [forest] stands following their improvement cutting. 098077
Spring wheat varieties evaluated for *breeding* **purposes** according to their hybrid characteristics. 099406
Utilization of the collection of tomato entries for *breeding* **purposes** in the conditions of the Volgo-Akhtuba flood plain. 099455
Secondary plant substances as materials for chemical high **quality** *breeding* in higher plants. 099379
Influence of queen-cell cup type and food on the effectiveness of honeybee **queen** *breeding*. 103270
Positions and opportunities of our **rabbit** *breeding* research. 096862
Breeding better **rape** and linseed for Western Australia. 099318
Tissue culture, a new tool for propagating and *breeding* **rape** and other plants. 100777
Breeding for **resistance** to cereal cyst nematode in wheat. 099169
Breeding for **resistance** to Phialophora cinerescens (Wr.) van Beyma in glasshouse carnations (Dianthus caryophyllus L.). 099170
Perspectives of *breeding* for **resistance** to 'yellow disease', Xanthomonas hyacinthi (Wakker) Dowson, in hyacinths (Hyacinthus L.). 099203
Evaluation of initial material of winter wheat in *breeding* for **resistance** to brown rust [Puccinia triticina]. 099291
Collection of castorbean varieties—a valuable initial material for *breeding* for **resistance** to Fusarium wilt. 099439
Initial material of winter wheat for *breeding* for **resistance** to brown rust and powdery mildew. 101347
Breeding for **resistance** to chestnut blight [Endothia parasitica] at the University of Tennessee. 101585
Results of a crossing experiment with Belgian Landrace, Pietrain and Large White. I. *Breeding* **results.** 097032
Control of house fly [Musca domestica] and stable fly [Stomoxys calcitrans] *breeding* in **rhinoceros** dung with an insect growth regulator used as a feed additive. 102597
A new approach to *breeding* for **root-rot** resistant light red kidney beans. 101317
Problems of *breeding* **rye** in Czechoslovakia and prospects ofusing heterosis. 099098
Significance of heterosis as a method of *breeding* **[Rye].** 099105
Note on factors allowing the choice of *breeding* **season** in the Dara Zootechnical Research Center (Senegal) [Cattle]. 097033
About an accelerated determination of protein quality in [maize] **seeds** [for *breeding]*. 100121
Positive results with **sheep** *breeding*. 096982
Sheep *breeding*. 096989
Breeding **sheep** for cold resistance. 097022
Results in the intensification of **sheep** *breeding* and production [East Germany]. 097055
Intraspecific variability of the northern Caucasus oaks [Quercus] and its **significance** in *breeding*. 098152
Soft wheat varieties of Australia and their *breeding* **significance** for dryland farming in Uzbekistan. 099106
Development of heating and ventilation equipment for premises for *breeding* **silkworms** [Bombyx mori]. 103366
Estimation of **sire's** *breeding* value. V. Derivations of variance-covariance matrices of a solution of normal equations of a mixed linear model subject to selection bias. 097077
Estimation of **sire's** *breeding* value. VI. Different linear prediction methods discussed in the context of the breeding structure of the population. 097078
Density effect on survival of immature stages of Culex pipiens fatigans in *breeding* **sites** in Delhi villages. 102576
Studies on the forage **sorghum** *breeding* utilizing the cytoplasmic malesterile lines. I. Effect of the parental lines on the green forage yield of hybrids. 099124
Use of tropical germplasm in a **sorghum** *breeding* program for both tropical and temperate areas. 099371
Breeding of **spring** wheat for resistance to spring-summer drought considering some morpho-physiological indices. 099247
Methods and prospects of *breeding* **spruce** [Picea] for increasing its productivity. 098084
Insect resistance and *breeding* **strategies** in sorghum. 099366
Estimation of sire's breeding value. VI. Different linear prediction methods discussed in the context of the *breeding* **structure** of the population. 097078
Breeding intensity, *breeding* **success,** foundation cows. 096916
Cereal **sufficiency** through *breeding*. 099057
Breeding of **sugarbeets** for resistance to diseases. 099268
Tissue and cell culture as aids to **sugarcane** *breeding*. I. Creation of genetic variation through callus culture. 099216
Breeding of **sunflower** plants based on variation in germination velocity at low temperatures [Heredity]. 099148
Results of *breeding* **sunflower** for group immunity to the major [fungal] pathogens by the method of interspecific hybridization. 099279
Promising initial material for *breeding* **sweet** clover in the northern Kazakhstan. 099100
Meatless wonders?: there's talk of beef strains being 'mongrelized'; parallel seen in industry movement to current meattype **swine** *[Breeding]*. 096986
Sexual significance *[Breeding* **swine].** 097041
When should gilts be covered or inseminated? *[Breeding* **swine].** 097042
60 years with the Malmohus County **Swine** *Breeding* Association. 097043
Hybrid **swine** *breeding* program in the Leipzig district [East Germany]. 097051
Expected and realized genetic gain in **swine** *breeding* of Lower Bavaria. I. Realized genetic gain. 097079
Phaseolus calcaratus [rice beans] and its problem in the *breeding* **system** [Varieties]. 099122
Breeding **system** and population structure of Armeria maritima (Mill.) Willd. on a zinc-lead mine. 099356
Symposium on variation, breeding and conservation of tropical forest trees Oxford, April 1975, and Symposium on variation and *breeding* **systems** of Triplochiton scleroxylon (K. 098073
Breeding and **testing** pitch [Pinus rigida] X loblolly pine [Pinus taeda] hybrids for the northeast. 098122
Genetical preconditions of *breeding* **tobacco** varieties resistant to diseases. 099273
Breeding **tomatoes** for machine harvesting. 099438
Utilization of the world collection of the All-Union Institute of Plant Industry as initial material for *breeding* **tomatoes** for greenhouse culture. 099456
Tree *breeding* at the University of Tennessee, 1959-1975. 098075
Expected genetic gains from forest **tree** *breeding*. 098096
Wrinkled rachis and husk—an EMS induced **true** *breeding* panicle mutation in rice. 101797
Possibilities of selection for keeping quality in **tulip** *breeding*. 099205
Turkey improvement and **turkey** *breeding* enterprise [Great Britain]. 096086
Amino acid supplementation of **turkey** *breeder* rations. 096749
Experimental studies of Arizona bacteria and their distribution with Salmonella typhimurium in *breeding* **turkey** herds. 097363
American varieties of tomatoes and their **utilization** in *breeding*. 099436
Short stem spring wheat varieties **valuable** for *breeding*. 099104
Wild and cultivated cottons [Gossypium] from USA and Central America [Species, varieties and cultivars and their *breeding* **value].** 099457
[Present] status and prospects of *breeding* **varieties** of farm crops resistant to nematodes. 099283
Protein quality improvement in maize **[Varieties,** *breeding]*. 099368
Evaluation of [world] collections of fiber flax **varieties** for *breeding*. 099443
Reed fescue [Festuca arundinacea, **varieties,** *breeding]*. 100898
Determinant varieties of tomatoes (Lycopersicon esculentum var. **vulgare**) and their use in *breeding*. 099441
Breeding **wheat** for resistance to the Hessian fly [Mayetiola destructor]. 099270
Use of tracer techniques to study yield components in seed crops [for *breeding,* **wheat].** 099315
Initial material for *breeding* **winter** wheat for resistance to lodging. 099091
Methods of *breeding* **winter** soft wheat for resistance to diseases. 099276
Importance of *breeding* **work** to feed utilization within the egg production sector [Poultry genetics]. 096908
Significance of spontaneous polyploid poplars in the USSR in *breeding* **work.** 098158

BREEDS

Study on the hereditary variation in native **aboriginal** *breeds* of farm animals. I. Mutability in the activity of some plasma enzymes and hematologic indexes in Bulgarian Grey cattle of southeast Bulgaria. 097086
North America buys Dutch cattle **again** *[Breeds]*. 097069
An investigation of factors related to the dominance order of a herd of dairy cows of similar **age** and *breed*. 096202
Studies on calving difficulty, stillbirth and associated factors in Swedish cattle breeds. I. General introduction and *breed* **averages** [Parturition]. 096840
Comparative fattening of young cattle of the Bulgarian **Brown** *breed* originating in various regions. 096828
Comparison of three parameters about relationships between milk and growth of lambs of the Merino **campinesa** *breed*. 096218
Studies on calving difficulty, stillbirth and associated factors in Swedish **cattle** *breeds*. I. General introduction and breed averages [Parturition]. 096840
Studies on calving difficulty, stillbirth and associated factors in Swedish **cattle** *breeds*. II. Effects of non-genetic factors [Parturition]. 096841
Evolution of body shape of F1 generation crosses between Metohija Red and Jersey **cattle** *breeds*. 096885
Dairy **cattle** *breeds*. 096904
Identification of the 1/29-translocation in the Swedish Red and White (SRB) **cattle** *breed* by utilization of new staining techniques. 096913
Can the Lowland **cattle** *breed* tolerate different regions? 096917
Increased [milk] yield by more European countries as a result of crosses with American **cattle** *breeds*. 096919
A Limousin **cattle** *breed* is established in the United States. 096985
Cattle *breed* comparison and crossbreeding trials in Europe; a survey prepared by a working party of the European Association for Animal Production. 096991
Study of a Baoule **cattle** *breed* in the Ivory Coast. 097034
Preliminary studies on **certain** *breeds* of the honey bees, Apis mellifera L., in Egypt (Hymenoptera, Apidae). 103218

Influence of *breed-type* of **cow** on winter maintenance requirements [Kinsella Hereford, Beef synthetic and Dairy synthetic]. 096635
Cross breeding for beef production using large **dairy** *breed* bulls. 096865
Combined "Dominal-Jetrium-Fluothane" anesthesia in different surgeries on 500 **dogs** of various *breeds.* 097186
West African **Dwarf** *breed* in Cameroon. Zootechnical possibilities, breeding conditions, future. 097036
Exotic *breeds* for beef [cattle] herds: preliminary results. 097015
A tick-resistant dairy [cattle] *breed* [**Friesian** X Sahiwal]. 097020
Preliminary attempts of oestrus synchronization in goats of **Gargano** *breed.* 096848
Characterization of biological types of cattle. IV. Postweaning growth and puberty of heifers [by *breed* **groups**]. 096929
Utilizing animal gene resources [Need for developing new **livestock** *breeds* for developing countries]. 097074
Effect of the Black-Pied **Lowland** *breed* on the slaughter half in fattening young bulls. 097002
Meat productivity of young bulls in combination crossing of the Slovakian Pied and Black **Pied** *breeds* (F11). 097003
Study on pork quality of the **pig** *breeds* [Polish Large White, Swedish Large White, Bulgarian White, Landrace] raised in Bulgaria. 095725
Belmont red [cattle] a **promising** *breed* for the tropics [Africander bulls, Hereford, Shorthorn crossings]. 097021
Changes of the body temperature, pulse and respiration frequencies of pigs after an extreme heat load with **respect** to the *breed.* 096506
A comparative study of the histogenesis of placenta in wild sheep (Ovis ammon cycloceros L.) and the domestic **Romanov** *breed.* 096572
Voluntary feed intake, growth, body composition and efficiency in the sheep: *breed* and **sex** differences. 096612
Effect of size, *breed* and **sex** upon feed efficiency in beef cattle. 096779
Efficiency of utilization of dietary energy by **temperate** *breeds* [Holstein-Friesian, Brown Swiss] of dairy cows under tropical conditions. 096685
Factors affecting the sale price of **three** *breeds* of performance tested boars. 094559
Evaluation of performances and their time trends in **three** *breeds* of performance tested boars. 096932
Influence of farm management and *breed* **type** on sow's conception-weaning interval and productivity in France. 096993
Dutch inspection report introduced in Spain [Black and **White** *breed* of dairy cattle]. 097068
Their Black Baldie [cattle] system **works** *[Breeds].* 097017

BREVICORYNE

Trials for standardization of aphid flight survey with yellow water pan trap. II. Suitable location of water trap for catching alate aphids [Myzus persicae, Lipaphis erysimi, *Brevicoryne* **brassicae,** Japanese radishes]. 102387

BREWING

Malting and *brewing* [**Cereal** grains]. 095754
An improvement in interior egg quality by the feeding of *brewers* **dried** grains. 096750
High **gravity** *brewing.* 095412
"Actionistis" *[Brewing* **industry,** marketing]. 094491
Detection of wild yeasts in the *brewery.* VIII. The use of **membrane** filtration technique and microcolony method. 095411
Effect of dates of sowing and rates and times of N [nitrogen] application on the grain yield and malting and *brewing* **quality** of 2-row barley. 100835
Utilisation of press water from *brewer's* **spent** grains [Protein concentrates]. 095487
New concept on the joint disposal of domestic and *brewery* **wastewaters.** 104453

BRINE

Chlorophyll stability of *brine* and **freshwater** algae. 099683
Species composition of lactobacteria in raw and pasteurized cow's milk for **white** *brine* cheese. 095674

BRISKET

Bovine *brisket* edema of unknown etiology. 097192
Brisket **edema:** toxic weeds [Senecio] can cause disease in [beef] cattle. 097806

BROADBEANS

Horsebean plant *[broadbeans]* as **affected** by some agricultural practices. 101045
Differential Giemsa staining of heterochromatic regions in the chromosomes of Vicia faba *[broadbeans],* **Allium** cepa [onions] and Paeonia tenuifolia. 099044
Effect of plant density of yield and yield components of Vicia faba L. monor (Peterm.) **Beck** *[Broadbeans].* 100966
Certain patterns of chromatin in displacement during ultracentrifugation of plant **cells** *[Broadbeans].* 099346
Water uptake and germination of leguminous seeds [chickpeas, *broadbeans]* under **changing** external water potential in osmotic solutions. 100491
Self-fertility and the distribution of seed yield in Vicia **faba** L. *[Broadbeans].* 099209
An analysis of cell proliferation in the apical meristem of lateral roots of Vicia **faba** L. *[Broadbeans].* 100087
Cap formation during the elongation of lateral roots of Vicia **faba** L. *[Broadbeans].* 100088
Changes with age in the status of water and tissue characteristics in individual leaves of Vicia **faba** L. *[Broadbeans].* 100089
Effects of pre-and simulaneous treatment with urea on the induction of chromatid aberrations in Vicia **faba** *[Broadbeans].* 100179
Requirements for flowering of three lines of Vicia **faba** L. *(broadbeans).* 100336
Studies of the herbicide paraquat. I. Effects on the cell cycle and DNA synthesis in Vicia **faba** *[Broadbeans].* 102096
Influence of morphactin IT 3456 on the growth and anatomic structure of Vicia faba L. (Faba vulgaris Mnch.), variety **'Hangdown** *[Broadbeans].* 100055
On the characterization of DNA in plant cells by metachromasia with uranyl ions [Onions, *broadbeans,* **lupine**]. 099615
Wyerone epoxide as a phytoalexin in Vicia faba *[broadbeans]and* its **metabolism** by Botrytis cinerea and Botrytis fabae in vitro. 101523
Hydroxyproline content in cell walls of plants with different boron requirements *[Broadbeans,* **sunflowers,** maize, wheat]. 100315
Effect of infection with bean yellow mosaic virus on nucleic acid content of azak **treated** *broadbean* (Vicia faba L.) plants. 101720
Antinutritive factors contained in the seeds of *broadbeans* (**Vicia** faba). V. Influence on the protein catabolism of broilers [Nutrition]. 096785
Simultaneous transmission of *broadbean* **wilt** and cucumber mosaic viruses by single Myzus persicae (Sulz.). 101825

BROADCASTING

Methodology of calculating economic effectiveness of *broadcasters* of **inorganic** fertilizers. 103531
Placement and *broadcasting* of **NPK** [nitrogen-phosphorus-potassium] fertilizer for late maturing potatoes. 104148

BROCCOLI

Cole crops [cabbage, cauliflower, *broccoli,* **Brussels** sprouts] insect pests. 102404
Additional volatile components of cabbage, *broccoli,* and **cauliflower.** 095916

BROILERS *see* POULTRY

BROMEGRASS

Variation in seed and seedling characters of **smooth** *bromegrass,* Bromus inermis Leyss, in relation to environment [Grass breeding]. 100178

BROMELAIN *see* BROMELIN

BROMELIACEAE

Calcium translocation in Tillandsia balbisiana Schult. *(Bromeliaceae)* **[Nutrition].** 099587

BROMELIN

Purification and characterization of a proteinase from pineapple fruit, **fruit** *bromelain* FA2. 095923

BROMIDES

Subunit composition of delta-crystallin from embryonic chick lens. Analysis of methionine-containing tryptic peptides and **cyanogen** *bromide* peptides. 096429
Efficiency of **methyl** *bromide* and ethylene oxide in elimination of root-knot nematodes [Meloidogyne javanica, Meloidogyne hapla] on host plants [Tomatoes]. 102016

BROMINE

Bromine in **soil** and plants. 103815

BROMODEOXYURIDINE

Effect of *5'-bromodeoxyuridine* on the **association** of telomeric regions in Drosophila virilis salivary gland chromosomes. 102946
Bromodeoxyuridine **5'-monophosphate** incorporation into yeast nuclear and mitochondrial deoxyribonucleic acid. 099807
Sister chromatid differentiation and exchanges in adult mudminnows (Umbra limi) after in vivo exposure to *5-bromodeoxyuridine* **[Pollution** hazards study, rate in chick embryo]. 104470

BROMUS

The importance of forage quality [**Alfalfa,** *Bromus].* 096013
Some morphological peculiarities of the pollen from highland grasses [Phleum pratense, Dactylis glomerata, *Bromus* **inermis**]. 098892
Variation in seed and seedling characters of smooth bromegrass, *Bromus* **inermis** Leyss, in relation to environment [Grass breeding]. 100178
Nitrogen fixation by intact annual rangeland species in soil [Clover, *Bromus* **mollis**]. 103664

BRONCHIAL

The functional anatomy of the *bronchial* **circulation** of the domestic fowl. 096416

BRONCHITIS

Strains of **infectious** *bronchitis* virus on the Delmarva peninsula and in Arkansas [Chickens]. 097267
Vaccination and revaccination with a Holland (H) strain of **infectious** *bronchitis* virus [Chickens]. 097270
Variant **infectious** *bronchitis* virus isolated from Indiana chickens. 097485

BROOD

Brood **burrow** construction and brood care by Heliocopris japetus **(Klug)** and Heliocopris hamadryas (Fabricius) (Coleoptera, Scarabaeidae). 102912
Chalk *brood,* a fungus disease [Phycomycetes] of [honey] bees. 103228
Chalk *brood* [Phycomycetes]: possible method of control and its consequences [Honey bees]. 103229
Importance of temperature control in *brooding* **chicks.** 096078
The effect on the foraging behaviour of honeybees of the relative locations of the hive entrance and *brood* **combs.** 103221
Winter feed your *brood* **cows** properly. 096669
Egg quality of **dwarf** *brood* hens. 096898
Brood **hen** flocks. 096082
Suppression of **honeybee** *brood* diseases in the Pisek district [Foulbrood]. 103313
Male *brooding* behavior of the water bug Abedus herberti (Hemiptera: Belostomatidae). 102800
Tuberculosis in *brood* **sows** and pigs slaughtered in Iowa [Mycobacterium avium]. 097230
Brood transport by young workers of Tapinoma erraticum (Formicidae, Dolichoderinae): role of mechanical and chemotactic **stimuli** from the *brood.* 102839

BROODERS

Microelement content in hen eggs at **commercial** *brooders.* 096326

BROOMRAPE

Quantitative detection of seed of **branched** *broomrape* [Orobanche ramosa] in California tomato soils [Parastic plants]. 102173

BROTHS

Enrichment in **Muller-Kauffmann's** *broth* and Rappaport's broth from buffered peptone water in the isolation of Salmonellae from minced meat. 094872

BROWN

Aspects of photomorphogenesis in the *brown* **alga** Dictyota dichotoma. 100042
Comparative fattening of young cattle of the **Bulgarian** *Brown* breed originating in various regions. 096828
Comparative study of the results of crossing **Bulgarian** *Brown* cows with Dutch Black Pied bulls. 097083
Q/I [quantity-intensity] potassium relationships in Vertisols and *Brown* **Earths** of Tenerife. II. 103686
Euphorbia **flanaganii** N. E. *Brown.* 098644
The *Brown* **Forest** soils in the west part of Leningrad region. 103848
A newly recorded Alternaria [citri] **induced** *brown* spot disease on Dancy tangerines in Florida. 101545
Methodological approach to the study of genetic bases of wheat resistance to *brown* **leaf** rust [Puccinia triticina]. 099275
Brown **leaf** rust [Puccinia dispersa] effect on functional activity of nucleic acids of rye. 101414
Histochemical investigations of wheat varieties different in their resistance to *brown* **leaf** rust [Puccinia triticina Erikss.]. 101461
Alteration of the quantity and quality of proteins in the leaves of winter wheat infected with the pathogen of *brown* **leaf** rust [Puccinia triticina]. 101611
Determination of trace elements and their distribution in different fractions of the soil. IV. **Meridional** *Brown* Earth. 103674
Mortality of longleaf pine [Pinus palustris] seedlings following a winter burn against *brown-spot* **needle** blight [Scirrhia acicola]. 101660
Physicochemical and micromorphological characteristics of a complex soil profile of intergrades of Andosol and **Oligotrophic** *Brown* Earth. 103682
Effects of nutrient compounds on sucking response of the *brown* **planthopper,** Nilaparvata lugens (Homoptera: Delphacidae). 102825
Resistance of carrot varieties to *brown* **rot** [Phoma rostrupii] and white rot [Sclerotinia]. 101351
Utilization of detached leaves in benzimidazole for hybrid analysis of the resistance of wheat to *brown* **rust.** 099117
Evaluation of initial material of winter wheat in breeding for resistance to *brown* **rust** [Puccinia triticina]. 099291
Genotypic composition of the clones of *brown* **rust** [Pucciniarecondita] in some Lr lines of wheat. 101343
Initial material of winter wheat for breeding for resistance to *brown* **rust** and powdery mildew. 101347
Loss in yield due to *brown* **rust** (Puccinia recondita Rob. Ex. Desm) on late sown wheat crop. 101478

Mechanisms of the population variability of the *brown* **rust** in wheat Puccinia recondita Rob. ex. Desm. f. sp. tritici. 101612
Ribonuclease activity in rye leaves affected by *brown* **stem** rust [Puccinia dispersa]. 101415
Adaptability of 1/2 Sahiwal X 1/2 *Brown* **Swiss** cattle to subtropical conditions. 3. Body water distribution. 096410
Efficiency of utilization of dietary energy by temperate breeds [Holstein-Friesian, *Brown* **Swiss**] of dairy cows under tropical conditions. 096685
Inoculation of barley with mixtures of buff and *brown* **teliospores** as an aid to screening for resistance to Ustilago nuda. 101556
B. S. **70-tora** *brown* sarson for Uttar Pradesh [Rape cultivation]. 100988
Differentiatin of populations of **wheat** *brown* rust in the USSR with the aid of a series of isogenic lines on the basis of the variety Thatcher. 101459

BRUCELLA
Role of divalent cations in bactericidal action of normal bovine serum to *Brucella* **abortus** strain 19. 097634
A serological and bacteriological survey of canine brucellosis *[Brucella* **canis**] in Mexico. 097310
Review of current aspects of canine brucellosis testing *[Brucella* **canis**]. 097546
45/20 vaccination in a *Brucella* **infected** herd [of cattle]. 097584
Endotoxic activity of rough organisms of *Brucella* **species**. 097378

BRUCELLACEAE
Facing up to your pink-eye problem *[Moraxella* **bovis,** cattle]. 097587
Moraxella **septicaemiae** infection in geese. 097676

BRUCELLOSIS
A serological and bacteriological survey of **canine** *brucellosis* [Brucella canis] in Mexico. 097310
Review of current aspects of **canine** *brucellosis* testing [Brucella canis]. 097546
Should you vaccinate for *brucellosis?* **[Cattle].** 097588
Progress of the **State-Federal** *Brucellosis* Eradication Program [Cattle]. 097569

BRUCHIDAE
Influence of some external stimulations due to mating upon the females reproductive function in Acanthoscelides obtectus Say (Coleoptera, *Bruchidae).* II. **Experimental** study. 102814

BRUCHUS
Possibilities for replacing the organic chlorine preparations with other non-cumulative insecticides in the control of pea pests *[Bruchus* **pisorum,** Acyrthosiphon pisi]. 102429

BRUSH
A **special** *brush* for a special cleaning job. 095338

BRYOFLORA
The **amphigenous** *bryoflora* of French Polynesia [Musci]. 098573
New and rare species for the *bryoflora* of the **Caucasus.** 098750
The effect of human activity on the *bryoflora* **[Musci]** in southwestern Germany. 098782

BRYOLOGY
Some Muscineae from the Sierra del Cabo de Gata and their relation with the **African** *bryological* flora. 098571
A *bryological* **evaluation** of the Polynesian subkingdom [Musci]. 098565
Bryological **excursion** to the "sand-pit of the hare" [Musci](December 17, 1972). 098566
Introduction to the colloquium: Main problems of **modern** *bryology.* 098451
Modern problems of *bryological* **nomenclature** [Musci]. 098569

BRYOPHYLLUM
The pyruvic acid and carbohydrate metabolism in adult plants and leaf buds of *Bryophyllum* **daigremontianum.** 100612

BRYOPHYTA
Bryophyta **flora** of the Sierra de Codes [Hepatacae, Musci]. 098688
Role of the *Bryophyta* and **lichens** in multidimensional analysis applied to the floristical groups of Pinus sylvestris L. Woodlands, Pinus uncinata Mill. woodlands in the eastern Pyrenees, the Causses and the southwestern Alps range. 098781
A contribution to the north Podlasie lowland flora of *Bryophyta* **[New** taxa]. 098498
Lichenes and *Bryophyta* of the **Omelno** Reservation near Radzyn Podlaski. 098500
The secretory apparatus of the bryales: morphological, ultrastructural and cytochemical **studies** *[Bryophyta].* 098916
A historical outline of early work pertaining to conducting **tissues** of *Bryophyta.* 098903

BRYOPHYTES
Estimation of pollution by heavy metals in the Somme river by analysis of **aquatic** *bryophytes.* 104457
Biological reserves of New Zealand. 2. *Bryophytes* of **Bankside** reserve, canterbury plains. 098825
Bryophytes as **indicators** of environmental factors in forest phytocoenoses. 098780
Cutin acids from *bryophytes:* an **omega-1** hydroxy alkanoic acid in two liverwort species [Conocephalum conicum, Astarella lindenbergiana, Sphagnum moss]. 099904
Bryophytes and **overevolution:** comparative study of Ephemeropsis (Musci) and Metzgeriopsis [Hepaticae]. 098567
Effects of the phytochrome on the development of the *bryophytes* **protonemata** [Tetraphis pellucida, Musci]. 099594
Intercellular exchange problems in the *bryophytes* **protonemata:** evidence for transfer phenomena [Ceratodon purpureus, Musci]. 099595
A review of the literature on *bryophytes* with **respect** to air pollution. 103714
Aquatic and **subaquatic** *bryophytes* as bioindicators of water pollution. 104464

BUBALUS *see* BUFFALO

BUCKWHEAT
Elements of embryological methodology of **analysing** *buckwheat* plants for illegitimate incompatibility. 099290
The estimation of phenylalanine ammonia-lyase (PAL)-activity in intact cells of higher plant tissue. I. Parameters of the **assay** *[Buckwheat].* 100291
Variability of varieties and forms of *buckwheat* in M1 **[generation]** as a result of exposure to chemical mutagens. 099396
Effect of foliar dressing [with fertilizers] on the yield and quality of *buckwheat* **grain** in the conditions of the Poltava Region. 103902
Nutrition diagnosis of fiber flax, **oats** and *buckwheat.* 100229
Buckwheat: a **potential** crop for Uttar Pradesh. 100818
The estimation of phenylalanine ammonia-lyase (PAL)-activity in intact cells of higher plant tissue. II. Correlations and discrepancies between activities measured in intact cells and cell-free extracts *[Buckwheat,* **strawberry,** sunflower]. 100292

BUDDING
Morphological development of the apple from **floral** *budding* to maturity. 098976
Induced *budding* in root-tips and attached leaves of Heloniopsis orientalis (Liliaceae). 100549
Spring *budding* of pistachio [Pistacia vera] in the south ofTadzhikistan. 101258

BUDGETS
A discussant's view of **computerized** *budget* development, distribution and use [Farm management]. 094320
Extension economics: an effective research industry interface—a **discussion** *[Budgets].* 094327
Michigan farm **enterprise** *budgets.* Estimates for 1976. 094196
Management and policy implications of cost and **return** *budgets:* extension's role in formulation and use. 094328
Planktonic diatoms and silica in Loch Leven, Kinross, Scotland: a one month **silica** *budget* [Algae]. 099725
Budget-wise **tips** [Recipes]. 095209
Selected **vegetable** *budgets,* South Carolina, 1976 [Farm planning guide for estimating the individual producer's costs and returns]. 094187

BUDS
Mutation breeding of Chrysanthemum morifolium Ram. Using in vivo and in vitro **adventitious** *bud* techniques. 099200
Duration of the cell cycles in the shoot apex and in the **axillary** *buds* of Pisum sativum L. [Peas]. 098919
Observations on feathers **[axillary** *buds* of the shoot] formation in peach trees. 3rd contribution. 100563
Nitrogen concentrations of cotton leaves, *buds,* and **bolls** in relation to age and nitrogen fertilization. 100067
Method for obtaining polyploids of the genus Coffea [coffee] by localized treatments of *buds* with **colchicine.** 099131
Studies on grafting chestnuts (Castanea sativa Mill.) in the nursery. I. Growth of seedlings and time of grafting on **dormant** *buds.* 101153
Comparative hardiness of **flower** *buds* and blossoms of some almond genotypes in relation to time of bloom and leafing. 100471
Study on the morphogenesis of **fruit** *buds* in some pear varieties. 098980
Effects of evaporative cooling during dormancy on 'Redhaven' peach wood and **fruit** *bud* hardiness. 100474
Study on the amount of endogenous phytohormones in sap exudation and **hibernating** *buds* of grapevines. 100445
Calcium chloride for prevention of **horn** *bud* growth in calves. 097733
The pyruvic acid and carbohydrate metabolism in adult plants and **leaf** *buds* of Bryophyllum daigremontianum. 100612
Influence of *buds* and **leaves** on the rooting of rose cuttings. 100511
Autoradiographic analysis of macromolecular syntheses in prospectively necrotic cells of the chick **limb** *bud.* II. Nucleic acids. 096338
Spruce bud mite (Trisetacus piceae Roiv.) (Acarina, Eriophyoidea)—a pest of *buds* of **Norway** spruce [Picea abies]. 102520
The effects of different concentrations of EPTC [ethyl-N, N-dipropylthiolcarbamates] on **prolonging** *bud* dormancy of purple nutsedge tubers [Cyperus rotundus]. 102079
Influence of sevin and rogor on the formation of **reproductive** *buds* in apples. 100512
Dormancy, growth, and their natural regulators in *buds* and **seeds** of Karelian birch [Retula verrucosa]. 100683
Spruce *bud* mite (Trisetacus piceae Roiv.) (Acarina, Eriophyoidea)—a pest of buds of Norway spruce [Picea abies]. 102520

BUDWORMS
Baculovirus-like particles in the reproductive tracts of female parasitoid wasps [Cardiochiles nigriceps, Microplitis croceipes, Chelonus texanus parasitoids of the *budworm,* **budworm,** Heliothis virescens]. 102295
Outbreaks of the western **spruce** *budworm* [Choristoneura occidentalis] in the American northern Rocky Mountain area from 1922 through 1971 [Picea]. 102522
Science's goal: make **tobacco** *budworm* [Heliothis virescens] a vanishing species. 102359

BUFFALO
Foot-and-mouth disease in wildlife with particular reference to the **African** *buffalo* (Syncerus caffer). 097342
The karyotype of the Australian swamp **buffalo** *(Bubalus* bubalis) [Chromosomes]. 096288
Seminal attributes in *buffalo* **bulls** as affected by different seasons. 096924
Research on slaughtering and carcass characteristics of the whole and **castrated** *buffaloes* of 30 and 42 months old. 095677
Influence of different levels of selenium on protein synthese by rumen microbes in vitro **[Cattle,** *buffaloes].* 096482
Neoascaris vitulorum larvae in the **colstrum/milk** of *buffaloes.* 097321
Influence of temperature on the electrical conductivity of *buffalo* **milk.** 095584
Refractometric method for the determination of the iodine value of *buffalo* **milk** fat. 095625
Rennet clotting time of *buffalo* **milk** as affected by heat treatments. 095626
Studies on *buffalo's* **milk.** 12. The sterols. 095627
Chemical composition and some properties of **modified** *buffaloes'* milk for infant feeding. 095617
Effects of castration in *buffaloes:* **observations** on some body characteristics in animals of thirty and forty two months old. 096151
Which is more profitable, *buffalo-rearing* or **poultry** farming? 094430
Effects of practical castration in prepuberal age in *buffaloes:* **research** on the increase in weight and feed conversion index of steers of more than 600 kg live weight. 096604
Fatty acids and fatty aldehydes of *buffalo* **seminal** plasma and sperm lipid. 096958
Acrosomal hydrolases in *buffalo* **spermatozoa.** 096903
The lipids of *buffalo* **spermatozoa** and seminal plasma. 096968
The karyotype of the Australian **swamp** *buffalo* (Bubalus bubalis) [Chromosomes]. 096288

BUGS *see* INSECTS

BUILDING
Weather stripping and caulking [for **agricultural** *buildings].* 103319
The **big** *herds-buildings.* 103330
Financing state and collective farms on the present stage of *building* **communism.** 094260
Cooperative [farming] training in Italy: **communities** *build* their own future. 094192
Homemade *building* elements [Prefabrication of cow sheds]. 103396
No money to *build?* **improvise.** 095303
Effect of long lasting loading on mechanical qualities of wooden constructions for furniture making and *building* **industries.** 098212
Rational exploitation of the *building* **instinct** of honeybees. 103309
How to improve working conditions in your milking parlor *[Building* **maintenance].** 103346
Structure of agricultural simulators: a philosophical view **[Model** *building].* 093967
Building a **profession** [Foresters]. 097924
Pre-fab **refrigerated** *buildings* prove versatile and reliable. 095342
Road *building* in agriculture. 103380
Pole house for **sheep**—*build* it yourself. 103326
Building of **small** water basins. 103353
Use of Leguminosae for *building* up **soil** fertility in dry tropical soils [Nitrogen fixation]. 103796

BULBS
Possibility of rearing wheat mite (Aceria tritici Shev.) (Acarina, Eriophyoidea) on **aerial** *bulbs* of garlic [to study its biology]. 102372
Anatomical studies on the *bulbils* of **coconut.** 098939
Control of insect and mite pests of **commercial** *bulbs* [Ornamentals]. 102395
The prospects of winter forcing of **flowering** *bulbs* in the Murmansk Region. 101093
Study on the root and rhizosphere microflora of some **flowering** *bulbs* [Hyacinthus orientalis, Tulipa gesneriana, Narcisus poeticus]. 103750
Isoprenoid quinones and tocopherols in *bulbs* and **leaves** of Iris hollandica; occurrence of a new quinone. 100401
Evaluating fall-planted Dutch-grown **miscellaneous** *bulbs* forspring and early summer flowering [Varieties]. 101248
Storage of **Narcissus** *bulbs* for field planting. 095949
Foot and *bulb* **rot** [Sclerotium rolfsii] of Ornithogalum virens. 101401

Plant growth-regulating activities of batatasin III [isolated from dormant **yam** *bulbils]* analogues. 099923

BULLS

Belmont red [cattle] a promising breed for the tropics [**Africander** *bulls,* Hereford, Shorthorn crossings]. 097021
Testosteron and its epimer in blood and tissue of testicles of *bulls* of different **ages.** 097038
The behaviour of farmed **beef** *bulls.* 096488
Cross breeding for beef production using large dairy **breed** *bulls.* 096865
Seminal attributes in **buffalo** *bulls* as affected by different seasons. 096924
Nutritive value of potato-based silages for **dairy** *bulls.* 096707
A problem of *bull* **fatteners:** make maize or sugarbeets? [Costs and returns]. 094423
Parathyroid glands in metabolism of mineral substances in *bulls* **fed** with pulp. 096559
The relationship between semen evaluation methods and **fertility** in the *bull.* 096969
Non-specific granulomas of the [prostate] **gland** of the *bull.* 097714
Histotopics of glycosidases in the accessory sex **glands** of *bulls.* 096846
Diet effect on initial fructose and citric acid levesl in the semen of **Indian** *bulls.* 096784
Evaluation by the heterospermic insemination technique of the differential effect of freezing at -196 degrees Celsius on fertility of **individual** *bull* semen. 096957
The ultrastructure of **knobbed** *bull* spermatozoa. 096970
Changed economic results with the production of *bull* **meat** [Costs]. 094380
A smplified method of progeny testing A.I. [Artificial insemination] *bulls* for **milk** protein. 096990
Immune response to genital **mycoplasmosis** in *bulls.* 097630
Fattening and slaughter performance results of young Black **Pied** *bulls* as influenced by feeding intensity. 3. Economic results of young bull fattening at varying feeding intensity and slaughter weight. 096644
Evaluation of boned meat production and relative milk yield on basis of Hungarian **Pied** *bulls'* progeny testing. 096860
Comparative study of the results of crossing Bulgarian Brown cows with Dutch Black **Pied** *bulls.* 097083
Occurrence of multiple forms of *bull* and **ram** acrosin during proenzyme activation and inhibition of activation by p-nitrophenyl p'-guanidinobenzoate. 096915
Some biochemical and immunological properties of proteins of *bull* and **ram** seminal plasma, and possibilities of their practical utilization in animal reproduction. 097082
Ultrastructural study of separated cell and acrosomal membranes from *bull* **spermatozoa.** 096906
Electron microscopic study of the membranes of *bull* **spermatozoa** and spermatids, with reference to the postacrosomal cap and the basal knobs. 096909
Preparation of **teaser** *bulls* and steroid-implanted steers and their effectiveness in detecting estrus [Dairy cattle]. 097048
Studies on the biosynthesis of cyclitols. 33. Preparation of highly purified myo-Inositol-1-phosphate synthase from *bull* **testicles;** comparison with the corresponding enzyme from rat testicles. 096995
Correlations between carcass value and subjective appraisal of carcasses of **young** *bulls,* an investigation concerning progeny tests. 095726
Fattening and slaughter performance results of young Black Pied bulls as influenced by feeding intensity. 3. Economic results of **young** *bull* fattening at varying feeding intensity and slaughter weight. 096644
Importance of straw quality for the use of straw in rations for fattening **young** *bulls.* 096807
Effect of the Black-Pied Lowland breed on the slaughter half in fattening **young** *bulls.* 097002
Meat productivity of **young** *bulls* in combination crossing of the Slovakian Pied and Black Pied breeds (F11). 097003

BUNDLE

Photosynthetic activities of **isolated** *bundle* sheath cells in relation to differing mechanisms of C4 pathway photosynthesis. 099519
Distribution of enzymes related to C3 and C4 [carbon] pathway of photosynthesis between mesophyll and *bundle* **sheath** cells of Panicum hians and Panicum milioides. 099918

BUPRESTIDAE

Revision of the genus Nothomorpha Thomson (Coleoptera, *Buprestidae)* [**New** taxa]. 103172

BURNING

Burning a **protected** tallgrass prairie to suppress sweetclover, Melilotus alba Desr. 102108
Vegetative response to twelve years of **seasonal** *burning* on a Louisiana longleaf pine [Pinus palustris] site. 098172
Mortality of longleaf pine [Pinus palustris] seedlings following a **winter** *burn* against brown-spot needle blight [Scirrhia acicola]. 101660

BURROWING

Brood *burrow* construction and brood care by Heliocopris japetus (Klug) and Heliocopris hamadryas (Fabricius) (Coleoptera, Scarabaeidae). 102912
Potential [plant] hosts of *burrowing* **nematode** [Radopholus similis] in Fiji. 101897

BURSA

Effect of the oxygen partial pressure on the development of the embryo of **Capsella** *bursa-pastoris* cultivated in vitro. 099610
The flowering behaviour of **Capsella** *bursa-pastoris* (Brassicaceae) [Long-day plant]. 099951
The effect of infectious laryngotracheitis virus on the *bursa* of **Fabricius** of young chickens. 097403
Monitoring **infectious** *bursal* disease (IBD) antibodies by agar gel precipitin (AGP): a comparative study [Virus diseases, chickens]. 097594
Variations of PTA [hydrochloric phosphotungstic]-retaining cell coat components on *bursal* **stem** cells during chicken ontogeny. 096462
Transplantation of *bursal* **stem** cells into cyclophosphamide-treated chicks. Lymphoid repopulation of splenic structures [Immunodeficiency]. 097623

BURSECTOMY

Transfer of hypogammaglobulinemia in two inbred chicken strains by spleen cells from *bursectomized* **donors** [Immunosuppression]. 097413

BUSHES

Excess EDDHA [ethylenediamine di(o-hydroxyphenylacetic acid] in the nutrient solution on iron uptake by *bush* **bean** plants. 100152
Bush **bean** mold control [Sclerotinia sclerotiorum, Botrytis cinerea]. 101325
Comparison of the effects of high levels of DTPA [diethylene triamine pentaacetic acid] and EDDHA [ethylenediamine di(o-hydroxyphenylacetic acid] on microelement uptake in *bush* **beans.** 100151
Iron-phosphorous interactions in *bush* **beans.** 100154
Observations on the use of Tordon 101 in Msasa/MuNhondo woodlands *[Bush* **control].** 102188
Calculation of an optimal yield of grapes according to the chemical composition of the organs of a **grapevine** *bush.* 100453
Productivity of using soil moisture and the development of leaf surface as effected by different planting density of **grapevine** *bushes.* 100613
Degree of frost injuries and the character of the restoration of the root system of **grapevine** *bushes* in various methods of irrigation. 102059
Effect of irrigation on the development of the root system and the above-ground part of **grapevine** *bushes.* 104426
Yield and quality of cuttings as related to irrigation in combination with fertilizers applied to **rootstock** *bushes* of grapevine. 104430
The effect of high temperatures on some aspects of the physiology and cultivation of the **tea** *bush,* Camellia sinensis, in North East India. 100003
Results of laboratory and field testing of a manual electrical apparatus for trellis trimming of **tea** *bushes.* 103595

BUSINESS

Big *business* in food processing—rip-off or reward for consumers? 095393
Changing **cow** *business:* how much money needed? [Finances]. 094424
A survey of the interior plant **design** *business* in Alabama. 094513
Change in the number of *business* **enterprises** and industries in the river clay area of the central Netherlands during the period 1968-1973. 094169
Roach control in the food **handling** *business.* 2. Making crack and crevice treatments work. 102540
Using *business* **management** games as research tools in food retailing—a case study. 094621
Objectives, motives, *business* **style,** and personal history—how they relate to managerial success. 094329

BUTT

Fomes **annosus** *butt* rot. Losses in a young second rotation stand of Sitka spruce [Picea sitchensis]. 101437
Fomes **annosus** *butt-rot* of Norway-spruce [Picea abies] in the CSSR [Czechoslovakia] and influence of various factors on its distribution. 101522

BUTTER

Experimental atherosclerosis in rabbits fed cholesterol-free diets. 5. Comparison of peanut, corn, *butter,* and **coconut** oils. 095055
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. *Butter* **department.** 095652
Butter **export** activities concentrated in Esbjerg. 094566
Effect of raw and boiled garlic on blood cholesterol in *butter* **fat** lipaemia. 095094
The need for systematic training of *butter* **inspectors.** 094885
Determination of the fruit content in milk drinks made of cultured and *butter* **milks** with added fruit juices. 095620
Low-sodium **peanut** *butter* [Diets]. 095138
Analysis of the dependence of relative dielectric permittivity of *butter* upon its **water** content. 095667

BUTTERFAT

The effect of estrus on milk and *butterfat* **yields** in Friesian. 097090

BUTTERFLIES

Mate-locating behavior of western North **American** *butterflies.* 103043
Postmating female odor in **Heliconius** *butterflies:* a male-contributed antiaphrodisiac? 103094
A new case of twin species in a **mimic** *butterfly* Acracea encedon L. (Lepidoptera, Acraeidae). 102838
Milkweed [Asclepiadaceae] cardenolides and their comparative processing by **monarch** *butterflies* (Danaus plexippus L.). 099964
Energy, matter and nitrogen utilization by the larvae of the **monarch** *butterfly* Danaus plexippus. 103067
A new **Mynes** *butterfly* belonging to the Tellervo mimicry complex (Lepidoptera: Nymphalidae). 103175
The *butterflies* of **New** Caledonia and the Loyalty Islands. 103182
Ultrasonic clicks produced by the **peacock** *butterfly* [Inachis io]: a possible bat-repellent mechanism. 102984
Supplementary records of *butterflies* in the **Sacramento** Valley and Suisun Marsh, lowland central California. 103189
The coloration of Papilio zalmoxis and Papilio antimachus, and the discovery of Tyndall blue in *butterflies* [**Sexual** dimorphism]. 103086
An ecological study of the *butterflies* of the **Sierra** de Tuxtla in Veracrux, Mexico. 103186
The status of the **swallowtail** *butterfly* [Papilio machaon britannicus] in Britain. 102921
Teh *butterfly* faunas of San Andres and Providencia Islands in the western Caribbean. 103190
A list of the *butterflies* of the **Willow** River State Park, Wisconsin. 103185

BUTTERHEAD

The nitrate and protein content of lettuce (Lactuca sativa var. **capitata** *(Butterhead* salat) grown under different conditions. 095950

BUTYL

Metabolism of the fungicide **Denmert** *(S-n-butyl* S'-p-tertbutylbenzyl N-3-pyridyldithiocarbonimidate, S-1358) and Denmert sulfoxides in liver enzyme systems [Monilinia fructigena, residues]. 102620
Balan *[N-butyl-N-ethyl-alpha,alpha,alpha-trifluoro-2,6-dinitro-p-toluidine,* **herbicides,** residues]. 102627

BUTYRIC

Alteration of sowing qualities of cotton seeds as effected by *butyric* **acid** derivatives [Growth substances]. 100222

BUXUS

Honey plants [Euphorbia humifusa, *Buxus* **sempervirens,** Linaria spuria, Verbascum thapsus]. 101287

BUYERS

Feeder **pig** *buyers* at organized sales in Tennessee [Marketing]. 094629

BYPRODUCTS

Whey use plagues world dairy industry *[Byproduct* of the **cheesemaking** process]. 095572
Investigations of **fishery** *byproducts* utilization: ruminant feeding and fly larva protein production. 096741
Byproducts—**possible** new approaches [Meat processing industry]. 095721
Processing & utilization of **poultry** *byproducts* meal. 095738

CABBAGES

In vitro inhibition of spermatogenesis by chemosterilants in the *cabbage* **armyworm,** Mamestra brassicae L. 102381
The **beautiful** *cabbage* [Echeveria]. 101102
Effect of salts on the growth and mineral nutrition of *cabbage* **(Brassica** oleracea) in soil and sand culture. 100556
Additional volatile components of *cabbage,* **broccoli,** and cauliflower. 095916
Influence of DD [dichloropropane, dichloropropene] nematocide [used to control Heterodera schachtii] on biological value of some vegetables *[Cabbage,* **Brussels** sprouts and red beets]. 101853
Cole crops *[cabbage,* **cauliflower,** broccoli, Brussels sprouts] insect pests. 102404
Mechanisms of methyl-carbon transfer from S-methylcysteine to pectin in **Chinese** *cabbage* (Brassica pekinensis Rupr.). 100542
Effects of decomposition rate of compost materials on the change of organic and inorganic substances and growth status of **Chinese** *cabbage.* 104127
Dependence of the yield and quality of **early** *cabbage* in vegetable crop rotation from the forms of nitrogenous and potassium fertilizers. 104060
Plant protection during *cabbage* **growth.** 101945
Effect of farmyard manure, straw, slurry and nitrogen, phosphorus, potassium on crop yields and nutrient uptake in **headed** *cabbage,* rooted cellery, scorzonera and carrots. 103895
Study of the effectiveness of new Polish insecticides for control of the *cabbage* **maggot,** Hylemya (Phorbia) brassicae Bche. 102465
Changes in the morphological traits of the Likorishko Byalo 7 *cabbage* **variety** under the influence of the nutritional area size [Spacing]. 098978
Chromatographic determination of [the molluscicide] metaldehyde residues in **water** and in *cabbage.* 094882

Initial material for breeding early varieties of **whiteheaded** *cabbage* for the northwestern zone of the USSR. 099448
Studies on the method of early selection of the resistance of *cabbage* to the **yellows** disease [caused by Fusarium oxysporum f. sp. conglutinans]. 099322

CABLES
Repair of a mandibular symphyseal fracture with a **nylon** *cable* tie band [Cats]. 097808
Mechanics of the H **type** *cable* crane composed of two sets ofendless Tyler skyline cranes [Logging equipment]. 098291

CACAO
Leaf spot of *cacao* [**Colletotrichum** gloeosporioides]. 101408
Production in culture of plant growth regulating substances by Calonectria rigiduscula f. sp. theobromae [cause of **galls** in *cacao].* 101535
Predaceous ants [Crematogaster clariventris, Crematogaster buchneri] (Hymenoptera: Formicidae) phytophagous on **Theobroma** *cacao* in Nigeria. 102254

CACODYLIC
Acid dissociation constants of arsenic acid, methylarsonic acid (MAA), dimethylarsinic **acid** *(cacodylic* acid), and N(phosphonomethyl)glycine (glyphosate). 102124

CACOECIA
Biology of **Trichogramma** *cacoecia* pallida Meyer in Moldavia [Biological control of Laspeyresia pomonella]. 102417

CACTACEAE
Mexican study on sugar production from the Maguey **cactus** *[Cactaceae].* 095990
Growth forms of Opuntia **compressa** *(Cactaceae)* in Florida sandridge habitats. 100399
Investigations on Alcidion cereicola (Coleoptera: Cerambycidae) a potential agent for the biological control of Eriocereus **martinii** *(Cactaceae)* [weed] in Australia. 102101
Self-incompatibility in the *Cactaceae.* 099130

CACTOBLASTIS
Pest status of *Cactoblastis* **cactorum** (Berg) (Lepidoptera: Phycitidae) and Dactylopius opuntiae (Cockerell) (Coccoidea: Dactylopiidae) in spineless Opuntia plantations in South Africa. 102332

CACTUS
Cactus **album.** 20. Parodia maxima. 098666
Interesting *cactus* **areas** of Bolivia [Succulents]. 098719
Wittia amazonica K. Schumann (syn. Wittia panamensis Britton and Rose) a noteworthy **epiphytic** *cactus.* 098646
Mexican study on sugar production from the **Maguey** *cactus* [Cactaceae]. 095990
The Geneva society of lovers of *cacti* and **oil** plants. 098474
Seasonal *cactus* care. 101101
The population concept [**Taxonomy,** *cacti].* 098670

CADMIUM
Insensitivity of the coyote testis to orally **administered** *cadmium.* 097047
Contribution to the study of contamination of foods by cadmium. I. Evaluation of transmission of *cadmium* by **containers.** 094800
Cadmium **contamination** of residual waters in the Paris region. 104441
Lead and *cadmium* **content** of foodstuffs. 1. Lead and cadmiumcontent of spices and table salt. 094943
Heavy metal **contents** *(cadmium,* lead, mercury) in some wild waterfowl species. 104498
Contribution to the study of contamination of foods by *cadmium.* I. **Evaluation** of transmission of cadmium by containers. 094800
Active accumulation of *cadmium* into the **kidney** of rats. 097850
Differential effects of *cadmium* on **lettuce** varieties [Phytotoxicity, from contaminated soils]. 101892
Studies on heavy metal pollution in agricultural land. 1. Movement of *cadmium* in **paddy** soils and absorption of cadmium by rice plants. 104463
Dangers of *cadmium* **pollution** of the environment. 104442
Atmospheric pollution of the Paris **region** by *cadmium.* 104440
Contribution to the study of contamination of foods by *cadmium.* II. **Results** of a regional inquiry on various food groups [France]. 094801
Studies on heavy metal pollution in agricultural land. 1. Movement of cadmium in paddy soils and absorption of *cadmium* by **rice** plants. 104463
On the influence of manure and fertilizers on the distribution and amounts of plant-available Cd *[cadmium]* in **soils.** 104142
Adsorption and desorption of *cadmium* by **synthetic** and natural organo-clay complexes. 103743
Mercury, *cadmium,* **zinc,** copper and organochlorine insecticide levels in small mammals trapped in a wheat field. 102686

CAFFEINE
Effects of **dietary** *caffeine* on the testis of the domestic fowl, Gallus domesticus. 096954
The effect of *caffeine* on **excitation-contraction** coupling in skeletal and smooth muscle [Periplaneta americana]. 102982

CAGES
Using lights to attract insects for *caged* **catfish.** 102829
A new, lightweight, transparent **insect** *cage* [Vectors of Spiroplasma citri, the causative agent of stubborn disease of citrus, virus diseases]. 102384
Performance of Red X Rock sex-linked females in reverse and conventional **laying** *cages* of varying heights [Layers]. 096118
Effect of environment and dietary energy on *caged* **Leghorn** pullet performance [Poultry]. 096751
Infected feather follicles in *cage* **reared** broilers. 097482
Large outdoor *cage* **tests** with eastern white pine [Pinus strobus] being tested in field plots for white pine weevil [Pissodes strobi] resistance. 102504
The effect of diet on queen rearing by *caged* **worker** honeybees [Apis mellifera]. 102876

CAKES
Microcrystalline cellulose replacement in *cakes* and **biscuits.** 095130
Sunflower seed cake and mustard oil cake as substitutes for **groundnut** *cake* in poultry rations. 096745
Use of high fructose syrups in white **layer** *cake.* 095406
Sunflower seed cake and mustard **oil** *cake* as substitutes for groundnut cake in poultry rations. 096745
A note on the effect of heat on the solubility and in vitro breakdown of *groundnut-cake* **proteins** [Ruminant rations]. 096010
Sunflower **seed** *cake* and mustard oil cake as substitutes for groundnut cake in poultry rations. 096745
Effect of feeding **treated** *groundnut-cake* with urea-molassesimpregnated wheat straw on growth rate and utilization of nutrients in Nali lambs. 096684

CALAMAGROSTIS
Primary productivity of several meadow [Alchemilla, Ranunculus, *Calamagrostis]* **communities** in the southern Urals. 098857

CALAMUS
Sorption of moisture by crude drugs. IV. Folium Salviae, Rhizoma Calami, Herba Basilici, Inflorescentia Crataegi [Salvia, **Acorus** *calamus,* Ocimum basilicum, Crataegus]. 095451

CALANDRA *see* SITOPHILUS

CALCAREOUS
Effect of microfertilizers on maize sown after sugarbeets on *calcareous* **Chernozems.** 104067
Effect of land use period on the aggregation of **desert** *calcareous* soils. 103655
Changes in cloddiness of **Egyptian** *calcareous* soils with increasing period of land use. 103695
Use of waste pyrites from mine operations [in Colorado] on **highly** *calcareous* soil [Soybeans, banding of fertilizers]. 103932
Behavior of iron-inefficient plants when grown in combinations of *calcareous* and **noncalcareous** soils [Maize, soybeans]. 100149
Change in the NPK [nitrogen, phosphorus, potassium] content of maize grains and recovery of fertilizers on a *calcareous* **sandy** soil. 103872
Responses of Earlirose rice to iron, zinc, and BPDS [bathophenanthroline disulfonate] when grown on *calcareous* **soil.** 100158
The effect of soil moisture depletion on sugarbeet production in *calcareous* **soils.** 100086
Behavior of iron-inefficient plants when grown in combinations of calcareous and *noncalcareous* **soils** [Maize, soybeans]. 100149
Effect of molybdenum on the rhizosphere microflora of cotton plant in **virgin** *calcareous* soil. 103889

CALCIFICATION
The role of lysyl residue in collagen structure with *calcification* and **aging** [Rats]. 096391
Calcification of collagenous material in vitro as a model system for **biological** *calcification.* 096375
Histological studies on *calcification* and **decalcification** of the bone [Goats]. 096480
Collagen **structure** and *calcification.* 096378

CALCIFUGES
Carbonic anhydrase activity in the roots of some *calcifuge* **plants.** 099604

CALCIUM
The effect of estrogen on *calcium* **binding** protein activity in odentogenic epithelium of the rat. 096386
The subcellular localization of calcium in vertebrate smooth muscle: *calcium-containing* and **calcium-accumulating** structures in muscle cells of mouse intestine. 096310
Studies on calcium and magnesium metabolism in ruminants. I. Effects of *calcium* **carbonate** or sodium oxalate on the absorption and excretion of calcium and magnesium in ewes. 096457
Calcium **chloride** for prevention of horn bud growth in calves. 097733
Comparative study of the mineral **composition** *(calcium,* phosphorus, potassium and magnesium) of different alfalfa cultivars. 100298
Variations in the lead, zinc and *calcium* **content** of Dendrobaena rubida (Oligochaeta) in a base metal mining area [Soil contamination]. 104484
Vitamin **D-dependent** *calcium* binding protein of rat renal cortex. 096392
The effects of methacholine and *calcium* **deprivation** on the release of the false transmitter, alpha-methyladrenaline, from the isolated rabbit heart. 096492
Diet *calcium* and pH [hydrogen-ion concentration] versus mineral balance in Holstein cows 84 days pre- to 2 days postpartum. 096706
Increased **dietary** *calcium* reduces serum cholesterol, triglycerides in humans. 095067
Intestinal calcium transport: parathyroid hormone and adaptation to **dietary** *calcium* [Rats]. 096643
Recent developments in eggshell quality [**Dietary** *calcium].* 096678
Effect of **dietary** *calcium* and phosphorus on the incidence of atrophic rhinitis in pigs. 097738
Mechanism of an active transport of *calcium.* **Ethoxyformylation** of sarcoplasmic reticulum vesicles [Rabbit skeletal muscles]. 096426
Effect of *calcium* on **hyperhydric** transformation of Jerusalem artichoke tissues grown in vitro. 100400
Intestinal *calcium* transport: parathyroid hormone and adaptation to dietary calcium [Rats]. 096643
The effect of Ca2+ *[calcium* **ion]** on the metarhodopsin I-II transition. II. Model calculations and hypothesis on a molecular mechanism of visual excitation [Bovine rod outer segments]. 096505
Effect of Ca++ *[calcium* **ion]** on the surival of cultured plant cells after freezing and thawing [Tobacco]. 100237
A Ca2+ *[calcium* **ion]-activated** protease possibly involved in myofibrillar protein turnover: Subcellular localization of the protease in porcine skeletal muscle. 096432
Ultrastructural localization of magnesium and *calcium* **ions** of active adenosine triphosphatase in spinal ganglion of sheep and goats. 096148
The effect of Ca2+ *[calcium* **ions]** on the metarhodopsin I-II transition. I. Experiments [Bovine rod outer segments]. 096504
Calcium **ions** protect beet root cell membranes against thermally induced changes. 100524
Accumulation of *calcium* in **kidney** and decrease of calcium in serum of rats treated with tin chloride. 097818
Effect of **liquid** *calcium* sources on peanut productivity in Virginia. 103916
Growth and composition of sudangrass [Sorghum sudanense] *onhigh-calcium,* **low-magnesium** soil. 100065
Studies into levels of dry matter, *calcium,* **magnesium,** sodium, potassium and phosphorus in different tissues of swine (brain, lung, liver, kidney, small intestine). 096216
Studies on *calcium* and **magnesium** metabolism in ruminants. I. Effects of calcium carbonate or sodium oxalate on the absorption and excretion of calcium and magnesium in ewes. 096457
P [phosphorus] fertility and mixed salinity on growth and Ca, Mg, Na, P and Cl *[calcium,* **magnesium,** sodium, phosphorus, chlorine] concentrations of tomato, corn, and sudan grass [Sorghum sudannese] grown in sand culture. 099676
Calcium and phosphorus metabolism in steers when fed a supplement of **melted** *calcium* polyphosphate and receiving intramuscular injections of vitamins A,D and E. 096722
Chronic effects of parathyroid hormone infused in dogs at near-physiological rates *[Calcium* **metabolism].** 096377
Quantitative aspects of *calcium* **metabolism** and homeostasis [Rats]. 096384
A time-varying model for *calcium* **metabolsim** including diurnal variations [Rats]. 096374
Investigation of heterogenous surface reactions in soil-solution systems by means of radioisotope labelling. I. Study on the mechanism of Na-Ca *[sodium-calcium]* and **Na-Mg** [sodium-magnesium] ion exchange process at low Na [sodium] concentrations. 103657
Calcium **[Nutrition].** 095103
Calcium **nutrition** of the sugarbeet. 100150
Calcium **nutrition** in Phaseolus vulgaris [kidney beans] in relation to its resistance to Erwinia carotovora. 101698
The nature of powers efficiency in the formation or rennet and acid coagula and the role of *calcium,* **phosphate** and citrate in coagulum formation. 095631
The chemistry of *calcium* **phosphate** precipitation in cane [sugarcane] juice clarification. 095807
Study of *calcium* and **phosphorus** content of goat's milk. 095675
Comparison of Ca, P, and S *[calcium,* **phosphorus,** and sulfur] levels in predentine and tendon [Rats]. 096379
Calcium and **phosphorus** metabolism in steers when fed a supplement of melted calcium polyphosphate and receiving intramuscular injections of vitamins A,D and E. 096722
Study of the effect of *calcium* on the **procollagen-proline-hydroxylase** stage of collagen metabolism [Chick enbryos]. 096262
Accumulation of calcium in kidney and decrease of *calcium* in **serum** of rats treated with tin chloride. 097818
Serum *calcium* fractions in sheep treated with Solanum malacoxylon. 097853
A study of the effects of 25 hydroxycholecalciferol and *calcium* **source** on egg shell quality. 096747

The subcellular localization of calcium in vertebrate smooth muscle: calcium-containing and *calcium-accumulating* **structures** in muscle cells of mouse intestine. 096310
Calcium **translocation** in Tillandsia balbisiana Schult. (Bromeliaceae) [Nutrition]. 099587
Effect of soil moisture regimes, nitrogen and phosphorus on N, P, K and Ca [nitrogen, phosphorus, potassium, *calcium]* **uptake** by berseem fodder [Egyptian clover]. 100211
The subcellular localization of *calcium* in **vertebrate** smooth muscle: calcium-containing and calcium-accumulating structures in muscle cells of mouse intestine. 096310
The susceptibility of various varieties of greenhouse tomatoes to the occurrence of dry rot of fruit tops [caused by *calcium* and **water** supply deficiencies]. 101860

CALIBRATION
Calibrating **duckweeds:** light, clocks, metabolism, flowering special characteristics of Lemnaceae may offer unique insights into plant development. 099979
Study of a device for *calibration* of **dynamometer** shafts with a closed circuit. 103628
Calibration of **selected** [water] infiltration equations for the Georgia Coastal Plain [Soils]. 103709

CALLIPHORA
Water transport across peritrophic membranes of *Calliphora* **erythrocephala.** VII. 102896
Changes in acid mucopolysaccharides during the development of the blowfly, *Calliphora* **erythrocephala.** 102991
The tension/length relationship of an **insect** *(Calliphora* erythrocephala) supercontracting muscle. 102941
Structural and functional aspects of sense organs on the maxillary palps of *Calliphora* **vicina.** 103018
Heat resistance of Calliphoridae larvae in relation to develoment of rearing temperature [Callitroga macellaria, Lucilia cuprina, *Calliphora* **vinina].** 103001

CALLIPHORIDAE
Culverts and trypanosome transmission in the Serengete National Park (Tanzania). III. Studies on the genus Auchmeromyia Brauer and bergenstamm **(Diptera:** *Calliphoridae).* 103133
The Rhyncomya callopis-group sensu Seguy **(Diptera:** *Calliphoridae).* 103184
Heat resistance of *Calliphoridae* **larvae** in relation to develoment of rearing temperature [Callitroga macellaria, Lucilia cuprina, Calliphora vinina]. 103001

CALLISTEPHUS
Investigation on the effect of macronutrients and times of fertilization on the yield of cut flowers of China **aster** *(Callistephus* chinensis (L.) Nees). 103896
Investigations into the effect macronutrients and of times of fertilization on the seed yield of China **aster** *(Callistephus* chinensis (L.) Nees). 103899

CALLOSE
Effect of eosin Y on the formation of local lesions and on the accumulation of *callose* in **'Samsun** NN' tobacco and French bean leaves inoculated with tobacco mosaic virus. 101764

CALLOSOBRUCHUS
Lipid composition of the normal and flight forms of adult cowpea weevils, *Callosobruchus* **maculatus.** 103008

CALLUNA
Phenolic compounds in extracts from *Calluna* **vulgaris** (L.) Hull. 099482
Effect of water stress on chlorogenic acid content of *Calluna* **vulgaris.** 099611
Seasonal fluctuation of nutrients in soil and leaf tissue of the heather, *Calluna* **vulgaris** (Hull) L. 099801
Biological ativity of extracts from *Calluna* **vulgaris** (L.) Hull. on the growth and germination [of red clover and Phleum pratense seedlings]. 100080

CALLUS
Disorganized systems *[Callus,* **cell** cultures, tumors]. 098982
Tissue and cell culture as aids to sugarcane breeding. I. Creation of genetic variation through *callus* **culture.** 099216
Effect of N-phenyl-N'-(4-pyridyl) urea on shoot formation in tobacco pith disk and *callus* **cultured** in vitro. 100271
Biosynthesis of bisabolene by *callus* **cultures** of Andrographis paniculata. 099656
Cold acclimation of Chrysanthemum [morifolium] *callus* **cultures.** 100470
Growth and *callus* **formation** of tissue cultures derived from various carrot organs studied on the cultivar Perfekcja. 100337
Plantlet morphogenesis and the control of *callus* **growth** and root induction of Phaseolus vulgaris [kidney beans] with the addition of a bean seed extract. 100617
Histophotometric DNA measurements in sunflower seedlings, crown gall tumours [caused by Agrobacterium tumefaciens], and **habituated** *callus* tissues. 100219
Callus **induction** by (2-chloroethyl) phosphonic acid on cultured cotton ovules. 100250
Callus **induction** and plant regeneration from mesophyll protoplasts of Nicotiana sylvestris [Tobacco]. 100333
Callus **initiation** and organ differentiation from shoot tip cultures of Colocasia esculenta [Taro]. 099021
Tissue cultures of alkaloid plants. V. Some morphogenetic abilities of **long-term** *callus* cultures of Macleaya microcarpa. 099535
Nitrate, ammonium and kinetin effects on growth and enzyme activities of Paul's Scarlet **Rose** *callus.* 100534
Anthurium andraeanum plantlets producted from *callus* **tissues** cultivated in vitro. 100523
Calculation of absolute rates of RNA synthesis, accumulation, and degradation in **tobacco** *callus* in vivo. 100111

CALONECTRIA
Production in culture of plant growth regulating substances by *Calonectria* **rigiduscula** f. sp. theobromae [cause of galls in cacao]. 101535
Cereal diseases in southern Italy. IV. Problems related to the presence of Fusarium nivale and of its perfect **stage** *Calonectria* nivalis on wheat. 101528

CALORIES
Protein and *calorie* **malnutrition** among preschool Navajo Indian children, a follow-up. 095001
Physico-chemical and bromatologic investigations on meats of the Gargano goats and the 40 to 60 **percent** *calorie* ratio of their components. 095676
Effect of using rations differing in C/P *[calorie/protein]* **ratio** and protein source on the performance of Baladi White chicks. 096619
Use of feeding rate as an indicator of *caloric* **value** in some lepidopterous larvae. 103061

CALOTROPIS
Abnormal phyllotaxy in *Calotropis* **procera** R. Br. 099463

CALTHA
Observations on chytridiaceous parasites of phanerogams. XXV. Physoderma johnsii Sparrow, a parasite of *Caltha* **palustris** L. 101314

CALVES
Hypersensitivity pneumonitis: experimental production in *calves* with **antigens** of Micropolyspora faeni. 097289
Neonatal Escherichia coli infections in *calves.* I. **Appraisal** of rehydration. 097677
The **beef** *cow-calf* enterprise in the Georgia Piedmont: a case study in conspicuous production. 094331
Cow-calf **beef** production on irrigated pasture and in drylot at Carrington [Irrigation Branch Station, grazing]. 096739
Contract *calf* rearing: a barometer of dairyfarmer attitudes. 094223
Isolation of a **cytopathic** *calf* rotavirus. 097602
Colostrum intake and mortality of **dairy** *calves.* 096645
Feeding **dairy** *calves.* 096680
Epidemiology of Pseudomonas aeruginosa septicemia in **dairy** *calves* in Washington. 097520
Clean, dry, ventilated housing for the young **dairy** *calf.* 103335
Shelter seeking and sucking behaviour of the red **deer** *calf* (Cervus elaphus) in a farmed situation. 096206
The prevalence of enterotoxigenic Escherichia coli in the feces of *calves* with **diarrhea.** 097296
Separation and properties of enterovirus and reovirus recovered from a fecal sample of *calf* with **diarrhea.** 097456
Development of gastric **digestion** in *calves.* 096194
Vaccination of cows with an Escherichia coli bacterin for the prevention of naturally occurring diarrheal **disease** in their *calves.* 097231
How to limit infectious respiratory **diseases** of *calves.* 097445
Effects of temperature and time on the infectivity of cryogenically preserved samples of Anaplasma mariginal-infected **erythrocytes** *[Calves].* 097224
Clinical serologic, and pathologic changes in *calves* with **experimentally** induced Trypanosoma brucei infection. 097222
Retention and utilization of minerals by the **fattening** *calf.* 096832
Plasma lipids, ketone bodies, and glucose concentrations in *calves* **fed** high- and low-fat milk replacers. 096709
Whey utilisation [for *calf* **feeding].** 095565
Salmonella Dublin infection in **feedlot** *calves.* 097328
BVD [bovine virus diarrhea] virus in commercial **fetal** *calf* serum and 'normal' and aborted fetuses. 097511
The first manifestations of freemartinism in the *calf* **fetus** do not depend upon XX/XY chromosomal chimerism. 096888
Milk production of the Simmental cow with its **first** *calf.* 096076
Pneumonia and arthritis in **gnotobiotic** *calves* following inoculation with Mycoplasma agalactiae subsp bovis. 097665
Response by *calves* **grazing** kikuyugrass [Pennisetum clandestinum] pastures to grain and mineral supplements. 096821
Utilization of seaweeds in the concentrate ration of **growing** *calves.* 096690
Calcium chloride for prevention of horn bud **growth** in *calves.* 097733
Feed intake, metabolism and thermal insulation of bison, yak, Scottish Highland and **Hereford** *calves* during winter. 096631
Influence of environment on passive **immunity** in *calves.* 097406
Studies on the anemia in experimental African trypanosomiasis. II. The pathogenesis of the anemia in *calves* **infected** with Trypanosoma congolense. 097219
An incident of water **intoxication** in *calves.* 097869
Bacteriologic and vaccination studies in a field epizootic of infectious bovine **keratoconjunctivitis** in *calves.* 097221
Investigation of maturation requirements for Ostertagia ostertagi and Cooperia oncophora **larvae** *[Calves].* 097290
Cytidine 5'-triphosphate synthetase of *calf* **liver.** Size, polymerization, and reaction stoichiometry. 096422
Sour colostrum dilutions compared to whole **milk** for *calves.* 096711
Pathological and microbiological observations made on spontaneous cases of acute **neonatal** *calf* diarrhea. 097292
Provision rate with microelements of **newly-born** *calves.* 096725
The distribution of O-antigen types of Escherichia coli in **normal** *calves,* compared with man, and their R plasmid carriage. 097393
Why **nurse** *calves* the first 2-3 weeks? [Feeding]. 096732
Effect of small Valexone [phoxim] doses on *calf* **organisms** [Organophosphorus insecticides, toxicity]. 102677
The exploitation of transmissible plasmids to study the pathogenesis of Escherichia coli diarrhoea [in *calves,* **piglets,** lambs]. 097629
A two year survey of Escherichia coli serogroups associatedwith colibacillosis in **pigs** and *calves.* 097500
Birth of *calves* in **posterior** presentation [Parturition difficulties]. 097060
Values of three coagulation screening tests of **precolostral** *calves.* 096287
The probable role of Babesia argentina esterase in the in vitro activation of plasma **prekallikrein** *[Calves].* 097660
Experience in **preserving** *calf* health in conditions of induatrial production. 097204
Use of immunofluorescence to elucidate microepidemiology and to carry out microplaque titration of virus of infectious bovine rhinotracheitis on **primary** *calf* kidney cells. 097239
Prearranged herd health **program**—*cow-calf* enterprise [Beef cattle]. 097185
Ultrastructure of Babesia major in the tick Haemaphysalis **punctata** *[Calves].* 097609
Herpesvirus encephalitis in **range** *calves.* 097523
Production of coccidiosis using oocysts, sporocysts, and sporozoites of Eimeria zuernii, Eimeria contorta, Eimeria nieschulzi **[Rats,** *calves].* 097297
Results of using complete feeds in *calf* **rearing.** 096814
Use of a starter feed containing urea for **rearing** *calves.* 096833
The excretion of phylloerythrin and bilirubin by *calves* and **sheep.** 096543
A barn for fattening **slaughter** *calves* in Holland. 103351
The sterochemistry of *calf* **spleen** NAD [Nicotinamide adenine dinucleotide]-glycohydrolase-catalyzed NAD methanolysis. 096360
The prepatent and patent periods of Eimeria alabamensis andfurther description of the exogenous **stages** *[Calves].* 097659
Optimum protein level in *calf* **starter** rations. 096646
A double coil *[calf* **thymus]** chromatin sub-unit model. 096256
Energy dynamics of the *cow-calf* **unit** on eastern Colorado sandhills **[Feeding** beef cattle]. 096778
Grazing potential of Louisiana pine forest-ranges *[Cow-calf* **units].** 098060
Guanylate cyclase: Existence of different forms and their regulation by nucleotides in *calf* **uterus.** 096241

CALVING *see* BIRTH

CAMARA
Triterpenes of toxic and non-toxic taxa of **Lantana** *camara.* 099714

CAMBENDAZOLE
Embryotoxic and antimitotic properties of parbendazole, mebendazole and *cambendazole* **[Anthelmintics,** sheep, rats, mice]. 097797

CAMBIUM
The *cambium.* 098986
In vitro associations of *cambium* **tissues** of some plant species belonging to Oleaceae family. 098921

CAMBRIAN
Physical features and geology *[Cambrian* **Forest].** 097883
Antiquities and history *[Cambrian* **Forests].** 097882
[Cambrian] **forests.** 097885
Plant life *[Cambrian* **Forests,** natural vegetation]. 098793

CAMELLIAS
The effect of high temperatures on some aspects of the physiology and cultivation of the tea bush, *Camellia* **sinensis,** in North East India. 100003
Xylem water poential and yield of **tea** *(Camellia* sinensis) clones in Malawi. 101295

CAMPONOTUS
Carpenter ant *[Camponotus]* **control.** 102484
Wood damaging insects in the home *[Camponotus,* **termites].** 102483

CANALS
Ring *canals* in the ovarian follicles of Aedes aegypti. 102808
Development of the method of physical modelling of soil treatment processes in relation to **soil** *canals* [Digging machinery]. 103612

CANANGA
The potential uses of *Cananga* spp. **[Latifolio,** Cananga odorata]. 101293

CANARIES *see* **BIRDS**

CANCER
Anticancer **effect** of aflatoxin B1 after intratumor injection in the T8 epithelioma of Wistar rats. 097711
Polyamines and *cancer* **[Meat** diets, health hazards]. 095199
Cryosurgical treatment of *cancerous* and **noncancerous** diseases of dogs, horses, and cats. 097734

CANDIDA
Mucocutaneous fungal lesions and iron deficiency *[Candida* **albicans].** 095179
Research on the relationship between yeasts and bacteria: *Candida* **krusei,** Candida tropicalis, Candida pseudotropicalis, Hansenula anomala and Corynebacterium pyogenes [Experimental genital pyobacillosis in rabbits]. 097646
Lipolytic fermentations of stickwater [a by-product of the fish meal and oil industry] by Geotrichum candidum and *Candida* **lipolytica** [Yeasts]. 095994
Biomasses from fat by-products. III. Lipid composition of yeast cells *[Candida* **lipolytica,** Torulopsis holmii, feed fermentation]. 096046
Production and some enzymatic properties of alkaline proteinase of *Candida* **lipolytica** [Yeasts]. 099468
Research on the relationship between yeasts and bacteria: Candida krusei, Candida tropicalis, *Candida* **pseudotropicalis,** Hansenula anomala and Corynebacterium pyogenes [Experimental genital pyobacillosis in rabbits]. 097646
Ultrastructural changes, caused by the new antibiotic mucidin in *Candida* **pseudotropicalis** [Yeasts]. 100050
Cultivation of fodder yeasts on top peat hydrolysates *[Candida,* **Sporobolomyces** pararoseus, Lipomyces lipoferus]. 095993
Protein determination in yeast *[Candida* **tropicalis].** 095401
Research on the relationship between yeasts and bacteria: Candida krusei, *Candida* **tropicalis,** Candida pseudotropicalis, Hansenula anomala and Corynebacterium pyogenes [Experimental genital pyobacillosis in rabbits]. 097646
Comparison of proton magnetic resonance spectra of cell-wall mannans of *Candida* **tropicalis** [yeast] with its morphology. 098874
Evidence for two phosphate tramsport systems in *Candida* **tropicalis** [Yeasts]. 099554
Influence of specific growth rate on biomass yield, productivity, and composition of *Candida* **utilis** [yeast] in batch and continuous culture. 099514
Some comparative observations on the relative contributions of alternate pathways in the metabolism of glucose by *Candida* **utilis** [Yeasts]. 099632
The mode of interaction between the substrate and cell surface of the hydrocarbon-utilizing **yeast** *Candida* tropicalis. 099566
Decryptification of nitrate reductase activity in the **yeast** *Candida* utilis. 099685

CANDIES
Students gorging on **vended** *candy?* No, claims study. 095216

CANE
Basic *cane* growing at Gay & Robinson [Sugarcane]. 100957
Basic *cane* growing at Waialua [Sugarcane]. 100958
Population of sugarcane borers in *cane* **crop** at the time of harvest at Tandojam. 102275
An evaluation of *cane* **molasses** in turkey rations. 096617
Fungus diseases affecting the leaves and *canes* of **raspberries** in Idaho. 101393
Cane **[sugarcane]** starch. II. Starch components and their iodine complex spectra. 095805
Enzymic colour formation in beet [sugarbeets] and *cane* **[sugarcane]** juices. 095806
The chemistry of calcium phosphate precipitation in *cane* **[sugarcane]** juice clarification. 095807

CANEPHORA
Note on the first spontaneous haploids found in **Coffea** *canephora* var. robusta [Coffee]. 099132

CANIDAE
Interspecies iteraction differences in play actions in canids *[Canidae,* **dogs,** coyotes]. 096204

CANINES
Detection of immune complexes in the serum of dogs infected with *canine* **adenovirus.** 097598
Canine **behavior** as it applies to small animal practice [Dogs]. 096200
A serological and bacteriological survey of canine brucellosis **[Brucella** *canis]* in Mexico. 097310
Review of current aspects of canine brucellosis testing **[Brucella** *canis].* 097546
A serological and bacteriological survey of *canine* **brucellosis** [Brucella canis] in Mexico. 097310
Review of current aspects of *canine* **brucellosis** testing [Brucella canis]. 097546
A clinical and experimental study of 'wopell' in *canine* **cestodiasis.** 097449
Gentamycin in *canine* **clinical** medicine [Antibiotics, bacterial disease control]. 097305
Electron microscope study of experimental enteric infection in neonatal dogs with a *canine* **coronavirus.** 097441
Volatile constituents of dog (Canis familiaris) and **coyote** *(Canis* latrans) anal sacs. 096434
The demyelinating encephalomyelitis of *canine* **distemper.** 097389
Volatile constituents of **dog** *(Canis* familiaris) and coyote (Canis latrans) anal sacs. 096434
Diabetic ketoacidosis in the *canine* **[Dogs].** 097690
Treatment of umcomplicated diabetes mellitus in the *canine* **[Dogs].** 097707
Role of platelets in the pathogenesis of *canine* **endotoxin** shock. 097382
Conductimetric investigation of *[canine]* **erythrocyte** behaviour during shear flow of concentrated suspensions through a large tube. 096523
Experimental *canine* atherosclerosis and its pevention. The dietary induction of severe coronary, cerebral, aortic, and iliac atherosclerosis and its prevention by safflower oil. 097741
Comparative properties of *canine* **hepatic** and pancreatic amylase. 096275
Hepatitis in skunks caused by the virus of **infectious** *canine* hepatitis. 097430
Encephalomyelitis in young dogs after vaccination against distemper and **infectious** *canine* hepatitis. 097490
Canine **inslinoma** [neoplastic growth of the Beta cells of the pancreas]. 097728
Simultaneous recording of circular and longitudinal muscle contractions of the *canine* **jejunum.** 096502
Canine **joint** disease [Dogs]. 097097
Laboratory tests in *canine* **leishmaniasis.** I. Application to diagnosis, prognosis and treatment verification in natural disease [Leishmania]. 097618
Clinical and serological examinations for *canine* **leptospirosis** in the Vienna area [Austria]. 097489
Significance of blood uric acid contents in the diagnosis of *canine* **liver** diseases. 097763
Immunodeficiency in *canine* **skin** diseases [Dogs]. 097232
Secondary bacterial hypersensitivity reactions in *canine* **skin** [Dogs]. 097703
Oxygen uptake and tissue oxygen tension during adrenergic stimulation in *canine* **subcutaneous** adipose tissue. 096163
Transplacental migration of **Toxocara** *canis* larvae in experimentally infected mice. 097420
Endogenous prostaglandins and mechanical tension in *canine* **trachealis** muscle. 096180
On the use of a glucocorticoid in *canine* **vertebral** trauma. 097794

CANKERS
Evaluation of screening techniques and determination of criteria for assessing resistance to Corynebacterium michiganense in tomato **[Bacterial** *canker].* 099180
Bacterial *canker* of bell pepper caused by Corynebacterium michiganense. 101702
Changes in the free amino acids of citrus leaves in relation to citrus greening [of musambi] and **citrus** *canker* [on kinnow]. 101886
Control trials against Coryneum cardinale Wag. Causal agent of **cypress** *canker* [Cupressus sempervirens]. 101481
Resinous *canker* disease of Cupressaceae caused by Monochaetia unicornis (Cke. & Ell.) Sacc. II. Physiologic characters of the causal fungus. 101361
Black **rot** *canker* of apple. 1. Identification of the causal agent [Sphaeropsis malorum]. 101621

CANNABIDACEAE
Trichomes of Cannabis **sativa** L. *(Cannabaceae).* 098880

CANNABIS
Histochemical study of the stalked glandular hairs of the **female** *Cannabis* plants, using fast blue salt. 099935
Trichomes of *Cannabis* **sativa** L. (Cannabaceae). 098880

CANNIBALISM
Differential **egg** *cannibalism* among larvae of Tribolium castaneum as influenced by the antennapedia mutation. 102862

CANNING
Canned and **bottled** orange juice. 095039
Orange juice frozen, *canned,* **bottled,** cartoned, and fresh. 095040
Home gardening & canning versus **buying** *canned* goods: costs for green beans and tomatoes. 095060
Studies on mushroom flavours. 3. Some flavour compounds in fresh, *canned* and **dried** edible mushrooms. 095988
Canning and **freezing** - what is the payoff? 095359
Bacteriological control of *canned* **processed** cheese. 094828
Gulf **shrimp** *canning* plant wastewater processing. 104612
Fruit and **vegetable** *canning.* 095889
Home gardening & *canning* **versus** buying canned goods: costs for green beans and tomatoes. 095060

CANOPY
Bean *canopy* structure influences white mold [Sclerotinia sclerotiorum] disease development. 101318
Global radiation beneath the *canopy* and in the **clearing** of a suburban hardwood forest [Pinus]. 097872
Study of assmilatory apparatus of the undergrowth in connection with light conditions under the *canopy* in the **forest-steppe** oak woods [Quercus, photosynthesis, solar radiation]. 100690
Components of soybean seed yield as influenced by *canopy* **level** and interplant competition. 100704
Single leaf and *canopy* **photosynthesis** in a ryegrass [Loliumperenne] sward. 100097
A spectroradiometer for measuring the spectral distribution of radiation in **plant** *canopies.* 099999
Fruit distribution and relative light intensity in the *canopies* of **Satsuma** mandarin orange trees. 100395
Alfalfa weevil [Hypera postica] effects on root reserves, development rate, and *canopy* **structure** of alfalfa. 102277
The temperature variation of the *canopy* and **trunk** of Scots pine [Pinus sylvestris] and its relation to the net input of radiation and to air temperature. 097943

CANTELOPES
Stem gumming and blight and stem-end rot of **Texas** *cantaloups* caused by Diplodia natalensis. 101565

CAPACITANCE
Design of a *capacitance-type* **sensor** with sectional electrodes [Moisture meter, water content of bulk material]. 095492

CAPILLARY
Partial purification and study of gamma-glutamyl transpeptidase of sheep brain **cortex** *capillaries.* 096259
Measurement of *capillary* contribution of **groundwater.** 104323

CAPITAL
System of *capital* **construction** in agriculture. 094425
Capital **expenditures,** beer production capacity up in 1976. 095410
National **farm** *capital* accounts. 094204
Utilization of **fixed** *capital* and labor productivity in tea-growing state farms in the subtropical zone of the Georgian SSR. 094337
The significance of *capital* **gains** to farmers and some effects of eliminating their preferred income tax treatment. 094446
Capital **gains** treatment of timber: present law and proposed changes. 098021
Allowances of *capital* **investments** for the establishment of irrigated vineyards. 094456
Working *capital* of agricultural enterprises ([teaching drafts] for faculties of qualification improvement). 094159

CAPITALISM
Capitalistic **village** under conditions of a crisis [Social and economic status of farmers]. 094066

CAPONIZATION
The effects of **surgical** *caponization* on production efficiency and carcass yield of roosters. 097011

CAPPARIDACEAE
Embryo development in Cleome **aspera** L. *(Capparidaceae).* 099004

CAPRA
Histomorphology of the urethral process of the **goat** *(Capra* hircus). 096145
Pathology of chronic lesions in the mammary glands of **goats** *(Capra* hircus). 2. Fibrocystic disease and intraductal carcinomas. 097726

CAPREOLUS
Occurrence and significance of nasal bot [Cephenemyia stimulator] infestation in roe **bucks** *(Capreolus* capreolus). 102569
On the helminth fauna of the moufflon (Ovis aries musimon) compared with those of domestic sheep (Ovis aries dom.) and deer **(Capreolus** *capreolus,* Cervus elaphus) in the Netherlands. 097346
Occurrence and significance of nasal bot [Cephenemyia stimulator] infestation in roe bucks **(Capreolus** *capreolus).* 102569
On the helminth fauna of the moufflon (Ovis aries musimon) compared with those of domestic sheep (Ovis aries dom.) and **deer** *(Capreolus* capreolus, Cervus elaphus) in the Netherlands. 097346

CAPSELLA
Effect of the oxygen partial pressure on the development of the embryo of *Capsella* **bursa-pastoris** cultivated in vitro. 099610
The flowering behaviour of *Capsella* **bursa-pastoris** (Brassicaceae) [Long-day plant]. 099951

CAPSICUM
Identification and characterisation of a severe strain of pepper veinal mottle virus isolated from pepper (Capsicum annuum and *Capsicum* **frutescens**) in Nigeria. 101766

CAPSULE
Food Marketing Alert; a monthly food supply forecast in a *capsule* **[Publications].** 094475

CAPTIVITY
Estimation of the number of wild males with a *mark-recapture* **method** [Dacus cucurbitae]. 102380
Recent *captures* of Anthocaris cethura catalina Meadows. 103188

CARABIDAE
The behaviour of the seed-collecting larvae of a *carabid* **beetle** (Coleoptera). 103037
The fine structure of some *carabid* **beetle** eyes, with particular reference to cillary structures in the retinula cells. 103121
Studies on the occurrence of *Carabidae* **(Coleoptera)** in Eutopean wheat fields. 102304

CARAUSIUS
Immunohistological studies on the distribution of yolk proteins in the stick **insect** *(Carausius* morosus). 103004

CARAWAY
Broom rape [Orobanche] parasitic on *caraway* **[Carum** carvi]. 102084

CARBADOX
Influence of **Fortigro** *(Carbadox)* [in the feed] on the reduction of ascarid infection in rats and piglets. 097440

CARBAMATES
Pesticides and the environment: Ethers of *carbamic* **acids** (analytical review). 102740
Application of Pirimor *[5,6-dimethyl-2-dimethylamino-4-pirimidinyldimethyl-carbamate]* to **control** the pea aphid [Acyrthosiphon pisum]. 102438
Safety evaluation of chemicals in food: toxicological data profiles for pesticides. 1. *Carbamate* and **organophosphorus** insecticides used in agriculture and public health. 094819

CARBARYL
Microbial degration of 1-naphthol [the major chemical and biological breakdown product of the **insecticide** *carbaryl].* 102662
Degradation of *carbaryl* **[pesticide]** following thermal processing [Green beans]. 102704

CARBOFURAN
Estimation of combined residues of *carbofuran* **(furadan)** and its toxic metabolites by enzymatic method [Insecticides]. 102759

CARBOHYDRASES
Effect of hypothermal treatment of wheat grain on **activity** of *carbohydrases.* 100102
Enzymes *[Carbohydrases].* 096300

CARBOHYDRATES
Studies on the excretion of *carbohydrates* in **Aulacophora** foveicollis Lucas. (Coleoptera: Chrysomelidae). 103130
Determination of the **available** *carbohydrate* content of carbohydrate-reduced and corresponding non-reduced foods. 095419
The automated determination of carbohydrate. Development ofa method for **available** *carbohydrates* and its application to foodstuffs. 095486
Study of pharmaco-kinetics of *carbohydrates* as a **basis** for their application in parenteral nutrition. 095232
Absence of *carbohydrate* in **celiac-toxic** A-gliadin [Wheat]. 095034
Carbohydrate **components** of the glycopeptides of ovine lutropin. 096233
Study of delignification and changes in *carbohydrate* **content** of larch wood during sulphite pulping. I. Study of Larix dahurica delignification with sulphite liquor. 098365
Determination of the available carbohydrate content of *carbohydrate-reduced* and **corresponding** non-reduced foods. 095419
The automated determination of *carbohydrate.* **Development** ofa method for available carbohydrates and its application to foodstuffs. 095486
Effect of a *low-carbohydrate* **diet** and alcohol on perceptual motor skill. 095126
Effect of feeding a *carbohydrate-free* **diet** on the growth and metabolism of preruminant kids. 096657
Relationship of **dietary** *carbohydrate,* magnesium, and potassium to grass tetany [Metabolic disorders of cattle]. 097856
The influence of some *carbohydrate* **diets** as adult food or group interaction during immature stages on the programming of oviposition in the spotted bollworm, Earias fabia Stoll (Lepidoptera: Noctuidae). 102354
Purification of *carbohydrate-containing* **effluents.** 095495
Carbohydrate and **enzymic** characterization of a high sucrose sugary inbred line of sweetcorn. 100544
Cytochemical observations on the **extracellular** *carbohydrate* produced by Streptococcus cremoris [Dairy starter bacteria]. 095581
THe influence of maltose and other *carbohydrates* on the **feeding** behaviour of Heteronychus arator (Scarabaeidae: Coleoptera). 102938
[Food] *carbohydrates.* 095508
Carbohydrate **levels** in the pistachio as related to alternate bearing. 100464
Accumulation of *carbohydrates* and **lignin** in the stems of fiber flax stems with different resistance to lodging. 100325
General methods [for analysis of *carbohydrate* **macromolecules].** 095423
Correlations between various pathways of *carbohydrates* **metabolism** under conditions of in vivo administration of metabolis inhibitors. II. Metabolic inhibition by malonate [Rabbits]. 096549
Comparative effects of fructose and glucose on the lipid and *carbohydrate* **metabolism** of perfused rat liver. 096656
The pyruvic acid and *carbohydrate* **metabolism** in adult plants and leaf buds of Bryophyllum daigremontianum. 100612
Carbohydrate **metabolism** and frost hardiness in pine and spruce [Pinus sylvestris, Picea abies] seedlings grown at differnt photoperiods and thermoperiods [Injuries]. 100666
The peculiarities of *carbohydrate* **metabolism** in spruce stands. 100681
Metabolic effect of a *carbohydrate* **mixture** during amino acid infusions [Nutrition study]. 095229
Non-structural *carbohydrates* in Spartina alterniflora Loisel [the dominant plant in the salt marshes along the eastern U.s. coast]. 099578
The physiology of rooting Populus cuttings. I. *Carbohydrates* and **photosynthesis.** 100669
Postharvest *carbohydrate* transformations and processed quality of high sugar maize genotypes. 094870
Changes in free amino acids, *carbohydrates,* and **proteins** of maturing seeds from various peanut (Arachis hypogaea L.) cultivars. 095783
Influence of *carbohydrate* **solubility** on non-protein nitrogen utilization in the ruminant. 096699
Sulphur-nitrogen interaction effects on the yield and composition of the protein-N, non-protein-N and **soluble** *carbohydrates* in perennial ryegrass [Lolium perenne]. 104041
Loss of structure in freeze-dried [orange juice] *carbohydrates* **solutions:** effect of temperature, moisture content and composition. 095929

CARBONATES
New scoring method in the sensory qualification of *carbonated* **beverages.** 094833
Studies on calcium and magnesium metabolism in ruminants. I. Effects of **calcium** *carbonate* or sodium oxalate on the absorption and excretion of calcium and magnesium in ewes. 096457
Isotope geochemistry of *carbonate* **dissolution** and reprecipitation in soils. 103824
Iron chlorosis caused by MgCO3 **[Magnesium** *carbonate,* soybeans, kidney beans]. 101878
Characteristics of the clay in *soddy-carbonate* and **soddy-podzolic** soils in the western and eastern regions of the Russian plain. 103805

CARBONIC
Carbonic **anhydrase** activity in the roots of some calcifuge plants. 099604

CARBONIFEROUS
A structurally preserved Corynepteris from the **British** Upper *Carboniferous.* 098586
Palynomorph guides of the Upper Devonian and **Lower** *Carboniferous* of the Amazonas and Parnaiba basins [New taxa]. 098494
Paracytic (syndetocheilic) stomata in *carboniferous* **seed** ferns. 098716

CARBONS
Effect of pH [hydrogen-ion concentration] of the medium on the rate of assimilation of *carbon* and **activity** of certain enzymes of photosynthesis in Spirulina [platensis, Algae]. 099990
Effect of paraquat [a herbicide and preharvest desiccant] on *carbon* **assimilation** and transport by sugarcane leaves in white light and darkness. 102171
The role of *carbon* **compounds** in the regulation of asparaginase biosynthesis by various species of the genus Erwinia. 101691
Vertical profiles of [atmospheric] *carbon* **dioxide** concentration in stable stratification. 093965
Determination of *carbon* **dioxide** in beer. 095472
Effect of *carbon* **dioxide** and sodium chloride on oxidative stability of frozen mechanically deboned poultry meat. 095732
Effects of CO2 *[carbon* **dioxide]** on pulmonary air flow resistance in the duck. 096545
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO2 *[carbon* **dioxide]** fixation, CO2 compensation point [kidney] bean embryo respiration [Maize, wheat, sugarbeet]. 099947
Change of the compound of chloroplast proteins and aminotransferase activity in plants with different fixation type of *carbon* **dioxide** depending on nitrogen supply. 100036
Stability of matter production of submersed macrophytes under a nitrate load as measured by *carbon* **dioxide** conversion [Frontinalis antipyretica, Musci]. 100041
Model trials for screening the H2O, CO2 and O2 [water, *carbon* **dioxide,** oxygen] permeatility of certain oil substances in regared to their suitability as antitranspirans [Barley, maize]. 100105
Dark fixation of CO2 *[carbon* **dioxide]** by flowers of cut roses. 100550
14CO2 *[carbon* **dioxide** isotope] uptake and photosynthetic products of bean leaves after 0.5 or 10 hours pretreatment of plants with 100% O2 [oxygen] in light. 100618
Postharvest effect of modified levels of carbon monoxide, *carbon* **dioxide,** and oxygen on disorders and appearance of head lettuce [during transportation in controlled atmosphere]. 101923
DDT: the degradation of ring-labeled 14C [carbon isotope]-DDT to 14CO2 *[carbon* **dioxide** isotope] in the rat. 102687
The intensity of *carbon* **dioxide** release as an indicator of alterations of soil biological activities under the influence of herbicides. 102773
Temperature maintenance and CO2 *[carbon* **dioxide]** concentration in a swarm cluster of honey bees, Apis mellifera. 103235
Swarming of honeybee colonies and *carbon* **dioxide** and oxygen concentrations in the nests. 103276
Anesthetization of morphologically smillar species with *carbon* **dioxide** for separation and culture [Nematodes extracted from soil, reared on alfalfa]. 103776
Photosynthesis in a reconstituted chloroplast system from spinach: some factors affecting CO2 *[carbon* **dioxide]-dependent** oxygen evolution with fructose-1,6-biphosphate as substrate. 100374
Delay in the response of stomata to abscisic acid in CO2 *[carbon* **dioxide]-free** air [Xanthium strumarium]. 099833
C4 grasses: an anatomical criterion for distinguishing between NADP *[carbon]-malic* **enzyme** species and PCK or NAD [nicotinamide adenine denucleotide phosphate]-malic enzyme species. 098887
Fate of 2,2'-dichlorobiphenyl-14C *[carbon* **isotope,** degradation products] in carrots, sugarbeets, and soil under outdoorconditions. 094868
Determination of 14C *[carbon* **isotope]** content in fermentation alcohols. 095418
Metabolism of [4-14C] *[carbon* **isotope]** estrone by sheep erythrocytes around the time of parturition. 096284
N.M.R. [Nuclear magnetic resonance] with stable isotopes in biosynthetic studies *[carbon-13* **isotope].** 099561
Interpretations of the 14 C *[carbon* **isotope]** method of measuring the total annual production of phytoplankton in a South Carolina estuary. 099575
Rate of transfer of C14 *[carbon* **isotope]** from dicarboxylic acids to the pentose phosphate cycle as a function of the ratio of malate and aspartate and disposal of the chloroplasts in C [carbon]-4 plants. 099996
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of organogenic elements in green algae cells. I. The photosynthetic incorporation of 13C *[carbon* **isotope]** in biomass of Chlamydomonas 137c strain. 100035
Distribution of 14C *[carbon* **isotope]** assimilates in the cowpea (Vigna unguiculata L.) in relation to fruit abscission and treatment with benzyladenine. 100091
Role of 1,5-14C *[carbon* **isotope]-cadaverine** in the biosynthesis of alkaloids in Anabasis aphylla. 099508
DDT: the degradation of ring-labeled 14C *[carbon* **isotope]-DDT** to 14CO2 [carbon dioxide isotope] in the rat. 102687
Studies on the distribution of 14C *[carbon* **isotope]-malformin** A [a potent plant growth regulator produced by the fungus Aspergillus niger] in major fractions of Phaseolus vulgaris L. [Kidney beans]. 100543
Carbon **metabolism** of [Flavobacterium flavum] bacteria isolated from the Rhizosphere of lucerne and oats. 100244
Postharvest effect of modified levels of *carbon* **monoxide,** carbon dioxide, and oxygen on disorders and appearance of head lettuce [during transportation in controlled atmosphere]. 101923
Carbon, **nitrogen,** and phosphorus dynamics during leaf decay in nutrient-enriched steam microecosystems. 104288
Distribution of enzymes related to C3 and C4 *[carbon]* **pathway** of photosynthesis between mesophyll and bundle sheath cells of Panicum hians and Panicum milioides. 099918
Rate of transfer of C14 [carbon isotope] from dicarboxylic acids to the pentose phosphate cycle as a function of the ratio of malate and aspartate and disposal of the chloroplasts in C *[carbon]-4* **plants.** 099996
Effect of aldicarb on growth and *radio-carbon* (14C) and **radio-phosphorus** (32P) assimilation by Rhizobium japonicum. 102745
The effect of the concentration of glucose and asparagine and of the *carbon/nitrogen* **ratio** of the medium on fruiting body production by Coprinus congregatus [Fungi]. 099873
Growth and sporulation of Pyricularia oryzae Cav. On different *carbon/nitrogen* **ratios** in a synthetic medium, the rice blast causing agent. 101628
The biosynthesis of C5-C25 *[carbon]* **terpenoid** compounds. 099564
Mechanisms of *methyl-carbon* **transfer** from S-methylcysteine to pectin in Chinese cabbage (Brassica pekinensis Rupr.). 100542

CARBONYLS
Separation of *carbonyl* **compounds** by reverse phase liquid chromatography [in the cheese fat]. 095659

Reaction partners in the *carbonyl-amino* **reaction** in technical sugar juices. 095851
Carbonyl-amine **reactions** in protein chemistry. 095392
Breakdown of linoleic acid hydroperoxydes. Formation of **volatile** *carbonyl* compounds [Food]. 095539

CARBOXYKINASES
Hormonal regulation of **phosphoenolpyruvate** *carboxykinase* (GTP) in mammalian tissues. 096398
Phosphoenolpyruvate *carboxykinase* and renal gluconeogenesis. 096401
Regulation of pyruvate kinase and **phosphoenolpyruvate** *carboxykinase* activity in adult Fasciola hepatica (Trematoda). 097384

CARBOXYL
Identification and partial characterisation of the non-collagenous amino- and *carboxyl-terminal* **extension** peptides of cartilage procollagen [Chick embryos]. 096224
Removal of amino-terminal and *carboxy-terminal* **extension** peptides from procollagen during synthesis of chick embryo tendon collagen. 096225

CARBOXYLASES
Effect of hormones on the activity of acetyl-coenzyme A *carboxylase* in **explants** of mammary gland from mid-pregnant rabbits. 096588
Phosphoenolpyruvate *carboxylase* from Setaria italica: inhibition by oxalacetate and malate). 100045
Pyruvate *carboxylase:* intracellular localization and regulation [in rat liver]. 096402
The regulation of **pyruvate** *carboxylase* activity in gluconeogenic tissues. 096406

CARBOXYLATION
Inheritance of *carboxylation* **efficiency** in the tomato. 099320

CARBOXYLIC
Semi-synthesis of aristolochic acids and their homologues. I. Degradation of glaucine to *3,4,6,7-tetramethoxy-phenanthrene-1-carboxylic* **acid**—a study on the yield. 099738
Chrome leather waterproofing by treatment with aldehydes and *carboxylic* **acids.** II. Effects of some chemicals and tanning, greasing and dyeing products. 095682

CARBOXYPEPTIDASES
Inactivation of yeast enzymes by proteinase A and B and *carboxypeptidase* from **yeast** [Saccharomyces cerevisiae]. 099740

CARCASS
Use of electronic meat measuring equipment to measure cutout yield of **beef** *carcasses.* 095699
Chlorine, acid, and heat treatments to eliminate Salmonellaon **broiler** *carcasses.* 094897
Dressing percent—what does it mean? **[Cattle,** *carcasses].* 095679
Research on slaughtering and *carcass* **characteristics** of the whole and castrated buffaloes of 30 and 42 months old. 095677
Washing [meat] *carcasses* with **chlorinated** water. 095719
Alginate **coatings** for *carcasses.* 095705
Characterization of biological types of cattle. III. *Carcass* **composition,** quality and palatability. 095698
Carcass **composition** of Angus steers. 095701
The effects of castration and roughage level on the feedlot performance and *carcass* **composition** of cattle. 096640
Feed efficiency and *carcass* **composition** in Large White Yorkshire pigs at different live weights to determine the economic slaughter weight. 096688
Selection criteria for intensive market lamb production: *carcass* and **growth** traits. 096936
Weight loss [in the processing of *carcasses,* **mutton].** 095724
Improvements made in **pork** *carcasses* in Arkansas since 1959. 095681
Crumbles contra meal for bacon pigs. Effect on daily gain, feed efficiency, *carcass* **quality** and on the oesophageal partof the stomach. 096601
Slaughtering yields and incidence of the average fifth/fourth percent ratio [of *carcass* **rendering**] in the permanent goat population of Gargano. 095716
Economics of transportation of **swine** *carcass* halves [East Germany]. 094631
Correlations between *carcass* **value** and subjective appraisal of carcasses of young bulls, an investigation concerning progeny tests. 095726
The effects of surgical caponization on production efficiency and *carcass* **yield** of roosters. 097011
Correlations between carcass value and subjective appraisal of *carcasses* of **young** bulls, an investigation concerning progeny tests. 095726

CARCINOGENESIS
Mutagenic selectivity of *carcinogenic* **nitroso** compounds. III. N,alpha-acetoxymethyl-N-methylnitrosamine [Drosophila melanogaster]. 102886

CARCINOGENS
Dimethylnitrosamine and nitrosopyrrolidine [potent **chemical** *carcinogens]* in fumes produced during the frying of bacon. 094838

CARCINOMA
Pathology of chronic lesions in the mammary glands of goats (Capra hircus). 2. Fibrocystic disease and **intraductal** *carcinomas.* 097726

CARDBOARD *see* **FIBERBOARD**

CARDENOLIDES
Milkweed [Asclepiadaceae] *cardenolides* and their **comparative** processing by monarch butterflies (Danaus plexippus L.). 099964
Comparative investigations of the content of *cardenolide* **glycosides** in samples of Convallaria maialis L. cultivated in Ursynow. 099730

CARDIAC
Induction of egg diapause by implantation of **corpora** *cardiaca* and corpora allata in Bombyx mori. 103248
Pharmacotherapy of *cardiac* **drugs.** 097701
Cardiopulmonary **effects** of mechanical distension of the rumen in nonanesthetized sheep. 096189
Cardiac **receptors** in ducks—a link between vasoconstriction and bradycardia during diving. 096154
Interaction between the hypothalamic defence reaction and *cardiac* **ventricular** receptor reflexes [Cats]. 096158

CARDIOCHILES
Baculovirus-like particles in the reproductive tracts of female parasitoid wasps *[Cardiochiles* **nigriceps,** Microplitis croceipes, Chelonus texanus parasitoids of the budworm, budworm, Heliothis virescens]. 102295

CARDIOVASCULAR
Cardiovascular and **locomotive** diseases in young and old sows of different gene construction. 097765

CARICA
[The nematode] Heterodera fici on **Ficus** *carica* [figs] in Basilicata. 101990
Separation of chymopapain from papaya **latex** *(Carica* papaya)on Amberlite IR-120 (Hg^{2+}) [mercury ion]. 100489
Modification of flowering pattern and sex expression in *Carica* **papaya** by morphactin, ethephon and TIBA [triiodobenzoic acid]. 100615

CARIES
Variation in the fluoride content of water and the **prophylaxis** of *caries.* 104271
About the creation of infectious conditions for stinking smut **[Tilletia** *caries,* Tilletia foetida] and [Fusarium] root rots of wheat [Evaluation of varietal disease resistance]. 101457

CARLINA
Carlinosin, a new di-C-glycosyl flavonoid isolated from *Carlina* **vulgaris** L. (Compositae). 099605

CARMINE
Fixing and staining of conifer tissues with **lacto-propiono-dimethylsulfoxide** *carmine.* 099041

CARNATIONS
Studies on the keeping quality of cut flowers. II. On the floral preservative 'Kagawa Solution' and its practical use for **cut** *carnations.* 095948
Carnation **[Dianthus** caryophyllus] in Westland, Aalsmeer, and Roelofarendsveen; crop year 1974 [Prices]. 094585
Pathogenicity of Bipolaris (Helminthosporium) setariae and Bipolaris maydis races T and O to *carnation,* **geranium** and snapdragon [Dianthus caryophyllus, Pelargonium domesticum, Antirrhinum majus]. 101557
Breeding for resistance to Phialophora cinerescens (Wr.) van Beyma in **glasshouse** *carnations* (Dianthus caryophyllus L.). 099170

CARNIVORA
Propagation of the neuroid action potential of the *carnivorous* **plant** Drosera. 100048
Observations on naturally acquired hepatozoonosis of **wild** *carnivores* and dogs in the Republic of South Africa [Hepatozoon, Rhipicephalus, vectors]. 097462

CARNOSINE
Subcellular distribution and some properties of *homocarnosine-carnosine* **synthetase** from chick red blood cells. 096319

CAROBS
Growth of Fusarium moniliforme [fungi] on *carob* **aqueous** extract and nutritional evaluation of its biomass [Rats]. 099513

CAROTA
The potassium requirement for growth and embryogenesis in wild carrot **[Daucus** *carota]* suspension cultures. 099900
Carotenoid synthesis in tissue cultures of **Daucus** *carota* L. [Carrots]. 100465
Sources of nitrogen supporting growth and embryogenesis in cultured wild carrot **[Daucus** *carota]* tissue. 100536

CAROTENE
Analysis of *carotenes* in **crude** palm oil. 095432
Carotene and **immunoglobulin** concentrations in the colostrum and milk of pasture-fed cows. 096439
Hydroxylation of *beta-carotene* on **Micro-Cel** C. 095457

CAROTENOIDS
Electron-transfer reactions involving **chlorophyll** a and *carotenoids.* 099659
Biosynthesis of *carotenoids* **[Fungi,** algae, higher plants]. 099755
Some metabolic disorders affecting the *carotenoid-linked* **haemolymph** proteins in Rhynchosciara americana (Diptera, Sciaridae). 102935
Water-dispersible, **optically-clear** *carotenoid* [food] colors. 095444
Functions of *carotenoids* other than in **photosynthesis** [Photoprotection in algae, fungi and green plants]. 099761
Chemistry of the *carotenoids* **[Plant** biochemistry]. 099757
Distribution of *carotenoids* [in **plants].** 099759
Biosynthesis of triterpenoids, **steroids,** and *carotenoids.* 096265
Carotenoid **synthesis** in tissue cultures of Daucus carota L. [Carrots]. 100465
A method for determining the **total** *carotenoid* content of tomato concentrates. 095893

CAROTID
Analysis of inhibitory effect of dopamine on *carotid* **body** chemoreceptors in cats. 096178
Studies of osmium deposits in the *carotid* **body** of the cat. 096561
Action of sympathetic nerves on inner and outer muscle of **sheep** *carotid* artery, and effect of pressure on nerve distribution. 096464
Fine structure of baroreceptor terminals in the *carotid* **sinus** of guinea pigs and mice. 096304

CARPAL
Orthopedic problems of the *carpal* **joint** [Dogs]. 097786
Vitaimin B6 deficiency in patients with a clinical syndromeincluding the *carpal* **tunnel** defect. Biochemical and clinical response to therapy with pyridoxine. 095215

CARPINUS
Studies on the epidermis of recent and fossil fruits of *Carpinus* and **Ostrya** and its significance in the systematics and history of these genera. 098487

CARROTS
Variation studies in *carrots* as an **aid** to breeding. IV. Associations between characters. 099332
Variation studies in *carrots* as an **aid** to breeding. IV. Associations between characters. 099333
Initial material for **breeding** *carrots* for high yield and keeping quality. 099449
Carotenoid synthesis in tissue cultures of Daucus **carota** L. *[Carrots].* 100465
Core-rot: a bacterial disease [Erwinia chrysanthemi, Erwinia carotovora **carotovora]** of *carrots.* 101703
Foliar diagnosis of nitrogen nutrition of *carrots* **[Chemicalcomposition].** 100500
Weed **control** in *carrots.* 102154
Occurence and control of nematodes affecting *carrot* **crops** in Cyprus [Paratylenchus neoamblycephalus, Pratylenchus thornei]. 101975
Selection and characterization of **cultured** *carrot* and tobacco cells resistant to lysine, methionine, and proline analogs. 099134
Activity of indolyl-3-acetic acid oxidase and peroxidase in roots of *carrot* **infested** with Meloidogyne hapla Chitw. 101827
Erysiphaceae affecting umbelliferous crops, with special reference to *carrot,* in **Israel.** 101530
Occurrence of mottle and redleaf components of *carrot* **motley** dwarf disease in British Columbia [Vector aphid, Cavariella aegopodii]. 101739
Dichloropropene-dichloropropane to control Heterodera carotae **[Nematodes,** *carrots].* 101962
Olpidium brassicae [vector of] tobacco necrosis virus, and Pythium spp. in relation to rusty root of *carrots* in **Ontario** and Quebec [Pythium sulcatum, Pythium irregulare]. 101383
Growth and callus formation of tissue cultures derived from various *carrot* **organs** studied on the cultivar Perfekcja. 100337
Psila rosae and Trioza apicalis insect **pests** of *carrots.* 102471
Effect of farmyard manure, straw, slurry and nitrogen, phosphorus, potassium on crop yields and nutrient uptake in headed cabbage, rooted cellery, **scorzonera** and *carrots.* 103895
History of **studying** *carrots* in Central Asia [USSR]. 101082
Fate of 2,2'-dichlorobiphenyl-14C [carbon isotope, degradation products] in *carrots,* **sugarbeets,** and soil under outdoorconditions. 094868
Seed coating, precision planting, and sprinkler irrigation for optimum stand establishment [Lettuce, onion, *carrots,* **sugarbeets].** 101023
Resistance of *carrot* **varieties** to brown rot [Phoma rostrupii] and white rot [Sclerotinia]. 101351
The potassium requirement for growth and embryogenesis in **wild** *carrot* [Daucus carota] suspension cultures. 099900
Sources of nitrogen supporting growth and embryogenesis in cultured **wild** *carrot* [Daucus carota] tissue. 100536

CARTHAMUS
Evaluation of the germ plasm collection of safflower, *Carthamus* **tinctorius** L. VII. Variability of capitulum width and outer involucral bracts' dimensions. 099181

CARTILAGE
Properties of highly purified lysyl oxidase from embryonic **chick** *cartilage.* 096247
Reducible crosslinks of type I and type II collagens of **chicken** *cartilage.* 096357
Effects of medium composition and metabilic inhibitors on glycosaminoglycan synthesis in chick **embryo** *cartilage* and its stimulation by serum and tiriiodothyronine. 096237
Lysyl hydroxylase: Further purification and characterization of the enzyme from chick embryos and chick **embryo** *cartilage.* 096245
Nutrition and somatomedin. I. Effect of fasting and refeeding on serum somatomedin activity and *cartilage* **growth** activity in rats. 095046
Fibrillation of tropoelastin induced by proteoglycan [Bovine **nasal** *cartilage].* 096346
Identification and partial characterisation of the non-collagenous amino- and carboxyl-terminal extension peptides of *cartilage* **procollagen** [Chick embryos]. 096224
Interchain disulfide bonds at the COOH [oxalate]-terminal end of procollagen synthesized by matrix-free cells from chick embryonic **tendon** and *cartilage.* 096211

CARTONS *see* CONTAINERS

CARUM
Broom rape [Orobanche] parasitic on caraway *[Carum* **carvi].** 102084

CARYA
Growing pecans *[Carya* **illinoensis]** in New Mexico. 101104
Australia adopts pecan *[Carya* **illinoensis].** 101217
Future of pecans *[Carya* **illinoensis]** looks great in California. 101218
Packing media: what's best? [for storage of dormant scions of the pecan, *Carya* **illinoensis].** 101219
Training plays key role *[Carya* **illinoensis].** 101220
Study aims at [pecan nut] casebearer [Acrobasis nuxvorella, *Carya* **illinoensis,** insect pest control]. 102445

CARYOPHYLLACEAE
Prevention of superparasitation of Melandrium [album] **flowers** *(Caryophyllaceae)* by Hadena [bicruris] (Lepidoptera). 103060

CASEIN
Inhibition of casein proteolysis by thermally induced complex of *kappa-casein* with **beta-lactoglobulin.** 095669
Peptide substrates for chymosin (rennin): Kinetic studies with peptides of different chain length including parts of the sequence 101-112 of **bovine** *kappa-casein.* 096246
Casein studies in ewe's milk. IV. Determination of the chemical and physicochemical **characteristics** of *gamma-casein.* 095673
Influence of some chemical and physical factors on the proteolysis of **cheese** *caseins.* 095553
A kinetic analysis of the dephosphorylation, by bovine spleen phosphoprotein phosphatase (EC 3.1.3.16) of a phosphopeptide **derived** from *beta-casein.* 096230
The role of alpha-lactalbumin in the primary phase of chymosin action on **heated** *casein* micelles. 095589
Characterization of the proteolytic activity and fractionation of the dipeptidases and aminopeptidases from Streptococcus thermophilus *[Casein* **hydrolysates].** 095593
Casein **micelles** in sterilized skim milk. 095616
Studies on some microbial milk-clotting enzymes for cheese making and their effect on cow **milk** *casein.* 095628
Inhibition of *casein* **proteolysis** by thermally induced complex of kappa-casein with beta-lactoglobulin. 095669
Some bitter peptides from **rennet-treated** *casein.* A method for their purification, utilizing chromatographic separation on silica gel. 095637
Heat stability of forewarmed milks: influence of *kappa-casein,* **serum** proteins and divalent cations. 095583
Casein **studies** in ewe's milk. IV. Determination of the chemical and physicochemical characteristics of gamma-casein. 095673
Absence of poly(A) in a large part of newly **synthesized** *casein* mRNAs. 095570
Synthetic *casein* micelles. 095638

CASHEW *see* NUTS

CASSAVA
Cassava as **feed** for swine. 096609
Observations on the Cercospora [henningsii] leaf-spot disease of *cassava* **(Manihot** esculenta). 101503
Studies with faba beans and *cassava* in **pigs'** diets. 096638
Cassava: a **potential** agro-industrial crop for tropical Australia. 101197
Changes in quality of *cassava* **roots** during storage [for animal and human consumption]. 096015

CASSIA
Repletion studies on liver protein, glycogen content and liver enzymes by feeding protein isolates of *Cassia* **marginata** and Cassia renigera wild leguminous seeds in normal albino rats. 095098
Sicklepod *[Cassia* **obtusifolia]** in the southeast [Soybeans]. 102213
Repletion studies on liver protein, glycogen content and liver enzymes by feeding protein isolates of Cassia marginata and *Cassia* **renigera** wild leguminous seeds in normal albino rats. 095098
Amino acid composition of wild legumes *[Cassia* **tora,** Cesalpinia bounducella]. 099681

CASTANEA
Biological control of blight [Endothia parasitica] may revive the **chestnut** *[Castanea].* 101422
Studies on grafting **chestnuts** *(Castanea* sativa Mill.) in the nursery. I. Growth of seedlings and time of grafting on dormant buds. 101153
American chestnut *[Castanea* **dentata],** a new host in California for the mistletoe Phoradendron villosum. 102172
Severity of natural Endothia parasitica infection on Chinese chestnut *[Castanea* **mollissima].** 101563
Chestnut blight [Endothia parasitica] research at the **Station** *[Castanea].* 101423
Age-related susceptibility of **Tribolium** *castaneum* (Herbst) to synthetic C18 juvenile hormone. 102534
Differential egg cannibalism among larvae of **Tribolium** *castaneum* as influenced by the antennapedia mutation. 102862

CASTOR
On the mechanism of pyrogenic action of ricin [the toxic protein of *castor* **oil** seeds]. 099711
Nipping of branches increases **yield** in *castor.* 101300

CASTORBEANS
Synthesis of **casbene** *[Castorbeans].* 099662
Temperature effect on affinity chromatography of two lectins from the seeds of Ricinus **communis** *[Castorbeans].* 095396
Chemical forms of manganese and zinc in phloem **exudates** *[Castorbeans].* 099892
Biological **peculiarities** of *castorbeans.* 100024
Polymorphism and glycoproteinic character of lectins from Ricinus communis *[castorbeans]* **purified** by affinity chromatography. 099555
Some physicochemical and nutritional properties of *castorbeans* **(Ricinus** communis) protein [Feeding tests with weanling rats]. 095116
Collection of *castorbean* **varieties**—a valuable initial material for breeding for resistance to Fusarium wilt. 099439

CASTRATION
Research on slaughtering and carcass characteristics of the whole and *castrated* **buffaloes** of 30 and 42 months old. 095677
Effects of *castration* in **buffaloes:** observations on some body characteristics in animals of thirty and forty two months old. 096151
Serum LH [luteinizing hormone] concentration **following** *castration,* steroid hormone and gonadotropin releasing hormone treatment in the male bovine. 096937
Sexual behaviour **following** *castration* in experienced and inexperienced male rabbits. 097075
Responses of the preputial gland and perineal complex of **neonatally** *castrated* and androgenized rats to testosterone during adult life in presence and absence of pituitary. 097013
Effects of **practical** *castration* in prepuberal age in buffaloes: research on the increase in weight and feed conversion index of steers of more than 600 kg live weight. 096604
The effects of *castration* and **roughage** level on the feedlot performance and carcass composition of cattle. 096640
Measuring boar odor in fat of swine using a radioimmuno test. 2. Duration of eliminating odor **stores** after *castration.* 096597
Improvement of the methodology of barley and **wheat** *emasculation* [for breeding]. 099390

CATABOLISM
Mannitol production in fungi during **glucose** *catabolism.* 099629
Antinutritive factors contained in the seeds of broadbeans (Vicia faba). V. Influence on the **protein** *catabolism* of broilers [Nutrition]. 096785

CATAGLYPHIS
Regional distribution of three ultrastructural retinula types in the retina of *Cataglyphis* **bicolor** Fabr. (Formicidae, Hymenoptera). 102882

CATALASES
Effect of genetic polymorphism on *catalase* **activity** in maize endosperm. 099227
Effect of proteolytic enzymes on free and adsorbed catalase and on the *catalase* **activity** of soils. 103806
Catalase **activity** in the soil under a tea plantation as affected by herbicides. 103830
Effect of proteolytic enzymes on free and **adsorbed** *catalase* and on the catalase activity of soils. 103806
Relative efficiencies of a soluble and immobilized two-enzyme system of glucose oxidase and *catalase* **[Aspergillus** niger, Fungi]. 099551
Catalase. 096335
Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on respiration intensity, activity of **enzyme** *catalase* and on the accumulation of sugars in tangerine leaves [Insecticides, control of citrus Aleyrodidae moth]. 102473

CATALYSIS
Role of **acid-basic** *catalysis* in conversion of elemental model compounds of lignin structural unit. 098352
Role of **acid-basic** *catalysis* in formation of polymer products at heating model compounds of lignin structural unit. 098353
The sterochemistry of calf spleen NAD [Nicotinamide **adenine** *dinucleotide]-glycohydrolase-catalyzed* NAD methanolysis. 096360
The electron theory of *catalysis* **applied** to photosynthesis-a resume of the work done during the last ten years. 099673
Importance of SH groups in *catalysis* by **bovine** brain acid phosphatase. 096242
Guanosine 3':5'-monophosphate-dependent protein kinase from silkworm [Bombyx mori], properties of a *catalytic* **fragment** obtained by limited proteolysis. 103246
Nickel-catalyzed **hydrogenation:** a study of the poisoning effect of halogen-containing compounds [Mackerel oil]. 095468
Metal-requiring and **non-metal-requiring** *catalysts* in the autoxidation of methyl linoleate. 095467
Catalytic **process** in the area of industrial fatty acid products. II. 095433
Homogeneous **selective** *catalytic* hydrogenation of soybean oil. 095797

CATCHMENT
Catchment **authority** role in planning. 104401
Fog *catchment* sand trenches constructed by trenebrionid beetles, Lepidochora, from the Namib Desert. 103093
Maungaraki **Valley** *catchment* control scheme. 104402

CATECHINS
Recommended procedures for the simultaneous determination of anthocyanogens and *catechins* by **spectrophotometry** [Beer]. 095415

CATECHOLAMINES
Identification of the mucopolysaccharides in *catecholamine-containing* **subcellular** particle fractions from various rat, cat and ox tissues. 096156

CATECHOLS
The activity of ascorbic acid and *catechol* **oxidase,** the rate of photosynthesis and respiration as related to plant organs, stage of development and copper supply [Oats, sunflowers]. 100056

CATENAS
Micromorphologic study of a **Vertisols** *catena* in Seville Province (southern Spain). 103678

CATERPILLARS
Toxicity of insecticides for the *caterpillars* of the **beet** webworm [Loxostege sticticalis, pest of various crops, trees and shrubs]. 102250
Toxicity of insecticides for the *caterpillars* of the **beet** webworm [Toxostege sticticalis]. 102339
Growth of young **silkworm** *caterpillars* feeding on the leaves of the Chinese elms Ulmus pumila L. and Ulmus parvifolia Jacq. 103253
The eastern **tent** *caterpillars* [Malacosoma americanum, Malacosoma disstria]. 102251
A chemical trail from the silk of the eastern **tent** *caterpillar* Malacosoma americanum (Lepidoptera: Lasiocampidae). 102963
Dependence of tractive indices of a *caterpillar* **tractor** from unit pressure on the soil when operating on slopes. 103611
Experimental study of the effect of weight on tractive indices of a model of a *caterpillar* **tractor** of 50 KN class. 103619
Study of dynamic qualities of a T-270 *caterpillar* **tractor-model.** 103544
Unitizing *caterpillar* farm tractors working on slopes. 103639

CATFISH
Using lights to attract insects for **caged** *catfish.* 102829
Slaughter methods affect quality of processed [farm-cultured] **channel** *catfish.* 095538
Paunch manure as a feed supplement in **channel** *catfish* farming. 096039
Factors affecting *catfish* **production** in west-central Alabama. 094149

CATHEPSINS
Renin activity in dog brain: enzymological similarity to *cathepsin* D. 096333
A *catheptic* **protease** active in ultimate pH [hydrogen-ion concentration] of [rabbit] muscle. 096171

CATIONS
Guide to soils and plant nutrition. 3. [Salt and alkalinity, *cation* and **anion** exchange, phosphate fixation]. 103818
Sodium relations in desert plants. 5. *Cation* **balance** when grown in solution culture and in the field in three species of Lycium from the northern Mojave Desert. 099982

Cation-anion **balance** in lime-induced chlorosis [Soybeans]. 101875
Effect of the ratios of mono- and **bivalent** *cations* with chloride and sulfate salinization on the development of plants and the content of inorganic elements in cotton. 103843
Plant resistance to aluminum [toxicity] in relation to *cation* **characteristics** of the root systems. 100039
Complexation of phytate with proteins and *cations* in **corn** germ and oilseed meals. 095808
Heat stability of forewarmed milks: influence of kappa-casein, serum proteins and **divalent** *cations*. 095583
Role of **divalent** *cations* in bactericidal action of normal bovine serum to Brucella abortus strain 19. 097634
The effect of mono- and **divalent** *cations* on the quantum yields for electron transport in [spinach] chloroplasts. 100377
Cation **exchange** capacity and base saturation of imperfectly drained surface Coastal Plain soils. 103722
Contribution of organic matter and clay to the *cation* **exchange** capacity of soils in the savanna zone of Nigeria. 103723
Magnetochemistry of lignin. I. Ash composition of industrial lignin samples and influence of *cations* on their **magnetic** properties. 098338
Differentiaion of chloroplast lamellae. Onset of *cation* **regulation** of excitation energy distribution [Pea seedlings]. 100360
Comparative study on the **root** *cation* exchange capacity of different plants using acid-washing technique. 099489
Slugde-borne metal uptake by soybeans as a function of **soil** *cation* exchange capacity. 100159

CATOPIDAE

Hormonal control of the nymphal instar in Choleva angustataFab. **(Coleoptera,** *Catopidae).* 102845

CATS

Inhibition of extensor gamma motoneurons by antagonistic primary and secondary spindle **afferents** *[Cats].* 096497
Transportation of dogs and *cats* by **aircraft.** 096126
Antagonism by antipyretics of the hyperthermic effect of a prostaglandin precursor, sodium **arachidonate,** in the *cat.* 096465
Repair of a mandibular symphyseal fracture with a nylon cable tie **band** *[Cats].* 097808
Studies of osmium deposits in the carotid **body** of the *cat.* 096561
Morphometric microdensity studies of hard tissue sections, utilising optical density contour maps and associated area co-ordinated computerised data *[Cats,* **bone].** 096382
Feline **cardiology** *[Cats].* 097693
Analysis of inhibitory effect of dopamine on carotid body **chemoreceptors** in *cats.* 096178
Frequency following response to the *cat* **cochlear** nuclei to multicomponent sound signals. 096455
Subcutaneous infection with Dermatophilus **congolensis** in a *cat.* 097402
Reduction of renal nerve activity by volume expansion in **conscious** *cats.* 096500
Response pattern of cutaneous postganglionic neurones to the hindlimb on spinal cord heating and **cooling** in the *cat.* 096501
Abolition of direction selectivity in the visual **cortex** of the *cat.* 096551
On the projection of the first somatic sensory area to the motor **cortex** of the *cat.* 096591
Feline **dermatology** *[Cats].* 097106
An electron microscopic study on the type I pneumocyte in the *cat:* **differentiation.** 096174
Feline pulmonary and pleural **diseases** *[Cats].* 097107
Extra- and intra-cranial blood supply to brains of **dog** and *cat.* 096175
Atrial fibrillation in the **dog** and *cat.* 097686
Selected cases from my dermatology practice **[Dogs,** *cats].* 097121
"VICRYL" (Polyglactin 910) use of an absorbable synthetic suture material in **dogs** and *cats.* 097190
Detection of etiologic agents in selected viral diseases of **dogs** and *cats.* 097514
Formal aspect of a campaign against the echinococcosis hydatid cyst **[Dogs,** *cats].* 097619
Basic mechanisms in liver disease **[Dogs,** *cats].* 097687
Congenital defects in **domestic** *cats.* 097807
Rearing virus **free** *cats* and dogs. 096125
Effects of pyrimethamine and sulfadiazine on the intestinal development of Toxoplasma **gondii** in *cats.* 097218
Hypoxia increases potassium efflux fom mammalian myocardium *[Cat* and **guinea-pig** papillary muscles, bovine Purkinje fibres]. 096348
Cryosurgical treatment of cancerous and noncancerous diseases of dogs, **horses,** and *cats.* 097734
A public health mystery [Disease transmitted from *cats* to **humans].** 094864
Chronic exocrine pancreas **insufficiency** in a *cat.* 097767
Inhibitory effect at the bladder-urethral **junction** *[Cats].* 096157
Ultrastructural localization of acid phosphatase and thiamine pyrophosphatase activities and of phosphotungstic staining at low pH [hydrogen-ion concentration] in the placental **labyrinth** of the *cat.* 096372
Preparation and compared analysis of *cat* **liver** microsomal fractions. 096261
Immunoreactive LRF [luteinizing hormone-releasing factor] neurosecretory pathways in mammals [Guinea pigs, rats, *cats,* **mice].** 096146
A study of expiratory laryngeal **motoneurons** *[Cats].* 096468
Horseradish peroxidase localization of masticatory muscle **motoneurons** in *cat.* 096469
Necrotizing **myelopathy** in a *cat.* 097737
Motor and sensory fibres of neck muscle **nerves** in the *cat.* 096298
Mechanical and metabolic effects of beta-receptor stimulators, the C-terminal octapeptide of cholecystokinin, and prostaglandin E2 on the isolated, depolarized sphincter of **Oddi** *[Cats].* 096160
Allergic bronchoconstriction and its drug-induced reversal in anesthetized, **ovalbumin-sensitized** *cats.* 096537
Identification of the mucopolysaccharides in catecholamine-containing subcellular particle fractions from various rat, *cat* and **ox** tissues. 096156
Myeloproliferative disorders and associated leukemias in the *cat:* **pathogenesis** diagnosis, cytology, therapy and control. 097697
A comparison of the bronchodilator activity of (plus/minus) 11-deoxy prostaglandin E1 with its 15-methyl analogue, (doxaprost [Guinea **pigs,** *cats].* 096525
Interaction between the hypothalamic defence reaction and cardiac ventricular receptor **reflexes** *[Cats].* 096158
Miliary eczema in the *cat:* a **review.** 097111
Behavioral problems in dogs and *cats:* **selected** topics. 096199
Surgery of the urogenital systems of dogs and *cats* **(selected** conditions). 097123
The vagal control of the ileo-cecal **sphincter** in the *cat.* 096168
The origin of impulses recorded from dentinal cavities in the **tooth** of the *cat.* 096167

CATTLE

The isolation and characterization of a new bovine herpesvirus associated with **abortion** *[Cattle].* 097631
Proposal and description of ATCC [American Type Culture Collection] 13683 and ATCC 12102 as neotype strains of Actinomyces bovis Harz 1877 [from jaw sarcoma of *cattle]* and **Actinomyces** israelii (Kruse) Lachner-Sandoval 1898 respectively. 097385
Monensin tried as feed **additive** for *steers.* 096682
Studies on the ruminal concentration of total volatile fatty acids (VFA's) and ther molar proportions in **African** *cattle,* sheep and goats. 096478
An IgG1 [immunoglobulin G] **allotype** in *cattle.* 096856
Cattle **allotypes:** a review and suggested nomenclature. 096858
Increased [milk] yield by more European countries as a result of crosses with **American** *cattle* breeds. 096919
Evaluation of the indirect fluorescent antibody test for detecting Trypanosoma vivax in South **American** *cattle.* 097600
Carcass composition of **Angus** *steers.* 095701
Vaccinating for vibriosis *[Cattle,* **Australia].** 097322
Microbiological detection of Nifurprazine in body fluids and tissues of *cattle* **[Bacillus** subtilis, Bacillus cereus mycoides]. 097675
Study of a **Baoule** *cattle* breed in the Ivory Coast. 097034
Study on meat production of Japanese Black and its crossbred F1 cattle [Hereford X B (HB), *Charolais* X **B(CB)** and Angus X B(AB), feed efficiency]. 096659
Stocking rates for Colorado sandhill rangeland **[Beed** *cattle].* 100948
OCA [Ontario Cattlemen's Association] rejects marketing board **[Beef** *cattle].* 094494
No-waste feeding system **[Beef** *cattle].* 096045
Agricultural research: impact on **beef** *cattle.* 096129
Big scope for anabolic steroids **[Beef** *cattle].* 096222
Processed poultry waste compared with uric acid, sodium urate, urea and biuret as nitrogen supplements for **beef** *cattle* fed forage diets. 096700
Summer feeding of **beef** *cattle.* 096776
Energy dynamics of the cow-calf unit on eastern Colorado sandhills [Feeding **beef** *cattle].* 096778
Effect of size, breed and sex upon feed efficiency in **beef** *cattle.* 096779
Recent results in the use of pellets containing straw in the feeding of **beef** *cattle.* 096812
Some forms of fattening growing [Bulgarian Grey] *cattle* for **beef** production. 096830
Georgia's **beef** *cattle* improvement program. 096892

Diffusion and distribution of Sarcosporidia in slaughtered animals in Sardinia *[Cattle,* **sheep,** swine, horses, donkeys]. 097313
Investigations of the host specificity of gastro-intestinal nematodes of roe deer, **sheep,** and *cattle.* 097344
Control of internal parasites of **sheep** and *cattle.* 097586
Aggregation and anticomplementary activity of an antigen used in the complement fixation test for Johne's disease [Mycobacterium johnei, in *cattle* and **sheep].** 097596
Incidence in Tanzania of CF antibody to Coxiella burneti in sera from man, *cattle,* **sheep,** goats and game. 097664
Blindness and encephalopathy caused by Helichrysum argyrosphaerum DC. (Compositae) in **sheep** and *cattle.* 097836
Belmont red [cattle] a promising breed for the tropics [Africander bulls, *Hereford,* **Shorthorn** crossings]. 097021
Rapid processing of *cattle* **shoulders** for smooth, crimped and stamped [leathers]. 095685
Observations on the response of *cattle* to a **skin** test using infectious bovine rhinotracheitis (IBR) inactivated antigen. 097540
Experiences in the use of centrifuged liquid poultry manure [as a feed additive] in **slaughter** *cattle* production of the Friedeburg State Farm [East Germany]. 096801
Falling and poisoning of *cattle* from **Solanum** malacoxylon inthe lowlands of Mato Grosso. II. Complementary studies. 097838
Heifer **spray.** 097160
Influence of rearing with all forage diet on the body weight gain and the feed efficiency in the followed fattening period in *Holstein* **steers.** 096658
Preparation of teaser bulls and **steroid-implanted** *steers* and their effectiveness in detecting estrus [Dairy cattle]. 097048
Evaluation of the energetic efficiency of *steers* in the **summer** and winter [feeding] in relation to the California net energy system. 096629
Break-even prices show your chances of **survival** *[Cattle].* 094600
Studies on calving difficulty, stillbirth and associated factors in **Swedish** *cattle* breeds. I. General introduction and breed averages [Parturition]. 096840
Studies on calving difficulty, stillbirth and associated factors in **Swedish** *cattle* breeds. II. Effects of non-genetic factors [Parturition]. 096841
Diagnosis of the Aujeszky disease *[cattle,* **swine].** 097303
Lymphocyte immunostimulation in the diagnosis of mycobacterial and viral infections of *cattle* and **swine.** 097534
Host animal efficacy studies using a multivalent Leptospirabacterin *[Cattle,* **swine].** 097565
Adaptability of 1/2 Sahiwal X 1/2 Brown **Swiss** *cattle* to subtropical conditions. 3. Body water distribution. 096410
Their Black Baldie *[cattle]* **system** works [Breeds]. 097017
Studies on Theileleriidae (Sporozoa) [parasites of *cattle]* in **Tanzania.** II. Serological characterization of Haematoxenus veliferus. 097638
Funnel-shaped teats give more milk than cylindrical **teats** *[Cattle].* 096081
Magnesium supplementation for the prevention of grass staggers [hypomagnesaemic **tetany**] in *cattle.* 096774
East Coast fevers. 1. Chemoprophylactic immunization of *cattle* against **Theileria** parva (Muguga) and five theilerial strains. 097652
Immunological relations between *cattle* and **ticks,** most particularly between cattle and Boophilus microplus. 102545
A lightweight electronic device for measurement of grazing **time** of *cattle.* 096820
Lantana can be a killer **[Toxicity,** *cattle].* 097803
Injuries from feeding feeds containing nitrates and their prevention **[Toxicity** to *cattle].* 097857
Transport of molybdenum in mountainous streams, Colorado [Water pollution, *cattle* **toxicity].** 104487
Lead **toxicosis** in *cattle.* 097848
Vascular arrangement in the skin of **tropical** *cattle.* 096149
Band 24 [test]—zeroes in on **tuberculosis** *[Cattle].* 097447
A note on the use of chlortetracycline as a possible agent to influence the activity of rumen **urease** *[Cattle].* 096409
Possible implications of voids in **USDA** *cattle* slaughter data [Statistics]. 095678
Milch animals and diseases of **uterus** *[Cattle].* 097721
Use of attenuated rinderpest tissue-culture **vaccine** in *cattle.* 097375
Application of systems-simulation in the **Venezuelan** *cattle* industry [International cooperation, policies]. 094660
Cooperative Scandinavian project concerning gastrointestinal parasites of *cattle* **[Worms].** 097324
Comparison of forage intake and digestibility by bison, **yak** and *cattle.* 096626
Breeding for persistency of milk **yield** *[Cattle].* 096096
The effect of estrus on milk and butterfat **yields** in *Friesian.* 097090
Improving the effectiveness of industrially-producing **young** *cattle* facilities with semislotted floors by increasing the number of heads per unit group and the biological treatment of stored fodder. 096134
Comparative fattening of **young** *cattle* of the Bulgarian Brown breed originating in various regions. 096828
An indirect agar gel diffusion precipitation test for detecting rinderpest nonprecipitating antibody in *cattle* and **zoological** ruminant sera. 097503

CATTLEMEN

OCA **[Ontario** *Cattlemen's* Association] rejects marketing board [Beef cattle]. 094494

CATTLEYA

Ontogenesis of photosynthetic membranes in the plastids of *Cattleya* **sp.** leaves grown in the light. 099533

CAULIFLOWERS

Additional volatile components of cabbage, **broccoli,** and *cauliflower.* 095916
Cole crops [cabbage, *cauliflower,* **broccoli,** Brussels sprouts] insect pests. 102404
Vegetative growth, yield and quality of *cauliflowers* **relative** to [the application of] mineral fertilizers. 103951
Biology and control of Sclerotinia sclerotiorum in *cauliflower* and **tomato** crops in coastal New South Wales. 101548
Economical and biological peculiarities of *cauliflower* **varieties** in the conditions of Abkhazia. 101269

CAVARIELLA

Occurrence of mottle and redleaf components of carrot motley dwarf disease in British Columbia [Vector aphid, *Cavariella* **aegopodii].** 101739

CAVES

Two **new** *cave* millipeds of the genus Prionomatis from Kyushu, southwest Japan [Prionomatis araii, Prionomatis minutissimum]. 103145

CAVITIES

The origin of impulses recorded from **dentinal** *cavities* in the tooth of the cat. 096167

CECROPIA

Characterization of the DNA of **Hyalophora** *cecropia.* 102992
Selectivity of yolk protein uptake: comparison of vitellogenins of two insects **[Hyalophora** *cecropia,* Blattella germanica]. 103015
Use of woods from essential Brazilian forests in cellulose production: Mimosa bracatinga, *Cecropia* **species,** Tabebuia cassinoides and Joannesia princeps [Properties]. 098232

CECUM

Surgical aspects of the *cecum,* **colon,** and rectum [Small animals]. 097124
The measurement of production rates of volatile fatty acids in the *caecum* of the **conscious** rabbit. 096271

CEDARS

Growth of **Japanese** *cedar* (Cryptomeria japonica Don.) in windbreaking shelterbelts in the Colchis Lowland. 098055
Analysis of the development of the pollen grain of *Cedar* **ofLebanon** [Cedrus libani] in cultivated plantings. 099039

CEDRUS

Analysis of the development of the pollen grain of Cedar ofLebanon *[Cedrus* **libani]** in cultivated plantings. 099039

CELERY

Influence of different cytokinins on the germination of lettuce (Lactuca sativa) and *celery* **(Apium** graveolens) seeds. 100533
Time for *celery* **fertilization.** 103940
Response of *celery* to **nitrogen** and row spacings. 104004
Variability of the chemical composition of some herbs [and] flavoring vegetables] from the region north of the Arctic Circle [Parsley, dill, **parsnip,** *celery].* 099573
Efficacy of pyroxychlor in controlling Pythium polymorphon in the Pythium polymorphon-Meloidogyne Hapla root disease complex of *celery* **[Root-knot** nematode, systemic fungicide]. 102015

CELLS

Effect of maternal age on *intercellular* **adhesion** of embryonic chick liver cells. 096489
Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of Scenedesmus obliquus. III. Recovery of the photosynthetic capacity in **aged** *cells* [Algae]. 099891
Cellular composition of erythropoietic cell populations and **aggregate** *cell* cultures derived form early chick blastodiscs. 096569
Some effects of positively charged surface groups on *cell* **aggregation** [Embryonic chick neural retina cells]. 096433
Ulltrastructural autoradiographic study of the intracellular fixation of 3H [hydrogen isotope]-acrolein [in a *unicellular* **alga,** Dunaliella bioculata]. 099715
Continual intravitam perfusion of the vacuolar sap of Nitella [flexilis] *cells* **[Algae].** 099988
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of organogenic elements in green **algae** *cells.* I. The photosynthetic incorporation of 13C [carbon isotope] in biomass of Chlamydomonas 137c strain. 100035
Extracellular **alkaline** phosphatase in multicellular marine algae and their utilization of glycerophosphate. 099894
Steroid hormone action in **animal** *cells* [Chicks]. 096407
Mitotic cell studies based on in vivo observations. VIII. The evolution of mitotic spindles in eukaryota: a negation of the breakdown of the nuclear membrane [in higher plant and **animal** *cells].* 098967
Intracellular **ATP** [adenosine triphosphates] level and light-induced inhibition of respiration in a blue-green alga, Anabaena variabilis. 099919
Cell count in fresh and stored milk samples measured on the Fossomatic **automatic** *cell* counting instrument. 095603
The **autonomous** *cell* in Dictyostelium discoideum [Fungi]. 099844
Cellular **biology** of milk secretion [Mammary glands]. 096266
Abstracts of papers presented at the first International Congress on *Cell* **Biology,** the American Society for Cell Biology, Boston, Massachusetts 5-10 September 1976. 099819
Subcellular distribution and some properties of homocarnosine-carnosine synthetase from chick red **blood** *cells.* 096319
Relationship between red cell mass, body weight, lean body mass, and **body** *cell* mass in growing pigs and beagles. 096368
Erythrocyte rosettes, a marker for **bovine** T *cells.* 096285
Intercellular **bridges** of chick blastoderm studied by scanning and transmission electron microscopy. 096350
Cytochemical observations on the *extracellular* **carbohydrate** produced by Streptococcus cremoris [Dairy starter bacteria]. 095581
Studies on the nature of the inhibition of the tumour forming ability of Walker **carcinosarcoma** *cells* in rats by chick interferon. 097727
Identification of the mucopolysaccharides in **catecholamine-containing** *subcellular* particle fractions from various rat, cat and ox tissues. 096156
Lysis of Rous sarcoma virus by antibody to **chicken** *cells* and complement. 097282
Early synthesis of Semliki forest virus-specific proteins in infected **chicken** *cells.* 097424
Regulation of the utilization of exogenous thyumidine by *cells* of the **Chinese** hamster in vitro. I. Inhibition of thymidine utilization under the action of extracts from cells in different stages of the cell-divison cycle. 096487
The *cell* **coat** of Crithidia fasciculata [attached to the cuticular lining of the hindgut of Anopheles gambiae]. 102603
Cellular **composition** of erythropoietic cell populations and aggregate cell cultures derived form early chick blastodiscs. 096569
Influence of *cell* **concentration,** temperature, and press performance on flow characteristics and disintegration in the freeze-pressing of Saccharomyces cerevisiae with the X-press [Yeast]. 095408
Cell **concentration** as a factor in precursor incorporation by tobacco leaf protoplasts or separated cells. 100284
Repression of the acid phosphatase of Saccharomyces bisporus [yeasts] in relation to the polyphosphate **content** of the *cells.* 099630
Effect of aflatoxin B1 and rubratoxin B on bacteriophage and rabbit **cornea** *cells* [Biological assays]. 095997
Cell **count** in fresh and stored milk samples measured on the Fossomatic automatic cell counting instrument. 095603
Radioprotective effect of F-57 preparation in the *cell* **culture** of the Chinese hamster [Mutations]. 096922
Isolation and identification of the transmissible gastroenteritis virus of swine on *cell* **culture.** 097278
Isolation of bluetongue and epizootic hemorrhagic disease viruses in *cell* **culture.** 097526
Tissue and *cell* **culture** as aids to sugarcane breeding. I. Creation of genetic variation through callus culture. 099216
In vitro differentiation ane pH [hydrogen-ion concentration] sensitivity of field and *cell* **culture-attenuated** strains of transmissible gastroenteritis virus [Piglets]. 097381
Cytological and histochemical studies on *cell* **cultures** infected with bovine herpes virus 2. 097234
Disorganized systems [Callus, *cell* **cultures,** tumors]. 098982
The application of *cell* **cultures** for preliminary eliminatory evaluation of toxic action of new pesticides. 102663
Influence of *queen-cell* **cup** type and food on the effectiveness of honeybee queen breeding. 103270
Regulation of the utilization of exogenous thyumidine by cells of the Chinese hamster in vitro. I. Inhibition of thymidine utilization under the action of extracts from cells in different stages of the *cell-divison* **cycle.** 096487

The *cell* **cycle** and the control of cellular reproduction [Animals, plants]. 096850
Ultrastructural modifications of the nucleus and nucleolus of Euglena gracilis Z [Algae] during the *cell* **cycle.** 098926
Molecular events of the *cell* **cycle:** a preparation for division [DNA, RNA, proteins]. 099752
Transport of glucose and glycine in Schizosaccharomyces pombe during the *cell* **cycle** [Yeasts]. 099814
Synthesis of the inner mitochondrial membrane and the intercalation of respiratory enzymes during the *cell* **cycle** of Chlorella [Fusca vacuolata, Algae]. 099823
Synthesis of yeast histones in the *cell* **cycle** [Saccharomyces cerevisiae]. 099958
Effects of ageing on the *cell* **cycle** in Zea mays [Corn]. 100092
Studies of the herbicide paraquat. I. Effects on the *cell* **cycle** and DNA synthesis in Vicia faba [Broadbeans]. 102096
Duration of the *cell* **cycles** in the shoot apex and in the axillary buds of Pisum sativum L. [Peas]. 098919
Population dynamics of arterial smooth muscle cells. V. Cell proliferation and *cell* **death** during initial 3 months in atherosclerotic lesions induced in swine by hypercholesterolemic diet and intimal trauma. 096674
Cell **death** in ovarian chambers of Drosophila melanogaster. 102969
Electron-microscope examination of the *intracellular* **development** of cyanophage A-4 (L) [Anabaena variabilis, Algae]. 099051
A new concept for the taxonomy of the family **Dictyostelliaceae** *(cellular* slime molds). 098489
Characterization of charge isomers of yeast [Saccharomyces cerevisiae] phosphoglycerate kinase. Evidence for *intracellular* **differences.** 099462
A mechanism for the endocellular control of *cell* **differentiation** and cell proliferation [Plant endosperm]. 099010
Subcellular **distribution** and some properties of homocarnosine-carnosine synthetase from chick red blood cells. 096319
Subcellular **distribution** of curium in Beagle liver. 096530
A modified procedure for studying enzyme secretion in yeast [Saccharomyces] sphaeroplasts: *subcellular* **distribution** of invertase. 099625
Ultrastructure and differentiation in Cladophora glomerata. I. *Cell* **division.** 098881
Ultrastructure of *cell* **division** in Cladophora: Pregametangial cel division in the haploid generation of Cladophora flexuosa [Algae]. 098931
Effects of colchicine on the *cell* **division** of a colonial green algal flagellate Gonium pectorale Muller. 098936
Cell **division** in leaves. 098981
Significance of *[cell]* **division** in the higher plant. 098984
Summary and perspectives *[Cell* **division** in higher plants]. 098985
The role of *cell* **division** in angiosperm embryology. 098989
The root apex [Apical meristem, *cell* **division].** 098990
The shoot apex *[Cell* **division,** leaf initiation]. 098991
Methylation and acetolysis of *extracellular* **D-mannans** from yeast. 099642
Embryo *cell* surfaces—lectin binding and cell proliferation [Chick embryo fibroblasts]. 096324
Virulence heterogeneity of a predominantly avirulent western equine encephalitis virus population [Duck **embryo** *cell* cultures]. 097411
2-deoxy-D-glucose uptake by chick **embryo** *cells:* a biochemical indicator of genetic susceptibility to RNA tumour viruses. 097412
Ultrastructural changes of **embryonic** *cells* during organogenesis in the silkworm, Bombyx mori. I. The gonad. 103247
Stimulation of growth by insulin in Drosophila **enbryonic** *cells* in vitro. 102936
Effects of extractives from spruce [Picea abies] roots on *extracellular* **enzymes** of Fomes annosus (Fr.) Cke. 101435
Extracellular **enzymes** in soil. 103731
Concerning the sinuous shape of leaf **epidermal** *cells* [Dryopteris, Pteridophyta]. 099019
Ultrastructure of meristematic **epidermal** *cells* of maize root under water deficit conditions. 099032
The fractionation of active and inactive chromatins from **erythroid** *cells* of chicken. 096358
Cellular composition of **erythropoietic** *cell* populations and aggregate cell cultures derived form early chick blastodiscs. 096569
Intercellular **exchange** problems in the bryophytes protonemata: evidence for transfer phenomena [Ceratodon purpureus, Musci]. 099595
Synthesis of beta-1,3-glucan microfibrils by a *cell-free* **extract** from Phytophthora cinnamomi [Fungi]. 099521
Enzymatic conversion of sterigmatocystin into aflatoxin B1 by *cell-free* **extracts** of Aspergillus parasiticus [Fungi]. 099512
A factor in *cell-free* **extracts** inactivating sexual agglutinability of a mating type in [the yeast] Saccharomyces cerevisiae. 099917
The estimation of phenylalanine ammonia-lyase (PAL)-activity in intact cells of higher plant tissue. II. Correlations and discrepancies between activities measured in intact cells and *cell-free* **extracts** [Buckwheat, strawberry, sunflower]. 100292
Extravascular *cells* within the perisinusoidal space of the avian liver. 096345
Changes in **fibre** *cell* wall porous structure in acid and alkali treatments. 098296
Specificity of **five** *intracellular* proteinases of Neurosporacrassa [Fungi]. 099721
Ulltrastructural autoradiographic study of the *intracellular* **fixation** of 3H [hydrogen isotope]-acrolein [in a unicellular alga, Dunaliella bioculata]. 099715
Ultrastructure of rumen bacterial attachment to **forage** *cell* walls. 096208
Intoxications of forages in the Irno valley and new relations between idioblast *[cell]* **function** and tumors [Polluted irrigation water toxicity]. 101828
Formation of **generative** *cells* in pollen grains of Allium cepa L. and Allium porrum L. [Onions, leeks]. 100387
Localizaion study of the primordial **germ** *cells* in embryos of the Japanese quail by means of ultraviolet irradiation. 096281
Quantitative aspects of the colonization of the gonads by **germ** *cells* in the quail embryo (Coturnix coturnix japonica). 096449
A morphological study of spermatogenesis in Drosophila, with special reference to encysted **germ** *cells.* 102821
The use of 'normal' and 'transformed' gynandromorphs in mapping the primordial **germ** *cells* and the gonadal mesoderm in Drosophila. 102970
Late labelled regions in polytene chromosomes of salivary **gland** *cells* in some speciesof the virilis group of Drosophilaand their interspecific hybrids. 102947
Ultrastructural changes of the posterior silk **gland** *cells* in the early larval instars of the silkworm, Bombyx mori. 103249
Growth characteristics of Acer pseudoplatanus L. *Cells* **grown** in chemostat culture in the presence of urea alone as a source of nitrogen. 100674
Role of vitamin B12 in the reduction of ribonucleotides into deoxyribonucleotides in Drosophila [melonogaster] *cells* **grown** in vitro. 102833
Shrinkage of **guard** *cell* chloroplasts in relation to stomatal opening in Commelina benghalensis L. 099494
The role of ATP [adenosine triphosphate] in the repair of DNA of gamma-irradiated Chinese **hamster** *cells.* 096531
Morphology, morphometry and electron microscopy of **HeLa** *cells* infected with bovine Mycoplasma. 097300
Synthesis of functional aldolase tetramers in a **heterologous** *cell-free* system [Chickens]. 096430
Immunohistochemical localization of LH [lutenizing **hormone]-producing** *cells* in the adenohypophysis of the Japanese Quail, Coturnix coturnix japonica. 096307
Fine anatomy of Cercosporella herpotrichoides Fron in leaf sheathes of wheat. Observations on the penetration points of **host** *cell* walls. 101363
Ultrastructural aspects of maize mosaic virus in the **host** *cells.* 101777
Relation of tape-like inclusions of pea mosaic virus with the endoplasmatic reticulum and dictyosomas of the *cells* of a **host-plant.** 101808
The antigen-inexperienced thymic suppressor cells: a class of lymphocytes in the young chicken thymus that inhibits antibody production and *cell-mediated* **immune** responses. 097331
Studies on Pasteurella multocida. III. In vitro assay for *cell-mediated* **immunity** [Turkeys]. 097268
Effect of feline panleukopenia virus infection and development of humoral and *cellular* **immunity.** 097314
The role of delayed-type hypersensitivity and *cell-mediated* **immunity** in bovine staphylococcal mastitis. 097577
Effect of cycloheximide on the process of reorganization of the biosynthesis of Chlorella [Algae] *cells* **induced** by nitrogen starvation. 099989
Suppression of interferon production [by L *cells* **infected** with Newcastle disease virus] by vitamin A. 097409
Chromosomal DNA replication: retarded fork progression and altered initiation in *cells* **infected** with mengovirus or Newcastle disease virus [Infection of mouse L cells]. 097668
Morphogenetical expression types observed during reactivation of secondary **initial** *cells* of the leafy gametophyte of mosses. 098910
The estimation of phenylalanine ammonia-lyase (PAL)-activity in **intact** *cells* of higher plant tissue. I. Parameters of the assay [Buckwheat]. 100291
The estimation of phenylalanine ammonia-lyase (PAL)-activity in **intact** *cells* of higher plant tissue. II. Correlations and discrepancies between activities measured in intact cells and cell-free extracts [Buckwheat, strawberry, sunflower]. 100292
Changes in the resistance of the node of Nitellopsis obtusa, [Algae] caused by the damage of the **internodal** *cells.* 099496
Cellular **ion** route in rabbit gallbladder epithelium. 096263
Behaviour of **isolated** *cells* from two gymnosperms, cultured in vitro: Taxus baccata L. and Pinus pinaster Sol. 100629
Fine structure of the rectum in cockroaches (Dictyoptera): general organization and *intercellular* **junctions** [Periplaneta americana, Blatta orientalis, Supella supellectilium, Blaberus craniifer]. 103120
Use of immunofluorescence to elucidate microepidemiology and to carry out microplaque titration of virus of infectious bovine rhinotracheitis on primary calf **kidney** *cells.* 097239
Microneutralization test for determination of Newcastle disease antibodies in reconstituted frozen secondary chicken **kidney** *cells.* 097536
A pseudorabies virus-specific sulfated moiety [Rabbit **kidney** *cells].* 097667
Ultrastructure of **leaf** *cells* of some cultivated plants infected with plant viruses. 101734
Isometric and isotonic length-tension relations and variations in *cell* **length** in longitudinal smooth muscle from rabbit urinary bladder. 096159
Reiteration frequency of delta-crystallin DNA in lens and non-lens tissues of chick embryos. Delta-crystallin gene is not amplified during **lens** *cell* differentiation. 096427
Changes in the *cellular* **levels** of ATP [adenosine-5'-triphosphate] in Anabaena variabilis [Algae]. 099858
Replication of bovine coronavirus in *cell* **line** BEK-1 culture. 097242
Establishment of a *cell* **line** (SCLd 135) from Lymantria dispar (Lepidoptera) ovaries. 102842
Cyproterone-mediated stimulation of delta-aminolevulinic acid synthetase in chick embryo **liver** *cells.* 096329
Effect of maternal age on intercellular adhesion of embryonic chick **liver** *cells.* 096489
Analysis of protein bodies isolated from Lablab purpureus (L.) Sweet: *Intracellular* **localisation** of globulins, proteases and trypsin inhibitors. 099952
Intracellular **localization,** isoenzyme composition, and activity of apple o-diphenol oxidase. 095876
The *subcellular* **localization** of calcium in vertebrate smooth muscle: calcium-containing and calcium-accumulating structures in muscle cells of mouse intestine. 096310
Pyruvate carboxylase: *intracellular* **localization** and regulation [in rat liver]. 096402
A Ca2+ [calcium ion]-activated protease possibly involved in myofibrillar protein turnover: *Subcellular* **localization** of the protease in porcine skeletal muscle. 096432
Isometric, viruslike particles in the green peach aphid, Myzus persicae. Their *intracellular* **localization** and distribution within the aphid body [Vectors of plant viruses]. 102436
Metabolism in human embryonic **lung** *cell* cultures of three phenylurea herbicides; chlorotoluron, fluometuron, and metobromuron. 102712
Immune interferon production by **lymphoid** *cells:* role in the inhibition of herpesviruses [Cattle]. 097379
Comparison of proton magnetic resonance spectra of *cell-wall* **mannans** of Candida tropicalis [yeast] with its morphology. 098874
Storage of mannose-containing material in cultured human **mannosidosis** *cells* and metabolic correction by pig kidney alpha-mannosidase. 096373
Extracellular alkaline phosphatase in *multicellular* **marine** algae and their utilization of glycerophosphate. 099894
Plasmodium berghei: antibody mediated reduction of oxygen consumption by infected mouse bone **marrow** *cells.* 097624
Interchain disulfide bonds at the COOH [oxalate]-terminal end of procollagen synthesized by **matrix-free** *cells* from chick embryonic tendon and cartilage. 096211
Release of *extracellular* **matter** during photosynthesis by a Trichodesmium bloom [Algae]. 099689
Isolation of a lectin from [bovine] liver plasmamembrane and its binding to *cellular* **membrane** receptors in vitro. 096355
The dependence of the electrical resistance of the *cell* **membrane** and the cell sap of Characeae [Algae] on the season. 099498
Effects of external electrical fields on *cell* **membranes** [Valonia utricularia, Algae]. 099556
Sugar and polyol permeability of Salmonella and osmophilic yeast [Saccharomyces rouxii, Schizosaccharomyces pombe] *cell* **membranes** measured by turbidimetry, and its relation to heat resistance. 099805
Mitotic cycle in the root **meristem** *cells* of Citrus limon Burm [lemons], Citrus reticulata Blanco [mandarin oranges] and Citrus sinensis X Poncirus trifoliata. 100402
Ultrastructural study of the nucleolar cycle in **meristematic** *cells* of Allium cepa [Onions]. 099008
Regulation of *cell* **metabolism** by mitochondrial transport systems. 096403
Application of a **microtiter** *cell-culture* method to characterization of avian adenoviruses [Chicks]. 097249
Development of a nuclear polyhedrosis virus in **midgut** *cells* and penetration of the virus into the hemocoel of the armyworm, Pseudaletia unipuncta [Pest of products]. 102533
Mitotic *cell* studies based on in vivo observations. VIII. The evolution of mitotic spindles in eukaryota: a negation of the breakdown of the nuclear membrane [in higher plant and animal cells]. 098967
Modifications and errors of **mitotic** *cell* division in relation to differentiation [Chromosomes]. 098983
The visible events of **mitotic** *cell* division. 098992
Chromosomal DNA replication: retarded fork progression and altered initiation in cells infected with mengovirus or Newcastle disease virus [Infection of **mouse** L *cells].* 097668
The subcellular localization of calcium in vertebrate smooth muscle: calcium-containing and calcium-accumulating structures in **muscle** *cells* of mouse intestine. 096310
Myogenesis [**Muscle** *cell* differentiation, chick embryos]. 096519
Population dynamics of arterial smooth **muscle** *cells.* V. Cell proliferation and cell death during initial 3 months in atherosclerotic lesions induced in swine by hypercholesterolemic diet and intimal trauma. 096674
Autoradiographic analysis of macromolecular syntheses in prospectively **necrotic** *cells* of the chick limb bud. II. Nucleic acids. 096338
Effect of cytochalasin B on the surface of **neuroepithelial** *cells* of the chick embryo. 096481

Culture of Anaplasma marginale in [bovine] lymph **node** *cells.* 097559
Intracellular **outgrowth** of the cell wall as a possible cause of senescence in Taphrina maculans Butler [Fungi]. 098966
Effects of **oviducal** *cells* on the survival and fertilizing ability of fowl spermatozoa. 096955
Canine inslinoma [neoplastic growth of the Beta *cells* of the **pancreas**]. 097728
Redescription of Coccidiascus legeri Chatton, 1913 (Nematosporaceae: Hemiascomycetidae), an *intracellular* **parasitic** yeastlike fungus from the intestinal epithelium of Drosophila melanogaster. 103030
Localization of vitellogenin and serum albumin in hepatic **parenchymal** *cells* of normal and estradiol treated immature chickens. 096244
Peridermal *cell* patterning in the feather-forming skin of the chick embryo. 096322
Cell **permeability** and regulation of intracellular sodium concentration in a halophytic and a glycophytic moss [Grimmia maritima, Grimmia pulvinata]. 099876
Isolation, stability and biochemistry of a **P-fluorophenylalanine-resistant** *cell* line of Acer pseudoplatanus L. 100664
Variations of PTA [hydrochloric **phosphotungstic]-retaining** *cell* coat components on bursal stem cells during chicken ontogeny. 096462
The large **pigment** *cell* of the compound eye of the house fly Musca domestica, fine structure and cytoarchitectural associations. 102883
Certain patterns of chromatin in displacement during ultracentrifugation of **plant** *cells* [Broadbeans]. 099346
On the characterization of DNA in **plant** *cells* by metachromasia with uranyl ions [Onions, broadbeans, lupine]. 099615
Enzymes in biogenesis of **plant** *cell* wall polysaccharides enzyme characterization using tracer techniques [Lilium, maize]. 099794
Effect of Ca++ [calcium ion] on the surival of cultured **plant** *cells* after freezing and thawing [Tobacco]. 100237
Thiamine requirements of various **plant** *cells* in suspension culture [Soybeans, tobacco, rice]. 100275
Polygalacturonic acid trans-eliminase in the osmotic shock fluid of Erwinia rubrifaciens: characterization of the purified enzyme and its effect on **plant** *cells.* 101694
Observations on the effects of weaning in the young pig. Clinical and histopathological studies of intestinal function and morphology [Acute inflammatory response and a reduction in **plasma** *cell* population]. 097762
Study of physiological races of Colletotrichum lindemuthianum [Fungi, plant pathogens]: extra and *intracellular* **polygalacturonases** produced by beta and delta races cultivated in vitro. 099619
Localization of glycogen synthetase during differentiation of **presumptive** *cell* types in Dictyostelium discoideum [Fungi]. 099811
Embryo cell surfaces—lectin binding and *cell* **proliferation** [Chick embryo fibroblasts]. 096324
Population dynamics of arterial smooth muscle cells. V. *Cell* **proliferation** and cell death during initial 3 months in atherosclerotic lesions induced in swine by hypercholesterolemic diet and intimal trauma. 096674
A mechanism for the endocellular control of cell differentiation and *cell* **proliferation** [Plant endosperm]. 099010
An analysis of *cell* **proliferation** in the apical meristem of lateral roots of Vicia faba L. [Broadbeans]. 100087
Action of gibberellic acid on *cell* **proliferation** in the subapical shot meristem of watermelon seedlings. 100347
Single-cell **protein** and New Zealand [Human and animal nutrition]. 095076
Production of *single-cell* **protein** for animal feed from lignocellulose wastes. 096065
Growth of the pig: changes in **red** *cell* and plasma volumes. 096367
Relationship between **red** *cell* mass, body weight, lean body mass, and body cell mass in growing pigs and beagles. 096368
The cell cycle and the control of *cellular* **reproduction** [Animals, plants]. 096850
Effect of acetone on production of aflatoxins and versicolorin pigments by **resting** *cell* cultures of Aspergillus parasiticus. 101494
Some effects of positively charged surface groups on cell aggregation [Embryonic chick neural **retina** *cells].* 096433
The fine structure of some carabid beetle eyes, with particular reference to cillary structures in the **retinula** *cells.* 103121
Calcium ions protect beet **root** *cell* membranes against thermally induced changes. 100524
Response of [tobacco] **root** *cells* to the feeding by the ectoparasitic root-infesting nematode Trichodorus similis [a vector of tobacco rattle virus]. 102067
The process of vacuolization of the *cells* of the **rootcap** of the diploid and tetraploid rye. 099027
Hormonal regulation of the secretion of mucoproteins by *cells* of the **salivary** glands of Drosophila melanogaster larvae during the period of metamorphosis. 103102
The dependence of the electrical resistance of the cell membrane and the *cell* **sap** of Characeae [Algae] on the season. 099498
Experimental approach to the problem of the origin of **secretory** *cells* in chick embryonic gonads. 096461
Effect of gamma-irradiation of cobalt-60 [isotope] on the mitotic activity and size of *cells* in the **seedlings** of Scotchpine (Pinus sylvestris L.). 100686
Ultrastructural study of **separated** *cell* and acrosomal membranes from bull spermatozoa. 096906
Cell concentration as a factor in precursor incorporation by tobacco leaf protoplasts or **separated** *cells.* 100284
Photosynthetic activities of isolated bundle **sheath** *cells* in relation to differing mechanisms of C4 pathway photosynthesis. 099519
Distribution of enzymes related to C3 and C4 [carbon] pathway of photosynthesis between mesophyll and bundle **sheath** *cells* of Panicum hians and Panicum milioides. 099918
Differentiation for aggregation in the cellular slime moulds: the emergence of autonomously **signalling** *cells* in Dictyostelium discoideum [Fungi]. 099821
Production of **single** *cell* protein from agricultural and food processing wastes [to produce microbial protein suitable for animal feeds]. 096020
Effects of differentiated membranes on the developmental program of the *cellular* **slime** mold [Dictyostelium discoideum]. 099693
The effect of ammonia on fruiting body size and microcyst formation in the *cellular* **slime** molds [Polysphondylium pallidum, Dictyostelium discoideum]. 099695
DNA, RNA and protein synthesis during germination of spores in the *cellular* **slime** mold Dictyostelium discoideum. 099706
Differentiation for aggregation in the *cellular* **slime** moulds: the emergence of autonomously signalling cells in Dictyostelium discoideum [Fungi]. 099821
Cell permeability and regulation of *intracellular* **sodium** concentration in a halophytic and a glycophytic moss [Grimmia maritima, Grimmia pulvinata]. 099876
Studies on the **somatic** *cells* of milk. 095546
Enzymic methods for estimation of the **somatic** *cell* count in bovine milk. 1. Development of assay techniques and a study of their usefulness in evaluating the somatic cell content of milk. 095582
Isolation and insulation of **special** *cells* [Algae]. 098945
Transfer of hypogammaglobulinemia in two inbred chicken strains by **spleen** *cells* from bursectomized donors [Immunosuppression]. 097413
The *cell* in **sporogenesis** and spore development. 098987
Regulation of the utilization of exogenous thyumidine by cells of the Chinese hamster in vitro. I. Inhibition of thymidine utilization under the action of extracts from *cells* in different **stages** of the cell-divison cycle. 096487
Ultrastructure of the **stamen** *cells* from fertile and sterile (cytoplasmic male sterility) forms of sugarbeets of different ploidy level. 099301
Variations of PTA [hydrochloric phosphotungstic]-retaining cell coat components on bursal **stem** *cells* during chicken ontogeny. 096462
Transplantation of bursal **stem** *cells* into cyclophosphamide-treated chicks. Lymphoid repopulation of splenic structures [Immunodeficiency]. 097623
Anatomical responses of root tips to boron deficiency. III. Effect of boron deficiency on *sub-cellular* **structure** of [tomato] root tips, particularly on morphology of cell wall and its related organelles. 102031
Cellular **studies** of mammary tissue form cows hormonally induced into lactation: lactose and fatty acid synthesis. 096440
Cellular **studies** of mammary tissue from cows hormonally induced into lactation: histology and ultrastructure. 096441
The antigen-inexperienced thymic **suppressor** *cells:* a class of lymphocytes in the young chicken thymus that inhibits antibody production and cell-mediated immune responses. 097331
Ultrastructural changes in the *cell* **surface** of Coelomomycespunctatus [Fungi] infecting mosquito larvae [Anopheles quadrimaculatus, biological control]. 098930
The mode of interaction between the substrate and *cell* **surface** of the hydrocarbon-utilizing yeast Candida tropicalis. 099566
Quantitative variations of the total, free and membrane-bound ribosomal material during the culture cycle of healthy and tumorous Parthenocissus tricusipidata L. *cell* **suspensions.** 099022
Auxin dependence and auxin oxidase of cultured **sycamore** *cells* [Platanus]. 100632
Cell-free **synthesis** of rat preproinsulins: characterization and partial amino acid sequence determination [Wheat germ extract]. 096522
Cell-free **synthesis** of ethyl acetate by extracts from Saccharomyces cerevisiae [Yeasts]. 099839
Dedifferentiation of **tannin** *cells* in excised leaf fragments of Cyclamen persicum Mill. cultured in vitro. 100614
Evidence for a secretion of thyroxine by isolated hog **thyroid** *cells.* 096238
Nuclear DNA synthesis in meristematic root **tip** *cells* of some Citrus species [Lemons, mandarin oranges] autoradiography and microspectrophotometry. 100403
Selection and characterization of cultured carrot and **tobacco** *cells* resistant to lysine, methionine, and proline analogs. 099134
Activity of the enzymes which disrupt **tomato** *cell* walls. II. Effect of temperature and of active acidity. 100425
Occurrence of **transfer** *cells* in vascular parenchyma of Hieracium florentinum roots. 098929
Changes of respiratory metabolism and *cell* **ultrastructure** in roots of wheat during dehydration. 100310
A **unique** *intracellular* aberration related to hexachlorobenzene ingestion [Rats]. 097776
Uptake of exogenous metabolites by **virus-transformed** *cells:* changes induced by temperature and pH [hydrogen-ion concentration, chick embryos]. 097233
Studies on the in **vivo** *cellular* reactions and fate of injected bacteria in Galleria mellonella and Pieris brassicae larvae. 103032
Comparative processes of *cell* **wall** genesis during mitosis and meiosis in Platyhypnidium riparioides (Hedw.) Dix (Hypnaceae) [Musci]. 098906
Intracellular outgrowth of the *cell* **wall** as a possible cause of senescence in Taphrina maculans Butler [Fungi]. 098966
Localisation of peroxidase-isoenzyme group G1 in the *cell* **wall** of tobacco tissues. 100289
Cell **wall** regeneration and colony formation from isolated single geranium [Pelargonium hortorum] protoplasts in microculture. 100404
Anatomical responses of root tips to boron deficiency. III. Effect of boron deficiency on sub-cellular structure of [tomato] root tips, particularly on morphology of *cell* **wall** and its related organelles. 102031
Properties and biosynthesis of *cell* **wall-bound** acid phosphatase in Aspergllus niger [Fungi]. 099924
Cell **wall-bound** nitrophenylglycosidases of tomato fruits. 100466
Chemical and enzymatic degradation of the *cell* **walls** of Helminthosporium spiciferum [Fungi]. The protective role of pigments. 099628
Diferulic acid as a component of *cell* **walls** of Lolium multiflorum. 100266
Hydroxyproline content in *cell* **walls** of plants with different boron requirements [Broadbeans, sunflowers, maize, wheat]. 100315
Lignin influence in styrol radiation polymerization in birch **wood** *cell* wall. 098336
Biomasses from fat by-products. III. Lipid composition of **yeast** *cells* [Candida lipolytica, Torulopsis holmii, feed fermentation]. 096046
The stable effect of mortality in the progeny of irradiated [Saccharomyces ellipsoideus] **yeast** *cells.* 099378
Utilization of exogenous pyrimidines as a source of nitrogen by *cells* of the **yeast** Rhodotorula glutinis. 099815
Morphogenic effects of alpha-factor on Saccharomyces cerevisiae a *cells* **[Yeasts].** 099812

CELLULASES

Sensitive assay for *cellulase* and **dextranase** [Cellulose]. 095395
Effects of ethylene and 2,4-D [dichlorophenoxyacetic acid] on the activity of *cellulase* **isoenzymes** in abscission zones of the developing orange fruit. 100529
Changes in polygalacturonase, pectin lyase and *cellulase* in **tomato** plants, associated with Fusarium [oxysporum] inoculation. 101525

CELLULOSE

Some pecularities of the synthesis of *cellulose* **acetates** in the presence of o-titanic acid. 098356
Properties of *cellulose* from the **alga** Chara aculeolata Kutz. 100051
On adsorption of lignin substances by *cellulose* in **alkali** pulping. 098341
Relation of certain infrared bands to conformational changes of *cellulose* and **cellulose** oligosaccharides. 095426
Variations in *cellulose* **content** of hemp during its growth stage. 100143
Formation of organic peroxides from methyl beta-D-glucopyranoside in alkaline hydrogen peroxide solutions **[Degradation** of *cellulose].* 098202
Synthesis of *cellulose* **derivatives** with fluorine-containing N-oxymethylaminotriazines. 098369
Sensitive assay for cellulase and **dextranase** *[Cellulose].* 095395
Identification of methylated and **ethylated** *cellulose* hydrolysis products as its alditolacetates by gas-liquid chromatograhy. 098313
Blending of *celluloses* of **Eucalyptus** saligna and Pinus caribaea var. caribaea. 098229
Investigation of *cellulose* **fibre** structure by means of new preparation technique. II. Some pecularities of preparation technique. 098323
Investigation of *cellulose* **fibre** structure by means of new preparation technique. III. Some features of spruce tracheid structure in contact points with rays. 098324
Investigation of *cellulose* **fibre** structure by means of new preparation technique. IV. Inner layer structure of spruce tracheid secondary wall. 098325
Crill—the fine fraction of pulp *[Cellulosic* **fibres].** 098284
Microcrystalline *cellulose* replacement in cakes and biscuits. 095130
Study of the reaction of *cellulose* **nitroalkenylation.** 098439
Methods of obtaining new anionotropic **nitrogen-containing** *cellulose* derivatives. 098437
Properties of *cellulose* **obtained** from spruce wood possessing different macrostructure. 098348
Relation of certain infrared bands to conformational changes of cellulose and *cellulose* **oligosaccharides.** 095426
Investigation of grape skin polysaccharides by chromatography of DEAE [diethylaminoethyl] *cellulose* and **paper** electrophoresis. 095877
A summary of investigations carried out at the *Cellulose* and **Paper** Branch [Forest Research Institute] on suitability of agricultural residues for pulp, paper and board. 098283
Use of woods from essential Brazilian forests in *cellulose* **production:** Mimosa bracatinga, Cecropia species, Tabebuia cassinoides and Joannesia princeps [Properties]. 098232
Effect of nitrogen fertilization and harvesting season on the fiber and *cellulose* **production** of a cultivar and hybrids of hemp. I. 100750

Variations of the wood characteristics and *cellulose* **properties** of Pinus oocarpa according to the age of the forest stand. 098234
Studies on the influence of substituted groups nature in **p-substituted** *cellulose* benzenesulphonate on mechanism of nucleophilic substitution of sulphonyloxygroups by acetoxylons. 098361
Investigation of super-moleclar structure of mercerized and **regenerated** *cellulose* by alcoholysis with amyl alcohol. 098330
Beta-glucosidase of Trichoderma [viride, fungi]: its biosynthesis and role in **saccharification** of *cellulose*. 099511
Gunnar Sundblad in memoriam *[Cellulose* **scientists].** 098412
Electro-kinetic studies of cotton. II. Measurement of surface potential at the interface between *cellulose* and **solution** of cross-linking agents. 095829
Copper absorption from copper-alkali **solutions** by *cellulose*. 098309
Interaction of glucose and hydrogen chloride in water **solutions** *[Cellulose]*. 098322
Electron-paramagnetic resonance investigation of nitrogen dioxide **sorption** of *cellulose*. 098205
Comparative study of the woods of Eucalyptus saligna, Eucalyptus paniculata, Eucalyptus citriodora, Eucalyptus maculata and Eucalyptus tereticornis for **sulfate** *cellulose* production [Wood and pulpwood properties]. 098230
Sulfate *cellulose* production from blends of Eucalyptus saligna wood small portions of Bambusa vulgaris var. vitatta chips. 098231
Infrared spectroscopy of wood and its main components. VI. Determination of lignin content an **sulphate** *cellulose* samples. 098320
Organic compounds of **sulphate** *cellulose* waste waters. III. Phenols [Pollution control]. 104590
Study of the changes in *cellulose* **supermolecular** structure under thermal treatments. 098368
Study of molecular mobility of *cellulose-water* **system.** 098367
Enzymatic hydrolysis of *cellulosic* **wastes** to glucose [for the production of food, fuel, and chemicals, Trichoderma viride, fungal fermetative agent]. 095489
Problems and potential associated with the production of protein from *cellulosic* **wastes** [to produce food and energy products through fermentation]. 095490

CELOSIA
Fusarium [lateritium] leaf spot of *Celosia* **argentea** L. In Nigeria. 101650

CEMENT
Study on the effect of *cement* **kiln** dust as potassium fertilizer on rice and soybean. 104131

CENCHRUS
A note on the significance of Eucalyptus populnea for buffel grass *[Cenchrus* **ciliaris]** production in infertile semi-arid rangelands. 101006

CENSUS
Agriculture *census* for 1971/72. Forestry survey 1971/72. 097961

CENTIPEDES
Respiratory metabolism of the *centipede* **Nadabius** coloradensis (Cockerell): influence of temperature, season and starvation. 102895

CENTRIFUGE
Routine titration of foot-and-mouth disease virus suspensions by **analytical** *ultracentrifugation*. 1. Sedimentation method. 097237
The measurement of coefficient of [tobacco mosaic] virus diffusion using **analytical** *ultracentrifuge*. 101795
Determination of the operating width of a *centrifugal* **broadcaster** [of fertilizers]. 103520
Experiences in the use of *centrifuged* **liquid** poultry manure [as a feed additive] in slaughter cattle production of the Friedeburg State Farm [East Germany]. 096801
Effect of nature and density of separating liquids on nematodes during the process of extraction [from soil and plant tissue] by the *centrifugation-flotation* **method.** 101963
Certain patterns of chromatin in displacement during *ultracentrifugation* of **plant** cells [Broadbeans]. 099346
Separation of glutenin from gliadin by *ultracentrifugation* **[Wheat** flour]. 095792

CENTROSPERMAE
Studies on betalain pigments of *Centrospermae* **plants** with special reference to a violet red pigment in Salicornia europeaea L. 099856

CEPHALIC
Cephalic **segmental** organs of Scutigerella (Symphyla, Myriapoda). 103129

CEPHALOSPORIUM
Biosynthesis of penicillins and cephalosporins [Penicilliumchrysogenum, *Cephalosporium* **acremonium,** Fungi]. 099560
Cephalosporium **stripe** of wheat in Virginia [Dactylis glomerata as host]. 101550

CERAMBYCIDAE
Investigations on Alcidion cereicola (Coleoptera: *Cerambycidae)* a **potential** agent for the biological control of Eriocereus martinii (Cactaceae) [weed] in Australia. 102101

CERATITIS
Semi-sterility in the Mediterranean fruit fly, *Ceratitis* **capitata** Wiedemann [Genetic control]. 102410
Impurities in cue-lure attractive to female Tephritidae [Dacus cucurbitae, *Ceratitis* **capitata].** 102433
The genetics of the Mediterranean fruitfly, *Ceratitis* **capitata:** three morphological mutations [for ecological studies and genetic control]. 102811
Ultrastructure of some stages of the microsporidia Octosporea muscaedomesticae Flu, a parasite of *Ceratitis* **capitata** (Wiedemann) (Diptera, Trypetidae). 103041
Cyclic AMP [adenosine monophosphate] during development and ageing of the **insect** *Ceratitis* capitata. 102926

CERATOCYSTIS
Induction of furano-terpene production and formation of the enzyme system from mevalonate to isopentenyl pyrophosphate in sweetpotato root tissue injured by *Ceratocystis* **fimbriata** and by toxic chemicals. 101572
Modality of the diffusion of *Ceratocystis* **fimbriata** in the tissues of planetree [Platanus]. 101603
Sanitation: a practical protection against Dutch elm disease in Fredericton, New Brunswick *[Ceratocystis* **ulmi,** Ulmus americana, Scolytus multistriatus and Hylurgopinus rufipes as insect vectors]. 101562
Dutch elm disease [caused by *Ceratocystis* **ulmi].** 101586
Risk of injury from [Dutch] elm disease *[Ceratocystis* **ulmi]** in Denmark [Scolytus laevis as insect vector, Ulmus]. 101662

CERATOPHYLLIDAE
Description of the third-instar larva of Monopsyllus wagneri (Baker) **(Siphonaptera:** *Ceratophyllidae).* 103174

CERATOPOGONIDAE
The immature stages of Alluaudomyia paraspina (Diptera: *Ceratopogonidae)* **Wirth** with notes on its biology. 102812

CERATOSTOMELLA
Elm trees [Ulmus, *Ceratostomella* **ulmi].** 101372
Will [Dutch] elm disease be able to spread in Denmark? [Scolytus as insect vector of *Ceratostomella* **ulmi,** Ulmus]. 102524

CERCOSPORA
Noxiousness of *Cercospora* **beticola** Sacc. [Leaf spot, sugarbeets]. 101575
Observations on the *Cercospora* **[henningsii]** leaf-spot disease of cassava (Manihot esculenta). 101503
Fungicide tolerance in *Cercospora* **leafspot** fungi [Peanuts, Georgia]. 101510
Timing from start to finish! A key issue in leafspot control *[Cercospora,* **peanuts,** Georgia]. 101512

CERCOSPORELLA
Eyespot *[Cercosporella* **herpotrichoides]** in winter wheat: effects of crop rotation and tillage, and the prediction of incidence. 101362
Fine anatomy of *Cercosporella* **herpotrichoides** Fron in leaf sheathes of wheat. Observations on the penetration points of host cell walls. 101363
Improvement of resistance of wheat to eyespot, *Cercosporella* **herpotrichoides** (Fron). 101364
The control of eyespot of wheat *[Cercosporella* **herpotrichoides]** systemic preparations. 101581
Resistance of *Cercosporella* **herpotrichoides** against benomyl[Fungicides]. 101669

CEREALS
Affinity chromatography of *cereal* **alpha-amylase** [from triticale]. 095759
Color responses of *cereal* **aphids** [Schizaphis graminum, Macrosiphum avenae, Rhopalosiphum]. 102280
Study of the race composition of rust pathogens of **bread** *cereals* in the general problem of developing resistant varieties. 099281
The characteristic of an ideal type of **bread** *cereal* crops. 100190
Phytocoenotic relations—a factor in yields of **bread** *cereals*. 100199
Economic impact analysis of effluent guidelines: animal feed, **breakfast** *cereal* and wheat starch segments of the grain mills industry [Water pollution]. 104610
Protein methods for *cereal* **breeders** as related to human nutritional requirements (PAG guideline No. 16, cereal breeders' protein methods). 094949
Italian Society for Agricultural Genetics, XX annual meeting, Milano-Minoprio, 9-11, October 1975: Abstracts of papers presented **[Chiefly** on *cereals].* 099224
Starch [Major constituent of all *cereal* **crops].** 095755
Effectiveness of ammonium polyphosphate in row application in *cereal* **crops** on soddy-podzolic soil. 100226
Economic effectiveness of the system of herbicides in a *cereals-grass-row* **crops** and cereals-grass rotations in the Central Urals. 102137
Simplified techniques of soil working in *cereal* **cultures.** 104177
Breeding for resistance to *cereal* **cyst** nematode in wheat. 099169
Cereal **cyst** nematode, Heterodera avenae Woll., in France: damage, biological characteristics and prospects of control. 101868
Cereal **cyst** nematode [Heterodera avenae] and N [nitrogen] fertilization. 101869
Experiments for the control of the *cereal* **cyst** nematode (Heterodera avenae) with nematocides. 101904
Fungi and the decrease of *cereal* **cyst-nematode** populations in cereal monoculture. 101872
Cereal **diseases** in southern Italy. II. Fusarium roseum f. Sp. cerealis on durum wheat [Foot rot]. 101527
Cereal **diseases** in southern Italy. IV. Problems related to the presence of Fusarium nivale and of its perfect stage Calonectria nivalis on wheat. 101528
Investigation of the virus **diseases** of *cereals*. 101732
Investigations on the influence of the herbicide Diallate on some *cereal* **diseases.** 102170
Ways of **feeding** *cereals* for slaughter swine. 096733
Storing of *cereals* on **floors** in hanger-type stores. 103358
Grass tetany hazard [in cattle] of *cereal* **forages** based upon chemical composition. 097681
Study of qualitative characteristics of the grain of *cereals* for the **forecasting** of their variability. 099262
Cereal **grain** handling system. 095752
Forage reserves of **grain** *cereals*. 096026
Malting and brewing *[Cereal* **grains].** 095754
Spring spray programmes for *cereals* **[Herbicides].** 102082
Application of **herbicides** in *cereals*. 102133
Irrigation, a prerequisite for obtaining **high** *cereal* yields on light soils. 104283
Application of fertilizers on *cereals* under **irrigation** in eastern Kazakhstan. 104056
Formulation of a mathematical model for insect pest ecosystems: the *cereal* **leaf** beetle problem [Oulema melanopus and its principal parasite Tetrastichus julis]. 102336
Application of Dialene [a mixture of dimethylamine salts of2,4-dichlorphenoxyacetic and 2-methoxy-3,6-dichlorbenzoic acids] in plantings of *cereals* and **maize** and on fallows. 102130
High gross **margins** from *cereals*. 094383
Towards a better orientation of *cereals* **[Marketing].** 094596
Some consequences of *cereal* **monoculture** on Gaeumannomyces graminis (Sacc.) Arx & Olivier and the take-all disease. 101368
Fungi and the decrease of cereal cyst-nematode populations in *cereal* **monoculture.** 101872
Control of insect **pests** of *cereals*. 102356
The problem of studying physiological and biochemical features of potential [genetic] and agronomic productivity of **plants** *[Cereals].* 100191
Precision-drilled *cereals*. 100938
Nitrogenous fertilisers for *cereal* **production.** 104037
Photosynthetic potential and the **productivity** of *cereals*. 100198
Problems raised by crop **protection** of *cereals*. 101888
Performance of *cereals* under **rainfed** conditions. 100855
Critical period in the ontogenesis of *cereals* in **relation** to temperature conditions [Barley, oats]. 100185
Conditions for entomological evaluations of breeding material in the field *[Cereals,* **resistance** to insect pests]. 099271
Influence of non-tillage of soil on porosity in *cereal* **rotation.** 104163
Economic effectiveness of the system of herbicides in a cereals-grass-row crops and *cereals-grass* **rotations** in the Central Urals. 102137
Why *cereal* **seed** may need vigour testing. 100104
Methods of race differentiation of *cereal* **smut** pathogens [Ustilaginales]. 101462
Reserves of increasing the productivity of units in **sowing** *cereals* and clean-cultivated crops. 103622
Crop yields: random, cyclical, or bunchy? *[Cereals,* **statistics].** 100712
Cereal **sufficiency** through breeding. 099057
Fewer *[cereal]* **varieties** to choose from [Breeding]. 099074
Control of [fungus] diseases of **vegetating** *cereals*. 101590
Sodseeding **winter** *cereals* into lucerne [for grazing]. 100696
Snow molds on **winter** *cereals* in northern Saskatchewan in 1974 [Typhula, Sclerotinia borealis, Fusarium nivale, wheat, rye]. 101386
Controlling the crop structure in programming **yields** of *cereals*. 094237
Ways of optimization of *cereal* **yields** in the fields of the Krasnaia niva collective farm in the Kabardino-Balkar Autonomous Soviet Socialist Republic. 100801

CEREUS
Bacillus *cereus* food poisoning. 094922
Microbiological detection of Nifurprazine in body fluids and tissues of cattle [Bacillus subtilis, **Bacillus** *cereus* mycoides]. 097675

CERIUM
Effect of soil moisture content on the performance of strontium-90, cesium-137, and *cerium-144* **[isotopes]** in the system soil—solution [Radioactive contamination]. 104645

Effect of soil moisture on the performance of strontium-90, cesium-137, and *cerium-144* **[isotopes]** in the system soil-plant [Radioactive contamination]. 104646
The role of organic matter and soil moisture in the process of cesium-137 and *cerium-144* **[isotopes]** transfer from soil into a solution [Radioactive contamination]. 104650

CEROID
Influence of diet on the induction of **hepatic** *ceroid* pigment in rats by polychlorinated biphenyls. 097863

CERTIFICATION
Vegetation management in *certified* **alfalfa** seed production [Weed control]. 102111
Certification of **Pelargonium.** 101223
Production of *certified* **seeds** of oil and forage rape. 100762

CERVIX
Cervical **disc** fenestration [Dogs]. 097098
Concentration of alkaline phosphatase amylase and glucose in *cervical* **mucus** of fertile and infertile cows during oestrum. 096996
Cervical **mucus** changes in infertile ewes previously exposed to oestrogenic subterranean clover. 097028
Bacteriological examinations of *cervical* **mucus** samples of mares within the framework of a survey on breeding hygiene in the warm blooded horses of the Hanover race, 1971-1975. 097488
Tuberculous and **Pseudotuberculous** *cervical* lymphadenitis ofswine for slaughter in Pernambuco [Mycobacterium, Corynebacterium equi]. 097475
Effects of various ambient temperatures and of heating and cooling the hypothalamus and *cervical* **spinal** cord on antidiuretic hormone secretion and urinary osmolality in pigs. 096466

CERVUS
Shelter seeking and sucking behaviour of the red deer **calf** *(Cervus* elaphus) in a farmed situation. 096206
Contribution to the study of the hepatic lesions causec by Distomum magnum (Fascioloides magna) in the **deer** *(Cervus* elaphus) [Fascioliasis]. 097302
On the helminth fauna of the moufflon (Ovis aries musimon) compared with those of domestic sheep (Ovis aries dom.) and deer (Capreolus capreolus, *Cervus* **elaphus)** in the Netherlands. 097346

CESAREAN *see* BIRTH

CESIUM
Effect of soil moisture content on the performance of strontium-90, *cesium-137,* and **cerium-144** [isotopes] in the system soil—solution [Radioactive contamination]. 104645
Effect of soil moisture on the performance of strontium-90, *cesium-137,* and **cerium-144** [isotopes] in the system soil-plant [Radioactive contamination]. 104646
The role of organic matter and soil moisture in the process of *cesium-137* and **cerium-144** [isotopes] transfer from soil into a solution [Radioactive contamination]. 104650
Vertical distribution of Sr90 [strontium isotope] and Cs137 *[cesium* **isotope]** in bottom deposits of lakes and rivers. 104639
Experimental study of the accumulation of *cesium-137* **[isotope]** by lichens from aqueous solutions (Cladonia rangiferina (L.) Web. as an example [Radioactive contamination]. 104648
Migration of stontium-90 and *cesium-137* **[isotopes]** in forest soils [Radioactive contamination]. 104649
Sorption and desorption of *caesium* **microquantities** by soddypodzolic soils of various mechanical composition. 103737

CESTODIASIS
A clinical and experimental study of 'wopell' in **canine** *cestodiasis.* 097449

CHAETOMIUM
Effect of polyethyleneimine on certain fungi [Aspergillus, *Chaetomium,* **Paecilomyces,** Penicillum]. 099869
Fungi of Delhi. XXVII. New additions to Indian **species** of *Chaetomium.* 098683

CHAINS
Dietary treatment of maple sirup urine **disease** *(branched-chain* ketoaciduria). 095123
Fatty acid desaturase system of yeast [Saccharomyces cerevisiae] microsomes. Involvement of cytochrome b5-containing **electron-transport** *chain.* 099517
The incorporation of *long-chain* **fatty** acids into glycerides in the liver and mammary tissue homogenates of lactating goats. 096535
The fatty acid composition of some Entomophthoraceae. IV. The occurrence of *branched-chain* **fatty** acids in Conidiobolus species [Entomophagous fungi]. 099634
Relationships of Penicillium [Fungi] species based on their *long-chain* **fatty** acids. 100031
Effect of *short-chain* **fatty** acids extracted from beef cattle manure on germination and seedling development [Phytotoxicity, wheat, sorghum]. 103894
What is happening to the *chain* **flail** limber? 098403
Arthropod **food** *chain* energetics in a Missouri tall grass prairie. 102317
Toxicity of some insecticides to Daphnia carinata King, an important link in the **food** *chain* in the freshwater ecosystems. 102699
An evaluation of *chain* saw **girdling** to treat unwanted northern hardwoods [Forest stand improvement]. 098070
Possible role of methionine in the synthesis of the chicken **globin** *chains.* 096221
Action of Scytalidium lignicolum acid proteases on **insulin** *B-chain* [Fungi]. 099464
Peptide substrates for chymosin (rennin): Kinetic studies with peptides of different *chain* **length** including parts of the sequence 101-112 of bovine kappa-casein. 096246
Maintenance boosts **log** *chain* life. 098200
Metal-containing flavoprotein dehydrogenases **[Mitochondrialrespiratory** *chain].* 096336
Effects of side *chain* **modification** on the activity of propyl cyclohexaneacetate as an attractant to the German cockroach [Blattella germanica]. 102997
The involvement of the protonmotive ubiquinone cycle in the **respiratory** *chain* of higher plants and its relation to the branchpoint of the alternate pathway [Mung beans]. 100418
Probability evaluation of the reliability of **transmission** *chains* [Stationary feeders]. 103539

CHALCIDOIDEA
Two new Eurytomidae of the Argentine Republic (Hymenoptera, *Chalcidoidea)* **[Pseudosystole** bugbeei, Boucekiana tetracampoides]. 103147

CHALCONE
Biologically patterned sensitized photooxygenation of *chalcones* **[Plants].** 100014

CHAMAECYPARIS
Investigation on the best method for *Chamaecyparis* **obtusa** cutting. I. 098098

CHAMAEMORUS *see* RUBUS

CHAMAENERION *see* EPILOBIUM

CHAMBERS
About the movement of a particle in an inclined air flow in an **aspirating** *chamber* with cascades [Threshing machinery]. 103604
Single-chamber **drip** irrigation laterals on various field slopes and contours. 103390
Manufacture of the beehive **honey** *chamber.* 103302
Effect of constructions of **operation** *chambers* on the electrohydraulic cleaning of wool. 103368
Cell death in **ovarian** *chambers* of Drosophila melanogaster. 102969
Treponema pallidum infection in subcutaneous **polyethylene** *chambers* in rabbits. 097383
Continuous flow **transfer** *chamber* [used in phytopathology]. 102037

CHAMPAGNE
Chemical nature of substances determining the **bouquet** of *champagne.* 095952
Method of must fermentation in the production of *champagne* and **dry** wine materials. 095960
Maize culture on chalky soils in *Champagne* with **photodegradable** plastic films. 100747
Improvement of the technology of **producing** *champagne* wine materials from Rkatsiteli grape-vine variety. 095977
Major trends in the expansion of *champagne* **production** in the tenth Five-Year plan. 095959

CHANNELS
Clinical laboratory data: what; when; why. II. *Multi-channel* **analyzer** [Veterinary medicine]. 097101
Slaughter methods affect quality of processed [farm-cultured] *channel* **catfish.** 095538
Paunch manure as a feed supplement in *channel* **catfish** farming. 096039
Growth of locust [Robinia pseudoacacia], elm [Ulmus] and poplar [Populus] in protective plantings along the North **Crimean** *Channel* and its relation to the depth of the groundwater surface. 097896
What soil tests from **Holt** *Channel* indicate. 103793
Egg shell damage in **retail** *channels.* 094898
Tile *channels,* a new feature in drainage. 104354

CHAOBORIDAE
The larva of the lake fly Chaoborus pallidipes Theobold (Diptera: *Chaoboridae)* from **Kenya.** 103183

CHAOBORUS
The larva of the lake **fly** *Chaoborus* pallidipes Theobold (Diptera: Chaoboridae) from Kenya. 103183

CHAPARRAL
Mechanical methods of *chaparral* **modification.** 103405

CHARA
Properties of cellulose from the **alga** *Chara* aculeolata Kutz. 100051
The use of membrane electrical noise in the study of Characean electrophysiology *[Chara* **braunii,** Algae]. 099835
Chloride transport in *Chara* **corallina** [Algae] and the electrochemical potential difference for hydrogen ions. 099832
Chara **socotrensis** f. Nuda: a new record for West Bengal [Algae]. 098712

CHARACEAE
The succession of associations and the occurrence of stoneworts *[Characeae,* **Algae]** in the Leczna and Wlodawa lake district. 098766
The dependence of the electrical resistance of the cell membrane and the cell sap of *Characeae* **[Algae]** on the season. 099498

CHARCOAL
Effect of volatile inhibitors from natural and amended soils on germination of sclerotia of Macrophomina phaseolina [the fungus that **causes** *charcoal* rot on corn, sorghum, soybean, and other economic crop plants]. 101380
Charcoal **metallurgy** programation should be integrated in the reforestation plans [Forest conservation and legislation, Brazil]. 097966
Study of the immunity of sunflower to *charcoal* **rot** (Sclerotium bataticola Taub.]. 101469

CHEDDAR *see* CHEESES

CHEESES
Analysis of **Blue** *cheese* for [the neurotoxin] roquefortine and other alkaloids from Penicillium roqueforti [Fungi]. 094865
Biosynthesis of flavors by Penicillium roqueforti **[Blue** *cheese].* 095558
Species composition of lactobacteria in raw and pasteurized cow's milk for white **brine** *cheese.* 095674
Influence of some chemical and physical factors on the proteolysis of *cheese* **caseins.** 095553
The contribution of starter streptococci to flavour development in **Cheddar** *cheese.* 095586
The production of sulphur compounds in **Cheddar** *cheese* and their significance in flavour development. 095587
Facts and thoughts on the biochemical causes of secondary fermentation of *Emmental* **cheese.** 095569
The contribution of starter streptococci to flavour development in *Cheddar* **cheese.** 095586
The production of sulphur compounds in *Cheddar* **cheese** and their significance in flavour development. 095587
Factors affecting bitter flavour in *Gouda* **cheese** [Rennet]. 095636
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. The *Edam* **cheese** department. 095654
First results and conclusions regarding the influence of feeding on the suitability of raw milk for *cheese* making. 095664
Characterization of proteolytic activity of enzyme preparations obtained from yeast biomass *[Cheese* making]. 095668
Mechanical transport and automated handling of *cheese* at N. **C.k.** Meppel [Processing equipment]. 095642
Amino acid nutrition of some **commercial** *cheese* whey starters in relation to their growth in peptone-supplemented whey media. 095577
Influence of some technological factors on *cheese* **composition** and quality. 095598
Reviews of the progress of dairy science: **continuous** *cheesemaking.* 095585
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. The **Edam** *cheese* department. 095654
Studies on some microbial milk-clotting enzymes for *cheese* making and their **effect** on cow milk casein. 095628
Facts and thoughts on the biochemical causes of secondary fermentation of **Emmental** *cheese.* 095569
Temperature conditions in young **Emmental** *cheese* and their effects. 095611
Separation of carbonyl compounds by reverse phase liquid chromatography [in the *cheese* **fat].** 095659
Enhancement of *cheese* **flavors** with microbial esterases. 095559
Factors affecting bitter flavour in **Gouda** *cheese* [Rennet]. 095636
Alkaline solubilization of **heat-precipitated** *cheese* whey protein. 095561
Studies on the occurrence of **inhibitors** in *cheese.* 095629
The effect of the technological process on level of DDT, DDE, DDD and DMDT [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane, methoxychlor] residues in **Kortowski** *cheese* [Contamination]. 102780
Analysis of the costs of establishing a **large** *cheese* making plant [Netherlands]. 095640
Recycling. 46. Determination of rate of fatty **matter** of *cheeses.* 095660
One-stage method for isolation of [the insecticides] of DDT, DDE and DDD [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane] from fat of **maturing** *cheese* [Contamination]. 102779
Determination of hexamethylenetetramine and volatile aldehydes in *cheese* and other **milk** products. 095619
An introductory study of the proteolytic system of Streptococcus cremoris strain HP [Starters, **milk,** *cheese].* 095635
Current **problems** of *cheese.* 095609
Whey use plagues world dairy industry [Byproduct of the *cheesemaking* **process].** 095572
Bacteriological control of canned **processed** *cheese.* 094828
Development of an intermediate-moisture **processed** *cheese* food product. 095571
Some properties of bacteriophages isolated during **production** of *cheese.* 095608
A new Swiss cooling island for *cheese*—**provided** with air conditioning [Storage]. 095639

A comparison of two methods for counting coliforms in *cheese* [**Quality** control]. 094820
Study of the yeast flora of **Saint-Nectaire** *[cheese].* 095597
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. The **soft** *cheese* department. 095651
Lactic flora in *cheeses* from **Swiss** pastures. 095595
Importance of location in the sale of dairy products in self-service shops [Marketing, yoghurt, **whey** *cheese].* 094569
Feasibility evaluation of *cheese* **whey** processing in small plants. 095590
Temperature conditions in **young** *Emmental* cheese and their effects. 095611

CHEIRANTHUS

Levels of self-incompatibility in wallflower, *Cheiranthus* **cheiri** L. 099196

CHELATES

Soil-pot tests with iron-deficiency susceptible soybeans and other plants to determine effectiveness of **iron** *chelates* in plant nutrition. 100160
A study of certain environmental factors and **mineral** *chelation* on the reproductive performance of young and yearling turkey hens. 097005

CHELONUS

Biological and ecological studies of the **parasitoid** *Chelonus* inanitus (L) (Hymenoptera: Braconidae) in Israel. II. releases of adults in a cotton field. 102330
Baculovirus-like particles in the reproductive tracts of female parasitoid wasps [Cardiochiles nigriceps, Microplitis croceipes, *Chelonus* **texanus** parasitoids of the budworm, budworm, Heliothis virescens]. 102295

CHEMISTRY

Agricultural waste products, fertilizers, and *chemical* **additives** as factors of environmental hygiene. I. 104473
Agricultural waste products, fertilizers, and *chemical* **additives** as factors of environmental hygiene. II. 104474
Effect of **aerial** *chemical* care of young stands [with 2,4-dichlorophenoxyacetic acid] on the incidence of pine trees infected with trunk rust, Melampsora lini (A. Br.) Rostr. 101605
Chemicals in **agricultural** use [Environmental health]. 094843
Statistics on acute exposure from **agricultural** *chemicals* [Pesticides poisoning]. 094845
Major rules for the application of **agricultural** *chemicals* [Pesticides]. 102738
Aerial application of **agricultural** *chemicals* [Aircraft]. 103575
Material cost and availability [of fertilizers and **agricultural** *chemicals].* 104122
Progress and goals in using *chemicals* [in **agriculture]** in the Ukraine [Fertilizers, soil improvement materials]. 104086
Chemicals and **allied** products [Waste control]. 104545
Economics of *chemical* **amelioration** of acid and salty soils. 104199
U.S. Government regulations for pesticide uses with specialemphasis on **analytical** *chemical* aspects. 102651
Evaluation of the usefulness of some physical, *chemical* and **anatomic** characters of honeybee workers [Apis mellifera]. 103267
Toward a general theory of plant **antiherbivore** *chemistry* [Toxins and digestibility-reducing substances]. 102185
Girdling and **applying** *chemicals* promote rapid rooting of sycamore [Platanus occidentalis] cuttings. 100689
Economics as an input in environmental law: Anderson v. **Atlas** *Chemical* Industries, Inc. 104596
Chemistry of **ayurvedic** crude drugs. IV. Guggulu (resin from Commiphora mukul). 4. Absolute stereochemistry of mukulol. 100010
Chemical and **biologic** studies of parathyroid hormone, proparathyroid hormone, and fragments of parathyroid hormone [Bovine, porcine, human]. 096376
Integration of *chemical* and **biological** changes in foods and their influence on quality [Safety attributes]. 095501
Chemical and **biological** preparations for the control of pests and diseases of plants in collective and private owned fruit orchards: Chemicals for the control of fungus diseases of plants. 101487
Chemistry and **biosynthesis** of plant galactolipids. 099960
Physico-chemical and **bromatologic** investigations on meats of the Gargano goats and the 40 to 60 percent calorie ratio of their components. 095676
The *chemistry* of **calcium** phosphate precipitation in cane [sugarcane] juice clarification. 095807
Economical aspects of replacing forest species and the prospects of *chemical* **care** of young stands composition. 098138
Study of reproduction biology of forest herbs for the purpose of improving the *chemical* **care** of forest and preserving useful plant species. 100300
Chemistry of the **carotenoids** [Plant biochemistry]. 099757
The effect of treating spinach seeds with **certain** *chemical* substances on their germination. 100448
Physical and *chemical* **changes** during alcoholization of grape wines. 095978
Chemical **characterization** studies of the nuclear polyhedrosis virus of Porthetria dispar [Forest pests, biological control]. 102495
Ultrastructure and *chemistry* of **Clarkia** elegans leaf wax: acomparative study with Brassica leaf waxes. 099950
Clinical laboratory data: what; when; why. III. **Clinical** *chemistry* [Veterinary medicine]. 097102
Terminology of chemical releasing stimuli in intraspecific and interspecific interactions [Synomone, apneumone, *chemical* **communication].** 102967
Effect of high meat diet on bacterial flora and *chemical* **components** of human feces: a preliminary report [Health hazards]. 094909
Characteristics of edible plant tissues *[Chemical* **composition,** changes during storage and processing of foods and fruits]. 095497
Chemical **composition** and some properties of modified buffaloes' milk for infant feeding. 095617
Effect of different methods of processing must and wine on their quality and *chemical* **composition.** 095954
About the *chemical* **composition** and nature of aromatic substances in muscat wines. 095969
Chemical **composition** of microbial matter in the rumen [Sheep]. 096472
Grass tetany hazard [in cattle] of cereal forages based upon *chemical* **composition.** 097681
Chemical **composition** of acid-soluble part of black alkaline solutions after hardwood pulping. 098300
Investigation of changes in *chemical* **composition** of wood lignin during its polycondensation with phenol and formaldehyde. 098329
Some pecularities of *chemical* **composition** of archaeological wood. 098355
Study of *chemical* **composition** of extractives in unbleached sulphite pulp obtained from sound and mixture of sound and rotten aspen wood. 098363
Intrapopulation variability of the *chemical* **composition** in timothy [Phleum]. 099093
Variability of the *chemical* **composition** of some herbs [and] flavoring vegetables] from the region north of the Arctic Circle [Parsley, dill, parsnip, celery]. 099573
Chemical **composition** of essential oil from Mentha spicata L. Subsp. longifolia (L) Tacik. 099728
Principles and significance of plant diagnosis *[Chemical* **composition].** 099848
Yield and *chemical* **composition** of alfalfa as influenced by high rates of K [potassium] top-dressed as KCl and K2SO4 [potassium chloride, potassium sulfate]. 100077
Effect of saline water irrigation on *chemical* **composition** of 'Karchia' wheat in farmers fields. 100210
Evaluation of nutrition conditions of maize by methods of plant and soil diagnosis *[Chemical* **composition].** 100227
Peculiarities of the *chemical* **composition** of radishes in the region north of the Arctic Circle. 100391
Comparative study of the *chemical* **composition** of two cultivated mushroom strains (Agaricus bisporus L.). 100426
Calculation of an optimal yield of grapes according to the *chemical* **composition** of the organs of a grapevine bush. 100453
Chemical **composition** of fruit of the eggplant belonging to the eastern Asiatic subspecies. 100598
The extractives of Japanese Cladrastis species. V. *Chemical* **constituents** from the leaves of Cladrastis platycarpa Makino. 099965
Chemical and biological preparations for the control of pests and diseases of plants in collective and private owned fruit orchards: *Chemicals* for the **control** of fungus diseases of plants. 101487
Non-chemical **control** of plant diseases in India [Field crops]. 101896
Studies on the systemic action of some *chemical* in the **control** of root-knot nematodes [Meloidogyne incognita, tomatoes]. 101982
Chemical **control** of weeds in the forest. 102088
Ecological studies on the control of broad leaf dock, Rumexobtusifolius L., in the Grassland. III. *Chemical* **control** of broad leaf dock in the heavily snowing regions. 102092
Studies on the *chemical* **control** of the corn borer Diatraea saccharalis Fab. on the maize crop (1973/74) [Argentina]. 102329
The 5th Agricultural Aviation Congress, Sept. 1975 [on *chemical* **control** of pests, forest fires and insect vectors]. 102679
Chemical **conversion** of C20 gibberellins into C19 gibberellins [Plant hormones]. 099657
Search for non **corrosive** *chemicals* for increasing resin yield from chirpine (Pinus roxburghii Sargent). 098282
The biology and *chemistry* of the **Cruciferae**—general conclusions. 099793
Chemical **desiccation** of grain sorghum [by controlling perennial weeds]. 102075
Chemical **drying** of alfalfa seed crops [Desiccants, harvesting aid]. 100997
Dufour's gland secretion of Myrimica rubra: *chemical,* **electrophysiological,** and ethological studies. 102996
Basic structure and possible changes of [vegetable] proteins as *chemical* **entities.** 095518
Chemical and **enzymatic** degradation of the cell walls of Helminthosporium spiciferum [Fungi]. The protective role of pigments. 099628
Chemical **evaluation** of vegetables grown with conventional or organic soil [fertilizer] amendments. 103923
Chemical **examination** of timbers of Melia species. 098203
Chemical **examination** of Amaranthus spinosus Linn [Amaranthaceae]. 099682
An appropriate material and technical basis of provision of *chemicals* for each **farm** [Fertilizers, pesticides, Molodechno Region]. 104045
Automated system of administration over the provision of farm production with *chemicals* [**Fertilizers,** pesticides]. 094274
Effect of organic manure and *chemical* **fertilizers** on opium poppy [Papaver]. III. Role of phosphate on the yield of opium, morphine and poppy seeds. 103983
Safety evaluation of *chemicals* in **food:** toxicological data profiles for pesticides. 1. Carbamate and organophosphorus insecticides used in agriculture and public health. 094819
Introduction to **food** *chemistry.* 095502
Chemical **forms** of manganese and zinc in phloem exudates [Castorbeans]. 099892
Extraction, purification and *chemistry* of **gibberellins** [from the fungus Gibberella fujikuroi and higher plants]. 099774
Secondary plant substances as materials for *chemical* **high** quality breeding in higher plants. 099379
Some aspects of *chemical* **hygiene** of milk and dairy products. 094915
Society of *chemical* **industry** food supplies: the outlook for Britain [Summaries of papers prsented at a symposium]. 094722
Application of the waste of *chemical* **industry** for the reclamation of Solonetz soils. 104347
Chemical **injections** for thinning pole-size hardwoods in the Ozarks [Picloram, 2,4-dichlorophenoxyacetic acid]. 102209
Nitrate reduction in the subsoil. IV. Some physical properties of the subsoil, their influence on *chemical* **interchange** in the soil, and on ground water quality. 103841
Chemical **investigation** of Fagonia cretica. 099729
Lysimetric and *chemical* **investigations** of pedological changes. 4. Mineral equilibria in relation to potassium and magnesium-enriched environment in the profile. 103825
Nitrate reduction in the subsoil. II. General description of boring profiles, and *chemical* **investigations** on the profile cores. 103839
Engineering properties of black liquors in process design and development of **kraft** *chemical* recovery units. 098287
How to proceed in the event of [honeybee] injuries produced by *chemicals* **[Legal** aspects]. 103300
Main *chemical* components of rye chloroplast membranes. 100173
Microbial degration of 1-naphthol [the **major** *chemical* and biological breakdown product of the insecticide carbaryl]. 102662
Chemical **manipulation** of the heat resistance of Clostridiumbotulinum spores [Bacterial contamination of foods]. 094802
Chemical and **mechanical** maintenance [Control of weeds in young windbreaks and shelterbelts]. 102180
Chemical **messengers** in insects and plants [Allomones, kairomones, pheromones]. 103089
Up-to-date possibilities of improving the *chemical* **method** of forest care [Herbicides, silvicides]. 102190
Achievements and prospects for further development of *chemical* **methods** of control of [fungus] plant diseases in Poland. 101334
Estimation of *chemical* **methods** applied in the protection of medicinal plants [from fungus diseases, insect pests and weeds]. 101851
Chemical **methods** of plant immunization. 101910
Agrotechnical and *chemical* **methods** of controling wind erosion on cotton fields. 104232
Wastewater treatment: physical and *chemical* **methods.** 104585
Structural investigation of lac resin. X. Structure and *stereo-chemistry* of **methyl** laccolate gamma-lactone and its epimer [obtained by esterification of the gum resulting from the alkaline fission of shellac]. 098289
The *chemistry* of some **microbially** induced flavor defects in milk and dairy foods [Streptococcus lactis var. maltigenes]. 094814
Chemical and **microbiological** studies on Mish [Dairy products]. 095548
Rheological, *chemical* and **microstructural** studies of rapeseed protein dispersions. 095778
Chemical **models** for plant wax morphogenesis [Eucalyptus saligna, Eucalyptus globulus]. 100663
Chemical **modification** studies on te alpha-D-galactophyranosyl binding lectin from the seeds of Bandeiraea simplicifolia. 099539
Use of *chemical* **mutagenesis** for the production of millet forms with an increased protein content. 099407
Mutants of sweet pepper induced by *chemical* **mutagens.** 099232
Forms of gladiolus produced by treatment with *chemical* **mutagens.** 099347
Variability of varieties and forms of buckwheat in M1 [generation] as a result of exposure to *chemical* **mutagens.** 099396
Effect of physical and *chemical* **mutagens** on the anatomical and morphological structure of sugarbeets. 099419
Chemical **nature** of substances determining the bouquet of champagne. 095952
Screening by **negative** *chemical* ionization mass spectrometry for environmental contamination with toxic [pesticide] residues: application to human urines. 102762
Oxidized acids and **new** *chemical* species [Fats]. 095523
Genetic nature of some *chemical* **nutants** of sunflower. 099230

Water pollution by **organic** *chemicals.* 104621
Toxicological assessment of hexachlorobiphenyl isomers and 2,3,7,8-tetrachlorodibenzofuran in chicks. I. Relationship of *chemical* **parameters.** 097864
Influence of some *chemical* and **physical** factors on the proteolysis of cheese caseins. 095553
Chemical and **physical** properties of eroded soils on slopes from the hydrographic fund in western Podolia and their alteration under the effect of forest plantings. 103797
Casein studies in ewe's milk. IV. Determination of the *chemical* and **physicochemical** characteristics of gamma-casein. 095673
Comparison of fungal glucose oxidases [Aspergillus niger, Penicillium glaucum]. *Chemical,* **physicochemical** and immunological studies. 099540
Environmental **pollution** and *chemistry.* 104635
Dimethylnitrosamine and nitrosopyrrolidine **[potent** *chemical* carcinogens] in fumes produced during the frying of bacon. 094838
Agrotechnical and *chemical* **practices** for weed control in the plantings of yellow lupine on sandy and loamy-sandy soils. 102107
Effectiveness of **preharvesting** *air-chemical* desiccation of spring wheat in the Perm' Region. 100882
The effect of *chemical* **pre-impregnation** on thermomechanical pulping of hardwoods. 098269
Transformation of sugars and amino acids during the *chemical* **preservation** of meadow plants [Silage]. 096024
Studies on groundnut proteins. V. *Physico-chemical* **properties** of arachin prepared by different methods. 095760
Some physical and *chemical* **properties** of swine vesicular disease virus (SVDV). 097238
Some physical and *chemical* **properties** of the lettuce seed endosperm. 100405
Bitter substances of apples. III. Identification and physical and *chemical* **properties** of secondary metabolites of the fungus Trichothecium roseum. 101573
Physico-chemical **properties** of soil under phosphate application in Stylosanthes humilis. 103763
Growth of air-cured tobacco and change of *chemical* **property** of newly reclaimed field on the tertiary-derived soil. 103713
Using *chemicals* to **protect** Utah's [honey] bees. 103289
The grounding of the selection of construction materials in designing machines for *chemical* **protection** of plants. 103589
The methodology of evaluating criterial parameters of the fluid jet from the monitor in *chemical* **protection** of generative organs of coniferous trees. 103590
Carbonyl-amine reactions in **protein** *chemistry.* 095392
Will TMP [thermomechanical pulp] replace groundwood or *chemical* **pulp** in newsprint? 098280
Studies on *chemical* **quality** and feeding value of Italian ryegrass [Lolium multiflorum] silage. I. Influence of growth stage of Italian ryegrass on fermentative quality and and feeding value of silage [Dairy cattle]. 095999
Chemical **reagents** in the hand of the mycologist. 2. Some dyes for microscopic study [of fungi]. 099056
Terminology of *chemical* **releasing** stimuli in intraspecific and interspecific interactions [Synomone, apneumone, chemical communication]. 102967
Chemical **repellents** can save crops [Birds and mammals control]. 102060
Chemical **sensitivity** of the hyperneural nerve-muscle preparation of the American cockroach [Periplaneta americana]. 102993
Preparation and use of azomethine-H for colorimetric determination of boron **[Soil** *chemistry].* 103727
Soil *chemical* properties and crop yields as affected by continuous fertilizing. 103879
Response of sugarcane to filter press mud and N, P, and K [nitrogen, phosphorus, potassium] fertilizers. II. Effects on plant composition and **soil** *chemical* properties. 103884
Treatment of young [forest] **stands** *chemical* weed control. 102114
Dynamics of *chemical* **substances** during the maturation of different varieties of tangerines. 100584
Chemistry of **Sumithion** [fenitrothion, organophosphorus insecticide]. 102766
Chemical **synthesis** and modification of oligosaccharides, polysaccharides, glycoproteins, enzymes, and glycolipids. 095422
Chrome leather waterproofing by treatment with aldehydes and carboxylic acids. II. Effects of some *chemicals* and **tanning,** greasing and dyeing products. 095682
Rapid spectrophotometric determination of glutaraldehydes *[Chemistry* of **tanning].** 095686
Chemistry and **technology** of soybeans. 095753
Provision of farm production with *chemicals:* **tenth** Five-Year-Plan period [Fertilizers, pesticides]. 104087
The provision of farm production with *chemicals* in the **tenth** Five-Year-Plan period [Fertilizers, pesticides]. 104090
Studies on the *chemical* **testing** method for the special processing raw silk. 1. On the properties of raw silk grafted with methylmethacrylate and styrene. 095513
Induction of furano-terpene production and formation of the enzyme system from mevalonate to isopentenyl pyrophosphate in sweetpotato root tissue injured by Ceratocystis fimbriata and by **toxic** *chemicals.* 101572
A *chemical* **trail** from the silk of the eastern tent caterpillar Malacosoma americanum (Lepidoptera: Lasiocampidae). 102963
Equipment for *chemical* **treatment** of potatoes moving into storage. 103581
Enzymatic hydrolysis of cellulosic wastes to glucose [for the production of food, fuel, and *chemicals,* **Trichoderma** viride, fungal fermetative agent]. 095489
Chemical **variations** of Datura arborea L [Alkaloid analysis]. 100393
Results from trials for *chemical* **weed** control in grain legumes. 102112
Chemical **weed** control in dwarf wheats with particular reference to grass weeds. 102115
Studies on *chemical* **weed** control in sugarcane (Saccharum officinarum L.). 102161
Tests of *chemical* **weed** control of outdoor flower cultures. 102168
Chemical **weed** control in potatoes. 102175
Chemical **weed** control in sugarbeet (Beta vulgaris L.). 102176
Management of riversides: *chemical* **weeding.** 102094
Changes in spruce **wood** *chemical* composition during acid sulphite cooking. 098298
Radiation and *chemical* **wood** modification by steamphase inpregnation. 098349
Some problems of theoretical studies in **wood** *chemistry* (review). 098357

CHEMISTS

Czech *chemists* in agricultural education and research. 093981

CHEMORECEPTOR

Analysis of inhibitory effect of dopamine on carotid **body** *chemoreceptors* in cats. 096178

CHEMOSTAT

Growth characteristics of Acer pseudoplatanus L. Cells grown in *chemostat* **culture** in the presence of urea alone as a source of nitrogen. 100674

CHEMOSTERILANTS

In vitro inhibition of spermatogenesis by *chemosterilants* in the **cabbage** armyworm, Mamestra brassicae L. 102381

CHEMOTAXIS

Brood transport by young workers of Tapinoma erraticum (Formicidae, Dolichoderinae): role of mechanical and *chemotactic* **stimuli** from the brood. 102839

CHEMOTAXONOMY

Chemotaxonomic **aspects** of the buchu species Agathosma betulina (Pillans) and Agathosma crenulata (Pilans) from local plantings. 098641
Numerical taxonomy: *chemotaxonomy* and **computer** at systematics service. 098706
Chemotaxonomy: **critical** analysis of the use of biochemical features from seed proteins. Example of variability from technical origin given by a kinetic study of the dialysis. 098703
Chemotaxonomy of the **Papillionaceae.** I. Quantative study of 33 species. Dry weight and nitrogen percentage of different protein families. 098704
Chemotaxonomy of some **problematic** Palaeozoic plants. 098695

CHEMOTHERAPY

Broiler growth promoting effect of a *chemotherapeutic* **agent,** BV 9391. 096412
Studies on the development and *chemotherapy* of **larvae** of Parascaris equorum (Nematoda: Ascaridoidea) in experimentally and naturally infected foals. 097419

CHENOPODIACEAE

Karyosystematics of species of the genera Camphorosma L. And Panderia Fisch. et May, **family** *Chenopodiaceae* Less. , tribe Camphorosmeae Moq. 098537

CHENOPODIUM

Competition between wheat (Triticum aestivum L.) and *Chenopodium* **album** L. under varying levels of soil moisture, nitrogen and weed intensities. 102120
The effect of photoperiod on night respiration of a short day flowering plant, *Chenopodium* **polyspermum** L. 099620
Ultrastructure of the leaves of *Chenopodium* **quinoa** Willd. Infected with apple chlorotic leaf spot virus. 101729
The pattern of reproductive development in *Chenopodium* **rubrum** L. 099324
The possible role of auxin in reversing photoperiodic induction of flowering in a short-day plant, *Chenopodium* **rubrum** L. 100047

CHERNOZEM

Sandy and loamy-sandy soddy-podzolic soils in the *Non-Chernozem* **Belt** of the European part of the USSR. 103756
The problem of water regime of sandy soils of soddy-podzolic type in the *Non-Chernozem* **Belt** of the USSR. 103757
Effect of microfertilizers on maize sown after sugarbeets on **calcareous** *Chernozems.* 104067
Electrical amelioration of soda Solonetzes in the **central** *Chernozem* region. 104213
The influence of drainage land reclamation in **central** *Chernozem* zone on river runoff characteristics and floodplain components. 104244
Sulphur nutrition of maize in hill application of fertilizers on **common** *Chernozem.* 100135
Nitrification ability of **common** *Chernozem* in relation to cultural practices. 103710
Effect of water erosion on physical properties and nutritional regime of **common** *Chernozems.* 104168
Balance of nutrients in a sugarbeet crop rotation on a **deep** *Chernozem* in the northern part of the Ukrainian steppe [Wheat, maize, peas]. 100122
Regular application of superphosphate in high levels on **deep** *Chernozem.* 104088
Study on the productivity and fertilizing of an **eroded** *Chernozem* soil. 103880
Effect of nitrogenous fertilizers on the yield of hemp on **leached** *Chernozem* in the central foothill region of the Caucasus. 104070
Methods of determining nitrogen in soil for the diagnosis of plant provision with this element on **leached** *Chernozems* inKuban'. 104079
Single and split application of fertilizers in maize for silage on **ordinary** *Chernozems.* 100231
Changes in argillic material in *Chernozems* **planted** to rice. 103804
Results of testing some forest tree and shrub species in the zone of **southern** *Chernozems.* 098105
Application of fertilizers in winter wheat and spring barley on **southern** *Chernozems* and dark Chestnut soils. 104057
Development of a systems of practices promoting the production of preset yields [of winter wheat, sugarbeets and maize] on **typical** *Chernozems* in the Kursk Region. 100794
Effect of plant density and fertilizers on the yield of green mass of maize on the *Chernozems* in the **Volgograd** Region. 100730
Effect and aftereffect of fertilizers on maize yield and its quality in the *Central-Chernozem* **zone.** 100124
Legume and grass mixtures for irrigated cultivated pastures in the *Central-Chernozem* **zone.** 100892

CHERRIES

The effects of various intensities of light on the growth of four sources of **black** *cherry.* 100679
Seed transmission of cherry leaf roll virus in **black** *cherry* (Prunus serotina Ehrh.). 101824
Evaluation of animal hazards to spot-seeded **black** *cherry* [Prunus serotina] in central Tennessee. 102052
Skin **cracking** in *cherries.* 102057
Cracking in *cherries* **[Disorders** of varying etiology]. 102048
Labelling of adult **European** *cherry* fruit flies (Rhagoletis cerasi L.) by phosphorus 32 [isotope]. 102412
Influence of site on the sum of critical developmental temperatures of the *cherry* **fruit** fly (Rhagoletis cerasi L.). 102455
Some changes in *cherry* **fruits** during the preharvest ripening period and after short-term storage. 100441
Mechanical **harvesting** of *cherries.* 103434
Seed transmission of *cherry* **leaf** roll virus in black cherry (Prunus serotina Ehrh.). 101824
Effect of gamma rays on **mazzard** *cherries.* 100430
Nutrient element accumulation in **mazzard** *cherry* leaves as influenced by the rootstock. 100438
Study in nursery of mahaleb and wild sweet cherry forms picked out for **mazzard** *cherry* rootstocks. 101156
Investigations into the uptake, translocation and residue dynamics on the growth retardant B-9 (succinic acid dimethylhydrazide) with the 'Altenburger **Melonenkursche'** *cherry* variety. 100362
Freeze dehydrated compressed **sour** *cherries.* II. Stability of anthocyanins during storage. 095925
Studies on the biology of pollen formed by **sour** *cherry* flowers flowering in different stages of the blooming period [Comparison of 5 cultivars]. 100338
The influence of honeybee pollination on **sour** *cherry* yield. 103251
Study in nursery of mahaleb and wild **sweet** *cherry* forms picked out for mazzard cherry rootstocks. 101156
Karyomorphological studies on some *cherry* **trees** in Japan. 099005

CHEST *see* THORACIC

CHESTNUTS

American *chestnut* [Castanea dentata], a new host in California for the mistletoe Phoradendron villosum. 102172
Chestnut **blight** [Endothia parasitica] research at the Station [Castanea]. 101423
Breeding for resistance to *chestnut* **blight** [Endothia parasitica] at the University of Tennessee. 101585
Survival, growth, and resistance to *chestnut* **blight** [Endothia parasitica] of chestnut hybrids and selected families of Chinese chestnut, 20 years after establishment. 101589
Biological control of blight [Endothia parasitica] may revive the *chestnut* **[Castanea].** 101422
Severity of natural Endothia parasitica infection on **Chinese** *chestnut* [Castanea mollissima]. 101563
Survival, growth, and resistance to chestnut blight [Endothia parasitica] of chestnut hybrids and selected families of **Chinese** *chestnut,* 20 years after establishment. 101589
Application of fertilizers in winter wheat and spring barley on southern Chernozems and **dark** *Chestnut* soils. 104057
Studies on **grafting** *chestnuts* (Castanea sativa Mill.) in the nursery. I. Growth of seedlings and time of grafting on dormant buds. 101153
Survival, growth, and resistance to chestnut blight [Endothia parasitica] of *chestnut* **hybrids** and selected families of Chinese chestnut, 20 years after establishment. 101589

New development in *chestnut* **research.** 101238
Chinese **water** *chestnut* [Eleocharis dulcis] 'the sweet delight of the marsh' [Cultivation]. 101017

CHIASMA

Chiasma **frequencies** in primary trisomics of pearlmillet [Genetics]. 099135

CHICKENS

Classification of **abnormal** *chicken* eggs. 095740
Reduced symptoms of anaphylaxis in *chickens* by **ACTH** [adrenocorticotropic hormone] or heat. 097748
Changes of the fluorescence of aminergic neurons after systemic administration of various drugs in the intracerebellum in the **adult** *chicken* (Gallus domesticus). 096150
Differential effects of high dietary levels of vitamin A onthe vitamin E-selenium nutrition of young and **adult** *chickens.* 096714
Strains of infectious bronchitis virus on the Delmarva peninsula and in **Arkansas** *[Chickens].* 097267
Susceptibility of *chickens* to **avian** encephalomyelitis virus. III. Behavior of the virus in growing chicks. 097457
The lability of aldimine crosslinks on dissolution of *chicken* **bone** collagen by protein denaturants. 096390
Effect of dietary aflatoxin [produced by the fungus Aspergillus flavus] on fertility, hatchability, and progeny performance of broiler **breeder** *hens* [Aflatoxicosis]. 096642
Estimating daily nurient requirements for broiler **breeder** *hens.* 096676
A comparison of the daily energy needs of the normal and dwarf broiler **breeder** *hen.* 096746
Safety evaluation of gentian violet [Gentiana] for **breeder** *chickens.* 096763
Accumulation and excretion of certain organochlorine insecticides in broiler **breeder** *hens.* 102701
The egg and you [Cholesterol content, **breeding** *chickens* to lay eggs with less cholesterol]. 095728
Metabolism of avian twitch and tonus muscle [Quail, guineahen, **broiler** *chicken].* 096313
The true metabolizable energy values of several feedingstuffs measured with roosters, laying hens, turkeys and **broiler** *hens.* 096769
Dermatitis produced by Rhodotorula glutins [yeast] in **broiler-age** *chickens.* 097252
Effective breeding methods to improve the fattening and slaughter performance of *chicken* **broilers.** 097049
Brood *hen* flocks. 096082
Egg quality of dwarf **brood** *hens.* 096898
Effect of environment and dietary energy on **caged** *Leghorn* pullet performance [Poultry]. 096751
Reducible crosslinks of type I and type II collagens of *chicken* **cartilage.** 096357
Synovitis in *chickens* **caused** by Salmonella gallinarum-pullorum. 097370
Paralysis in *chickens* **caused** by larvae of the poultry tick, Argas persicus. 102555
The fractionation of active and inactive chromatins from erythroid **cells** of *chicken.* 096358
Lysis of Rous sarcoma virus by antibody to *chicken* **cells** and complement. 097282
Ahemeral photoperiods for **chicken** *hens.* 096509
Comparative studies on the effect of cholesterol feeding on biliary **composition** *[Chickens].* 094954
Acceptability of three **convenience** *chicken* products. 095118
Homemaking helps: *chicken* **[Cookery].** 095106
Microscopic lesions suggestive of Marek's disease in a black francolin (Francolinus f. francolinus) [similar to those **described** in *chickens].* 097262
Why *chickens* **die?** 097184
Aerosol vaccination against Newcastle disease. II. Effect of vaccine **diluents** *[Chickens].* 097246
Monitoring infectious bursal disease (IBD) antibodies by agar gel precipitin (AGP): a comparative study [Virus **diseases,** *chickens].* 097594
Preference decisions of **domestic** *hens* for wire or litter floors. 096205
Characterization of the adenosinetriphosphatase and calsequestrin isolated from sarcoplasmic reticulum of normal and **dystrophic** *chickens.* 096283
Enzymological studies on hereditary avian muscular **dystrophy** *[Chickens].* 096423
Free amino acids in *hen's* **egg** and their change during storage. 095731
Macromolecular components of the vitelline membrane of *hen's* **egg.** II. Physicochemical properties of glycoprotein I. 095735
Changes in nitrogen compounds of *hen* **egg** white powder resulting from technological addition of "Pancreatin". 095750
Chicken **egg** yolk enhances focus formation by subgroup B, C and D Rous sarcoma viruses [Assaying for avian leukosis virus antibodies]. 097408
Microelement content in *hen* **eggs** at commercial brooders. 096326
Coccidiosis; effects of high environmental temperatures on anticoccidial protection *[Chickens,* **Eimeria** acervulina]. 097477
Studies on the relationship between intestinal flora and cecal coccidiosis in *chicken* **[Eimeria** tenella, Clostridium perfringens]. 097484
Coccidiosis: immunity and the prospects for prophylactic immunisation *[Chickens,* **Eimeria].** 097662
A possible association between plaque type and pathogenicity of Marek's disease herpesvirus *[Chicken* **embryo** fibroblast. 097244
Competition between nonplaquing and plaquing strains of Newcastle disease virus as affected by temperature *[Chicken* **embryo** fibroblasts]. 097250
Exaltation of *chickens* **embryo** adapted modified live duck plague vaccine virus. 097376
Microapplicator and micropipette for inoculation of the **embryonated** *chicken* egg [in the bioassay of aflatoxins]. 097788
Teratogenicity of patulin and patulin adducts formed with cysteine *[Chicken* **embryos].** 094810
Emergence pattern of egg-adapted avian encephalomyelitis virus by alternating passage in *chickens* and **embryos.** 097257
Anorexia as the probable cause of plasma alpha-lipoprotein changes seen in avian **erythroblastosis** *[Chickens].* 097710
Determination of vanilmandelic acid in pig urine and *chicken* **feces** by gas-liquid chromatography. 096191
Waste fat in fat-containing bleaching earth as **feed** for *chickens.* 096603
New research with *chickens* **[Feeding].** 096730
The effect of restricted watering time on Red X Rock sexlinked **females** *[Chickens].* 096767
Inhibition of avian sarcoma virus replication by glucosamine: a specific effect on the synthesis and processing of viral proteins *[Chicken* **fibroblasts].** 097670
Variation of some physiological parameters in *chickens* **following** intake of entomoxan. 096217
Upper respiratory dead space in the *chicken:* its **fraction** of the tidal volume. 096314
Microbiological quality of frozen **fried** *chicken* products obtained from a retail store. 094899
Studies on the organisation of the *chicken* **genome** and its expression during myogenesis in vitro [DNA reassociation, DNA-RNA hybridization]. 096901
The effect of phosphorylation of *[chicken]* **gizzard** myosin on actin activation. 096227
Possible role of methionine in the synthesis of the *chicken* **globin** chains. 096221
Inclusion body hepatitis in *chickens* in **Greece.** 097327
Eating quality of **ground** *chicken-soy* patties. 095196
The **guinea** *hen* as a meat and egg producer. 096088
Conditions favourable for the contamination of killed **healthy** *chickens* with Salmonellae and manner of preventing it [Slaughterhouses, sanitation]. 094850
Ahemeral photoperiods for *chicken* **hens.** 096509
Inhibition of multiple ovulation in **hypophysectomized** *hens* treated with gonadotrophins. 096961
Localization of vitellogenin and serum albumin in hepatic parenchymal cells of normal and estradiol treated **immature** *chickens.* 096244
Transfer of hypogammaglobulinemia in two **inbred** *chicken* strains by spleen cells from bursectomized donors [Immunosuppression]. 097413
Variant infectious bronchitis virus isolated from **Indiana** *chickens.* 097485
Experimental studies on (I) serum biochemical, (II) tissue histochemical changes inexperimentally **infected** *chickens* by different developmental stages of Ascaridia galli (Schrank, 1788). 097216
Effect of route of Newcastle disease vaccination on the incidence of airsacculitis in *chickens* **infected** with Mycoplasma synoviae. 097254
Early synthesis of Semliki forest virus-specific proteins in **infected** *chicken* cells. 097424
Plasma steroid tendency, social environment and Eimeria necatrix **infection** *[Chickens].* 097483
Serologic studies with Mycoplasma synoviae in experimentally **inoculated** *chickens.* 097266
Partial replacement of chicken semen by turkey semen in artificial **insemination** of *chickens.* 097008
Effect of dicumarol on D-galactose absorption and oxygen consumption by the *chicken* **intestine** [Metabolism]. 096548
Eimeria maxima: a comparison of two laboratory strains with a fresh **isolate** *[Chickens].* 097465
Reticuloendotheliosis group virus pathogenic to *chicken* **isolated** from material infected with turkey herpesvirus (HVT). 097265
Natural resistance to Marek's disease at hatching in *chickens* **lacking** maternal antibody, and relationship between this early resistance and resistance acquired with age. 097263
Technologic equipment for the management of **laying** *hens* effects favourably the share of eggs with damaged shell [Poultry, housing]. 096100
Pesticide residues in eggs and chicks from **laying** *hens* fed low levels of several chlorinated hydrocarbon pesticides. 096759
The true metabolizable energy values of several feedingstuffs measured with roosters, **laying** *hens,* turkeys and broiler hens. 096769
An occurrence of avian influenza virus infection in **laying** *chickens.* 097248
Mortality and production characteristics of **laying** *chickens* fed high- and low-erucic acid rapseed oils. 097747
Effect of citrinin, a mycotoxin produced by Penicillium citrinum, on **laying** *hens* and young broiler chicks. 097840
Effects of artificial insemination administration on egg laying, health and fertility in White **Leghorn** *chickens.* 096999
Short total photoperios and egg production of White **Leghorns** *[Chickens].* 096515
Cytosol 5'-nucleotidase from *chicken* **liver:** Purification and some properties. 096236
Hormonal control of vitellogenin synthesis in avian **liver** *[Chickens].* 096485
Studies into the effect of fly ash emission on broiler performance and health [Dust contamination of the *chicken* **lung].** 097791
Genetic and vaccination-induced resistance of *chickens* to **lymphoid** tumor transplants. 1. Marek's disease tumor transplant (JMV). 097259
Genetic and vaccination-induced resistance of *chickens* to **lymphoid** tumor transplants. 2. Transmissible lymphoid tumor of Olson. 097260
Estimation of tryptophyl and tyrosyl exposure in tryptophanrich proteins by ultraviolet difference spectrophotometry. *[Hen]* **lysozyme** and [bovine] chymotrypsinogen. 096419
Mutual relation and dependence of salmonellosis in birds and **man** *[Chickens].* 097365
Surveys and control of Salmonella contamination of *chicken* **meat.** VIII. Experiments on oral inoculation of chicks with Salmonella sofia culture. 094879
On the virulence of Salmonella **muenster** for *chickens.* 097367
Study of immune response of *chickens* to **Newcastle** (Ranikhet) disease vaccine. 097476
Eggs: the most regular quotations. *Chickens:* the **offer** remains strong [Marketing]. 094583
Variations of PTA [hydrochloric phosphotungstic]-retaining cell coat components on bursal stem cells during *chicken* **ontogeny.** 096462
Eimeria acervulina, Eimeria brunetti, and Eimeria maxima: pathogenic effects of single or mixed infections with low doses of **oocysts** in *chickens.* 097332
Partial purification of a progesterone-inducible messenger RNA (avidin) from *hen* **oviduct.** 096331
Partial purification of a progesterone-inducible messenger RNA (avidin) from *hen* **oviduct.** 096902
Histochemical and autoradiographic investigations on the nucleolus in *chicken* **ovopoesis.** 096195
Efficacy of chlortetracycline against Mycoplasma synoviae isolated in two **periods** *[Chickens].* 097255
Using rye in diets for assaying antibiotic growth **promotion** *[Chickens].* 096736
The influence of fiber in the diet on dilation (hypertrophy) of the **proventriculus** in *chickens.* 096648
Treatment of Toprina [dried yeast protein] with rRNA and **ribonucleases** in the *chicken.* 096312
A study on the mechanism of salmonellosis transmission in birds *[Chickens,* **Salmonella** typhimurium]. 097358
Attempts at creating immunologic tolerance in *hens* to **Salmonella** gallinarum-pullorum. 097359
Microneutralization test for determination of Newcastle disease antibodies in reconstituted frozen **secondary** *chicken* kidney cells. 097536
Partial replacement of *chicken* **semen** by turkey semen in artificial insemination of chickens. 097008
Thyroid stimulating hormone in the *chicken.* III. **Serum** glycoproteins. 096152
The little flour beetles [as pests of] **slaughter** *chickens.* 102559
Raising **small** *chickens* [Management]. 094224
The ovalbumin gene. Partial purification of the coding **strand** *[Chickens].* 096938
Evaluation of avian mycoplasma membranes as antigens [Mycoplasma gallisepticum and Mycoplasma **synoviae,** *chickens].* 097258
Synthesis of functional aldolase tetramers in a heterologous cell-free **system** *[Chickens].* 096430
Effects of high environmental temperatures on cecal coccidiosis [Eimeria **tenella,** *chickens].* 097479
Residues of atrazine (2-chloro-4-ethylamino-6-isopropylamino-s-triazine) and its metabolites in *chicken* **tissues** [Pesticide residues in poultry and eggs]. 102714
Lymphatic tissue response in *chickens* **treated** with tri-o-tolyl phosphate. 097823
Plasma LH [luteinizing hormone] and progesterone concentrations in the **turkey** *hen* during the ovulatory cycle. 096513
Effect of feed regimes on body weight of **turkey** *hens* at 32 weeks of age and subsequent reproductive performance. 096752
A study of certain environmental factors and mineral chelation on the reproductive performance of young and yearling **turkey** *hens.* 097005
Synthesis of 2,3-diols in *chicken* **uropygial** glands. 096320
The occurrence of virus in leukocytes of **vaccinated** *chickens* following challenge with virulent Newcastle disease virus. 097269
Observations on the transmissibility of lentogenic strains of Newcastle disease virus: significance of **variables** *[Chickens].* 097264
Effects on body temperature produced by micro-injection of Salmonella typhimurium lipopolysaccharide into the third cerebral **ventricle** of the *chicken.* 097480
Agarose droplet method of macrophage migration-inhibition test for Newcastle disease **virus** in *chickens.* 097247
Vaccination and revaccination with a Holland (H) strain of infectious bronchitis **virus** *[Chickens].* 097270
Short total photoperios and egg production of **White** *Leghorns* [Chickens]. 096515

Structural features of the eggshells of **White** *Leghorn*, line 6-E, layers. 096599
Effects of artificial insemination administration on egg laying, health and fertility in **White** *Leghorn* chickens. 096999
Gastric acid secretory responses of acute gastric fistula preparation in anesthetized **young** *chickens*. 096347
The antigen-inexperienced thymic suppressor cells: a class of lymphocytes in the **young** *chicken* thymus that inhibits antibody production and cell-mediated immune responses. 097331
The effect of infectious laryngotracheitis virus on the bursa of Fabricius of **young** *chickens*. 097403

CHICKPEAS

Inheritance of certain colour characters in gram (Cicer **arietinum** L.). VII. *[Chickpeas]*. 099121
Effect of various physical factors of the environment on the incidence of foot blight Operculella padwickii] of gram (Cicer **artietinum** L.) *[Chickpeas]*. 101479
Water uptake and germination of leguminous seeds *[chickpeas*, **broadbeans**] under changing external water potential in osmotic solutions. 100491
The origin of *chickpea* **Cicer** arietinum L. [Genetic studies]. 099215
Effect of nitrogen, phosphorus and potassium fertilization on grain yield and phosphorus content of gram (Cicer arietinum **Linn.**) *[chickpeas]*. 100413
Studies on mixed cropping in Tarai region under unirrigatedconditions [Wheat, barley, *chickpeas*, **linseed,** Brassica juncea, mustard]. 100866
Effect of germination on folic acid content of Bengal gram *[chickpeas]* and **ragi** [Eleusine coracana]. 099795
A study on fertiliser requirement of gram (Cicer arietinum, Linn) *[Chickpeas]* in **Tripura.** 103939

CHICKS

Application of a microtiter cell-culture method to characterization of avian **adenoviruses** *[Chicks]*. 097249
Intercellular bridges of *chick* **blastoderm** studied by scanning and transmission electron microscopy. 096350
The mechanism of *chick* **blastoderm** expansion. 096450
Autoradiographical study of postnatal neurogenesis in the periventricular regions of the avian **brain** *[Chicks]*. 096321
Results from *chick-pea* **breeding** and from the studies on the applied agricultural practices at the Agricultural Research Institute "Obraztsov Chiflik" in Ruse following 1965. 101174
Application of feed defluorinated phosphates in the diets of **broiler** *chicks*. 096721
Effect of citrinin, a mycotoxin produced by Penicillium citrinum, on laying hens and young **broiler** *chicks*. 097840
Importance of temperature control in **brooding** *chicks*. 096078
A role for biotin in fatty liver and kidney syndrome in *chicks* **[caused** by rations which are simultaneously low in biotin, protein and fat]. 096740
Steroid hormone action in animal **cells** *[Chicks]*. 096407
Transplantation of bursal stem cells into **cyclophosphamide-treated** *chicks*. Lymphoid repopulation of splenic structures [Immunodeficiency]. 097623
Efficacy of intratracheal administration of Newcastle disease vaccine in **day-old** *chicks*. 097481
The cytochemical localization of cholinesterase activity in the **developing** *chick* heart. 096371
Teratogenic and toxicological effects of 2,4,5—trichlorophenoxyacetic acid [herbicide] in **developing** *chick* embryos. 097795
Effects of alterations in maternal thyroid metabolism on embryonic thyroid **development** in the *chick*. 096297
Metabolism of serine in growing rats and *chicks* at various **dietary** protein levels. 096607
Some characteristics of new tissue-binding proteins for metabolites of vitamin D other than **1,25-dihydroxybitamin** D *[Chicks]*. 095023
Influence of various levels of zinc and phytate in the ration on growth and some blood components in **Dokki-4** *chicks*. 096620
In vitro biological differences between the pathogenic and apathogenic Marek's disease herpesvirus *[Chick* and **duck** embryos]. 097261
Pantothenic acid metabolism in *chicks* during **early** ontogenesis. 096207
Cellular composition of erythropoietic cell populations and aggregate cell cultures derived form **early** *chick* blastodiscs. 096569
Toxicological assessment of hexachlorobiphenyl isomers and 2,3,7,8-tetrachlorodibenzofuran in *chicks*. II. **Effects** on drug metabolism and porphyrin accumulation. 097865
Mitotic anomalies observed in the fibroblasts of the *chick* **embryo** cultured in vitro with 80 percent of oxygen. 096147
Removal of amino-terminal and carboxy-terminal extension peptides from procollagen during synthesis of *chick* **embryo** tendon collagen. 096225
Effects of medium composition and metabilic inhibitors on glycosaminoglycan synthesis in *chick* **embryo** cartilage and its stimulation by serum and tiriiodothyronine. 096237
Lysyl hydroxylase: Further purification and characterization of the enzyme from chick embryos and *chick* **embryo** cartilage. 096245
Phosphorylation and protein kinase activities of chromosomal non histone proteins from *chick* **embryo** fibroblasts. 096260
Peridermal cell patterning in the feather-forming skin of the *chick* **embryo.** 096322
Embryo cell surfaces—lectin binding and cell proliferation *[Chick* **embryo** fibroblasts]. 096324
Cyproterone-mediated stimulation of delta-aminolevulinic acid synthetase in *chick* **embryo** liver cells. 096329
Synthesis of elastin. A rapid formation of lysine-derived crosslinks by *chick* **embryo** aorta. 096421
Morphogenesis of the *chick* **embryo** foot as studied by Janus green B-induced malformations. 096448
Effect of cytochalasin B on the surface of neuroepithelial cells of the *chick* **embryo.** 096481
2-deoxy-D-glucose uptake by *chick* **embryo** cells: a biochemical indicator of genetic susceptibility to RNA tumour viruses. 097412
Wound healing in the cornea of the *chick* **embryo.** III. The influence of pore size of millipore filters on the migration of isolated epithelial sheets in culture. 097720
Effect of trivalent and pentavalent arsenic on early developmental stages of the *chick* **embryo** [Poisoning]. 097810
Sister chromatid differentiation and exchanges in adult mudminnows (Umbra limi) after in vivo exposure to 5-bromodeoxyuridine [Pollution hazards study, rate in *chick* **embryo].** 104470
Interchain disulfide bonds at the COOH [oxalate]-terminal end of procollagen synthesized by matrix-free cells from *chick* **embryonic** tendon and cartilage. 096211
Properties of highly purified lysyl oxidase from **embryonic** *chick* cartilage. 096247
Effect of histone on morphogenesis of *chick* **embryonic** constituents. III. The histone fractions. 096363
Subunit composition of delta-crystallin from **embryonic** *chick* lens. Analysis of methionine-containing tryptic peptides and cyanogen bromide peptides. 096429
Some effects of positively charged surface groups on cell aggregation **[Embryonic** *chick* neural retina cells]. 096433
Experimental approach to the problem of the origin of secretory cells in *chick* **embryonic** gonads. 096461
Effect of maternal age on intercellular adhesion of **embryonic** *chick* liver cells. 096489
Hematopoiesis in the yolk sac in some representatives of Sauropsida *[Chick* **embryos].** 096220
Identification and partial characterisation of the non-collagenous amino- and carboxyl-terminal extension peptides of cartilage procollagen *[Chick* **embryos].** 096224
Lysyl hydroxylase: Further purification and characterization of the enzyme from *chick* **embryos** and chick embryo cartilage. 096245
Reiteration frequency of delta-crystallin DNA in lens and non-lens tissues of *chick* **embryos.** Delta-crystallin gene is not amplified during lens cell differentiation. 096427
Content of 7-(alpha)-hydroxycholesterol in the gall bladder, liver, and blood of *chick* **embryos** and chicks. 096454
Regulation of the blood sugar content in experimental hyperglycemia in *chick* **embryos.** 096456
Myogenesis [Muscle cell differentiation, *chick* **embryos].** 096519
Uptake of exogenous metabolites by virus-transformed cells: changes induced by temperature and pH [hydrogen-ion concentration, *chick* **embryos].** 097233
Growth, cytopathogenicity and morphology of Mycoplasma gallisepticum and mycoplasma gallinarum in tracheal explants *[Chick* **embryos].** 097397
Effect of selenium and mercury on survival of *chick* **embryos.** 097841
Study of the effect of calcium on the procollagen-proline-hydroxylase stage of collagen metabolism *[Chick* **enbryos].** 096262
Volume of condensed chromatin in developing primitive-line **erythrocytes** of *chick*. 096340
Effects of cytochalasin B on the morphogenesis of **explantedearly** *chick* embryos. 097813
Grow your vitamins **[Feeding** *chicks]*. 100937
Susceptibility of chickens to avian encephalomyelitis virus. III. Behavior of the virus in **growing** *chicks*. 097457
Distribution of acid phosphatase in *chick* **Hensen's** node [Embryology]. 096323
Mineral metabolism in *chicks* on **high** dietary pyridoxine and magnesium. 096512
Differentiation of cholesterol compartments in the **immature** *chick* testis. 096952
Studies on the nature of the inhibition of the tumour forming ability of Walker carcinosarcoma cells in rats by *chick* **interferon.** 097727
The effects of changes in thyroid function on testis 32P [phosphorus isotope] uptake and the response to gonadotropin **inthe** *chick*. 096366
The effects of cyclic AMP [adenosine monophosphate], hormones and ions on the conversion of 25-hydroxycholecalciferol (25-HCC) to 1,25-dihydroxycholecalciferol (1,25-DHCC) in **isolated** *chick* kidney tubules. 096388
Effect of guanyl nucleotides on parathyroid hormone-responsive adenylate cyclase in *chick* **kidney.** 096452
Pesticide residues in eggs and *chicks* from **laying** hens fed low levels of several chlorinated hydrocarbon pesticides. 096759
Autoradiographic analysis of macromolecular syntheses in prospectively necrotic cells of the *chick* **limb** bud. II. Nucleic acids. 096338
Take care of us for eight weeks *[Chicks*, **management].** 096115
The "strait jacket" [malformation] syndrome in the *chick*. I. A **morphological** analysis. 096364
The use of methyl green-pyronin staining after glutaraldehyde fixation and paraffin or araldite embedding *[Chick* and **mouse** embryonic tissues]. 096570
Influence of ascorbic acid on selenium **nutrition** in the *chick*. 096716
Effects of estrogen and progesterone on transcription, chromatin and ovalbumin gene expression in the *chick* **oviduct.** 096875
Studies on the effect of the alteration in the internal environment of poultry egg on embryonic growth. VI. Hatching weight and water content in *chicks* from **partially** albumen -removed eggs. 096571
The effect of vitamin D3 on lanthanum absorption: suggestive evidence for a shunt **path** *[Chicks]*. 096387
Studies on the productivity of Bulgarian and foreign varieties of grain legumes [Field beans, soybean, spring feed pea and *chick* **pea].** 100804
A study of the influence of mesonephric mesenchyme on the Wolffian duct in birds using heterospecific *[quali-chick* and **quail-duck]** associations. 096447
Comparative effects of p,p'-DDT and commercial DDT, in intravitellin injections, on the germ population of avian embryonic gonads *[Chicks*, **quails].** 102673
The effect of disodium ethane-1-hydroxy-1, 1-diphosphonate on the metabolism of vitamin D **[Rats,** *chicks]*. 096385
Practical aspects of *chick* **rearing.** III. 096112
Practical aspects of *chick* **rearing.** II. 096113
Subcellular distribution and some properties of homocarnosine-carnosine synthetase from *chick* **red** blood cells. 096319
Toxicological assessment of hexachlorobiphenyl isomers and 2,3,7,8-tetrachlorodibenzofuran in *chicks*. I. **Relationship** of chemical parameters. 097864
Isolation of *chick* **renal** mitochondrial ferredoxin active in the 25-hydroxyvitamin D3-1alpha-hydroxylase system. 096424
Surveys and control of Salmonella contamination of chicken meat. VIII. Experiments on oral inoculation of *chicks* with **Salmonella** sofia culture. 094879
Utilization of ascorbic acid curing post-embryonic development of *chick* **skeletal** muscle. 096353
Influence of hydrocortisone on the *chick* **thymus.** 096197
Neutral protease activity of Rous sarcoma (RSV) **transformed** *chick* embryo fibroblasts. 097394
A comparison of the virulence of three strains of Mycoplasma gallisepticum and one strain of Mycoplasma gallinarum in *chicks*, **turkey** poults, tracheal organ cultures and embryonated fowl eggs. 097595
Nucleolar ontogenesis in the **uterine** *chick* germ correlated with morphogenetic events. 096339
Evidence for the multiple oncogenic potential of cloned leukemia virus: in vitro and in vivo studies with avian erythroblastosis **virus** *[Chicks]*. 097669
Effect of using rations differing in C/P [calorie/protein] ratio and protein source on the performance of Baladi **White** *chicks*. 096619
Detection of four serotypes of avian adenovirus in New **Zealand** *[Chicks]*. 097253

CHICKWEED

Control of *chickweed* **(Drymaria** cordata) in declining tropical pastures. 102206

CHICORY

Nematode [Longidorus attenuatus] trasmission of the causal agent of *chicory* **chlorotic** ringspot, a strain of artichoke Italian latent virus. 101762
Effect of lower temperature on the development of salad endive and *chickory* **(Cichorium** endivia L. and Cichorium intybus L.). 100600
The influence of fluoride, malonic and pyruvic acids on the respiratory metabolism and the metabolism of dicarboxylic and tricarboxylic acids in two-year-old **leaves** of *chicory*. 100610
Virus diseases of vegetable crops in Apulia. XVII. A yellow mosaic of lettuce induced by *chicory* **yellow** mottle virus. 101778

CHILDREN

Vitamin B6 nutriture of *children* with **acute** celiac disease, celiac disease in remission, and of children with normal duodenal mucosa. 094971
Care of *children* with **conditions** characterized by high nutritional risks. 095120
Growth and nitrogen retention of *children* **consuming** all of the day's protein intake in one meal. 094991
Fitting *children's* clothes. 095241
Dental **health** in *children*. 094975
Protein and calorie malnutrition among preschool Navajo **Indian** *children*, a follow-up. 095001
Malabsorption of iron in *children* with **iron** deficiency. 095158
Decreased interferon produced by leukocytes in marasmus [Disease in **malnourished** *children]*. 094955
The school health service as a means of entry into the inner-city family for the identification of **malnourished** *children*. 095010
Lactose malabsorption in **Mexican-American** *children*. 094993
Do *children* **need** special foods? 095048
Vitamin B6 nutriture of children with acute celiac disease, celiac disease in remission, and of *children* with **normal** duodenal mucosa. 094971
Zinc nutrition of **preschool** *children* in the Denver Head Start program. 094973

The effect of massive doses of vitamin A on the signs of vitamin A deficiency in **preschool** *children.* 095008
Zinc nutrition of **preschool** *children* in the Denver Head Start program. 095015
The etiology of malnutrition among **preschool** *children* in rural Costa Rica. 095049
Incidence of malnutrition among selected **preschool** *children.* 095096
Nutritional status of Head Start and nursery **school** *children.* I. Food intake and anthropometric measurements. 095132
The fatty acid pattern of infants and **small** *children* under the influence of oral nutrition. 095233
Maternal nutritional requirements in relation to the subsequent development of **teeth** in *children.* 095160
The bangle as a tool for assessing malnutrition of **under-sixes** *[Children].* 095099
Developing indices of nutritional level from anthropometric measurements on women and **young** *children.* 094978
Relationship of lactose intolerance to milk intolerance in **young** *children.* 095002

CHILIS
Efficiency of certain insecticides in controlling leaf curl **disease** in *chillies.* 102468

CHILO
Studies on the varietal susceptibility and control of [sugarcane] stalk **borer** *(Chilo* auricilia Ddgn.) in the Punjab. 102327
Screening of different granular formulations against maize pests with special reference to maize stem borer, *Chilo* **partelus** Swinhoe. 102276

CHILOCORUS
Chromosome structure in *Chilocorus* **(Coleoptera:** Coccinellidae). II. The asynchronous replication of constitutive heterochromatin. 102860

CHIMERA
The first manifestations of freemartinism in the calf fetus do not depend upon XX/XY **chromosomal** *chimerism.* 096888

CHIP
Pycnometer method for obtaining wood and **bark** *chip* densities [Heptane displacement, pulpwood]. 098227
Importance of disc parallelism in single **disc** *chip* refiner [Pulp]. 098248
Refining of **preheated** *chips.* The effect of some process variables on pulp quality. 098260
Chipping for **profit** in a small sawmill. 098199
Chip **quality** evaluation: comparison of a combination slot screen-round hole screen with a round-hole screen classifier. 098399
A study of steam flow and self-pressurization in *chip* **refiners** [Pulping]. 098239
The effect of physical properties of the wood on *chip* **refining.** 098270
Sulfate cellulose production from blends of Eucalyptus saligna wood small portions of Bambusa vulgaris var. **vitatta** *chips.* 098231
Whole-tree *chipping* as viewed by the tree farmer and the industrial landowner. 098057
The effect of **whole-tree** *chipping* on site preparation and regeneration. 098145
Research in quality improvement of **whole-tree** *chips.* 098419
Uses and potential productivity of **whole-tree** *chippers.* 098424
Whole-tree *chipping.* 098425
Atmospheric and pressurized refining of **wood** *chips-laboratory* scale studies [Pulps]. 098240

CHIPMUNKS
Chipmunk **control** [Pests of economic plants]. 101947

CHIRONOMIDAE
A population study of the *Chironomidae* **(Diptera)** of Lough Neagh. 103062
The dispersal of *Chironomidae* **larvae:** a review. 102975
Core sampling and flotation: two methods to reduce costs of a *Chironomid* **population** study. 103065

CHIRONOMUS
The control of puffing by ions—the Kroeger hypothesis: a critical review *[Chironomus,* **Drosophila].** 103049

CHITIN
A **particulate** *chitin* synthase from Aspergillus flavus Link [Fungi]: the properties, location, and levels of activity in mycelium and regenerating protoplast preparations. 099626

CHLAMYDIA
Application of an agar gel precipitin test to the serodiagnosis of avian chlamydiosis *[Chlamydia* **psittaci].** 097504
Chlamydiosis of ruminants (cattle, sheep, goats). Experimental studies. I. Preparation of concentrated **purified** *Chlamydia* angigens. 097276

CHLAMYDIACEAE
Chlamydial **antibodies** in pigs in Scotland. 097661

CHLAMYDOMONAS
Gloeomonas or *Chlamydomonas?* **Electron** microscopic studies on Gloeomonas simulans. 098674
Spectral properties of system I-deficient mutants of *Chlamydomonas* **reinhardi** [Algae]: Possible occurrence of uphill energy transfer. 099552
Turnover of chloroplast and cytoplasmic ribosomes during gametogenesis in *Chlamydomonas* **reinhardi** [Algae]. 099696
Ordering of movement of organisms in a suspension of *Chlamydomonas* **reinhardii** Dang. [Algae]. 099994
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of organogenic elements in green algae cells. I. The photosynthetic incorporation of 13C [carbon isotope] in biomass of *Chlamydomonas* 137c **strain.** 100035

CHLORAMPHENICOL
Chloramphenicol and **rifampicine** effect on Marchantia polymorpha L. [Hepaticae]. 099592

CHLORATE
Influx intensity of phosphorus 32 [isotope] in cotton plants and its outflow into reproductive organs after the desiccation by **magnesium** *chlorate.* 100228
Effect of [the defoliant] butylkaptax and **magnesium** *chlorate* on leaf shedding of fine-fibered cotton [Harvesting aid]. 101001

CHLORELLA
Rapid absorbance changes in *Chlorella* **[Algae]** following a flash. Evidence for a decrease in absorbance at 480 nm between 5 and 100 mus after the flash. 099618
Effect of cycloheximide on the process of reorganization of the biosynthesis of *Chlorella* **[Algae]** cells induced by nitrogen starvation. 099989
The metabolism of cycloartenol, lanosterol, 24-methylenecholesterol and fucosterol in *Chlorella* **ellipsoidea** [Algae]. 099916
Studies on frost hardiness in *Chlorella* **ellipsoidea.** I. Development of frost hardiness of Chlorella ellipsoidea [Algae] in synchronous culture. 099928
Synthesis of the inner mitochondrial membrane and the intercalation of respiratory enzymes during the cell cycle of *Chlorella* **[Fusca** vacuolata, Algae]. 099823
Electrohydraulic processing of *chlorella* for **increasing** its digestability [Protein-vitamin supplement for farm animals and poultry]. 096035
Quantum yield and conformational changes during greening and bleaching of *Chlorella* **protothecoides** [Algae]. 099925
Inhibition by ammonium chloride of the oxygen yield of photosynthesis [Spinach, *Chlorella* **pyrenoidosa,** Algae]. 099543
The effect of metabolic poisons on ATP [adenosine 5'-triphosphate] level and on active phosphate uptake in *Chlorella* **pyrenoidosa** [Algae]. 099899
Intensity dependence of the fluorescence lifetime of in vivo chlorophyll excited by a picosecond light pulse [Measurements in *Chlorella* **pyrenoidosa,** Algae]. 099980
Effect of hexachlorobenzene on some growth parameters of *chlorella* **pyrenoidosa** [Algae]. 101866
Evolution of photosynthetic activity of *Chlorella* **rubescensChodat** [Algae] in synchronous culture. 099971
Composition of the product of algal *[Chlorella* **vulgaris]** culture in the liquid phase of animal slurry. 099842
Effects of anaerobic conditions on the photosynthetic pathway of Anacystis [nidulans] and *Chlorella* **[vulgaris,** Algae]. 100043
Decomposition of the herbicide simazine in cultures of algae *[Chlorella* **vulgaris,** Chloridella simplex, Anabaena variabilis, Phormidium foveolarium]. 102159
Nutrient uptake by *Chlorella* **vulgaris** and Anacystis nidulans isolated from the effluent of a fertilizer factory [Algae]. 104519

CHLORIDES
Inhibition by **ammonium** *chloride* of the oxygen yield of photosynthesis [Spinach, Chlorella pyrenoidosa, Algae]. 099543
Calcium *chloride* for prevention of horn bud growth in calves. 097733
Effect of CCC **[chlorcholine** *chloride]* upon growth of Datura metel L. 099731
Promising practices of applying **chlorcholine** *chloride* in winter crops [Wheat, rye]. 100230
Effect of **chlorocholine** *chloride* and nitrogen on some morphological, anatomical and cytological characteristics of Giza155 wheat [Variety]. 098882
Quality of winter wheat grain effected by the treatment with **chlorocholine** *chloride* and urea in irrigated conditions of the Ukrainian steppe. 100132
Effect of **chlorocholine** *chloride* on energy metabolism and the state of water in winter wheat during the process of hardening. 100312
The influence of **chlorocholine** *chloride* (CCC) on the growth and leaf pigment content of Phaseolus vulgaris L. [Kidney beans, mustard] and Sinapis alba L. 100364
Fluorogenic labeling of organophosphate pesticides with **dansyl** *chloride.* Application to residue analysis by high-pressure liquid chromatography and thin-layer chromatography. 102720
Interaction of glucose and **hydrogen** *chloride* in water solutions [Cellulose]. 098322
Sexual maturation and productivity of Japanese quail fed graded concentrations of **mercuric** *chloride.* 096764
Polyvinylidene *chloride:* the versatile saran. 095360
The effect of dietary **potassium** *chloride* on broiler yields. 096766
Yield and chemical composition of alfalfa as influenced by high rates of K [potassium] top-dressed as KCl and K2SO4 **[potassium** *chloride,* potassium sulfate]. 100077
Rectal *chloride* epithelia and osmoregulatory salt uptake by the endgut of Zygoptera and Anisoptera libella larvae [Coenagrion puella, Aeshna cyana]. 103012
Effect of carbon dioxide and **sodium** *chloride* on oxidative stability of frozen mechanically deboned poultry meat. 095732
Pathways for *chloride* and **sodium** transport across toad skin. 096164
Common salt **[sodium** *chloride]* requirements of domestic animals [Nutrition]. 096823
Effect of **sodium** *chloride* on the content of thiolic compounds and melanin in a culture of the tissue of a sterile fungus [Mycelia sterilia] isolated from tissue of American Kochia. 099991
Application of magnesium sulfate to correct the effects of salinity produced by **sodium** *chloride* on the tomato plant [in soilless culture]. 100348
Effect of the ratios of mono- and bivalent cations with *chloride* and **sulfate** salinization on the development of plants and the content of inorganic elements in cotton. 103843
Accumulation of calcium in kidney and decrease of calcium in serum of rats treated with **tin** *chloride.* 097818
The ultrastructural basis of *chloride* **tolerance** in the leaf of Frankenia [grandifolia]. 098884
Chloride **transport** in Chara corallina [Algae] and the electrochemical potential difference for hydrogen ions. 099832
Occurrence of **vinyl** *chloride* in new foods for the Norwegianmarket [Contamination]. 094891

CHLORINATED
Toxicities of **"excessively"** *chlorinated* organic compounds. 104456
Pesticide residues in eggs and chicks from laying hens fed low levels of several *chlorinated* **hydrocarbon** pesticides. 096759
Chlorinated **hydrocarbon** residues in the fish of Lake Tanganyika. 102667
Acute oral toxicity of hexachlorocyclohexane (BHC) in albino rats *[Chlorinated* **hydrocarbon** insecticide]. 102700
Chlorinated hydrocarbons in body fat of poultry. III. The effect of nutrition on *chlorinated* **hydrocarbon** pesticide [insecticide] content in reserve fat of fattening geese [Contamination]. 102778
Residue studies on *chlorinated* **hydrocarbons** in eggs of wild birds. 102696
Residue studies on *chlorinated* **hydrocarbons** in carrion and healthy shot domestic wildlife [West Germany]. 102697
Residues of *chlorinated* **hydrocarbons** in organs of wildlife species. 102698
Chlorinated **hydrocarbons** in body fat of poultry. III. The effect of nutrition on chlorinated hydrocarbon pesticide [insecticide] content in reserve fat of fattening geese [Contamination]. 102778
Concentrations of nitrifying bacteria in sewages, effluents, and receiving stream and resistance of these **organisms** to *chlorination.* 104446
Washing [meat] carcasses with *chlorinated* **water.** 095719
Disinfection *[Chlorination* of **water** and wastewater]. 104550

CHLORINE
Chlorine, **acid,** and heat treatments to eliminate Salmonellaon broiler carcasses. 094897
P [phosphorus] fertility and mixed salinity on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, phosphorus, *chlorine]* **concentrations** of tomato, corn, and sudan grass [Sorghum sudannese] grown in sand culture. 099676
Response of ornamental plants to *chlorine* **contamination** in the atmosphere [Air pollution injuries]. 102020
Gas chromatographic separation of herbicides of major interest in Canada, with electrolytic conductivity detection in the nitrogen and *chlorine* **modes** [Residue analysis]. 102127
Possibilities for replacing the **organic** *chlorine* preparations with other non-cumulative insecticides in the control of pea pests [Bruchus pisorum, Acyrthosiphon pisi]. 102429
Rapid determination of *chlorine* in **wood,** pulp and paper by combustion in flask. 098190

CHLORIS
Chloris **gayana,** an additional host for Helminthosporium maydis. 101551
Studies on the successive cultivation of Italian ryegrass (Lolium multiflorum Lam.) and Rhodes **grass** *(Chloris* gayana Kunth) by sod-seeding method. 100880

CHLORMEQUAT
Use of *chlormequat* in **grain** fields [Growth regulators]. 100236

CHLOROCHOLINE
Effect of *chlorocholine* **chloride** and nitrogen on some morphological, anatomical and cytological characteristics of Giza155 wheat [Variety]. 098882
Quality of winter wheat grain effected by the treatment with *chlorocholine* **chloride** and urea in irrigated conditions of the Ukrainian steppe. 100132
Effect of *chlorocholine* **chloride** on energy metabolism and the state of water in winter wheat during the process of hardening. 100312
The influence of *chlorocholine* **chloride** (CCC) on the growth and leaf pigment content of Phaseolus vulgaris L. [Kidney beans, mustard] and Sinapis alba L. 100364

CHLOROETHYL
Callus induction by *(2-chloroethyl)* **phosphonic** acid on cultured cotton ovules. 100250

CHLOROGENIC
Effect of water stress on *chlorogenic* **acid** content of Calluna vulgaris. 099611

CHLOROHYDRIN
Effects of *alpha-chlorohydrin* on the **testes** and epididymides of dog: a preliminary study [Antifertility action]. 096905
A comparison of the inhibition of the metabolism of ram and rabbit spermatozoa by *alpha-chlorohydrin* in **vitro.** 097044

CHLOROPHOS
About the rate of development and loss of resistence of house flies [Musca **domestica**] to *chlorophos.* 102598
Study of the effect of admixtures on the toxicity of **technical** *chlorophos* for house flies. 102599

CHLOROPHYCEAE
The amino acid composition of some common marine algae from Iceland [Rhodophyceae, **Phaeophyceae,** *Chlorophyceae].* 099579
Derbesia stage in the life history of Halicystis boergesenii Iyengar and **Raman** *(Chlorophyceae,* Derbesiales). 099609

CHLOROPHYLL
Chlorophyll **biosynthesis.** 099758
Chlorophyll **concentrations** in navel orange leaves in relation to iron status, leaf age, and season. 100469
Effect of different duration of illumination on *chlorophyll* **content** in leaves of short, medium, and long-day plants. 099699
Photoperiodism and *chlorophyll* **content** of spinach leaves (Spinacia oleracea, ver. Nobel). 100567
Chlorophyll **content** of tomato yellow leaf curl virus-infected tomatoes in relation to virus resistance. 101770
N-nitroso-N-methylurea resistance of sunflower **cytoplasmic** *chlorophyll* mutants induced by this agent. 099405
Study of the structure of photochemical hydration products of *chlorophyll* and its **derivatives.** 099701
Structure, properties and **distribution** of *chlorophylls.* 099767
Evidence for *chlorophyll* **esterified** with geranyl-geraniol in newly greened leaves [Aesculus hippocastanum]. 100366
The effect of freezing and organic solvents on viability of *chlorophyllous* **fern** spores [Equisetum arvense, Osmunda japonica]. 099691
Electron-transfer reactions **involving** *chlorophyll* a and carotenoids. 099659
Influence of light on chromate reduction in *chlorophyll* **organisms** studies by electronic paramagnetic resonance spectroscopy. 099612
Effects of extra heterochromatin on the expression of genes **producing** *chlorophyll* variegation in the tomato. 099325
New proposal for structure of **special-pair** *chlorophyll.* 099956
Chlorophyll **stability** of brine and freshwater algae. 099683
Biosynthetic events required for lag elimination in *chlorophyll* **synthesis** in Euglena [gracilis, Algae]. 099953
Intensity dependence of the fluorescence lifetime of in **vivo** *chlorophyll* excited by a picosecond light pulse [Measurements in Chlorella pyrenoidosa, Algae]. 099980

CHLOROPHYTA
Polymorphism of selected marine **Chaetophoraceae** *(Chlorophyta)* [Algae]. 098899

CHLOROPICRIN
Fumigants *[chloropicrin,* **Vapam,** Vorlex] can stop internal decay of Douglas-fir poles for at least 5 years. 098222

CHLOROPLASTS
Fractionation and analysis of polypeptides of Euglena gracilis [**Algae**] *chloroplasts.* 099946
Changes in chloroplast lipids during the development of photosynthetic activity in **barley** *etio-chloroplasts.* 100251
The ultrastructural localization of polyphenol oxidase in *chloroplasts* of **Brassica** napus cv. Zephyr [Rape]. 100334
Rate of transfer of C14 [carbon isotope] from dicarboxylic acids to the pentose phosphate cycle as a function of the ratio of malate and aspartate and disposal of the *chloroplasts* in C **[carbon]-4** plants. 099996
Shrinkage of guard **cell** *chloroplasts* in relation to stomatal opening in Commelina benghalensis L. 099494
Turnover of *chloroplast* and **cytoplasmic** ribosomes during gametogenesis in Chlamydomonas reinhardi [Algae]. 099696
Some effects of tentoxin [phytotoxin produced by Alternariatenuis] on mature and **developing** *chloroplasts.* 101496
Controls to *chloroplast* **division** in higher plants [Spinach]. 099006
Chloroplast replication and *chloroplast* **DNA** synthesis in spinach leaves. 100559
Isolation of a transcriptionally active chromosome from *chloroplasts* of **Euglena** gracilis [Algae]. 099075
Transcriptional origin of **Euglena** *chloroplast* tRNAs [Algae, tRNA-DNA hybridization]. 099376
Interaction of paramagnetic probes with membranes of the *chloroplasts* of **higher** plants [Beans]. 100577
Studies of *chloroplasts* in the **inbred** lines of radish (Raphanus sativus L. var. radicola Pers.) and their hybrid. 099162
Light-reactivation of (Tris-washed)-DPIP [2,6-dichlorophenol **indophenol]-treated** *chloroplasts:* manganese incorporation, chlorphyll fluorescence, action spectrum and oxygen evolution. 099920
Oxidation of lipid components isolated [pea] *chloroplasts* under the **influence** of light. 100579
Iodination of [spinach] chloroplasts. I. Properties of **iodinated** *chloroplasts.* 100371
Factors affecting the ADP/O [adenosine-5'-diphosphate/oxygen] ratio in **isolated** *chloroplasts* [Peas, spinach]. 100369
Differentiaion of *chloroplast* **lamellae.** Onset of cation regulation of excitation energy distribution [Pea seedlings]. 100360
Differentiation of *chloroplast* **lamellae.** Light harvesting efficiency and grana development [Etiolated pea plants]. 100361
Changes in *chloroplast* **lipids** during the development of photosynthetic activity in barley etio-chloroplasts. 100251
The **major** *chloroplast* pigments of Chlorobotrys regularis (West) Bohlin (Eustigmatophyceae) and Ophiocytium majus Naegeli (Xanthophyceae) [Algae]. 098900
Neutral red response as a measure of the pH [hydrogen-ion concentration] gradient across *chloroplast* **membranes** in the light [Lettuce]. 100416
Study of conformational changes of *chloroplasts* by the **method** of television laser microscopy [Peas]. 100581
Evolution of *chloroplasts* and **mitochondria.** 099359
Aminoacylation of Phaseolus vulgaris [kidney beans] cytoplasmic, *chloroplastic* and **mitochondrial** tRNAsPro and tRNAsLys by homologous and heterologous enzymes. 100368
Circadian rhythms of *chloroplast* **orientation** and photosynthetic capacity in Ulva [lactuca latissima]. 099943
Determination of acid-labile sulfide in *subchloroplast* **particles** containing Triton X-100 [Spinach photosystem I]. 100352
A study on the effect of photophosphorylation rate in **pea** *chloroplasts* due to some environmental factors. 100607
Inhibition of *chloroplast* **photochemical** reactions with 2-chloromercuri 4,6-dinitrophenol [Euphorbia hirta]. 099518
The replication of plastids in higher **plants** *[Chloroplasts].* 098988
Iodination of [spinach] *chloroplasts.* I. **Properties** of iodinated chloroplasts. 100371
Change of the compound of *chloroplast* **proteins** and aminotransferase activity in plants with different fixation type of carbon dioxide depending on nitrogen supply. 100036
Photosynthesis in a **reconstituted** *chloroplast* system from spinach: some factors affecting CO2 [carbon dioxide]-dependent oxygen evolution with fructose-1,6-biphosphate as substrate. 100374
Temperature-jump-induced release of hydrogen ions from *chloroplasts* and its **relaxation** characteristics in the presence of ionophores [Spinach]. 100376
Chloroplast **replication** and chloroplast DNA synthesis in spinach leaves. 100559
Electronic microscopy of dry mass of nuclei and *chloroplasts* from **rye.** 098971
Main chemical components of **rye** *chloroplast* membranes. 100173
Ribosomes and translation factors from isolated **spinach** *chloroplasts.* 099023
Hydrophobic affinity partition of **spinach** *chloroplasts* in aqueous two-phase systems. 100370
Primary reactions of photosystem II at low pH [hydrogen-ion concentration]. 2. Light-induced changes of absorbance and electron spin resonance in **spinach** *chloroplasts.* 100375
The effect of mono- and divalent cations on the quantum yields for electron transport in **[spinach]** *chloroplasts.* 100377
Estimation of the light-induced electrical potential at the functional membrane of photosynthesis using a voltage-dependent ionophore **[spinach** *chloroplasts].* 100414
Pyridoxalphosphate-dependent ethylene production from methionine by isolated **[spinach]** *chloroplasts.* 100417
Probes of initial phosphorylation events in ATP [adenosine triphosphate] synthesis by **[spinach]** *chloroplasts.* 100487
Investigation of [pea] *chloroplast* **structure** by the freezing-replacement method. 100578
Biosynthesis of trans-2-hexenal in *chloroplasts* from **Thea** sinensis [Tea]. 099902
Effect of troponin component TN-C [rabbit skeletal muscle] on the inhibition of adenosine triphosphatase activities of mitochondria and *chloroplasts* by **troponin** component TN-I [beef heart mitochondria]. 099719

CHLOROSIS
Ultrastructure of the leaves of Chenopodium quinoa Willd. Infected with **apple** *chlorotic* leaf spot virus. 101729
Laboratory method of forecasting relative resistance to *chlorosis* by **apple** rootstocks. 101939
Metabolic changes associated with the prevention of *chlorosis* by the **application** of elemental sulphur and foliar sprays of sequestrene 138-Fe [iron] in Pisum sativum L. [Peas, deficiency disease]. 101842
Nematode [Longidorus attenuatus] trasmission of the causal agent of **chicory** *chlorotic* ringspot, a strain of artichoke Italian latent virus. 101762
Iron *chlorosis* caused by MgCO3 [Magnesium carbonate, soybeans, kidney beans]. 101878
Lime *chlorosis* on photosynthesis and transpiration of iron-inefficient soybeans. 101879
Cation-anion balance in **lime-induced** *chlorosis* [Soybeans]. 101875
Lime-induced *chlorosis* caused by excess irrigation water [Soybeans]. 101880
Host range of **maize** *chlorotic* dwarf virus [Graminella nigrifrons, insect vectors]. 101785

CHLORTETRACYCLINE
Efficacy of *chlortetracycline* against **Mycoplasma** synoviae isolated in two periods [Chickens]. 097255
A note on the use of *chlortetracycline* as a **possible** agent to influence the activity of rumen urease [Cattle]. 096409

CHLOSYNE
History of scientific study on a larval color polymorphism in the **genus** *Chlosyne* (Nymphalidae). 103042

CHOANEPHORA
Wet rot *[Choanephora* **cucurbitarum]** of sesame seedlings in India. 101609

CHOLECYST
Mechanical and metabolic effects of beta-receptor stimulators, the C-terminal octapeptide of *cholecystokinin,* and **prostaglandin** E2 on the isolated, depolarized sphincter of Oddi [Cats]. 096160

CHOLERA
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, **hog** *cholera,* rinderpest, vesicular exanthema of swine, vesicular stomatitis and foot-and-mouth disease. 097558
The status of the State-Federal **Hog** *Cholera* Eradication Program. 097578
Transmission of **hog** *cholera* virus by flies: recovery of virus from flies following exposure to infective blood. 097581

CHOLESTEROL
Hepatic 7alpha-hydroxylation of *cholesterol* in **ascorbate-supplemented** guinea pigs. 095144
A perspective view of dieting to lower the **blood** *cholesterol* [Coronary heart disease]. 094953
A perspective view of dieting to lower the **blood** *cholesterol.* 094979
Effect of raw and boiled garlic on **blood** *cholesterol* in butter fat lipaemia. 095094
Differentiation of *cholesterol* **compartments** in the immature chick testis. 096952
The egg and you *[Cholesterol* **content,** breeding chickens to lay eggs with less cholesterol]. 095728
Ascorbic acid and cholesterol: effect of graded oral intakes on *cholesterol* **conversion** to bile acids in guinea-pigs. 095057
Colorimetric determination of *cholesterol* in **egg** noodles. 095536
The egg and you [Cholesterol content, breeding chickens to lay **eggs** with less *cholesterol].* 095728
Experimental atherosclerosis in rabbits **fed** *cholesterol-free* diets. 5. Comparison of peanut, corn, butter, and coconut oils. 095055
Comparative studies on the effect of *cholesterol* **feeding** on biliary composition [Chickens]. 094954
Atherogenic hyperlipoproteinemia induced by *cholesterol* **feeding** in the Patas monkey. 095022
Spectrophotometric determination of total and **free** *cholesterol* in egg yolk and animal tissues. 095390
The effects of dietary fatty acids and *cholesterol* on the **milk** lipids of lactating women and the plasma cholesterol of breast-fed infants. 095009
Lipoprotein lipase and uptake of chylomicron triacylglycerol and *cholesterol* by **perfused** rat mammary tissue. 096243
The effects of dietary fatty acids and cholesterol on the milk lipids of lactating women and the **plasma** *cholesterol* of breast-fed infants. 095009
Effect of some wheat mill-fractions on blood and liver lipids in *cholesterol-fed* **rats** [Atherosclerosis]. 095035
Efficacy of diet and exercise in the reduction of **serum** *cholesterol* and triglyceride in free-living adult males. 094988
Increased dietary calcium reduces **serum** *cholesterol,* triglycerides in humans. 095067
Effect of ragi [flour] feeding on **serum** *cholesterol* level [Rats]. 095093

CHOLEVA
Hormonal control of the nymphal instar in *Choleva* **angustataFab.** (Coleoptera, Catopidae). 102845

CHOLINESTERASES
The cytochemical localization of *cholinesterase* **activity** in the developing chick heart. 096371

Host-parasite relationship. 2. *Cholinesterase* **activity** of the larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) parasitized by Bracon hebetor (Hymenoptera: Braconidae) [Biological control]. 102303
Determination of **bacterial** *cholinesterase* activity on solid nutrient media [Soils, Arthobacter simplex cholinesterasus]. 103798
Cholinesterase **inhibitors** [Pesticides]. 097780
The investigation of *cholinesterase* **localisation** in mammary glands of goats and sheep. 096592

CHOPPING

Ground, pelleted and *chopped* **barley** straw and protein levels in the diet of wintering beef cows. 096634
Bacterial, shelf life, and consumer acceptance characteristics of *chopped* **beef.** 095366
Chopper of **grapevine** [Production of mulching material for erosion control]. 103643
Methods of removing trash from sugarcane on *chopper* **harvesters.** 103578
Effect of the *chopping* **length** of grass silage on voluntary intake by dairy cows. 096782
How to choose a **precision** *chop* [forage] harvester [Farm machinery]. 103412

CHORION

The porcine ovarian follicle. III. Development of *chorionic* **gonadotropin** receptors associated with increase in adenyl cyclase activity during follicle maturation. 096334
Experimental biological engineering to synchronise ovulation in gilts. II. Effect of laparotomy on ovarian finding following Zn [zinc] metallibur, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [**human** *chorionic* gonadotropin]. 096867
Experimental biological engineering to synchronise ovulation in gilts. III. Onset of ovulation, ovarian findings and fertilization following metallibure, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [**human** *chorionic* gonadotropin] at different times of treatment. 096868

CHORISTONEURA

Outbreaks of the western spruce budworm *[Choristoneura* **occidentalis]** in the American northern Rocky Mountain area from 1922 through 1971 [Picea]. 102522

CHORTHIPPUS

Proposal for a new term 'echeme' to replace 'chirp' in animal acoustics [Insect **song,** *Chorthippus].* 103078

CHROMATE

Influence of light on *chromate* **reduction** in chlorophyll organisms studies by electronic paramagnetic resonance spectroscopy. 099612

CHROMATIDS

Effects of pre-and simulaneous treatment with urea on the induction of *chromatid* **aberrations** in Vicia faba [Broadbeans]. 100179
Sister *chromatid* differentiation and exchanges in adult mudminnows (Umbra limi) after in vivo exposure to 5-bromodeoxyuridine [Pollution hazards study, rate in chick embryo]. 104470

CHROMATIN

Ion binding and *chromatin* **condensation.** 099544
Volume of **condensed** *chromatin* in developing primitive-line erythrocytes of chick. 096340
Certain patterns of *chromatin* in **displacement** during ultracentrifugation of plant cells [Broadbeans]. 099346
The fractionation of active and **inactive** *chromatins* from erythroid cells of chicken. 096358
Food-induced changes in UV [ultraviolet]-absorption spectra of **isolated** *chromatin* from liver of rats under controlled feeding schedules. 095058
Effects of estrogen and progesterone on transcription, *chromatin* and **ovalbumin** gene expression in the chick oviduct. 096875
Sex *chromatin* determination in formalin-fixed, paraffin-embedded tissues of rats. 097825
Sex *chromatin* and chromosome numbers in Lepidoptera. 102864
A double coil [calf thymus] *chromatin* **sub-unit** model. 096256
Chromatin **subunits** visualized in common ultrathin sections of Helianthus [sunflower] nuclei. 098973

CHROMATOGRAPHY

Temperature effect on **affinity** *chromatography* of two lectins from the seeds of Ricinus communis [Castorbeans]. 095396
Affinity *chromatographic* isolation of milk acid phosphatase. 095612
Affinity *chromatography* of cereal alpha-amylase [from triticale]. 095759
Partial purification of methionine binding protein from Aspergillus nidulans [Fungi] by **affinity** *chromatography.* 099547
Polymorphism and glycoproteinic character of lectins from Ricinus communis [castorbeans] purified by **affinity** *chromatography.* 099555
Ferredoxin-sepharose **affinity** *chromatography* for the purification of assimilatory nitrite reductase [Spinach]. 100415
Affinity *chromatography* of NADP [nicotinamide adenine dinucleotide phosphate]-specific isocitrate dehydrogenase from the pupa of Bombyx mori. 103206
Chromatographic **analysis** of hormone residues in food. 094874
Gas-chromatographic **analysis** of phenolcarboxylic acids in wine. 095875
Alkaloids of the herb Sedum acre L. I. *Chromatographic* **analysis.** 099674
Investigation of grape skin polysaccharides by *chromatography* of **DEAE** [diethylaminoethyl] cellulose and paper electrophoresis. 095877
Chromatographic **determination** of [the molluscicide] metaldehyde residues in water and in cabbage. 094882
Chromatographic **determination** of [the insecticide] Famophos[O, O-dimethyl-O-(4-dimethylsulfsamoyl)-thiophosphate] in the tissues and organs of animals. 102726
Chromatographic **determination** of picloram residues in objects of plant origin. 102727
Chromatographic **determination** of diphenamid in tomatoes. 102728
Correlation of **gas** *chromatographic* profiles and organoleptic scores of different fats and oils after simulated deep fat frying. 095463
Studies on beer haze formation. I. **Gas** *chromatographic* profiles of beer: polyamide resin adsorbates. 095476
Silage qualification by **gas** *chromatography* of volatile fatty acids. 096794
Gas *chromatographic* separation of herbicides of major interest in Canada, with electrolytic conductivity detection in the nitrogen and chlorine modes [Residue analysis]. 102127
Fire ant [Solenopsis] trail pheromones: analysis of speciesspecificity after **gas** *chromatographic* fractionation. 102999
Analysis of trace pollutants in the air by means of cryogenic **gas** *chromatography.* 104532
Gas-liquid *chromatography* of ethyl ester artifacts formed during the prepatation of fatty acid methyl esters. 095479
Determination of vanilmandelic acid in pig urine and chicken feces by **gas-liquid** *chromatography.* 096191
Determination of dihydroergotoxine alkaloids by **gas-liquid** *chromatography.* 099828
Determination of methylnitrophos residues in meat, milk and eggs by the method of **gas-liquid** *chromatography.* 102731
Investigation of sulphate lignin oxidation by means of **gel** *chromatography.* 098388
Purification of malted-barley endo-beta-D-glucanases by **ion-exchange** *chromatography:* some properties of an endo-barleybeta-D-glucanase. 095779
Determination of aflatoxins in groundnut meals by high performance **liquid** *chromatography.* 094939
Separation of folic acid derivatives by high-performance **liquid** *chromatography.* 095140
The **liquid** *chromatographic* determination of unchanged triglycerides in used frying fats. 095441
Separation of carbonyl compounds by reverse phase **liquid** *chromatography* [in the cheese fat]. 095659
A high-pressure **liquid** *chromatographic* method for the resolution and quantitation of naringin and naringenin rutinoside in grapefruit juice. 095915
Determination of warfarin in animal relicta and feedingstuffs by high-pressure **liquid** *chromatography* with confirmation of identity by mass spectrometry. 096435
Separation of methyl ethers of xylose, glucose and some other sugars by **liquid** *chromatography.* 098290
A high-performance **liquid** *chromatographic* analysis of the benzoate esters of sapogenins isolated from Agave. 099827
Column switching techniques in the **liquid** *chromatographic* analysis of organochlorine pesticides in milk. 102719
Fluorogenic labeling of organophosphate pesticides with dansyl chloride. Application to residue analysis by high-pressure **liquid** *chromatography* and thin-layer chromatography. 102720
High pressure **liquid** *chromatography* of benzimidazoles [Fungicide residues]. 102755
Determination of the moisture content of fertilizers by the *extraction-chromatographic* **method.** 104062
Gibberellins. XLIII. Fractionation of gibberellins, gibberellin conjugates and other plant hormones by dextran **Sephadex** *chromatography.* 099830
Composition and properties of tar obtained at cellolignin thermolysis. VI. *Gel-chromatographic* **study** of oligomeric compounds of lignocarbohydrate nature. 098305
Quantitative determination of vitamin D3, 7-dehydrocholesterol and its photoderivaties by means of **thin-layer** *chromatography.* 095019
Investigation on some steroid hormones and their conjugates in pollen of Pinus nigra Ar. Separating steroids by **thin-layer** *chromatography.* 100626
Fluorogenic labeling of organophosphate pesticides with dansyl chloride. Application to residue analysis by high-pressure liquid chromatography and **thin-layer** *chromatography.* 102720
Determinaton of [the herbicide] picloram residues in water and fruit by the method of **thin-layer** *chromatography.* 102735
Some bitter peptides from rennet-treated casein. A method for their purification, **utilizing** *chromatographic* separation on silica gel. 095637

CHROMATOPHORES

Studies on the comparative ultrastructure and pigments content of the *chromatophores* of **Navicula** ostrearia (Gaillon) Bory [Algae] cultured in optimal and deficient media. 098922

CHROMIUM

Chrome **leather** waterproofing by treatment with aldehydes and carboxylic acids. II. Effects of some chemicals and tanning, greasing and dyeing products. 095682
Determination of *chromium* in several **proposed** standard samples and of zinc and chromium in wheat milling and beet sugar refining samples. 095809

CHROMOMERES

Evolution and organization of *chromomeres* **[Drosophila** melanogaster]. 102834

CHROMOPHORES

Factors affecting the estimation of the relative amount of chromophore and *chromophore* **area** by the two-wavelength method of Patau and Ornstein [Peas]. 100452
Synthesis and reactions of hydroxylated stilbenes and their possible occurrence as *chromophore* **precursor** structures in lignin. 098376
Synthesis and reactions of hydroxylated stilbenes and their possible occurrence as *chromophore* **precursor** structures in lignin. 098377

CHROMOSOMES

Change of radiosensitivity of the seeds of Scotch pine (Pinus sylvestris) in relation to the duration of soaking [Gamma irradiation, mitotic activity, *chromosomal* **abberations].** 100685
Veterinary cytogenetics *[Chromosomal* **aberrations,** cattle, horses]. 097072
Chromosome **aberrations** in Spinifes littoreus from the monazite belt at Manavalakurichi. 098951
Problems of methodology of cytological analysis of *chromosome* **aberrations** in barley. 099295
Accessory *chromosomes* and their meiotic behaviour in hybrids of grain sorghum and Johnson grass [Sorghum halepense]. 098950
Isolation of a transcriptionally **active** *chromosome* from chloroplasts of Euglena gracilis [Algae]. 099075
Cyto-embryological studies in a garden Aloe (a hybrid between Aloe abyssinica Lam. and Aloe ferox Mill.?). II. Karyotype and mitotic **anomalies** *[Chromosomes].* 098953
Studies in Festuca. 7. *Chromosome* **atlas.** 2. An appraisal of chromosome race [geographical] distribution and ecology, including Festuca pratensis var. apennina (De. 099161
A modified Giemsa technique for identifying **bean** *chromosomes.* 099003
The karyotype of the Australian swamp buffalo (Bubalus **bubalis)** *[Chromosomes].* 096288
Caryologic research in freemartin **cattle** *[Chromosomes].* 096847
Recognition of the **cattle** *chromosomes* by the Q- and G-banding techniques. 096914
Staining technique for definite identification of individual **cattle** *chromosomes* in routine analysis. 096949
Observations on *chromosomic* **conjugation** of Coffea arabica L. [Coffee]. 099133
Genetically **controlled** *chromosome* breakage as an isolation barrier in the origin and maintenance of Secale ancestrale [Rye]. 099140
Modifications and errors of mitotic cell division in relation to **differentiation** *[Chromosomes].* 098983
Chromosomal **DNA** replication: retarded fork progression and altered initiation in cells infected with mengovirus or Newcastle disease virus [Infection of mouse L cells]. 097668
Ectopic pairing and evolution of 5S ribosomal RNA genes in the *chromosomes* of **Drosophila** funebris. 102887
Spontaneous formation of translocation and nonhomologous pairing of *chromosomes* in **Drosophila** melanogaster. I. Production and genetic analysis of females containing Y-2 semitranslocations. 103098
Spontaneous formation of translocations and nonhomologous pairing of *chromosomes* in **Drosophila** melanogaster. II. Genetic analysis of b pr individuals and study of distribution over the cultures of individuals with semitranslocations Y2. 103099
Chromosomal **evolution** in Columbiformes (Aves). 096890
A *chromosomal* **gene** required for killer plasmid expression, mating, and spore maturation in Saccharomyces cerevisiae [Yeast]. 099372
The salivary **gland** *chromosomes* of Anopheles jamesi. 102902
Effect of 5'-bromodeoxyuridine on the association of telomeric regions in Drosophila virilis salivary **gland** *chromosomes.* 102946
Chromosomes, **hemoglobins,** and transferrins of Iranian domestic sheep. 096946
High-resolution *chromosome* analysis in Lepidoptera. 102799
Cytochemical analysis of spontaneous asynapsis of **homologous** *chromosomes* of Drosophila melanogaster saliva glands. 103123
RNA synthesis of puff 2-48BC after experimental induction in Drosophila **hydei** *[Chromosomes].* 102879
Identification of the trisomic series in diploid Solanum tuberosum L., group tuberosum. I. *Chromosome* **identification** [Potatoes]. 099188
Genetic analysis of hexaploid wheat, Triticum aestivum using **intervarietal** *chromosome* substitution lines—protein content and grain weight. 099182
Allelism of spontaneous mutations which affect viability in the 2 *chromosome* of **LA** Drosophila melanogaster strain. 102944
Induced polyploidy in legumes. III. Phaseolus vulgaris L. [Kidney beans, varieties, **meiotic** *chromosomes].* 098965
The effect of ethanol on **meiotic** *chromosome* behavior in maize. 099144

Genetic fine structure of the 2D3-2F5 region of the Drosophila **melanogaster** X *chromosome.* 103096
Squash method for the **mitotic** *chromosomes* of grasses [Digitaria]. 098947
The genetics of black larva, an autosomal recessive lethal mutation located on *chromosome* 3 in the **mosquito** Anopheles albimanus. 102865
Myodystrophy, a new myopathy on *chromosome* 8 of the **mouse.** 095821
Genes on *chromosome* 3 of the **mouse.** 096947
A new translocation in barley resulting in a cytologically market karyotype *[Chromosomal* **mutations].** 099348
Phosphorylation and protein kinase activities of *chromosomal* **non** histone proteins from chick embryo fibroblasts. 096260
Studies on Drosophila radiosensitive strains. I. Isolation of radiosensitive strains, their frequencies of spontaneous dominant lethals and of *X-chromosome* **non-disjunction.** 102950
Cytotaxonomy of Malvaceae. I. *Chromosome* **number** and karyotype analysis of Hibiscus, Azanza and Urena. 098962
High voltage electron microscopical analysis of *chromosomal* **number** in the slime mold Echinostelium minutum de Bary. 099147
Doubling of the *chromosome* **number** of tobacco haploids in tissue culture. 099399
The ontogenesis of the endosperm in Delphinium ajacis L.: Problem of the regulation of the *chromosome* **number** and of the quantity of intranuclear DNA. 099621
Chromosome **numbers** in Umbelliferae. V. 098875
Chromosome **numbers** in some species of Acanthaceae. 098952
Chromosome **numbers** of Japanese Amphicarpaea [edgeworthii] Ell. 099002
Rates of evolution in seed plants: net increase in diversity of *chromosome* **numbers** and species numbers through time. 099375
Sex chromatin and *chromosome* **numbers** in Lepidoptera. 102864
Karyotypes of three species of Lepidoptera including an investigation of *B-chromosomes* in **Pieris** [Pieris napi, Pieris rapae]. 102901
Gibberellic acid protection against EMS [ethyl methane sulphonate] and MMS [methyl methane sulphonate] induced damage to *chromosomes* in **Pisum** sativum L. [Peas, mutation]. 099158
Study of the effect of some factors on the percentage of *41chromosome* **plants** in the progeny of monosomic lines of [the wheat] Chinese Spring. 099297
Geographic variation of the *chromosomal* **polymorphism** in Drosophila flavopilosa. 102863
Some special forms of **polytene** *chromosomes* in two species of Diptera (Trypetidae and Rhagionidae) [Urophora cardui, Atherix ibis]. 102878
Analysis of the spatial organization of Drosophila melanogaster genome based on ectopic pairing of **polytene** *chromosomes.* 102945
Late labelled regions in **polytene** *chromosomes* of salivary gland cells in some speciesof the virilis group of Drosophilaand their interspecific hybrids. 102947
Relationships within the melanogaster species subgroup of the genus Drosophila (Sophophora). II. Phylogenetic relationships between six species based upon **polytene** *chromosome* banding sequences. 103085
The **preleptotene** *chromosome* condensation and decondensation in the ovary of the sheep embryo. 096864
Studies in Festuca. 7. Chromosome atlas. 2. An appraisal of *chromosome* **race** [geographical] distribution and ecology, including Festuca pratensis var. apennina (De. 099161
Interspecies hybrids of cotton [Gossypium] species with a different number of *chromosomes* and the **reasons** of their sterility. 099450
Chromosomes of **Rutelinae.** II. Genera Adorrhinyptia Arrow and Adoretus Cast. (Scarabaeidae: Coleoptera). 103153
Sex *chromosomes* of Plagiochila praemorsa Stephani and the status of structural sex chromosomes in hepatics [Hepaticae]. 099125
Are there heteromorphic **sex** *chromosomes* in spinach (Spinacia oleracea L.)? 099167
Differential Giemsa staining in plants. II. Morphological changes in *chromosome* **structure** observed with interference contrast and scanning electron microscopy [Tulipa]. 098938
Chromosome **structure** in Chilocorus (Coleoptera: Coccinellidae). II. The asynchronous replication of constitutive heterochromatin. 102860
Chromosome **studies** in the genus Cucumis. 099173
Chromosome **study** and affinities of some species of Hydroceltyoideae. 099034
Chromosome **transmission** and morphology of three primary trisomics in soybeans (Glycine max). 099136
Differential Giemsa staining of heterochromatic regions in the *chromosomes* of **Vicia** faba [broadbeans], Allium cepa [onions] and Paeonia tenuifolia. 099044
Evolution of 5S ribosomal RNA genes in the *chromosomes* of the **virilis** group of Drosophila. 102888
The first manifestations of freemartinism in the calf fetus do not depend upon **XX/XY** *chromosomal* chimerism. 096888

CHRYSANTHEMUMS
A new flower spot and blight [Alternaria **alternata**] of *Chrysanthemum.* 101492
Cytogenetics of a cross between two species of **annual** *Chrysanthemum* [coronarium, Chrysanthemum carinatum]. 099156
Nutrition **diagnosis** of *chrysanthemum.* 100505
Chrysanthemum in **directed** culture. Influence of long days preceding short days on flowering of Chrysanthemum morifolium cultivar Neptune, Bravo and Orange Bowl. 100520
Mutation breeding of *Chrysanthemum* **morifolium** Ram. Using in vivo and in vitro adventitious bud techniques. 099200
Toward management of plant-water relations *[Chrysanthemum* **morifolium].** 100421
Cold acclimation of *Chrysanthemum* **[morifolium]** callus cultures. 100470
Chrysanthemum in directed culture. Influence of long days preceding short days on flowering of *Chrysanthemum* **morifolium** cultivar Neptune, Bravo and Orange Bowl. 100520
Stem rot, a new disease on *Chrysanthemum* **[morifolium]** incited by Fusarium solani. 101566
A-Rest as a substitute for B-Nine in **pot** *Chrysanthemum* height control [Growth regulators]. 100419
Condensate injury from black plastic [used to control day length in producing cut and **potted** *Chrysanthemums].* 101899
Chrysanthemum **production** planning under time-to-harvest uncertainty. 094325
Pirimor trial for aphid control on field-grown column stock—progress **report** *[Chrysanthemums].* 102408

CHRYSOMELIDAE
Antennal morphology of [corn rootworm] Diabrotica virgiferaadults **(Coleoptera:** *Chrysomelidae).* 102791
Studies on the excretion of carbohydrates in Aulacophora foveicollis Lucas. **(Coleoptera:** *Chrysomelidae).* 103130
On systematic relations of Oomorphus concolor (Sturm) (Coleoptera, *Chrysomelidae),* with **descriptions** of its larva and of an aberrant Cryptocephaline larva from Australia. 103180
Studies on the excretion in Aulacophora foveicollis Lucas (Coleoptera: *Chrysomelidae):* the **rate** of ejection of excretory material. 103131

CHRYSOPA
Use of green lacewings *[Chrysopa* **carnea]** (Neuroptera: Chrysopidae) in biological control projects [Insect pests]. 102245
Development of methods for field distribution of eggs of the insect **predator** *Chrysopa* carnea Stephens [Biological control of Heliothis zea and Heliothis virescens, cotton]. 102287

CHRYSOPHYCEAE
The microanatomy of Sphaleromantis marina sp. Nov. *(Chrysophyceae)* **[Algae].** 098901
Studies on genera Mallomonas and Synura, and other plankton in freshwater with the electron microscope. X. The genus **Paraphysomonas** *(Chrysophyceae)* in Japan [Algae, new taxa]. 098554

CHRYSOPIDAE
Use of green lacewings [Chrysopa carnea] (Neuroptera: *Chrysopidae)* in **biological** control projects [Insect pests]. 102245
Feeding specialization of the main species of green lacewings [Neuroptera, *Chrysopidae]* **spread** in Adzharia [Citrus pests, biological control]. 102472

CHRYSOPS *see* TABANIDAE

CHTHONIIDAE
A new genus and species of chthoniid pseudoscorpion [Mexichthonius unicus] from Mexico **(Pseudoscorpionida,** *Chthoniidae).* 103163

CHUTES
Studies on the hydraulic characteristics of the *chute* **type** dissipator: hydraulic model test of spillway of Fuwahokubu flood control dam. 103392

CHYLOMICRON
Lipoprotein lipase and uptake of *chylomicron* **triacylglycerol** and cholesterol by perfused rat mammary tissue. 096243

CHYMOTRYPSIN
Estimation of tryptophyl and tyrosyl exposure in tryptophanrich proteins by ultraviolet difference spectrophotometry. [Hen] lysozyme and **[bovine]** *chymotrypsinogen.* 096419

CHYTRIDIACEAE
Observations on *chytridiaceous* **parasites** of phanerogams. XXV. Physoderma johnsii Sparrow, a parasite of Caltha palustris L. 101314

CICADELLIDAE
Searching by Adalia bipunctata (L.) (Coleoptera: Coccinellidae) and escape behaviour of its aphid and *cicadellid* **prey** on lime (Tilia X vulgaris Hayne). 102393

CICADOIDEA
A new type of stridulating apparatus of the *Cicadoidea,* **revision** of the higher classification of the superfamily (Homoptera). 103176

CICADULINA
Maize streak epiphytotic in Nigeria *[Cicadulina* as **insect** disease vector]. 101786

CICER
The origin of **chickpea** *Cicer* arietinum L. [Genetic studies]. 099215
Inheritance of certain colour characters in **gram** *(Cicer* arietinum L.). VII. [Chickpeas]. 099121
Effect of nitrogen, phosphorus and potassium fertilization on grain yield and phosphorus content of **gram** *(Cicer* arietinum Linn.) [chickpeas]. 100413
Effect of various physical factors of the environment on the incidence of foot blight Operculella padwickii] of **gram** *(Cicer* artietinum L.) [Chickpeas]. 101479
A study on fertiliser requirement of **gram** *(Cicer* arietinum, Linn) [Chickpeas] in Tripura. 103939

CICHORIUM
Effect of lower temperature on the development of salad endive and **chickory** *(Cichorium* endivia L. and Cichorium intybus L.). 100600

CIDER
Studies in the preparation of *cider* from **north** Indian apples: II. Storage studies. 095913

CIGARETTES
Genetic effects of the gas phase of *cigarette* **smoke** on Saccharomyces cerevisiae [Yeasts]. 099128

CILIA
A new **parasitic** *ciliate* Cyathodinium indiae n. Sp., from the guinea pig, India. 097320

CINNABAR
Distribution and dispersal in populations capable of resource depletion. A field study on *Cinnabar* **moth** [Tyria jacobaeae]. 103058

CIRCADIAN
Automatic monitoring of a *circadian* **rhythm** of change in light transmittance in Ulva [lactuca latissima]. 099942
Evidence of *circadian* **rhythm** of male responsiveness to female pheromones in Acrolepiopsis (Acrolepia) assectella Zell. (Lepidoptera). 102843
Circadian **rhythms** of chloroplast orientation and photosynthetic capacity in Ulva [lactuca latissima]. 099943
Phase shifting the *circadian* **rhythms** of nocturnal insects by temperature changes [Eurycotis floridana, Lampyris noctilucta, Photuris]. 103077

CIRCUITS
Study of a device for calibration of dynamometer shafts with a **closed** *circuit.* 103628
Towards a functional modification of a **distribution** *circuits* [Agricultural products]. 094493

CIRCULATION
The functional anatomy of the **bronchial** *circulation* of the domestic fowl. 096416
Temporal **changesin** *circulating* steroids during prostaglandin F2alpha induced abortion in the rat and rabbit. 097018
Percentage of **ecdysone** *circulating* in last larval ages and induction of nymphal diapause in Pieris brassicae. 102849
Prostaglandins in the *circulation* of the **fetal** lamb. 096527
Haemopoiesis in Lepidoptera. I. The multiplication of *circulating* **haemocytes.** 102872
Hepatic *circulatory* anatomy and its role in liver disease. 097694
Circulation **load** test and meat quality of fattened pigs with known genetic origin. 096213
Air-flow *[circulation]* **patterns** in vineyard rows [Microclimate]. 098759
The relase of prostaglandin F2alpha as reflected by 15-keto-13,14-dihydroprostaglandin F2alpha in the **peripheral** *circulation* during normal luteolysis in heifers. 096528
Dynamic studies of prostaglandin F-2alpha in the **utero-ovarian** *circulation* of the sheep. 096953

CIRSIUM
Effectiveness of integrated ways of controlling Canada thistle *[Cirsium* **arvense]** in the system of soil tillage for maize. 102087
Phytotoxic effects of extracts of Canada thistle *[Cirsium* **arvense]** and leafy spurge [Euphorbia esula, economic crops]. 102184
New taxa of the **genus** *Cirsium* Mill. From the flora of the USSR. 098753
A new variety of *Cirsium* **lucens** [Bracteosum]. 098631

CITRATES
The nature of powers efficiency in the formation or rennet and acid coagula and the role of calcium, phosphate and *citrate* in **coagulum** formation. 095631
Apparent KmS and apparent concentrations: an apparent conundrum [Rat **liver** *citrate* synthase]. 096395

CITRIC
Citric **acid** fermentation in Egypt. VII. Interaction between ethanol and trace elements. 095398
Citric **acid** fermentation in Egypt. V. The use of molasses as raw material for citric acid fermentation. 095761
Diet effect on initial fructose and *citric* **acid** levesl in the semen of Indian bulls. 096784

CITRININ
Effect of *citrinin,* a **mycotoxin** produced by Penicillium citrinum, on laying hens and young broiler chicks. 097840

CITRUS
Evaluation of **activated** *citrus* sludge as a poultry feed ingredient. 096038
Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of sugars in tangerine leaves [Insecticides, control of *citrus* **Aleyrodidae** moth]. 102473
Observations on the vertical distribution of [the nematode] Tylenchulus semipenetrans Cobb in volcanic soil [planted with sour orange, *Citrus* **aurantium**]. 101974
On the acclimatization in Italy of Leptomastix dactylopii (How.). Important parasite of Planococcus citri (Risso) *[Citrus* **bacterial** diseases, biological control]. 101693
Four-legged mites (Acarina, Eriophyoidea)—pests of *citrus* on the **Black** Sea coast in the Caucasus. 102475
Occurrence of greening and tristeza diseases of *citrus* in various **blocks** of Darjeeling district (West Bengal). 102029
Changes in the free amino acids of citrus leaves in relation to citrus greening [of musambi] and *citrus* **canker** [on kinnow]. 101886
Trend to integrated control [of insects] in *citrus* **culture** in southeastern France. 102453
Citrus **dieback** [caused by mycoplasma-like organisms, transmitted by Toxoptera citricidus]. 101717
Changes in chlorphyll a, b, and the a/b ratio during color development in *citrus* **fruit.** 100467
Protecting the freezing of *citrus* **fruits** with packaging materials during transportation and distribution in a cold district. 095930
Radiosensitivity of the **genus** *Citrus* [Genetic effects]. 099408
Changes in the free amino acids of citrus leaves in relation to *citrus* **greening** [of musambi] and citrus canker [on kinnow]. 101886
Hedging and topping: growers have differing views *[Citrus* **groves**]. 101105
A *non-citrus* **host** for citrus mosaic virus [Hibiscus rosasinensis]. 101745
Infectivity and pathogenicity of three Italian population of [the nematode] Tylenchulus semipenetrans Cobb on *citrus* and other **hosts** [Olive, grapevine]. 101967
Evaluation of *citrus,* **hybrids,** and relatives as hosts of [the nematode] Pratylenchus coffeae, with comments on other hosts. 101965
Corrosion of tinplate by *citrus* **juices.** 095924
Extraction and determination of nitrate in *citrus* **leaves.** 100351
Changes in the free amino acids of *citrus* **leaves** in relation to citrus greening [of musambi] and citrus canker [on kinnow]. 101886
Mitotic cycle in the root meristem cells of *Citrus* **limon** Burm [lemons], Citrus reticulata Blanco [mandarin oranges] and Citrus sinensis X Poncirus trifoliata. 100402
A non-citrus host for *citrus* **mosaic** virus [Hibiscus rosasinensis]. 101745
An Italian biotype of the *citrus* **nematode** [Tylenchulus semipenetrans]. 101956
Variability of biometric characters in second stage larvae of the *citrus* **nematode,** Tylenchulus semipenetrans Cobb, 1913. 101987
Inhibition of growth and aflatoxin production of Aspergillus parasiticus [Fungi] by *citrus* **oils.** 094940
Effects of air and soil temperatures on vegetative growth of *citrus* **[Oranges].** 100473
The effect of host aggregation on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an egg parasitoid of Papilio xuthus Linne (Lepidoptera: Papilionidae) [Biological control, *citrus* **pests**]. 102383
Feeding specialization of the main species of green lacewings [Neuroptera, Chrysopidae] spread in Adzharia *[Citrus* **pests,** biological control]. 102472
Intensity of photosynthesis of *citrus* **plants** under various temperaturs in relation to their frost resistance. 100585
What New Zealanders can learn from Australian experiences in *citrus* **processing.** 095891
Vendex, an effective miticide [for ornamental plants, deciduous fruits, and *citrus]:* **progress** report. 102409
Electric heating—a reliable method of **protecting** *citrus* trees from frosts. 102035
Distribution of essential oils in leaf tissue of an F2 population of *Citrus* [as **related** to inheritance]. 099176
Mitotic cycle in the root meristem cells of Citrus limon Burm [lemons], *Citrus* **reticulata** Blanco [mandarin oranges] and Citrus sinensis X Poncirus trifoliata. 100402
Evaluation of waste activated **sludge** *(citrus)* as a poultry feed ingredient. 2. Quality and flavor of broilers, egg yolk color and egg flavor. 096754
Nuclear DNA synthesis in meristematic root tip cells of some *Citrus* **species** [Lemons, mandarin oranges] autoradiography and microspectrophotometry. 100403
Accumulation of phenols and phytoalexins in *citrus* **tissues** inoculated with Phytophthora citrophthora (Sm & Sm.) Leoniam. 101619
The influence of temperature and humidity on the life-cycle of Ectomyelois ceratoniae (Zeller) (Lepidoptera: Phycitidae [Insect pests of *citrus* **trees,** nuts and stored products]. 102437
Influence of three rootstocks on the yield and on the infestation of [the nematode] Tylenchulus semipenetrans on **two** *citrus* varieties in Algeria. 101968
Occurrence of Dothiorella sp. On Tangor Murcote [Gomosis, *citrus* **varieties**]. 101629
A new, lightweight, transparent insect cage [Vectors of Spiroplasma citri, the causative agent of stubborn disease of *citrus,* **virus** diseases]. 102384
Potentialities for the exploitation of *citrus* **wealth** in Uttar Pradesh Hills, India. 101135

CLADOBOTRYUM
Competing and parasitic fungi *[Cladobotryum* **variosporium,** Trichoderma polysporum] in the cultures of edible wood-inhabiting mushrooms [grown on straw and sawdust substrates]. 101673

CLADOCERA
Toxicity of some insecticides to *Daphnia* **carinata** King, an important link in the food chain in the freshwater ecosystems. 102699
Integrity of ribosomal ribonucleic acids from aphids [Aphislabruni] and water fleas *[Daphnia* **pulex,** Galleria mellonella]. 102832

CLADONIA
Influence of certain ecological factors on the content of various compounds in lichens *[Cladonia* **alpestris,** Cladonia mitis, Cladonia rangiferina, Hypogymnia physodes]. 098854
Brassicasterol in *Cladonia* **gonecha** and Stereocaulon tomentosum [Lichens]. 099903
Influence of certain ecological factors on the content of various compounds in lichens [Cladonia alpestris, *Cladonia* **mitis,** Cladonia rangiferina, Hypogymnia physodes]. 098854
Experimental study of the accumulation of cesium-137 [isotope] by lichens from aqueous **solutions** *(Cladonia* rangiferina (L.) Web. as an example [Radioactive contamination]. 104648

CLADOPHORA
Ultrastructure of cell division in Cladophora: Pregametangial cel division in the haploid generation of *Cladophora* **flexuosa** [Algae]. 098931
Ultrastructure and differentiation in *Cladophora* **glomerata.** I. Cell division. 098881
Ultrastructure of cell division in *Cladophora:* **Pregametangial** cel division in the haploid generation of Cladophora flexuosa [Algae]. 098931

CLADOSPORIUM
Fungicides used for control of peach scab *[Cladosporium* **carpophilum**] may affect bacterial wilt [Xanthomonas pruni]. 101689
Intraspecies differentiation of the pathogen of leaf and fruit mold *[Cladosporium* **fulvm**] of tomatoes and methods of studying their resistance. 101642
A leaf disease *[Cladosporium* **martianoffinum**] of poplar [Populus alba] from Kashmir. 101395

CLADRASTIS
The extractives of **Japanese** *Cladrastis* species. V. Chemical constituents from the leaves of Cladrastis platycarpa Makino. 099965

CLAMPS
The choice and dimensioning of grab and *clamp* **devices** for handling of timber on the conversion sites. 098373

CLARKIA
Ultrastructure and chemistry of *Clarkia* **elegans** leaf wax: acomparative study with Brassica leaf waxes. 099950

CLAVICEPS
Conidial stage of **fungi** *Claviceps* purpurea Tul [Ergot, Gramineae]. 101664
Partial synthesis of festuclavine [isolated from ergot parasitizing on grasses Agropyrum and Phalaris, from a culture of *Claviceps* **gigantea** and from Aspergillus fumigatus, Fungi]. 101390
The nature of alkaloids of ergoty pearlmillet or bajra and its comparison with alkaloids of ergoty rye and ergoty **wheat** *[Claviceps].* 101638

CLAY
Activation of *clays.* 103715
Results from, and recommendations for, the irrigation of winter wheat varieties on a **Black** *Clayey* soil in the Thuringian Basin. 104285
Contribution of organic matter and *clay* to the **cation** exchange capacity of soils in the savanna zone of Nigeria. 103723
Influence of the *clay* **fraction** and its nature on the aggregation and physical parameters of basaltic soils of Malwa Plateau. 103762
Irrigation and fertilizer needs of wheat in *clay* **loam** soil of Tarai tract of Uttar Pradesh. 103998
A study on the *clay* **minerals** of soils in [South] Korea. 103819
Adsorption and desorption of cadmium by synthetic and **natural** *organo-clay* complexes. 103743
Change in the number of business enterprises and industries in the **river** *clay* area of the central Netherlands during the period 1968-1973. 094169
Characteristics of the *clay* in **soddy-carbonate** and soddy-podzolic soils in the western and eastern regions of the Russian plain. 103805
50 percent [allocation] of the *clay* **[soil]** area to potatoes? Economic aspects of expansion of potato cultivation with the aid of soil disinfection and AM varieties in clay tillage. 094308

CLEANING
Cleaning **bulk** milk tanks: comparing three systems. 095564
Structure of the cow shed has an influence on *cleanliness* of **cattle.** 096131
Screening & *cleaning*—**conventional** & thermal mechanical pulps. 098261
Reserves of increasing the productivity of units in sowing cereals and *clean-cultivated* **crops.** 103622
Clean, **dry,** ventilated housing for the young dairy calf. 103335
Effect of constructions of operation chambers on the **electrohydraulic** *cleaning* of wool. 103368
Experimental investigations in *cleaning* **filters** in water-supply wells by the electrohydraulic method. 103370
Metals, detergents and sterilizers [for *cleaning* **food** and dairy equipment]. 095447
Foodservice *cleaning* products and dishwasher compounds. 095344
Can **foodservice** come *clean?* 095352
Ways of increasing the productivity of unitized machinery used in **growing** *clean-cltivated* crops. 103642
High-pressure *cleaners* at the Agricultural [Machinery Exhibition] RAI 1976. 103482
The storage loss of fodder beets as influenced by harvesting, handling, and *cleaning* **[Injuries].** 102050
Cleaning and **lye** peeling of tomatoes using rotating rubber discs. 095939
Experimental investigations of seed charging in an electrostatic field *[Cleaning* **machines**]. 103525
Microbes—*cleaner-uppers* for polluted waters. 104599
The effectiveness of methods for *cleaning* **milking** machines. 103488
On the fluctuation of results through the iteration of the *cleanness* and **neatness** test for raw silk [Grading]. 096122
Mechanical **pulp** *cleaning.* 098250
Thoughts on *cleaning* in **reference** to choice of construction material for livestock housing. 103337
Dairy: *cleaning* and **sanitizing** pipeline milking machines and bulk tanks. 095554
A special brush for a **special** *cleaning* job. 095338
Automation of *cleaning* **systems** [Milking equipment]. 103424
Pollution from pulp **wood** *cleaning.* 104603
Experimental and technological investigations of the electrohydraulic method of *cleaning* **wool.** 103369

CLEARCUTTING
The peculiarities of vegetative regeneration of herbaceous plants on plowed slices [on *clearcut* **forest** sites]. 100301
Longleaf seedlings [Pinus palustris] survive fire in *clearcut* **strips.** 097946

CLEARINGS
A review of **land** *clearing* for site preparation for intensive plantation forestry. 098085
Brigalow [Acacia harpophylla] *clearing* and **regrowth** control. I. [Reforestation]. 098133
Global radiation beneath the canopy and in the *clearing* of a **suburban** hardwood forest [Pinus]. 097872

CLEAVAGE
Mitotic recombination in *cleavage* **divisions** of Drosophila melanogaster. I. The effect of X-rays on sperms and spermatogonia of male parents. 102948
Mitotic recombination in *cleavage* **divisions** of Drosophila melanogaster. II. The effect of ethylmethanesulphonate at different stages of spermatogenesis in male parents. 102949

CLEFT
Cleft **grafting** in Bursera penicillata (DC.) Engl. 098076

CLEISTOTHECIA
Electron microscopic study of developing and **mature** *cleistothecia* of Sphaerotheca mors-uvae [Fungi]. 099049
Perennation of Sphaerotheca mors-uvae [Fungi] as *cleistothecia* with **particular** reference to microbial activity. 100029

CLEMATIS
Clematis **[Varieties].** 101028
Determination and differentiation of the procambium in the shoot apex of *Clematis* **vitalba** L. (Ranunculaceae). 099024

CLEOME
Embryo development in *Cleome* **aspera** L. (Capparidaceae). 099004

CLERODENDRON
Crystalline components of *Clerodendron* **serratum.** 099684

CLIMATE
Relations between tree growth and *climate* in **aleppo** pines (Pinus halepensis Mill.). 100665
Studies on scheduling of irrigations to wheat based on critical stages and *climatic* **approach.** 104326
Quantitative methods of **calculating** *agroclimatic* resources **[Forecasting plant productivity].** 094048
Climate **changes** and the future of the Sahel [Drought]. 094051
The **changing** *climate* for plant protein foods: 1965-1976. 095358

Development of generative organs of Norway spruce [Picea abies] in the *climatic* **conditions** of the Latvian SSR. 100642
Modeling corn production—estimating production under variable soil and *climatic* **conditions** [prediction of crop yields]. 100940
In cotton—a technique to **control** *climatic* hazards. 100820
The desert-side economy of the central Sudan *[Climatic* **cycles,** ethnic groups]. 094714
Shape of the apple [influenced by genetic and *climatic* **factors].** 098977
Effect of *climatic* **factors** on the width of spruce [Picea] annual rings. 100643
Climate and **food** [production] workshop: a report. 093979
Estimating minimum temperature and *climatological* **freeze** risk in hilly terrain. 093963
Are our management plans in **harmony** with the *climate?* 094280
Preservation of the apple variety Granny Smith produced in **Mediterranean** *climates.* 095943
Late summer irrigation and establishment of winter annual [forage] legumes in a **Mediterranean-type** *climate.* 100706
Forest ecosystem and landscape succession in **moderate** *climates.* 098828
Self-maintenance of forests in **moderate** *climates.* 098829
Weather and *climate* **modification** and the future of the Sahara. 094053
Climate, **production** and longevity of Lavandula. 101010
Growing-degree units for corn in the North Central **Region** *[Climatology].* 100249
Senegal river: the needs of the population before the interests of a minority **[Sudan-Sahelian** *climate,* drought, farming possibilities]. 094190
Habitat and phenetic variation in Phymata americana Melin (Heteroptera: Phymatidae). II. *Climate* and **temporal** variation in color pattern. 103201
Climate, **topography** and germination [Solar radiation]. 098858
A study of heat tolerance, growth rate and the onset of puberty in Brahman, Santa Gertrudis and Hereford heifers in a humid **tropical** *climate:* Fiji. 096362
Climatic **variations** of Upper Holocene in Kerguelen Islands: from a peat section of the Dante Plain (south coast) [Pollen]. 098587
Some preliminary studies on the performance of important potato varieties under **warm** *climate* at Mirpurkhas. 101019
Heterogeneity of recording weather conditions for programming yields of farm crops in various soil and *climatic* **zones** of the USSR. 094047
Goals of *agroclimatic* **zoning** [for farm crops]. 099569

CLODS

Separation of potatoes from *clods* and **stones**—the main problem of the mechanized harvesting. 103506

CLONE

Relationship between physiological and morphological characteristics and yield of nondormant **alfalfa** *clones.* 099471
Clonal **analysis** of a genetically caused duplication of the anterior wing in Drosophila melanogaster. 102903
Genotypic composition of the *clones* of **brown** rust [Pucciniarecondita] in some Lr lines of wheat. 101343
Within-tree variation of monoterpene composition and yield in slash pine [Pinus elliottii] *clones* and **families** [Genetic variation]. 098081
Xylem water poential and yield of tea (Camellia sinensis) *clones* in **Malawi.** 101295
UV [ultraviolet]-induced lethal sectoring and pure **mutant** *clones* in yeast [Saccharomyces cerevisiae]. 099350
A completely balanced polycross design **[Plant** *clones].* 099165
Ecdysterone induced proteins in in vitro cultured **sensitive** *clones* of Drosophila melanogaster. 102841
Foliar macronutrient concentrations and foliage retention in radiata pine [Pinus radiata] *clones* on four **sites.** 100659

CLOSTRIDIA

The occurrence and growth of Clostridium spp. In vacuum-packed bacon with particular reference to Clostridium perfringens (welchii) and *Clostridium* **botulinum.** 094877
Trends in methods for detecting food-poisoning toxins produced by *Clostridium* **botulinum** and Staphylococcus aureus. 094927
Incidence of Salmonella spp., *Clostridium* **botulinum,** and Vibrio parahaemolyticus in an estuary [Microbiological indicators of pollution]. 104448
The occurrence and growth of Clostridium spp. In vacuum-packed bacon with particular reference to *Clostridium* **perfringens** (welchii) and Clostridium botulinum. 094877
Studies on the relationship between intestinal flora and cecal coccidiosis in chicken [Eimeria tenella, *Clostridium* **perfringens].** 097484
The occurrence and growth of *Clostridium* spp. In **vacuum-packed** bacon with particular reference to Clostridium perfringens (welchii) and Clostridium botulinum. 094877
Studies of lesions produced in the brains of colostrum deprived lambs by *Clostridium* **welchii** (Clostridium perfringens) type D toxin. 097401

CLOTHING

Fitting **children's** *clothes.* 095241
Sharping your buying **skills** in *clothing.* 095249
Clothing and **textiles:** supplied, prices, and outlook for 1975. 095234
Selecting a man's **wardrobe** *[Clothing].* 095248
This is the way we **wash** our *clothes.* 095250

CLOUDBERRIES *see* BERRIES

CLOUDS

Effects of gonadotrophins on the *cumulus* **oophorus** of isolated rat graafian follicles. 096849
Computations of the absorption of solar **radiantion** by *clouds.* 094058
A look at *cloud-seeding* **research** [as a part of water management program]. 104387
A view of *cloud* **seeding** [Weather modification]. 093987

CLOVER

Nitrogen fixation by intact annual rangeland species in soil *[Clover,* **Bromus** mollis]. 103664
Arrowleaf and **Crimson** *clover* varieties for forage [Yields]. 100992
Effect of soil moisture regimes, nitrogen and phosphorus on N, P, K and Ca [nitrogen, phosphorus, potassium, calcium] uptake by berseem fodder **[Egyptian** *clover].* 100211
[The nematode] Pratylenchus minyus on **Egyptian** *clover* in Apulia. 101991
Seedling growth of crownvetch [Coronilla varia], **Ladino** *clover,* and alfalfa under shade. 100072
Response of berseem *[clover]* to **liming** and different intervals of cutting. 100861
Use of the dye binding method for determination of protein content in grassland crops **[Lolium,** *clover].* 095844
Phosphorus assimilation by *clover* and **lucerne** from soil phosphates of various genetic horizons of sod-podzolic mean-sandy-loam soils. 100175
Effect of the seeding rates and sowing dates on the yield of the first productive year in 3 varieties of **meadow** *clover* and their mixtures. 100936
Analysis of the genus Melilotus *[sweetclover]* by the **methods** of numerical taxonomy. 098653
Comparison of the effectiveness of inorganic fertilizers and manure in a four-field crop rotation including a *clover-grass* **mixture** (experiments of 1931-1974). 104058
Digestion in steers, sheep, and rabbits as measures of *clover* **nutritive** value. 096618
Productive low oestrogen sub *clover* **pastures** in the southern wheatbelt [on sheep fertility, subterranean clover cultivars]. 100695
Total and yield-forming uptake of nutrients by barley and *clover* **plants.** 100232
Animal manure for *clover* and **pure** grass. 104146
Nutritive value of **red** *clover* hay and common vetch hay for growing pigs and rats. 096796
Ternopol multifoliate form of **red** *clover* [Spontaneous mutant]. 099337
Biological ativity of extracts from Calluna vulgaris (L.) Hull. on the growth and germination [of **red** *clover* and Phleum pratense seedlings]. 100080
Comparison of population of **red** *clover* with short corollas with common cultivated varieties [Nectar secretion, bee pollination]. 100297
Root nodulation and root nodule activity of Desmodium glabellum (Michx.) DC **[Red** *clover].* 100302
Improvement of [honey]bees for pollination of **red** *clover.* 103230
Density of Apoidea [including honeybees] necessary for goodpollination of **red** *clover.* 103264
Application of fertilizers in early-maturing **red** *clover* in the Ukrainian Poles'ye. 104050
Effectiveness of cross inoculation of *clover* with various **strains** of nodular bacteria. 100238
Cervical mucus changes in infertile ewes previously exposed to oestrogenic **subterranean** *clover.* 097028
The structure and development of Trifolium subterraneum L. root nodules [Rhizobium]. II. In **[subterranean** *clover]* plants grown at sub-optimal root temperatures. 099001
Productive low oestrogen sub clover pastures in the southern wheatbelt [on sheep fertility, **subterranean** *clover* cultivars]. 100695
The structure and development of Trifolium subterraneum L. root nodules [Rhizobium]. I. In **[subterraneau** *clover]* plants grown at optimal root temperatures. 099000
Burning a protected tallgrass prairie to **suppress** *sweetclover,* Melilotus alba Desr. 102108
Promising initial material for breeding **sweet** *clover* in the northern Kazakhstan. 099100
A beekeepers dream comes true **[Sweet** *clover* as a honey plant, cultivation]. 101291
Seed cultivation of white clover. Current work concerning disinfection and control of *clover* **weevils** [Apion apricans]. 102370
Mobile phosphorus in plants **[Wheat,** *clover].* 100212
Studies on can evaporimeters in relation to evapotranspiration from field crops *[Clover,* **wheat].** 100213
Studies on octoploid **white** *clover* (Trifolium repens L.). 099380
Adaptability of Trifolium ambiguum Bieb. **[White** *clover]* to a Victorian montane environment. 100875
Uromyces nerviphilus on interspecific hybrids of Trifolium repens **[white** *clover]* in Virginia. 101569
Seed cultivation of **white** *clover.* Current work concerning disinfection and control of clover weevils [Apion apricans]. 102370

CLUBROOT

Studies on the clubroot of cruciferous plants. I. Susceptibility and resistance to *clubroot* **[caused** by Plasmodiophora brassicae] of the cruciferous vegetable species and. 101596

CLUSTER

An unknown adult honeybee disease [Apis cerana indica, *clustering* **disease].** 103232
Cluster **flies** [Pollenia rudis, homes]. 102529
Clusters [of **grapes].** 101240
Computer-aided analysis of LANDSAT-1 MSS data: a comparison of three approaches, including a **"modified** *clustering"* approach [Forestry, remote sensing]. 097992
Cluster **sampling** with large-scale aerial photography in forest inventories. 097998
Temperature maintenance and CO2 [carbon dioxide] concentration in a **swarm** *cluster* of honey bees, Apis mellifera. 103235

COAGULANTS

Rats resistant to *anticoagulants* **[Crop** pest control]. 101836
A brief survey of **plant** *coagulants* [Milk processing]. 095562

COAGULATION

The nature of powers efficiency in the formation or rennet and acid coagula and the role of calcium, phosphate and citrate in *coagulum* **formation.** 095631
Studies on some **microbial** *milk-clotting* enzymes for cheese making and their effect on cow milk casein. 095628
Synthetic peptides for chymosin and pepsin assays: pH [hydrogen-ion concentration] effect and pepsin independent-determination in mixtures [Assay of **milk** *clotting* enzymes]. 095592
Rennet *clotting* time of buffalo milk as affected by heat treatments. 095626
Values of **three** *coagulation* screening tests of precolostral calves. 096287

COAL

Occurrence of short particles in beans infected with the cowpea strain of TMV [tobacco mosaic virus]. II. Evidence that short particles contain the **cistron** for *coal-protein.* 101815
Coal and **coal** mine drainage [Waste treatment]. 104546
Two species of Alethopteris from **Iowa** *Coal* Balls [Paleobotany]. 098684
Lime helps establish crownvetch [Coronilla varia] on *coal-breaker* **refuse.** 104159

COATING

Alginate *coatings* for carcasses. 095705
Coating **artefacts** on pollen and other biological objects in scanning electron microscopy. 099025
Seed *coating,* precision planting, and sprinkler irrigation for optimum stand establishment [Lettuce, onion, carrots, sugarbeets]. 101023
Sulphur-coated **urea** as a nitrogen source for cotton. 103912

COATS

Variations of PTA [hydrochloric phosphotungstic]-retaining **cell** *coat* components on bursal stem cells during chicken ontogeny. 096462
The **cell** *coat* of Crithidia fasciculata [attached to the cuticular lining of the hindgut of Anopheles gambiae]. 102603
Note on **seed** *coat* effects on color and flavor of fababean flours. 095786
Research on the structure of the groundnut **seed** *coat* and its influence of the penetration of Aspergillus flavus. 101508
Studies on **seed** *coat* toxicity to rhizobia of urid (Phaseolus mungo) [mungo beans], mung [beans] (Phaseolus aureus), and soybean (Glycine max). 102070

COAXIAL *see* AXIS

COBALT

A note on the determination of *cobalt* in **animal** liver. 096471
Evaluation of the after-effect of gamma **irradiation** *(Co-60)[cobalt* isotope] on vegetative and generative development in soybean. 099415
Effect of gamma-irradiation of *cobalt-60* **[isotope]** on the mitotic activity and size of cells in the seedlings of Scotchpine (Pinus sylvestris L.). 100686
Desorption iron-59, *cobalt-60,* and **strontium-90** [isotopes] from soil by plant extracts in the conditions of dynamic experiments [Radioactive contamination]. 104644

COBS *see* CORNCOBS

COCCIDAE

Symbiosis between *coccids* **(Coccoidea,** Margarodidae) and other insects. 1. Components of the symbiotic system in the highland of Costa Rica [Quercus]. 102835
On the black scales [Saissetia] of southern Europe (Homoptera: **Coccoidea:** *Coccidae).* 103170

COCCIDIA

Redescription of oocysts of the **bovine** *coccidia* Eimeria bukidnonensis Tubangui 1931 and Eimeria wyomingensis Huizinga and Winger 1942. 097418
Prevalence of *coccidia* **[Eimeria,** Isospora] in domestic mink in Wisconsin. 097417
Some problems of host and parasite interactions in the *coccidia* **[Eimeria,** Isospora]. 097421
Coccidia **(Eimeriidae)** parasitic of [the domestic rabbit] Oryctolagus cuniculus domestica (L.); biomorphology and differentiation of Eimeria matsubayashii, Tsunoda 1952, in Sp. 097616
Intestinal polyps with *coccidial* **forms** in a lamb. 097316

Effects of Aureo-S-700R on sporulation, viability and infectivity of **ovine** *coccidial* oocysts. 097464
Partial purification and some properties of glucose 6-phosphate dehydrogenase from Eimeria stiedai (Lindemann, 1865) Kisskalt & Hartmann, 1907 (Protozoa: *Coccidia)* **[Rabbits].** 097308

COCCIDIOSIS
Effects of high environmental temperatures on **cecal** *coccidiosis* [Eimeria tenella, chickens]. 097479
Studies on the relationship between intestinal flora and **cecal** *coccidiosis* in chicken [Eimeria tenella, Clostridium perfringens]. 097484
Coccidiosis; **effects** of high environmental temperatures on anticoccidial protection [Chickens, Eimeria acervulina]. 097477
Evaluating anticoccidials in poultry in the United States *[Coccidiosis,* **Eimeria,** protozoan diseases]. 097486
Coccidiosis: **immunity** and the prospects for prophylactic immunisation [Chickens, Eimeria]. 097662
Production of *coccidiosis* using **oocysts,** sporocysts, and sporozoites of Eimeria zuernii, Eimeria contorta, Eimeria nieschulzi [Rats, calves]. 097297
Efficiacy of monensin against **turkey** *coccidiosis* in laboratory and floor-pen experiments [Eimeria adenoides, Eimeria meleagrimitis, Eimeria gallopavonis]. 097256

COCCINELLA
Effect of altozar, a juvenile-hormone analogue, on *Coccinella* **septempunctata** Linnaeus [Predator of Lipaphis erysimi, biological control]. 102390

COCCINELLIDAE
Some observations on **aphidophagus** *coccinellid* beetles [Lipaphis erysimi] in mustard cultivation. 102469
Chromosome structure in Chilocorus (Coleoptera: *Coccinellidae).* II. The **asynchronous** replication of constitutive heterochromatin. 102860
Searching by Adalia bipunctata (L.) (Coleoptera: *Coccinellidae)* and **escape** behaviour of its aphid and cicadellid prey on lime (Tilia X vulgaris Hayne). 102393
Artificial diets for larvae of harmonia axyridis Pallas (Coleoptera: *Coccinellidae),* an **insect** predator of aphids and scale insects. 103091

COCCODES
Inhibition of **Colletotrichum** *coccodes* (Wallr.) Hughes, Pyrenochaeta lycopersici Schneider and Gerlach and their pectinolytic enzymes by substances appearing in some Lycopersicon [tomato] species in response to infection by the root parasitic complex. 101371

COCCOIDEA
On the black scales [Saissetia] of southern Europe (Homoptera: *Coccoidea:* **Coccidae).** 103170
Symbiosis between **coccids** *(Coccoidea,* Margarodidae) and other insects. 1. Components of the symbiotic system in the highland of Costa Rica [Quercus]. 102835
Pest status of Cactoblastis cactorum (Berg) (Lepidoptera: Phycitidae) and Dactylopius opuntiae (Cockerell) *(Coccoidea:* **Dactylopiidae)** in spineless Opuntia plantations in South Africa. 102332

COCHLIOMYIA
Screwworm flies *[Cochliomyia* **hominivorax]** for sterile-male releases: laboratory observations of the quality of newer candidate strains. 102552
Screwworm *[Cochliomyia* **hominivorax]** eradication: inadvertent selection for noncompetitive ecotypes during mass rearing [Livestock pests]. 102612
Mating tables: a method of studying the mating and the competitive behavior of Lepidoptera and Diptera in the field [Heliothis virescens, Heliothis zea, *Cochliomyia* **hominivorax**]. 102801

COCKERELS
The nature of the phosphorus linkage in component I, a phosphoprotein isolated from the blood serum of **des-treated** *cockerels.* 096517

COCKLEBURS
Unless you help, a *cocklebur* **[Xanthium** pennsylvanicum] willwhip a soybean plant every time. 102183

COCKROACHES
The crop as an organ of glyceride absorption in the **American** *cockroach,* Periplaneta americana L. 102875
Chemical sensitivity of the hyperneural nerve-muscle preparation of the **American** *cockroach* [Periplaneta americana]. 102993
Fine structure of the rectum in *cockroaches* **(Dictyoptera):** general organization and intercellular junctions [Periplaneta americana, Blatta orientalis, Supella supellectilium, Blaberus craniifer]. 103120
Hormonal control of diglyceride metabolism during vitellogenesis in the *cockroach,* **Eublaberus** posticus. 103002
German *cockroach* [Blattella germanica] resistance: propoxurselection induces the same resistance spectrum as diazinon selection. 102255
Sterility and lethality in crosses involving two translocation heterozygotes [for control] of the **German** *cockroach,* Blattella germanica (L.). 102528
Effects of side chain modification on the activity of propyl cyclohexaneacetate as an attractant to the **German** *cockroach* [Blattella germanica]. 102997
Exoskeletal anatomy of the Madagascar **hissing** *cockroach* Gromphadorhina portentosa. 102795
Gross internal anatomy of the Madagascar **hissing** *cockroach* Gromphadorhina portentosa. 102797
The actions of some putative neurotransmitters on the *cockroach* **[Nauphaeta** cinerea] salivary gland. 102981
The ocellus of the *cockroach,* **Periplaneta** americana (Blattariae). Receptory area. 102884
Nerve growth in *cockroaches* **(Periplaneta** americana) with rotated ganglia. 102932
Functional characteristics of stretch receptors of flight apparatus of *cockroach* **Periplaneta** americana. 102976
Autolysis in axon terminals of a new neurohaemal organ in the *cockroach* **Periplaneta** americana. 103118
Transpiration measurements in **two** *cockroach* species: Periplaneta americana and Blaberus trapezoideus. 103023

COCOA
Specificity of *cocoa* **aroma.** 095439
Use of "soil diagnosis" for the estimation of fertilizer requirements of Ivory **Coast** *cocoa* plantations. 103917
Hybrid *cocoa:* progress report on trials, seed gardens and extension. 101296
Identification of salsolinol as a phenolic component in **powedred** *cocoa* and cocoa-based products. 095458
Mould deterioration of *cocoa* during **processing** and storage in Nigeria. 101502
Determination of phosphatides in *cocoa* **products.** 095435
Identification of salsolinol as a phenolic component in powedred cocoa and *cocoa-based* **products.** 095458

COCONUTS
Composition and activity of the peroxidases in the gum, leaves and bark of Fagara [Zanthoxylum] *coco* of different ages. 100628
Studies on the use of Metarhizium anisopliae to control oryctes rhinoceros *[Coconut* **beetle,** biological control]. 102402
Anatomical studies on the **bulbils** of *coconut.* 098939
Coconut **cultivation** in Lakshadweep, its prospects and problems. 101107
Survey on the cultivation and household uses [consumption] of *coconut* in **Ernakulam** District. 101108
The identification of zeatin glucoside from *coconut* **milk.** 100262
Experimental atherosclerosis in rabbits fed cholesterol-free diets. 5. Comparison of peanut, corn, butter, and *coconut* **oils.** 095055
Accumulation of antibiotic residues in the fruit of *coconut* **palms** treated with oxytetracycline for the control of lethal yellowing. 094895
Studies on the susceptibility of Oryctes rhinoceros to someentomogenous fungi *[Coconut* **pests,** biological control]. 102401
Replanting *coconuts* in Jamaica through the Lethal Yellowing Insurance Regulations [Rehabilitation program]. 094657
Fluorescent antibody staining for detection of *coconut* **root** wilt antigen. 101747

COCOONS
Studies on the relations between elongation of raw silk and properties of fabrics. IV. Relation between the raw silk ofdifferent elongation depending on the part of *cocoon* **layer** and the quality of fabrics. 095516
Optimization of a method for counting the *cocoons* of the **rusty** pine sawfly Neodiprion sertifer (Hymenoptera, Diprionidae). 102518

COD *see* **FISH**

CODEINE
Morphine and *codeine* in **poppy** seed [Papaver somniferum, alkaloids]. 095459

CODING
Bryophyta flora of the Sierra de *Codes* **[Hepatacae,** Musci]. 098688
The ovalbumin gene. Partial purification of the *coding* **strand** [Chickens]. 096938

COELOMOMYCES
Copepods as essential hosts for the development of a *Coelomomyces* **[fungi]** parasitizing mosquito larvae [Opifex fuscus, Aedes australis]. 102581

COENAGRION
Rectal chloride epithelia and osmoregulatory salt uptake by the endgut of Zygoptera and Anisoptera libella larvae *[Coenagrion* **puella,** Aeshna cyana]. 103012

COENZYMES
Effect of hormones on the activity of *acetyl-coenzyme* A **carboxylase** in explants of mammary gland from mid-pregnant rabbits. 096588

COFFEE
Observations on chromosomic conjugation of *Coffea* **arabica** L. [Coffee]. 099133
Campaign for the control of the *coffee* **berry** borer [Hypothenemus hampei] in the countries of the area of the International Organization of Agricultural Health (Central Ameri. 102263
Project for a campaign for controlling the *coffee* **berry** borer [Hypothenemus hampei] in the countries of the area of the International Organization of Agricultural Health (Cen. 102264
Note on the first spontaneous haploids found in *Coffea* **canephora** var. robusta [Coffee]. 099132
Selection for a qualitative trait in an autotetraploid **crop** *[Coffee].* 099207
Coffee **drinking** and death due to coronary heart disease. 095169
It's **easy** to make good *coffee.* 095328
Method for obtaining polyploids of the **genus** *Coffea* [coffee] by localized treatments of buds with colchicine. 099131
Resistance of coffee plants to Pseudomonas garcae [Bacterial **halo** of *coffee].* 101715
Method for obtaining polyploids of the genus Coffea *[coffee]* by **localized** treatments of buds with colchicine. 099131
Coffee, **myocardial** infarction, and sudden death. 095164
Coffee **outlook** one of high prices, lower consumption. 094686
Coffee **output** in 1976/77 forecast down 16 percent. 094526
Determination of total sugars, sucrose and reducing sugars in *coffee* **plants** inoculated with Hemileia vastatrix Berk. And Br. [Rust]. 101624
Resistance of *coffee* **plants** to Pseudomonas garcae [Bacterial halo of coffee]. 101715
Steam volatile aroma constituents of **roasted** *coffee:* neutral fraction. 095543
Note on the first spontaneous haploids found in Coffea canephora var. **robusta** *[Coffee].* 099132
Estimated 1976/77 **world** *coffee* crop smallest since 1970/71 [Production]. 094515

COGNAC
Method of quantitative determination of volatile compounds in *cognac* **alcohols** and cognacs. 095961
Methodology of determining aldehydes in *cognac* **alcohols** and cognacs. 095962
Use of mathematical methods and electronic computers for the creation of *cognac* **blends** [in Bulgaria]. 095967
Planning of transportation and economic relations in the **delivery** of *cognac.* 094633
Degradation of sucrose during heating and influence of amino acids on the pyrolytic **process** *[Cognac].* 095873
Effect of products of sugar-amine reaction on the quality of the color material used in the **production** of *cognac.* 095956
Dynamics of volatile compounds in the preparation of *cognac* **wine** materials. 095953

COHO *see* **SALMON**

COIX
Studies on the occurrence, cytology, fertility and breeding behaviour of aneuploids in induced autotetraploid Job's tears *[Coix* **lacryma-jobi].** 099163
Developmental morphology of the inflorescence and **perigynium** in *Coix.* 099018

COLA
The ecology and distribution of *kola* **weevils** [Sophrorhinus quadricristatus, Sophrorhinus, Balanogastris kolae] in Nigeria. 102444

COLCHICINE
Method for obtaining polyploids of the genus Coffea [coffee] by localized treatments of **buds** with *colchicine.* 099131
Effects of *colchicine* on the **cell** division of a colonial green algal flagellate Gonium pectorale Muller. 098936

COLD
Cold **acclimation** of Chrysanthemum [morifolium] callus cultures. 100470
Protecting beer quality by **distributor** *cold* storage. 095414
Protecting the freezing of citrus fruits with packaging materials during transportation and distribution in a *cold* **district.** 095930
An additive effect of *cold* **exposure** and hypoxia on pulmonary artery pressure in sheep. 096539
Loss of acrosin from bovine spermatozoa **following** *cold* shock: protective effects of seminal plasma. 096895
Effects of container density and plant water stress on growth and *cold* **hardiness** of Douglas-fir [Pseudotsuga menziesii] seedlings. 100635
Relationship between black locust [Robinia pseudoacacia] seedling age and induction of *cold* **hardiness.** 100637
Will Denmark stay out in the *cold?* **[Poultry** industry, exports]. 094588
Developmental and long-term acclimaton to *cold* by the **Queensland** fruit-fly (Dacus tryoni) at constant and fluctuating temperatures. 102995
Breeding sheep for *cold* **resistance.** 097022
Action of some intervening factors in the orchard on the preservation of apples and pears in *cold* **rooms.** 095941

Sausages *cold* cuts and menu opportunities. 095332
Empirical comparison between *cold* **soda** chemi-groundwood pulp (C-CGP) and hot sulfite chemi-groundwood pulp (H-CGP) in the newsprint mill. 098244
Studies on storage methods of agricultural products. IV. Effects of precooling and *cold* **storage** methods on the quality of cut gladioli. 095932
Electrophoretic studies of several dehydrogenases in relation to the *cold* **tolerance** of alfalfa. 100166

COLE
Cole **crops** [cabbage, cauliflower, broccoli, Brussels sprouts] insect pests. 102404

COLEOPTERA
Note on Phytobaenus amabilis Sahlb. *(Coleoptera,* **Aderidae=Hylophilidae).** 103152
The behaviour of the seed-collecting larvae of a carabid **beetle** *(Coleoptera).* 103037
Breeding pickling cucumbers for resistance to cucumber **beetles** *[Coleoptera].* 099241
Spruce [Picea] bark **beetles** *(Coleoptera,* Scolytidae) in the Latvian SSR. 102491
A review of the genus **Blapstinus** *(Coleoptera:* Tenebrionidae). 103195
Studies on the malpighian tubules of the lesser grain borer, Rhizopertha dominica Fab. *(Coleoptera:* **Bostrychidae).** 103132
Influence of some external stimulations due to mating upon the females reproductive function in Acanthoscelides obtectus Say *(Coleoptera,* **Bruchidae).** II. Experimental study. 102814
Studies on the occurrence of **Carabidae** *(Coleoptera)* in Eutopean wheat fields. 102304
Hormonal control of the nymphal instar in Choleva angustataFab. *(Coleoptera,* **Catopidae).** 102845
Investigations on Alcidion **cereicola** *(Coleoptera:* Cerambycidae) a potential agent for the biological control of Eriocereus martinii (Cactaceae) [weed] in Australia. 102101
Chromosome structure in **Chilocorus** *(Coleoptera:* Coccinellidae). II. The asynchronous replication of constitutive heterochromatin. 102860
Studies on the excretion of carbohydrates in Aulacophora foveicollis Lucas. *(Coleoptera:* **Chrysomelidae).** 103130
On systematic relations of Oomorphus concolor (Sturm) *(Coleoptera,* **Chrysomelidae),** with descriptions of its larva and of an aberrant Cryptocephaline larva from Australia. 103180
Searching by Adalia bipunctata (L.) *(Coleoptera:* **Coccinellidae)** and escape behaviour of its aphid and cicadellid prey on lime (Tilia X vulgaris Hayne). 102393
Lethal influence of dried air on Sitophilus granarius L. *(Coleoptera,* **Curculionidae).** 102543
Radioautographic study of protein synthesis during early embryogenesis of Leptinotarsa **decemlineata** Say *(Coleoptera).* 102852
Physiological activity of water beetle [Dytiscidae, Gyrinidae, *Coleoptera]* **defensive** agents. I. Toxocity and anesthetic activity of steroids and norsesquiterpenes administered in solution to the minnow Pimephales promelas Raf. 102965
Evaluation of chlorpyrifos and chlorpyrifos-methyl for control of Dermestes maculatus Deg. *(Coleoptera:* **Dermestidae)** on sheepskins. 102535
A revision of the Nearctic species of Hygrotus groups II and III *(Coleoptera:* **Dytiscidae).** 103137
Oviposition and development of Trogoderma granarium **Everts** *(Coleoptera:* Dermestidae) under different ecological conditions [Maize]. 102532
Ichneumonoidea (Hymenoptera) parasitic upon leaf-mining insects of the orders Lepidoptera, **Hymenoptera** and *Coleoptera.* 102913
Conservation in the soil of three germs pathogenic to Melolontha melolontha **larvae** *(Coleoptera:* Scarabaeidae) [Biological control]. 102234
Studies on the excretion in Aulacophora foveicollis **Lucas** *(Coleoptera:* Chrysomelidae): the rate of ejection of excretory material. 103131
Musculature of the head appendages of Tenebrio **molitor** *(Coleoptera:* Tenebrionidae). 102802
Reproductive behaviour and physiology of Tenebrio **molitor** *(Coleoptera:* Tenebrionidae). III. Histogenetic changes in the internal genitalia, mesenteron, and cuticle during sexual maturation. 102874
Artificial diets for larvae of harmonia axyridis **Pallas** *(Coleoptera:* Coccinellidae), an insect predator of aphids and scale insects. 103091
Effects of two cotton varieties on levels of boll weevil **parasitism** *(Coleoptera:* Curculionidae) [Biological control]. 102301
Weevils (Curculionidae, *Coleoptera)* of the **Pieprzowe** Mountains near Sandomierz. 103142
Brood burrow construction and brood care by Heliocopris japetus (Klug) and Heliocopris hamadryas (Fabricius) *(Coleoptera,* **Scarabaeidae).** 102912
THe influence of maltose and other carbohydrates on the feeding behaviour of Heteronychus arator **(Scarabaeidae:** *Coleoptera).* 102938
Chromosomes of Rutelinae. II. Genera Adorrhinyptia Arrow and Adoretus Cast. **(Scarabaeidae:** *Coleoptera).* 103153
A new species [Physoperinthus setosus] and a new record of termitophilous **Staphylinidae** *(Coleoptera)* associated with Fulleritermes Coaton in Rhodesia. 103166
Revision of the genus Nothomorpha **Thomson** *(Coleoptera,* Buprestidae) [New taxa]. 103172
A new Perileptus [mesasiaticus] *(Coleoptera,* **Trechnae)** from Central Asia. 103144
Antennal morphology of [corn rootworm] Diabrotica **virgiferaadults** *(Coleoptera:* Chrysomelidae). 102791

COLEOPTILES
Counteraction of phytochrome to the IAA [indole-acetic acid]-induced hydrogen ion excretion in **Avena** *coleoptile* cylinders [Oats]. 100281
The growth physiology of *coleoptiles* in **continuous-record** vessels: anomalous kinetics of cycloheximide action on auxin-controlled growth [Wheat]. 100261
The inhibitory action of cycloheximide on respiration of *coleoptiles* is **relieved** by light [Triticum, Avena]. 100263

COLEUS
Coleus **[parviflorus]** for homestead gardens [Tuber crop]. 101178
Apolar movement of zeatin through *Coleus* **petioles** and Pisum [pea] roots as estimated by bioassay and radioactive labeling. 099472

COLIBACILLOSIS
A two year survey of Escherichia coli serogroups **associatedwith** *colibacillosis* in pigs and calves. 097500
The common diarrhoeas of sheep in Britain *[Colibacillosis* and **lamb** dysentery]. 097666

COLIFORMS *see* **ESCHERICHIA**

COLITIS
Colitis **cystica** profunda in pygmy goats. 097739

COLLAGEN
Identification and partial characterisation of the *non-collagenous* **amino-** and carboxyl-terminal extension peptides of cartilage procollagen [Chick embryos]. 096224
The lability of aldimine crosslinks on dissolution of chicken **bone** *collagen* by protein denaturants. 096390
Reducible crosslinks of type I and type II *collagens* of **chicken** cartilage. 096357
Calcification of *collagenous* **material** in vitro as a model system for biological calcification. 096375
Study of the effect of calcium on the procollagen-proline-hydroxylase stage of *collagen* **metabolism** [Chick enbryos]. 096262
Degradation of [steer hide] *collagen* by the **perborate/Cu+2** [cupric ion] system. 095693
NH2 [amino]-terminal extensions on skin collagen from sheepwith a genetic defect in conversion of **procollagen** into *collagen.* 096229
Collagen **structure** and calcification. 096378
The role of lysyl residue in *collagen* **structure** with calcification and aging [Rats]. 096391
Removal of amino-terminal and carboxy-terminal extension peptides from procollagen during synthesis of chick embryo **tendon** *collagen.* 096225

COLLECTIONS
On a *collection* of **Banchinae** from Australia (Hymenoptera: Ichneumonidae). I. Genus Leptobatopsis Ashmead [New taxa]. 103177
On a *collection* of **Banchinae** from Australia (Hymenoptera: Ichneumonidae). II. Genus Syzeuctus Foerster [New taxa]. 103178
On a *collection* of **Banchinae** from Australia (Hymenoptera: Ichneumonidae). III. Genus Lissonota Gravenhorst [New taxa]. 103179
Collection of **castorbean** varieties—a valuable initial material for breeding for resistance to Fusarium wilt. 099439
Proposal and description of ATCC [American Type **Culture** *Collection]* 13683 and ATCC 12102 as neotype strains of Actinomyces bovis Harz 1877 [from jaw sarcoma of cattle] and Actinomyces israelii (Kruse) Lachner-Sandoval 1898 respectively. 097385
Data *collection* systems. 094044
Progress in **data** *collection* and dissemination in water resources, 1964-1974. 104372
Study of the *collection* of **eggplants** for resistance to wilt [caused by Verticillium and stolbur virus]. 101356
Evaluation of the *collection* **entries** of red and forage beets for resistance to bacterial black rot and fungus black leg. 101681
About the methods of **evaluating** *collection* material of cucumbers and redpeppers for heat resistance. 099076
Collection of **fiber** flax entries as a source of resistance to rust. 099440
Evaluation of [world] *collections* of **fiber** flax varieties for breeding. 099443
Descriptive catalogue of IFO [Institute for Fermentation, Osaka] **fungus** *collection.* IV. 098446
Methods used for the preservation of the **Fungus** *Collection* of the Phytopathological Mycological Section of the Biological Institute of Sao Paulo. 098478
Evidence for the presence of sieve elements in the vascularised gaemtophytes of Psilotum from **Holloway's** *collections.* 099017
Charles Wright's "El **Paso"** *collections* and the type locality for Psathyrotes scaposa (Compositae). 098463
The use of the *collection* of the **"plant** resources" section as initial material for the breeding of some grain legumes. 100807
Evaluation of the germ **plasm** *collection* of safflower, Carthamus tinctorius L. VII. Variability of capitulum width and outer involucral bracts' dimensions. 099181
Study of the *collection* of **potato** varieties in the conditions of the Ukrainian forest-steppe. 101091
Study of the response of the **proso** *collection* to irrigation. 100120
Collection of **scientific** works of A. I. Fadontsev [Agronomists]. 100728
Living environment and extension of green spaces [Seed production, *collection* and **storage** for landscaping with shade trees]. 101272
Utilization of the *collection* of **tomato** entries for breeding purposes in the conditions of the Volgo-Akhtuba flood plain. 099455
Evaluation of the *collection* of **tomato** entries for heat and drought resistance in the western Kazakhstan. 100384
Pathogenic fungi in the *collections* of **Umbelliferae** vegetables. 101348
Instrumentation and automation of **wastewater** *collection* and treatment systems. 104559
Wastewater *collection.* 104584
Resistance of the soft **wheat** *collection* from Australia to yellow rust [Puccinia glumarum]. 101353
Protein content and amino acid composition of barleys from the **world** *collection.* 095789
Information retrieval system "introduction" on manual punched cards [for the **world** *collection* of entries in the All-Union Institute of Plant Industry]. 098479
Study of the anatomical structure of stem of fiber flax from the **world** *collection* of the All-Union Institute of Plant industry. 099047
Winter hardiness of some Triticale from the **world** *collection* of the All-Union Institute of Plant Industry. 099397
Utilization of the **world** *collection* of the All-Union Institute of Plant Industry as initial material for breeding tomatoes for greenhouse culture. 099456
Evaluation of the entries of the **world** *collection* of spring wheat for resistance to rust fungi and powdery mildew. 101341
Some new records of species of genus Xylocopa based on the *collections* in the **zoological** survey of Pakistan. 103134

COLLECTIVES
New labor book for *collective* **farm** members. 094267
The farmer-worker-student-militiaman *[Collective* **farming].** 094198
Financing state and *collective* **farms** on the present stage of building communism. 094260
Procedure of assigning young [agricultural] specialists to *collective* **farms.** 094269
Economic effectiveness of higher levels of inorganic fertilizers in the *collective* **farms** of the Cherkassy Region. 104065
Ways of optimization of cereal yields in the fields of the Krasnaia **niva** *collective* farm in the Kabardino-Balkar Autonomous Soviet Socialist Republic. 100801
Chemical and biological preparations for the control of pests and diseases of plants in *collective* and **private** owned fruit orchards: Chemicals for the control of fungus diseases of plants. 101487
On international education in multi-national rural **production** *collectives.* 094026
Development of the *collective* and **state** farm production and cultural-ordinary construction in the village. 094013
Economic agreement [of *collective* and **state** farms with industrial, procurement and other enterprises] (For faculties ofqualification improvement). 094155
Analysis of economic activities of *collective* and **state** farms (methodological draft for faculties of qualification improvement). 094257
Material and technical foundation of *collective* and **state** farms. 094265
[Legislation on] wages in *collective* and **state** farms. 094732
Stationary refuelling of cars with gasoline [on *collective* and **state** farms]. 103627
On the participation of **workers'** *collectives* in fighting against damage to communist morale. 094029
Socio-economic planning in rural **workers'** *collectives* and problems of communist education of the workers. 094035

COLLECTORS
Fritillaria—a **beautiful** *collector's* object [Varieties, ornamentals]. 101163
Effect of the *collector-drainage* **network** on the removal of nitrate nitrogen from irrigated lands in the Khorezm Region. 104409

COLLEMBOLA
Supercooling in **arctic** *Collembola* in early summer. 103046
An analysis of *Collembola* **communities** in different pine forest environments. 103155
A correlation study between collembolan population and moisture gradient at Varanasi Forest, **India** *[Collembola].* 103766
Reproductive behaviour of Sminthurus viridis (L.) *(Collembola,* **Symphypleona).** 103126
Occurrence of Seira cinerea **Yosii** *(Collembola:* Entomobryidae) on wheat and paddy seedlings. 102366

COLLETOTRICHUM
Brazilian group I of **anthracnose** *(Colletotrichum* lindemuthianum) in Sao Paulo State. 101622
X-ray crystal and molecular structure of acetylcolletotrichin (colletotrichin), a metabolite of *Colletotrichum* **capsici** [Fungi]. 099664
Inhibition of *Colletotrichum* **coccodes** (Wallr.) Hughes, Pyrenochaeta lycopersici Schneider and Gerlach and their pectinolytic enzymes by substances appearing in some Lycopersicon [tomato] species in response to infection by the root parasitic complex. 101371
Leaf spot of cacao *[Colletotrichum* **gloeosporioides].** 101408

Biological control of cotton boll rot [Diplodia gossypina, Fusarium, *Colletotrichum* **gossypii,** Rhizoctonia solani, Achromobacter]. 101547
Further studies on the efficacy of different fungicides for control of anthracnose disease *[Colletotrichum* **lagenarium**] of bottlegourd [calabash gourd] and watermelon. 101520
Study of physiological races of *Colletotrichum* **lindemuthianum** [Fungi, plant pathogens]: extra and intracellular polygalacturonases produced by beta and delta races cultivated in vitro. 099619
Metabolism of phaseollin by different races of *colletotrichum* **lindemuthianum** [a pathogen of beans]. 101498

COLLOIDS
Electron cytochemical studies on glycerinated flight muscle of Locusta migratoria L. The *colloidal* **iron** reaction and Alcian blue binding. 102930

COLOCASIA
Natural occurrence of dasheen mosaic virus in Egyptian taro, *Colocasia* **antiquorum.** 101788
Callus initiation and organ differentiation from shoot tip cultures of *Colocasia* **esculenta** [Taro]. 099021

COLON
Surgical aspects of the cecum, *colon,* and **rectum** [Small animals]. 097124

COLONIES
Usefulness of honeybee worker samples from different parts of the hive for characterization of the **bee** *colony* in the summer season. 103278
Supplies of **bee** *colonies* to the agricultural crops in the South Moravian region. 103312
Productive [honeybee] *colonies* **belong** in multiple-story beehives. 103226
Cell wall regeneration and *colony* **formation** from isolated single geranium [Pelargonium hortorum] protoplasts in microculture. 100404
Swarming of **honeybee** *colonies* and carbon dioxide and oxygen concentrations in the nests. 103276
Extension of **honeybee** *colonies.* 103296
Method of protecting **honeybee** *colonies* from bears. 103303
Migration with **honeybee** *colonies* to nectar sources. 103304
Possibilities of restoration of weak **honeybee** *colonies.* 103307
Stimulative spring feeding of **honeybee** *colonies.* 103311
When do we begin to prepare **honeybee** *colonies* for the nectar flow? 103317
Large [honeybee] *colonies,* but **how?** 103225
A simplified method for the isolation of Bacteroides nodusus from ovine foot-rot and studies on its *colony* **morphology** and serology. 097391
The host-parasite relationship between Vigna sesquipedalis [summer vegetable in southern China] and Uromyces appendiculatus. I. Development of **parasitic** *colonies* and the pattern of photosynthesis. 101543
The formation of the *colony* in the **social** wasp, Polybioidestabidus Fab. (Vespidae, Polybiinae). 102856
An electron microscope study of Bacteroides nodusus [isolated from cases of ovine foot rot]: ultrastructure of organisms from primary isolates and different *colony* **types.** 097392

COLONIZATION
The effects of **agricultural** *colonisation* along the Amazonian highway system. 094124
Fomes annosus (Fr.) Cooke, Peniophora gigantea (Fr.) Massee, and other **fungi** *colonising* stumps of Pinus sylvestris L. 098236
Quantitative aspects of the *colonization* of the **gonads** by germ cells in the quail embryo (Coturnix coturnix japonica). 096449
Method for the determination of competitive **saprophytic** *colonization* of soil fungi [Macrophomina phaseolina of corn andsoybean]. 101652
Results of combined action of **seasonal** *colonization* of Cryptolaemus and aborigenous entomophages against Chloropulvinaria floccifera in Western [Soviet] Georgia [Tea pest, biological control]. 102271
Colonization of **soil** by Arthrobacter and Pseudomonas under varying conditions of water and nutrient availability as studied by plate counts and transmission electron microscopy. 103703

COLOR
Teratological evaluation of FD&C Red no. 2 *[color* **additive]**—a collaborative government-industry study. I. Introduction, experimental materials, and procedures [Rats]. 097826
Inheritance of peach **anther** *color.* 099235
Mycotoxins in foodstuffs. VI. Formation of sterigmatocystin in bread by **Aspergillus** *versicolor* [Fungi]. 094945
Color **binding** method. Concerning an analytical method suitable for measuring the protein value of feeds. 096822
Regional distribution of three ultrastructural retinula types in the retina of **Cataglyphis** *bicolor* Fabr. (Formicidae, Hymenoptera). 102882
Inheritance of **certain** *colour* characters in gram (Cicer arietinum L.). VII. [Chickpeas]. 099121
Phenols as inductors of some Basidiomycetes oxidases. II. Electrophoresis on polyacrylamide gel of soluble protein and laccase from the mycelium of **Coriolus** *versicolor* [Fungi]. 099497
Changes in chlorphyll a, b, and the a/b ratio during *color* **development** in citrus fruit. 100467
Enzymic *colour* formation in beet [sugarbeets] and cane [sugarcane] juices. 095806
Note on seed coat effects on *color* and **flavor** of fababean flours. 095786
Water-dispersible, optically-clear carotenoid **[food]** *colors.* 095444
Inheritance of **fruit** *coloring* in the first hybrid progeny of some peach varieties. 099236
Standard models of *pork-colour* **[Grading,** meat quality]. 094818
Housing: *colors* and **interiors** [Home furnishings]. 095243
History of scientific study on a **larval** *color* polymorphism in the genus Chlosyne (Nymphalidae). 103042
Effect of products of sugar-amine reaction on the quality of the *color* **material** used in the production of cognac. 095956
Objective *color* values of non-frozen and frozen broiler breasts and thighs. 095743
The *coloration* of **Papilio** zalmoxis and Papilio antimachus, and the discovery of Tyndall blue in butterflies [Sexual dimorphism]. 103086
Habitat and phenetic variation in Phymata americana Melin (Heteroptera: Phymatidae). II. Climate and temporal variation in *color* **pattern.** 103201
Microbial degradation of lignocellulose [by white-rot fungus, **Polyporus** *versicolor]:* the lignin component [Quercus albus, Acer rubrum, Typha latifola]. 098181
Contribution to determination of invert sugar in technical sugar juices. 1. New photometric method with 4-amino-3-hydrazino-5-mercapto-1,2,4-triazol as *colour* **reagent.** 095847
An objective evaluation of some tomato variety concentrates by their *color* and their **reflection** spectra. 095894
Color **responses** of cereal aphids [Schizaphis graminum, Macrosiphum avenae, Rhopalosiphum]. 102280
Some agronomical studies on rainfed jowar **[Sorghum** *bicolor]in* black cotton soils. 100864
Evaluation of waste activated sludge (citrus) as a poultry feed ingredient. 2. Quality and flavor of broilers, egg **yolk** *color* and egg flavor. 096754

COLORIMETRIC
An **automated** *colorimetric* method for the determination of urease activity in soil and plant material. 103721
Colorimetric **determination** of furfural by condensation reaction with 2,4-dinitrophenylehydrazine [to determine food contamination]. 094821
Colorimetric **determination** of cholesterol in egg noodles. 095536
Preparation and use of azomethine-H for *colorimetric* **determination** of boron [Soil chemistry]. 103727
Rapid analysis of potassium sorbate in dried prunes by ultraviolet or *colorimetric* **procedures.** 095918
Rapid *colorimetric* determination of free fatty acids [in vegetable oil]. 095813
Colorimetric and **spectrophotometric** methods of determining some herbicides in environmental objects. 102776

COLOSTRUM
Studies of lesions produced in the brains of *colostrum* **deprived** lambs by Clostridium welchii (Clostridium perfringens) type D toxin. 097401
Colostrum **intake** and mortality of dairy calves. 096645
Carotene and immunoglobulin concentrations in the *colostrum* and **milk** of pasture-fed cows. 096439
Sour *colostrum* dilutions compared to whole milk for calves. 096711
Postpartum changes in protein fractions in **sow** *colostrum* and neonatal piglet's blood serum. 096278

COMBINES
The results of line combination testing in ducks at the Wriezen **duck** *combine* on the Frankfurt on the Oder Inland Fishery State Farm. I-II. [Effects of hybridization]. 097059
Experiences gained from fattening in forest at the Eberswalde swine rearing and **fattening** *combine.* 096800
Requirement of **grain** *combines* for harvesting various crops (methodological draft for qualification improvement of combine operators). 103476
Construction features of new **grain-harvesting** *combines* (Methodological drafts for retraining combine operators). 103471
Construction features of new **grain-harvesting** *combines* (Methodological draft for retraining combine operators). 103472
Post-harvest repairs of *combine* **harvesters** in the German Democratic Republic. 103501
Critical analysis of large-scale production techniques of grain harvesting and cooperation in *combine* **harvesting.** 094735
Results of studying operational technological effectiveness of **harvesting** *combine* constructions in relation with their technical maintenance. 103540
Combine **operation** and adjustment for harvesting alfalfa seed. 103439
Requirement of grain combines for harvesting various crops (methodological draft for qualification improvement of *combine* **operators).** 103476
How good is your *combine* **performance?** 103411
Professional risk of Salmonella infection in a **poultry** *combine.* 097368
Construction features of new grain-harvesting combines (Methodological drafts for **retraining** *combine* operators). 103471
Construction features of new grain-harvesting combines (Methodological draft for **retraining** *combine* operators). 103472
Determination of ranges of use for **thinning** *combines* with the aid of data presently available on forest conditions. 098434

COMBUSTION
Rapid determination of chlorine in wood, pulp and paper by *combustion* in **flask.** 098190

COMMELINA
Shrinkage of guard cell chloroplasts in relation to stomatal opening in *Commelina* **benghalensis** L. 099494

COMMELINACEAE
Cytological observations on some West Himalayan monocots. IV. Several families [Amaryllidaceae, Iridaceae, Hypoxidaceae, Dioscoreaceae, Juncaceae, *Commelinaceae,* **Eriocaulaceae** and Zingiberaceae]. 098958

COMMERCE
Commercial **application** of defoliants in the Samarkand Region [Cotton, mechanized harvesting aids]. 100998
Commercial **aspect** of Granny Smith [apple variety]. 094587
Commercial **availability** of Kamala seed (Mallotus philippinensis) in northwest India. 095537
Production of vegetables on a *commercial* **basis** with protected cultivation [Greenhouses]. 101216
Microelement content in hen eggs at *commercial* **brooders.** 096326
Control of insect and mite pests of *commercial* **bulbs** [Ornamentals]. 102395
Amino acid nutrition of some *commercial* **cheese** whey starters in relation to their growth in peptone-supplemented whey media. 095577
Comparative effects of p,p'-DDT and *commercial* **DDT,** in intravitellin injections, on the germ population of avian embryonic gonads [Chicks, quails]. 102673
The possibilities of **expanding** *commercial* cultivation of olives in the south-western part of Turkmenia. 101259
Identification of volatiles from **extracted** *commercial* tuna oil with a high docosahexaenoic acid content. 095484
Selection problems in choice of different types of *commercial* **fertilizers.** The use of more nitrogen for grain. 104098
Use of *commercial* **fertilizers.** 104099
BVD [bovine virus diarrhea] virus in *commercial* **fetal** calf serum and 'normal' and aborted fetuses. 097511
Comparison of methods of freshness assessment of wet fish. IV. Assessment of *commercial* **fish** at port markets. 095471
1976 *commercial* **fruit** spray guide: weed, insect, and disease control. 101832
Evaluation of farm management investigations lasting four years on plant protecting measures of farms and *commercial* **gardens** in Baden-Wurttemberg. 102063
Control of insects for *commercial* **greenhouse** operators [Ornamentals]. 102399
Controlled environment for the *commercial* **growing** of roses in Punjab. 101193
Survey of some Micrococcaceae in *commercial* **honey.** 094817
A revision of the *commercially* **important** Agathosma species [New taxa]. 098639
Good housekeeping in *commercial* **kitchens.** 095349
Some seed, seedling, and maternal characters as estimates of *commercial* **performance** in sweet potato breeding. 099321
Field desorption mass spectrometry of *commercial* **pesticides** and mixtures of pesticides. 102709
The root-knot nematode on *commercial* **plantings** of tuberose in India. 101887
Testing rations for *commercial* **rearing** of cows. 096831
Resistance of *commercial* **rice** varieties to Sitotroga cerealella (Olivier) (Lepidoptera: Gelechiidae). 102537
Seasonal *commercial* egg production curve differences. 095746
Occurrence and causes of seed discoloration in *commercial* **seed** lots of white mustard (Sinapis alba) [Alternaria tenuis]. 101309
Effects of moisture on the hardness of **selected** *commercial* wood-base panel materials. 098220
Windrift Prairie Nursery: story of a **small** *commercial* enterprise. 101173
Control of insect and mite pests of *commercial* **small** fruits. 102398
The extensional behavior of *commercial* **softwood** bleached kraft pulps. 098422
Solubility profile, intrinsic viscosity, and optical rotation studies of acid precipitated soy protein and of *commercial* **soy** isolate. 095811
1976 weed, insect, and disease control guide for *commercial* **vegetable** growers. 101833
Control of insect and mite pests of *commercial* **vegetables.** 102397
Enzymatic flavor enhancement in food products: a *commercial* **view.** 095407
Seedborne tobacco mosaic **virus** *commercial* sources of tomato seed. 101790
Method of forecasting a yield considering the growth intensity of plantings and the quality of products in *commercial* **viticulture.** 100455

COMMIPHORA
Chemistry of ayurvedic crude drugs. IV. Guggulu (resin from *Commiphora* **mukul**). 4. Absolute stereochemistry of mukulol. 100010

COMMODITIES
Summary of trade policy **[Agricultural** *commodities].* 094580
Measuring impacts on demand of **agricultural** *commodity* promotion. 094615
Daily *commodities* in Norway [Food marketing]. 094574
Daily *commodities* trade in Sweden, 1973 [Food]. 094575
The "thirds" idea in marketing *[Commodity* **futures** trading, contracts, and on-farm storage]. 094601
International *commodity* agreements. 094511
Commodity and **material** needs: forestry in an age of shortages. 097925
Selected *[commodity]* **prices** of international significance. 094518
The relation of quality **standard** *commodity* value and price conditions for wheat and maize. 094551

COMMUNICATION
Formal education and knowledge of farm management through several means of *communication* **[Brazil].** 094106
Terminology of chemical releasing stimuli in intraspecific and interspecific interactions [Synomone, apneumone, **chemical** *communication].* 102967
Client *communications* [Small animal practice]. 097099
The **give-and-take** of *communication.* 095305
AFGC's [American Forage and Grassland Council] role in the forage industry **[Research,** *communication].* 094094
An information science approach to the study of *communication* **system** in the BIC [Bean Improvement Cooperative]. 101047

COMMUNISM
Financing state and collective farms on the present stage of **building** *communism.* 094260
On the work of party organizations in *communist* **education** of the workers. 094030
Problems of *communist* **education** of workers and the increase of culture in rural life. 094033
Socio-economic planning in rural workers' collectives and problems of *communist* **education** of the workers. 094035
The role of cultural-instructive establishments in the *communist* **education** of rural workers. 094040
The role of the rural intelligensia in *communist* **education** of the workers. 094041
On the participation of workers' collectives in fighting against damage to *communist* **morale.** 094029
The town as head of the village and its role in improving the culture of rural life *[Communist* **party** organization]. 094042
Creative development of the Lenin agrarian policy by the *Communist* **Party.** 094726
Education among the *communist* **rural** population relative to labor. 094016

COMMUNITIES
Forest degree of the government in the *communities* in **Aargau;** a contribution to the history of forestry in Aargau. 097962
Cooperative [farming] training in Italy: *communities* **build** their own future. 094192
An analysis of **Collembola** *communities* in different pine forest environments. 103155
What price milk in Europe: [European **Economic** *Community].* 094490
A Dutch view of the EEC [European **Economic** *Community]* dairy scene. 094501
American and EEC [European **Economic** *Community]* views conflict in trade talks. 094502
Situation of French viticulture within the [European **Economic**] *Community.* 094653
A say in the matter; *community* **enterprises** can help raise the peasant's living standard as well as facilitate his participation in the decision-making process [Empresas Comunitarias Campesinas]. 093958
Critical analysis of suggestions for settling the unequality on the **European** *Community* milk market with special regard to the interdependence of the European Community cattle. 094497
Utilization of soy protein in the **European** *Community* [Trade]. 094508
European *Community* council hikes 1976/77 prices. 094516
EC [**European** *Community]* on U.S. Tariff plan highlights MTN [Multilateral Trade Negotiations] problem. 094530
Development of production and flow of trade of animal products in the **European** *Community.* 094561
Development of production and flow of trade of animal products in the **European** *Community.* II. 094562
Production of Vaccinium myrtillus L. [Myrtle whortleberry] fruit in some **forest** *communities* in the Central Roztocze. 098765
Studies on the influence of **fungal** *communities* of the soil affected with "lupine sickness" on the growth of the fungus Fusarium oxysporum Schl. [Pathogen of "damping off"]. 101580
Nutrition education in the context of early childhood malnutrition in **low-resource** *communities.* 095206
Studies on the biology and distribution of Leptinus testaceus Muller within a *community* of **mixed** small mammal species. 102563
Productivity and persistence of over-stocked young spruce [Picea] stands in a Hylocomium type forest **plant** *[community].* 097989
Studies on structure in **plant** *communities.* VII. Field and experimental analyses of Atriplex vesicaria populations from the Riverine Plain of New South Wales. 098773
Plant *communities* of the Blackland Prairie of Texas. 098800
Some effects of fire upon a tall grass prairie **plant** *community* in northwestern Iowa. 098804
Studies of agricultural systems on the basis of **plant** *community.* Control model. I. 098816
On the ecological interpretation of principal components in factor analysis **[Plant** *communities].* 098833
Temperatures of **plant** *communities* as measured by pyrometric and other methods. 098866
Effect of change in water-air regime of heavy soils being drained on the amount of acid-soluble forms of iron and productivity of meadow **plant** *community.* 104243
The changing **rural** *community* [Cooperatives]. 093968
Rural exodus in Japan. 2. Disorganization and reorganization of **rural** *communities.* 093993
Nutrition week: an effective learning experience in the **school** *community.* 095081
Aged persons in the rural environment: [Results of a surveyby] Local Center of *Community* **Service.** 094061
Priorities in *community* **services** research for the northeast: a report of the ad hoc Committee on Community Services [Rural development]. 094091
When youth garden - the *community* **smiles.** 095370
Primary productivity of several meadow [Alchemilla, Ranunculus, Calamagrostis] *communities* in the **southern** Urals. 098857
Try a little fitness for fun: nutrition week project in an **urban** *community.* 095084
Health, the environment, and the **urban** *community.* 095379
Sensing our prairie heritage: environmental education and *community* **visions.** 104509

COMPACTION
The problem of reducing **soil** *compaction* caused by running systems of mobile farm machinery. 103637
A pressure transducer [for **soil** *compaction* study]. 103649
Soil *compaction.* 104204
Stress relaxation and energy requirements in *compaction* of **unconsolidated** [agricultural] materials. 103341

COMPENSATION
Consequences of floating the franc. 1. Increase of French agricultural prices by 1.4%. 2. Reestablishment of *compensatory* **inflows.** 094591
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO2 [carbon dioxide] fixation, CO2 *compensation* **point** [kidney] bean embryo respiration [Maize, wheat, sugarbeet]. 099947
Compensatory **possibilities** of the biological complex "embryo-mother" [Heifers]. 096556

COMPOSITAE
Environmental effects on the percentage of stainable and presumed normal pollen in **Aster** *(Compositae).* 099473
Note about certain critical genura of the **family** *Compositae.* 098754
Alkaloid-like compounds in the plants from the **family** *Compositae* (Asteraceae). II. The tribe Heliantheae. 099726
Studies on South **Indian** *Compositae.* II. Cytology of the genus Vernonia Schreb. 098969
Charles Wright's "El Paso" collections and the type locality for Psathyrotes **scaposa** *(Compositae).* 098463
Blindness and encephalopathy caused by Helichrysum argyrosphaerum DC. *(Compositae)* in **sheep** and cattle. 097836
A new species of Chrysactinia [lehtoae] *(Compositae:* **Tageteae)** from Sinaloa, Mexico. 098648
Revision of **Vernonia** *(Compositae),* subsection Paniculatae, series Umbelliformes of the Mexican highlands. 098698
Carlinosin, a new di-C-glycosyl flavonoid isolated from Carlina **vulgaris** L. *(Compositae).* 099605

COMPOSITE
Measurement of iron absorption from *composite* **meals.** 094963
A study of anisotropic mechanical properties on the WPC [wood **plastic** *composite]* material. 098408
Reaction of strawberry seedlings inoculated with **race** *composites* of Phytophthora fragariae Hickman. 101484
Exterior **structural** *composite* panels with southern pine veneer faces and cores of southern hardwood flakes. 098221

COMPOST
Effect of moisture content and porosity in *compost* at **filling** on the fermentation of compost during peak heating and yield of cultivated mushroom, Agaricus bisporus (Lange) Sing. 104125
The nature of *compost* H **[hydrogen]-humus** extracted by differnt salts of sodium and magnesium. 103890
Effects of decomposition rate of *compost* **materials** on the change of organic and inorganic substances and growth status of Chinese cabbage. 104127
Some experiments on the *composting* **method** of straw of rice var. IR667 (Tongil) as growing substrate of cultivated mushroom Agaricus bisporus (Lange) Sing. 104128
Effect of moisture content and porosity in compost at filling on the fermentation of *compost* during **peak** heating and yield of cultivated mushroom, Agaricus bisporus (Lange) Sing. 104125
The influence of mineral fertilizer addition on the group and fractional composition of organic substance in **peat** *composts* from upper and lower peat. 104160
Effect of *compost,* **straw** mulches, and deep plow on soil moisture conservation in newly reclaimed uplands. 104223

COMPRESSION
Freeze **dehydrated** *compressed* sour cherries. II. Stability of anthocyanins during storage. 095925
Relationships of egg specific gravity and shell thickness to **quasi-static** *compression* tests. 095745
Relation between *compression* **stiffness** and costs for wet stiff corrugated boards. 098414
The *compressive* **wafering** of rice straw. I. Wafering of rice straw by low speed piston method. 096019
Stem sway affects ring width and *compression* **wood** formation in exposed root bases [Pinus sylvestris]. 100640

COMPUTERS
Computer-aided **analysis** of LANDSAT-1 MSS data: a comparison of three approaches, including a "modified clustering" approach [Forestry, remote sensing]. 097992
Computer can **analyze** your diet. 095064
CAIN [Cataloging and Indexing] online testing and assistance at Colorado State University *[Computerized* **bibliographies].** 093955
A discussant's view of *computerized* **budget** development, distribution and use [Farm management]. 094320
Fed batch culture of Saccharomyces cerevisiae: a perspective of *computer* **control** to enhance the productivity in bakers's yeast cultivation. 099565
Estimation by **digital** *computer* of the drawdown caused by groudwater withdrawal. 104262
Use of mathematical methods and **electronic** *computers* for the creation of cognac blends [in Bulgaria]. 095967
Study of the force effect of a plow mounted on T-150K tractor with the utilization of an **electronic** *computer.* 103547
A *computer-assisted* **indexing** procedure based on the AGRIS [International Information System for the Agricultural Sciences and Technology] input format. 094100
A systems analysis of the hog-pork subsector [Markets, *computer* **methods].** 094628
Development of a *computer-simulation* **model** for a plant-nematode system [Meloidogyne-grapevine system]. 101928
Execution of the Dantzig-Wolfe's decomposition algorithm in the *computer* **MSP** 2A [Linear programming]. 094646
Simulation of growth and production in sheep—model 1: A *computer* **program** to estimate energy and nitrogen utilisation, body composition and empty liveweight change, day by day forsheep of any age. 096611
Report on *computer* **programming.** 3. Correlation coefficient matrix and scatter diagram [Forest management]. 097968
Report on *computer* **programming.** 4. 0-1 integer programming [Forest management]. 097969
Applying GASP IV to agricultural systems *[Computer* **programs].** 103320
A sequential model of the farm firm growth process [Beef, *computer* **simulation].** 094663
Deferred grazing of Mediterranean annual pasture for increased winter sheep production *[Computer* **simulation].** 100701
Numerical taxonomy: chemotaxonomy and *computer* at **systematics** service. 098706
The evolution of *computer* **systems** in water resources technology. 104378

CONCANAVALIN
Studies on the glycolipids of sheep thymus and of normal and *concanavalin* **A-stimulated** sheep peripheral lymphocytes. 096251
Localisation of *concanavalin* A **binding** sites on the stigma surface of a grass species [Phalaris minor]. 100239

CONCENTRATES
Feed *concentrates* will be more expensive beginning 1 May [1976, prices]. 094564
New price for **feed** *concentrates* beginning 1 May [1976]. 094565
Feeding dairy cattle during the different stages of lactation and the importance of inspecting **feed** *concentrates.* 096653
Utilisation of press water from brewer's spent grains **[Protein** *concentrates].* 095487
Rice bran **protein** *concentrates* obtained by wet alkaline extraction. 095791
Possiblities of saving high **protein** *concentrates* in sow feeding. 096810
Soybean meal and urea compared as protein supplements in *high-concentrate* **ration** of milking cows and growing goats. 096665
Utilization of seaweeds in the *concentrate* **ration** of growing calves. 096690
A method for determining the total carotenoid content of **tomato** *concentrates.* 095893

An objective evaluation of some tomato **variety** *concentrates* by their color and their reflection spectra. 095894

CONDENSATES

Condensate **injury** from black plastic [used to control day length in producing cut and potted Chrysanthemums]. 101899

CONDENSATION

Ion binding and **chromatin** *condensation.* 099544
The preleptotene **chromosome** *condensation* and decondensation in the ovary of the sheep embryo. 096864
Bulk storing of potatoes. Interpretation of a *condensation* **problem.** 095859
Colorimetric determination of furfural by *condensation* **reaction** with 2,4-dinitrophenylehydrazine [to determine food contamination]. 094821

CONDENSED

Volume of *condensed* **chromatin** in developing primitive-line erythrocytes of chick. 096340
Investigation of changes in chemical composition of wood lignin during its *polycondensation* with **phenol** and formaldehyde. 098329

CONDITIONING

A new Swiss cooling island for cheese—provided with **air** *conditioning* [Storage]. 095639

CONDUCTIVITY

Influence of temperature on the **electrical** *conductivity* of buffalo milk. 095584
The use of **electrolytic** *conductance* to assess differential sensitivity of French prune fruit to applied ethylene. 100484
Gas chromatographic separation of herbicides of major interest in Canada, with **electrolytic** *conductivity* detection in the nitrogen and chlorine modes [Residue analysis]. 102127
Saturated **hydraulic** *conductivity* in pedogenetic characterization of Podzols with fragipans in Quebec. 103748
Conductimetric **investigation** of [canine] erythrocyte behaviour during shear flow of concentrated suspensions through a large tube. 096523
Effect of light upon membrane potential, *conductance,* and **ion** fluxes in Riccia fluitans [Hepaticae]. 099840
Hydrogeophysical equivalence of water salinity, porosity and **matrix** *conduction* in arenaceous aquifers. 104297
Vitamin B12 levels and **nerve** *conduction* velocities in patients undergoing maintenance hemodialysis. 094970
Experiences and results in the *conduction* of **socialist** competition for the effective use of extensive irrigations systems [Cost reduction, East Germany]. 094396
Comparative morphoanatomical study of the *conductive* **system** of the connective in sterile and fertile forms of plants. 098993
Peculiarities of structure of the *conductive* **system** in sterile forms of sugarbeets. 098994
A historical outline of early work pertaining to *conducting* **tissues** of Bryophyta. 098903

CONES

Application of histochemistry to a living organ: Polyglucose histochemically synthesized in the paraboloid of the **chickaccessory** *cone* in vivo by phosphorylase and branching glycosyltransferase. 096370
The protection [from pests] of **larch** *cones* and seeds on seed stand plots in the North-West [of the USSR]. 098142
The method of statistics successive analysis for the evaluation of the quality of **spruce** *cones.* 098141
New and little known entomophages of **spruce** *cone* pests [Natural control]. 102512
The biology of Dioryctria abietella Schiff [pest of **spruce** *cones].* 102514

CONFECTIONERY

Substitutability of fractionated beef tallow for other fats and oils in the food and *confectionery* **industries:** an economic evaluation. 095695

CONFINEMENT

Potential occupational health hazards of livestock producers working in **animal** *confinement* units. 094006

CONGENITAL

Congenital and **acquired** rear limb arthropathies. 097103
Congenital **defects** in domestic cats. 097807
Diagnosing *congenital* defects in cattle. 097752
Diet and growth in *congenital* **heart** disease. 095190
Congenital **spinal** disorders in the dog. 097689
Experimental transmission of *congenital* **tremors** in swine. 097755

CONGESTIVE

Nonselective angiocardiography in the differential diagnosis of hypertrophic and *congestive* **cardiomyopathy** in the feline. 097724

CONIDIUM

Release and regeneration of protoplasts from the *conidia* of **Aspergillus** flavus [Fungi]. 100032
Release of **barley-mildew** *conidia* [Erysiphe graminis] from shaken leaves. 101656
The fine structure of *conidial* **development** in the genus Torula. III. Torula graminis Desm. [Yeasts]. 098934
Influence of root exudates of red pine [Pinus resinosa] on the germination of *conidia* of **Fomes** annosus. 101441
Isolation and identification of the *conidial* **germination** factors of Neurospora crassa [Fungi]. 099810
Fungicide evaluation for the control of the blast disease [Pyricularia **oryzae** *conidia].* 101499
Connection between morphological and biosynthetic activity of Trichothecium roseum [Fungi] and its **polynuclear** *conidia.* 099860
Conidial **stage** of fungi Claviceps purpurea Tul [Ergot, Gramineae]. 101664
Counting techniques for Trichoderma **viride** *conidia* dispersed in barley flour inoculants [Biological control of parasitic fungi]. 101552

CONIFERAE

Water-soluble organic components of the litter in the *coniferous* **forests** of the Valdai hills. 103810
The question about the establishment of Picea schrenkiana Fisch. et Mey. *[Coniferae,* **paleobotany].** 098548
Interaction of the systemic insecticide BI-58 and the plant in the treatment of *coniferous* **trees** to control the pine weevil [Hylobius abietis]. 102510
The methodology of evaluating criterial parameters of the fluid jet from the monitor in chemical protection of generative organs of *coniferous* **trees.** 103590

CONIFERS

Implements, machines and tractors for carrying out forest regeneration work in the zone of *conifer* **forests** in the Russian Soviet Federative Socialist Republic. 103588
Improving *conifer* species selection in the Hungarian forestry. 098080
Hydrogen peroxide and acetic acid for preparing epidermal peels from *conifer* **leaves.** 099042
Lodging of seedlings of *conifers* in the **nurseries** of the Leningrad province [due chiefly to Fusarium spp.]. 101606
Treatment of soil with thiazone [3,5-dimethyl-1,2,3,5-tetrahydro-1,3,5-thiadiazinethione-2] and carbathione [vapam] for the control of lodging of *conifers* in **nurseries.** 102028
Effect of late-season top dressing of N (and K) [nitrogen and potassium] applied to *conifer* **[Picea** sitchensis] transplants in the nursery on their survival and growth on British forest sites. 103964
Shelterbelt renovation in the Great Plains *[Conifers,* **planting].** 098120
Range extension of **three** *conifers* [Pinus aristata, Pinus flexilis, Juniperus occidentalis] and a dwarf mistletoe in the Panamint Moutains, Death Valley National Monument. 098651
Fixing and staining of *conifer* **tissues** with lacto-propiono-dimethylsulfoxide carmine. 099041

CONJUGATE

Observations on **chromosomic** *conjugation* of Coffea arabica L. [Coffee]. 099133
Gibberellins. XLIII. Fractionation of gibberellins, **gibberellin** *conjugates* and other plant hormones by dextran Sephadex chromatography. 099830
Investigation on some steroid hormones and their *conjugates* in **pollen** of Pinus nigra Ar. Separating steroids by thin-layer chromatography. 100626
On the biological activity of IAA [indoleacetic acid] *conjugates* [using **tissues** of tobacco, potato and soybean]. 100108
Conjugation in the **yeast** Guilliermondella selenospora Nadson et Krassilnikov. 098933

CONOCEPHALUM

Cutin acids from bryophytes: an omega-1 hydroxy alkanoic acid in two liverwort species *[Conocephalum* **conicum,** Astarella lindenbergiana, Sphagnum moss]. 099904

CONOCYBE

Another finding of *Conocybe* **intrusa** (Peck) Sing. [Fungi]. 098737
Conocybe **intrusa** (Peck) Sing. Near Kassel [Fungi]. 098738

CONSCIOUSNESS

Reduction of renal nerve activity by volume expansion in *conscious* **cats.** 096500
The measurement of production rates of volatile fatty acids in the caecum of the *conscious* **rabbit.** 096271
Temporal relationships of barosensory attenuation in *conscious* **rabbits.** 096186
Gastrointestinal control of sodium excretion in **sodium-depleted** *conscious* rabbits. 096181

CONSERVATION

The value of assistance to land owners [**Agricultural** *conservation* program]. 094770
The evaluation, selection and increase of prairie wildflowers for *conservation* **beautification.** 101172
Proposal for the *conservation* of **Echinochloa** Beauv. (1812) (Gramineae), **against** Tema Adanson (1763) and Ornithospermum Dumoulin (1782), non Ornithosperma Raf. (1817). 098720
A theoretical background to the *conservation* of **ecologically** distinct groups of annuals and biennials in the chalk grassland ecosystem. 098776
Energy *conservation* needs in Oregon agriculture. 103327
Conservation of **feed** grain. Technique using the addition ofacid and wider application. 096060
Hydrograph and water quality relationships for two Palouse *[Conservation* **Field** Station] cropland watersheds. 104398
Windbreaks with regard to wild **flora** and *conservation.* 097952
Charcoal metallurgy programation should be integrated in the reforestation plans **[Forest** *conservation* and legislation, Brazil]. 097966
Women in Chipko movement **[Forest** *conservation].* 097995
Conservation of **gene** pool in Hevea. 099317
Conservation of **green** crops for dairy cows. III. [Silage]. 096654
Agricultural production or **landscape** *conservation.* 094135
Principles on the environmentaly correct restoration of the privately cultivated forest injured by a storm in northwestern Germany *[Conservation* and **management].** 098003
Effect of NPK [nitrogen, phosphorus, potassium], method of N application and **moisture** *conservation* practices on wheat yield under rainfed conditions. 103982
Effect of compost, straw mulches, and deep plow on soil **moisture** *conservation* in newly reclaimed uplands. 104223
The development of forests and **nature** *conservation.* 097971
Tree and shrub species for [soil, water and wildlife] *conservation* use in the **northern** Great Plains. 104217
Better plants for [soil] *conservation* in the Great **Plains.** 104214
Goals and ways of biological-dynamic management in the present situation of world agriculture **[Polllution,** *conservation].* 104597
The forest border as a landscape component—its structure, functions, preservation and development by means of silviculture *[Conservation,* **recreation].** 098067
The Blackland Prairie of Texas: *conservation* of **representative** climax remnants. 100792
Sierra club history [Natural **resources** *conservation].* 104623
Falkland Islands: description and *conservation* of their **rustic** nature. 104438
Agricultural Stabilization and *Conservation* **Service** aerial photography—photo indexes [at the National Agricultural Library]. 093954
Role of ASCS [Agricultural Stabilization and *Conservation* **Service]** in cost-sharing and renovation of windbreaks [Soil erosion control, programs]. 094769
How to proceed in the protection of farm land **[Soil** *conservation,* land utilization]. 094165
SCS **[Soil** *Conservation* Service] technical assistance in windbreak forestry. 098016
Bare root nursery production and needs [Fraxinus pennsylvanica lanceolata, **soil** *conservation].* 098113
Conservation in the **soil** of three germs pathogenic to Melolontha melolontha larvae (Coleoptera: Scarabaeidae) [Biological control]. 102234
Planning criterion of grassland development. II. Effects of inclination of ground and grassland development technique on land utilization and outbreak of landslide **[Soil** *conservation].* 104171
The **soil** *conservation* of sloping grassland. II. The change of soil moisture in a sloping grassland. 104172
Soil *conservation* in the Siwaliks. 104197
The *conservation* of **threatened** vascular plants in Europe. 098449
Symposium on variation, breeding and *conservation* of **tropical** forest trees Oxford, April 1975, and Symposium on variation and breeding systems of Triplochiton scleroxylon (K. 098073
Soil and **water** *conservation* structures: demonstrations and field applications. 103329
Eye in the sky. Satellites may soon be used to help *conserve* our **water** resources. 104275
Wildlife diseases: philosophical considerations [Adverse impact on human **health,** agriculture, or **wildlife** *conservation].* 097157
The utilization and *conservation* of the **world's** animal genetic resources. 096851

CONSUMERS

Bacterial, shelf life, and *consumer* **acceptance** characteristics of chopped beef. 095366
Consumer **attitudes** to a ground beef-soy mixture on the retail market. 094560
A study of *consumer* **attitudes** about protein and lysine enriched breads. 094835
The consumers' point of view is—-[**Australian** *Consumers(* Association]. 094932
Cod worms in fish fillets: Should *consumers* be **concerned?** [Contamination]. 094836
Drained weight issue heats up; industry, *consumers* **disagree.** 095275
The positive aspects of technology for the *consumer* **[Food** industry, nutrition]. 095032
A model of *consumer* **goods** characteristics [Hedonic prices, quality]. 094468
A nutritious alternative for the **lactose-intolerant** *consumer.* 095361
The *consumers'* **point** of view is—-[Australian Consumers(Association]. 094932
Description and possible utilization of an analysis tool: the panel of *consumers* **[Preferences** for poultry products]. 094582
The new beef grades: some effects on **producers** and *consumers.* 094883
Animal care, plant care, and food care—for *consumer* **protection** [U.s. Animal and Plant Health Inspection Service]. 094811
Big business in food processing—rip-off or **reward** for *consumers?* 095393
The positive aspects of **technology** for the *consumer.* 095357

CONSUMPTION

Specification of the impact of socioeconomic factors on *consumption* of the **animal** and vegetable sources of protein. 094112
Salmon **eggs:** bait and food [Preparing **cavier** for *consumption].* 095061

Growth and nitrogen retention of **children** *consuming* all of the day's protein intake in one meal. 094991
Survey on the cultivation and household uses *[consumption]* of **coconut** in Ernakulam District. 101108
Epidemiological inquiry on a source of human trichinosis in the Paris region *[Consumption* of **contaminated** horsemeat]. 094815
Consumption **data** base finds new uses in marketing, acquisition, food safety decisions. 095289
To study the effect of feeding ad-lib, once-a-day and twicea-day on egg production, **feed** *consumption* per dozen eggs and per kilogram weight of eggs produced in layers. 096693
Economic evaluation of **fodder** *consumption* development and the fodder influence on forming effects achieved in agriculture. 094363
Patterns of *consumption* of **food** additives. 095074
Patterns of *consumption* of **food** additives. 095075
The impact of some demographic changes on U.S. **Food** *consumption* 1965-75 and 1975-90. 095265
Household solid waste associated with **food** *consumption* activities. 104638
Glucose *consumption* in rat cerebral cortex in normoxia, hypoxia and hypercapnia. 096155
Estimation of **herbage** *consumption* by grazing cattle using measurements of eating behaviour. 096702
An analysis of **household** *consumption* of dairy products. 094920
Changes in quality of cassava roots during storage [for animal and **human** *consumption].* 096015
New factors in the world sugar **industry** *[Consumption].* 094635
Coffee outlook one of high prices, **lower** *consumption.* 094686
Energy expenditure and *consumption* of **mature,** pregnant, and lactating women. 095128
A correlation between the forest phytocoenosis biomass and the total **moisture** *consumption* from the soil aeration zone. 098789
Automation and mechanization of *labor-consuming* **operations** in protected cultivation of vegetables. 094219
Effect of dicumarol on D-galactose absorption and **oxygen** *consumption* by the chicken intestine [Metabolism]. 096548
Plasmodium berghei: antibody mediated reduction of **oxygen** *consumption* by infected mouse bone marrow cells. 097624
Analysis of the **oxygen** *consumption* of Periplaneta americanaat constant and diurnally alternating temperatures. 103057
An analysis of the influence on *consumption* and **utilization** of wood products due to their substitutes in Taiwan. 098193
Consumption and **utilization** of various host plants by Melanoplus bivittatus (Say) and Melanoplus femurrubrum (DeGeer) (Orthoptera: Acrididae). 102230
Reduction of **water** *consumption* and fiber losses at Eker Paper Mill [Minimum freshwater volume required for producing different paper grades]. 098383
Studies on the **water** *consumption* and the conditions of natural water supply of the spring feed pea in the region of the Agricultural Research Institute Obraztov Chiflik. 104313

CONTAINERIZATION

Status of *containerized* **forest** seedling research in Minnesota. 098101

CONTAINERS

IBCs [intermediate **bulk** *container]*—a system to end 'humping bags' [Handling equipment for farm products]. 103413
Contribution to the study of contamination of foods by cadmium. I. Evaluation of transmission of **cadmium** by *containers.* 094800
The Aseptic Compak [for filling milk in **cardboard** *cartons,* dairy processing equipment]. 095644
Effects of *container* **density** and plant water stress on growth and cold hardiness of Douglas-fir [Pseudotsuga menziesii] seedlings. 100635
Greenhouse *container* nurseries for better trees. 101236
What about **juice** in *cartons?* 095042
Soil/air/water relationships in *container* **[nursery]** production [Potting mix]. 103669
Heat transfer characteristics of rectangular *[carton-packed* **spinach]** products. 095945

CONTAMINANTS

Photolysis of hexachlorobenzene [an **environmental** *contaminant].* 104524
Undesirable or potentially undesirable constituents of **food** *[Contaminants].* 095506
The effect of some bacterial metabolic products on lactic acid bacteria [Pasteurized **milk** *contaminants].* 095551
Progress in simulation of *contaminant* **transport** in porous media [in water resources]. 104619

CONTAMINATION

Aflatoxin *contamination,* fluorescence, and insect [Sitophilus oryzae] damage in corn infected with Aspergillus flavus before harvest. 101389
Research on the *contamination* of **agricultural** products with preparations containing DDT in the conditions of intensive chemization. 102761
Chemical manipulation of the heat resistance of Clostridiumbotulinum spores **[Bacterial** *contamination* of foods]. 094802
Comparison of enrichment procedures for fluorescent antibody and cultural detection of salmonellae in raw meat and poultry **[Bacterial** *contamination].* 094803
Evaluation of an automated fluorescent antibody procedure for detection of Salmonella in foods and feeds **[Bacterial** *contamination].* 094806
Heterogeneity of Staphylococcus aureus enterotoxin B as a function of growth stage: implications for surveillance of foods **[Bacterial** *contamination].* 094807
The effect of cooking on the quantity of Escherichia coli in ground beef **[Bacterial** *contamination].* 094913
The behavior of heavy metals in soil-crop system. V. *Contaminated* **bodies** of mercury in bed sediments of river [Water polllution]. 104627
Cadmium *contamination* of residual waters in the Paris region. 104441
One-stage method for isolation of [the insecticides] of DDT, DDE and DDD [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane] from fat of maturing **cheese** *[Contamination].* 102779
The effect of the technological process on level of DDT, DDE, DDD and DMDT [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane, methoxychlor] residues in Kortowski **cheese** *[Contamination].* 102780
Response of ornamental plants to **chlorine** *contamination* in the atmosphere [Air pollution injuries]. 102020
Cod worms in fish fillets: Should consumers be **concerned?** *[Contamination].* 094836
Studies into the effect of fly ash emission on broiler performance and health **[Dust** *contamination* of the chicken lung]. 097791
Screening by negative chemical ionization mass spectrometry for **environmental** *contamination* with toxic [pesticide] residues: application to human urines. 102762
Colorimetric determination of furfural by condensation reaction with 2,4-dinitrophenylehydrazine [to determine **food** *contamination].* 094821
A new method for the isolation of Salmonellae from dry milkduring a salmonellosis outbreak **[Food** *contamination].* 094848
On the distribution of the Salmonellae in the Varna district [Public health, animal health, **food** *contamination].* 094854
The etiological structure of salmonellosis in the USSR [Public health, **food** *contamination].* 094857
Minimal medium recovery of thermally injured Salmonella senftenberg 4969 **[Food** *contamination].* 094873
Mycotoxins in dairy products **[Food** *contamination].* 094884
Occurrence and distribution of drug resistant enterobacteria [Escherichia coli] in extra enteral habitats **[Food** *contamination,* pollution]. 094892
Mycotoxins in **food** *[Contamination].* 094924
Contribution to the study of *contamination* of **foods** by cadmium. I. Evaluation of transmission of cadmium by containers. 094800
Contribution to the study of *contamination* of **foods** by cadmium. II. Results of a regional inquiry on various food groups [France]. 094801
Animals as monitors of environmental quality [Death caused by **forage** *contamination].* 097814
Chlorinated hydrocarbons in body fat of poultry. III. The effect of nutrition on chlorinated hydrocarbon pesticide [insecticide] content in reserve fat of fattening **geese** *[Contamination].* 102778
Contamination of the **habitat** and animals with chloroorganic insecticides, chlorodiphenyls and mercury. 102661
Reducing hatching egg and **hatchery** *contamination* [Sanitation]. 096079
Salmonella [enteritidis] in horses: a source of *contamination* of **horsemeat** in a packing plant under federal inspection. 094809
Epidemiological inquiry on a source of human trichinosis in the Paris region [Consumption of *contaminated* **horsemeat].** 094815
Conditions favourable for the *contamination* of **killed** healthy chickens with Salmonellae and manner of preventing it [Slaughterhouses, sanitation]. 094850
Attempts at the sterilization with ethylene oxide of bone **meal** *contaminated* with Salmonellae. 096007
Dye reduction method for estimating bacterial counts in ground beef **[Microbial** *contamination].* 094804
Application of modified nitrate test for evaluation of hygienic quality of **milk** *[Contamination].* 094948
Occurrence of vinyl chloride in new foods for the **Norwegianmarket** *[Contamination].* 094891
Identification and determination of the mycotoxins (aflatoxins) in various species of oil seed and their toxicity [Edible **oil** *contamination].* 094812
About a **possible** *contamination* of the environment as a result of applying inorganic fertilizers (review of literature). 104591
Accumulation and biological action of strontium-90 [isotope] in the early phases of development of Pinus sylvestris L. **[Radioactive** *contamination].* 104642
Desorption iron-59, cobalt-60, and strontium-90 [isotopes] from soil by plant extracts in the conditions of dynamic experiments **[Radioactive** *contamination].* 104644
Effect of soil moisture content on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the system soil—solution **[Radioactive** *contamination].* 104645
Effect of soil moisture on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the system soil-plant **[Radioactive** *contamination].* 104646
Experimental study of the accumulation of cesium-137 [isotope] by lichens from aqueous solutions (Cladonia rangiferina (L.) Web. as an example **[Radioactive** *contamination].* 104648
Migration of stontium-90 and cesium-137 [isotopes] in forest soils **[Radioactive** *contamination].* 104649
The role of organic matter and soil moisture in the process of cesium-137 and cerium-144 [isotopes] transfer from soil into a solution **[Radioactive** *contamination].* 104650
Surveys and control of **Salmonella** *contamination* of chicken meat. VIII. Experiments on oral inoculation of chicks with Salmonella sofia culture. 094879
Variations in the lead, zinc and calcium content of Dendrobaena rubida (Oligochaeta) in a base metal mining area **[Soil** *contamination].* 104484
Effect of the water-soluble substance from forest litter on the absorption of radioactive isotopes in **soil** *[Contamination].* 104647
Differential effects of cadmium on lettuce varieties [Phytotoxicity, from *contaminated* **soils].** 101892
The behavior of heavy metals in soil-crop system. IV. The distribution and its change of mercury in bed sediments of river **[Water** *contamination].* 104626

CONTOURS

Morphometric microdensity studies of hard tissue sections, utilising optical **density** *contour* maps and associated area co-ordinated computerised data [Cats, bone]. 096382
Methodology of experimental determination of electric characteristics of a **discharge** *contour* in electrohydraulic devices. 103373
Single-chamber drip irrigation laterals on various field **slopes** and *contours.* 103390

CONTRACEPTIVES

Effects of alpha-chlorohydrin on the testes and epididymides of dog: a preliminary study *[Antifertility* **action].** 096905

CONTRACTORS

Contractors in **cost** competition1 [Baling straw]. 094419

CONTRACTS

Contract **calf** rearing: a barometer of dairyfarmer attitudes. 094223
Houston campus launches Manning's scramble for **college** *contracts.* 095262
Assessment of risk when *contract* **crops** are included among other crop alternatives. 094324
The "thirds" idea in marketing [Commodity futures trading, *contracts,* and **on-farm** storage]. 094601
Pollination *[contracts]*—a **team** effort [Alfalfa seed crop growers, beekeepers]. 103244

CONTRALATERAL *see* LATERAL

CONVALLARIA

Comparative investigations of the content of cardenolide glycosides in samples of *Convallaria* **maialis** L. cultivated in Ursynow. 099730

CONVERGENCE

Electrophysiological evidence for sexual dimorphism and **synaptic** *convergence* in the preoptic and anterior hypothalamic areas of the rat. 096524

CONVEYORS

Bagasse feeding with plows and **belt** *conveyor* [Processing]. 095836
Students of the Department of Automotive, Agricultural and *Conveying* **Engineering** hand over valuable research results to industry [Field and soil equipment, East Germany]. 103645

CONVOLVULACEAE

Cytomorphological studies in *Convolvulaceae.* I. **Convolvulus** L. 098960
Ipomoea carnea Jacq. *(Convolvulaceae)* in **Costa** Rica. 098558

CONVOLVULUS

Cytomorphological studies in Convolvulaceae. I. *Convolvulus* L. 098960
A zoocecidia of **Polygonum** *convolvulus* flowers [caused by a Microlepidoptera]. 102229

COOKERY

Investigation of the composition of gaseous products formed at nitric **acid** *cooking* of wood. 098331
Cook-freeze at the **centre** of the centre. 095337
Homemaking helps: **chicken** *[Cookery].* 095106
Comparative studies of magnesium-bisulphite and sulphate cooking processes of Larix dahurica. I. **Comparative** *cooks* of wood from different parts of a tree along its height. 098301
Comparative studies of magnesium-bisulphite and sulphate cooking processes of Larix dahurica. II. **Comparative** *cooks* of wood from blends of various Larix dahurica samples. 098302
Application of "subjective gustometry and olfactory" for determination of reaction kinetics during sensorical changes in technological processes [Formation of *cooked* **flavour** in apple juice]. 095983

Cooking **food** from crab products? 094834
A *culinary* **guide** to common tropical weeds. 098563
Selection of *cooking* **method** [of meat] based on research objectives. 095200
Standardization of dry heat [meat] *cookery* **methods.** 095201
Proximate analysis, free amino acid, vitamin and mineral content of **microwave** *cooked* meat. 095143
The effect of water soaking, brining and *cooking* **procedure** on tenderness of broilers. 095747
The effect of *cooking* on the **quantity** of Escherichia coli in ground beef [Bacterial contamination]. 094913
Beef palatability as affected by *cooking* **rate** and final internal temperature. 095137
Changes in the ultrastructure of hot-water-treated pine wood during **sulphate** *cooking* process. 098299
Comparative studies of magnesium-bisulphite and **sulphate** *cooking* processes of Larix dahurica. I. Comparative cooks of wood from different parts of a tree along its height. 098301
Comparative studies of magnesium-bisulphite and **sulphate** *cooking* processes of Larix dahurica. II. Comparative cooks of wood from blends of various Larix dahurica samples. 098302
Changes in spruce wood chemical composition during acid **sulphite** *cooking.* 098298
Homemaking helps: **turkey** *[Cookery].* 095105
The wild vegetables of Southeast Asia **[Varieties,** *cookery].* 094951
How to select and *cook* **vegetables.** 095107

COOL

Supercooling in **arctic** Collembola in early summer. 103046
Bulk *cooling* of harvested snap beans. 095869
Response pattern of cutaneous postganglionic neurones to the hindlimb on spinal cord heating and *cooling* in the **cat.** 096501
Studies on storage methods of agricultural products. IV. Effects of *precooling* and **cold** storage methods on the quality of cut gladioli. 095932
Kinetic study of crystallisation of fats. II. *Cooling* **curves,** solidification curves and combined curves. 095522
Effects of **evaporative** *cooling* during dormancy on 'Redhaven' peach wood and fruit bud hardiness. 100474
Breakfast is refreshing and *cool* on a **hot** day. 095102
Effects of various ambient temperatures and of heating and *cooling* the **hypothalamus** and cervical spinal cord on antidiuretic hormone secretion and urinary osmolality in pigs. 096466
Chilling **ideas** for keeping cool. 095340
Hydraircooling: a **new** *precooling* method with special application for waxed peaches. 095921
Cool **season** annual pasture mixtures as affected by autumn irrigation and nematicide in the wiregrass area [Culture]. 100757
The influence of in-vitro culture and *cooling* on the **survival** and development of cow embryos. 096967
A new **Swiss** *cooling* island for cheese—provided with air conditioning [Storage]. 095639
Programming the corm raised freesia (Freesia X hybrida) crop. I. Heat treatments, duration of *cooling* **treatment** and irradiation during cooling treatment. 100591
Integrated blanching and *cooling* [of **vegetables**] to reduce plant effluent. 095940

COOPERATIVES

Concerning the creation of a [French] national funds of solidarity of **agricultural** *cooperation.* 094188
Where is **agricultural** *cooperation* in Iran? 094189
Towards a new international economic order **[Agricultural** *cooperation].* 094225
Agricultural *cooperation* in the USA. 094299
Characteristics of **agricultural** *cooperative* in mountainous village in Gifu Prefecture, Japan: a case study in Kashimomura. 094311
Development of partnership in poultry farming into industrial cooperatives: Ishii **Agricultural** *Cooperative* for Broiler Raising in Tokushima Prefecture. 094338
The General Union of French **Agricultural** *Cooperatives* and its plant protection activity. 101889
Methods and results of an analysis of machine and tractor parks in **agricultural** *cooperatives,* state farms and their cooperative department of crop production. 103450
Irrigation management services [Program of Bureau of Reclamation in *cooperation* with **Agricultural** Research Service]. 104388
British Pesticide [Safety Precautions] Scheme **based** upon *cooperation.* 102751
Critical analysis of large-scale production techniques of grain harvesting and *cooperation* in **combine** harvesting. 094735
The changing rural **community** *[Cooperatives].* 093968
Good results **concerning** *cooperative* [dairy] purchases during a difficult year. 094285
Cooperation in **construction** of agricultural machinery. 103446
Effective forms in the *cooperation* of the **Cooperative** Crop Production Section with the Livestock Production Section of the Agricultural Producers' Cooperative for an adequate feed supply [East Germany]. 094342
Choice of expansion at the congress of the National Confederation of Agricultural Mutuality, *Cooperation* and **Credit** in Bordeaux. 094140
Effective forms in the cooperation of the *Cooperative* **Crop** Production Section with the Livestock Production Section of the Agricultural Producers' Cooperative for an adequate feed supply [East Germany]. 094342
Experiences in the organization of a rational use of irrigation in 1975 in the **Dambeck** *Cooperative* Plant Production Section and conclusions for the 1976 irrigation period. 104282
Methods and results of an analysis of machine and tractor parks in agricultural cooperatives, state farms and their *cooperative* **department** of crop production. 103450
Financing a centralized peach-packing *[cooperative]* **facility** in southeastern Missouri. 094438
Socio-economic aspects of *cooperative* **farm** management in the process of the enhancement of the social division of work in agriculture. 094365
Legal phases of **farmer** *cooperatives.* 094717
Cooperative **[farming]** training in Italy: communities build their own future. 094192
Common cow barns, despite technical advantages in practice without **future** *[Cooperation].* 094294
Improving the export capability of **grain** *cooperatives.* 094509
Results and experiences in the 1975 socialist competition of the **Gressow** *Cooperative* Farm and inferences for its continuance up to the IXth Congress of the Socialist Union Party of the German Democratic Republic [Agriculture productive capacity]. 094791
An information science approach to the study of communication system in the BIC [Bean **Improvement** *Cooperative].* 101047
Development of partnership in poultry farming into **industrial** *cooperatives:* Ishii Agricultural Cooperative for Broiler Raising in Tokushima Prefecture. 094338
Problems of agricultural **industry** *cooperation* in member nations of the Council for Mutual Economic Assistance. 094252
Cooperative **interactions** of tetrahydrofolate with purified pig kidney serine transhydroxymethylase and loss of this cooperativity in L1210 tumors and in tissues of mice bearing these tumors. 097756
Legislative regulation of **interfarm** *cooperation.* 094728
Application of systems-simulation in the Venezuelan cattle industry **[International** *cooperation,* policies]. 094660
International *cooperation* in developing irrigation equipment. 103448
Approaches and problems in **merging** *cooperatives.* 094250
An empirical investigation into the *cooperative* **olive** societies in Cyprus—some lessons to be learned [Olive oil extraction, processing]. 095860
Advising **people** about *cooperatives.* 094303
Division of labor in the organization of the graduated production of specialized farms of industrial swine production of the vertical Weimar/Apolda **Pork** *Cooperative* Union. 094341
Effective forms in the cooperation of the Cooperative Crop Production Section with the Livestock Production Section of the Agricultural **Producers'** *Cooperative* for an adequate feed supply [East Germany]. 094342
MNF, *cooperation* and **Scandinavia** [Food, trade]. 094577
Cooperative **Scandinavian** project concerning gastrointestinal parasites of cattle **[Worms].** 097324
Emergency vs. *Cooperative* **sector.** 094315
Slaughter *cooperative* sales good with 2.3 billion kroner in 1975. 094283
Experiences and results of **socialist** *cooperation* in poultry breeding [East Germany]. 094345
The *cooperative* **society** and the "multinational". 094300
Southern *Cooperative* snap bean variety trials. 101053
Cooperative **state-federal** turkey ornithosis task force, Texas, 1974. 097251
Landless: illiterate and belonging to the lower castes, agricultural labourers could solve their problems by organizing **themselves** in *cooperatives.* 094197
Vertical *cooperation* in grape production and wine making. 094254
Viticultural *cooperation* in the southwest [France]. 094306

COOPERIA

Investigation of maturation requirements for Ostertagia ostertagi and *Cooperia* **oncophora** larvae [Calves]. 097290

COPEPODA

Copepods as **essential** hosts for the development of a Coelomomyces [fungi] parasitizing mosquito larvae [Opifex fuscus, Aedes australis]. 102581

COPOLYMERS

Bioconversion of Barex 210 (an **acrylonitrile** *copolymer)* nitrogen for plant utilization [Oat seedlings]. 100216
Influence of moisture content on polymerization of monomers in wood. IV. Comparison of *copolymerisation* of **styrene** withacrylonitrile in birch wood in presence of water and methanol. 098316

COPPER

Copper **absorption** from copper-alkali solutions by cellulose. 098309
The profile distribution of total and DTPA [diethylenetriamine pentaacetic **acid]-extractable** *copper* in selected soils in Louisiana. 103729
Use of *copper-containing* **ammophos** in cotton growing. 100233
Iron, Manganese, zinc and *copper* **contents** of some inorganicfertilizers. 104103
Effect of *copper* on the **dynamics** of accumulation of substances in different tomato varieties. 100599
Response of wheat to *copper* **fertilization.** 104024
Studies on the appearance of a **hepatic** *copper-binding* protein in normal and zinc-deficient rats. 095026
The effects of intravenous injection of small amounts of copper sulphate in Nubian goats [Toxicity of **inorganic** *copper].* 097816
Effect of dietary zinc and *copper* **interrelationships** on blood parameters of the rat. 095115
Copper, **iron,** and zinc contents of mature human milk. 094982
Determination of *copper,* **iron,** and manganese in milk with flameless AAS [atomic absorption spectrophotometry] and a survey of the contents of these metals in Swedish market milk. 095618
Changes in the hemoglobin level of the whole blood, in the iron and *copper* **levels** of the plasma as well as the changes in the iron contents of the liver and the breast muscle matter of fattening turkeys. 096593
Determination of Fe, Cu, Ni, and Mn [iron, *copper,* **nickel,** manganese] in fats and oils by flameless atomic absorption spectroscopy. 095464
Mercury, cadmium, zinc, *copper* and **organochlorine** insecticide levels in small mammals trapped in a wheat field. 102686
Fungicidal properties of polycarbacine and *copper* **oxychloride** mixtures. 101491
Repellent and toxic effect of *copper* **oxychloride** on the Colorado potato beetle [Leptinotarsa decemlineata]. 102443
Effect of *copper* on **potatoes** in the conditions of the Komi Autonomous Soviet Socialist Republic. 100497
Copper in the **protection** of grapevine [Fungus diseases, control]. 101482
Activation of pepsin (EC 3.4.4.1) by heavy-metal ions including a contribution to the mode of action of *copper* **slphate** in pig nutrition. 096655
Copper absorption from *copper-alkali* **solutions** by cellulose. 098309
Effect of CuSO4 *[copper* **sulfate]** on the photosynthetic rate of phytoplankton in four Danish lakes [Algae]. 099885
The effects of intravenous injection of small amounts of *copper* **sulphate** in Nubian goats [Toxicity of inorganic copper]. 097816
Copper **sulphate** poisoning in horses. 097866
The activity of ascorbic acid and catechol oxidase, the rate of photosynthesis and respiration as related to plant organs, stage of development and *copper* **supply** [Oats, sunflowers]. 100056
Copper in **swine** feed. 096729

COPRA

Philippine *copra* crop and trade up. 094541

COPRINUS

Regulation of sclerotium production by primary metabolites in *Coprinus* **cinereus** (=C. lagopus sensu Lewis) [Fungi]. 100030
Studies on mushroom flavours. 2. Flavour compounds in *Coprinus* **comatus.** 095987
The effect of the concentration of glucose and asparagine and of the carbon/nitrogen ratio of the medium on fruiting body production by *Coprinus* **congregatus** [Fungi]. 099873

COPROPHAGY

Cryptoses choloepi: a *coprophagous* **moth** that lives on a sloth. 102611

COPSE

Influence of cutting cycle and spacing on *coppice* **sycamore** [Platanus occidentalis] yield. 098167

COPULATION

Deleterious effects of *copulation* in **Drosophila** females as a function of growth temperature of both sexes. 102928

CORAL

Chloride transport in **Chara** *corallina* [Algae] and the electrochemical potential difference for hydrogen ions. 099832

CORCHORUS *see* **JUTE**

CORCYRA

Effect of some physiological and environmental factors on the production and release of sex pheromone by the females of the rice moth, *Corcyra* **cephalonica** (Stainton). 102326
Host-parasite relationship. 1. Alkaline and acid phosphatase distribution in the silk glands of parasitized larvae of the rice **moth** *Corcyra* cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
Host-parasite relationship. 2. Cholinesterase activity of the larvae of the rice **moth** *Corcyra* cephalonica (Lepidoptera: Pyralidae) parasitized by Bracon hebetor (Hymenoptera: Braconidae) [Biological control]. 102303

CORD
Production of temperature signal in the peripherally denervated **spinal** *cord* of the dog. 096351
Effects of various ambient temperatures and of heating and cooling the hypothalamus and cervical **spinal** *cord* on antidiuretic hormone secretion and urinary osmolality in pigs. 096466
Response pattern of cutaneous postganglionic neurones to the hindlimb on **spinal** *cord* heating and cooling in the cat. 096501

CORIANDER
Some biological and biochemical peculiarities of *coriander* [**Coriandrum** sativum] in the Leningrad Region. 099571
Results of studying gardencress and *coriander* [as **greens**] in various sowing time in the Daghestan Experimental Station of the All-Union Institute of Plant Industry. 100604

CORIANDRUM
Some biological and biochemical peculiarities of coriander *[Coriandrum* **sativum**] in the Leningrad Region. 099571

CORMS
Programming the *corm* **raised** freesia (Freesia X hybrida) crop. I. Heat treatments, duration of cooling treatment and irradiation during cooling treatment. 100591

CORN *see* MAIZE

CORNCOBS
Effect of rotary-drum-drier exit temperature and length of pre-drying storage time on digestibility of dried **grass** *cobs* [Sheep]. 096701
Quality of seeds from the first and second **maize** *cobs.* 100307

CORNEA
Dynamic light scattering of **bovine** *cornea.* 096436
Wound healing in the *cornea* of the **chick** embryo. III. The influence of pore size of millipore filters on the migration of isolated epithelial sheets in culture. 097720
Effect of aflatoxin B1 and rubratoxin B on bacteriophage and **rabbit** *cornea* cells [Biological assays]. 095997

CORNUS
Clarifying the nomenclature of the red-stemmed dogwood *[Cornus,* **cultivars**]. 101041

CORONARY
Atherosclerosis - part IX: the *coronary* **drug** project. 095070
A perspective view of dieting to lower the blood cholesterol *[Coronary* **heart** disease]. 094953
Coffee drinking and death due to *coronary* **heart** disease. 095169
Prevention of *coronary* **heart** disease. 095181
Dietary intake and *coronary* **risk** factors in Peruvian Quechua Indians. 095122
Experimental canine atherosclerosis and its pevention. The dietary induction of **severe** *coronary,* cerebral, aortic, and iliac atherosclerosis and its prevention by safflower oil. 097741

CORONILLA
Seedling growth of crownvetch *[Coronilla* **varia**], Ladino clover, and alfalfa under shade. 100072
Lime helps establish crownvetch *[Coronilla* **varia**] on coal-breaker refuse. 104159

CORPORA
Regulation of the ecdysone-ecdysterone conversion in Locusta migratoria L.: role of the *corpora* **allata.** 102854
Induction of egg diapause by implantation of corpora cardiaca and *corpora* **allata** in Bombyx mori. 103248
Changes in the *corpus* **allatum** vlume of female Spodoptera litura (Fabr.) related with age and reproduction. 102899
Prostaglandin F2 alpha receptors in **bovine** *corpora* lutea throughout pregnancy. 096882
Induction of egg diapause by implantation of *corpora* **cardiaca** and corpora allata in Bombyx mori. 103248
Neutral red: a specific vital dye for the **insect** *corpus* luteum [Anopheles maculipennis, Culex pipiens, Aedes aegypti]. 103054
Adenylyl cyclase activities in ovarian tissues. I. Homogenization and conditions of assay in graafian follicles and *corpora* **lutea** of rabbits, rats, and pigs: regulation by ATP [adenosine triphosphate], and some comparative properties. 096328
Effects of prostaglandins on the **ovine** *corpus* luteum: blood flow, secretion of progesterone and morphology. 096878
Effect of prostaglandin F2alpha on anestrous cows with **persistent** *corpus* luteum. 096973
Electron microscopic study on the gel of the central part of the *corpus* **vitreum** in the Ox. 096303

CORROSION
Search for **non** *corrosive* chemicals for increasing resin yield from chirpine (Pinus roxburghii Sargent). 098282
Corrosion of **tinplate** by citrus juices. 095924

CORTEX
Adrenal *cortex* and avitaminosis A. II. Complementary in vivo and in vitro studies about inhibition of corticoidogenesis in the rat. III. ACTH [adrenocorticotropic hormone]glycemia response as a test of adrenal activity. 095016
Changes in phospholipid contents in microsomal membranes in *cortex* of **black** locust [Robinia pseudoacacia] bark during dehardening. 099855
Effects of supply and withdrawal of fluoride on the concentration of fluoride and glycosaminoglycans in *cortical* **bone** from rabbits. 096380
Partial purification and study of gamma-glutamyl transpeptidase of sheep **brain** *cortex* capillaries. 096259
Glucose consumption in rat **cerebral** *cortex* in normoxia, hypoxia and hypercapnia. 096155
The postnatal development of gluconeogenic enzymes in guinea-pig **kidney** *cortex.* 096359
On the projection of the first somatic sensory area to the **motor** *cortex* of the cat. 096591
Studies into activity and properties of adenosine triphosphatase in some organs of swine (liver, cerebral and **renal** *cortex,* mucosa of small intestine). 096215
Vitamin D-dependent calcium binding protein of rat **renal** *cortex.* 096392
Abolition of direction selectivity in the **visual** *cortex* of the cat. 096551

CORTICATA
Studies on Indian Gracilaria [Algae]. II. The development of reproductive structures of **Gracilaria** *corticata.* 098898

CORTICIUM
Effects of thiamine and zinc ions on the beta-glucan production by *Corticium* **rolfsii.** 101635

CORTICOSTERONE
Changes in the weight of the adrenal glands and in the concentration of **plasma** *corticosterone* in perinatal rats after prenatal treatment with oestradiol benzoate. 096451

CORYDALIDAE
Distribution, including new state records, of fishflies in Kentucky **(Megaloptera:** *Corydalidae).* 098681

CORYDALIS
Adrenergic neuron blocking action of dehydrocorydaline isolated from *Corydalis* **bulbosa.** 099636
Corydalis **cashmiriana** [Varieties, ornamentals]. 101162

CORYLUS
Characterization of Xanthomonas corylina (Miller et al.) Starr and Burkholder responsible for bacteriosis of the hazel tree *[Corylus]* **recently** observed in France. 101674

CORYNEBACTERIUM
Tuberculous and Pseudotuberculous cervical lymphadenitis ofswine for slaughter in Pernambuco [Mycobacterium, *Corynebacterium* **equi**]. 097475
Evaluation of screening techniques and determination of criteria for assessing resistance to *Corynebacterium* **michiganense** in tomato [Bacterial canker]. 099180
Bacterial canker of bell pepper caused by *Corynebacterium* **michiganense.** 101702
Research on the relationship between yeasts and bacteria: Candida krusei, Candida tropicalis, Candida pseudotropicalis, Hansenula anomala and *Corynebacterium* **pyogenes** [Experimental genital pyobacillosis in rabbits]. 097646

CORYNESPORA
Leaf spot disease of Rauwolfia serpentina caused by *Corynespora* **cassiicola** (Berk. & Curt.) Wei from Manipur. 101407

CORYNEUM
Control trials against *Coryneum* **cardinale** Wag. Causal agent of cypress canker [Cupressus sempervirens]. 101481

COST
Cost **accounting** in livestock production units. I. [East Germany]. 094449
Search for efficiency and economy in **agriculture** *[Costs].* 094420
A *negative-cost* **approach** to the formulation of a transhipment problem. 094610
To keep your own boar is expensive [**Breeding** *costs].* 094421
Cost **comparison** of mechanical pulping processes. 098400
Contractors in *cost* **competition**] [Baling straw]. 094419
Cost **components** of farm-retail price spreads for selected foods. 094463
The *costing* of [**dairy**] quality assurance. 094447
Automatic aerosol dispensers and flies [Musca **domestica,** *costs].* 102606
Grain drying in country elevators: *costs* and **economies** of size. 094436
Cost **efficiency** of foods for satisfying protein needs. 095170
Analysis of the *costs* of **establishing** a large cheese making plant [Netherlands]. 095640
Report of *cost* **estimate** survey of clinical pathology and [animal] diagnostic laboratories. 097137
Estimated *costs* of establishing and producing Kentucky bluegrass [Poa pratensis] seed in the Inland Pacific Northwest. (For large farms on which grass seed is a major enterprise). 094389
Estimating *costs* of rural water systems. 094371
Saving cattle **feed** *costs* with dried plant juice. 094394
Field harvesting methods—effect on **feed** *costs.* 100711
Estimate of the rabbit meat costs and contribution of the **feeding** *costs.* 094401
Economics of windbreaks and our cattle industry [**Feedlot** *costs].* 094432
Factors behind rising **food** *costs:* Should the farmer be blamed? 094553
The impact of the direct peanut price support program on farm income and **government** *cost.* 094785
Home gardening & canning versus buying canned goods: *costs* for **green** beans and tomatoes. 095060
Hidden *costs* of mechanized [timber] harvesting [Injuries totrees]. 102046
Costs of **horticultural** and plant protection products. 102691
Cost **impact** of food regulations. 095281
Estimating two indirect **logging** *costs* caused by accelerated erosion. 098431
Analysis of several technical problems on high yield, stable yield and **low** *cost* of wheat production. 094388
Mechanization and rearing moduli for milk producing herds: optimization study [for **lower** *costs].* 103584
Analyzing the **marginal** *cost* of water supply. 104349
Target **material** *costs* of tractors operation per hour. 094426
Target **material** *costs* of tractors operation per hour. 094427
Material *cost* and availability [of fertilizers and agricultural chemicals]. 104122
Changed economic results with the production of bull **meat** *[Costs].* 094380
Estimate of the rabbit **meat** *costs* and contribution of the feeding costs. 094401
On the rationalization of agricultural mechanization in relation to structural reforms [Dairy farm **operating** *costs].* 103585
Impacts of energy price changes on food [**processing**] *costs.* 094386
Economic evaluation of selected hot air driers in the SouthBohemian region [Feed **processing,** *costs].* 094435
What does it *cost* to **produce** 1 kilogram of eggs? [Poultry production costs]. 094398
Selected vegetable budgets, South Carolina, 1976 [Farm planning guide for estimating the individual **producer's** *costs* and returns]. 094187
Costs of **producing** milk in the United States, 1974. 094390
Potentials of reducing the net **production** *cost* of grapes in Kuban. 094358
Cost of **production** update for 1975 on sweetcorn for processing; red kidney, dry beans, apples for fresh and processing. 094370
What does it cost to produce 1 kilogram of eggs? [Poultry **production** *costs].* 094398
The situation and major national economic problems of fruit **production** *[Costs].* 094400
1974 dry edible bean **production** *cost* in Scotts Bluff County, Nebraska. 094437
Determining the most profitable nitrogen fertilization for corn production [**Production** *costs].* 094448
Price support level and **production** *costs* for the 1976 flue-cured tobacco crop. 094450
Implication of economic pressures on pasture management for beef **production** *[Costs].* 094454
How to figure crop **production** *costs* [Wheat]. 094455
Fertilizer N [nitrogen]: the key to profitable corn production with changing prices and **production** *costs.* 104118
Does it pay to feed [Dairy cattle, *costs,* **profits**]. 094391
Psychic *costs* and factor price equalization. 094442
Cost of **rearing** sheep and goats under migratory and stationary conditions. 094411
Recent *cost* increases: their future impacts on agriculture. 094443
[Farm] machinery syndication can **reduce** *costs.* 094297
Core sampling and flotation: two methods to **reduce** *costs* of a Chironomid population study. 103065
Experiences and results in the conduction of socialist competition for the effective use of extensive irrigations systems *[Cost* **reduction,** East Germany]. 094396
Role of ASCS [Agricultural Stabilization and Conservation Service] in *cost-sharing* and **renovation** of windbreaks [Soil erosion control, programs]. 094769
Components of error in field experiments with cotton, groundnuts, kenaf and sesame in the central Sudan rainlands. I. Field and atatistical methods; increasing percision by **replication** and its *cost.* 100771
Management and policy implications of *cost* and **return** budgets: extension's role in formulation and use. 094328
Dairy systems analysis handbook [on labor use, investments, and *costs* and **returns**]. 094195
Economic evaluation of soybean response to nitrogen on Calloway silt loam soil *[Costs,* **returns**]. 094379
Cost and **returns** of producing grade A milk in Alabama. 094403
Economic effectiveness of using herbicides in a grain-producing farm *[Costs,* **returns**]. 094415
A problem of bull fatteners: make maize or sugarbeets? *[Costs* and **returns**]. 094423
Economic aspects of alternatives open to beef producers *[Costs,* **returns**]. 094452
Estimated profitability of investment in legume pasture development in far north Queensland *[Costs,* **returns**]. 094453

Economic effectiveness of using anthelmintics against the chronic form of liver fluke [Fasciola hepatica] in sheep [Losses, *costs,* **returns].** 097439
Growing of early greenhouse tomatoes directly from seed [Yields, *costs,* **returns].** 101143
The problem of **rising** *costs* [in farming]. 094428
Forestry incentives program: *cost* **sharing** as an incentive for small private woodland owners. 098026
Feed nutrients—a *cost* **study.** 094408
Mechanical harvesting up-date *[Costs,* **sugarcane].** 094434
Costs of **timber** production in Finland in 1972 and 1973 [Taxes]. 097978
Risk, **transaction** *costs,* and the organization of medieval agriculture. 094227
Unmask your **true** *costs* with 'trade-off' techniques. 095286
The influence of the capacity and the degree of utilization on the **unit** *costs* in different dairy production departments. General model formation and demarcation. 095646
The influence of the capacity and the degree of utilization on the **unit** *costs* in different dairy production departments. Bottling pasteurized milk. 095647
The influence of the capacity and the degree of utilization on the **unit** *costs* in different dairy production departments. The ultra-high temperature milk section. 095648
The influence of the capacity and the degree of utilization on the **unit** *costs* in different dairy production departments. The milk treatment department. 095649
The influence of the capacity and the degree of utilization on the **unit** *costs* in different dairy production departments. The yoghurt department. 095650
The influence of the capacity and the degree of utilization on the **unit** *costs* in different dairy production departments. The soft cheese department. 095651
The influence of the capacity and the degree of utilization on the **unit** *costs* in different dairy production departments. Butter department. 095652
The influence of the capacity and the degree of utilization on the **unit** *costs* in different dairy production departments. The spray drying department. 095653
The influence of the capacity and the degree of utilization on the **unit** *costs* in different dairy production departments. The Edam cheese department. 095654
Fat filtration systems: **watching** your *costs.* 095348
Water *costs* and competitive uses for water in Louisiana [Rice irrigation, residential use]. 094416
Relation between compression stiffness and *costs* for **wet** stiff corrugated boards. 098414

COTTON

Effect of hybridization on structure and function of the photosynthesis **apparatus** in *cotton.* 100313
Some agronomical studies on rainfed jowar [Sorghum bicolor]in **black** *cotton* soils. 100864
Control of abscission in *cotton* **boll** explants with plant regulators. 100107
Biological control of *cotton* **boll** rot [Diplodia gossypina, Fusarium, Colletotrichum gossypii, Rhizoctonia solani, Achromobacter]. 101547
Air dropped bait dispensers for attracting and killing the *cotton* **boll** weevil. 102343
Activity of insect growth regulators (juvenile hormone analogues) against the *cotton* **bollworm,** Heliothis armigera Hbn. (Lepidoptera; Noctuidae) [Integrated control programmes]. 102375
Breeding *cotton* varieties of Gossypium hirsutum L. For resistace to Xanthomonas malvacearum (E.f. Smith) Dowson. 101713
Fabric properties of **butadienediepoxide-treated** *cottons* as affected by liquid ammonia pretreatments. 095818
Leaf blight of *cotton* **caused** by Macrophomina phaseolina. 101404
Juvenile hormone activity of ethyl 7,11, dichloro farnesoate on Dysdercus **cingulatus** F. *[Cotton].* 102345
Clouded and tarnished plant bugs [Neurocolpus nibulus, Lygus lineolaris] on *cotton:* a **comparison** of injury symptoms and damage on fruit parts. 102362
Seasonal abundance, diel periodicity and habitat preference of the striped earwig Labidura riparia in the coastal plainof South Carolina [Potential predator of insect pests, Spodoptera littoralis, soybeans, **corn,** *cotton].* 102282
Heritability and genetic **correlations** in *cotton.* 099403
In vitro studies of nitrate reductase activity in *cotton* **cotyledons.** Effects of Dowex 1-Cl and BSA [N, O-bis (trimethylsilyl)-acetamide]. 100278
The role of Lepidoptera in the conditions of a *cotton-alfalfa* **crop** rotation in Turkmenia. 102319
Some results of testing new herbicides on *cotton* **crops** against annual weeds. 102204
Effectiveness on phosphorus and potassium fertilizers in *cotton* **crops** as related to the content of phosphorus and potassium in soils. 104075
Effect of various levels of inorganic fertilizers in *cotton* **crops** with different degrees of salinization and concentration of soil solution. 104151
Utilization of irrigation water and groundwater by *cotton* **crops** with various depth of mineralized groundwater. 104416
Natural **cross-pollination** of *cotton.* 100106
Wild and **cultivated** *cottons* [Gossypium] from USA and Central America [Species, varieties and cultivars and their breeding value]. 099457
Effect of the irrigation regime and fertilizers on the yield of *cotton* on **cultivated** meadow soils in the Fergana Valley. 104348
Constant raise of the scientific level in *cotton* **culture** to promote a new advance in cotton production. 100753
Callus induction by (2-chloroethyl) phosphonic acid on **cultured** *cotton* ovules. 100250
Defoliation of *cotton* in the third **decade** of September [Harvesting aid]. 100999
Application of systemic fungicides against leaf infection with wilt [Verticillium dahliae] simultaneously with **defoliation** of *cotton.* 101644
Dehulling of **delinted** *cotton* seeds. 095838
Factors affecting ULV [ultra low volume, insecticide] spray **deposition** *[Cotton].* 102321
Promising **desiccants** for *cotton.* 101004
Sensitivity to insect growth regulators (juvenile hormone analogues) in insecticide-resistant and susceptible stains of **[Egyptian** *cotton* leafworm] Spodoptera littoralis (Boisd.). 102376
Cotton the **"elegant** white rose**"** of colonial America [History]. 100947
Effect of the ratios of mono- and bivalent cations with chloride and sulfate salinization on the development of plants and the content of inorganic **elements** in *cotton.* 103843
Problems of application of fertilizers to *cotton* on **eroded** soils. 104154
Irrigation regime of fine **fibered** *cotton* of the 5904-I variety on newly developed lands in the Sherabad Steppe. 104411
Effect of systematic application of herbicides on the change in the weediness of a *cotton* **field** and the yield of cotton. 102196
Biological and ecological studies of the parasitoid Chelonus inanitus (L) (Hymenoptera: Braconidae) in Israel. II. releases of adults in a *cotton* **field.** 102330
The use of traps baited with live females as a tool for improving control programs of the spiny bollworm, Earias insulana Boisd., in *cotton* **fields.** 102347
Agrotechnical and chemical methods of controling wind erosion on *cotton* **fields.** 104232
Effect of [the defoliant] butylkaptax and magnesium chlorate on leaf shedding of **fine-fibered** *cotton* [Harvesting aid]. 101001
Application of Kotoran and Treflan [trifluralin] in **fine-fibered** *cotton* plantings. 102193
Tolerance of *cotton* to **five** triazine herbicides. 102169
Effects of temperature and host plants on population dynamics of the *cotton* **fleahopper,** Pseudatomoscelis seriatus. 102294
Optimizing subindustry marketing organizations: a network analysis approach *[Cotton* **gins].** 094473
DNA evolution in the genus **Gossypium** *[Cotton].* 099146
Studies on genetic variability for yield and its components in *cotton* **(Gossypium** hirsutum L.). 099352
Interspecies hybrids of *cotton* **[Gossypium]** species with a different number of chromosomes and the reasons of their sterility. 099450
Effect of soil type and its sterilization on the severity of Fusarium wilt of *cotton* **(Gossypium** hirsutum L.) caused by Fusarium oxysporum f. vasinfectum (Atk.) Snyder and Hansen. 101625
Corchorus acutangulus: a new plant infested by *cotton* **grey** weevil Myllocerus undecimpustulatus maculosus Desb. [Weed control, natural]. 102266
Components of error in field experiments with *cotton,* **groundnuts,** kenaf and sesame in the central Sudan rainlands. I. Field and atatistical methods; increasing percision by replication and its cost. 100771
Components of error in field experiments with *cotton,* **groundnuts,** kenaf and sesame in the central Sudan rainlands. II. variation in plant measurements through the season and a discussion of surface drainage as a source of variation. 104274
Use of copper-containing ammophos in *cotton* **growing.** 100233
Herbicides and defoliation in *cotton* **growing.** 102201
Soil erosion control in *cotton* **growing** areas. 104234
Soil improvement and irrigation in *cotton* **growing.** 104413
Para-hemigossypolone: a sequiterpenoid aldehyde quinone from Gossypium hirsutum *[Cotton,* **Heliothis** virescens, Heliothis zea]. 102296
Performance of **hirsutum** *cotton* varieties under different sowing dates, spacings and fertilizer levels. 100857
Improved method of **holding** *cotton* bolls for detecting pink bollworms [Pectinophora gossypiella]. 102288
Plant bugs [Neurocolpus nubilus, Lygus lineolaris] in cotton. Importance of infestation time, types of cotton injury, and significance of wild **hosts** near *cotton.* 102363
Effect of varying plant density on growth, yield and pest **incidence** in *cotton.* 100848
Reaction of chemomutants of *cotton* to **infection** by the pathogen of Verticillium [dahliae] wilt. 101614
Plant bugs [Neurocolpus nubilus, Lygus lineolaris] in cotton. Importance of infestation time, types of *cotton* **injury,** and significance of wild hosts near cotton. 102363
Social and economic aspects of ULV [ultra low volume] spraying [of pesticides to *cotton* for **insect** control]. 102322
ULV [ultra low volume] spraying for *cotton* **[insect]** pest control. 102324
Cotton **[insect]** pest management. 102328
Light traps [of *cotton* **insect** pests], what are they and how do they work. 102360
Manipulation of IAA [indoleacetic acid]-oxidase activity and auxin-deficiency symptoms in **intact** *cotton* plants with manganese nutrition. 100256
About the principles of designing schemes of field experiments with fertilizers in **irrigated** *cotton* growing. 104043
Skip furrow **irrigation** for *cotton.* 104317
The optimal regime of groundwater *[Cotton* **irrigation].** 104415
Effect of different ways of treatment with dalapon on the nitrogen and nucleic metabolism in the leaves of *cotton* and **Johnsongrass** [Sorghum halepense]. 102195
Irrigation regime of *cotton* in the **Kara-Kalpak** Autonomous Soviet Socialist Republic. 104410
Mating, longevity, fertility and fecundity of the *cotton* **leaf-worm,** Spodoptera littoralis (Boisd.) (Lepidoptera: Noctuidae). 102346
Nitrogen concentrations of *cotton* **leaves,** buds, and bolls in relation to age and nitrogen fertilization. 100067
Aftereffect of defoliants on the content of total and protein nitrogen in *cotton* **leaves** during the initial phases of development. 100327
Blending of **machine-stripped** *cotton;* preliminary feasibility studies. 095835
Timing of the application of nitrogenous fertilizers in *cotton* on **meadow** and boggy-meadow soils in the Zeravshan Valley. 104093
Electro-kinetic studies of *cotton.* II. **Measurement** of surface potential at the interface between cellulose and solution of cross-linking agents. 095829
Commercial application of defoliants in the Samarkand Region *[Cotton,* **mechanized** harvesting aids]. 100998
Evaluation of the relation of effective factors with the yield of *cotton* by the **method** of regressive analysis in the case of the data of the Pakhtaaral State. 101003
The effects ULV [ultra low volume] spray on pests of *cotton* and their **natural** enemies [Aphis gossypii, Dysdercus superstitiosus and predators, Chilmines lunata and spiders]. 102342
Dispersal and mating in the field by male pink bollworm, Pectinophora gossypiella *[cotton* **pest]** labeled with 32P [phosphorus isotope]. 102300
ULV [ultra low volume] formulations [for *cotton* **pest** control in Africa]. 102323
Pink bollworm [Pectinophora gossypiella] resistance mounts **[Pesticides,** *cotton].* 102674
Defoliants and granulated insecticides for the control of *cotton* **pests.** 102373
Effect of leaf shape on response of *cotton* to **plant** population, N [nitrogen] **rate,** and irrigation. 100705
Cotton **plant** and insect constituents that control boll weevil [Anthonomus grandis] behavior and development. 102361
Effect of molybdenum on the rhizosphere microflora of *cotton* **plant** in virgin calcareous soil. 103889
Effectiveness of herbicides in the control of weeds in *cotton* **plantings** in relation to the level of applied nitrogen on soddy-sierozem soils in the Samarkand Region. 102198
Effectiveness of levels and ways of applying dalapon to control perennial weeds in *cotton* **plantings** in the conditions of the Golodnaya Step'. 102200
Herbicides to control annual weeds in *cotton* **plantings** in the Fergana Region. 102202
Testing herbicides in *cotton* **plantings** in the conditions of the Bekabad District. 102205
Influx intensity of phosphorus 32 [isotope] in *cotton* **plants** and its outflow into reproductive organs after the desiccation by magnesium chlorate. 100228
Influence of the nutritional state of *cotton* **plants** on the response to infection with Xanthomonas malvacearum (E.f. Smith) Dowson [Angular leaf spot]. 101714
Device for treatment of *cotton* **plots** with defoliants and desiccants in field experiments using tractor sprayers. 103600
Salt tolerance of *cotton* and **potential** use of saline water for irrigation. 100168
Water stress induced alterations of the stomatal response to decreases in leaf water **potential** *[Cotton].* 100265
Constant raise of the scientific level in cotton culture to promote a new advance in *cotton* **production.** 100753
An advanced method for economic threshold determination: a positive approach *[Cotton,* **Pseudatomoscelis** seriatus, pest management system]. 094322
Productivity of *cotton* as **related** to the levels of fertilizers and the degree of soil salinization. 104085
Bases for agricultural planning in Bento Valley [Culture of *cotton,* **rice,** sunflowers and bananas in Luanda Province]. 100955
Use of acrylic plastic as rhizotron windows **[Rooting** of *cotton].* 100075
Effects of crop residues in soil on Phymatotrichum [omnivorum] root **rot** of *cotton.* 101495
Alteration of sowing qualities of *cotton* **seeds** as effected by butyric acid derivatives [Growth substances]. 100222
Economic, environmental and energy use implications of **short-season** *cotton* production: Texas Lower Rio Grande Valley [Insecticides]. 094326
Sulphur-coated urea as a nitrogen **source** for *cotton.* 103912
Effectiveness of the way of **sowing** *cotton* in the bottom of a furrow in the conditions of the Kokand group of regions. 101002
Helminthosporium [gossypii] leaf **spot** on *cotton.* 101402
Aerial ULV [ultra low volume, insecticide] **spraying** [on *cotton].* 102320
New herbicides for *cotton* **stands** in the Samarkand Region. 102143
Distribution and identity of root-knot nematodes (Meloidogyne spp.) on *cotton* and **sugar** beet in the syrian Arab Republic and the Republic of Lebanon. 102061

Determination of levels and timing of defoliation of *cotton* **Tashkent-1** cultivar for the conditions of the Andizhan Region. 101000
In *cotton*—a **technique** to control climatic hazards. 100820
Studies on germination **tests** in *cotton.* 100214
Windbarriers for erosion control [of sandy soils] in **Texas** *[Cotton].* 104219
Comparisons of somatic crossing over frequency in Nicotianatabacum [tobacco] and three other crop species [Soybeans, *cotton,* **tomatoes].** 099137
Effects of **two** *cotton* varieties on levels of boll weevil parasitism (Coleoptera: Curculionidae) [Biological control]. 102301
Studies on effect of combined sprays of insecticides and **urea** on *cotton.* 102325
Economic importance of Thrips tabaci Lind. (Thysanoptera) on *cotton* at **Vaalhartz,** South Africa. 102331
Virulence of individual strains of Verticillium fungus in relation to different **varieties** of *cotton.* 101475
Evaluation of resistance to Verticillium wilt in *cotton* **varieties** of the State of Sao Paulo. 101627
Angular leaf spot incidence on *cotton* **varieties** sown in different periods [Xanthomonas malvacearum]. 101712
Influx of herbicides and their physiological effect on *cotton* **varieties.** 102203
Effect of benlate on the resistance of *cotton* to **Verticillium** wilt. 101488
Development of methods for field distribution of eggs of the insect predator Chrysopa carnea Stephens [Biological control of Heliothis zea and Heliothis **virescens,** *cotton].* 102287
Projection of *cotton* **warehouse** facilities for Oklahoma: a Markov process. 094617
[The herbicide] Kotoran against a noctuid [Scotia segetum, pest of *cotton,* **weeds** as intermediate host plants]. 102374
Some aspects of pathogen-host interrelations in *cotton* **wilt** [Verticillium dahliae]. 101468
Effect of benomyl on the soil microflora and yield of *cotton* **[Wilt** control]. 101489
Effect of systematic application of herbicides on the change in the weediness of a cotton field and the **yield** of *cotton.* 102196
Effect of irrigation methods with various interrow spacing on the **yield** of *cotton.* 104408

COTTONSEED

A comparative regional analysis of the wholesale marketing margin for **crushed** *cottonseed.* 094609
Removal of pigment glands (gossypol) from *cottonseed* **[Development** of the Liquid Cyclone Process for producing a deglanded, edible flour]. 095790
Field accumulation of aflatoxin [by Aspergillus flavus] in *cottonseed* as **influenced** by irrigation termination dates andpink bollworm [Pectinophora gossypiella] infestation. 104258
Estimating the structure of time lags between wholesale and farm **prices** for *cottonseed.* 094613
Variability associated with **testing** *cottonseed* for aflatoxin. 095816

COTTONWOOD

Proper cultivation needed for good survival and growth of **planted** *cottonwood* [Populus deltoides]. 098169

COTURNIX

The skeletal length-body weight or total bone length relationships of the growing quail, **Coturnix** *coturnix* japonica. 096536
Immunohistochemical localization of LH [lutenizing hormone]-producing cells in the adenohypophysis of the Japanese Quail, *Coturnix* **coturnix** japonica. 096307
Quantitative aspects of the colonization of the gonads by germ cells in the quail embryo **(Coturnix** *coturnix* japonica). 096449
Effect of photoperiod upon age and maintenance of sexual development in female **Coturnix** *coturnix* japonica [Japanese quail]. 096510
Erythrocyte 6-phosphogluconate dehydrogenase isozymes in the Japanese quail **(Coturnix** *coturnix* japonica). 096533
Quantitative aspects of the colonization of the gonads by germ cells in the quail **embryo** *(Coturnix* coturnix japonica). 096449
Effect of photoperiod upon age and maintenance of sexual development in **female** *Coturnix* coturnix japonica [Japanese quail]. 096510
Erythrocyte 6-phosphogluconate dehydrogenase isozymes in the Japanese **quail** *(Coturnix* coturnix japonica). 096533

COTYLEDONS

Anatomical characteristics of the epidermis in some cultivars of Brassica oleracea L. Distribution and structure of stomata in the *cotyledons* **[Brussels** sprouts, kohlrabi, kale]. 098889
In vitro studies of nitrate reductase activity in **cotton** *cotyledons.* Effects of Dowex 1-Cl and BSA [N, O-bis (trimethylsilyl)-acetamide]. 100278
Protein body formation in *cotyledons* of **developing** cowpea (Vigna unguiculata) seeds. 100094
Influence of *cotyledon* **excision** and sucrose on root formation in pea cuttings. 100532
Comparative study of beta-glucosidase from *cotyledons* and **fruits** of cucumbers, Cucumis sativus. 100526
Partial characterization of a protease inhibitor which inhibits the major endopeptidase present in the *cotyledons* of **mung** beans. 100548
The effects of inhibition of *cotyledon* **photosynthesis** on seedling development in Cucumis sativus L. [Cucumbers]. 100357
Compounds with cytokinin activity in **pumpkin** *cotyledons.* 100365
Effect of cytokinin on activities of a number of enzymes in isolated **pumpkin** *cotyledons.* 100574
Phytochrome-induced changes of beta-fructosidase activity in **radish** *cotyledons.* 100551
Histochemical studies on *cotyledon* of **soybean** during germination. 098964
Relationships between lipid changes and plastid ultrastructural changes in senescing and regreening **soybean** *cotyledons.* 100221

COUMARINS

Liqcoumarin, a novel [new] *coumarin* from **Glycyrrhiza** glabra. 099911
Note on two **new** *coumarin* derivatives of Machaeranthera scabrella (Greene) Shinners. 099648

COURTSHIP *see* MATING

COVARIANCE *see* VARIANCE

COVERS

Importance of *coverage* when **applying** growth retardant A-Rest [Azaleas]. 100420
Some observed interrelationships between the *cover* of **aquatic** vegetation and various physical properties of the water medium. 098815
Covers **[Beekeeping** equipment]. 103239
Water provision rate and productivity of alfalfa as related to the species of the *cover* **crop,** way and time of sowing. 100739
Effect of Indigofera hirsuta on Belonolaimus longicaudatus, Meloidogyne incognita, and Meloidogyne javanica and subsequent crop yields [Biological control of nematodes, *cover* **crops].** 102014
Anatomic and topographic patterns of development of the **cutaneous** *covering* of sheep during intrauterine life. 096573
Evolutionary and morphological indices of the **cutaneous** *covering* of sheep and their use in selection. 097061
Further studies of the surface **epithelium** *covering* preovulatory rabbit follicles with special reference to lysosomal alterations. 096306
The living environment and the extension of the **green** *covering* [Trees, shrubs, propagation by cuttings]. 101275
Seasonal dynamics of the phytomass of a herbaceous **ground** *cover* in a forest-steppe oak forest in relation to the dynamics of photosynthesis and ecologic factors. 100023
Response of Penstemon fruticosus to fertilization **[Ground** *covers].* 100606
Evolution of the **plant** *cover* of the roadstead of Geneva. 098848
The *coverage,* **scope** and interrelations of existing agrarian legislation. 094699
Migration of Sr90 [strontium isotope] in **soil-plant** *cover* of subarctic tundra. 098855
Application of fertilizers and the productivity of herbaceous plants in the establishment of a **vegetation** *cover* on gully slopes. 103903
Isolation and properties of farnesene from the apple **wax** *covering.* 095878

COWPEAS

Lipid composition of the normal and flight forms of **adult** *cowpea* weevils, Callosobruchus maculatus. 103008
Mutation frequency in relation to M1 sterility [Mungo **beans,** *cowpeas].* 099153
Seed size and planting time as preliminary factors on seedling emergence of some legume crops **[Beans** and *cowpeas].* 101046
Protein body formation in cotyledons of **developing** *cowpea* (Vigna unguiculata) seeds. 100094
Host range and thermal inactivation of a *cowpea* **isolate** of Sclerotium rolfsii. 101500
Hypersensitive reaction of *cowpea* **leaves** to cucumber mosaic virus. 101806
Electrophoretic mobility and enhanced infectivity of a mutant of *cowpea* **mosaic** virus. 101812
Effects of salt stress on growth, nodulation and nitrogen fixation in *cowpea* and **mung** beans. 102006
Unifoliolate leaf: a **mutant** in *cowpeas.* 099331
For rainfed areas—a **range** of *cowpea.* 100819
In vitro and in vivo translation of the ribonucleic acids of a *cowpea* **strain** of tobacco masaic virus. 101813
Occurrence of short particles in beans infected with the *cowpea* **strain** of TMV [tobacco mosaic virus]. I. Purification and characterization of short particles. 101814
Occurrence of short particles in beans infected with the *cowpea* **strain** of TMV [tobacco mosaic virus]. II. Evidence that short particles contain the cistron for coal-protein. 101815
Effect of 2,4 dinitrophenol on mitochondria of Vigna sinensis cv. serido *[Cowpeas,* **varieties].** 100379
Distribution of 14C [carbon isotope] assimilates in the *cowpea* **(Vigna** unguiculata L.) in relation to fruit abscission and treatment with benzyladenine. 100091
Effect of root temperature on growth and seed yield in *cowpea* **(Vigna** unguiculata). 100408
Root growth in *cowpea* **(vigna** unguiculata (L.) Walp.) seedlings. 100605
Leaf blight of *cowpea* **(Vigna** sinensis Endl.) caused by Sclerotium rolfsii Sacc. 101405
Seed-borne fungi of *cowpea* **(Vigna** unguiculata) in western Nigeria. 101505

COWS *see* BOVINE

COXIELLA

Incidence in Tanzania of CF antibody to *Coxiella* **burneti** in sera from man, cattle, sheep, goats and game. 097664

COYOTES

Volatile constituents of dog (Canis familiaris) and *coyote* **(Canis** latrans) anal sacs. 096434
Interspecies iteraction differences in play actions in canids [Canidae, **dogs,** *coyotes].* 096204
Effects of domestication on prey catching and killing in Beagles, *coyotes* and F2 **hybrids.** 096203
Insensitivity of the *coyote* **testis** to orally administered cadmium. 097047

CRABS

Effects of Temefos, an organophosphorous insecticide, on survival and escape behaviour of the marsh **fiddler** *crab* Uca pugnax. 102748
Cooking food from *crab* **products?** 094834

CRACKING

Cracking in **cherries** [Disorders of varying etiology]. 102048
Roach control in the food handling business. 2. Making *crack* and **crevice** treatments work. 102540
Prediction of some soil properties through *cracks* **formation** of dryness. I. Soil salinity and alkalinity. 103696
Strain rate and temperature sensitivity of the *crack* **initiation** force in intact Japanese quail eggs. 096516
Fruit growth and *cracking* in **nectarines.** 101922
Skin *cracking* in cherries. 102057

CRANBERRIES

Relationship of nitrogen nutriton of 'Early **Black'** *cranberry* to vegetative growth, fruit yield and quality. 104038
The biology of mycorrhiza in the Ericaceae. VI. The effects of mycorrhizal infection and concentration of ammonium nitrogen on growth of *cranberry* **(Vaccinium** macrocarpon Ait.) in sand culture. 100515

CRANES

Mechanics of the H type **cable** *crane* composed of two sets ofendless Tyler skyline cranes [Logging equipment]. 098291

CRANIUM

Spina bifida, exencephaly, and *cranial* **bleb** produced im hamsters by the solanum alkaloid solasodine [Teratogenesis]. 097852
Extra- and *intra-cranial* **blood** supply to brains of dog and cat. 096175

CRASSIPES

The invasion of [the aquatic weed] **Eichhornia** *crassipes* in the Sudanese White Nile. 102160
Neochetina bruchi, a biological control agent of waterhyacinth **[Eichhornia** *crassipes]:* host specificity in Argentina [Acquatic weeds]. 102223

CRASSULA

Jade *[Crassula* **portulacea]** makes a great houseplant. 101029

CRATAEGUS

Sorption of moisture by crude drugs. IV. Folium Salviae, Rhizoma Calami, Herba Basilici, Inflorescentia Crataegi [Salvia, Acorus calamus, Occimum **basilicum,** *Crataegus].* 095451

CREATINE

Increased **plasma** *creatine* kinase activity in rabbits: effect of systematically repeated blood sampling. 096349
Stability of stored **serum** *creatine* phosphokinase [in veterinary medicine]. 096276

CREDIT

Undertaking of public security for *credit* in **agricultural** and horticultural operations in the Netherlands. 094382
Can you borrow from the **agricultural** *credit* without sufficient securities? 094397
Choice of expansion at the congress of the National Confederation of Agricultural Mutuality, Cooperation and *Credit* in **Bordeaux.** 094140
Credit use among **Nebraska** farmers. 094395

CREEPING

Experimental study of population variability of *creeping* **buttercup** [Ranunculus repens]. 098721
Participation of petiole and veins in metabolism of glycolate in **Virginia** *creeper* leaves [Parthenocissus tricuspidata]. 099616

CREMATOGASTER

Predaceous ants [Crematogaster clariventris, *Crematogaster* **buchneri]** (Hymenoptera: Formicidae) phytophagous on Theobroma cacao in Nigeria. 102254

CRETICA *see* MOLLUSKS

CRICKETS

The spectrum of the calling signals, phonotaxis, and the auditory system in the *cricket* **Gryllus** bimaculatus. 102977
Models of two types of auditory interneurons in the *cricket* (**Gryllus** bimaculatus Deg.). 103051
Functional characteristics of two central auditory neurons of the *cricket* [**Gryllus** bimaculatus] (Orthoptera, Gryllidae). 103053

CRICONEMOIDES

Criconemoides **species** associated with golf course turf in Ohio [Nematodes]. 102013

CRITHIDIA

The cell coat of *Crithidia* **fasciculata** [attached to the cuticular lining of the hindgut of Anopheles gambiae]. 102603

CRONARTIUM

Growth of loblolly pine [Pinus taeda] from variously selected parents *[Cronartium* **fusiforme,** rust]. 098166
Performance of large loblolly and shortleaf pine [Pinus taeda, Pinus echinata] seedlings after 9 to 12 years *[Cronartium* **fusiforme**]. 098168
Six-state test of Arkansas loblolly pine [Pinus taeda, geographic variation, *Cronartium* **fusiforme**]. 098171
Fusiform rust *[Cronartium* **fusiforme**] resistance of progeny from natural Loblolly [Pinus taeda] X Shortleaf [Pinus echinata] pine hybrids. 101587

CROPLANDS

Quackgrass [Agropyron repens] **control** in *croplands.* 102100
Cropland **holds** its own [Land use, urbanization]. 094127
Action needed to discourage removal of trees [windbreaks] that **shelter** *cropland* in the Great Plains. 097905
Hydrograph and water quality relationships for two Palouse [Conservation Field Station] *cropland* **watersheds.** 104398

CROPS

Agricultural analysis of LANDSAT digital data from Williams County, North Dakota, using G. E. [General electric] IMAGE 100 system *[Crop* **acreage** estimates, remote sensing]. 094644
Old and new experiences with nitrogen provision [fixation] from the air [by **agricultural** *crops].* 099850
Supplies of bee colonies to the **agricultural** *crops* in the South Moravian region. 103312
Effects of soil environment on root growth of **agricultural** *crops* in prairie soils. 103758
Drip irrigation for **agricultural** *crops.* 104255
Cassava: a potential **agro-industrial** *crop* for tropical Australia. 101197
Balance of the major nutrients in *cropping* and the **alteration** of agrochemical indices of soils. 099846
Assessment of risk when contract crops are included among other *crop* **alternatives.** 094324
Makhana [Euryale ferox] the **aquatic** *crop* of Mithila. 101299
The use of LANDSAT data in a large **area** *crop* inventory experiment (LACIE) [Wheat, North America, remote sensing]. 100808
Selection for a qualitative trait in an **autotetraploid** *crop* [Coffee]. 099207
Radiation regime and the utilization of solar energy by **barley** *crops* under different levels of mineral nutrition. 100201
The resistance of fruit and **berry** *crops* to virus and mycoplasma diseases. 101758
Orchardgrass [Dactylis] produces a **big** *crop.* 100925
Population of sugarcane borers in **cane** *crop* at the time of harvest at Tandojam. 102275
The rate of injury of sunflower plants during the mechanized **care** of the *crops.* 101864
South **Carolina** *crop* statistics: state and county data. 1974revised, 1975 preliminary. 094638
Occurence and control of nematodes affecting **carrot** *crops* in Cyprus [Paratylenchus neoamblycephalus, Pratylenchus thornei]. 101975
Starch [Major constituent of all **cereal** *crops].* 095755
The characteristic of an ideal type of bread **cereal** *crops.* 100190
Effectiveness of ammonium polyphosphate in row application in **cereal** *crops* on soddy-podzolic soil. 100226
Economic effectiveness of the system of herbicides in a **cereals-grass-row** *crops* and cereals-grass rotations in the Central Urals. 102137
China's *crop* outlook dims [Production trade]. 094525
Ways of increasing the productivity of unitized machinery used in growing **clean-cltivated** *crops.* 103642
Reserves of increasing the productivity of units in sowing cereals and **clean-cultivated** *crops.* 103622
Estimated 1976/77 world **coffee** *crop* smallest since 1970/71 [Production]. 094515
Cole *crops* [cabbage, cauliflower, broccoli, Brussels sprouts] insect pests. 102404
Studies on intercropping of **compatible** *crops* with pigeonpea. 101191
Assessment of risk when **contract** *crops* are included among other crop alternatives. 094324
Effective forms in the cooperation of the **Cooperative** *Crop* Production Section with the Livestock Production Section of the Agricultural Producers' Cooperative for an adequate feed supply [East Germany]. 094342
Philippine **copra** *crop* and trade up. 094541
Insect infestations in no-tillage **corn** *cropping* systems. 102307
Some results of testing new herbicides on **cotton** *crops* against annual weeds. 102204
Effectiveness on phosphorus and potassium fertilizers in **cotton** *crops* as related to the content of phosphorus and potassium in soils. 104075
Effect of various levels of inorganic fertilizers in **cotton** *crops* with different degrees of salinization and concentration of soil solution. 104151
Utilization of irrigation water and groundwater by **cotton** *crops* with various depth of mineralized groundwater. 104416
The role of Lepidoptera in the conditions of a **cotton-alfalfa** *crop* rotation in Turkmenia. 102319
Water provision rate and productivity of alfalfa as related to the species of the **cover** *crop,* way and time of sowing. 100739
Effect of Indigofera hirsuta on Belonolaimus longicaudatus, Meloidogyne incognita, and Meloidogyne javanica and subsequent crop yields [Biological control of nematodes, **cover** *crops].* 102014
Trends in the breeding and cultivation of **cruciferous** *crops* [Brassica, Raphanus, Sinapis]. 099306
North **Dakota** *crop* and livestock statistics. Annual summary for 1974; revisions for 1973. 094640
Crop **development** and water loss—a case study over a potato crop [Evapotranspiration]. 100344
Double *cropping* wheat and sorghum forage. 100779
Comparative study of plant growth in the rice **double** *cropping* system of Kedah State, West Malaysia. 100959
Soybean seedling diseases associated with **double** *cropping* [Sclerotium folfsii, Rhizoctonia solani]. 101329
Effect of volatile inhibitors from natural and amended soils on germination of sclerotia of Macrophomina phaseolina [the fungus that causes charcoal rot on corn, sorghum, soybean, and other **economic** *crop* plants]. 101380
Phytotoxic effects of extracts of Canada thistle [Cirsium arvense] and leafy spurge [Euphorbia esula, **economic** *crops].* 102184
Fertilizing [**Economic** *crops].* 104097
Crop and **economic** results of extensive irrigation in 1974 and conclusions for an effective use of irrigation in 1976 [Field crop yields, East Germany]. 104279
Physiological studies on the mechanism of the occurrence of air pollution damage in *crops.* II. **Effects** of nutrition andsoil reduction on the leaf injuries of crop plants caused by sulphur dioxide fumigation [Barley, rice]. 101994
Physiological studies on the mechanism of the occurrence of air pollution damage in *crops.* III. **Ethylene** production by wheat and barley leaves injured by fumigation with sulphur dioxide. 101995
Mathematical modelling of the productive process and yield [Effect of environmental **factors** on *crops].* 100195
Heterogeneity of recording weather conditions for programming yields of **farm** *crops* in various soil and climatic zones of the USSR. 094047
Methodology of preparing a program for growing **farm** *crops* with a complex yield structure [Winter wheat]. 094241
Prospects of using new indices of heat provision rate for programming yields of **farm** *crops.* 094245
System of network planning as applied to growing **farm** *crops.* 094246
Effect of forest shelterbelts with different [tree] species composition on the yield of **farm** *crops.* 097894
Regularities of growth processes and the productivity of **farm** *crops* [Breeding for higher yield]. 099258
[Present] status and prospects of breeding varieties of **farm** *crops* resistant to nematodes. 099283
Goals of agroclimatic zoning [for **farm** *crops].* 099569
Removal of nitrogen, phosphorus and potassium by a planned yield of **farm** *crops* in a rotation. 100202
Optimization of the structure of agrophytoecocoenoses and ways of growing **farm** *crops* in a rotation [under irrigation]. 100800
Problems of evaluating the resistance of the varieties of major **farm** *crops* to diseases according to the data of state variety testing. 101464
The role of pesticides in the increasing scale of fertilizer application in **farm** *cropping.* 102145
The role of fertilizers in increasing the yield of **farm** *crops* in the regions of East Siberia. 104091
Crops **favoring** Thielaviopsis [basicola, USSR]. 101553
Investigations of *crops* and **fertility**—a way to economy and efficiency [Soil testing, foliar analysis]. 103837
Cultivation and management of [**field**] *crops.* 094278
Thiobarbiturate number of some plant oils [**Field** *crops].* 095801
Evaluation of environment salt tolerance of selected grasses and legumes [**Field** *crops].* 100054
Utilization of nutrients by plants [of **field** *crops]* in a rotation with fertilizer application according to a planned yield. 100204
Studies on can evaporimeters in relation to evapotranspiration from **field** *crops* [Clover, wheat]. 100213
Brief notes on the results of research work in the Ustimov Experiment Station in 20 years [1954-1974, **Field** *crops].* 100724
The National Institute of Agronomic Research, the station for improvement of plants at Rennes [**Field** *crops].* 100764
It pays to select a suitable variety for drylands [**Field** *crops].* 100823
Experiences in attaining programmed yields on irrigated soils [**Field** *crops].* 100873
Thermal selection of seeds of **field** *crops* according to their viability as a method for increasing resistance to semi-pathogenic [fungal] microorganisms. 101473
Bioenergetic parameters of experimental groups of common voles (Microtus arvalis (Pall. 1779) [Rodent pests, **field** *crops].* 101891
Non-chemical control of plant diseases in India [**Field** *crops].* 101896
Weed control in **field** *crops.* 102102
Spread of wild oats [Avena sativa] in Norrland [**Field** *crops].* 102191
Control of insect and mite pests of **field** *crops* (nonseed crops). 102298
Identification of insect and mite pests of **field** *crops.* 102299
Scientific and technical progress in plant industry and the resistance of plants to pests [**Field** *crops].* 102315
Analysis of **field** *crop* yields and processes of their formation in the conditions of East-Slovakia lowland. IV. Seasonal changes of the photosynthetic productivity of sunflower. 102348
New record of Dinothrombium sp. (Trombidiidae: Acarina) parasitic on the lac predator, Eublemma amabilis Moore (Noctuidae: Lepidoptera) [**Field** *crop* pests, natural control]. 102365
Insect pathological investigations on Swedish Thysanura. I. Observations on Malamoeba locustae (Protozoa, Amoebidae) from Lepisma saccharina (Thysanura, Lepismatidae) [**Field** *crop* pests, biological control]. 103028
Study of the time lag of drop precipitation in spraying **field** *crops.* 103549
Ways of improving the process of spraying **field** *crops* with blower sprayers. 103558
New spraying techniques for **field** *crops* [by using a hand-carried, battery operated, spinning disc sprayer]. 103646
Ways of sound application of fertilizers in maize and other **field** *crops.* 103911
Banding of sulfur and sulfuric acid in soil in which iron-inefficient plants were grown [**Field** *crops].* 103921
Comparative effectiveness of growing **field** *crops* [and peas] on eroded soils in the steppe of the Ukrainian SSR. 104167
Crop and economic results of extensive irrigation in 1974 and conclusions for an effective use of irrigation in 1976 [**Field** *crop* yields, East Germany]. 104279
Irrigation of **field** *crops.* 104350
How to **figure** *crop* production costs [Wheat]. 094455
Fodder *crop* breeding in Finland. 099416
Methods of cultivating plants [**Food** *crops].* 100972
Pirimiphos-methyl [Insecticides, residue analysis in *crops,* **food** products]. 102644
Forage quality control of coarse feeds as a factor in the intensification [of **forage** *crop* production]. 096056
Content of nitrate nitrogen in crops in a meadow and **forage** *crop* rotation on peaty soils. 100224
Ethology and new [varieties of] **forage** *crops.* 100887
Problems of intensification of **forage** *crop* growing on arable lands. 100932
Molybdenum fertilizers as a factor of increasing the yield of **forage** *crops* (analytical review). 104081
About economic valuations of **forest** *crops* as a product of labor. 097622
Comparison of the effectiveness of inorganic fertilizers and manure in a **four-field** *crop* rotation including a clover-grass mixture (experiments of 1931-1974). 104058
Nitrogen and Italian ryegrass [Lolium multiflorum]. 3. Growth up to 14 weeks: yields, proportions, digestibilities and nitrogen contents of *crop* **fractions,** and tiller populations. 100217
Nutrition of **fruit** *crops* and the forecast of the effectiveness of fertilizers. 100506
Experiments with insecticides, acaricides, fungicides and bactericides in **fruit** *crops,* 1973-74. 102049
1975 leaf analysis results on small **fruit** *crops.* 103893
A model of forgut activity in the blowfly Phormia regina Meigen. III. Analysis of *crop-valve* **function** during the crop-emptying process. 102868
Grain *crop* in Trondelag falls behind [Weeds, diseases]. 101944
On the mechanization of the process of presowing hardening of **grain** *crops* against drought [Pneumatic tansporter]. 103594
Determination of residues of dinitroorthocresol in the *crops* [of **grapes,** apples and potatoes]. 102730
Use of the dye binding method for determination of protein content in **grassland** *crops* [Lolium, clover]. 095844
Conservation of **green** *crops* for dairy cows. III. [Silage]. 096654
Effects of windbreaks on the microclimate, energy balance and water use efficiency of *crops* **growing** on the Great Plains. 097907

Growing *crops* on brigalow lands. 100953
Multielement absorption by *crops* **grown** in pots on municipal sludge-amended soil. 099802
Programming the corm raised freesia (Freesia X hybrida) *crop.* I. **Heat** treatments, duration of cooling treatment and irradiation during cooling treatment. 100591
Hop industry advisory committee: analysis of **hops** of the 1975 *crop.* 095473
A study of **horticultural** *crops* as a supplement to the farm income. 094451
Experience of developing programming of yields for the north-western zone of the Russian Soviet Federative Socialist Republic [Field and **horticultural** *crops].* 100795
Conclusions and recommendations *[Crop* **improvement** through plant breeding]. 099308
Integration of fodder production with **intensive** *cropping* systems. 100697
Experimental investigations in programming a yield of **irrigated** *crops.* 104307
Current state and outlook for grain **legume** *crops* in Bulgaria and related scientific problems awaiting resolution. 094704
Seed size and planting time as preliminary factors on seedling emergence of some **legume** *crops* [Beans and cowpeas]. 101046
Studies on the chemical control of the corn borer Diatraea saccharalis Fab. on the **maize** *crop* (1973/74) [Argentina]. 102329
An examination of **major** *crop* acreage response [Short-term prediction, government production programs]. 094780
Assessment & evaluation of plant protection progress. 5. Important pests of **major** *crops,* their status and distribution [India]. 102001
Content of nitrate nitrogen in *crops* in a **meadow** and forage crop rotation on peaty soils. 100224
Requirement of grain combines for harvesting various *crops* (**methodological** draft for qualification improvement of combine operators). 103476
Missouri *crop* performance, 1975. I. Corn. II. Grain sorghum. III. Soybeans [Varieties, yields]. 100979
Selection for **mixed** *cropping* [Breeding program for pasture plants]. 099208
Mixed *cropping* of soybean with maize. 100852
Studies on **mixed** *cropping* in Tarai region under unirrigatedconditions [Wheat, barley, chickpeas, linseed, Brassica juncea, mustard]. 100866
Multiple *cropping:* some lessons [India]. 100825
Production potential and economics of different crop sequences at Rudrur [**Multiple** *cropping].* 100860
Short-duration pulses to fit into **multiple** *cropping.* 101182
Multiple *cropping* of vegetables [India]. 101229
Control of insect and mite pests of field crops (**nonseed** *crops).* 102298
Experiments for providing planned yields of farm [field and horticultural] *crops* in the **northwestern** region. 100798
Planning the level of hydrotechnical reclamations for **obtaining** *crop* yields [Water supply regulation]. 104309
Current plant sanitation of **oil** *crops* [Fungus diseases, insect pests]. 101416
Effect of N [nitrogen] application on different varieties of **oilseed** *crops* under saline-cum-high water table conditions. 103977
The effect of some herbicides on the weed flora and soil microflora in the **onion** *crop* (Allium cepa L.), and the persistence of their residues in the soil. 102121
The *crop* as an **organ** of glyceride absorption in the American cockroach, Periplaneta americana L. 102875
Comparison of different methods of lime requirement. II. Response of **paddy** *crop* to liming. 104108
Interrelation of nutrition level, water provision rate and stand density as factors determining the productivity of **pea** *crops.* 100454
Reduction of experimental error in **perennial** *crops,* using adjustment by neighbouring plots [Tea, fruit]. 101294
Influence of windbreaks on *crop* **performance** and snow management in North Dakota. 097911
Rats resistant to anticoagulants *[Crop* **pest** control]. 101836
The ecology and economic importance of the Rufous-bellied rat, Lophuromys sikapusi sikapusi in Ibadan, Nigeria [**Pests** of *crops].* 101993
Observations on Kraussaria angulifera (Orthoptera) in Katsina North, Northern Nigeria [Insect **pests** of *crops].* 102253
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. II. Effects of nutrition andsoil reduction on the leaf injuries of *crop* **plants** caused by sulphur dioxide fumigation [Barley, rice]. 101994
Crop development and water loss—a case study over a **potato** *crop* [Evapotranspiration]. 100344
Buckwheat: a **potential** *crop* for Uttar Pradesh. 100818
Response of winter wheat to fertilizers in relation to its varietal pecularities and **preceding** *crops.* 103909
A model of forgut activity in the blowfly Phormia regina Meigen. III. Analysis of crop-valve function during the *crop-emptying* **process.** 102868
Sound financial management is critical to the *crop* **producer.** 094378
Soviet grain prospects up following poor 1975 *crop* **[Production].** 094543
Crop **production** guide for northern Nevada [Varieties]. 100746
Governmental limitation on *crop* **production** pesticide regulations and you. 102655
Methods and results of an analysis of machine and tractor parks in agricultural cooperatives, state farms and their cooperative department of *crop* **production.** 103450
Perennial grass [Agropyron elongatum] barriers for wind erosion control, snow management and *crop* **production.** 104215
Experiences and tasks for effective use of amelioration facilities for rising and stable yields in 1976 *crop* **production** [Irrigations]. 104281
More intensification of *crop* **production** implies growing demands on amelioration personnel [Irrigation, East Germany]. 104284
Increasing importance of irrigation for the further intensification of *crop* **production** in the German Democratic Republic and its resulting tasks for the mechanization of soil improvement works. 104328
Requirements of environmental and water protection with the use of liquid manure in *crop* **production** [Pollution, East Germany]. 104485
Red peppers—a new **promising** *crop* of greenhouse vegetable growing. 101088
The use of annual wind barriers [corn rows in a soybean field] for **protecting** *row-crops.* 100941
Crop **protection** economics—today and tomorrow [Losses, profit]. 094457
Problems raised by *crop* **protection** of cereals. 101888
Sexual trapping, a new method of *crop* **protection** [Insect pest control]. 102249
Comparative evolution of **pulse** *crops* [Phaseolus, Vigna]. 098602
Crop **quality** and nutrient uptake by dryland wheat crop as influenced by available soil moisture status. 100208
Effect of simazine and atrazine [herbicides] on maize and their residual effects on succeeding **rabi** *crops.* 102117
Effect of mulches on the growth and yield of **rabi** *crops* in the Mahanadi delta. 104198
Fertilizer use in **rainfed** *crops.* Grain yield and nitrogen uptake. 103994
Effects of *crop* **residues** in soil on Phymatotrichum [omnivorum] root rot of cotton. 101495
Estimation of S-methylcysteine sulphoxide (kale anaemia factor) and its distribution among Brassica forage and **root** *crops.* 096017
[Fungus and bacterial] diseases of forage legumes, silage and **root** *crops.* 101359
Winter rye grain quality as related to the system of fertilizers in a *crop* **rotation.** 100235
Tune-up with *crop* **rotation** [Peanuts, Florida]. 100934
Bibliography on *crop* **rotation.** 100965
Eyespot [Cercosporella herpotrichoides] in winter wheat: effects of *crop* **rotation** and tillage, and the prediction of incidence. 101362
Effect of urea phosphate and liquid ammonium polyphosphate on the yield of barley and rye in a *crop* **rotation.** 104073
Crop **rotations** on light soils in Byelorussia. 100784
Sclerotia populations of Sclerotinia sclerotiorum in different *crop* **rotations** [Beans, beets, maize]. 101324
Systematic application of fertilizers in *crop* **rotations.** 103910
Methodology of the development of balance systems of fertilizer application in *crop* **rotations** on soddy-podzolic soils. 103961
Chemical repellents can **save** *crops* [Birds and mammals control]. 102060
Study on the suitability of soybean varieties for growing under irrigation as a **second** *crop.* 100806
Use of tracer techniques to study yield components in **seed** *crops* [for breeding, wheat]. 099315
Preharvesting desiccation of sugarbeet **seed** *crops.* 100884
Chemical drying of alfalfa **seed** *crops* [Desiccants, harvesting aid]. 100997
Effectiveness of some insecticides in controlling the yellow seed weevil [Tychius flavus] on alfalfa **seed** *crops.* 102291
Pollination [contracts]—a team effort [Alfalfa **seed** *crop* growers, beekeepers]. 103244
Application of fertilizers in **seed** *crops* of meadow grasses in the Ukrainian Poles'ye. 104053
Production potential and economics of different *crop* **sequences** at Rudrur [Multiple cropping]. 100860
Yield [of perennial **silage** *crops]* depends on the number of cuttings in te previous year. 100902
Simulation of **soil** *water-crop* yield systems: the potential for economic analysis [to evaluate alternative irrigation strategies]. 094330
Cultivation of different, **special** *crops* [Rape, yellow mustard]. 100907
Diseases of **specialty** *crops* in Saskatchewan. II. Notes on field pea in 1973-74 and on lentil in 1973. 101382
Comparisons of somatic crossing over frequency in Nicotianatabacum [tobacco] and three other *crop* **species** [Soybeans, cotton, tomatoes]. 099137
Crop **spraying** schedules against rapeseeds and mustard pests [Lipaphis erysimi]. 102371
Midsummer **standing** *crops* of wetland sedge meadows along a transect from forest to prairie. 098813
Controlling the *crop* **structure** in programming yields of cereals. 094237
Effect of Indigofera hirsuta on Belonolaimus longicaudatus, Meloidogyne incognita, and Meloidogyne javanica and **subsequent** *crop* yields [Biological control of nematodes, cover crops]. 102014
The marketed surplus of a **subsistence** *crop:* paddy rice in Taiwan. 094474
Specialization—a major factor of increasing [farm] production efficiency **[Subtropical** *crops].* 094336
Application of dry farming techniques for **successful** *crop* production in India. 100775
Balance of nutrients in a **sugarbeet** *crop* rotation on a deep Chernozem in the northern part of the Ukrainian steppe [Wheat, maize, peas]. 100122
Press wheels help establish **summer** *crops* [Sorghum]. 103404
The behavior of heavy metals in *soil-crop* **system.** IV. The distribution and its change of mercury in bed sediments of river [Water contamination]. 104626
The behavior of heavy metals in *soil-crop* **system.** V. Contaminated bodies of mercury in bed sediments of river [Water polllution]. 104627
Measurement of *crop* **temperature** by leaf thermocouple, infrared thermometry and remotely sensed thermal imagery [Alfalfa, maize]. 100066
Price support level and production costs for the 1976 flue-cured **tobacco** *crop.* 094450
Biology and control of Sclerotinia sclerotiorum in cauliflower and **tomato** *crops* in coastal New South Wales. 101548
Toxicity of insecticides for the caterpillars of the beet webworm [Loxostege sticticalis, pest of various *crops,* **trees** and shrubs]. 102250
Coleus [parviflorus] for homestead gardens **[Tuber** *crop].* 101178
Erysiphaceae affecting **umbelliferous** *crops,* with special reference to carrot, in Israel. 101530
Prediction of potential evapotranspiration [**values** for various *crops].* 099874
Prospects of growing greens and perennial **vegetable** *crops* in the Murmansk Region. 101086
Virus diseases of **vegetable** *crops* in Apulia. XVII. A yellow mosaic of lettuce induced by chicory yellow mottle virus. 101778
Measures for controlling pests and diseases of **vegetable** *crops* in greenhouses. 101862
Cyanox against the pests of **vegetable** *crops* in the Krasnodar Territory [O-p-cyanophenyl O,O-dimethyl phosphorothiate]. 102440
Dependence of the yield and quality of early cabbage in **vegetable** *crop* rotation from the forms of nitrogenous and potassium fertilizers. 104060
North Africa anticipating near-record **wheat** *crops* [Trade]. 094539
Crop quality and nutrient uptake by dryland **wheat** *crop* as influenced by available soil moisture status. 100208
Loss in yield due to brown rust (Puccinia recondita Rob. Ex. Desm) on late sown **wheat** *crop.* 101478
Soil moisture extraction by **wheat** *crop* as influenced by moisture regime and soil reaction. 103765
Peculiarities of the overwintering of **winter** *crops* in 1971-1972 in the steppe regions of Ukraine [Wheat]. 100129
Promising practices of applying chlorcholine chloride in **winter** *crops* [Wheat, rye]. 100230
Effect of preceding **winter** *crops,* level of nitrogen fertilizer, distance between hills and method of harvesting on the yield of maize plants. 100713
Winter *crops* [wheat, barley, sunflower and mustard] in saturated soils of Sunderbans. 100827
Unitizing tractors in combined soil tillage preceding the sowing of **winter** *crops.* 103640
Carnation [Dianthus caryophyllus] in Westland, Aalsmeer, and Roelofarendsveen; *crop* **year** 1974 [Prices]. 094585
Effects of planting density and research with 1 and 2 **year** *crops* of Narcissus. 101265
Major principles of optimal *[crop]* **yield** programming [considering the effect of environmental factors]. 094239
Principles of *[crop]* **yield** programming. 094242
Determination of the *[crop]* **yield** level on the basis of average water provision rate for many years. 104304
Reclamation problems in *[crop]* **yield** programming [Water supply regulation]. 104312
The problem of forecasting and programming *[crop]* **yields.** 094247
Environmental effects and fluctuation in *crop* **yields.** 098786
Use of isotopes to explore the physiology and biochemistry of photorespiration and its effects on *crop* **yields** [Wheat, maize]. 100207
Crop **yields:** random, cyclical, or bunchy? [Cereals, statistics]. 100712
Modeling corn production—estimating production under variable soil and climatic conditions [prediction of *crop* **yields].** 100940
A method for detection of direct effect of pesticide treatments on *[crop]* **yields** in field experiments. 102660
Soil chemical properties and *crop* **yields** as affected by continuous fertilizing. 103879
Effect of farmyard manure, straw, slurry and nitrogen, phosphorus, potassium on *crop* **yields** and nutrient uptake in headed cabbage, rooted cellery, scorzonera and carrots. 103895
Investigations on the effect of mulching with black polythene sheeting on tulip and gladiolus development and *crop* **yields.** 103897

CROSS

Electro-kinetic studies of cotton. II. Measurement of surface potential at the interface between cellulose and solution of *cross-linking* **agents.** 095829
Blood groups, typing and *cross-matching* of **animal** blood. 096274
A completely **balanced** *polycross* design [Plant clones]. 099165
Evaluation of combining ability on the **basis** of *polycross-test.* 099083
Productivity of *first-cross* **Brahman** beef cows [Performance]. 096979
Cross **breeding** for beef production using large dairy breed bulls. 096865
Comparative study of the results of *crossing* **Bulgarian** Brown cows with Dutch Black Pied bulls. 097083

Meat productivity of young bulls in **combination** *crossing* of the Slovakian Pied and Black Pied breeds (F11). 097003
Study of A100 allotypic specificity of rabbit immunoglobulins. The *cross-reactivity* between A100, a1 and a3. 097330
Studies on the oligomeric structure of yeast [Saccharomycescerevisiae] phosphofructokinase by means of *cross-linking* **diimidoesters.** 099525
Cross-breeding **experiment** with Danish Red and West Flemish Red cattle. 096874
Results of a *crossing* **experiment** with Belgian Landrace, Pietrain and Large White. I. Breeding results. 097032
Effectiveness of *cross* **inoculation** of clover with various strains of nodular bacteria. 100238
Varroa **javobsonii** *crossed* the Carparthian Mountains [Apis mellifera pests, Hungary]. 103252
Inheritance of winter wheat characters in **monogamic** *crossings.* 099254
Natural *cross-pollination* in tomatoes. 099059
Natural *cross-pollination* of cotton. 100106
Utilization of *backcrosses* for **obtaining** initial material in breeding fiber flax. 099118
Inheritance of resin acids in an interspecific white **pine** *cross* [Pinus strobus X Pinus griffithii]. 099377
Development of tetraploid forms of sugarbeets from *crossing* **plants** with different ploidy. 099287
Technological and biochemical features of interspecific hybrids of wheat from **reciprocal** *crossings.* 099430
Inheritance of cytoplasmic male sterility in closely **related** *crossings* of winter rye. 099391
Barley breeding for resistance to loose smut [Ustilago nuda] by using **saturating** *crossings.* 099266
Belmont red [cattle] a promising breed for the tropics [Africander bulls, Hereford, **Shorthorn** *crossings].* 097021
Comparisons of **somatic** *crossing* over frequency in Nicotianatabacum [tobacco] and three other crop species [Soybeans, cotton, tomatoes]. 099137
Crossing in **stem** nematodes and caryotypes of their different races. 101911
Early determination of genotypes for apple scab resistance by forced flowering of **test** *cross* progenies. 099178
East Coast fever. 2. *Cross-immunity* **trials** with a Kenya strain of Theileria lawrencei [Cattle]. 097653
Early seed development after *crossing* of **Trifolium** semipilosum and Trifolium repens. 099353
Seed productivity of the progeny of **triploid-diploid** *crossings* of winter rye. 099296
Cytogenetics of a *cross* between **two** species of annual Chrysanthemum [coronarium, Chrysanthemum carinatum]. 099156
Inheritance of the duration of the vegetation period and the elements of barley yield structure in *crossing* **varieties** of different ecological and geographic origin. 099252
Cross-link **wet-stiffening** of paper: the mechanism [tested on paperboard from unbleached southern pine]. 098417
Inheritance of Pelshenke value in C 273 X S 308 **wheat** *cross.* 099351
The estimation of *cross* **yield** using early generation and parental yields in dry beans (Phaseolus vulgaris L.). 099211

CROSSANDRA

Effect of SADH [succinic acid-2,2-dimethylhydrazide] and ethephon on *Crossandra* **infundibuliformis** 'Mona Wallhed' [Growth regulators]. 100588

CROSSBREEDS

Study on meat production of Japanese Black and its *crossbred* F1 **cattle** [Hereford X B (HB), Charolais X B(CB) and Angus X B(AB), feed efficiency]. 096659
Productive value of Carniolan and Caucasian honeybee [Apis **mellifera**] *crossbreeds.* 103273
The influence of cow size, *crossbreeding,* **slaughter** weight, feeding system and environment on the energetic and economic efficiency of edible beef production. 095717
Cattle breed comparison and *crossbreeding* **trials** in Europe; a survey prepared by a working party of the European Association for Animal Production. 096991

CROSSLINKING

The lability of **aldimine** *crosslinks* on dissolution of chicken bone collagen by protein denaturants. 096390
Synthesis of elastin. A rapid formation of **lysine-derived** *crosslinks* by chick embryo aorta. 096421
Reducible *crosslinks* of type I and type II collagens of chicken cartilage. 096357

CROTALARIA

A new host record of Pringsheimia sp. On **sannhemp** *(Crotalaria* juncea L.). 101397

CROWNS

Histophotometric DNA measurements in sunflower seedlings, *crown* **gall** tumours [caused by Agrobacterium tumefaciens], and habituated callus tissues. 100219
Crown **gall** [Agrobacterium tumefaciens] controlled in the field with a nonpathogenic bacterium [Agrobacterium radiobacter, stone fruit, biological control]. 101704
Attempts to detect Agrobacterium tumefaciens DNA in *crown* **gall** tumor tissue [Sunflowers]. 101706
Proceedings of the 1974 APDW [Apple and Pear Disease Workers] workshop on *crown* **rot** [Phytophthora cactorum] of apple trees [Held at Summerland, British Columbia, 16-17 August 1974]. 101384
Effect of nitrogen and phosphorus on percentage of *crown* **tissue** and quality of sugarbeets. 100245
Metabolism of indole-3-acetic acid. II. Oxindole pathway in Parthenocissus **tricuspidata** *crown-gall* tissue cultures. 101708

CROWNVETCH

Seedling growth of *crownvetch* **[Coronilla** varia], Ladino clover, and alfalfa under shade. 100072
Lime helps **establish** *crownvetch* [Coronilla varia] on coal-breaker refuse. 104159

CRUCIFERAE

Volatile flavour **compounds** of the *Cruciferae.* 095453
The seed protein **contents** of some *Cruciferae.* 095804
Trends in the breeding and cultivation of *cruciferous* **crops** [Brassica, Raphanus, Sinapis]. 099306
Properties and function of plant myrosinases *[Cruciferae,* **enzymes].** 099792
The biology and chemistry of the *Cruciferae*—**general** conclusions. 099793
Glucosinolates in the *Cruciferae.* 099791
Lipids in the *Cruciferae.* 095803
Studies on the clubroot of *cruciferous* **plants.** I. Susceptibility and resistance to clubroot [caused by Plasmodiophora brassicae] of the cruciferous vegetable species and. 101596
The occurrence of Acarina on *Cruciferae* in **Poland** in the years 1970-1971. 103194
Seed **studies** in the *Cruciferae.* 098461
Trichomes in **studies** of the *Cruciferae.* 098996
Studies on the clubroot of cruciferous plants. I. Susceptibility and resistance to clubroot [caused by Plasmodiophora brassicae] of the *cruciferous* **vegetable** species and. 101596
A systematic and geographical survey of the Old **World** *Cruciferae.* 098622

CRUSHING

A comparative regional analysis of the wholesale marketing margin for *crushed* **cottonseed.** 094609

CRUSTACEA

Fungi of *crustaceous* **lichens** in pure culture; their morphogenesis. 099602

CRYOGENIC

Analysis of trace pollutants in the air by means of *cryogenic* **gas** chromatography. 104532

CRYOSURGERY

Cryosurgical **treatment** of cancerous and noncancerous diseases of dogs, horses, and cats. 097734

CRYPTOMERIA

Growth of Japanese **cedar** *(Cryptomeria* japonica Don.) in windbreaking shelterbelts in the Colchis Lowland. 098055

CRYSTALLINE

Crystalline **components** of Clerodendron serratum. 099684
Reiteration frequency of *delta-crystallin* **DNA** in lens and non-lens tissues of chick embryos. Delta-crystallin gene is not amplified during lens cell differentiation. 096427
Subunit composition of *delta-crystallin* from **embryonic** chick lens. Analysis of methionine-containing tryptic peptides and cyanogen bromide peptides. 096429
Reiteration frequency of delta-crystallin DNA in lens and non-lens tissues of chick embryos. *Delta-crystallin* **gene** is not amplified during lens cell differentiation. 096427
Obtainment of *crystalline* **rennin** from powdered enzyme preparation. 095671
Micromorphological study of soils developed on *crystalline* **rocks** in the Sierra de Gata area. 103679

CRYSTALLIZATION

Determination of solid and liquid components of palm oil as function of the *crystallization* **condition** by measurement of nuclear magnetic resonance. 095436
Kinetic study of *crystallisation* of **fats.** II. Cooling curves, solidification curves and combined curves. 095522
Kinetic study of *crystallization* of **plastic** fats. I. Layout of solidification curves by large band nuclear magnetic resonance. 095521
Weevil [Pissodes strobi]—induced **resin** *crystallization* related to resin acids in eastern white pine [Pinus strobus]. 102506
Influence of the solvents used for the *crystallization* of **steroid** on the process of hydroxylation of the 21-acetate of Reichstein's substance S by a culture of the fungus Tieghemella orchidis. 099505
Some aspects of theory and practice of **sugar** *crystallization.* 095852

CRYSTALS

Split separation of *crystals* with **low-grade** massecuites. Trial in the 1975 campaign. 095853
Crystal and **molecular** structure of compactin, a new antifungal metabolite from Penicillium brevicompactum. 099824
Crystal and **molecular** structure of organophosphorus insecticides. 3. Azinphos-methyl. 102703
Molecular and *crystal* **structure** of eupolauramine, a novel type of alkaloid from Eupomatia laurina. 099826
Herbicides. I. *Crystal* **structure** of 2,4-D (2,4-dichlorophenoxyacetic acid). 102126
Acaricides. I. *Crystal* **structure** of Pentac [synclinal 1,1',2,2',3,3',-4,4',5,5'-decachloro-1,1'-bis(cyclopenta-2,4-dienyl). 102718
Correlation between the exoprotease activity, sporulation, *crystal-formation,* and **virulence** of local Bacillus thuringiensis strains [Bacterial insecticides, biological control]. 102237
Structure and stereochemistry of microlenin, a novel antitumour dimeric sesquiterpene lactone from Helenium microcephalum; **X-ray** *crystal* structure. 099661
X-ray *crystal* and molecular structure of acetylcolletotrichin (colletotrichin), a metabolite of Colletotrichum capsici [Fungi]. 099664
X-ray *crystal* structure of cytochalasin H, a potent new [11]cytochalasan toxin [Phomopsis, Fungi]. 099665
X-ray *crystal* structures of two pyrethroid insecticides: cis-3-phenoxybenzyl 3-(2,2-dibromovinyl)-2,2-dimethylcyclopropanecarboxylate and the 3-(2,2-dichlorovinyl) analogue. 102717

CTENUCHIDAE

A review of the genus Horama Hubner and reestablishment of the genus Poliopastea Hampson **(Lepidoptera:** *Ctenuchidae).* 103198

CUCUMBERS

Breeding pickling cucumbers for resistance to *cucumber* **beetles** [Coleoptera]. 099241
Comparative study of beta-glucosidase from cotyledons and fruits of *cucumbers,* **Cucumis** sativus. 100526
Peculiarities of reproducing partially **dioecious** *cucumber* varieties. 099097
Development of angular spot on *cucumbers* under **field** conditions [Pseudomonas lachrymans]. 101696
Breeding of *cucumbers* for the **fitness** to mechanized harvesting. 099080
Deacidification of peaty substrate and the productivity of *cucumbers* in **greenhouses.** 101199
Nutrition diagnosis of *cucumbers* **grown** on an artificial substrate. 100502
New methods of seed production of **heterotic** *cucumber* hybrids. 101270
Biphasic response of *cucumber* **hypocotyl** sections to auxin. 100539
Research on the *cucumber* **mosaic** (Cucumis virus 1 (Doolittle) Smith). 101733
Mixed infections by lettuce and *cucumber* **mosaic** viruses in Lactuca spp. in Sicily. 101771
Proof of interactions between infections with lettuce mosaic virus and *cucumber* **mosaic** virus in fields of lettuce plants. 101780
Reaction of Phaseolus an Macroptilium species to a strain of *cucumber* **mosaic** virus. 101789
A strain of *cucumber* **mosaic** virus (CMV) isolated from watermelon and melon cultivated in Campania (Italy). 101796
Hypersensitive reaction of cowpea leaves to *cucumber* **mosaic** virus. 101806
Turnip mosaic and *cucumber* **mosaic** viruses in cultivated static in southern Germany. 101821
Simultaneous transmission of broadbean wilt and *cucumber* **mosaic** viruses by single Myzus persicae (Sulz.). 101825
Heterotic hybrids of *cucumbers* **obtained** from complex maternal forms. 099086
Breeding parthenocarpic **pickling** *cucumbers* (Cucumis sativusL.): necessity, genetical possibilities, environmental influences and selection criteria. 099171
Breeding **pickling** *cucumbers* for resistance to cucumber beetles [Coleoptera]. 099241
The dynamics of [the nematicide] Fensulfothion residues in *cucumbers* for **pickling** and in cutting lettuce. 102657
About the methods of evaluating collection material of *cucumbers* and **redpeppers** for heat resistance. 099076
Effects of the Bi locus in *cucumber* on **reproduction,** attraction, and response of the plant to infection by the southernroot-knot nematode [Meloidogyne incognita]. 101921
Review of *cucumber* **research,** 1968-1974. 101126
The effects of inhibition of cotyledon photosynthesis on seedling development in Cucumis **sativus** L. *[Cucumbers].* 100357
Effect of mineral fertilizer application on *cucumber* **seed** yield and seed qualities. 103949
Etiology and control of fruit rot [Rhizoctonia solani, Pythium aphanidermatum] of *cucumber* in **single** harvesting for pickles. 101554
Selection of **small-fruited** *cucumbers* resistant to powdery mildew (Sphaerotheca fuliginea Poll.). 101428
Cucumber and **tomato** varieties for protected cultivation north of the Arctic Circle. 101077
Features of flowering and fruiting in *cucumbers* and **tomatoes** grown in plastic covered greenhouses in the south-east of the Russian Soviet Federative Socialist Republic. 100385
Physiological and biochemical peculiarities of *cucumbers* and **tomatoes** grown in plastic film-covered greenhouses [Varieties]. 100603
Promising varieties and hybrids of *cucumbers* and **tomatoes** for growing in winter-type and plastic covered greenhouses. 101085
Nutrition diagnosis of *cucumber* **vines** grown on gravel in greenhouses. 100503
Effects of trade policies on competition between Florida and Mexico in the U.s. **winter** *cucumber* market. 094612

CUCUMIS
Breeding parthenocarpic pickling **cucumbers** *(Cucumis* sativusL.): necessity, genetical possibilities, environmental influences and selection criteria. 099171
Chromosome studies in the **genus** *Cucumis.* 099173
Mycoflora associated with **melon** *(Cucumis* melo L.) seeds. 101409
Research on the cucumber **mosaic** *(Cucumis* virus 1 (Doolittle) Smith). 101733
The effects of inhibition of cotyledon photosynthesis on seedling development in *Cucumis* **sativus** L. [Cucumbers]. 100357
Comparative study of beta-glucosidase from cotyledons and fruits of cucumbers, *Cucumis* **sativus.** 100526

CUCURBITA
Effect of inbreeding on variability of cucurbits (Cucurbitamaxima Duch. and *Cucurbita* **pepo** L.) [Winter squash, pumpkins]. 099228

CUCURBITACEAE
Effect of inbreeding on variability of *cucurbits* **(Cucurbitamaxima** Duch. and Cucurbita pepo L.) [Winter squash, pumpkins]. 099228
Natural polyploids in *Cucurbitaceae.* I. **Cytogenetical** studies in triploid Momordica dioica Roxb. 099143
Damping-off in *cucurbitaceous* **plants** in Egypt. IV. Studies on Rhizoctonia-damping-off of vegetable marrow. 101529
Visitation of honeybee [Apis mellifera] to some species of *Cucurbitaceae* **[Pollination].** 103219

CULEX
Mosquito abatement for pest control specialists [Anophels, **Aedes,** *Culex].* 102608
Studies on quantitative aspects of the transmission of Wucheria bancrofti [Anopheles gambiae, *Culex* **fatigans].** 102617
Density effect on survival of immature stages of *Culex* **pipiens** fatigans in breeding sites in Delhi villages. 102576
Schellackia landauae sp. Nov. (Eimeriorina: Lankesterellidae) in the Brazilian lizard Polychrus marmoratus (Iguanidae): experimental transmission by *Culex* **pipiens** fatigans. 102602
Encephalitis—today's health plague [St. Louis Encephalitis, *Culex* **pipiens,** Culex restuans]. 102607
Effects of some insect development inhibitors on mosquito larvae *[Culex* **pipiens** fatigans, Anopheles gambiae, Aedes aegypti, Anopheles quadrimaculatus]. 102609
A seasonal winter biotope of *Culex* **pipiens** autogenicus. 102836
Structure of the pedicel and connective peduncles of the ovariole in culicid mosquitos. Additional new traits for determination of physiological age *[Culex* **pipiens,** Aedes aegypti, Anopheles maculipennis atroparvus]. 103052
Neutral red: a specific vital dye for the insect corpus luteum [Anopheles maculipennis, *Culex* **pipiens,** Aedes aegypti]. 103054
Regulation of aquatic diptera *[Culex]* by **Planaria** [Dugesia dorotecephala, biological control]. 102566
Encephalitis—today's health plague [St. Louis Encephalitis, Culex pipiens, *Culex* **restuans].** 102607
A note on *Culex* **tritaeniorhynchus** Giles, 1901, in villages near Delhi. 102574
Amylase isozymes in the mosquito, *Culex* **tritaeniorhynchus.** 102859

CULICIDAE
A report on the mosquitoes [Culicidae] collected during an epidemic of encephalitis in Burdwan and Bankura districts, West **Bengal** *[Culicidae].* 102575
A review of the mermithid parasites (Nematoda: Mermithidae) described from North American mosquitoes (Diptera: *Culicidae)* with **descriptions** of three new species. 102869
Studies of Aedes triseriatus oviposition attractants produced by larvae of Aedes triseriatus and Aedes atropalpus **(Diptera:** *Culicidae).* 102589
Structure of the pedicel and connective peduncles of the ovariole in *culicid* **mosquitos.** Additional new traits for determination of physiological age [Culex pipiens, Aedes aegypti, Anopheles maculipennis atroparvus]. 103052
Behaviour and ecology of Coquillettidia (Coquillettidia) richiardii (Ficalbi), 1889 (Diptera, *Culicidae)* in **southern** France. II. Environment and behaviour. 102813

CULINARY *see* COOKERY

CULISETA
Comparative biology of the Wyoming and Louisiana populations of Reesimermis nielseni, parasitic nematode of mosquitoes [C-lex pipiens quinquefasciatus, *Culiseta* **inornata].** 103039

CULTIVARS
Mutation breeding of autotetraploid **Achimenes** *cultivars.* 099201
Comparative study of the mineral composition (calcium, phosphorus, potassium and magnesium) of different **alfalfa** *cultivars.* 100298
Susceptibility of **alfalfa** *cultivars* to triazine herbicides. 102076
Growth regulators for fruit trees. IV. The effect of SADH [succinic acid-2,2-dimethylhydrazide] on the **apple** *cultivar* 'Cortland'. 100590
Alternate-year pruning trials with 3 **apple** *cultivars.* 101263
Effects of nitrogen fertilizer on malting quality of widely varying **barley** *cultivars.* 095785
The genetics of seedling resistance to leaf rust, Puccinia hordei Otth. in some spring **barley** *cultivars.* 099213
Performance of some local and introduced wheat and malting **barley** *cultivars* under irrigated conditions in Egypt. 100715
Reaction of **barley** *cultivars* to "yellow rust" (Puccinia striiformis West.). 101536
Anatomical characteristics of the epidermis in some *cultivars* of **Brassica** oleracea L. Distribution and structure of stomata in the cotyledons [Brussels sprouts, kohlrabi, kale]. 098889
Wild and cultivated cottons [Gossypium] from USA and Central America [Species, varieties and *cultivars* and their **breeding** value]. 099457
Productive low oestrogen sub clover pastures in the southern wheatbelt [on sheep fertility, subterranean **clover** *cultivars].* 100695
Studies on the biology of pollen formed by sour cherry flowers flowering in different stages of the blooming period **[Comparison** of 5 *cultivars].* 100338
Clarifying the nomenclature of the red-stemmed dogwood **[Cornus,** *cultivars].* 101041
In vitro production of haploid plants from anthers of nicotiana tabacum [tobacco] *cultivar* **Goiano-IAC-70.** 099120
Short notes on the performance of some **grape** *cultivars* tested in Mardi, Serdang. 101211
Effect of nitrogen fertilization and harvesting season on the fiber and cellulose production of a *cultivar* and **hybrids** of hemp. I. 100750
Changes in free amino acids, carbohydrates, and proteins of maturing seeds from various peanut (Arachis **hypogaea** L.) *cultivars.* 095783
Effect of nitrogen fertilization on the productivity of sorghum-Sudan grass [Sorhum vulgare sudanense] *cultivars* and **millet** in Rio Grande do Sul, Brazil. 104156
Chrysanthemum in directed culture. Influence of long days preceding short days on flowering of Chrysanthemum **morifolium** *cultivar* Neptune, Bravo and Orange Bowl. 100520
New *cultivars* and hybrids released by the All-Union Scientific-Research Institute of Maize. 100733
Classification of Canadian **oat** *cultivars* by quantifying thesize-shape of their 'seed': a step towards automatic identification. 100749
Effect of growth substances on fruit-set in a partly self-incompatible **olive** *cultivar* [Variety]. 100472
Evaluation of *cultivars* of **Panicum** on the Lilongwe plain, Malawi. 101005
Sensitivity of **pea** *cultivars* to ozone [Air pollution injuries]. 102021
Investigation on **peach** *cultivar* susceptibility to mildew Sphaerotheca pannosa (Wallr) Lev. 101600
Scab [Fusicladium effusum] susceptibility of some newer **pecan** *cultivars.* 101513
Effect of ammonium to nitrate ratio on growth and anthocyanin development of perennial ryegrass [Lolium **perenne]** *cultivars.* 100063
Growth and callus formation of tissue cultures derived from various carrot organs studied on the *cultivar* **Perfekcja.** 100337
Partial resistance of barley to leaf rust, Puccinia hordei. III. The inheritance of the host plant effect on latent **period** in four *cultivars.* 099202
Register of Australian herbage **plant** *cultivars* [Varieties]. B. Legumes. 12. Stylo, Stylosanthes hamata (L) Taub (Caribbean stylo) cv. Verano. 100878
Pulpudeva—a new **plum** *cultivar.* 101150
Differential susceptibility of **potato** *cultivars* to four herbicides [Injury]. 101838
Phenetic similarity among dwarf [gene] **rice** *cultivars,* grown in two environments, as estimated by numerical taxonomic methods. 099067
Susceptibility of some **rice** *cultivars* to Pyricularia oryzaeCav. [Blast disease] in four localities of the State of Sao Paulo. 101632
Screening of **rice** *cultivars* for tolerance to Al [aluminum]toxicity in nutrient solutions as compared with a field screening method. 101837
Relative susceptibility of **selected** *cultivars* of potato to Pratylenchus penetrans [Root-lesion nematode]. 101936
Effect of various levels of fertilizers on the photosynthetic activity, yield and quality of the grain of tall- and **short-stem** *cultivars* of spring wheat under irrigation. 100193
Response of **soybean** *cultivars* to inorganic and bacterial fertilizers. 100133
Root phenolic contents of resistant and suceptible **soybean** *cultivars* infeced with Rotylenchulus reniformis [Nematodes]. 101841
Differential foliar sensitivity of **soybean** *cultivars* to ozone associated with differential enzyme activities [Pollutioninjuries]. 102005
Strawberry *cultivar* testing in Canada's Maritime Provinces. 101136
Determination of levels and timing of defoliation of cotton **Tashkent-1** *cultivar* for the conditions of the Andizhan Region. 101000
A study of the genus **Taxus** *[Cultivars].* 101247
Effect of removing the growing point on yield, early ripening and quality of the **tomato** *cultivar* Triumph. 101141
Evaluation of combining ability of **watermelon** *cultivars.* 099442
Peculiarities of the uptake of nutrients by Bezostaia 1 andKavkaz winter **wheat** *cultivars* under conditions of irrigation. 100197

CULTIVATORS
Response of high yielding Rabi rice to fertilisers in *cultivators'* **fields** of Orissa. 104009
Memory aide for using **rotary** *cultivators* in the intertropical zone. 103489
The radial clearance between the case and blade of the soil **rotary** *cultivator-thrower.* 103554
Deep plowing with the B 371 *cultivator* and the K 700 **Soviet** all-tire tractor for pulling. 103447

CUMULUS *see* CLOUDS

CUNICULUS
Accessory spleens in domestic rabbits **(Oryctolagus** *cuniculus).* I. Frequency, description, and genetic factors. 096566
Accessory spleens in domestic rabbits **(Oryctolagus** *cuniculus).* II. Increased frequency in hematological diseases and experimental induction with phenylhydrazine. 096567
Coccidia (Eimeriidae) parasitic of [the domestic rabbit] **Oryctolagus** *cuniculus* domestica (L.); biomorphology and differentiation of Eimeria matsubayashii, Tsunoda 1952, in Sp. 097616

CUNNINGHAMELLA
Composition of free intracelular amino acids in *Cunninghamella* **elegans** [Fungi] during its growth on media with hydrocarbons. 099859

CUPRESSACEAE
Resinous canker disease of *Cupressaceae* **caused** by Monochaetia unicornis (Cke. & Ell.) Sacc. II. Physiologic characters of the causal fungus. 101361

CUPRESSUS
Control trials against Coryneum cardinale Wag. Causal agent of cypress canker *[Cupressus* **sempervirens].** 101481

CUPRIC
Degradation of [steer hide] collagen by the perborate/Cu+2 *[cupric* **ion]** system. 095693

CURCULIO
A method of determining the presence of pecan weevils *[Curculio* **caryae]** with burlap bands. 102446
Control of pecan weevil *[Curculio* **caryae],** shuckworm [Laspeyresia caryana] and aphid in South Carolina. 102447
Foliar insecticides for control of pecan weevil *[Curculio* **caryae]** and hickory shuckworm [Laspeyresia caryana]. 102448
Pecan insect control test in 1975 with emphasis on yellow aphids [Monellia], spittlebugs [Clastoptera achatina] and weevils *[Curculio* **caryae].** 102450

CURCULIONIDAE
Effects of two cotton varieties on levels of boll weevil parasitism (Coleoptera: *Curculionidae)* **[Biological** control]. 102301
Genetic polymorphism and evolution in parthenogenetic animals. VI. Diploid and triploid Polydrosus mollis **(Coeloptera:** *Curculionidae).* 102951
Lethal influence of dried air on Sitophilus granarius L. **(Coleoptera,** *Curculionidae).* 102543
Weevils *(Curculionidae,* Coleoptera) of the Pieprzowe Mountains near Sandomierz. 103142

CURDLING
Influence of components of the medium on the *milk-curdling* **activity** of certain actinomycetes [Proteolytic enzymes]. 095552

CURING
Utilization of ascorbic **acid** *curing* post-embryonic development of chick skeletal muscle. 096353
Attempts at *curing* a **selected** poultry flock from typhus-pullorosis [Salmonella infections]. 097360
Price support level and production costs for the 1976 *flue-cured* **tobacco** crop. 094450
Effect of topping and nitrogen on *flue-cured* **tobacco.** III. Suckers, plant height and time of flowering. 100699
Growth of *air-cured* **tobacco** and change of chemical property of newly reclaimed field on the tertiary-derived soil. 103713
Effect of different nitrogenous fertilisers on the yield and quality of *flue-cured* **tobacco** (Nicotiana tabacum L.) var. virginia Gold. 104034

CURIUM
Subcellular distribution of *curium* in **Beagle** liver. 096530

CURL
Chlorophyll content of tomato yellow **leaf** *curl* virus-infected tomatoes in relation to virus resistance. 101770
Tomato yellow **leaf** *curl* virus. 101776
Efficiency of certain insecticides in controlling **leaf** *curl* disease in chillies. 102468

CURRANTS
Estimating the income and expenses of 1 hectare of **black** *currant* plantings. 094399
Methodology of sampling the leaves of **black** *currant* for the diagnosis of its fertilizer requirements. 100501
Application of simazine in the plantings of **black** *currants.* 102131
The resistance of **black** *currant* varieties to leaf mite, Anthocoptes ribis (Masse). 102428

CURRICULUM
Nutrition education in the medical school curriculum: a proposal for action: a *curriculum* **design.** 095307
Curriculum **materials** and nutritional learning at the high school level. 095154
Analysis of **nutrition** *curriculum* guides at the K-12 level. 095153
Nutrition education in the medical **school** *curriculum:* a proposal for action: a curriculum design. 095307

CURVULARIA
Evaluation of systemic and non-systemic fungicides in vitro against *Curvularia* **pallescens** [Maize]. 101518
Centipedegrass [Eremochloa ophiuroides] seed treatments andlight-temperature effects on germination *[Curvularia,* **Phoma,** Alternaria, Fusarium]. 101549

CUTANEOUS
The *percutaneous* **absorption** and disposition of the antibacterial agent bronopol in rats and rabbits. 097812
Common *cutaneous* problems in agricultural workers. 093998
Anatomic and topographic patterns of development of the *cutaneous* **covering** of sheep during intrauterine life. 096573
Evolutionary and morphological indices of the *cutaneous* **covering** of sheep and their use in selection. 097061
Studies on *cutaneous* **leishmanias** in Khuzestan, Iran. II. The status of sandflies [Phlebotomus]. 102557
Response pattern of *cutaneous* **postganglionic** neurones to the hindlimb on spinal cord heating and cooling in the cat. 096501

CUTEREBRA
Cuterebra **encephalitis** in a dog. 097312
Natural and acquired resistance in rodent hosts to myiasis by *Cuterebra* **fontinella** (Diptera: Cuterebridae). 102585

CUTEREBRIDAE
Natural and acquired resistance in rodent hosts to myiasis by Cuterebra fontinella **(Diptera:** *Cuterebridae).* 102585

CUTICULAR
The cell coat of Crithidia fasciculata [attached to the *cuticular* **lining** of the hindgut of Anopheles gambiae]. 102603
Role of oesophageal connectives in *cuticular* **melanization** in larvae of the armyworm, Leucania separata Walker (Lepidoptera: Noctuidae). 102827
Reproductive behaviour and physiology of Tenebrio molitor (Coleoptera: Tenebrionidae). III. Histogenetic changes in the internal genitalia, mesenteron, and *cuticle* during **sexual** maturation. 102874

CUTINS
Cutin **acids** from bryophytes: an omega-1 hydroxy alkanoic acid in two liverwort species [Conocephalum conicum, Astarella lindenbergiana, Sphagnum moss]. 099904

CUTTINGS
Studies on the keeping quality of cut flowers. II. On the floral preservative 'Kagawa Solution' and its practical use for *cut* **carnations.** 095948
Influence of *cutting* **cycle** and spacing on coppice sycamore [Platanus occidentalis] yield. 098167
Causes of **defective** *cutting* by frame saws. 098209
Are soybean **diseases** *cutting* profits? 102033
Selection of Hybrid Tea-rose seedlings for *cut* **flower** yield. 101116
Studies on the keeping quality of *cut* **flowers.** II. On the floral preservative 'Kagawa Solution' and its practical use for cut carnations. 095948
Investigation on the effect of macronutrients and times of fertilization on the yield of *cut* **flowers** of China aster (Callistephus chinensis (L.) Nees). 103896
Feeding value of silage: silages made from **freshly** *cut* grass, wilted grass and formic acid treated wilted grass [Sheep]. 096718
Studies on storage methods of agricultural products. IV. Effects of precooling and cold storage methods on the quality of *cut* **gladioli.** 095932
A promising method for *cutting* **hay.** 096053
Some problems of evaluation for breeding purposes of [forest] stands following their **improvement** *cutting.* 098077
Response of berseem [clover] to liming and different **intervals** of *cutting.* 100861
The dynamics of [the nematicide] Fensulfothion residues in cucumbers for pickling and in *cutting* **lettuce.** 102657
Chinese Actinidia. Limits of its cultivation in France, *cutting* and **multiplication.** 101070
Investigation on the best method for Chamaecyparis **obtusa** *cutting.* I. 098098
Girdling and applying chemicals promote rapid rooting of sycamore [Platanus **occidentalis**] *cuttings.* 100689
Cut **output,** raise prices, Australia's dairies ask. 094527
Influence of cotyledon excision and sucrose on root formation in **pea** *cuttings.* 100532
The physiology of rooting **Populus** *cuttings.* I. Carbohydrates and photosynthesis. 100669
Condensate injury from black plastic [used to control day length in **producing** *cut* and potted Chrysanthemums]. 101899
The living environment and the extension of the green covering [Trees, shrubs, **propagation** by *cuttings].* 101275
Yield and quality of *cuttings* as **related** to irrigation in combination with fertilizers applied to rootstock bushes of grapevine. 104430
Soil temperatures and growth of **rooted** *cuttings* of radiata pine [Pinus radiata]. 100660
Influence of buds and leaves on the rooting of **rose** *cuttings.* 100511
Factors affecting respiration in *cut* **roses.** 100476
Dark fixation of CO2 [carbon dioxide] by flowers of *cut* **roses.** 100550
The influence of inorganic salts, sucrose and CEPA [2-chloroethylphosphonic acid] on rooting of willow **[Salix]** *cuttings.* 100621
The yield of [forest] stands in relation to **sanitation** *cutting.* 098143
Technical and economic indicators of **selective** *cutting* [of forest stands]. 098049
Preconditioning of Gladiolus **spikes** *cut* prematurely to improve opening and floret quality. 101130
Yield [of perennial silage crops] depends on the number of *cuttings* in **te** previous year. 100902
Some remarks on the variance of total **timber** *cutting* areas estimated by acreage reduction method. 098293
Small and middle sized **wood** *cuttings* firing equipments in western Europe. 098215
About possible methods of non clearcuttings in the taiga zone in connection with revealed prospects of mechanization of [forest] *cutting* **work.** 098411

CUTWORMS
Peculiarities of development of *cutworm* **[Agrotis** segetum] in relation to feeding on plants with different resistance toinjuries. 102239
Attack of *cutworms* **[Scotia** segetum] in 1975: damage, losses, and potential control [Fruit]. 102476
The role of juvenile hormone in larval duration and spermiogenesis in relation to phase variation in the **tobacco** *cutworm,* Spodoptera litura (Lepidoptera: Noctuidae). 102285
A worldwide, annotated bibliography of the **variegated** *cutworm,* Peridroma saucia (Hubner). 102261

CYANIDES
Effects of *cyanide* and **ethylene** on the respiration of cyanide—sensitive and cyanide-resistant plant tissues [Peas, Annona cherimola]. 099944
Cyanide **intoxication:** protection with chlorpromazine [Mice]. 097861
Effects of cyanide and ethylene on the respiration of cyanide—sensitive and *cyanide-resistant* **plant** tissues [Peas, Annona cherimola]. 099944
Plating and *cyanide* **wastes** [Water pollution]. 104575

CYANOGEN
Subunit composition of delta-crystallin from embryonic chick lens. Analysis of methionine-containing tryptic peptides and *cyanogen* **bromide** peptides. 096429
Non-protein amino-acids, *cyanogenic* **glycosides,** and glucosinolates [Constituents of higher plants]. 099562
Cyanogenetic **glycosides** and enzymes: detection and estimation of hydrocyanic acid in several species [of plants], distribution of linamarase. 099608

CYANOGLUCOSIDES
Determination of *cyanoglucosides* of **plant** tissues by the modified picric acid technique. I. Changes in the cynoglucoside content of some Leguminosae and Gramineae species in the early phases of germination. 100061

CYANOPHENYL
Cyanox against the pests of vegetable crops in the Krasnodar Territory *[O-p-cyanophenyl* **O,O-dimethyl** phosphorothiate]. 102440

CYBISTER
Fatty acid oxidation by the leg muscles of *Cybister* **[confusu]** beetle during vigorous exercise. 102900

CYCLAMEN
Dedifferentiation of tannin cells in excised leaf fragments of *Cyclamen* **persicum** Mill. cultured in vitro. 100614

CYCLOHEXIMIDE
The growth physiology of coleoptiles in continuous-record vessels: anomalous kinetics of *cycloheximide* **action** on auxin-controlled growth [Wheat]. 100261
The effect of *cycloheximide* on **hepatic** RNA synthesis and nucleolar size in rats force-fed a threonine-devoid diet. 095151
Effect of *cycloheximide* on the **process** of reorganization of the biosynthesis of Chlorella [Algae] cells induced by nitrogen starvation. 099989
The inhibitory action of *cycloheximide* on **respiration** of coleoptiles is relieved by light [Triticum, Avena]. 100263

CYCLONES
Removal of pigment glands (gossypol) from cottonseed [Development of the **Liquid** *Cyclone* Process for producing a deglanded, edible flour]. 095790

CYCLOPHOSPHAMIDE
Transplantation of bursal stem cells into *cyclophosphamide-treated* **chicks.** Lymphoid repopulation of splenic structures [Immunodeficiency]. 097623
Effects of **early** *cyclophosphamide* treatment on lymphoid organs and its immune response in ducks [Salmonella pullorum]. 097478
Studies into prenatal toxic action of parathion-methyl in Wistar rats and comparison with prenatal toxicity of *cyclophosphamide* and **trypan** blue. 097790

CYCLOTELLA
Examination of diatom type material: nitzschia delicatissimaCleve, Thalassiosira minuscula Krasske, and *Cyclotella* **nana** Hustedt. 098550

CYCOCEL
Effect of delay in first irrigation, methods of N [nitrogen] application and *Cycocel* in **wheat** on mixed Black soils. 100836
Effect of seed soaking in ascorbic acid, succinic acid and *cycocel* on the **yield** of moong [Mung beans]. 101187

CYDNIDAE
Defensive substances from stink bugs of *Cydnidae* **[Adrisa** magna, Macroscytus japonensis, Aethus nigritus]. 102927

CYLINDER
Rheograms for power-law [food] fluids using **coaxial** *cylinder* viscometers and a template method. 095420
Counteraction of phytochrome to the IAA [indole-acetic acid]-induced hydrogen ion excretion in Avena **coleoptile** *cylinders* [Oats]. 100281
Operation process of a **scraping** *cylinder* [Fertilizer discharger]. 103535
Funnel-shaped teats give more milk than *cylindrical* **teats** [Cattle]. 096081

CYMBOPOGON
Ecology of respiratory losses in teak and *Cymbopogon* **grass** with reference to deciduous forest and grassland. 098842

CYNAREAE
Flora of Guatemala: Vernonieae, Astereae, Inuleae, Heliantheae, Anthemideae, *Cynareae,* **Mutisieae,** Cichorieae, Eupatorieae, Helenieae, Senecioneae. XII. 098605

CYNODON
Bermudagrass *[Cynodon* **dactylon]**—a summer forage [Culture]. 100691
A long-term rotational and manurial trial in Uganda *[Cynodon* **plectostachyum,** Cloris gayana, velvetbeans]. 100770

CYPERUS
A new species of *Cyperus* **[dwarkensis]** from India. 098625
The synthesis of angular methyl substituted bicyclic enones via a unique regioselective enamine annulation reaction *[Cyperus* **rotundus,** Vetivera zizanoides, essential oil]. 100013
The effects of different concentrations of EPTC [ethyl-N, N-dipropylthiolcarbamates] on prolonging bud dormancy of purple nutsedge tubers *[Cyperus* **rotundus].** 102079

CYPRESS
Control trials against Coryneum cardinale Wag. Causal agent of *cypress* **canker** [Cupressus sempervirens]. 101481

CYSTEINE
Teratogenicity of patulin and patulin adducts formed with *cysteine* **[Chicken** embryos]. 094810
An improved manual method for the determination of the cystine plus *cysteine* **content** of proteins [Dairy products]. 095613
A rough determination of sulphate reduction intensity compared with *cystein-35S* **[sulfur** isotopes] incorporation in leaves of soybean, peas and sunflower and in a mushroom mycelium culture. 100007
The reaction of sulfhydryl reagents with bovine hepatic monoamine oxidase: evidence for the presence of **two** *cysteine* residues essential for activity. 096255

CYSTICERCUS
Taenia **saginata** *cysticerci* in muscles of beef cattle. 097229

CYSTINE
Cystine **aminopeptidase** (oxytocinase) activity in plasma and tissues of normal and infected pregnant cattle [with Aspergillus fumigatus]. 097223
An improved manual method for the determination of the *cystine* plus **cysteine** content of proteins [Dairy products]. 095613

CYSTOSEIRA
Tubular connections between the external nuclear membrane, the endoplasic reticulum and dictyosomes of *Cystoseira* **stricta** (Pheophyta, Fucale [Algae]). 098925

CYSTS
Breeding for resistance to **cereal** *cyst* nematode in wheat. 099169
Cereal *cyst* nematode, Heterodera avenae Woll., in France: damage, biological characteristics and prospects of control. 101868
Cereal *cyst* nematode [Heterodera avenae] and N [nitrogen] fertilization. 101869
Fungi and the decrease of **cereal** *cyst-nematode* populations in cereal monoculture. 101872
Experiments for the control of the **cereal** *cyst* nematode (Heterodera avenae) with nematocides. 101904
Effects of intravenous injection of FSH [follicle-stimulating hormone] on ovarian **follicular** *cysts* in dairy cows. 097740
Heterodera hordecalis—a *cyst* **forming** nematode that attacks grain and grasses—found in Sweden. 102054
Incidence of **hydatid** *cyst* [due to larval form of Echinococcus granulosus] in bovines and histopathological changes of pulmonary tissue in hydatidosis. 097374
Formal aspect of a campaign against the echinococcosis **hydatid** *cyst* [Dogs, cats]. 097619
Hormonal changes associated with experimentally **produced** *cystic* ovaries in the cow [Luteinizing hormones, sterility]. 096959

CYTIDINE
Cytidine **5'-triphosphate** synthetase of calf liver. Size, polymerization, and reaction stoichiometry. 096422

CYTOCHALASIN
A non-penetrating thiol reagent **mimics** *cytochalasin* A inhibition of secretory protein synthesis [Achlya ambisexualis, Myxomycetes]. 099523
Effects of *cytochalasin* B on the **morphogenesis** of explantedearly chick embryos. 097813
X-ray crystal structure of *cytochalasin* H, a **potent** new [11]cytochalasan toxin [Phomopsis, Fungi]. 099665
Effect of *cytochalasin* B on the **surface** of neuroepithelial cells of the chick embryo. 096481

CYTOCHEMISTRY
Cytochemical **analysis** of spontaneous asynapsis of homologous chromosomes of Drosophila melanogaster saliva glands. 103123
Cytochemical **characteristic** of the embryogenesis of interspecific wheat hybrids. 099418
Electron *cytochemical* studies on glycerinated flight muscle of Locusta migratoria L. The colloidal iron reaction and Alcian blue binding. 102930
Cytochemical **features** of tumor formation on the roots of grapevine varieties with different resistance to Phylloxera. 102418
The *cytochemical* **localization** of cholinesterase activity in the developing chick heart. 096371
Cytochemical **observations** on the extracellular carbohydrate produced by Streptococcus cremoris [Dairy starter bacteria]. 095581
Pollen-wall proteins: **quantitative** *cytochemistry* of the origins of intine and exine enzymes in Brassica oleracea [acephala, marrow-stem kale]. 100488
The secretory apparatus of the bryales: morphological, ultrastructural and *cytochemical* **studies** [Bryophyta]. 098916

CYTOCHROMES
Fatty acid desaturase system of yeast [Saccharomyces cerevisiae] microsomes. Involvement of *cytochrome* **b5-containing** electron-transport chain. 099517
Structural effects on *cytochrome* **electron** transfer; properties of HP1-65 from horse heart cytochrome C. 096264
Complete amino acid sequence of the heme-binding core in bakers' yeast [Saccharomyces cerevisiae] *cytochrome* b2 (**L-(+)-lactate** dehydrogenase. 099553
Occurrence and characterization of **microsomal** *cytochrome* P450 in several vertebrate and insect species. 096318
Nitrite-reducing activity of **modified** *cytochrome* c-553 from the red alga Porphyra yezoensis Ueda. 099922
The binding by an NAD [nicotinamide adenine dinucleotide] affinity matrix of contaminating dehydrogenases in [beef heart] *cytochrome* c **oxidase** preparations. 095688
Cytochrome c **oxidase** [terminal oxidase in respiratory metabolism]. 099702
Comparative biochemical studies on populations inbreds and lines of Phaseolus vulgaris [kidney beans]. Activity and multiple molecular forms of *cytochrome* **oxidase.** Some considerations on mitochondrial complementarity. 100561
Cytochrome c **peroxidase** [Yeasts]. 099703
Content of *cytochromes* b6 and f in **plastids** isolated in aqueous and nonaqueous media. 099698

CYTOGENETIC
Cytogenetics of a **cross** between two species of annual Chrysanthemum [coronarium, Chrysanthemum carinatum]. 099156
Cytogenetics of **cultivated** Bougainvilleas [Bougainvillea]. I. Morphological variation. 099030
Cytogenetic **effects** of 5-fluorouracil. V. Induced meiotic abnormalities in Tradescantia paludosa. 099126
Cytogenetic **evidence** for the origin of teosinte (Zea mays ssp. mexicana) [Maize]. 098603
Cytogenetical **evolution** in the genus Pisum [Peas]. 098954
Genetics, *cytogenetics* and **evolution** of mosquitoes. 102785
Population *cytogenetics* of the genus Caledia (Orthoptera: Acridinae). II. Variation in the pattern of C-banding. 102892
Cytogenetical **studies** of artificially induced autohexaploids of Tabernaemontana divaricata. 098955
Cytogenetic **studies** in an experimental amphidiploid in Luffa. 099142
Natural polyploids in Cucurbitaceae. I. *Cytogenetical* **studies** in triploid Momordica dioica Roxb. 099143
Veterinary *cytogenetics* [Chromosomal aberrations, cattle, horses]. 097072

CYTOKININS
Effect of *cytokinin* on **activities** of a number of enzymes in isolated pumpkin cotyledons. 100574
Compounds with *cytokinin* **activity** in pumpkin cotyledons. 100365
Influence of different *cytokinins* on the **germination** of lettuce (Lactuca sativa) and celery (Apium graveolens) seeds. 100533
Effects of substances of a *cytokinin* **nature** on growth of plants and accumulation of nutritive elements in them [Pumpkins]. 100576

CYTOLOGY
Problems of methodology of *cytological* **analysis** of chromosome aberrations in barley. 099295
Cytology of **Brazilian** phaneropteridae (Orthoptera-tettigonioidea): a species with neo XY sex determining mechanism. 102861
Effect of chlorocholine chloride and nitrogen on some morphological, anatomical and *cytological* **characteristics** of Giza155 wheat [Variety]. 098882
Comparative *cytology* of certain Maydeae and Andropogoneae genera in reference to their evolution. 098628
Natural compounds and *cytological* **effects** [Plants]. 099036
The morphological, anatomical and *cytological* **effects** of gibberellins [Plant growth and development, promotion of stem elongation]. 099785
Anatomo-morphological and *cytological* **features** of some species of the genus Russula Pers. ex S. F. Gray [Fungi]. 098532
Studies on the occurrence, *cytology,* **fertility** and breeding behaviour of aneuploids in induced autotetraploid Job's tears [Coix lacryma-jobi]. 099163
Studies on South Indian Compositae. II. *Cytology* of the **genus** Vernonia Schreb. 098969
The history of development and *cytology* of **Helvella** crispa (Pers.) Fr. [Fungi]. 098546
Cytological and **histochemical** studies on cell cultures infected with bovine herpes virus 2. 097234
The increase of seed fertility of Brassicoraphanus through *cytological* **irregularity** [Radishes, Japanese mustard]. 099214
Cytological **observations** on some West Himalayan monocots. II. Smilacaceae, Liliaceae and Trilliaceae. 098956
Cytological **observations** on some West Himalayan monocots. III. Alliaceae. 098957
Cytological **observations** on some West Himalayan monocots. IV. Several families [Amaryllidaceae, Iridaceae, Hypoxidaceae, Dioscoreaceae, Juncaceae, Commelinaceae, Eriocaulaceae and Zingiberaceae]. 098958
Cytological **observations** on some West Himalayan monocots. V. Araceae. 098959
Cytology of **pongam** oil tree, Derris indica (Lamk.) Bennet. 098941
Morphology and *cytology* of **Ravenelia** hobsoni Cooke [Fungi, parasites of Pongamia glabra]. 098968
Cytological **studies** in atemoya (Annona atemoya Hort.). 098940
Cytological **studies** of Puccinia striiformis (Yellow rust of wheat). 099048
Cytological **study** of Melanogaster durissimus Cooke (an edible fungus). 099035
Myeloproliferative disorders and associated leukemias in the cat: pathogenesis diagnosis, *cytology,* **therapy** and control. 097697

CYTOMEGALOVIRUS
Murine *cytomegalovirus* glomerulonephritis: clinical and ultrastructural observations [Mice]. 097225

CYTOMORPHOLOGY
Cytomorphology and **stability** of induced variants in Zinnia linearis. 098961
Cytomorphological **studies** in Convolvulaceae. I. Convolvulus L. 098960

CYTOPATHOLOGY
Isolation of a *cytopathic* **calf** rotavirus. 097602

CYTOPLASM
Investigation of RNA transport from nucleus to *cytoplasm* in **Acetabularia** mediterranea [Algae]. 099983
Aminoacylation of Phaseolus vulgaris [kidney beans] *cytoplasmic,* **chloroplastic** and mitochondrial tRNAsPro and tRNAsLys by homologous and heterologous enzymes. 100368
Lipid metabolism in *cytoplasmic* **droplets** from freshly secreted milk [Goats]. 096589
Cytoplasmic **effects** on quantitative characters in maize (Zea mays L.) [Cytoplsm-gene interactions. 099412
Progress of *cytoplasmic* and **genetic** sterility in hybrid seed corn production. 099367
Creation of forms with *cytoplasmic* **male** sterility for obtaining heterotic hybrids of rye. 099081
Genetic and breeding aspects of using *cytoplasmic* **male** sterility of maize. 099119
Functional peculiarities of mitochondria in plants with *cytoplasmic* **male** sterility. 099292
Inheritance of *cytoplasmic* **male** sterility in closely related crossings of winter rye. 099391
Oxidation-reduction processes in wheat forms with *cytoplasmic* **male** sterility. 099393
Studies on the forage sorghum breeding utilizing the *cytoplasmic* **malesterile** lines. I. Effect of the parental lines on the green forage yield of hybrids. 099124
Peculiarities of *cytoplasmic* and **nuclear** male sterility in winter rye. 099096
Effect of dose of *cytoplasmic* **polyhedrosis** virus on infection, mortality, development rate, and larval and pupal weights of the pink bollworm [Pectinophora gossypiella]. 102335
Turnover of chloroplast and *cytoplasmic* **ribosomes** during gametogenesis in Chlamydomonas reinhardi [Algae]. 099696
Two **segregating** *cytoplasmic* mutants of barley. 099240
Ultrastructure of the stamen cells from fertile and **sterile** *(cytoplasmic* male sterility) forms of sugarbeets of different ploidy level. 099301
N-nitroso-N-methylurea resistance of **sunflower** *cytoplasmic* chlorophyll mutants induced by this agent. 099405
Restriction endonuclease analysis of mitochondrial DNA from normal and **Texas** *cytoplasmic* male-sterile maize. 099383
Cytoplasmic **variability** and speciation in Triticinae [Genetics]. 099302

CYTOSINE
Biochemical studies on the *cytosine* **permease** of Saccharomyces cerevisiae [Yeasts]. 099718

CYTOSTATIC
Some characteristics of a myeloid and a lymphoid leukaemia of mice and their susceptibility toward *cytostatic* **agents.** 097648

CYTOTAXONOMY
Additional notes on *cytotaxonomy* of **Aucuba** japonica. 098634
A laboratory at the service of systematics for *cytotaxonomy* in **Geneva.** 098702
Cytotaxonomy of **Malvaceae.** I. Chromosome number and karyotype analysis of Hibiscus, Azanza and Urena. 098962
Cytotaxonomic **studies** of Brassica and related genera. 098623
Contribution to the *cytotaxonomic* **study** of Mediterranean Hypericum. 098517
Contribution to the *cytotaxonomic* **study** of Mediterranean species of Anemone and their hybrids. 099138

CYTOTOXIC
Peroxyferolide: a *cytotoxic* **germacranolide** hydroperoxide from Liriodendron tulipifera. 099660

DACTYLIS
Modeling of the process of interaction between the plant and the **environment** *[Dactylis].* 100317
Some morphological peculiarities of the pollen from highland grasses [Phleum pratense, *Dactylis* **glomerata,** Bromus inermis]. 098892
Cephalosporium stripe of wheat in Virginia *[Dactylis* **glomerata** as host]. 101550
Orchardgrass *[Dactylis]* **produces** a big crop. 100925

DACUS
Role of tulsi plant (Ocimum sanctum) in control of mango fruitfly, *Dacus* **correctus** Bezzi (Tephritidae: Diptera). 102391
Gamma irradiation of the melon fly *[Dacus* **cucurbitae]:** laboratory studies of the sterility and sexual competitiveness of treated adults. 102378
Estimation of the number of wild males with a mark-recapture method *[Dacus* **cucurbitae].** 102380
Suppression of the melon fly, *Dacus* **cucurbitae** Coquillett (Diptera: Tephritidae), on Kudaka Island with sterile insect relases. 102382
Impurities in cue-lure attractive to female Tephritidae *[Dacus* **cucurbitae,** Ceratitis capitata]. 102433
A simple method to estimate sterile: normal ratios based on hatchability on eggs *[Dacus* **cucurbitae].** 102824
New exotic fruit fly introductions to Australia [Dacus frauenfeldi, *Dacus* **dorsalis].** 102466
Developmental and long-term acclimaton to cold by the Queensland **fruit-fly** *(Dacus* tryoni) at constant and fluctuating temperatures. 102995
Reproductive behavior and physiology of *Dacus* **oleae** [olive fruit fly]: fecundity as affected by mating, adult diet and artificial rearing. 102805
Reproductive behavior and physiology of *Dacus* **oleae** [olive fruit fly]: sperm depletion in the female. 102806
Reproductive behavior and physiology of *Dacus* **oleae** [olive fruit fly]: egg hatch in females mated successively with normal and gamma-sterilized males and vice versa. 102807

DAIRY
What the **Australian** *dairy* adjustment programme means to you. 094678
Cut output, raise prices, **Australia's** *dairies* ask. 094527
The **Austrian** *dairy* industry policy. 094742

Beta-galactosidase activity by the enterococci *[Dairy* **bacteriology].** 095615
Contribution to the study of the development of Iranian Dough *[dairy* **beverage]** during its preservation. I. Development of nitrogen. 095594
Cattle farming in the Netherlands. Economics dictates selection **[Breeding** *dairy* cattle]. 097067
Nutritive value of potato-based silages for *dairy* **bulls.** 096707
Additional feed [necessary] for newly **calved** *dairy* cattle. 096650
Colostrum intake and mortality of *dairy* **calves.** 096645
Epidemiology of Pseudomonas aeruginosa septicemia in *dairy* **calves** in Washington. 097520
Does it pay to feed *[Dairy* **cattle,** costs, profits]. 094391
Studies on chemical quality and feeding value of Italian ryegrass [Lolium multiflorum] silage. I. Influence of growth stage of Italian ryegrass on fermentative quality and and feeding value of silage *[Dairy* **cattle].** 095999
Management traits in *dairy* **cattle,** Dystocia, udder characteristics related to production, and a review of other traits. 096097
Production characteristics of Red Sindhis *[dairy* **cattle]** at Bangalore. 096103
The Dutch contribution to *[dairy]* **cattle** farming in Tunisia. 096138
Studies on age specific leukocyte and lymphocyte counts in normal Friesian, Red Danish and Jersey *[dairy]* **cattle** in Denmark [Blood profiles]. 096494
Performance of *dairy* **cattle** on wilted formic acid silages. 096708
Importance of feeding urea to *dairy* **cattle.** 096727
Straw for *dairy* **cattle** [Feed blends]. 096834
Dairy **cattle** breeds. 096904
Genetic and phenotypic parameters for a profit function and selection method for optimizing profit in *dairy* **cattle.** 096940
Plasma progestins, estradiol, and luteinizing hormone following prostaglandin F2 alpha injection *[Dairy* **cattle].** 096941
Studies on the effect of calving age, calving month and herd level on the first lactation yield *[Dairy* **cattle** sire evaluation]. 096984
Postpartum uterine involution and ovarian activity in *dairy* **cattle** [Fertility, reproductive physiology]. 097000
The cow-index: a means of reducing the odds *[Dairy* **cattle,** genetic evaluation]. 097025
Preparation of teaser bulls and steroid-implanted steers and their effectiveness in detecting estrus *[Dairy* **cattle].** 097048
Industrial organization of reproduction for high performance at the Dedelow Breeding Center [Productive capacity, *dairy* **cattle].** 097053
Artificial insemination in the Netherlands *[Dairy* **cattle].** 097066
Dutch inspection report introduced in Spain [Black and White breed of *dairy* **cattle].** 097068
Injuries and diseases of *dairy* **cattle** at the time of calving and breeding. 097142
Prevention of mycoplasma mastitis *[Dairy* **cattle,** antibiotics]. 097306
Control of group B streptococcal mastitis *[Dairy* **cattle,** bacterial infections]. 097323
Isolation of leptospiral serotype szwajizak from *dairy* **cattle** in Oregon. 097566
Grass tetany [Hypomagnesia, *dairy* **cattle].** 097722
Effects of intrauterine infusion of gentamicin sulfate on bovine fertility [Metritis, *dairy* **cattle].** 097764
Provision of *dairy* **cattle** with magnesium after driving them to the pasture. 1. Surveys on the occurrence of grass tetany and the effect of abetting factors. 097858
Provision of *dairy* **cattle** with magnesium after driving them to pasture. 2. Preventive measures [for the control of grass tetany]. 097859
Grazing methods for *dairy* **cattle.** 100908
Dairy: **cleaning** and sanitizing pipeline milking machines and bulk tanks. 095554
Reproduction in the *dairy* **cow.** 1. The sperm. 096911
An investigation of factors related to the dominance order of a herd of *dairy* **cows** of similar age and breed. 096202
Analysis of data of laboratory tests on *dairy* **cows** before and after parturition. II. Serum protein fractions. 096458
Cubed dehydrated alfalfa for *dairy* **cows.** 096627
Conservation of green crops for *dairy* **cows.** III. [Silage]. 096654
Efficiency of utilization of dietary energy by temperate breeds [Holstein-Friesian, Brown Swiss] of *dairy* **cows** under tropical conditions. 096685
Effect of feeding fat to *dairy* **cows** receiving a fat-deficient basal diet. I. Milk yield and composition. 096704
Effect of feeding fat to *dairy* **cows** receiving a fat-deficient basal diet. II. Fatty acid composition of the milk fat. 096705
A practical method of estimation of blood urea nitrogen and its application to nutritional evaluation of *dairy* **cows.** 096712
Effect of the chopping length of grass silage on voluntary intake by *dairy* **cows.** 096782
Results of all-year use of semifinished feeds in rations for *dairy* **cows.** 096813
How using records can improve a large herd *[Dairy* **cows,** estrus detection]. 096896
Detecting oestrus by measuring milk temperatures of *dairy* **cows** during milking. 096992
Treatment of bovine pyometra with prostaglandin F2alpha: anevaluation of a field study *[Dairy* **cows].** 097632
Effects of intravenous injection of FSH [follicle-stimulating hormone] on ovarian follicular cysts in *dairy* **cows.** 097740
Recent findings on nutritional biochemistry for preventing puerperal paresis and lying down of *dairy* **cows.** 097766
Dairy: milk fever [parturient paresis] in *dairy* **cows** [Metabolic diseases]. 097792
Loose housing for *dairy* **cows.** 103349
Metals, detergents and sterilizers [for cleaning food and *dairy* **equipment].** 095447
Growing and using maize on the *dairy* **farm.** 100943
On the rationalization of agricultural mechanization in relation to structural reforms *[Dairy* **farm** operating costs]. 103585
Studies on the *dairy* **farming** using river-terrace and paddy field. IV. Farm management investigation in the Nagan riverside region, Kaizucho, Gifu Prefecture, Japan, 1973-74. 094313
Fly [Musca domestica, Stomoxys calcitrans] control around *dairy* **farms.** 102565
Good quality water for *dairy* **farms.** 104270
Feeding *dairy* cattle during the different stages of lactation and the importance of inspecting feed concentrates. 096653
Feeding *dairy* calves. 096680
The chemistry of some microbially induced flavor defects in milk and *dairy* **foods** [Streptococcus lactis var. maltigenes]. 094814
The *dairy* **goat** in Canada. 096120
Dairy **heifer** feeding and management. 096681
Factors affecting calving interval in *dairy* **herds.** 096939
Ketosis in **high-yielding** *dairy* cows. 097723
Tuberculin sensitivity of **Illinois** *dairy* cattle. 097582
Increasing *dairy* returns. Use high producing cows, top quality forages [Management]. 094228
Importance and establishment of herds with sound legs and hoofs in **industrial** *dairy* units. 096133
Feed distribution plan with the aid of electron data processing—experiences and applications *[Dairy* **industry,** East Germany]. 094347
Opening up feed reserves by avoiding feed remnants *[Dairy* **industry** management, East Germany]. 094350
Marketing—also within the *dairy* **industry.** 094581
Agriculture in its total economic entanglement with special regard to the *dairy* **industry** [Situation]. 094741
The *dairy* **industry** in a future world? [Outlook]. 094743
A review and outlook of the U.S. *Dairy* **industry.** 094760
Competition in the *dairy* **industry** to assure a good production [East Germany]. 094788
Application of unit operations in *dairy* **industry.** 095574
Methods of future research *[Dairy* **industry].** 095610
The breeding aim in cattle breeding from the point of view of the *dairy* **industry;** a model study. 097089
Notes concerning the **Italian** *dairy* industry—the future of ultrahigh temperature [processing for dairy products]. 095600
Response of **lactating** *dairy* cows to abomasal infusion of amino acids. 096445
Beet pulp and faba beans in rations for **lactating** *dairy* cows. 096625
Protected fat in rations for **lactating** *dairy* cows. 096637
Persistent cecal dilatation in a **lactating** *dairy* cow. 097718
Cross breeding for beef production using **large** *dairy* breed bulls. 096865
Several objectives of technical development and opportunities for control, and leading of production in **large-scale** *dairy* units. 094205
The household demand for **major** *dairy* products in the Southern region. 094620
A study on *dairy* **management** practices in the Bangalore milkshed area. 094295
Dairy: **milk** fever [parturient paresis] in dairy cows [Metabolic diseases]. 097792
Milking **parlours** and *dairies.* 103350
Management information systems: a look at the *dairy* **processing** industry. 094143
The Aseptic Compak [for filling milk in cardboard cartons, *dairy* **processing** equipment]. 095644
The influence of the capacity and the degree of utilization on the unit costs in different *dairy* **production** departments. General model formation and demarcation. 095646
The influence of the capacity and the degree of utilization on the unit costs in different *dairy* **production** departments. Bottling pasteurized milk. 095647
The influence of the capacity and the degree of utilization on the unit costs in different *dairy* **production** departments. The ultra-high temperature milk section. 095648
The influence of the capacity and the degree of utilization on the unit costs in different *dairy* **production** departments. The milk treatment department. 095649
The influence of the capacity and the degree of utilization on the unit costs in different *dairy* **production** departments. The yoghurt department. 095650
The influence of the capacity and the degree of utilization on the unit costs in different *dairy* **production** departments. The soft cheese department. 095651
The influence of the capacity and the degree of utilization on the unit costs in different *dairy* **production** departments. Butter department. 095652
The influence of the capacity and the degree of utilization on the unit costs in different *dairy* **production** departments. The spray drying department. 095653
The influence of the capacity and the degree of utilization on the unit costs in different *dairy* **production** departments. The Edam cheese department. 095654
Economic sale of *dairy* **products.** 094499
The market for *dairy* **products** in the USA. 094567
Ultrahigh temperature production [of *dairy* **products]**—stateof-the-art and prognosis concerning marketing. 094568
Importance of location in the sale of *dairy* **products** in self-service shops [Marketing, yoghurt, whey cheese]. 094569
Dairy **products:** insufficient recovery, the will to make the market productive. 094592
Problems of supply are intrinsically matters of policy *[Dairy* **products,** East Germany]. 094632
Mycotoxins in *dairy* **products** [Food contamination]. 094884
Some aspects of chemical hygiene of milk and *dairy* **products.** 094915
An analysis of household consumption of *dairy* **products.** 094920
Quality control of raw materials *[Dairy* **products].** 094931
Microbial interactions in foods: meats, poultry and *dairy* **products.** 095535
Chemical and microbiological studies on Mish *[Dairy* **products].** 095548
Notes concerning the Italian dairy industry—the future of ultrahigh temperature [processing for *dairy* **products].** 095600
Ultrahigh temperature production [of *dairy* **products]**—stateof-the-art and prognosis concerning technology. 095602
An improved manual method for the determination of the cystine plus cysteine content of proteins *[Dairy* **products].** 095613
The evaluation of lots of *dairy* **products** by means of statistics of random samples. 095630
Use of X-ray and gamma-induced mutants of lactic acid bacteria in the manufacture of *dairy* **products.** 095632
The aseptically operating form-, fill- and seal machine TFA 240 from Hofliger & Karg [Packaging of *dairy* **products].** 095645
Studies on the mechanism of acetion and diacetyl biosynthesis by microorganisms. III. Production of acetoin and diacetyl by Lactobacillus bulgaricus *[Dairy* **products].** 095658
Good results concerning cooperative *[dairy]* **purchases** during a difficult year. 094285
The costing of *[dairy]* **quality** assurance. 094447
Towards a **reconstituted** *dairy* industry [in New South Wales, prices, production, exports]. 094572
A Dutch view of the EEC [European Economic Community] *dairy* **scene.** 094501
Reviews of the progress of *dairy* **science:** continuous cheesemaking. 095585
Gold medal to Erwin Siegenthaler *[Dairy* **scientists,** Sweden]. 095641
Autolysis of Streptococcus cremoris *[Dairy* **starter** bacteria]. 095578
Cytochemical observations on the extracellular carbohydrate produced by Streptococcus cremoris *[Dairy* **starter** bacteria]. 095581
Influence of breed-type of cow on winter maintenance requirements [Kinsella Hereford, Beef synthetic and *Dairy* **synthetic].** 096635
Dairy **systems** analysis handbook [on labor use, investments, and costs and returns]. 094195
Relationship between changes in analytic procedures and bacterial growth in milk in farm and *dairy* **tanks** using continuous and discontinuous piping. 095606
Only every **tenth** *dairy* establishment is in satisfactory condition [Equipment]. 103438
A **tick-resistant** *dairy* [cattle] breed [Friesian X Sahiwal]. 097020
Management and staff **training** *[Dairy].* 094339
Dairy **transport,** storage and distribution. 094495
Dairies should not **underestimate** traditional milk and food trade. 094498
Dairy **wastes.** 104548
Analysis of lipids in *dairy* **wastewaters.** 104533
Whey use plagues **world** *dairy* industry [Byproduct of the cheesemaking process]. 095572
Clean, dry, ventilated housing for the **young** *dairy* calf. 103335

DAIRYING

Dairying as an **instrument** of economic and social change. 094305
Managerial shift: Indian women acquire a new **role** in *dairying.* 094361

DAIRYMEN

Contract calf rearing: a barometer of *dairyfarmer* **attitudes.** 094223

DALAPON

Effectiveness of levels and ways of **applying** *dalapon* to control perennial **weeds** in cotton plantings in the conditions of the Golodnaya Step'. 102200
Anatomical aspect of 2,4,5-trichorophenoxyacetic acid] and *dalapon* **[herbicides]** toxic action on Norway spruce (Picea abies seedlings. 102095
Effect of different ways of treatment with *dalapon* on the **nitrogen** and nucleic metabolism in the leaves of cotton and Johnsongrass [Sorghum halepense]. 102195
Effectiveness of *dalapon* against **perennial** weeds in the conditions of the Karshi Steppe. 102199
Determination of inactivation time for *dalapon* and **sodium** trichloroacetate in soil. 102777

DAMPING

Drenching annual [flowering] plants for *damping-off* **control.** 101425
Damping-off in **cucurbitaceous** plants in Egypt. IV. Studies on Rhizoctonia-damping-off of vegetable marrow. 101529

Studies on the influence of fungal communities of the soil affected with "lupine sickness" on the growth of the fungus Fusarium oxysporum Schl. [Pathogen of *"damping* off"]. 101580
Pythium sylvaticum in Canadian forest nurseries *[Damping-off,* **Pinus** resinosa]. 101385
Damping-off in cucurbitaceous plants in Egypt. IV. Studies on *Rhizoctonia-damping-off* of **vegetable** marrow. 101529

DAMS
Studies on the hydraulic characteristics of the chute type dissipator: hydraulic model test of spillway of Fuwahokubu flood **control** *dam.* 103392
Structure of landscape preferences: a study based on **large** *dams* viewed in their landscape setting. 101208
The *Dam* **Line** [rams]—sires for mothers of meat lambs. 097026
A study on Salmonella transmission in pigs in an industrialcomplex. III. Salmonella finds in the placentae of the **pig** *dams* and in the meconium of their piglets. 097357
The function of **up-river** *dams* in the water quality regulation of valley dams. 104433
Investigations on the nitrate charge of **valley** *dams* [Water pollution, East Germany]. 104653

DANAUS
Milkweed [Asclepiadaceae] cardenolides and their comparative processing by monarch **butterflies** *(Danaus* plexippus L.). 099964
Energy, matter and nitrogen utilization by the larvae of the monarch **butterfly** *Danaus* plexippus. 103067

DAPHNIA *see* CLADOCERA

DARJEELING *see* TEA

DARLUCA
Artificial infection of the causative agent of stem rust [Puccinia graminis tritici] of wheat with the **hyperparasite** *Darluca* filum (Fr.) Cast. 101493

DATURA
Chemical variations of *Datura* **arborea** L [Alkaloid analysis]. 100393
Quantitative determination of total alkaloids and scopolamine in *Datura* **ferox** growing in Argentina. 099939
Effect of CCC [chlorcholine chloride] upon growth of *Datura* **metel** L. 099731
Growth and alkaloid production in suspension cultures of *Datura* **metel** L. anther. 099798
Natural occurrence of potato on **virus-Y** *Datura* metei. 101748

DAUCUS
The potassium requirement for growth and embryogenesis in wild carrot *[Daucus* **carota**] suspension cultures. 099900
Carotenoid synthesis in tissue cultures of *Daucus* **carota** L. [Carrots]. 100465
Sources of nitrogen supporting growth and embryogenesis in cultured wild carrot *[Daucus* **carota**] tissue. 100536

DAYLIGHT
Problems involved in the design of apparatus for measuring the spectral composition of *daylight* in the **field.** 100002

DDT
Histopathologic alterations in shell gland **accompanying** *DDT-induced* thinning of eggshell [Ducks]. 102684
DDT: the degradation of ring-labeled 14C **[carbon** *isotope]-DDT* to 14CO2 [carbon dioxide isotope] in the rat. 102687
Comparative effects of *p,p'-DDT* and **commercial** DDT, in intravitellin injections, on the germ population of avian embryonic gonads [Chicks, quails]. 102673
Research on the contamination of agricultural products with preparations **containing** *DDT* in the conditions of intensive chemization. 102761
One-stage method for isolation of [the insecticides] of *DDT,* **DDE** and DDD [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane] from fat of maturing cheese [Contamination]. 102779
The effect of the technological process on level of *DDT,* **DDE,** DDD and DMDT [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane, methoxychlor] residues in Kortowski cheese [Contamination]. 102780
DDT: the **degradation** of ring-labeled 14C [carbon isotope]-DDT to 14CO2 [carbon dioxide isotope] in the rat. 102687
Induction of abnormal fatty acid metabolism and essential fatty acid deficiency in rats by **dietary** *DDT.* 102656
Is *DDT* **[dithiothreitol]** a means to improve the mutation spectrum of vegetatively propagated plants? [Achimenes]. 099193
Studies on the influence of some ecological factors on the developent of the Colorado potato beetle [Leptinotarsa decemlineata] resistance to *DDT* and **lindane** within the territories of the Great Poland and Warsaw provinces. 102464
Organochlorine insecticides and polychlorinated biphenyls in cod from Norwegian fjords **[Residues,** *DDT].* 102747
Influence of starvation and hepatic microsomal enzyme. Induction on the mobilization of *DDT* **residues** in rats. 102775

DEACIDIFICATION
Deacidification of **peaty** substrate and the productivity of cucumbers in greenhouses. 101199

DEAMINATION
Utilization of amino acids in the ruminant. 1. The protection of amino acids with maleic anhydride to **prevent** *deamination* in the rumen [Nutritional physiology]. 096173

DEATH
Notes on phytotoxic activty of Phomopsis viticola (Sacc.) Sacc. [The causal agent of *"dead* **arm"** disease of grapevine]. 101532
Animals as monitors of environmental quality *[Death* **caused** by forage contamination]. 097814
Population dynamics of arterial smooth muscle cells. V. Cell proliferation and **cell** *death* during initial 3 months in atherosclerotic lesions induced in swine by hypercholesterolemic diet and intimal trauma. 096674
Cell *death* in ovarian chambers of Drosophila melanogaster. 102969
Coffee drinking and *death* due to **coronary** heart disease. 095169
A histological study of **embryonic** *death* caused by heterozygosity for the T26H reciprocal mouse translocation. 096943
Dietary-atherosclerosis study on *deceased* **persons.** 095124
A study on Salmonella transmission in pigs in an industrialcomplex. II. Salmonella finds in killed and *dead* **pigs.** 097356
The *demise* and **recovery** of eelglass, Zostera marina, in theChesapeake Bay, Virginia. 098768
Upper **respiratory** *dead* space in the chicken: its fraction of the tidal volume. 096314
Dynamics of **root** *dying-off* and alteration of its average length (root coefficient) in the seedlings of bay [Laurus nobilis]. 099998
Luring insects to their *deaths* **[Sex** pheromones]. 102259
Coffee, myocardial infarction, and **sudden** *death.* 095164
Experiments relating to techniques for direct drilling of seeds into **untilled** *dead* turf [Equipment]. 103458
Range extension of three conifers [Pinus aristata, Pinus flexilis, Juniperus occidentalis] and a dwarf mistletoe in the Panamint Moutains, *Death* **Valley** National Monument. 098651

DEBONING
Mechanically *deboned* meats yields and product characteristics. 095712
Effect of carbon dioxide and sodium chloride on oxidative stability of frozen **mechanically** *deboned* poultry meat. 095732
Physical and functional properties of heat pasteurized **mechanically** *deboned* poultry meat. 095744

DECALCIFICATION
Histological studies on calcification and *decalcification* of the **bone** [Goats]. 096480

DECARBOXYLASES
Study on the antigenic structure and biochemical activity of isolated Salmonella gallinarum-pullorum strains. I. *Decarboxylase* **activity** of the Salmonella gallinarum-pullorum strains [Salmonellosis, poultry, man]. 097369
Foetal and placental **ornithine** *decarboxylase* activity in ther rat—effect of maternal undernutrition. 095141

DECAY
Recovery of Phytophthora species from old, **badly** *decayed,* infected tissues of Hevea brasiliensis. 101655
The effect of storage factors on membrane permeability and sugar content of potatoes and *decay* by **Erwinia** carotovora var. atroseptica and Fusarium roseum var. sambucinum. 095865
Fumigants [chloropicrin, Vapam, Vorlex] can stop **internal** *decay* of Douglas-fir poles for at least 5 years. 098222
Carbon, nitrogen, and phosphorus dynamics during **leaf** *decay* in nutrient-enriched steam microecosystems. 104288
N2 [nitrogen] fixation associated with *decaying* **leaves** of the red mangrove (Rhizophora mangle). 103706
Selecting and treating Minnesota woods for fence posts *[Decay* **prevention].** 098211
Wood moisture and *decay* **problems** in recently constructed, single-family houses. 098430
Storage *decay* of unbarked timber. 098427

DECEASED *see* DEATH

DECIDUOUS
Ecology of respiratory losses in teak and Cymbopogon grass with reference to *deciduous* **forest** and grassland. 098842
Certain characteristics of the migration of Al and Fe [aluminum, iron] in soddy-podzolic soils in *deciduous-spruce* **forests.** 103803
Investigation of lignin **form** *deciduous* wood species. I. Investigation of aspen lignin. 098328
New machine plants a thousand *[deciduous* **fruit]** trees a day. 101014
Vendex, an effective miticide [for ornamental plants, *deciduous* **fruits,** and citrus]; progress report. 102409
Analysis of seasonal leaf fall in north **temperate** *deciduous* forests. 098837
Up-to-date technology of the working of *deciduous* **wood** in sawmill workshop halls. 098428

DECOLORIZATION
Hide bleaching and *decolorization* for the **furrier's** shop. 095683

DECOMPOSITION
Execution of the **Dantzig-Wolfe's** *decomposition* algorithm in the computer MSP 2A [Linear programming]. 094646
Decomposition of the **herbicide** simazine in cultures of algae [Chlorella vulgaris, Chloridella simplex, Anabaena variabilis, Phormidium foveolarium]. 102159
Decomposition of **natural** and simulated litter in Oakville Prairie. 098797
Oxidation of beer: 2-trans-nonenal and 2-trans-6-cis-nonadienal as *decomposition* **products** from a mixture of colneleic and colnelenic acids. 095413
Effects of *decomposition* **rate** of compost materials on the change of organic and inorganic substances and growth status of Chinese cabbage. 104127
Decomposition of **soybean** oligosaccharides by intestinal bacteria. VII. Alpha-galactosidase activity of a few other intestinal bacteria than Escherichia coli. 095224

DECONTAMINATION
Mecarbam [Insecticide **residues,** *decontamination].* 102637

DEDROMETER
Accuracy of **band** *dendrometers* [used to monitor changes in diameter growth of trees]. 098063

DEER
Genetic resistance in Douglas-fir [Pseudotsuga menziesii] to damage by snowshoe hare and **black-tailed** *deer.* 097881
A comparison of some serological tests [from cattle, sheep and *deer]* for **bluetongue** virus infection. 097285
On the helminth fauna of the moufflon (Ovis aries musimon) compared with those of domestic sheep (Ovis aries dom.) and *deer* **(Capreolus** capreolus, Cervus elaphus) in the Netherlands. 097346
Contribution to the study of the hepatic lesions causec by Distomum magnum (Fascioloides magna) in the *deer* **(Cervus** elaphus) [Fascioliasis]. 097302
Repellency of N,N-diethyl-M-toluamide (DEET) and 2-hydroxyethyl cyclohexanecarboxylate against the *deer* **flies** Chrysops atlanticus Pechuman and Chrysops flavidus Wiedemann. 102587
Shelter seeking and sucking behaviour of the **red** *deer* calf (Cervus elaphus) in a farmed situation. 096206
Investigations of the host specificity of gastro-intestinal nematodes of **roe** *deer,* sheep, and cattle. 097344
Experimental infection of **white-tailed** *deer* with rinderpest virus. 097427
Presumptive paratuberculosis [Mycobacterium paratuberculosis] in a Virginia **white-tailed** *deer.* 097434
Foot-and-mouth disease in **white-tailed** *deer:* clinical signs and transmission in the laboratory. 097563

DEFENSE
Physiological activity of water beetle [Dytiscidae, Gyrinidae, Coleoptera] *defensive* **agents.** I. Toxocity and anesthetic activity of steroids and norsesquiterpenes administered in solution to the minnow Pimephales promelas Raf. 102965
Physiological activity of water beetle [Dytiscidae, Gyrinidae] *defensive* **agents.** II. Absorption of selected anesthetic steroids and norsesquiterpenes across gill membranes of the minnow Pimephales promelas Raf. 102966
Plant apparency [susceptibility to discovery by insects] **andchemical** *defense.* 102260
Interaction between the **hypothalamic** *defence* reaction and cardiac ventricular receptor reflexes [Cats]. 096158
The *defensive* **role** of alkaloids in insects and plants. 102937
Defensive **substances** from stink bugs of Cydnidae [Adrisa magna, Macroscytus japonensis, Aethus nigritus]. 102927

DEFIBRATION
Fiberboards. Raw **materials**—*defibration* conditions—waste water. 098380

DEFICIENCY
Induction of abnormal fatty acid metabolism and essential fatty **acid** *deficiency* in rats by dietary DDT. 102656
Effect of feeding fat to dairy cows receiving a *fat-deficient* **basal** diet. I. Milk yield and composition. 096704
Effect of feeding fat to dairy cows receiving a *fat-deficient* **basal** diet. II. Fatty acid composition of the milk fat. 096705
Assimilation of ammonia and growth of **biotin** *deficient* Aspergillus nidulans [Fungi]. 099707
Anatomical responses of root tips to **boron** *deficiency.* III. Effect of boron deficiency on sub-cellular structure of [tomato] root tips, particularly on morphology of cell wall and its related organelles. 102031
Metabolic changes associated with the prevention of chlorosis by the application of elemental sulphur and foliar sprays of sequestrene 138-Fe [iron] in Pisum sativum L. [Peas, *deficiency* **disease].** 101842

Semiquantitative determination of renal magnesium excretion; a preliminary investigation [Hypomagnesemic tetany, *deficiency* **diseases,** cattle]. 097804
Hand skeletal development among Ecuadorians living under conditions of **iodine** *deficiency* and endemic goiter. 095077
Malabsorption of iron in children with **iron** *deficiency*. 095158
Mucocutaneous fungal lesions and **iron** *deficiency* [Candida albicans]. 095179
Iron *deficiency* on corn root mitochondrial adenosine triphosphatase activity. 100153
Correction of **iron** *deficiency* in tomatoes grown hydroponically in sewage water. 101876
Zinc induced **iron** *deficiency* in soybeans. 101881
Iron *deficiency* in pecans. 101998
Symptoms of **magnesium** *deficiency* in potatoes. 101855
Studies on the comparative ultrastructure and pigments content of the chromatophores of Navicula ostrearia (Gaillon) Bory [Algae] cultured in optimal and *deficient* **media.** 098922
An assessment of three measures of long-term **moisture** *deficiency* before critical [forest] fire periods. 097953
Nitrate uptake during recovery from **nitrogen** *deficiency* [Wheat]. 100257
"Swollen face", a periodontal disease of cattle [**Nutritional** *deficiency*, Panicum maximum, Brazil]. 097746
Metabolism of ethanol and lactate in tissues of woody plants differing with respect to their resistance of **oxygen** *deficiency* [Salix alba, Populus petrowskiana]. 100684
Vitaimin B6 *deficiency* in **patients** with a clinical syndromeincluding the carpal tunnel defect. Biochemical and clinical response to therapy with pyridoxine. 095215
Some effects of **potassium** *deficiency* on seedling development [Vegetables]. 100356
The effect of massive doses of vitamin A on the signs of vitamin A *deficiency* in **preschool** children. 095008
Studies on the appearance of a hepatic copper-binding protein in normal and *zinc-deficient* **rats.** 095026
Boron *[deficiency]* in **stone** fruits. 101845
Soil-pot tests with *iron-deficiency* **susceptible** soybeans and other plants to determine effectiveness of iron chelates in plant nutrition. 100160
Manipulation of IAA [indoleacetic acid]-oxidase activity and *auxin-deficiency* **symptoms** in intact cotton plants with manganese nutrition. 100256
Spectral properties of **system** *I-deficient* mutants of Chlamydomonas reinhardi [Algae]: Possible occurrence of uphill energy transfer. 099552
Macrophage function in **vitamin** *C-deficient* guinea pigs. 094962
Water *deficiency* in meadow plant leaves depending upon conditions of the environment. 100332
Protein synthesis in **zinc** *deficient* rats during tularemia. 095149
Zinc *deficiency* in nursery-grown Pinus radiata seedlings. 101954

DEFICITS

Ultrastructure of meristematic epidermal cells of maize root under **water** *deficit* conditions. 099032
Water flow in wheat seedlings after small **water** *deficits*. 100264

DEFLUORINATION

Application of **feed** *defluorinated* phosphates in the diets of broiler chicks. 096721
Feed *defluorinated* phosphates as a source of microelements. 096724

DEFOLIANTS

Effect of [the *defoliant]* **butylkaptax** and magnesium chlorate on leaf shedding of fine-fibered cotton [Harvesting aid]. 101001
Aftereffect of *defoliants* on the **content** of total and protein nitrogen in cotton leaves during the initial phases of development. 100327
Device for treatment of cotton plots with *defoliants* and **desiccants** in field experiments using tractor sprayers. 103600
Analysis of [the herbicide, *defoliant* and **dessicant**] bipyridyl phosphate. 102129
Defoliants and **granulated** insecticides for the control of cotton pests. 102373
Commercial application of *defoliants* in the **Samarkand** Region [Cotton, mechanized harvesting aids]. 100998

DEFOLIATION

Defoliation of **cotton** in the third decade of September [Harvesting aid]. 100999
Determination of levels and timing of *defoliation* of **cotton** Tashkent-1 cultivar for the conditions of the Andizhan Region. 101000
Application of systemic fungicides against leaf infection with wilt [Verticillium dahliae] simultaneously with *defoliation* of **cotton.** 101644
Herbicides and *defoliation* in **cotton** growing. 102201
Effectiveness of *defoliation* and **desiccation** of hemp. 100881
Biology, ecology and control of **kadam** *defoliator* Arthroschista hilaralis Walk (Pyralidae, Lepidoptera) in plantations in West Bengal. 102493
Defoliation of **pepper** transplants in transit by endogenously-evolved ethylene. 101196
Preharvest and **postharvest** *defoliation* of grapevines. 101280

DEFORESTATION

The effect of timber removal on the stability of forest **soils** *[Deforestation]*. 104202

DEFORMATION

The *deformation* **characteristics** of polymer reinforced fiber networks [Board materials]. 098421
Genetic segregation of the *deformed* **flower** gene in trisomics of Solanum chacoense. 099185
Study of the *deformation* of **soils** and grounds as a result of pressing-in dies [Filling and digging machinery]. 103630

DEGRADATION

An **alkali** *degradation* test and an alocholic alkali bran-staining test for determining the approximate degree of milling of rice. 095820
Electrochemical reduction and **anaerobic** *degradation* of lindane [Organochlorine insecticides]. 102707
Bacterial *degradation* of ethylene and the acetylene reduction test [Soil bacteria]. 103717
Degradation of **carbaryl** [pesticide] following thermal processing [Green beans]. 102704
Formation of organic peroxides from methyl beta-D-glucopyranoside in alkaline hydrogen peroxide solutions *[Degradation* of **cellulose].** 098202
Division delay and **DNA** *degradation* after mutagen treatment of the yeast, Saccharomyces cerevisiae. 099341
MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methyl propionamide] action: *degradative* **effects** on polyribosomes from wheat roots and the inhibition of protein initiation. 100220
Chemical and **enzymatic** *degradation* of the cell walls of Helminthosporium spiciferum [Fungi]. The protective role of pigments. 099628
Genesis of Guadalquivir Valley (South Spain) red soils: **evolution** and *degradation*. 103676
Semi-synthesis of aristolochic acids and their homologues. I. *Degradation* of **glaucine** to 3,4,6,7-tetramethoxy-phenanthrene-1-carboxylic acid—a study on the yield. 099738
Degradation of the **insecticide** SD 8280, 2-chloro-1-(2, 4-dichlorophenyl)vinyl dimethyl phosphate, in soils [Residues]. 102754
Studies on *degradation* **mechanism** of beta-ether bonds of lignin dimeric model compounds in acid medium. 098360
Characterization of the [humic type] pigment from [the soil fungus] Eurotium echinulatum Delacr. III. *Degradative* **methods.** 099480
Microbial *degradation* of lignocellulose [by white-rot fungus, Polyporus versicolor]: the lignin component [Quercus albus, Acer rubrum, Typha latifola]. 098181
Microbial *degradation* of oil spills enhanced by a slow-release fertilizer. 104449
Oil *degradation* in soil. 103707
Dioxathion [acaricide and insecticide] metabolites, photoproducts, and **oxidative** *degradation* products. 102705
Some solutions for the *degradation* of **permanent** pastures [Fertilizer use]. 100911
Synthetic and *degradative* **processes** in fruit ripening [Postharvest biology]. 095908
Fate of 2,2'-dichlorobiphenyl-14C [carbon isotope, *degradation* **products]** in carrots, sugarbeets, and soil under outdoorconditions. 094868
Control of muscle **protein** *degradation* and its role in accumulation of muscle mass [Meats]. 095708
Synthesis and *degradation* of **proteins** during wheat endosperm development. 100269
Degradation of **protolignin** with metallic sodium in liquid ammonia [Picea jezoensis, wood meal]. 098189
DDT: the *degradation* of **ring-labeled** 14C [carbon isotope]-DDT to 14CO2 [carbon dioxide isotope] in the rat. 102687
Degradation and **secretion** of anthelminthic 131I [iodine isotope]-rafoxanide in cattle and sheep. 097235
Activated **sludge** *degradation* of adipic acid esters [Plasticizers]. 104444
Degradation of [**steer** hide] collagen by the perborate/Cu+2 [cupric ion] system. 095693
Degradation of **sucrose** during heating and influence of amino acids on the pyrolytic process [Cognac]. 095873
Calculation of absolute rates of RNA synthesis, accumulation, and *degradation* in **tobacco** callus in vivo. 100111

DEHULLING

Dehulling of **delinted** cotton seeds. 095838

DEHYDRATION

Cubed *dehydrated* alfalfa for dairy cows. 096627
Freeze *dehydrated* compressed sour cherries. II. Stability of anthocyanins during storage. 095925
Inhibition of the metabolism of phytomacetous fungi [Aspergillus niger] and yeast fungi by **natrium** *dehydrated* acetate and by preventol. 099954
The fine structure of *dehydrated* and **reviving** leaves of Borya nitida Labill.—a desiccation-tolerant plant. 098888
Changes of respiratory metabolism and cell ultrastructure in roots of **wheat** during *dehydration*. 100310

DEHYDROASCORBIC

Formation of free-radical products by the reaction of *dehydroascorbic* **acid** with amino acids. 095456

DEHYDROCHOLESTEROL

Quantitative determination of vitamin D3, *7-dehydrocholesterol* and its **photoderivaties** by means of thin-layer chromatography. 095019

DEHYDROGENASES

Respiration and NADH [naphthaleneacetic **acid** *dehydrogenase]-oxidation* of the roots of flood-tolerant and flood-intolerant Senecio species as affected by anaerobiosis. 099897
In vitro inhibition of lactic **acid** *dehydrogenase* by insecticidal polychlorinated hydrocarbons. 2. Inhibition by dieldrin and related compounds. 102710
Cis-dominant regulatory mutations affecting the formation of glucose-repressible **alcohol** *dehydrogenase* (ADHII) in Saccharomyces cerevisiae [Yeasts]. 099865
A structural study of pig liver **glyceraldehyde-3-phosphate** *dehydrogenase*. 096232
The binding by an NAD [nicotinamide adenine dinucleotide] affinity matrix of **contaminating** *dehydrogenases* in [beef heart] cytochrome c oxidase preparations. 095688
Flavin-containing *dehydrogenases* [Plants, animals]. 099704
Metal-containing **flavoprotein** *dehydrogenases* [Mitochondrialrespiratory chain]. 096336
A kinetic study of pig liver **glucose** *dehydrogenase*. 096209
Isozymes of **glutamate** *dehydrogenase* from oat leaves: properties and light effect on synthesis. 100273
Presence of zinc in **glutamate** *dehydrogenase* of corn roots. 100318
Glyceraldehyde-3-phosphate *dehydrogenase* [in plants, insects and animals]. 099705
Affinity chromatography of NADP [nicotinamide adenine dinucleotide phosphate]-specific **isocitrate** *dehydrogenase* from the pupa of Bombyx mori. 103206
Complete amino acid sequence of the heme-binding core in bakers' yeast [Saccharomyces cerevisiae] cytochrome b2 **(L-(+)-lactate** *dehydrogenase*. 099553
Lactate and **malate** *dehydrogenase* activities during the ontogeny of the Mongolian gerbil, rat, mouse, and rabbit. 096316
Metabolism of **malic** *dehydrogenase* and polyphenoloxidase in apples [during storage]. 095885
Partial purification and some properties of glucose **6-phosphate** *dehydrogenase* from Eimeria stiedai (Lindemann, 1865) Kisskalt & Hartmann, 1907 (Protozoa: Coccidia) [Rabbits]. 097308
Erythrocyte **6-phosphogluconate** *dehydrogenase* isozymes in the Japanese quail (Coturnix coturnix japonica). 096533
Electrophoretic studies of several *dehydrogenases* in **relation** to the cold tolerance of alfalfa. 100166
Histochemical studies on **steroid** *dehydrogenases* in hamster eggs during the early development. 096974

DELIGNIFICATION

Study of *delignification* and **changes** in carbohydrate content of larch wood during sulphite pulping. I. Study of Larix dahurica delignification with sulphite liquor. 098365
Role of oxygen in molecular weight changes of lignin during **oxydative** *delignification* of wood. 098354
Investigation of fermentative hydrolysis of hemicelluloses. III. Fermentative hydrolysis of hemicelluloses in wood at different *delignification* **stages.** 098326

DELMARVA

Strains of infectious bronchitis virus on the *Delmarva* **peninsula** and in Arkansas [Chickens]. 097267

DELPHACIDAE

Effects of salicylic acid on probing and oviposition of the rice plant- and leafhoppers [Nilaparvata lugens] (Homoptera: *Delphacidae* and **Deltocephalidae).** 102283
Sucking inhibitory action of aromatic amines for the rice plant- and leafhoppers (Homoptera: *Delphacidae,* **Deltocephalidae).** 102284
Effects of nutrient compounds on sucking response of the brown planthopper, Nilaparvata lugens **(Homoptera:** *Delphacidae).* 102825

DELPHINIUM

The ontogenesis of the endosperm in *Delphinium* **ajacis** L.: Problem of the regulation of the chromosome number and of the quantity of intranuclear DNA. 099621

DELTAS

Cyproterone-mediated stimulation of *delta-aminolevulinic* **acid** synthetase in chick embryo liver cells. 096329
Reiteration frequency of *delta-crystallin* **DNA** in lens and non-lens tissues of chick embryos. Delta-crystallin gene is not amplified during lens cell differentiation. 096427
Formation of a *delta* **9-dodecenoic** dibasic acid from linoleic acid by young pea leaves. 100537
Subunit composition of *delta-crystallin* from **embryonic** chick lens. Analysis of methionine-containing tryptic peptides and cyanogen bromide peptides. 096429
Reiteration frequency of delta-crystallin DNA in lens and non-lens tissues of chick embryos. *Delta-crystallin* **gene** is not amplified during lens cell differentiation. 096427
Effect of mulches on the growth and yield of rabi crops in the **Mahanadi** *delta*. 104198

Study of physiological races of Colletotrichum lindemuthianum [Fungi, plant pathogens]: extra and intracellular polygalacturonases produced by beta and *delta* **races** cultivated in vitro. 099619
Toxicity of *delta9-tetrahydrocannabinol* **(THC)** administered subcutaneously for 13 days to female rabbits. 097830

DEMISE *see* DEATH

DEMODEX
First identification of *Demodex* **phylloides** Csokor 1879 in swine in southeastern Italy. 102544

DEMOGRAPHY
Notes about **cattle** *demography* in Sahel. I. Theoretic representation and plan of a herd by a mathematical pattern. 096123
Notes about **cattle** *demography* in Sahel. II. Theoretic representation and plan of a herd by a mathematical pattern after a catastrophe. 096124
The impact of some *demographic* **changes** on U.S. Food consumption 1965-75 and 1975-90. 095265
Porcellio spinicornis Say (Isopoda) *demography*. II. A **comparison** between field and laboratory data. 102873

DENATURANTS
The lability of aldimine crosslinks on dissolution of chicken bone collagen by **protein** *denaturants*. 096390

DENDROBIUM
The distribution of Larat **orchid** *(Dendrobium* phalaenopsis) in Indonesia. 098559

DENDROCTONUS
Progress on integrated pest management: Douglas-fir tussockmoth, gypsy moth, and southern pine beetle [Hemerocampa pseudotsugata, Porthetria dispar, *Dendroctonus* **frontalis**]. 102508
Bark beetle pheromones: production of verbenone by a mycangial fungus of *Dendroctonus* **frontalis.** 102964
Sound production in Scolytidae: aggressive and mating behavior of the mountain pine beetle *[Dendroctonus* **ponderosae**]. 102480
Economic impact of mountain pine beetle *[Dendroctonus* **ponderosae**] on outdoor recreation. 102517
Isomer of antiaggregative pheromone identified from male Douglas-fir beetle *[Dendroctonus* **pseudotsugae**]: 3-methylcyclohex-3-en-1-one [Pseudotsuga menziesii pests]. 103005
Sound production in Scolytidae: rivalry and premating stridulation of male Douglas-fir beetle *[Dendroctonus* **pseudotsugae**]. 103016
Attraction, attack patterns [on Pinus taeda] and seasonal activity of the black turpentine beetle *[Dendroctonus* **terebrans**]. 102478

DENDROLIMUS
The role of predators in the young larval mortality of the pine-moth, *Dendrolimus* **spectabilis** Butler. 102497

DENDROLOGY
Note on *dendrochronology* of **antique** oaks [Quercus] of Eyzin-Pinet (Isere). 098192

DENDROPHTHOE
Dendrophthoe **falcata** (Linn. F.) Etting—a parasite on the leaf of Mangifera indica Linn. 102098

DENERVATION
Production of temperature signal in the **peripherally** *denervated* spinal cord of the dog. 096351

DENITRIFICATION
Nitrogen removal [from water] by **biological** *denitrification*. 104516

DENNSTAEDTIACEAE
Shoot apex organization and origin of the rhizome-borne roots and their associated gaps in *Dennstaedtia* **cicutaria.** 098876

DENSITY
Density of **Apoidea** [including honeybees] necessary for goodpollination of red clover. 103264
Changes in total N [nitrogen], organic matter, available P [phosphorus], and **bulk** *densities* of a cultivated soil 8 years after tame pastures were established. 103662
Pycnometer method for obtaining wood and bark **chip** *densities* [Heptane displacement, pulpwood]. 098227
Variability of growth and quality of Terminalia ivorensis wood; correlations between characters; evoluation of width ofage-rings and *density* **components** in function of age. 097965
Effects of **container** *density* and plant water stress on growth and cold hardiness of Douglas-fir [Pseudotsuga menziesii] seedlings. 100635
The *density* and **destructiveness** of common vole (Microtus arvalis Pall.) on cultivated fields in Poland in 1974 and the forecast for 1975. 101856
Density **effect** on survival of immature stages of Culex pipiens fatigans in breeding sites in Delhi villages. 102576
Frequency of rabies, distribution and *density* of **foxes** [vectors of disease] studies in Baden-Wurttemberg. 097343
The applicability of **grain** *density* autoradiography to the quantitative determination of algal species production: a critique. 099853
Specification of [forest stand] *density* for the **inverse** J-shaped diameter distribution. 097984
Factors influencing the size, composition and metabolism of very **low** *density* lipoproteins in the rat. 095172
Permeability of ovarian follicles to *electron-dense* **macromolecules** [Sheep]. 096843
Effect of **maize** *density* on the yield of bean varieties having different growth habits. 101049
Pig reticulocytes. II. Characterization of *density-fractionated* **maturing** reticulocytes. 096184
Rhizosphere and nonrhizosphere microflora of Egyptian henbane [Hyoscyamus muticus] under saline conditions. I. **Microbial** *density* and activity as affected by salinization level and duration. 098762
Morphometric microdensity studies of hard tissue sections, utilising **optical** *density* contour maps and associated area co-ordinated computerised data [Cats, bone]. 096382
Effect of **plant** *density* and fertilizers on the yield of green mass of maize on the Chernozems in the Volgograd Region. 100730
Interrelationship between ways of sowing, **plant** *density* and yield of self-pollinated lines of maize. 100732
Effect of varying **plant** *density* on growth, yield and pest incidence in cotton. 100848
Effect of **plant** *density* of yield and yield components of Vicia faba L. monor (Peterm.) Beck [Broadbeans]. 100966
Comparison of plant hormones, **plant** *density* and tomato varieties cultivated in the greenhouse. 101043
Effect of nitrogen fertilization on yield and quality of sugarbeet with different **plant** *densities*. 104162
Productivity of using soil moisture and the development of leaf surface as effected by different **planting** *density* of grapevine bushes. 100613
Effect of dates of sowing, rates of nitrogen and **planting** *densities* on grain yield of hybrid maize 'Ganga 101'. 100832
Effects of **planting** *density* and research with 1 and 2 year crops of Narcissus. 101265
Some observations on dinoflagellate [Peridinium penardii] **population** *density* during a bloom in a California reservoir [Algae]. 099852
Is it necessary to diminish the *density* of **population** of maize? 100946
Relationships of initial **population** *densities* of Meloidogyne incognita and Meloidogyne hapla to yield of tomato [Root-knot nematode]. 101935
Effect of nature and *density* of **separating** liquids on nematodes during the process of extraction [from soil and plant tissue] by the centrifugation-flotation method. 101963
Effect of **sowing** *density* and levels of inorganic fertilizers on the anatomical structure of spring wheat stem. 099038
Role of the structure of the stand in the formation of the maize yield **[Spacing,** *density].* 100134
Interrelation of nutrition level, water provision rate and **stand** *density* as factors determining the productivity of pea crops. 100454
Effect of **stand** *density* on water use of mulga (Acacia aneura F. Muell.) woodlands in Southwestern Queensland. 100718
Case for improving **wood** *density* in radiata pine [Pinus radiata]. 098379
Effect of paratypic conditions on the anlage and development of **wool** *density* in the ontogeny of sheep. 096574
Influence of transplant pricking off *density* on **yield,** earliness and production quality of some tomato varieties for early field production [Spacing]. 101144

DENTAL
Dental **health** in children. 094975

DEOXYRIBONUCLEIC
Repair of *deoxyribonucleic* **acid** in ultraviolet light-sensitive and -resistant Dictyostelium discoideum strains [Fungi]. 099813
Deoxyribonucleic **acid,** ribonucleic acid, protein and uncombined amino acid content of legume seeds during embryogeny. 100090
Uptake of single-stranded **bacteriophage** *DNA* by isolated tobacco protoplasts. 100335
The influence of *DNA* **binding** protein on the substrate affinities of DNA polymerase from Ustilago maydis [Fungi]: one polymerase implicated in both DNA replication and repair. 099345
Chloroplast replication and **chloroplast** *DNA* synthesis in spinach leaves. 100559
Chromosomal *DNA* replication: retarded fork progression and altered initiation in cells infected with mengovirus or Newcastle disease virus [Infection of mouse L cells]. 097668
Division delay and *DNA* **degradation** after mutagen treatment of the yeast, Saccharomyces cerevisiae. 099341
Reiteration frequency of **delta-crystallin** *DNA* in lens and non-lens tissues of chick embryos. Delta-crystallin gene is not amplified during lens cell differentiation. 096427
DNA **evolution** in the genus Gossypium [Cotton]. 099146
The role of ATP [adenosine triphosphate] in the repair of *DNA* of **gamma-irradiated** Chinese hamster cells. 096531
Histophotometric *DNA* measurements in sunflower seedlings, crown gall tumours [caused by Agrobacterium tumefaciens], and habituated callus tissues. 100219
Characterization of the *DNA* of **Hyalophora** cecropia. 102992
Studies on the organisation of the chicken genome and its expression during myogenesis in vitro [DNA reassociation, *DNA-RNA* **hybridization**]. 096901
Transcriptional origin of Euglena chloroplast tRNAs [Algae, *tRNA-DNA* **hybridization**]. 099376
The ontogenesis of the endosperm in Delphinium ajacis L.: Problem of the regulation of the chromosome number and of the quantity of **intranuclear** *DNA*. 099621
Restriction endonuclease analysis of **mitochondrial** *DNA* from normal and Texas cytoplasmic male-sterile maize. 099383
Bromodeoxyuridine 5'-monophosphate incorporation into yeast nuclear and **mitochondrial** *deoxyribonucleic* acid. 099807
Cytophotometrical study of **nuclear** *DNA* in the different apical parts of the male gametophyte of Polytrichum formosum Hedw. during the reproductive phase [Musci]. 098907
Nuclear *DNA* synthesis in meristematic root tip cells of some Citrus species [Lemons, mandarin oranges] autoradiography and microspectrophotometry. 100403
On the characterization of *DNA* in **plant** cells by metachromasia with uranyl ions [Onions, broadbeans, lupine]. 099615
The influence of DNA binding protein on the substrate affinities of *DNA* **polymerase** from Ustilago maydis [Fungi]: one polymerase implicated in both DNA replication and repair. 099345
Studies on the organisation of the chicken genome and its expression during myogenesis in vitro *[DNA* **reassociation,** DNA-RNA hybridization]. 096901
The influence of DNA binding protein on the substrate affinities of DNA polymerase from Ustilago maydis [Fungi]: one polymerase implicated in both *DNA* **replication** and repair. 099345
DNA, **RNA** and protein synthesis during germination of spores in the cellular slime mold Dictyostelium discoideum. 099706
Molecular events of the cell cycle: a preparation for division *[DNA,* **RNA,** proteins]. 099752
Telomeric **satellite** *DNA* functions in regulating recombination [Atractomorpha]. 102893
Absence of antibodies to double-stranded RNA and *DNA* in the **sera** of scrapie-infected sheep and mice. 097414
A method for the study of the inhibition of *DNA* **synthesis** by rabbit tissue extracts. 096293
Studies of the herbicide paraquat. I. Effects on the cell cycle and *DNA* **synthesis** in Vicia faba [Broadbeans]. 102096
Attempts to detect Agrobacterium **tumefaciens** *DNA* in crown gall tumor tissue [Sunflowers]. 101706
Characterization of 2-mu **um** *DNA* of Saccharomyces cerevisiae by restriction fragment analysis and integration in an Escherichia coli plasmid [Yeast]. 099374
Effect of restriction endonucleases on infectivity of Rous sarcoma **virus** *DNA*. 097459
5-methylcytosine content of **wheat** *DNA* during different stages of ontogenesis. 100243

DEOXYRIBONUCLEOTIDES
Role of vitamin B12 in the reduction of ribonucleotides into *deoxyribonucleotides* in **Drosophila** [melonogaster] cells grown in vitro. 102833

DEPHOSPHORYLATION
A kinetic analysis of the *dephosphorylation,* by **bovine** spleen phosphoprotein phosphatase (EC 3.1.3.16) of a phosphopeptide derived from beta-casein. 096230

DEPLETION
Gastrointestinal control of sodium excretion in *sodium-depleted* **conscious** rabbits. 096181
The effect of soil **moisture** *depletion* on sugarbeet production in calcareous soils. 100086
Distribution and dispersal in populations capable of **resource** *depletion.* A field study on Cinnabar moth [Tyria jacobaeae]. 103058
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: **sperm** *depletion* in the female. 102806
Soybean root development and soil **water** *depletion.* 100074

DEPRIVATION
The effects of methacholine and **calcium** *deprivation* on the release of the false transmitter, alpha-methyladrenaline, from the isolated rabbit heart. 096492
Studies of lesions produced in the brains of **colostrum** *deprived* lambs by Clostridium welchii (Clostridium perfringens) type D toxin. 097401
Dual role of **environmental** *deprivation* and malnutrition in retarding intellectual development. 094984
Changes in the sensitivity to hypoxia and **glucose** *deprivation* in the isolated perfused rabbit heart during perinatal development. 096496
The development of the electroretinogram in normal and *light-deprived* **rabbits.** 096503
Shirnk and its importance to cowmen and cattle feeders [Loss in weight due to loss of gut fill or tissue due to feed and **water** *deprivation* or exposure to other stresses]. 097793

DEPROTEINIZATION
Absorption of P32 [phosphorus isotope]-labelled tobacco mosaic virus by isolated tobacco protoplasts and *deproteinization* of the **virus** in them. 101798

DERIVATIVES
Separation of folic **acid** *derivatives* by high-performance liquid chromatography. 095140
Oxidative coupling of bromo- and iodo-ferulic **acid** *derivatives:* synthesis of (plus/minus)-veraguensin [Phyllanthus niruri]. 100011
Alteration of sowing qualities of cotton seeds as effected by butyric **acid** *derivatives* [Growth substances]. 100222
Synthesis of **cellulose** *derivatives* with fluorine-containing N-oxymethylaminotriazines. 098369
Methods of obtaining new anionotropic nitrogen-containing **cellulose** *derivatives.* 098437
Study of the structure of photochemical hydration products of **chlorophyll** and its *derivatives.* 099701
Note on two new **coumarin** *derivatives* of Machaeranthera scabrella (Greene) Shinners. 099648
Phenolics and **indol** *derivatives* as preselection indices for the growth of Prunus trees. 100616
Ozonolysis activation strengthening of water solutions of **lignin** *derivatives* by high-frequency vibrations. 098347
Preparation of yeast [Saccharomyces cerevisiae] **mannan** *derivatives* by stearoylation and phosphorylation. 099670
Derivatives of Plantago ovata seed husk. II. **Methoxyl** *derivatives.* 100649
Effect of vitamin A and its *derivatives* on **mitochondrial** respiration [Rats]. 095018
Effect of tetrahydroquinoline derivatives on the growth of mold fungi [Aspergillus niger, Aspergillus fumigatus, Penicillium cyclopium]. II. N-alkyl substituted THQ and their **nitro** *derivatives.* 099870
Relations between structure and bitter taste of amino acids and peptides. II. **Peptides** and their *derivatives.* 095542
Derivatives of **Plantago** ovata seed husk. II. Methoxyl derivatives. 100649
Investigation of vital staining of separated roots of different species of plants as a function of their **sensitivity** to 2,4-D and its *derivatives.* 099992
Fluorescence characteristics of lignin model compounds. I. **Styrene** *derivatives.* 098178
Mono-, di-, and tri-saccharides and their *derivatives* **[Sugars].** 099638
New **terpene** *derivatives,* constituents of the essential oil of Cascarille. 099599
Naturally occurring **terpene** *derivatives.* LVII. Further furanoeremophilanes from Othonna species. 099644
Naturally occurring **terpene** *derivatives.* 58. Constituents of the genus Brickellia. 099645
Naturally occurring **terpene** *derivatives.* 59. On new diterpenes from Dimorphotheca pluvialis Moench. 099646
Naturally occurring **terpene** *derivatives.* LIV. New terpene aldehyde esters from Peucedanum luxurians Tamamsch. 099647
Effect of **tetrahydroquinoline** *derivatives* on the growth of mold fungi [Aspergillus niger, Aspergillus fumigatus, Penicillium cyclopium]. II. N-alkyl substituted THQ and their nitro derivatives. 099870
Studies on the effectiveness of some new **thioureido** *derivatives* as a systemic fungicides [Root treatment]. 101671

DERMACENTOR
2,6-dichlorophenol, the sex pheromone of the Rocky Mountain wood tick, *Dermacentor* **andersoni** Stiles and the American dog tick, Dermacentor variabilis (Say). 102578
The influence of various factors on fluid secretion by in vitro salivary glands of ixodid tick *[Dermacentor* **andersoni,** Ixodes ricinus, Ixodes hexagonus, Dermacentor reticulatus]. 102983
New distribution record for *Dermacentor* **hunteri** Bishopp (Acari: Ixodidae) [in Mexico]. 102586
The influence of various factors on fluid secretion by in vitro salivary glands of ixodid tick [Dermacentor andersoni, Ixodes ricinus, Ixodes hexagonus, *Dermacentor* **reticulatus].** 102983
2,6-dichlorophenol, the sex pheromone of the Rocky Mountain wood tick, Dermacentor andersoni Stiles and the American dog tick, *Dermacentor* **variabilis** (Say). 102578

DERMAPTERA
The occurrence of trehalose in an earwig, Forficula **auricularia** L. *(Dermaptera).* 102898

DERMATITIS
Blood glucose levels in cases of *dermatitis* in **bovines** and the effect of glucose supplementation on recovery. 097744
Diagnosis and treatment of allergic **inhalant** *dermatitis* (atopy) [Dogs]. 097691
Dermatitis **produced** by Rhodotorula glutins [yeast] in broiler-age chickens. 097252

DERMATOLOGY
Feline *dermatology* [Cats]. 097106
[Dermal] **myiasis** caused by Lucilia sericata (Meigen) in a rabbit. 102614
Selected cases from my *dermatology* **practice** [Dogs, cats]. 097121
Detection of tuberculosis in non-human primates with special reference to *intradermal* **tuberculin** testing [Mycobacteriumtuberculosis]. 097243

DERMATOPHILUS *see* SARCOPSYLLIDAE

DERMESTES
The survey on the insect fauna in filature factories [Anthrenus verbasci, Attagenus piceus, *Dermestes* **ater,** silk pests]. 102542
Dermestid beetles: larder and carpet beetles *[Dermestes* **lardarius,** Anthrenus scrophulariae]. 102530
Evaluation of chlorpyrifos and chlorpyrifos-methyl for control of *Dermestes* **maculatus** Deg. (Coleoptera: Dermestidae) on sheepskins. 102535

DERMESTIDAE
Dermestid **beetles:** larder and carpet beetles [Dermestes lardarius, Anthrenus scrophulariae]. 102530
Oviposition and development of Trogoderma granarium Everts (Coleoptera: *Dermestidae)* under different **ecological** conditions [Maize]. 102532
Evaluation of chlorpyrifos and chlorpyrifos-methyl for control of Dermestes maculatus Deg. (Coleoptera: *Dermestidae)* on **sheepskins.** 102535

DERRIS
Isolation and identification of tubaic acid and beta-tubaic acid from *Derris* **[elliptica]** roots. 099467
Cytology of pongam oil tree, *Derris* **indica** (Lamk.) Bennet. 098941
Studies in Leguminosae. 24. Notes on the Indo-Burmese species of *Derris* **[New** taxa]. 098636

DESERTS
Effect of land use period on the aggregation of *desert* **calcareous** soils. 103655
Desert-o-rama V. 095325
The *desert-side* **economy** of the central Sudan [Climatic cycles, ethnic groups]. 094714
The management of *desert* **grazing** systems [Sahel]. 100810
Disaster in the *desert* **[International** relief, Sahel]. 094712
Feeding, energy flow and soil turnover in the *desert* **isopod,** Hemilepistus reaumuri. 103059
Forecasting infestations of tropical migrant pests: the *Desert* **Locust** [Schistocerca gregaria] and the African Armyworm [Spodoptera exempta]. 102272
Influence of an artificial nutrition with a meridic diet on several biological characters of the *desert* **locust** Schistocerca gregaria Forsk. 102846
The pattern of ecdysone levels during development in the *desert* **locust,** Schistocerca gregaria. 103022
Digestive enzymes of the *desert* **millipede** Orthoporus ornatus (Girard) (Diplopoda: Spirostreptidae). 102894
Sodium relations in desert plants. 5. Cation balance when grown in solution culture and in the field in three species of Lycium from the northern **Mojave** *Desert.* 099982
Fog catchment sand trenches constructed by trenebrionid beetles, Lepidochora, from the **Namib** *Desert.* 103093
Sodium relations in *desert* **plants.** 5. Cation balance when grown in solution culture and in the field in three species of Lycium from the northern Mojave Desert. 099982
Rainfall and fluctuating plant populations in relation to distributions and numbers of *desert* **rodents** in southern Nevada. 098836
Different levels of soil organic matter in *desert* **soil** and nitrogen fertilizer on yields and mineral composition of barley grown in the soil. 103924
Web-site selection in the *desert* **spider** Agelenopsis aperta. 103071
A new species of Ferula [taucumica] from the **Taukuma** *Desert.* 098526
Plant indication of the main routes of salt migration in the **Ustyurt** *desert.* 098856
Technological methods promoting the quality improvement of *desert* **wines** from the steppe zone in the Ukraine. 095981

DESICCANTS
Analysis of [the herbicide, defoliant and *dessicant]* **bipyridyl** phosphate. 102129
Device for treatment of cotton plots with defoliants and *desiccants* in **field** experiments using tractor sprayers. 103600
Chemical drying of alfalfa seed crops *[Desiccants,* **harvesting** aid]. 100997
Application of *desiccants* in **potato** plantings. 101198
Effect of paraquat [a herbicide and **preharvest** *desiccant]* on carbon assimilation and transport by sugarcane leaves in white light and darkness. 102171
Promising *desiccants* for cotton. 101004

DESICCATION
Effectiveness of preharvesting **air-chemical** *desiccation* of spring wheat in the Perm' Region. 100882
Chemical *desiccation* of grain sorghum [by controlling perennial weeds]. 102075
Desiccation in the **determination** of drought resistance by pre-sowing [sorghum] seed treatments. 100303
Effectiveness of defoliation and *desiccation* of **hemp.** 100881
Borya nitida Labill.—an Australian species in the Liliaceae with *desiccation-tolerant* **leaves.** 099522
Influx intensity of phosphorus 32 [isotope] in cotton plants and its outflow into reproductive organs after the *desiccation* by **magnesium** chlorate. 100228
The fine structure of dehydrated and reviving leaves of Borya nitida Labill.—a *desiccation-tolerant* **plant.** 098888
Preharvesting *desiccation* of sugarbeet seed crops. 100884

DESMODIUM
Root nodulation and root nodule activity of *Desmodium* **glabellum** (Michx.) DC [Red clover]. 100302

DESORPTION
Adsorption and *desorption* of **cadmium** by synthetic and natural organo-clay complexes. 103743
Sorption and *desorption* of **caesium** microquantities by soddypodzolic soils of various mechanical composition. 103737
Field *desorption* mass spectrometry of commercial pesticides and mixtures of pesticides. 102709
Desorption **iron-59,** cobalt-60, and strontium-90 [isotopes] from soil by plant extracts in the conditions of dynamic experiments [Radioactive contamination]. 104644
Recovery of anthocyanins from wine distillation wastes. I. An *adsorption-desorption* **process.** 104536

DESSERTS
New **milk** *desserts* from New Zealand. 095643

DESYNAPSIS
Aneuploids from a *desynaptic* **mutant** in soybeans (Glycine max (L.) Merr.). 099155

DETERGENTS
Metals, *detergents* and **sterilizers** [for cleaning food and dairy equipment]. 095447
Detergents [**Water** pollution]. 104549

DETERIORATION
Agricultural production systems in the Sahel **[Ecological** *deterioration].* 094709
Mould *deterioration* of cocoa during processing and storage in Nigeria. 101502
Deterioration in the **quality** of feed caused by fungi. 096004

DEUTERIUM
Negative water balance induced by intracerebroventricular infusion of *deuterium* **[Goats].** 096162

DEWATERING
An integrated separation, aerobic treatment and **sludge** *dewatering* system for pig slurry. 104523

DEXAMETHASONE
Fatty acid and prostaglandin composition of left ventricular myocardium from *dexamethasone-treated* **dogs** with severe low output syndrome (LOS). 097758

DEXTRAN
Studies on the central venous pressure in the dog. II. Changes of central venous pressure following fluid transfusion. 1. Infusion of *dextran* 70 and **lactated** Ringer's solution to normal dogs. 096534
Gibberellins. XLIII. Fractionation of gibberellins, gibberellin conjugates and other plant hormones by *dextran* **Sephadex** chromatography. 099830

DEXTRANASE
Dextranase **activity** in Oerskovia xanthineolytica [occurringin soil]. 103770
Sensitive assay for cellulase and *dextranase* **[Cellulose].** 095395
Synthetic medium for biosynthesis of *dextranase* by **Penicillium** funiculosum [Fungi]. 099510
Dextranase **production** by certain plant pathogenic fungi [Rhizoctonia bataticola, Sclerotium oryzae, Fusarium oxysporum f. melonis]. 099686

DIABETES
Diabetic **ketoacidosis** in the canine [Dogs]. 097690
The role of the combination of sucrose and milk in *diabetes* **mellitus.** 094968
Treatment of **umcomplicated** *diabetes* mellitus in the canine [Dogs]. 097707

DIABROTICA
Antennal morphology of [corn rootworm] *Diabrotica* **virgiferaadults** (Coleoptera: Chrysomelidae). 102791

DIACETYL
Studies on the mechanism of acetion and *diacetyl* **biosynthesis** by microorganisms. III. Production of acetoin and diacetyl by Lactobacillus bulgaricus [Dairy products]. 095658

DIAERETIELLA
Toxicity of pesticides sprayed over plant aerial parts to *Diaeretiella* **rapae** (Hymenoptera: Aphididae) under laboratory conditions. 102235

DIAGNOSIS
Adaptation of the microtechnique complement fixation test for the *diagnosis* of **African** horse sickness. 097611
Bovine mycotic abortion: serology as an **aid** in *diagnosis.* 097509

Application of the passive fluorescent antibody technique to the *sero-diagnosis* of **animal** virus diseases. 097505
Mycotoxicoses of domestic **animals** and their *diagnosis*. 097846
Diagnosis of the **Aujeszky** disease [cattle, swine]. 097303
Comparison of indirect fluorescent antibody (IFA) with complement fixation (CF) tests for *diagnosis* of **Babesia** spp infections in Colombian cattle. 097637
The value of profiles in veterinary practice *[Diagnosis,* **biochemistry**]. 097128
Fetal serology as an aid to *diagnosis* of **bovine** abortion [Bacterial infections]. 097521
Significance of blood uric acid contents in the *diagnosis* of **canine** liver diseases. 097763
Epidemiology, etiology, clinical features, and *diagnosis* of **chronic** pancreatic fibrosis. 097750
Diagnosing **congenital** defects in cattle. 097752
The **differential** *diagnosis* of seborrheic skin disorders. 097126
Differential *diagnoses* in avian medicine. III. Diseases of the respiratory system. 097194
The **differential** *diagnosis* of abdominal effusion. 097705
Nonselective angiocardiography in the **differential** *diagnosis* of hypertrophic and congestive cardiomyopathy in the feline. 097724
Analysis of the phytosociological system of synantropic associations on the basis of Czekanowski's **differential** *diagnosis*. 098763
Poultry **diseases** *diagnosed* in Canadian laboratories for theyear 1974. 097202
Diagnosis of **duck** virus enteritis (duck plague). 097516
Peripheral plasma progesterone in the ewe: its application to the *diagnosis* of **early** pregnancy following oestrus synchronization treatment. 096926
The mouse inoculation test in rabies diagnosis: **early** *diagnosis* in mice during the incubation period. 097295
Morphophysiological method of **early** *diagnosis* of short-stem character in wheat. 099257
Value of the indirect fluorescence antibody test in the *diagnosis* and the **epizootiological** survey of bovine trypanosomiases. 097615
Feline infectious peritonitis: *diagnosis* and **experimental** reproduction of the disease. 097592
Diagnostic **features** of recent prsudorabies (Aujesky's disease) outbreaks in central United States. 097518
Methodology of sampling the leaves of black currant for the *diagnosis* of its **fertilizer** requirements. 100501
Foliar *diagnosis* of nitrogen nutrition of carrots [Chemicalcomposition]. 100500
1974 season **foliar** *diagnosis* [Sugarcane]. 104113
Diagnostic **indices** of the level of cultivation of soddy-podzolic sandy and loamy-sandy soils. 103754
A simple technique for mass cultivation of Campylobacter fetus [for agglutination tests in *diagnosing* **infection** in animals and for vaccine preparation]. 097286
Report of cost estimate survey of clinical pathology and [animal] *diagnostic* **laboratories**. 097137
BVD virus strain variation and **laboratory** *diagnostic* problems. 097510
Laboratory *diagnosis* of African swine fever. 097528
Laboratory *diagnosis* of equine adenoviral infections. 097529
Laboratory *diagnosis* of bovine abortion [Infectious diseases]. 097530
Laboratory *diagnosis* of bovine virus diseases. 097531
The **laboratory** *diagnosis* of bovine leukemia virus infection. 097552
Diagnostic **methods** in animal trypanosomiasis. 097651
Lymphocyte immunostimulation in the *diagnosis* of **mycobacterial** and viral infections of cattle and swine. 097534
[Livestock disease] *diagnostic* **network** helps stockmen in Nebraska. 097150
Foliar analysis for the *diagnosis* of **nitrogen** nutrition of lemon trees. 104077
Nutrition *diagnosis* of fiber flax, oats and buckwheat. 100229
Nutrition *diagnosis* of cucumbers grown on an artificial substrate. 100502
Nutrition *diagnosis* of cucumber vines grown on gravel in greenhouses. 100503
Nutrition *diagnosis* of young stone fruit trees. 100504
Nutrition *diagnosis* of chrysanthemum. 100505
Studies on the **nutritional** *diagnosis* of wheat. 100145
Myeloproliferative disorders and associated leukemias in the cat: **pathogenesis** *diagnosis,* cytology, therapy and control. 097697
Principles and significance of **plant** *diagnosis* [Chemical composition]. 099848
Methods of determining nitrogen in soil for the *diagnosis* of **plant** provision with this element on leached Chernozems inKuban'. 104079
Pregnancy *diagnosis* in ewes using etological reaction to estrogens and abortive activity of dioxy-diethyl-stilbestrol and estradiol benzoate. 096869
A **presumptive** *diagnosis* of avian necrotic enteritis in the fowl (Gallus gallus domesticus) from Assam (India). 097245
Laboratory tests in canine leishmaniasis. I. Application to *diagnosis,* **prognosis** and treatment verification in natural disease [Leishmania]. 097618
The mouse inoculation test in **rabies** *diagnosis:* early diagnosis in mice during the incubation period. 097295
Radiographic *diagnosis* of bone tumors and bone infection in the dog. 097118
Evaluation of nutrition conditions of maize by methods of plant and **soil** *diagnosis* [Chemical composition]. 100227
Use of **"soil** *diagnosis"* for the estimation of fertilizer requirements of Ivory Coast cocoa plantations. 103917
A *diagnostic* **survey** of bovine viral infections in the Northern Plains states. 097498
Pathophysiologic classification and a *diagnostic* **system** for respiratory diseases. 097114
The sensitivity test as a *diagnostic* **tool** for the treatment of puerperal diseases in sows. 097751
Diagnosis and **treatment** of allergic inhalant dermatitis (atopy) [Dogs]. 097691
Diagnosis of **triorthocresyl** phosphate poisoning in cattle. 097845
Ultrastructural *diagnosis* of bovine papular stomatitis. 097554
Diagnosis of **vesicular** disease in swine. 097517

DIALLATE

Investigations on the influence of the **herbicide** *Diallate* on some cereal diseases. 102170

DIALYSIS

Chemotaxonomy: critical analysis of the use of biochemical features from seed proteins. Example of variability from technical origin given by a kinetic **study** of the *dialysis*. 098703

DIANTHUS

Breeding for resistance to Phialophora cinerescens (Wr.) van Beyma in glasshouse **carnations** *(Dianthus* caryophyllus L.). 099170
Carnation *[Dianthus* **caryophyllus]** in Westland, Aalsmeer, and Roelofarendsveen; crop year 1974 [Prices]. 094585
Greenhouse bench trials of selected Fusarium wilt-resistantcarnations *[Dianthus* **caryophyllus]**. 101420
Pathogenicity of Bipolaris (Helminthosporium) setariae and Bipolaris maydis races T and O to carnation, geranium and snapdragon *[Dianthus* **caryophyllus,** Pelargonium domesticum, Antirrhinum majus]. 101557
Characters and specificity of two biological races of [the nematode] Heterodera on *Dianthus* **caryophyllus.** 101961

DIAPAUSE

Induction of **egg** *diapause* by implantation of corpora cardiaca and corpora allata in Bombyx mori. 103248
Factors governing the induction of *diapause* in **Ephestia** elutella and Plodia interpunctella (Lepidoptera). 103074
Diapause **hormone** B: its selective extraction and isolation from the silkworm, Bombyx mori. 103207
Factors influencing the duration and termination of *diapause* in the **Indian-meal** moth, Plodia interpunctella. 103075
An endocrine view of metamorphosis, polymorphism, and *diapause* in **insects.** 102957
Endocrine interactions controlling the **larval** *diapause* of the southwestern corn borer, Diatraea grandiosella. 102334
Photoperiodic and thermoperiodic interactions in the regulation of the **larval** *diapause* of Diatraea grandiosella. 103011
Percentage of ecdysone circulating in last larval ages and induction of **nymphal** *diapause* in Pieris brassicae. 102849
Photoreception, pigment and *diapause* of **Pieris** brassicae. 102850
Causes and role of *diapause* of **rape** sawfly (Athalia colibriChrist., Hymenoptera Tenthredinidae). 102350
Selection for a *diapause* **strain** of the bollworm, Heliothis zea. 102986
The subgenus Persicargas (Ixodoidea: Argasidae: Argas). 25. Effect of temperature on *diapause* **termination** in female Argas (Persicargas) arboreus Kaiser, Hoogstraal and Kohls. 102922

DIAPHRAGM

Diaphragmatic **hernia** in horses. 097802

DIARRHEA

Pathological and microbiological observations made on spontaneous cases of acute neonatal **calf** *diarrhea*. 097292
Separation and properties of enterovirus and reovirus recovered from a fecal sample of **calf** with *diarrhea*. 097456
The prevalence of enterotoxigenic Escherichia coli in the feces of **calves** with *diarrhea*. 097296
The exploitation of transmissible plasmids to study the pathogenesis of Escherichia **coli** *diarrhoea* [in calves, piglets, lambs]. 097629
The **common** *diarrhoeas* of sheep in Britain [Colibacillosis and lamb dysentery]. 097666
Recovery and characterization of a coronavirus from military **dogs** with *diarrhea*. 097571
Bacterial competition as a means of preventing **neonatal** *diarrhea* in pigs. 097377
Ronidazole in high concentrations in drinking water for treatment and prevention of *diarrhea* in **swine** dysentery. 097227
Lesions and microorganisms in aborted bovine fetuses with bovine **viral** *diarrhea* antibodies. 097532
BVD [bovine **virus** *diarrhea]* virus in commercial fetal calf serum and 'normal' and aborted fetuses. 097511

DIATOMACEAE

A checklist of **planktonic** *diatoms* and dinoflagellates [Algae] from Helgoland and List (Sylt), German bight. 098525
Planktonic *diatoms* and silica in Loch Leven, Kinross, Scotland: a one month silica budget [Algae]. 099725

DIATOMS

Studies on Plover Cove Reservoir, Hong Kong. III. A comparison of the species composition of *diatom* **floras** on different substrates, and the effects of environmental factors on their growth [Algae]. 098792
The position of the labiate process in the *diatom* **genus** Skeletonema [Algae]. 098902
Examination of *diatom* **type** material: nitzschia delicatissimaCleve, Thalassiosira minuscula Krasske, and Cyclotella nana Hustedt. 098550

DIATRAEA

Studies on the chemical control of the corn **borer** *Diatraea* saccharalis Fab. on the maize crop (1973/74) [Argentina]. 102329
Endocrine interactions controlling the larval diapause of the southwestern corn borer, *Diatraea* **grandiosella.** 102334
Photoperiodic and thermoperiodic interactions in the regulation of the larval diapause of *Diatraea* **grandiosella.** 103011
Studies of rind hardness in sugarcane *[Diatraea* **saccharalisresistance].** 102340

DIAZINON

German cockroach [Blattella germanica] resistance: propoxurselection induces the same resistance spectrum as *diazinon* selection. 102255
Some considerations in the treatment of *diazinon* **poisoned** goslings [Geese]. 097800

DICARBOXYLIC

Rate of transfer of C14 [carbon isotope] from *dicarboxylic* **acids** to the pentose phosphate cycle as a function of the ratio of malate and aspartate and disposal of the chloroplasts in C [carbon]-4 plants. 099996
Transport of amides of *dicarboxylic* **amino** acids from the roots to the leaves and renewal of proteins in different organs of corn seedlings. 100319
The influence of fluoride, malonic and pyruvic acids on the respiratory metabolism and the metabolism of *dicarboxylic* and **tricarboxylic** acids in two-year-old leaves of chicory. 100610

DICHLORIDE

Effects of pure **paraquat** *dichloride,* "Gramoxone W", and formulation additives on soil microbiological activities. 1. Estimations of soil biomass in laboratory-treated soil. 103862
Effects of pure **paraquat** *dichloride,* "Gramoxone W" and formulation additives on soil microbiological activities. 2. Effects on respiration, organic matter mineralization, and nitrification in laboratory-treated soil. 103863

DICHLOROPHENOL

Light-reactivation of (Tris-washed)-DPIP *[2,6-dichlorophenol* **indophenol]-treated** chloroplasts: manganese incorporation, chlorphyll fluorescence, action spectrum and oxygen evolution. 099920
2,6-dichlorophenol, the **sex** pheromone of the Rocky Mountain wood tick, Dermacentor andersoni Stiles and the American dog tick, Dermacentor variabilis (Say). 102578

DICHLOROPHENOXYACETATE

Effects of ethylene and 2,4-D *[dichlorophenoxyacetic* **acid]** on the activity of cellulase isoenzymes in abscission zones of the developing orange fruit. 100529
Effect of aerial chemical care of young stands [with *2,4-dichlorophenoxyacetic* **acid]** on the incidence of pine trees infected with trunk rust, Melampsora lini (A. Br.) Rostr. 101605
Herbicides. I. Crystal structure of 2,4-D *(2,4-dichlorophenoxyacetic* **acid).** 102126
Sensitivity of pigweed plants [Amaranthus] to Crotilin [chlorocrotyl ester of *2,4-dichlorophenoxyacetic* **acid].** 102144
Control of water lettuce, Pistia stratiotes, with diquat and 2,4-D [Aquatic weeds, *dichlorophenoxyacetic* **acid].** 102163
Chemical injections for thinning pole-size hardwoods in the Ozarks [Picloram, *2,4-dichlorophenoxyacetic* **acid].** 102209
Herbicide (2,4-D) *[2,4-dichlorophenoxyacetic* **acid]** increases insect and pathogen pests on corn [Ostrinia nubilalis, Helminthosporium maydis]. 102367

DICHLOROPHENYL

Metabolism of the insecticide SD 8280, *2-chloro-1-(2,4-dichlorophenyl)vinyl* **dimethyl** phosphate, following its application to rice. 102344
Degradation of the insecticide SD 8280, 2-chloro-1-(2, *4-dichlorophenyl)vinyl* **dimethyl** phosphate, in soils [Residues]. 102754

DICHLOROPROPANE

Dichloropropene-dichloropropane to **control** Heterodera carotae [Nematodes, carrots]. 101962
Influence of DD *[dichloropropane,* **dichloropropene]** nematocide [used to control Heterodera schachtii] on biological value of some vegetables [Cabbage, Brussels sprouts and red beets]. 101853

DICHLOROVINYL
X-ray crystal structures of two pyrethroid insecticides: cis-3-phenoxybenzyl 3-(2,2-dibromovinyl)-2,2-dimethylcyclopropanecarboxylate and the *3-(2,2-dichlorovinyl)* **analogue.** 102717

DICHLORVOS
Effect of organophosphate DDVP *[dichlorvos]* on **acetylcholine** synthesis of rat brain [Insecticides, toxicity]. 102721
Action of two insecticides: lindane and *dichlorvos* on **mice** adrenal glands. 102672
The determination of *dichlorvos* [**organophosphorus** insecticide] in milk by using classical and square-wave polarograph. 102744
A study of the effects of DDVP *[dichlorvos]* **(propoxure)** on laboratory mouse [Insecticides, toxicity]. 102676

DICOTYLEDONS
Research on new herbicides for the control of *dicotyledonous* **weeds** in winter wheat. 102177

DICOUMARIN
Effect of *dicumarol* on **D-galactose** absorption and oxygen consumption by the chicken intestine [Metabolism]. 096548

DICRANUM
Biometrical research in *Dicranum* **scoparium** Hedw. [Musci]. 099591

DICTYOCAULUS
Isolation of **infective** *Dictyocaulus* larvae from herbage [Livestock parasites]. 097657

DICTYOPLOCA
Acquisition of the envelope of nuclear polyhedrosis viruses in the Chinese oak silkworm, Antheraea pernyi Guer-Min, and the Japanese giant silkworm, *Dictyoploca* **japonica** Butler. 103222

DICTYOPTERA
Fine structure of the rectum in **cockroaches** *(Dictyoptera):* general organization and intercellular junctions [Periplaneta americana, Blatta orientalis, Supella supellectilium, Blaberus craniifer]. 103120

DICTYOSTELIUM
Development of *Dictyostelium* **discoideum:** a study by scanning electron microscopy. 099012
5' terminal nucleotide sequences of the messenger RNAs of *Dictyostelium* **discoideum** [Slime mold]. 099145
Primer dependency of glycogen synthetase during differentiation in *Dictyostelium* **discoideum** [Slime mold]. 099538
Effects of differentiated membranes on the developmental program of the cellular slime mold *[Dictyostelium* **discoideum].** 099693
Inhibition of the development of *Dictyostelium* **discoideum** [Fungi] by isolated plasma membranes. 099694
The effect of ammonia on fruiting body size and microcyst formation in the cellular slime molds [Polysphondylium pallidum, *Dictyostelium* **discoideum].** 099695
Localization of glycogen synthetase during differentiation of presumptive cell types in *Dictyostelium* **discoideum** [Fungi]. 099811
Differentiation for aggregation in the cellular slime moulds: the emergence of autonomously signalling cells in *Dictyostelium* **discoideum** [Fungi]. 099821
Spore germination promoter of *Dictyostelium* **discoideum** [Fungi] escreted by Aerobacter aerogenes. 099822
Quantitation of the spatial distribution of 'prespore vacuoles' in pseudoplasmodia of *Dictyostelium* **discoideum** [Fungi]. 099831
The autonomous cell in *Dictyostelium* **discoideum** [Fungi]. 099844
DNA, RNA and protein synthesis during germination of spores in the cellular slime **mold** *Dictyostelium* discoideum. 099706
Repair of deoxyribonucleic acid in ultraviolet light-sensitive and **-resistant** *Dictyostelium* discoideum strains [Fungi]. 099813

DIEBACK
Citrus *dieback* [caused by mycoplasma-like organisms, transmitted by Toxoptera citricidus]. 101717
Development of disease and dynamic of **pine** *dieback* caused by Fomes annosus (Fr.) Cooke during 1971 and 1972 at Deliblato Sand [Yugoslavia]. 101433

DIEFFENBACHIA
Soluble proteins of *Dieffenbachia* **[picta].** 100555

DIELDRIN
Residue levels of *dieldrin* in **Chondrostoma** spp. From Guadalmellato River. 102658
Dieldrin and **parathion** interaction in the prostate and liver of the mouse. 097821
In vitro inhibition of lactic acid dehydrogenase by insecticidal polychlorinated hydrocarbons. 2. Inhibition by *dieldrin* and **related** compounds. 102710
Dieldrin **toxicity** and successive discrimination reversal in squirrel monkeys (Saimiri sciureus). 102723

DIELECTRIC
Frequency and moisture dependence of the *dielectric* **properties** of hard red winter wheat. 100215
Analysis of the dependence of **relative** *dielectric* permittivity of butter upon its water content. 095667

DIELS
Seasonal abundance, *diel* **periodicity** and habitat preference of the striped earwig Labidura riparia in the coastal plainof South Carolina [Potential predator of insect pests, Spodoptera littoralis, soybeans, corn, cotton]. 102282

DIETHYL
Repellency of *N,N-diethyl-M-toluamide* **(DEET)** and 2-hydroxyethyl cyclohexanecarboxylate against the deer flies Chrysops atlanticus Pechuman and Chrysops flavidus Wiedemann. 102587
Pregnancy diagnosis in ewes using etological reaction to estrogens and abortive activity of *dioxy-diethyl-stilbestrol* and **estradiol** benzoate. 096869
Devrinol *[2-(alpha-naphthoxy)-N,N-diethyl* **propionamide,** herbicides, residues]. 102629

DIETHYLAMINOETHYL
Investigation of grape skin polysaccharides by chromatography of DEAE *[diethylaminoethyl]* **cellulose** and paper electrophoresis. 095877

DIETHYLSTILBESTROL
Lack of effect of **dietary** *diethylstilbestrol* on reproductive performance [Rats]. 096720
Pregnancy diagnosis in ewes using etological reaction to estrogens and abortive activity of *dioxy-diethyl-stilbestrol* and **estradiol** benzoate. 096869

DIETS
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: fecundity as affected by mating, **adult** *diet* and artificial rearing. 102805
Effect of *dietary* **aflatoxin** [produced by the fungus Aspergillus flavus] on fertility, hatchability, and progeny performance of broiler breeder hens [Aflatoxicosis]. 096642
Effect of *dietary* **alpha** tocopherol on liver microsomes and mitochondria of aging rats. 095147
Protein needs and possible modifications of the **American** *diet.* 095133
Computer can **analyze** your *diet.* 095064
Artificial *diets* for larvae of harmonia axyridis Pallas (Coleoptera: Coccinellidae), an insect predator of aphids and scale insects. 103091
Using rye in *diets* for **assaying** antibiotic growth promotion [Chickens]. 096736
Atherosclerotic lesions produced in baboons by feeding an **atherogenic** *diet* for four years. 095053
Effect of feeding fat to dairy cows receiving a fat-deficient **basal** *diet.* I. Milk yield and composition. 096704
Effect of feeding fat to dairy cows receiving a fat-deficient **basal** *diet.* II. Fatty acid composition of the milk fat. 096705
A weight control program for students using *diet* and **behavior** therapy. 095117
Application of feed defluorinated phosphates in the *diets* of **broiler** chicks. 096721
The number of feathers on the litter; another criterion for evaluating the adequacy of **broiler** *diets.* 097012
Low-sodium peanut **butter** *[Diets].* 095138
Effects of *dietary* **caffeine** on the testis of the domestic fowl, Gallus domesticus. 096954
Intestinal calcium transport: parathyroid hormone and adaptation to *dietary* **calcium** [Rats]. 096643
Recent developments in eggshell quality *[Dietary* **calcium].** 096678
Diet **calcium** and pH [hydrogen-ion concentration] versus mineral balance in Holstein cows 84 days pre- to 2 days postpartum. 096706
Effect of *dietary* **calcium** and phosphorus on the incidence of atrophic rhinitis in pigs. 097738
Relationship of *dietary* **carbohydrate,** magnesium, and potassium to grass tetany [Metabolic disorders of cattle]. 097856
The influence of some **carbohydrate** *diets* as adult food or group interaction during immature stages on the programming of oviposition in the spotted bollworm, Earias fabia Stoll (Lepidoptera: Noctuidae). 102354
Effect of feeding a **carbohydrate-free** *diet* on the growth and metabolism of preruminant kids. 096657
Psychological aspects of *dietary* **change.** 095083
Effect of phenformin and ethyloestrenol on blood fibrinolytic activity of rabbits maintained on high **chloesterol** *diet.* 095092
Experimental atherosclerosis in rabbits fed **cholesterol-free** *diets.* 5. Comparison of peanut, corn, butter, and coconut oils. 095055
Effect of changes in *dietary* **components** on the serum bilirubin in Gilbert's syndrome. 094957
Low fiber content of **Connecticut** *diets.* 094994
Variations in the response of the thyroid gland of the rat to different low-iodine diets: correlation with iodine **content** of *diet.* 095047
Weight watchers: a total approach to weight **control** *[Diet].* 095033
Induction of abnormal fatty acid metabolism and essential fatty acid deficiency in rats by *dietary* **DDT.** 102656
Decreased *dietary* protein or energy intake and plasma growth hormone levels of the pregnant pig, its fetuses and developing progeny. 096713
Lack of effect of *dietary* **diethylstilbestrol** on reproductive performance [Rats]. 096720
The influence of fiber in the *diet* on **dilation** (hypertrophy) of the proventriculus in chickens. 096648
Dietary **disaccharides** in experimental atherosclerosis in rhesus monkeys. 095054
Diet **effect** on initial fructose and citric acid levesl in the semen of Indian bulls. 096784
Efficiency of utilization of *dietary* **energy** by temperate breeds [Holstein-Friesian, Brown Swiss] of dairy cows under tropical conditions. 096685
Effect of environment and *dietary* **energy** on caged Leghorn pullet performance [Poultry]. 096751
Energy requirement of roosters as influenced by environmental temperature, *dietary* **energy** and age. 096753
Dietary **essential** fatty acids, prostaglandin formation and platelet aggregation. 095171
Efficacy of *diet* and **exercise** in the reduction of serum cholesterol and triglyceride in free-living adult males. 094988
The effects of *dietary* **fatty** acids and cholesterol on the milk lipids of lactating women and the plasma cholesterol of breast-fed infants. 095009
Dietary **fiber** in human nutrition and disease. 094908
Definition of *dietary* **fiber** and hypotheses that it is a protective factor in certain diseases. 094983
Dietary **fiber.** 095036
Effect of *dietary* **fibre** on gallstone formation in hamsters. 097773
Influence of rearing with all **forage** *diet* on the body weight gain and the feed efficiency in the followed fattening period in Holstein steers. 096658
Processed poultry waste compared with uric acid, sodium urate, urea and biuret as nitrogen supplements for beef cattle fed **forage** *diets.* 096700
Diet and **growth** in congenital heart disease. 095190
Mineral metabolism in chicks on **high** *dietary* pyridoxine and magnesium. 096512
Differential effects of **high** *dietary* levels of vitamin A onthe vitamin E-selenium nutrition of young and adult chickens. 096714
Population dynamics of arterial smooth muscle cells. V. Cell proliferation and cell death during initial 3 months in atherosclerotic lesions induced in swine by **hypercholesterolemic** *diet* and intimal trauma. 096674
Influence of protein restriction *[diets]* on **immune** response to alloantigens and homograft rejection. 095174
Increased *dietary* calcium reduces serum cholesterol, triglycerides in humans. 095067
Experimental canine atherosclerosis and its pevention. The *dietary* **induction** of severe coronary, cerebral, aortic, and iliac atherosclerosis and its prevention by safflower oil. 097741
Influence of *diet* on the **induction** of hepatic ceroid pigment in rats by polychlorinated biphenyls. 097863
Dietary **intake** and coronary risk factors in Peruvian Quechua Indians. 095122
Raw and heated full fat soybeans in **laying** *diets* [poultry]. 096761
Diets and **living** conditions of Asian boys in Coventry with and without signs of rickets. 095025
Effect of a **low-carbohydrate** *diet* and alcohol on perceptual motor skill. 095126
Variations in the response of the thyroid gland of the rat to different **low-iodine** *diets:* correlation with iodine content of diet. 095047
Sugar in the *diet* of **man.** 095223
Effect of high **meat** *diet* on bacterial flora and chemical components of human feces: a preliminary report [Health hazards]. 094909
Polyamines and cancer [**Meat** *diets,* health hazards]. 095199
Influence of an artificial nutrition with a **meridic** *diet* on several biological characters of the desert locust Schistocerca gregaria Forsk. 102846
Barley straw in **pelleted** *diets* for steers. 096624
Studies with faba beans and cassava in **pigs'** *diets.* 096638
Effect of various level of nitrogenous substances on the digestibility and retention of nutrients in pigs given **plant** *diet.* I. Digestibility of organic nutrients and nitrogen retention. 096742
The effect of *dietary* **potassium** chloride on broiler yields. 096766
Isoenzymes of alkaline phosphatase: reference values in young people and effects of **protein** *diet.* 095059
Metabolism of serine in growing rats and chicks at various *dietary* **protein** levels. 096607
The effect of *dietary* **protein** concentration on the growth of kids. 096666
Ultrastructural changes in the rat neurohypophysis after a prolonged **protein-free** *diet.* 095069
The effect of *diet* on **queen** rearing by caged worker honeybees [Apis mellifera]. 102876
Fattening Large White pigs at **raised** *dietary* protein level. 096829
Immunoreactive growth hormone levels in pigs fed protein or energy **restricted** *diets* during the postweaning period. 096715
Microbial cultures as feed additives [for **ruminant** *diets].* 096636
The effect of *dietary* **selenium** and vitamin E on glutathioneperoxidase and glutathione in the rat. 095226
Effect of *dietary* **selenium** on tumor induction by an oncogenic virus [Mice]. 097799
Weaned pigs: **simple** *diet* may be adequate. 096675

Pathogenesis of atherosclerosis; some advances from using animal models **[Solid** *diets].* 095056
Special *diets* for infants inborn errors of amino acid metabolism. 095194
Further studies with **straw** *diets* for wintering beef cows. 096633
Dietary-atherosclerosis **study** on deceased persons. 095124
Effect of age, weaning and *diet* on **swine** adipose tissue and liver lipogenesis. 096697
The effect of cycloheximide on hepatic RNA synthesis and nucleolar size in rats force-fed a **threonine-devoid** *diet.* 095151
Amino acid metabolism in the piglet: influence of level of protein and of methionine in the *diet* on **tissue** uptake and in vivo oxidation. 096267
Dietary **treatment** of maple sirup urine disease (branched-chain ketoaciduria). 095123
Factors influencing the utilization of high-grain **urea** *diets* by ruminants. I. Effect of minerals, vitamins, lysine, methionine, feed additives and corn oil [Goats]. 096662
Factors influencing the utilization of high-grain **urea** *diets* by ruminants. II. Effect of protein [Goats]. 096663
Ground, pelleted and chopped barley straw and protein levels in the *diet* of **wintering** beef cows. 096634
Protein, methionine, lysine and a fermentation residue as variables in *diets* of **young** turkeys. 096760
Effect of *dietary* **zinc** and copper interrelationships on blood parameters of the rat. 095115

DIFFUSION

A comparison of the **agar-gel** *diffusion* and complement fixation tests for bovine C-type (leukemia) virus. 097496
Modality of the *diffusion* of **Ceratocystis** fimbriata in the tissues of planetree [Platanus]. 101603
A modified C-band technic for staining of *diffuse* **diplotenechromosomes** [Rosa]. 099040
Diffusion and **distribution** of Sarcosporidia in slaughtered animals in Sardinia [Cattle, sheep, swine, horses, donkeys]. 097313
An indirect agar **gel** *diffusion* precipitation test for detecting rinderpest nonprecipitating antibody in cattle and zoological ruminant sera. 097503
Investigations of *diffusion* in **pure** and technical sucrose solution. II. Diffusion of sucrose and non-sucrose compounds in multi-component systems. 095848
Investigations of *diffusion* in **pure** and technical sucrose solutions. I. Diffusion of sucrose in pure aqueous solutions. 095849
Role of insect sex pheromone in mating behavior. I. Theoretical consideration on release and *diffusion* of **sex** pheromone in the air [Hyphantria cunea]. 102826
A **simple** *gel-diffusion* assay of alpha-amylase in ungerminated wheat grains. 095823
Experimental verification of two calculation methods for relating horizontal infiltration to **soil-water** *diffusivity.* 103746
A new look on the role of the *diffuse* **stage** in problems of plant and animal meiosis. 099238
Investigations of diffusion in pure and technical sucrose solution. II. *Diffusion* of **sucrose** and non-sucrose compounds in multi-component systems. 095848
Investigations of diffusion in pure and technical sucrose solutions. I. *Diffusion* of **sucrose** in pure aqueous solutions. 095849
The measurement of coefficient of [tobacco mosaic] **virus** *diffusion* using analytical ultracentrifuge. 101795

DIGESTION

Amino **acid** *digestibility* studies of autoclaved rapeseed meals using an in vitro enzymatic procedure. 096016
Contribution to the determination of the nutritive value of forages. III. Estimation of the digestibility and the energy value by means of nylon **bags** *digestibility.* 096781
Comparison of forage intake and *digestibility* by **bison,** yak and cattle. 096626
Classification of ten forage [plant] species by means of systematic quality testing **[Composition,** *digestibility].* 095992
Effect of rotary-drum-drier exit temperature and length of pre-drying storage time on *digestibility* of **dried** grass cobs [Sheep]. 096701
Contribution to the determination of the nutritive value of forages. III. Estimation of the *digestibility* and the **energy** value by means of nylon bags digestibility. 096781
Digestive **enzymes** of the desert millipede Orthoporus ornatus (Girard) (Diplopoda: Spirostreptidae). 102894
Relationship between *digestibility* and **faecal** nitrogen in sheep and cows offered herbage ad libitum. 096703
Enzymatic activity of **fetal** *digestive* organs and placenta in wild sheep of Turkmenia [compared to domestic sheep]. 096579
Development of **gastric** *digestion* in calves. 096194
The determination of nitrogen in soils by rapid high-temperature **Kjeldahl** *digestion* and autoanalysis. 103728
Nitrate reduction during **Kjeldahl** *digestion* of [soil drainage] water samples by the perchlorate method. 104268
Secretion of **new** *digestive* enzyme by pancreas with minimal transit time [Rabbits]. 096185
Effect of various level of nitrogenous substances on the digestibility and retention of nutrients in pigs given plant diet. I. *Digestibility* of **organic** nutrients and nitrogen retention. 096742
Electrohydraulic processing of chlorella for increasing its *digestability* **[Protein-vitamin** supplement for farm animals and poultry]. 096035
Relationship of feed intake and **ration** *digestibility* to estimated transmitting ability, body weight, and efficiency in first lactation [Cows]. 096710
Effect of various level of nitrogenous substances on the *digestibility* and **retention** of nutrients in pigs given plant diet. I. Digestibility of organic nutrients and nitrogen retention. 096742
Influence of ruminant ration composition on *digestibility* **[Sheep].** 096365
Trials with morantel tartrate in the treatment of **sheep** *digestive* strongylosis in tropical area. 097614
Digestion in **steers,** sheep, and rabbits as measures of clover nutritive value. 096618
Toward a general theory of plant antiherbivore chemistry [Toxins and *digestibility-reducing* **substances].** 102185
A comparison of nitrogen and energy determination of fresh and oven dried poultry excreta *[Digestion* **test].** 096691
Metabolic function of the *digestive* **tract** of embryos in mammals as a form of its participationin the processes of uterine nutrition. 096558
Jaws and *digestive* **tube** of Planipennia larvae. 102815
Digestive **utilisation** of sulfur-labelled methionine, Methionine hydroxy analog and sodium sulfate in goat rumen. 096279
Methods for estimating **wood** *digestibility.* 098339
Evolution of composition, *digestibility* and **yield** of maize in function of stage of maturity. 096783

DIGGING

Development of the method of physical modelling of soil treatment processes in relation to soil canals *[Digging* **machinery].** 103612
Study of the deformation of soils and grounds as a result of pressing-in dies [Filling and *digging* **machinery].** 103630
Study of the resistance of soils and grounds during high velocities of shift [Tilling and *digging* **machinery].** 103633

DIGITAL

Estimation by *digital* **computer** of the drawdown caused by groudwater withdrawal. 104262
Digital **densimetric** method for the determination of enzymatic reaction rates [Food research]. 095540
Agricultural analysis of **LANDSAT** *digital* data from Williams County, North Dakota, using G. E. [General electric] IMAGE 100 system [Crop acreage estimates, remote sensing]. 094644
A micropower, *digital* **temperature** integrator. 093962
Accuracy of the slope factors estimated by the *digital* **terrain** model [Forest topography]. 097999

DIGITALIS

A new method for the quantitative determination of some important glycosides in drug extracts of *Digitalis* **lanata.** 099929
Quantitative determination of digitonin in *Digitalis* **purpurea** L. seeds. 099736

DIGITARIA

Squash method for the mitotic chromosomes of **grasses** *[Digitaria].* 098947

DIGLYCERIDES

Hormonal control of *diglyceride* **metabolism** during vitellogenesis in the cockroach, Eublaberus posticus. 103002

DIHYDROSTREPTOMYCIN

The control of outbreaks of leptospirosis in beef cattle by simultaneous vaccination and **treatment** with *dihydrostreptomycin.* 097574

DILATION

Persistent **cecal** *dilatation* in a lactating dairy cow. 097718
The influence of fiber in the diet on *dilation* **(hypertrophy)** of the proventriculus in chickens. 096648

DILL

Ascertainment of the seeding date of *dill* **(Anethum** graveolens L.) grown for essential oil. 101297
Variability of the chemical composition of some herbs [and] flavoring vegetables] from the region north of the Arctic Circle [Parsley, *dill,* **parsnip,** celery]. 099573

DILUTION

A **bioassay** *dilution* technique to assess the significance of dredged material disposal [for algal stimulation]. 099745
A method using aminoacylation of transfer ribonucleic acid (tRNA) from wheat embryo and **isotope** *dilution* for screening of genotypes with improved protein content and quality. 099307
59Fe [iron] **isotope** *dilution* methods to determine labile Fe in soil and Fe uptake from fertilizer sources. 103934
New method of determining assimilable soil phosphorus in plants: extrapolation of kinetics of **isotopic** *dilution.* 099614
Aerosol vaccination against Newcastle disease. II. Effect of **vaccine** *diluents* [Chickens]. 097246

DIMER

Structure and stereochemistry of microlenin, a novel **antitumour** *dimeric* sesquiterpene lactone from Helenium microcephalum; X-ray crystal structure. 099661
Studies on beer haze formation. II. *Dimeric* **flavanoids** observed in profiles of beer: nylon 66 adsorbates. 095477
Studies on degradation mechanism of beta-ether bonds of **lignin** *dimeric* model compounds in acid medium. 098360
Kinetics and mechanism of sulphiting of some *dimer* **model** lignin compounds. 098332

DIMETHYL

Amiphos *[O,O-dimethyl-S-2-(acetamid)-ethyldithiophosphate* **acaricide]** residues in plants and regulations for its application in farm production. 102725
New organophosphorus insecticide Ortene *[O,S-dimethyl-Nacetylamidothiophosphate* **acetate]** (review of literature). 102248
Effects of boron and succinic **acid** *2,2-dimethyl* hydrazide (SADH) on fruitfulness and storage behavior of 'Magness' pears. 100422
Treatment of soil with thiazone *[3,5-dimethyl-1,2,3,5-tetrahydro-1,3,5-thiadiazinethione-2]* and **carbathione** [vapam] for the control of lodging of conifers in nurseries. 102028
Metabolism of the insecticide SD 8280, **2-chloro-1-(2,4-dichlorophenyl)vinyl** *dimethyl* phosphate, following its application to rice. 102344
Application of Pirimor *[5,6-dimethyl-2-dimethylamino-4-pirimidinyldimethyl-carbamate]* to **control** the pea aphid [Acyrthosiphon pisum]. 102438
Degradation of the insecticide SD 8280, 2-chloro-1-(2, **4-dichlorophenyl)vinyl** *dimethyl* phosphate, in soils [Residues]. 102754
Flavanoids of Acacia suma heartwood quercetin and hyperin 3', *7-dimethyl* **ether.** 098204
Analytical methods for Sumithion *[O,O-dimethyl* **O-(3-methyl-4-nitrophenyl)** phosphorothioate] in technical products and formulated materials [Organophosphorus insecticide]. 102765
Cyanox against the pests of vegetable crops in the Krasnodar Territory **[O-p-cyanophenyl** *O,O-dimethyl* phosphorothiate]. 102440
Synthesis of **(plus/minus)-methyl** *2,5-dimethyl-3-vinylhex-4-3-enoate* (methyl santolinate) [Artemesia tridentada tridentada]. 099663
Influence of lignin on thermochemical polymerization of monomers. II. Influence of modified alkali birch wood lignin preparations on styrene polymerization in DMSO *[dimethyl* **sulfoxide]** solution. 098314
Chromatographic determination of [the insecticide] Famophos[O, *O-dimethyl-O-(4-dimethylsulfsamoyl)-thiophosphate]* in the **tissues** and organs of animals. 102726

DIMETHYLAMINE

Application of Padan *[S,S1-[2-(dimethylamino)trimethylene]* **bis** (thiocarbamate) hydrochloride] against the image of sugarbeet weevils [Tanymecus palliatus, Bothynoderes punctiventris]. 102338
Application of Pirimor *[5,6-dimethyl-2-dimethylamino-4-pirimidinyldimethyl-carbamate]* to **control** the pea aphid [Acyrthosiphon pisum]. 102438
Application of Dialene [a mixture of *dimethylamine* **salts** of2,4-dichlorphenoxyacetic and 2-methoxy-3,6-dichlorbenzoic acids] in plantings of cereals and maize and on fallows. 102130

DIMETHYLHYDRAZIDES

Succinic **acid** *2,2-dimethylhydrazide* [Daminozide, plant growth regulators, residue analysis]. 099488
Investigations into the uptake, translocation and residue dynamics on the growth retardant B-9 (succinic **acid** *dimethylhydrazide)* with the 'Altenburger Melonenkursche' cherry variety. 100362
Effect of SADH **[succinic** *acid-2,2-dimethylhydrazide]* and ethephon on Crossandra infundibuliformis 'Mona Wallhed' [Growth regulators]. 100588
Growth regulators for fruit trees. IV. The effect of SADH **[succinic** *acid-2,2-dimethylhydrazide]* on the apple cultivar 'Cortland'. 100590

DIMETHYLSULFOXIDE

Fixing and staining of conifer tissues with *lacto-propiono-dimethylsulfoxide* **carmine.** 099041

DIMETHYLUREA

Metabolism of a new herbicide, **tebuthiuron** *(1-[5-(1,1-dimethylethyl)-1,3,4-thiadiazol-2-yl]-1,3-dimethylurea),* in mouse, rat, rabbit, dog, duck, and fish. 097824

DIMORPHOTHECA

Naturally occurring terpene derivatives. 59. On new diterpenes from *Dimorphotheca* **pluvialis** Moench. 099646

DINITROPHENOL

Inhibition of chloroplast photochemical reactions with **2-chloromercuri** *4,6-dinitrophenol* [Euphorbia hirta]. 099518
Effect of 2,4 *dinitrophenol* on **mitochondria** of Vigna sinensis cv. serido [Cowpeas, varieties]. 100379

DINITROPHENYL
Plasma and organ counts of 3H in normal or immune mice and sheep **injected** with *3H-epsilon-dinitrophenyl-lysine.* 097604

DINOFLAGELLATA
A checklist of planktonic diatoms and *dinoflagellates* **[Algae]** from Helgoland and List (Sylt), German bight. 098525
Apparent amitosis in the **binucleate** *dinoflagellate* Peridinium balticum [Algae]. 099820
Observations on Salpingoeca spinifera Throndsen and Salpingoeca minor sp. nov. **(Craspedophyceae)** *[Dinoflagellata].* 098552
Some observations on *dinoflagellate* **[Peridinium** penardii] population density during a bloom in a California reservoir [Algae]. 099852
Contribution to the knowledge of the *Dinoflagellata* and **Tintinnidae** of the Antartica. I. Plankton collected in December 1969 [Algae]. 098607

DINUCLEOTIDES
The binding by an NAD [nicotinamide **adenine** *dinucleotide]* affinity matrix of contaminating dehydrogenases in [beef heart] cytochrome c oxidase preparations. 095688
The sterochemistry of calf spleen NAD [Nicotinamide **adenine** *dinucleotide]-glycohydrolase-catalyzed* NAD methanolysis. 096360
Specificity for nicotinamide **adenine** *dinucleotide* and nicotinamide adenine dinucleotide phosphate of nitrate reductase from the salt-tolerant alga Dunaliella parva. 099948
The influence of exogenous nicotinamide **adenine** *dinucleotide* on the oxidation of malate by Jerusalem artichoke mitochondria. 100490
Affinity chromatography of NADP [nicotinamide **adenine** *dinucleotide* phosphate]-specific isocitrate dehydrogenase from the pupa of Bombyx mori. 103206
Nitrate reductase and nitrite activity in dark-grown radish seedlings: relationto the supply of NADPH **[nicotinamide-adenine** *dinucleotide* phosphate]. 100535
Characteristics of external NADH [reduced **nicotinamide-adenine** *dinucleotide]* oxidation by beetroot mitochondria [Beets]. 100276
Regulation of fungal [Achlya] ribonucleotide reductase by **unusual** *dinucleotides.* 099524

DIOECISM
Peculiarities of reproducing **partially** *dioecious* cucumber varieties. 099097
Differential resource utilization by the sexes of *dioecious* **plants** [Gymnosperms and angiosperms]. 098714

DIOL
The metabolism of the antibacterial agent **bronopol** *(2-bromo2-nitropropane-1,3-diol)* given orally to rats and dogs. 097811

DIORYCTRIA
The biology of *Dioryctria* **abietella** Schiff [pest of spruce cones]. 102514

DIOSCOREA
Tropical yams and their potential. 3. *Dioscorea* **alata** [Culture]. 101016
A rapid spectrophotometric method for the quantitative determination of diosgenin in *Dioscorea* **tubers.** 099679
Incidence of virus symptoms in **yam** *(Dioscorea* sp.) foliage in the Commonwealth Caribbean. 101809

DIOSCOREACEAE
Cytological observations on some West Himalayan monocots. IV. Several families [Amaryllidaceae, Iridaceae, Hypoxidaceae, *Dioscoreaceae,* **Juncaceae,** Commelinaceae, Eriocaulaceae and Zingiberaceae]. 098958

DIOSGENIN
A rapid spectrophotometric method for the quantitative determination of *diosgenin* in **Dioscorea** tubers. 099679

DIOSPYROS
Diospyros **melanoxylon-its** problems of cultivation. 098095

DIOXANE
On *dioxane* **lignins** of Siberian larch [Larix sibirica]. 098343

DIOXATHION
Dioxathion **[acaricide** and insecticide] metabolites, photoproducts, and oxidative degradation products. 102705

DIOXIDE
Vertical profiles of [atmospheric] **carbon** *dioxide* concentration in stable stratification. 093965
Determination of **carbon** *dioxide* in beer. 095472
Effect of **carbon** *dioxide* and sodium chloride on oxidative stability of frozen mechanically deboned poultry meat. 095732
Effects of CO2 **[carbon** *dioxide]* on pulmonary air flow resistance in the duck. 096545
Delay in the response of stomata to abscisic acid in CO2 **[carbon** *dioxide]-free* air [Xanthium strumarium]. 099833
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO2 **[carbon** *dioxide]* fixation, CO2 compensation point [kidney] bean embryo respiration [Maize, wheat, sugarbeet]. 099947
Change of the compound of chloroplast proteins and aminotransferase activity in plants with different fixation type of **carbon** *dioxide* depending on nitrogen supply. 100036
Stability of matter production of submersed macrophytes under a nitrate load as measured by **carbon** *dioxide* conversion [Frontinalis antipyretica, Musci]. 100041
Model trials for screening the H2O, CO2 and O2 [water, **carbon** *dioxide,* oxygen] permeatility of certain oil substances in regared to their suitability as antitranspirans [Barley, maize]. 100105
Photosynthesis in a reconstituted chloroplast system from spinach: some factors affecting CO2 **[carbon** *dioxide]-dependent* oxygen evolution with fructose-1,6-biphosphate as substrate. 100374
Dark fixation of CO2 **[carbon** *dioxide]* by flowers of cut roses. 100550
14CO2 **[carbon** *dioxide* isotope] uptake and photosynthetic products of bean leaves after 0.5 or 10 hours pretreatment of plants with 100% O2 [oxygen] in light. 100618
Postharvest effect of modified levels of carbon monoxide, **carbon** *dioxide,* and oxygen on disorders and appearance of head lettuce [during transportation in controlled atmosphere]. 101923
DDT: the degradation of ring-labeled 14C [carbon isotope]-DDT to 14CO2 **[carbon** *dioxide* isotope] in the rat. 102687
The intensity of **carbon** *dioxide* release as an indicator of alterations of soil biological activities under the influence of herbicides. 102773
Temperature maintenance and CO2 **[carbon** *dioxide]* concentration in a swarm cluster of honey bees, Apis mellifera. 103235
Swarming of honeybee colonies and **carbon** *dioxide* and oxygen concentrations in the nests. 103276
Anesthetization of morphologically smillar species with **carbon** *dioxide* for separation and culture [Nematodes extracted from soil, reared on alfalfa]. 103776
Electron-paramagnetic resonance investigation of **nitrogen** *dioxide* sorption of cellulose. 098205
Sensitivity of surface temperature and atmospheric temperature to perturbations in the stratospheric concentration of ozone and **nitrogen** *dioxide.* 104531
Heating grapes and **sulfur** *dioxide* [Wine making]. 095944
Synergic action of **sulfur** *dioxide* and nitrogen oxides on some plants: study in artificial conditions [Tomatoes, Petunia hybrida, Pelargonium hortorum]. 099461
Mosses as gradual ecological indicators of **sulfur** *dioxide* pollution in the industrial area between the Rhine and the Ruhr. 104465
Spruce bark as an indicator of **sulfur** *dioxide* immission [for air pollution control]. 104655
A system for exposing plants [Lolium perenne] to atmospheres contaning low concentrations of **sulphur** *dioxide* [Injury]. 101926
Growth of perennial ryegrass (Lolium perenne L.) exposed to a low concentration of **sulphur** *dioxide* [Atmospheric pollutant]. 101927
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. II. Effects of nutrition andsoil reduction on the leaf injuries of crop plants caused by **sulphur** *dioxide* fumigation [Barley, rice]. 101994
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. III. Ethylene production by wheat and barley leaves injured by fumigation with **sulphur** *dioxide.* 101995
Rhytisma acerinum [the cause of tar spot disease of platanus, Acer pseudoplatanus] as a biological indicator of **[sulphur** *dioxide]* pollution. 104481

DIPEPTIDASE
Dipeptidase **activity** in Papaver somniferum L., cv. "Dubsky" seedlings. 099529

DIPETALONEMA
A comparison of the acquired resistance to *Dipetalonema* **viteae** stimulated in hamsters by trickle versus tertiary infections. 097636

DIPHENAMID
Chromatographic determination of *diphenamid* in **tomatoes.** 102728

DIPHOSPHATE
Fluroescence study of epsilon-ADP **[adenosine** *diphosphate]* bound to rabbit F-actin: structural change in the adenine subsite of F-actin under the influence of heavy meromyosin. 096354
Factors affecting the ADP/O *[adenosine-5'-diphosphate/oxygen]* **ratio** in isolated chloroplasts [Peas, spinach]. 100369

DIPLODIA
Biological control of cotton boll rot *[Diplodia* **gossypina,** Fusarium, Colletotrichum gossypii, Rhizoctonia solani, Achromobacter]. 101547
Stem gumming and blight and stem-end rot of Texas cantaloups caused by *Diplodia* **natalensis.** 101565
A new pentaketide, diplodialide-D, from *Diplodia* **pinea** [Fungi]. 099650
Diplodia **[pinea]** tip blight of pine. 101418

DIPLOIDS
Seed productivity of the progeny of *triploid-diploid* **crossings** of winter rye. 099296
Heterotic effect in *diploid* **rye.** 099085
Identification of the trisomic series in *diploid* **Solanum** tuberosum L., group tuberosum. I. Chromosome identification [Potatoes]. 099188
The process of vacuolization of the cells of the rootcap of the *diploid* and **tetraploid** rye. 099027
Genetic polymorphism and evolution in parthenogenetic animals. VI. *Diploid* and **triploid** Polydrosus mollis (Coeloptera: Curculionidae). 102951

DIPLOPODA
The milliped family **Conotylidae** *(Diplopoda,* Chordeumida): revision of the **genus** Taiyutyla, with notes on recently proposed data [New taxa]. 103135
Competition in connection with geographic parthenogenesis. Theory and examples, including some original observations on Nemasoma varicorne C. L. **Koch** *(Diplopoda:* Blaniulidae). 103035
Digestive enzymes of the desert millipede Orthoporus ornatus (Girard) *(Diplopoda:* **Spirostreptidae).** 102894

DIPRIONIDAE
Interactions between Pleolophus basizonus and Lophyroplectus luteator (Hymenoptera: Ichneumonidae), two parasites of Neodiprion sertifer (Hymenoptera: *Diprionidae)* **[Forest** pests, biological control]. 102482
Optimization of a method for counting the cocoons of the rusty pine sawfly Neodiprion sertifer **(Hymenoptera,** *Diprionidae).* 102518

DIPTERA
The **Agromyzidae** *(Diptera)* of Fennoscandia and Denmark. 103159
Some metabolic disorders affecting the carotenoid-linked haemolymph proteins in Rhynchosciara **americana** *(Diptera,* Sciaridae). 102935
Regulation of **aquatic** *diptera* [Culex] by Planaria [Dugesia dorotecephala, biological control]. 102566
Studies of Aedes triseriatus oviposition attractants produced by larvae of Aedes triseriatus and Aedes **atropalpus** *(Diptera:* Culicidae). 102589
Culverts and trypanosome transmission in the Serengete National Park (Tanzania). III. Studies on the genus Auchmeromyia Brauer and **bergenstamm** *(Diptera:* Calliphoridae). 103133
On the fascicle of **blood-sucking** *Diptera,* in addition a description of the maxillary glands in Phlebotomus papatasi, together with the musculature of the labium and pulsatory organ of both the latter species and also of some other Diptera. 103036
A population study of the **Chironomidae** *(Diptera)* of Lough Neagh. 103062
Suppression of the melon fly, Dacus cucurbitae **Coquillett** *(Diptera:* Tephritidae), on Kudaka Island with sterile insect relases. 102382
Behaviour and ecology of Coquillettidia (Coquillettidia) richiardii (Ficalbi), 1889 *(Diptera,* **Culicidae)** in southern France. II. Environment and behaviour. 102813
Testing the susceptibility of Simulium **damnosum** *(Diptera:* Simuliidae) to insecticides in the laboratory and in the field. 102558
Mating tables: a method of studying the mating and the competitive behavior of Lepidoptera and *Diptera* in the **field** [Heliothis virescens, Heliothis zea, Cochliomyia hominivorax]. 102801
Interactions between ecdysone, bursicon, and other endocrines during puparium formation and adult emergence in **flies** *[Diptera].* 102959
Natural and acquired resistance in rodent hosts to myiasis by Cuterebra **fontinella** *(Diptera:* Cuterebridae). 102585
Assimilation by Lucilia **illustris** *(Diptera)* larvae in constant and changing temperatures. 103063
A review of the mermithid parasites (Nematoda: Mermithidae) described from North American **mosquitoes** *(Diptera:* Culicidae) with descriptions of three new species. 102869
The immature stages of Alluaudomyia **paraspina** *(Diptera:* Ceratopogonidae) Wirth with notes on its biology. 102812
Notes on Amblycoryphenes Townsend, 1918 *(Diptera,* **Sarcophagidae,** Tephromyini) [United States]. 103197
The Rhyncomya callopis-group sensu **Seguy** *(Diptera:* Calliphoridae). 103184
Laboratory and field experiments with methoxychlor as a larvicide for **Simuliidae** *(Diptera)* [Pesticide residues]. 102685
On the fascicle of blood-sucking Diptera, in addition a description of the maxillary glands in Phlebotomus papatasi, together with the musculature of the labium and pulsatory organ of both the latter **species** and also of some other *Diptera.* 103036
Studies on the local distribution and on the methods of host location of some Rhodesian **Tabanidae** *(Diptera)* [Ecology, cattle hosts]. 102974
Role of tulsi plant (Ocimum sanctum) in control of mango fruitfly, Dacus correctus Bezzi **(Tephritidae:** *Diptera).* 102391
The larva of the lake fly Chaoborus pallidipes **Theobold** *(Diptera:* Chaoboridae) from Kenya. 103183
Some special forms of polytene chromosomes in two species of *Diptera* **(Trypetidae** and Rhagionidae) [Urophora cardui, Atherix ibis]. 102878

Mass rearing the Natal fruit fly Pterandrus rosa (Ksh.) *(Diptera:* **Trypetidae).** 102972
Ultrastructure of some stages of the microsporidia Octosporea muscaedomesticae Flu, a parasite of Ceratitis capitata (Wiedemann) *(Diptera,* **Trypetidae).** 103041

DIQUAT
Control of water lettuce, Pistia stratiotes, with *diquat* and 2,4-D [**Aquatic** weeds, dichlorophenoxyacetic acid]. 102163

DIROFILARIA
Analysis of the microfilarial periodicity of *Dirofilaria* **immitis** [Dogs]. 097311

DISACCHARIDES
Dietary *disaccharides* in experimental atherosclerosis in rhesus monkeys. 095054

DISCOLORATION
Occurrence and causes of **seed** *discoloration* in commercial seed lots of white mustard (Sinapis alba) [Alternaria tenuis]. 101309

DISCOMYCETES
Additions to the flora of *Discomycetes* [**Fungi**] from the Kazakhstan part of the Altai. 098531

DISINFECTION
Disinfection [**Chlorination** of water and wastewater]. 104550
Seed cultivation of white clover. Current work **concerning** *disinfection* and control of clover weevils [Apion apricans]. 102370
A small-size generator of current impulses in an electrohydraulic device *[Disinfection* and **dehelminthization** of pig manure]. 103360
Disinfection of **new** water mains. 104527
Attempts at *disinfection* of **salmonellosis** abortions in sheep. 097361
50 percent [allocation] of the clay [soil] area to potatoes? Economic aspects of expansion of potato cultivation with the aid of **soil** *disinfection* and AM varieties in clay tillage. 094308
Disinfecting **storage** rooms [Vegetable diseases]. 101943
Measures for *disinfecting* the **udder** area with special consideration of peracetic acid application. 097205

DISINTEGRATION
Influence of cell concentration, temperature, and press performance on flow characteristics and *disintegration* in the **freeze-pressing** of Saccharomyces cerevisiae with the X-press [Yeast]. 095408

DISKS
Study of the characteristics of a *disk* **air** moistener as an operating machine with an electric drive. 103377
A study on the usability of disc plough with different *disc* **angles** in the soils of Egypt. 103406
Cervical *disc* fenestration [Dogs]. 097098
Stability of movement of the **dibbler's** *disk* selection in vertical plane. 103625
Pathophysiology of *disc* **disease** [Dogs]. 097700
Acetamide incorporation into the developing imaginal bar **eye** *discs* in Drosophila melanogaster. 102822
Hemilaminectomy and *disc* **fenestration** in the dog. 097108
Necrotizing myelopathy secondary to embolization of herniated **intervertebral** *disk* material in the dog. 097736
Technical note: an improved **leaf** *disk* technique for biotests. 098456
Importance of *disc* **parallelism** in single disc chip refiner [Pulp]. 098248
Effect of N-phenyl-N'-(4-pyridyl) urea on shoot formation in tobacco **pith** *disk* and callus cultured in vitro. 100271
A study on the usability of *disc* **plough** with different disc angles in the soils of Egypt. 103406
Study of the preemergence cultivation of sugarbeets with small protection zones [without **protective** *disks].* 103632
Cleaning and lye peeling of tomatoes using rotating **rubber** *discs.* 095939
Importance of disc parallelism in **single** *disc* chip refiner [Pulp]. 098248
New spraying techniques for field crops [by using a hand-carried, battery operated, **spinning** *disc* sprayer]. 103646
Thoracolumbar *disc* fenestration [Dogs]. 097130
Thoracolumbar *disc* disease [Dogs]. 097706

DISMUTASE
Purification and physicochemical properties of **superoxide** *dismutase* from two photosynthetic microorganisms [Spirulina platensis, Algae, Rhodopseudomonas spheroides, bacteria]. 099549

DISODIUM
The effect of *disodium* **ethane-1-hydroxy-1,** 1-diphosphonate on the metabolism of vitamin D [Rats, chicks]. 096385

DISPLACEMENT
Four methods of surgical correction of **abomasal** *displacement* in cow. 097730
Energy *displacement* and possibilities of adequate energy supply in cattle with high milk performances [Feeding]. 096737
Pycnometer method for obtaining wood and bark chip densities [**Heptane** *displacement,* pulpwood]. 098227
Theoretical investigations of **soil** *displacement* by the plow body. 103555
Certain patterns of chromatin in *displacement* during **ultracentrifugation** of plant cells [Broadbeans]. 099346

DISPOSAL
Rate of transfer of C14 [carbon isotope] from dicarboxylic acids to the pentose phosphate cycle as a function of the ratio of malate and aspartate and *disposal* of the **chloroplasts** in C [carbon]-4 plants. 099996
Recent developments in tannery **effluent** *disposal.* 104525
New concept on the **joint** *disposal* of domestic and brewery wastewaters. 104453
Problems of the *disposal* of **liquid** manure from large-capacity piggeries. 096098
A bioassay dilution technique to assess the significance of dredged **material** *disposal* [for algal stimulation]. 099745
Straw *disposal* with high-pressure balers. 103507
Ultimate *disposal* of biological sludges—a novel concept [Bleached kraft wholemill effluent]. 104624
Sludge treatment, **utilization,** and *disposal.* 104578

DISSEMINATION
Dissemination and **control** of ratoon stunting disease of sugarcane [in Brazil]. 101799
The origin, evolution, cultivation, *dissemination,* and **diversification** of Asian and African rices. 098604
The role of hosts and environmental factors in the **natural** *dissemination* of ticks: studies on a Swiss population of Ixodes ricinus (Linne, 1758). 102570
Progress in data collection and *dissemination* in **water** resources, 1964-1974. 104372

DISSOCIATION
Acid *dissociation* constants of arsenic acid, methylarsonic acid (MAA), dimethylarsinic acid (cacodylic acid), and N(phosphonomethyl)glycine (glyphosate). 102124

DISTAL
Primary bone tumors of the extremities of the dog—block resection of a *distal* **ulnar** tumor. 097702

DISTEMPER
The demyelinating encephalomyelitis of **canine** *distemper.* 097389
Encephalomyelitis in young dogs after vaccination against *distemper* and **infectious** canine hepatitis. 097490

DISTILLATION
Polyphenolic compounds in the *post-distillation* **waste** of Herba Menthae piperitae. 095449
A treatment of grape **wine** *distillation* heads. 095927
Recovery of anthocyanins from **wine** *distillation* wastes. I. An adsorption-desorption process. 104536

DISTILLERIES
Investigation of **rum** *distillery* slops treatment by anaerobic contact process. 104613

DISTILLERS
The development of a high protein isolate from selected [corn and wheat] *distillers* **by-products.** 095833

DISTRIBUTORS
A **circular** *distributor* with a controlled structure [Mixed feed production]. 103359
Protecting beer quality by *distributor* **cold** storage. 095414

DISULFIDES
Interchain *disulfide* bonds at the COOH [oxalate]-terminal end of procollagen synthesized by matrix-free cells from chick embryonic tendon and cartilage. 096211

DITERPENES
Naturally occurring terpene derivatives. 59. On **new** *diterpenes* from Dimorphotheca pluvialis Moench. 099646
Diterpene-glycosides of **Stevia** paniculata Lag.: structures of aglycones. 099667

DITHIOCARBAMATES
Environmental health aspects of **fungicides.** I. *Dithiocarbamates.* 102724

DITHIOTHREITOL
Is DDT *[dithiothreitol]* a **means** to improve the mutation spectrum of vegetatively propagated plants? [Achimenes]. 099193

DITYLENCHUS
The occurrence of *Ditylenchus* **dipsaci** [nematode] on spinachplant. 101918
Evaluation of some varieties of alfalfa, Medicago sativa (L.), for their resistance to the alfalfa stem nematode, *Ditylenchus* **dipsaci** (Kuhn 1857) Filipjev 1936, under laboratory conditions. 101966
Laboratory and field evaluation of seven insecticides for control of the alfalfa stem nematode, *Ditylenchus* **dipsaci** (Kuhn 1857) Filipjev 1936. 101970
Reproduction of of [the nematode] *Ditylenchus* **dipsaci** in onion varieties. 101979
Susceptibility of three onion varieties to *Ditylenchus* **dipsaci** [Nematodes]. 101984
Weed hosts of [the nematode] *Ditylenchus* **dipsaci** in Apulia. 101988
Production of onion seedlings free from *Ditylenchus* **dipsaci[Nematodes].** 101977

DIURETICS
A *diuretic* **flavone** glycoside from Millingtonia hortensis Linn. 100463
Effects of various ambient temperatures and of heating and cooling the hypothalamus and cervical spinal cord on *antidiuretic* **hormone** secretion and urinary osmolality in pigs. 096466

DIURNAL
Diurnal **variation** of plasma testosterone in wild stallions. 096877
Effect of *diurnal* **variation** of soil temperature on moisture movement in the rhizosphere. 103761
A time-varying model for calcium metabolsim including *diurnal* **variations** [Rats]. 096374
Plasma insulin and growth hormone concentrations in pregnant sheep. I. *Diurnal* **variations** in mid and late pregnancy. 096844

DIVALENT *see* VALENCE

DIVERSIFICATION
The origin, evolution, cultivation, dissemination, and *diversification* of **Asian** and African rices. 098604
Pathogenic fungi as indicators for the identification of *diversification* in **plants** [Forest trees]. 101640

DMSO
Influence of lignin on thermochemical polymerization of monomers. II. Influence of modified alkali birch wood lignin preparations on styrene polymerization in *DMSO* [**dimethyl** sulfoxide] solution. 098314

DOCKS
Ecological studies on the control of broad **leaf** *dock,* Rumexobtusifolius L., in the grassland. I. Some properties of germination. 102090
Ecological studies on the control of broad **leaf** *dock,* Rumexobtusifolius L., in the grassland. II. Some properties of regrowing habits. 102091
Ecological studies on the control of broad **leaf** *dock,* Rumexobtusifolius L., in the Grassland. III. Chemical control of broad leaf dock in the heavily snowing regions. 102092

DOCUMENTATION
After the IAALD [International Association of Agricultural Librarians and Documentalists] Mexico City congress: new trends in **agricultural** *documentation.* 094101
AGREP—the Common **Market's** *documentation* service for the agricultural sector. 094118

DOCUMENTS
A contribution to the theory of **accounting** *documents* and their systems [in agricultural enterprises]. 094316

DOGS
Surgical drainage of the **abdomen** *[Dogs].* 097125
Acupunctural analgesia for ovario-hysterectomy of *bitches.* **Account** of a year clinical experimentation. 097200
2,6-dichlorophenol, the sex pheromone of the Rocky Mountain wood tick, Dermacentor andersoni Stiles and the **American** *dog* tick, Dermacentor variabilis (Say). 102578
The bioavailability, disposition kinetics and dosage of sulphadimethoxine [**antibiotic**] in *dogs.* 097293
Studies on the reproduction in the *dog.* VIII. **Artificial** insemination using the frozen semen. 096978
Diagnosis and treatment of allergic inhalant dermatitis **(atopy)** *[Dogs].* 097691
Contribution to the study of the electrocardiogram of the **Beagle** *dog.* 097199
Improper puppy socialization and subsequent **behavior** *[Dogs].* 096413
Veterinary public health *[Dog* **bites** to people, injuries]. 097805
Primary bone tumors of the extremities of the *dog*—**block** resection of a distal ulnar tumor. 097702
Fracture of penial **bone** in the *dog.* 097849
Fractures of the metacarpal (metatarsal) **bones** *[Dogs].* 097784
Renin activity in *dog* **brain:** enzymological similarity to cathepsin D. 096333
Combined "Dominal-Jetrium-Fluothane" anesthesia in different surgeries on 500 *dogs* of various **breeds.** 097186
Diabetic ketoacidosis in the **canine** *[Dogs].* 097690
Treatment of umcomplicated diabetes mellitus in the **canine** *[Dogs].* 097707
Volatile constituents of *dog* **(Canis** familiaris) and coyote (Canis latrans) anal sacs. 096434
Extra- and intra-cranial blood supply to brains of *dog* and **cat.** 096175
Atrial fibrillation in the *dog* and **cat.** 097686
Rearing virus free **cats** and *dogs.* 096125

Transportation of *dogs* and **cats** by aircraft. 096126
Behavioral problems in *dogs* and **cats:** selected topics. 096199
Selected cases from my dermatology practice *[Dogs,* **cats**]. 097121
Surgery of the urogenital systems of *dogs* and **cats** (selected conditions). 097123
"VICRYL" (Polyglactin 910) use of an absorbable synthetic suture material in *dogs* and **cats.** 097190
Detection of etiologic agents in selected viral diseases of *dogs* and **cats.** 097514
Formal aspect of a campaign against the echinococcosis hydatid cyst *[Dogs,* **cats**]. 097619
Basic mechanisms in liver disease *[Dogs,* **cats**]. 097687
Studies on the central venous pressure in the *dog.* II. **Changes** of central venous pressure following fluid transfusion. 1. Infusion of dextran 70 and lactated Ringer's solution to normal dogs. 096534
Production of temperature signal in the peripherally denervated spinal **cord** of the *dog.* 096351
Effects of domestication on prey catching and killing in *Beagles,* **coyotes** and F2 hybrids. 096203
Interspecies iteraction differences in play actions in canids [Canidae, *dogs,* **coyotes**]. 096204
Fatty acid and prostaglandin composition of left ventricular myocardium from **dexamethasone-treated** *dogs* with severe low output syndrome (LOS). 097758
Canine joint **disease** *[Dogs].* 097097
Hydatid **disease** *[Dogs].* 097458
Bullous pemphigoid-like **disease** in a *dog.* 097688
Pathophysiology of disc **disease** *[Dogs].* 097700
Thoracolumbar disc **disease** *[Dogs].* 097706
Immunodeficiency in canine skin **diseases** *[Dogs].* 097232
Treatment elements. F. Systematic treatment of skin **diseases** *[Dogs].* 097716
Congenital spinal **disorders** in the *dog.* 097689
Management of reproductive **disorders** of *dogs.* 097696
A new basis for the treatment of gynecological **disorders** in the *bitch.* 097749
A survey of intestinal helminths in stray and **domestic** *dogs* of Rutherford County, Tennessee. 097422
Metabolism of a new herbicide, tebuthiuron (1-[5-(1,1-dimethylethyl)-1,3,4-thiadiazol-2-yl]-1,3-dimethylurea), in mouse, rat, rabbit, *dog,* **duck,** and fish. 097824
Cuterebra **encephalitis** in a *dog.* 097312
Determination of trypsin activity in *dog* **excrements** by means of film test. 096594
Cervical disc **fenestration** *[Dogs].* 097098
Hemilaminectomy and disc **fenestration** in the *dog.* 097108
Thoracolumbar disc **fenestration** *[Dogs].* 097130
Orthopedic problems of the lower limbs [**Fractures,** *dogs].* 097785
Torsion of the ileum reflex of the spermatic **funicle** in the *dog.* 097719
Forelimb lameness in young, rapidly **growing** *dogs.* 097833
Classification of stationary vowels by *dogs* [**Hearing**]. 096453
Dorsolateral **hemilaminectomy** of *dogs.* 097187
Amputation at the **hip** *[Dogs].* 097092
Cryosurgical treatment of cancerous and noncancerous diseases of *dogs,* **horses,** and cats. 097734
Hyperadrenocorticism *[Dogs].* 097695
An evaluation of calculated and measured serum osmolality in normal and **hyperosmolemic** *dogs.* 097712
Analysis of the microfilarial periodicity of Dirofilaria **immitis** *[Dogs].* 097311
Improper *puppy* socialization and subsequent behavior [Dogs]. 096413
Detection of immune complexes in the serum of *dogs* **infected** with canine adenovirus. 097598
Radiographic diagnosis of bone tumors and bone **infection** in the *dog.* 097118
Preliminary investigation of the life history of Filaroideshirthi Georgi and Anderson, 1975 [Lungworm **infection** of *dogs].* 097317
Modern controls of the frequency of *dog* **infestations** with Echinococcus granulosus (Batsch, 1786) in Apulia. 097214
Alkaline phosphatase **isoenzymes** in the *dog.* 096273
Changes in lymphatic fluid draining an area of inflammation induced by feeding Rhipicephalus sanguineus (Acarina: **Ixodidae**) on the *dog.* 102580
The stifle **joint** *[Dogs].* 097127
Orthopedic problems of the carpal **joint** *[Dogs].* 097786
Isolation of stimulatory modulator of guanosine 3':5'-monophosphate-dependent protein kinase from mammalian heart devoid of inhibitory modulator of adenosine 3':5'-monophosphate-dependent protein **kinase** *[Dogs].* 096425
Evaluation of bromosulphalein retention in *dogs* [**Liver** function tests]. 096547
Necrotizing myelopathy secondary to embolization of herniated intervertebral disk **material** in the *dog.* 097736
Metabolites of 3-phenyl-5-methyl-1,2,4-oxadiazole (PMO) [antitussive agents added to tobacco] in rats, *dogs,* and **mice.** 096415
Recovery and characterization of a coronavirus from **military** *dogs* with diarrhea. 097571
The weight of **mink** *pups.* 096493
An abnormal behavioural trait in Bernese **Mountain** *Dogs* (Berner Sennenhund); a preliminary report. 096568
Chronic effects of parathyroid hormone infused in *dogs* at **near-physiological** rates [Calcium metabolism]. 096377
Electron microscope study of experimental enteric infection in **neonatal** *dogs* with a canine coronavirus. 097441
Studies on the central venous pressure in the dog. II. Changes of central venous pressure following fluid transfusion. 1. Infusion of dextran 70 and lactated Ringer's solution to **normal** *dogs.* 096534
Relationship between red cell mass, body weight, lean body mass, and body cell mass in growing **pigs** and *beagles.* 096368
Epidemiological survey on enzootic salmonellosis in **police** *dogs.* 097491
Erythrocyte macrocytosis in miniature **poodles** *[Dogs].* 097713
Canine behavior as it applies to small animal **practice** *[Dogs].* 096200
Effects of alpha-chlorohydrin on the testes and epididymides of *dog:* a **preliminary** study [Antifertility action]. 096905
The metabolism of the antibacterial agent bronopol (2-bromo2-nitropropane-1,3-diol) given orally to **rats** and *dogs.* 097811
Toxicology of vindesine (Desacetyl vinblastine amide) in mice, **rats,** and *dogs.* 097831
Observations on naturally acquired hepatozoonosis of wild carnivores and *dogs* in the **Republic** of South Africa [Hepatozoon, Rhipicephalus, vectors]. 097462
Intestinal parasites of the *dog* and the **respective** treatment. 097492
Effects of alpha-adrenergic blockade on sodium excretion in normal and chronic salt **retaining** *dogs.* 096296
Soft tissue **sarcomas** *[Dogs].* 097704
Insulin and jejunal electrical activity in *dogs* and **sheep.** 096182
Current studies on hydatid disease in Utah *[Dogs* and **sheep** are the predominant hosts in the pastoral cycle]. 097560
Secondary bacterial hypersensitivity reactions in canine **skin** *[Dogs].* 097703
Nasal tumors of *dogs.* **Surgical** excision by dorsal approach. 097698
Radiographic examination and functional evaluation of the respiratory **system** *[Dogs].* 097119
Ventricular **tachycardia** in the *dog.* 097731
Behaviour of foreigh bodies in the gastrointestinal **tract** of *dogs.* 097842
Fibrosarcoma in urinary bladder **wall** *[Dogs].* 097729
Encephalomyelitis in **young** *dogs* after vaccination against distemper and infectious canine hepatitis. 097490

DOGWOODS

Clarifying the nomenclature of the **red-stemmed** *dogwood* [Cornus, cultivars]. 101041

DOLICHODERINAE

Brood transport by young workers of Tapinoma erraticum (Formicidae, *Dolichoderinae):* **role** of mechanical and chemotactic stimuli from the brood. 102839

DOLOMITE

Major practices for increasing the fertility of sandy and loamy-sandy soddy-podzolic soils in the Vladimir Region *[Dolomite* as **amendment,** fertilizers, plantation plowing]. 103954
Change in drawdown caused by enlarging a well in a *dolomite* **aquifer.** 104292

DOMESTIC

On the randomness and biogeocenosis in the evolutionary process *[Domestic* **animals,** genetics]. 096142
Common salt [sodium chloride] requirements of *domestic* **animals** [Nutrition]. 096823
Prospects opened by selection of *domestic* **animals** by recent progress of our knowledge of biology. 096838
Sex ratio of offspring in *domestic* **animals:** race horses in Japan. 096976
Epizootiology and epidemiology of salmonellosis in Italy *[Domestic* **animals,** fodder, food products]. 097362
The control system in salmonellosis infection of *domestic* **animals** in Czechoslovakia. 097371
Mycotoxicoses of *domestic* **animals** and their diagnosis. 097846
New concept on the joint disposal of *domestic* and **brewery** wastewaters. 104453
Congenital defects in *domestic* **cats.** 097807
A survey of intestinal helminths in stray and *domestic* **dogs** of Rutherford County, Tennessee. 097422
Productivity of **early** *domestic* and foreign maize hybrids. 100735
Urine fluoride levels following ingestion of **fluoridated** *domestic* salt over three years. 095089
The functional anatomy of the bronchial circulation of the *domestic* **fowl.** 096416
Effects of dietary caffeine on the testis of the *domestic* **fowl,** Gallus domesticus. 096954
Preference decisions of *domestic* **hens** for wire or litter floors. 096205
Union of Swiss Societies of Experimental biology, abstracts of the 8th annual meeting Fribourg, 9./10. April 1976 [**Included** *domestic* animals and insects]. 096084
Chromosomes, hemoglobins, and transferrins of **Iranian** *domestic* sheep. 096946
Search for sources and a possibility of isolation of **L-dopafrom** *domestic* crude drug plant materials [Euphorbiaceae, Gramineae, Leguminosae]. 099737
Prevalence of coccidia [Eimeria, Isospora] in *domestic* **mink** in Wisconsin. 097417
Effects of seasonal and social factors on testicular activity and hormone levels in *domestic* **pigeons.** 096945
A transferrin variant Tf I in crosses of the wild and *domestic* **pigs.** 096855
Coccidia (Eimeriidae) parasitic of [the *domestic* **rabbit**] Oryctolagus cuniculus domestica (L.); biomorphology and differentiation of Eimeria matsubayashii. Tsunoda 1952, in Sp. 097616
Accessory spleens in *domestic* **rabbits** (Oryctolagus cuniculus). I. Frequency, description, and genetic factors. 096566
Accessory spleens in *domestic* **rabbits** (Oryctolagus cuniculus). II. Increased frequency in hematological diseases and experimental induction with phenylhydrazine. 096567
A comparative study of the histogenesis of placenta in wild sheep (Ovis ammon cycloceros L.) and the *domestic* **Romanov** breed. 096572
Enzymatic activity of fetal digestive organs and placenta in wild sheep of Turkmenia [compared to *domestic* **sheep**]. 096579
Gain in weight of the musculature of wild sheep during the fetal period [compared to *domestic* **sheep**]. 096581
Growth of heart, lungs and kidneys in the wild relatives of *domestic* **sheep.** 096583
Origin and significance of centric fusions in *domestic* **sheep** [New Zealand Romney March, Drysdale, Perendale]. 096948
Morphological changes in ovaries of the mufflon (Ovis ammoncycloceros) during gestation [compared to *domestic* **sheep**]. 097063
On the helminth fauna of the moufflon (Ovis aries musimon) compared with those of *domestic* **sheep** (Ovis aries dom.) and deer (Capreolus capreolus, Cervus elaphus) in the Netherlands. 097346
Residue studies on chlorinated hydrocarbons in carrion and healthy **shot** *domestic* wildlife [West Germany]. 102697

DOMESTICATION

Domesticated **animals** of ancient Egypt. 096102
Neoplasms of the nasal passages and paranasal sinuses in *domesticated* **animals** as reported by 13 veterinary colleges. 097684
Selection pressures in the *domestication* of **Phaseolus** species. 099072
The effect of sodium 2,4-dichlorophenocyacetic acid [Herbicide] on *domesticated* **plants.** 102072
Effects of *domestication* on **prey** catching and killing in Beagles, coyotes and F2 hybrids. 096203

DOMINANCE

Inbred lines with *dominant* **incompatibility** alleles for use as parents of F1 hybrid Brussels sprouts. 099189
An EMS [ethyl methanesulfonate] **induced** *dominant* mutation for pollen sterility in Petunia. 099127
An investigation of factors related to the *dominance* **order** of a herd of dairy cows of similar age and breed. 096202
Non-structural carbohydrates in Spartina alterniflora Loisel [the *dominant* **plant** in the salt marshes along the eastern U.s. coast]. 099578
Cis-dominant **regulatory** mutations affecting the formation of glucose-repressible alcohol dehydrogenase (ADHII) in Saccharomyces cerevisiae [Yeasts]. 099865
Studies on Drosophila radiosensitive strains. I. Isolation of radiosensitive strains, their frequencies of **spontaneous** *dominant* lethals and of X-chromosome non-disjunction. 102950
Dynamics of the expression of **spontaneous** *dominant* lethal mutations during the ontogenesis of Drosophila [melanogaster]. 103101

DONAX

Giant reed (**Arundo** *donax* L.) as a forage-silage plant. 100980

DONKEYS

Venezuelan equine encephalitis virus: comparison of infectivity and virulence of strains V-38 and P676 in *donkeys* [**Aedes** triannulatus, vectors]. 097220
Diffusion and distribution of Sarcosporidia in slaughtered animals in Sardinia [Cattle, sheep, swine, **horses,** *donkeys].* 097313

DONORS

Transfer of hypogammaglobulinemia in two inbred chicken strains by spleen cells from **bursectomized** *donors* [Immunosuppression]. 097413

DOPAMINE

Analysis of inhibitory effect of *dopamine* on **carotid** body chemoreceptors in cats. 096178

DORMANCY

Relationship between physiological and morphological characteristics and yield of *nondormant* **alfalfa** clones. 099471
Pattern of *dormancy* **breaking** in seeds of few paddy varieties. 100167
The effects of different concentrations of EPTC [ethyl-N, N-dipropylthiolcarbamates] on prolonging **bud** *dormancy* of purple nutsedge tubers [Cyperus rotundus]. 102079
Studies on grafting chestnuts (Castanea sativa Mill.) in the nursery. I. Growth of seedlings and time of grafting on *dormant* **buds.** 101153
Factors affecting *dormancy,* **germinaton,** and seedling development of Aeginetia indica L. (Orobanchaceae). 099474
Activity of some enzymes during **grain** *dormancy* in Tilia platyphyllos. 099967

Dormancy, **growth,** and their natural regulators in buds and seeds of Karelian birch [Retula verrucosa]. 100683
Studies on the constituents of the annual shoots of Larix leptolepis Gordon. II. Abscisic acid in the *dormant* **period.** 100654
Protein biosynthesis in *dormant* and **post-ripened** embryos and seeds of Agrostemma githago. 099915
Effects of evaporative cooling during *dormancy* on **'Redhaven'** peach wood and fruit bud hardiness. 100474
Packing media: what's best? [for storage of *dormant* **scions** of the pecan, Carya illinoensis]. 101219
Role of gibberellins in *dormancy* and **seed** germination. 099780
Winter *dormancy* in seedlings of mountain beech (Nothofagus solandri var. cliffortioides) near timber line. 100658
Plant growth-regulating activities of batatasin III [isolated from *dormant* **yam** bulbils] analogues. 099923

DORSAL

Nasal tumors of dogs. Surgical excision by *dorsal* **approach.** 097698

DORSOLATERAL

Dorsolateral **hemilaminectomy** of dogs. 097187

DOSAGE

Effect of small Valexone [phoxim] *doses* on **calf** organisms [Organophosphorus insecticides, toxicity]. 102677
Effect of *dose* of **cytoplasmic** polyhedrosis virus on infection, mortality, development rate, and larval and pupal weights of the pink bollworm [Pectinophora gossypiella]. 102335
Dosage **effect** study of the microsporidian Octosporea muscaedomesticae in the adult black blowfly Phormia regina, with reference to the reproductive cycle of the pathogen. 103026
Response of soybean varieties to **graded** *doses* of nitrogen and phosphorus. 104145
Vitamin C toxicity [for humans at **high** *dosage* level]. 095185
Extrarenal metabolism of **high** *doses* of 25-(OH)-D3: a new active metabolite [of vitamin D3, rats]. 096381
Eimeria acervulina, Eimeria brunetti, and Eimeria maxima: pathogenic effects of single or mixed infections with **low** *doses* of oocysts in chickens. 097332
The effect of **massive** *doses* of vitamin A on the signs of vitamin A deficiency in preschool children. 095008
Effect of **semen** *dose,* frequency of insemination, age and productivity of the male on duration and levels of fertility and hatchability in the turkey. 097006
The bioavailability, disposition kinetics and *dosage* of **sulphadimethoxine** [antibiotic] in dogs. 097293

DOTHIORELLA

Occurrence of *Dothiorella* **sp.** On Tangor Murcote [Gomosis, citrus varieties]. 101629

DOUGH

Brabender Farinograph, research extensometer, and Hilliff chapatti press as tools for standardization and objective assessment of **chapatti** *dough* [Wheat flour, India]. 095782
Contribution to the study of the development of **Iranian** *Dough* [dairy beverage] during its preservation. I. Development of nitrogen. 095594

DRAFTING

Agrotechnical indices of tractors of the 5ts class of *draft* in **general** farm operations. 103605
Economic analysis of the activities of farm industries (**Methodological** *draft* for schools of qualification improvement). 094156
Analysis of economic activities of collective and state farms (**methodological** *draft* for faculties of qualification improvement). 094257
Economic means of production management in state farms (**Methodological** *drafts* for teachers in schools for qualificationimprovement). 094258
Milk production on an industrial basis (**methodological** *draft* for faculties of qualification improvement). 094266
Technology of milk and beef production on an industrial basis (**methodological** *drafting* for schools of qualification improvement). 094272
Depositing money and the procedure of payments by farm enterprises (**Methodological** *drafts* for faculties of qualification improvement). 094414
Construction features of new grain-harvesting combines (**Methodological** *drafts* for retraining combine operators). 103471
Construction features of new grain-harvesting combines (**Methodological** *draft* for retraining combine operators). 103472
Operation and technical service of the [farm] machinery and tractor fleet (**Methodological** *draft* for schools of qualification improvement of agricultural personnel). 103475
Requirement of grain combines for harvesting various crops (**methodological** *draft* for qualification improvement of combine operators). 103476
The effect of friction forces on the *draft* **resistance** of tillage machines. 103551
Working capital of agricultural enterprises (**[teaching** *drafts]* for faculties of qualification improvement). 094159
Construction features of new tractors [**Training** *draft* for agricultural professions requiring a large number of workers]. 103473

DRAGONFLIES

Ultrastructure of th aortic diverticula of the **adult** *dragonfly* Sympetrum danae (Odonata: Anisoptera). 102885
Living conditions of *dragonfly* [**Odonata**] larvae in Arctic regions. 103104

DRAINAGE

Deflectometer profiles drain tubing [for subsurface **agricultural** *drainage].* 103400
Effect of change in water-air regime of heavy soils being *drained* on the **amount** of acid-soluble forms of iron and productivity of meadow plant community. 104243
The inclusion of a steel grating and *drain* on the **cow** platform of herringbone cow bails. 103331
The contribution of agriculture to further increasing the effectiveness of amelioration measures [Irrigation, groundwater regulation, *drainage,* **East** Germany]. 104287
Generalized nomographic solution of Hooghoudt **equations** *[Drainage].* 104289
Problem of determining the raising of taxes for irrigation and *drainage* of **farm** lands. 094412
Tile channels, a new **feature** in *drainage.* 104354
Changes in lymphatic **fluid** *draining* an area of inflammation induced by feeding Rhipicephalus sanguineus (Acarina: Ixodidae) on the dog. 102580
Cation exchange capacity and base saturation of **imperfectly** *drained* surface Coastal Plain soils. 103722
Intermittent *drainage* of the chest. 097110
The influence of *drainage* **land** reclamation in central Chernozem zone on river runoff characteristics and floodplain components. 104244
Legume and grass [forage] mixtures for *drained* **lands.** 100891
Studies on the *drainage* in the **low** and wet paddy field area. I. The tendency of pump drainage and the runoff analysis on Shizusato region in Ohgaki, Gifu Prefecture. 104396
Effect of the *collector-drainage* **network** on the removal of nitrate nitrogen from irrigated lands in the Khorezm Region. 104409
Deflectometer **profiles** *drain* tubing [for subsurface agricultural drainage]. 103400
Studies on the drainage in the low and wet paddy field area. I. The tendency of **pump** *drainage* and the runoff analysis on Shizusato region in Ohgaki, Gifu Prefecture. 104396
Phytomass of the above-ground part of a **sedge-reed** *drained* spruce [Picea] forest stand of the second and seventh age classes. 100646
Nitrate reduction during Kjeldahl digestion of **[soil** *drainage]* water samples by the perchlorate method. 104268
Drainage and the **supply** of lime. 103792
Components of error in field experiments with cotton, groundnuts, kenaf and sesame in the central Sudan rainlands. II. variation in plant measurements through the season and a discussion of **surface** *drainage* as a source of variation. 104274
Surgical *drainage* of the abdomen [Dogs]. 097125
Calculation theory of *irrigation-drainage* **system** parameters with subsoil irrigation (sluices). 104272
On designing and construction of *drainage* **systems** in the German Democratic Republic. 103357
Improvement of *drainage* **systems.** 104351
New materials for *drainage* **systems.** 104352
Use of the flutter valve for **thoracic** *drainage* [Small animals]. 097132
Reclamation effectiveness of **vertical** *drainage* in the Golodnaya Step'. 104412
Coal and coal mine *drainage* [**Waste** treatment]. 104546
Store excess rain **water** *[Drainage].* 104318
Control of Typha angustata in **water-logged** *drains* [Influence of rice culture]. 102116
Drained **weight** issue heats up; industry, consumers disagree. 095275
Drained **weight** update: problems and compromises. 095276

DRENCHING

Drenching **annual** [flowering] plants for damping-off control. 101425
Internal parasite control with Ruelene **Wormer** *Drench* [Cattle]. 097487

DRESSING

Effect of **foliar** *dressing* [with fertilizers] on the yield and quality of buckwheat grain in the conditions of the Poltava Region. 103902
Some pathogenic aspects of Fusarium oxysporum f. Sp. Pisi isolated from the seeds of pea and effectiveness of systemic **fungicide** *dressings.* 101604
Effect of late-season top *dressing* of N (and K) **[nitrogen** and potassium] applied to conifer [Picea sitchensis] transplants in the nursery on their survival and growth on British forest sites. 103964
Dressing **percent**—what does it mean? [Cattle, carcasses]. 095679
The use of **seed** *dressings* [fungicides] on groundnuts in northern Nigeria: importance of seed quality. 101506
Research on the residues and dynamics of disappearance of trichloronat in onion after application of Phytosol in the form of **seed** *dressing* [Hylemya antiqua, control]. 102461
Modern mechanization of **seed** *dressing.* 103561

DRIFTING

Dispersal and recovery of natural pyrethrum micro droplets in banana plantation [Insecticide residues, *drift,* **Aedes** control]. 102561
Effectiveness of various forms of nitrogenous fertilizers on *drift* **soils.** 104152
Drifting **spiders** or continents? Vicariance biogeography of the spider subfamily Laroniinae (Araneae: Gnaphosidae). 103200

DRILLING

Precision-drilled **cereals.** 100938
Diseases in reduced cultivation and **direct** *drilling* systems. 101870
Experiments relating to techniques for **direct** *drilling* of seeds into untilled dead turf [Equipment]. 103458
A hand-operated **fluid** *drill* for small plot experiments. 103427
A comparison of seed-tape drilling and spaced **seed** *drilling* [of sugarbeet]. 100717
The operation of an universal pneumatic **[seed]** *drill.* 103636
A comparison of **seed-tape** *drilling* and spaced seed drilling [of sugarbeet]. 100717

DRINKING

Coffee *drinking* and death due to coronary heart disease. 095169
Determination of the fruit content in **milk** *drinks* made of cultured and butter milks with added fruit juices. 095620
Nutrition: **students** *drink* up. 095383
Ronidazole in high concentrations in *drinking* **water** for treatment and prevention of diarrhea in swine dysentery. 097227
Ronidazole in low concentrations in *drinking* **water** for treatment and development of immunity to swine dysentery. 097228
Some aspects of lead pollution [in *drinking* **water** and air] in Rio de Janeiro. 104482

DRIVING

Dynamics of an **asynchronous** *drive* during additions of load [Electric motors]. 103367
Power expenditure for operating a wheel tractor of the 1,4 TS class on a snow-covered road with a **blocked** *drive* of the driving wheels. 103537
Study of the characteristics of a disk air moistener as an operating machine with an **electric** *drive.* 103377
India's *drive* to boost cashew exports hurt by raw nut supply problems. 094536
Provision of dairy cattle with magnesium after *driving* them to the **pasture.** 1. Surveys on the occurrence of grass tetany and the effect of abetting factors. 097858
Provision of dairy cattle with magnesium after *driving* them to **pasture.** 2. Preventive measures [for the control of grass tetany]. 097859
Studies on human body response to vibration during *driving* a **tractor.** 103464
The problem of developing a device for *driving* **units** with broad operational width operating with a given overlap between the passages. 103638
Power expenditure for operating a wheel tractor of the 1,4 TS class on a snow-covered road with a blocked drive of the *driving* **wheels.** 103537

DRONES *see* BEES

DROSERÃ

The biosynthesis of the naphthoquinone 7-methyljuglone *[Drosera* **capensis].** 099534
Propagation of the neuroid action potential of the carnivorous **plant** *Drosera.* 100048
Studies on the origin of some hydrolytic enzymes associated with the leaves and tentacles of *Drosera* **species** and their role in heterotrophic nutrition. 099881

DROSOPHILA

The control of puffing by ions—the Kroeger hypothesis: a critical review **[Chironomus,** *Drosophila].* 103049
Stimulation of growth by insulin in *Drosophila* **enbryonic** cells in vitro. 102936
Deleterious effects of copulation in *Drosophila* **females** as a function of growth temperature of both sexes. 102928
Geographic variation of the chromosomal polymorphism in *Drosophila* **flavopilosa.** 102863
Ectopic pairing and evolution of 5S ribosomal RNA genes in the chromosomes of *Drosophila* **funebris.** 102887
Drosophila **gene-enzyme** systems. 102784
Relationships within the melanogaster species subgroup of the **genus** *Drosophila* (Sophophora). II. Phylogenetic relationships between six species based upon polytene chromosome banding sequences. 103085
Evolution of 5S ribosomal RNA genes in the chromosomes of the virilis **group** of *Drosophila.* 102888
RNA synthesis of puff 2-48BC after experimental induction in *Drosophila* **hydei** [Chromosomes]. 102879
Allelism of spontaneous mutations which affect viability in the 2 chromosome of **LA** *Drosophila* melanogaster strain. 102944
Developmental genetics of homoeosis [in *Drosophila* **melanogaster** and other insects]. 102783
Acetamide incorporation into the developing imaginal bar eye discs in *Drosophila* **melanogaster.** 102822
Evolution and organization of chromomeres *[Drosophila* **melanogaster].** 102834

Ecdysterone induced proteins in in vitro cultured sensitive clones of *Drosophila* **melanogaster.** 102841
The relation between growth rate and life span in Triboliumcastaneum and *Drosophila* **melanogaster.** 102857
Whole mount electron microscopy of poyltene chromosmes from *Drosophila* **melanogaster.** 102867
Enhanced competence in the negotiation of a T maze by *Drosophila* **melanogaster** in response to a possible food reward. 102871
Ultrastructural patterns of RNA synthesis during early embryogenesis of *Drosophila* **melanogaster.** 102880
Mutagenic selectivity of carcinogenic nitroso compounds. III. N,alpha-acetoxymethyl-N-methylnitrosamine *[Drosophila* **melanogaster].** 102886
Clonal analysis of a genetically caused duplication of the anterior wing in *Drosophila* **melanogaster.** 102903
Studies on the female-sterile mutant rudimentary of *Drosophila* **melanogaster.** I. An analysis of the rudimentary wing phenotype. 102909
Analysis of the spatial organization of *Drosophila* **melanogaster** genome based on ectopic pairing of polytene chromosomes. 102945
Mitotic recombination in cleavage divisions of *Drosophila* **melanogaster.** I. The effect of X-rays on sperms and spermatogonia of male parents. 102948
Mitotic recombination in cleavage divisions of *Drosophila* **melanogaster.** II. The effect of ethylmethanesulphonate at different stages of spermatogenesis in male parents. 102949
Mating behaviour as a fitness component in maintaining allozyme polymorphism in *Drosophila* **melanogaster.** 102952
Morphogenic effect of nitrosomethylurea and nitrosoethylurea [in *Drosophila* **melanogaster].** 102953
Morphogenic effect of some dihydropyridines on the isogenic line 53-53-53 of *Drosophila* **melanogaster.** 102954
Cell death in ovarian chambers of *Drosophila* **melanogaster.** 102969
Destruction of the pars intercerebralis in *Drosophila* **melanogaster:** effect on fertility and stimulation of mating. 102994
Rhythms of vitellogenesis and ovulation in photoperiod LD 12:12 in *Drosophila* **melanogaster.** 103013
Redescription of Coccidiascus legeri Chatton, 1913 (Nematosporaceae: Hemiascomycetidae), an intracellular parasitic yeastlike fungus from the intestinal epithelium of *Drosophila* **melanogaster.** 103030
Increase of rDNA redundancy in bb females of *Drosophila* **melanogaster.** 103050
Further notes on the behavior of induced asymmetric in dyads in the male of *Drosophila* **melanogaster.** 103055
Investigations on radio-sensitive and radio-resistant populations of *Drosophila* **melanogaster.** VII. High relative radio resistance to the induction of sex-linked recessive lethals in stage-7 oocytes of RO I4 [irradiation]. 103056
Genetic fine structure of the 2D3-2F5 region of the *Drosophila* **melanogaster** X chromosome. 103096
Spontaneous formation of translocation and nonhomologous pairing of chromosomes in *Drosophila* **melanogaster.** I. Production and genetic analysis of females containing Y-2 semitranslocations. 103098
Spontaneous formation of translocations and nonhomologous pairing of chromosomes in *Drosophila* **melanogaster.** II. Genetic analysis of b pr individuals and study of distribution over the cultures of individuals with semitranslocations Y2. 103099
Dynamics of the expression of spontaneous dominant lethal mutations during the ontogenesis of *Drosophila* **[melanogaster].** 103101
Hormonal regulation of the secretion of mucoproteins by cells of the salivary glands of *Drosophila* **melanogaster** larvae during the period of metamorphosis. 103102
Cytochemical analysis of spontaneous asynapsis of homologous chromosomes of *Drosophila* **melanogaster** saliva glands. 103123
Role of vitamin B12 in the reduction of ribonucleotides into deoxyribonucleotides in *Drosophila* **[melonogaster]** cells grown in vitro. 102833
The use of 'normal' and 'transformed' gynandromorphs in mapping the primordial germ cells and the gonadal **mesoderm** in *Drosophila.* 102970
Study of the genetic structure of laboratory populations of *Drosophila* by the **quantitative** character. 102956
Studies on *Drosophila* **radiosensitive** strains. I. Isolation of radiosensitive strains, their frequencies of spontaneous dominant lethals and of X-chromosome non-disjunction. 102950
A morphological study of spermatogenesis in *Drosophila,* with **special** reference to encysted germ cells. 102821
Mechanisms of suppression in *Drosophila.* IV. **Specificity** and properties of tyrosyl-tRNA synthetase. 102858
Protection of *Drosophila* **spermatogonia** from radiation-induced mutations. 102955
Defective development after puncturing the periplasm of nuclear multiplication **stage** *Drosophila* [melanogaster] embryos. 102904
Effect of 5'-bromodeoxyuridine on the association of telomeric regions in *Drosophila* **virilis** salivary gland chromosomes. 102946
Reaction of the genetic system determining the characteristic puffed in *Drosophila* **virilis** to various temperatures. 103097
Changes in puff spectrum during the development of *Drosophila* **virilis.** 103100

DROUGHTS

The different behaviour of rainfed rice and irrigated rice under water stress conditions. 1. Study of the factors of **adaptation** to *drought.* 100079
Nine fallacies of natural disaster: the case of the Sahel [West **Africa,** *drought].* 094713
Nature of the change of the component composition of histones as a result of hardening winter wheat to frost and the **effect** of *drought.* 100309
Drought in Western Europe [Effects of *drought* on **farm** output and trade]. 094529
Senegal river: the needs of the population before the interests of a minority [Sudan-Sahelian climate, *drought,* **farming** possibilities]. 094190
The *drought* in **Mauritania.** 104253
Effects of periods of *drought* during different **phases** of growth of sunflower (Helianthus annuus L.) cultivated in the greenhouse. 100164
Water stress and protein synthesis. IV. Responses of a *drought-tolerant* **plant** [Tortula ruralis]. 099836
On the mechanization of the process of presowing hardening of grain crops against *drought* **[Pneumatic** tansporter]. 103594
Desiccation in the determination of *drought* **resistance** by pre-sowing [sorghum] seed treatments. 100303
Evaluation of the collection of tomato entries for heat and *drought* **resistance** in the western Kazakhstan. 100384
Epicuticular wax of Agropyron intermedium [a *drought* **resistant** perennial grass]. 100267
Climate changes and the future of the **Sahel** *[Drought].* 094051
Health care systems in the **Sahel:** before and after the *drought.* 094052
A reassessment of international relief programs **[Sahel** *drought].* 094708
Environmental variables influencing the increment of Pinus radiata. 2. Effects of **seasonal** *drought* on height and diameter increment. 098010
Response of yellow-poplar [Liriodendron tulipifera] seedlings to **simulated** *drought* [Stress]. 102053
Dust in the Sahel: cause of *drought?* [**Soil** erosion]. 104195
Breeding of spring wheat for resistance to **spring-summer** *drought* considering some morpho-physiological indices. 099247
Drought in **Western** Europe [Effects of drought on farm output and trade]. 094529
Winter injury or **winter** *drought* of evergreens in Idaho. 101884

DRUGS

Expressway to chaos or sound policy? [Food and *Drug* **Administration,** regulations]. 094839
Antibacterial *drugs* in food animals: their environmental impact. 094903
Pharmacotherapy of **cardiac** *drugs.* 097701
Atherosclerosis - part IX: the **coronary** *drug* project. 095070
Sorption of moisture by **crude** *drugs.* III. Folium Menthae piperitae, Herba Thymi, Fructus Foeniculi, Anthodium Chamomillae [Mentha, Thymus, Foeniculum, Matricaria cha. 095450
Sorption of moisture by **crude** *drugs.* IV. Folium Salviae, Rhizoma Calami, Herba Basilici, Inflorescentia Crataegi [Salvia, Acorus calamus, Occimum basilicum, Crataegus]. 095451
Investigation of flavonoid fraction of some **crude** *drug* plantfrom the family Labiatae (Herba Serpylli L., Herba Thymi L., Herba Majoranae L., Herba Origani L.) [Thymus. 099733
Search for sources and a possibility of isolation of L-dopafrom domestic **crude** *drug* plant materials [Euphorbiaceae, Gramineae, Leguminosae]. 099737
Chemistry of ayurvedic **crude** *drugs.* IV. Guggulu (resin from Commiphora mukul). 4. Absolute stereochemistry of mukulol. 100010
A new method for the quantitative determination of some important glycosides in *drug* **extracts** of Digitalis lanata. 099929
Drug **interactions** and adverse effects. 097783
Changes of the fluorescence of aminergic neurons after systemic administration of various *drugs* in the **intracerebellum** in the adult chicken (Gallus domesticus). 096150
Malnutrition and *drug* **metabolism** in man. 095176
Malnutrition and *drug* **metabolism** in man. 095177
Toxicological assessment of hexachlorobiphenyl isomers and 2,3,7,8-tetrachlorodibenzofuran in chicks. II. Effects on *drug* **metabolism** and porphyrin accumulation. 097865
Mosaic disease of a *drug* **plant,** trianthema portulacastrum L. 101769
Mineral nutrition and morphine production in Papaver somniferum *[Drug* **plants].** 099896
Determination of ronidazole in swine tissues by differential pulse polarography *[Drug* **residues** in edible animal tissues]. 094867
Occurrence and distribution of *drug* **resistant** enterobacteria [Escherichia coli] in extra enteral habitats [Food contamination, pollution]. 094892
Allergic bronchoconstriction and its *drug-induced* **reversal** in anesthetized, ovalbumin-sensitized cats. 096537
Animal experimentation in foreseeing the teratogenic **risk** of *drugs.* 097201
Quinaldofur, a new **synthetic** *drug* for the treatment of [bovine] mastitis. 097678
Quinaldofur, a new **synthetic** *drug* for the treatment of [bovine] mastitis. II. Pharmacology, residues, udder irritation and clinical efficacy. 097679
Proper [animal] *drug* **usage** and the public health. 094904
Prescription writing for the **veterinarian** *[Drugs].* 097161

DRYING

Economic evaluation of selected hot **air** *driers* in the SouthBohemian region [Feed processing, costs]. 094435
Lethal influence of *dried* **air** on Sitophilus granarius L. (Coleoptera, Curculionidae). 102543
Determination of theoretical dependencies of the material movement in a pneumatic pipeline considering friction [**Air** *dryer].* 103519
Drying **bagasse** using boiler flue gas. 095837
Cost of production update for 1975 on sweetcorn for processing; red kidney, *dry* **beans,** apples for fresh and processing. 094370
The estimation of cross yield using early generation and parental yields in *dry* **beans** (Phaseolus vulgaris L.). 099211
Evolution of the linear equation between fresh body weights and *dry* **body** weights in an insect population during a period of strong evaporatien [Tomocerus minor]. 102844
Pore volume distribution and curve of water content versus suction of porous body. 1. Two **boundary** *drying* curves. 103827
An improvement in interior egg quality by the feeding of **brewers** *dried* grains. 096750
Cow-calf beef production on irrigated pasture and in *drylot* at **Carrington** [Irrigation Branch Station, grazing]. 096739
Chemical *drying* of alfalfa seed crops [Desiccants, harvesting aid]. 100997
Automatic regulation of *drying* **conditions** for hay. 103515
Constant *drying* rate of a single paddy grain [Rice]. 095827
Dry **cow** management [Feeding and the prevention of problems]. 096679
Ecological physiology of the lichen Hypogymnia physodes. II. Effects of wetting and *drying* **cycles** and the concept of 'physiological buffering'. 099878
Fine structure and mechanical properties of jute **differently** *dried* after retting. 095819
Studies on gourd (Lagenaria vulgaris) *dryer.* I. 095931
1974 *dry* **edible** bean production cost in Scotts Bluff County, Nebraska. 094437
Studies on mushroom flavours. 3. Some flavour compounds in fresh, canned and *dried* **edible** mushrooms. 095988
Effect of *rotary-drum-drier* **exit** temperature and length of pre-drying storage time on digestibility of dried grass cobs [Sheep]. 096701
Application of *dry* **farming** techniques for successful crop production in India. 100775
The relationship between moisture content and equilibrium relative humidity of *dried* **figs.** 095933
Determination of moisture and saleable mass (A.D. Weight) of baled **flash** *dried* pulps. 098285
ICMSF [International Commission on Microbiological Specificatons for Foods] methods studies. VII. Indicator tests as substitutes for direct testing of *dried* **foods** and feeds for Salmonella. 094823
Microorganisms in *dried* **foods:** their significance, limitation and enumeration. 094876
Causes of *drying* out of **forest** plantings on saline soils in the Crimean Region. 097891
Making *dried* **fruit** leather. 095063
Grain *drying* in country elevators: costs and economies of size. 094436
Grain harvest—**grain** *drying* and storage [Equipment]. 095165
Effect of rotary-drum-drier exit temperature and length of pre-drying storage time on digestibility of *dried* **grass** cobs [Sheep]. 096701
Standardization of *dry* **heat** [meat] cookery methods. 095201
Up-to-date status and prospects of studying the problems of **infectional** *drying-off* of lemons (mal secco disease) [Phomatracheiphila]. 101617
Mixed hardwood **kiln** *drying* experiment. 5. Kiln drying of hardwoods grown in northeast part of Taiwan. 098195
An empirical equation for thin **layer** *drying* of rough rice with heated air. 095826
Effect of the content of coarse and *dry* **leaves** in the raw material from mechanized harvesting on the condition of the product during tea storage. 095533
Reproducibility of vitamin assays with mutants of Neurospora crassa [Fungi] **maintained** by *freeze-drying.* 099631
Electronic microscopy of *dry* **mass** of nuclei and chloroplasts from rye. 098971
The effect of formic acid on the fermentation of ryegrass [Lolium] ensiled at different stages of growth and *dry* **matter** levels. 096014
Studies into levels of *dry* **matter,** calcium, magnesium, sodium, potassium and phosphorus in different tissues of swine (brain, lung, liver, kidney, small intestine). 096216
Metabolizable energy values of some poultry feeds determined by various methods and their estimation using metabolizability of the *dry* **matter.** 096758
Effect of intensive nutrition of meadows on *dry* **matter** yields. The content and production of nitrogenous substances. 100293
Dry **matter** accumulation in spring hybrid maize as affected by N P K [nitrogen, phosphorus, potassium] fertilization. 103966
Effect of levels and sources of nitrogen on wheat. II. Pattern of *dry* **matter** and nitrogen accumulation. 103973
A new method for the isolation of Salmonellae from *dry* **milkduring** a salmonellosis outbreak [Food contamination]. 094848

Air pollution control in the *dry* **milling** industry [Flour dust]. 104467
The effect of amino acid or **nonfat** *dry* milk supplementation on nutritive value of cornflakes and oatmeal [Rats]. 095139
Alternatives to **nonfat** *dry* milk. 095555
The *drying* out of **oak** [Quercus] in plantings from the Voroshilovgrad Region. 097899
Drying for a better **onion.** 095861
Loss of structure in *freeze-dried* **[orange** juice] carbohydrates solutions: effect of temperature, moisture content and composition. 095929
A comparison of nitrogen and energy determination of fresh and **oven** *dried* poultry excreta [Digestion test]. 096691
Storage of *dried* and **pelleted** [sugar]beet pulp in silos. 095854
Experiences in the *drying,* **pelletization** and feeding of whole maize, barley and alfalfa plants in the People's Republic of Bulgaria. 096803
Saving cattle feed costs with *dried* **plant** juice. 094394
Effect of some factors on the saccharification of *dry* **plums** during storage. 095897
Rapid analysis of potassium sorbate in *dried* **prunes** by ultraviolet or colorimetric procedures. 095918
Growing season and location effects on water uptake and *drying* **rates** of peanut seeds from genotypes resistant and susceptible to invasion by Aspergillus flavus Lk. ex. Fr. 101313
The susceptibility of various varieties of greenhouse tomatoes to the occurrence of *dry* **rot** of fruit tops [caused by calcium and water supply deficiencies]. 101860
Experiment on *drying* **schedules** of imported wood. I. Red meranti (Shorea spp.). 2. Ramin (Gonystylus spp.). 098194
Fast determination of content in oil by nuclear magnetic resonance after *drying* of **seeds** in a microwave oven. 095520
Alum **sludge** *drying* with basic extractive treatment. 104526
Influence of tall wheatgrass [Agropyron elongatum] wind barriers on **soil** *drying.* 103663
Prediction of some soil properties through cracks formation of *dryness.* I. **Soil** salinity and alkalinity. 103696
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. The **spray** *drying* department. 095653
Economics of *drying,* **storage** and feed processing. IV. Feed processing. 094373
Effect of rotary-drum-drier exit temperature and length of *pre-drying* **storage** time on digestibility of dried grass cobs [Sheep]. 096701
Harvesting and *drying* **studies** with padi Bahagia and padi Jaya [Rice varieties]. 100913
Sunpower *dries* soybeans [Solar heat]. 103574
Effects of *drying* on the **transmissibility** of wheat spindle streak mosaic virus in soils from wheat fields in Ontario. 101738
Use of Leguminosae for building up soil fertility in *dry* **tropical** soils [Nitrogen fixation]. 103796
Drying **vegetables** at home. 1. 095104
Clean, *dry,* **ventilated** housing for the young dairy calf. 103335
Chemotaxonomy of the Papillionaceae. I. Quantative study of 33 species. *Dry* **weight** and nitrogen percentage of different protein families. 098704
Method of must fermentation in the production of champagne and *dry* **wine** materials. 095960
Hints for the production of straw pellets in *drying* **works** and pelleting plants. 096057
Treatment of Toprina *[dried* **yeast** protein] with rRNA and ribonucleases in the chicken. 096312
Feeding of rats with SCP concentrations (Toprina BP) *[dried* **yeast** protein]: hematological and hematochemical observations. 096670
New **zonal** *drying* out of steppe forest plantings in th Ukraine and silviculture control measures. 097897
Ablation of the inflorescences on young oil palms. Special case of *dry* **zones.** 101305

DRYLANDS

Economics of fertiliser use under *dryland* **conditions** [Costsand returns]. 094410
The problem of water supply and the development of grapevine root system in *dryland* **conditions** on heavy loamy soils in southern Ukraine [Soil moisture]. 103860
Fertilizer studies on bajar [pearlmillet] under *dryland* **conditions.** 103993
Response of wheat to levels and methods of application of nitrogen under *dryland* **conditions.** 104023
Water use by *dryland* **corn** as affected by maturity class and plant spacing. 100076
Soft wheat varieties of Australia and their breeding significance for *dryland* **farming** in Uzbekistan. 099106
Legume and grass mixtures for *dryland* **farming** in Kazakhstan. 100895
It pays to select a suitable variety for *drylands* **[Field** crops]. 100823
Agrochemical characteristic of *dryland* **typical** Sierozems ofvarious levels of erodibility. 103842
Crop quality and nutrient uptake by *dryland* **wheat** crop as influenced by available soil moisture status. 100208

DRYOPTERIS

The formation and ultrastructure of rhizoids on protonemata of *Dryopteris* **borreri** Newm. 100098
Concerning the sinuous shape of leaf epidermal cells *[Dryopteris,* **Pteridophyta].** 099019

DUCKS

Sodium- and potassium-activated adenosine triphosphatase of the nasal salt gland of the *duck* **(Anas** platyrhynchos). Purification, characterization, and NH2-terminal amino acid sequence of the phosphorylating polypeptide. 096428
A study of the influence of mesonephric mesenchyme on the Wolffian duct in birds using heterospecific [quali-chick and *quail-duck]* **associations.** 096447
A technique for study of lung function in birds *[ducks]* by **blocking** the primary bronchus. 096544
Inhibition of *Mallard* **[duck]** salt gland function by DDE [dichlorodiphenyldichloroethylene] and organophosphates. 102693
Studies on the accessory reproductive organs in the *drake.* 4. **Effects** of androgen on the ejaculatory groove region of the drake. 097010
Histopathologic alterations in shell gland accompanying DDT-induced thinning of **eggshell** *[Ducks].* 102684
Virulence heterogeneity of a predominantly avirulent western equine encephalitis virus population *[Duck* **embryo** cell cultures]. 097411
In vitro biological differences between the pathogenic and apathogenic Marek's disease herpesvirus [Chick and *duck* **embryos].** 097261
Diagnosis of duck virus **enteritis** *(duck* plague). 097516
Total fatty acid composition of *duck* **fatty** tissues. 096518
Metabolism of a new herbicide, tebuthiuron (1-[5-(1,1-dimethylethyl)-1,3,4-thiadiazol-2-yl]-1,3-dimethylurea), in mouse, rat, rabbit, dog, *duck,* and **fish.** 097824
Cardiac receptors in *ducks*—**a link** between vasoconstriction and bradycardia during diving. 096154
Exaltation of chickens embryo adapted modified **live** *duck* plague vaccine virus. 097376
Studies on the accessory reproductive organs in the drake. 4. Effects of androgen on the ejaculatory groove **region** of the *drake.* 097010
Effects of CO2 [carbon dioxide] on pulmonary air flow **resistance** in the *duck.* 096545
Effects of early cyclophosphamide treatment on lymphoid organs and its immune response in *ducks* **[Salmonella** pullorum]. 097478
Inhibition of Mallard *[duck]* **salt** gland function by DDE [dichlorodiphenyldichloroethylene] and organophosphates. 102693
Use of **sentinel** *ducks* in epizootiological studies of anatid blood protozoa. 097298
Observations on the developing tail of the *drake* **spermatid.** 096910
Identification of noradrenergic and serotonergic fibers in the median eminence : a radioautographic, pharmacological and microspectrofluorimetric **study** *[Ducks].* 096196
Diagnosis of *duck* **virus** enteritis (duck plague). 097516
The results of line combination testing in *ducks* at the **Wriezen** duck combine on the Frankfurt on the Oder Inland Fishery State Farm. I-II. [Effects of hybridization]. 097059

DUCTS

Pathology of chronic lesions in the mammary glands of goats (Capra hircus). 2. Fibrocystic disease and *intraductal* **carcinomas.** 097726
Inhibition of sodium transport by antiotensin II in the **main** *duct* of the rabbit mandibular gland isolated and perfused in vitro. 096498
Ultrastructure of **resin** *ducts* in Pinus halepensis development, possible sites of resin synthesis, and mode of its elimination from the protoplast. 100623
A study of the influence of mesonephric mesenchyme on the **Wolffian** *duct* in birds using heterospecific [quali-chick and quail-duck] associations. 096447

DUGESIA

Regulation of aquatic diptera [Culex] by Planaria *[Dugesia* **dorotecephala,** biological control]. 102566

DUMPING

Equipment for the handling of straw at the *dumping* **site** in the German Democratic Republic. 103495

DUNALIELLA

Specificity for nicotinamide adenine dinucleotide and nicotinamide adenine dinucleotide phosphate of nitrate reductase from the salt-tolerant **alga** *Dunaliella* parva. 099948
Mitosis in *Dunaliella* **[bimaculata,** Algae]. 099007
Ulltrastructural autoradiographic study of the intracellular fixation of 3H [hydrogen isotope]-acrolein [in a unicellular alga, *Dunaliella* **bioculata].** 099715
Natural **protoplast** *Dunaliella* [Algae] as a source protein. 099515

DUNG

Use of **animal** *dung* in feeding livestock; present state of the problem. 096787
System Licom-one of the industrial methods of disposing of the *dung* of **farm** animals. 096099
Control of house fly [Musca domestica] and stable fly [Stomoxys calcitrans] breeding in **rhinoceros** *dung* with an insect growth regulator used as a feed additive. 102597

DUODENUM

Sephadex G100-separation of the mucicrinic and the mucimitiginic factors from an extract of [porcine] *duodenal* **mucosa.** 096352
Vitamin B6 nutriture of children with acute celiac disease, celiac disease in remission, and of children with **normal** *duodenal* mucosa. 094971

DURABILITY

Longtime *durability* of adhesives in bearing wood constructions. 098382

DURRA

Some agronomical studies on **rainfed** *jowar* [Sorghum bicolor]in black cotton soils. 100864

DURUM *see* WHEAT

DUST

Studies into the effect of fly ash emission on broiler performance and health *[Dust* **contamination** of the chicken lung]. 097791
Air pollution control in the dry milling industry **[Flour** *dust].* 104467
Study on the effect of cement **kiln** *dust* as potassium fertilizer on rice and soybean. 104131
Plutonium hazard in **respirable** *dust* on the surface of soil. 104636
Dust in the **Sahel:** cause of drought? [Soil erosion]. 104195

DWARFISM

West **African** *Dwarf* breed in Cameroon. Zootechnical possibilities, breeding conditions, future. 097036
A comparison of the daily energy needs of the normal and *dwarf* **broiler** breeder hen. 096746
Egg quality of *dwarf* **brood** hens. 096898
Host range of maize **chlorotic** *dwarf* virus [Graminella nigrifrons, insect vectors]. 101785
Phenetic similarity among *dwarf* **[gene]** rice cultivars, grown in two environments, as estimated by numerical taxonomic methods. 099067
Hybrid **grass-clump** *dwarfness* in wheat: physiology and genetics. 099187
The incidence of *dwarfing* in **inbred** Douglas fir [Pseudotsuga menziesii]. 098135
Dwarfing and **lethal** genes in apple progenies. 099177
Range extension of three conifers [Pinus aristata, Pinus flexilis, Juniperus occidentalis] and a *dwarf* **mistletoe** in the Panamint Moutains, Death Valley National Monument. 098651
Occurrence of mottle and redleaf components of carrot **motley** *dwarf* disease in British Columbia [Vector aphid, Cavariella aegopodii]. 101739
Etiology of the stomatitis pneumoenteritis complex in **Nigerian** *dwarf* goats. 097288
The preparation of 2,3 (3H)-GA29 [hydrogen isotope, gibberellic acid] and its metabolism by etiolated seedlings and germinating seeds of *dwarf* **Pisum** sativum (Meteor) [Peas]. 100492
Response of *dwarf* and **tall** wheats to nitrogen, phosphate and potash. 104006
Plant population requirement of *triple-dwarf* **varieties** of wheat. 100859
Effect of concentration and time of application of Polycot (antitranspirant) on water use economy in *dwarf* **wheat** in Rajasthan. 100209
Effect of nitrogen, phosphorus, date of sowing and seed rate on yield of *dwarf* **wheat** in Rajasthan. 100839
Effects of dates of sowing, seed rates and nitrogen levels on *dwarf* **wheat** Kalyansona. 100849
Effect of N [nitrogen] levels and soil moisture regimes on the yield of *dwarf* **wheat.** 103978
Effect of time of application of nitrogen on the growth and yield of *dwarf* **wheat** varieties. 103987
Response of *dwarf* **wheat** varieties to nitrogen fertilization. 104007
Response of *dwarf* **wheat** to nitrogen. 104008
Chemical weed control in *dwarf* **wheats** with particular reference to grass weeds. 102115
Effect of levels and sources of N [nitrogen] on its uptake and utilisation by *dwarf* **wheats.** 103974
Gradual change in predominating isolates of barley **yellow** *dwarf* virus in New York [Aphids as disease vectors]. 101784

DYES

Use of the *dye* **binding** method for determination of protein content in grassland crops [Lolium, clover]. 095844
Uncoupling of electron transport by anionic quinonoid redox **indicator** *dyes* [Spinach]. 100517
Chemical reagents in the hand of the mycologist. 2. Some *dyes* for **microscopic** study [of fungi]. 099056
Chrome leather waterproofing by treatment with aldehydes and carboxylic acids. II. Effects of some chemicals and tanning, greasing and *dyeing* **products.** 095682
Dye **reduction** method for estimating bacterial counts in ground beef [Microbial contamination]. 094804
Studies on the exfoliation of silk fibers. 5. On the relation between the falling of *dye* and **swelling** in the exfoliation defect panels. 095510
Neutral red: a specific **vital** *dye* for the insect corpus luteum [Anopheles maculipennis, Culex pipiens, Aedes aegypti]. 103054

DYING *see* DEATH

DYNAMOMETER

Study of a device for calibration of *dynamometer* **shafts** with a closed circuit. 103628

DYSDERCUS
Juvenile hormone activity of ethyl 7,11, dichloro farnesoate on *Dysdercus* **cingulatus** F. [Cotton]. 102345
The effects ULV [ultra low volume] spray on pests of cotton and their natural enemies [Aphis gossypii, *Dysdercus* **superstitiosus** and predators, Chilmines lunata and spiders]. 102342

DYSENTERY
Dysentery of **honeybees.** 103295
The common diarrhoeas of sheep in Britain [Colibacillosis and **lamb** *dysentery].* 097666
Prevention of **swine** *dysentery* with a combination of lincomycin and spectinomycin and resistance of swine dysentery to tylosin and sodium arsanilate. 097226
Ronidazole in high concentrations in drinking water for treatment and prevention of diarrhea in **swine** *dysentery.* 097227
Ronidazole in low concentrations in drinking water for treatment and development of immunity to **swine** *dysentery.* 097228

DYSTOCIA
Characterization of biological types of cattle. I. *Dystocia* and **preweaning** growth. 096417
Management traits in dairy cattle, *Dystocia,* **udder** characteristics related to production, and a review of other traits. 096097

DYSTROPHY
Characterization of the adenosinetriphosphatase and calsequestrin isolated from sarcoplasmic reticulum of normal and *dystrophic* **chickens.** 096283
Enzymological studies on hereditary avian **muscular** *dystrophy* [Chickens]. 096423

DYTISCIDAE
A revision of the Nearctic species of Hygrotus groups II and III **(Coleoptera:** *Dytiscidae).* 103137
Physiological activity of water beetle *[Dytiscidae,* **Gyrinidae,** Coleoptera] defensive agents. I. Toxocity and anesthetic activity of steroids and norsesquiterpenes administered in solution to the minnow Pimephales promelas Raf. 102965
Physiological activity of water beetle *[Dytiscidae,* **Gyrinidae]** defensive agents. II. Absorption of selected anesthetic steroids and norsesquiterpenes across gill membranes of the minnow Pimephales promelas Raf. 102966

EARIAS
The influence of some carbohydrate diets as adult food or group interaction during immature stages on the programming of oviposition in the spotted bollworm, *Earias* **fabia** Stoll (Lepidoptera: Noctuidae). 102354
The use of traps baited with live females as a tool for improving control programs of the spiny bollworm, *Earias* **insulana** Boisd., in cotton fields. 102347

EARS
Physiology and genetics of *ear* **emergence** in barley and wheat. IX. Effect of low temperature during dark period on time of heading in barley. 100248

EARTH
Waste fat in fat-containing **bleaching** *earth* as feed for chickens. 096603
Determination of trace elements and their distribution in different fractions of the soil. IV. Meridional **Brown** *Earth.* 103674
Physicochemical and micromorphological characteristics of a complex soil profile of intergrades of Andosol and Oligotrophic **Brown** *Earth.* 103682
Q/I [quantity-intensity] potassium relationships in Vertisols and **Brown** *Earths* of Tenerife. II. 103686
Trophic classification of lakes using LANDSAT-1 (ERTS-1) [Land Satellite One, *Earth* **Resources** Technology Satellite One] multispectral scanner data [Remote sensing]. 104479

EARTHQUAKE
Like an *earthquake* **[Food** supply]. 094752

EARTHWORMS
Does the worm **turn?** *[Earthworms].* 103667

EARWIGS
The occurrence of trehalose in an *earwig,* **Forficula** auricularia L. (Dermaptera). 102898
Seasonal abundance, diel periodicity and habitat preference of the **striped** *earwig* Labidura riparia in the coastal plainof South Carolina [Potential predator of insect pests, Spodoptera littoralis, soybeans, corn, cotton]. 102282

EATING
Estimation of herbage consumption by grazing cattle using measurements of *eating* **behaviour.** 096702
Family style **dining:** only way to *eat.* 095382
Physical factors that tell us why cattle **don't** *eat.* 097742
Eating **family** style. 095373
Time sequence of lipogenic changes in adipose tissue of rats when converted from ad libitum **feeding** to *meal-eating.* 095152
Eating **quality** of ground chicken-soy patties. 095196

EATS *see* FOOD

ECDYSONE
Preliminary study of *ecdysterone* **action** on the molting cycle of Pisaura mirabilis (Aranea, Pisauridae). 102851
Ecdysones in an **adult** insect: the termite queen [Macrotermes bellicosus]. 102840
Interactions between *ecdysone,* **bursicon,** and other endocrines during puparium formation and adult emergence in flies [Diptera]. 102959
Percentage of *ecdysone* **circulating** in last larval ages and induction of nymphal diapause in Pieris brassicae. 102849
Regulation of the *ecdysone-ecdysterone* **conversion** in Locusta migratoria L.: role of the corpora allata. 102854
Ecdysone **20-hydroxylase** from the midgut of the tobacco hornworm (Manduca sexta L.). 102929
Ecdysterone **induced** proteins in in vitro cultured sensitive clones of Drosophila melanogaster. 102841
Biochemistry of *ecdysone* [in **insects].** 102958
The pattern of *ecdysone* **levels** during development in the desert locust, Schistocerca gregaria. 103022
A high affinity antiserum specific for the *ecdysone* **nucleus** [Radioimmunoassay, insect materials]. 102988
Insect [Manduca sexta] prothoracic glands; a role for cyclic AMP [adenosine monophosphate] in the stimulation of *alpha-ecdysone* **secretion.** 103048

ECHEVERIA
The beautiful **cabbage** *[Echeveria].* 101102

ECHINOCHLOA
Proposal for the conservation of *Echinochloa* **Beauv.** (1812) (Gramineae), against Tema Adanson (1763) and Ornithospermum Dumoulin (1782), non Ornithosperma Raf. (1817). 098720

ECHINOCOCCOSIS
Formal aspect of a campaign against the *echinococcosis* **hydatid** cyst [Dogs, cats]. 097619

ECHINOCOCCUS
Modern controls of the frequency of dog infestations with *Echinococcus* **granulosus** (Batsch, 1786) in Apulia. 097214
Incidence of hydatid cyst [due to larval form of *Echinococcus* **granulosus]** in bovines and histopathological changes of pulmonary tissue in hydatidosis. 097374
Polar lipids of parasitic helminths. II. Polar lipids of *Echinococcus* **granulosus** larvae and Moniezia benedeni. 097644

ECHINOPSIS
Mystery of simultaneous flowering *[Echinopsis* **eyriesii].** 100494

ECOGEOGRAPHY
Flowering biology of proso from various *ecogeographical* **groups** in the conditions of the Poltava Region. 100114
Study of virulent properties of *ecogeographical* **populations** of the pathogen of head smut of maize [Sphacelotheca reiliana]. 101360

ECOLOGY
Ecological **adaptations** of salt marsh grass, Distichlis spicata (Gramineae), and environmental factors affecting its growth and distribution. 098761
Reconstructing **ancient** *ecological* conditions from insect remains; some problems and an experimental approach. 102914
Biological and *ecological* **aspects** of the treatment of young [forest] stands. 098808
Host plants, distribution, and *ecological* **associations** of Hoplolaimus columbus [Nematodes]. 101930
Measures of controlling the pine-resin-gall moth [Petrova resinella] and their *ecologic* **basis.** 102511
Ecology of **bracken** [Pteridium aquilinum] in central Siberia. 098852
Light as an ecological factor: II, the 16th symposium of the **British** *Ecological* Society 26-28 March 1974. 098863
Studies on the local distribution and on the methods of host location of some Rhodesian Tabanidae (Diptera) *[Ecology,* **cattle** hosts]. 102974
Influence of **certain** *ecological* factors on the content of various compounds in lichens **[Cladonia** alpestris, Cladonia mitis, Cladonia rangiferina, Hypogymnia physodes]. 098854
Effect of **certain** *ecological* factors on the course of vegetation, fruiting and quality of Rkatsiteli grape variety. 101139
Effect of *ecological* **conditions** on morphological variation of seeds of Altai species of genus Aconitum L. 098853
Prospects of further expansion of orange cultivation in different *ecological* **conditions** of the Western [Soviet] Georgia. 101257
Oviposition and development of Trogoderma granarium Everts (Coleoptera: Dermestidae) under different *ecological* **conditions** [Maize]. 102532
Shade avoidance and shade tolerance in flowering plants. II. Effects of light on the germination of species of **contrasted** *ecology.* 098865
Biology, *ecology* and **control** of kadam defoliator Arthroschista hilaralis Walk (Pyralidae, Lepidoptera) in plantations in West Bengal. 102493
Behaviour and *ecology* of **Coquillettidia** (Coquillettidia) richiardii (Ficalbi), 1889 (Diptera, Culicidae) in southern France. II. Environment and behaviour. 102813
Biological and *ecological* **criteria** in the management of natural forests. 098012
Biological and *ecological* **criteria** in the management of natural forests. 098013
Agricultural production systems in the Sahel *[Ecological* **deterioration].** 094709
Ecological **differentiation** in the flowering and fruiting habits of Amphicarpaea edgeworthii in Japan. 099837
A theoretical background to the conservation of *ecologically* **distinct** groups of annuals and biennials in the chalk grassland ecosystem. 098776
On the geographical distribution, *ecology* and **distinctive** features of Listera X veltmanii case [Canada, Michigan]. 098697
The *ecology* and **distribution** of kola weevils [Sophrorhinus quadricristatus, Sophrorhinus, Balanogastris kolae] in Nigeria. 102444
The *ecology* and **economic** importance of the Rufous-bellied rat, Lophuromys sikapusi sikapusi in Ibadan, Nigeria [Pests of crops]. 101993
The *ecological* **effects** of physical damage from motor boats on turtle grass [Thalassia testudinum] beds in southern Florida. 098769
Committee report. Biological security, *ecology* and **environment** [Veterinary medicine]. 097193
Research on the morphology, biology and *ecology* of **Eucosoma(Phaneta)** conterminana H.-S. (Lepidoptera, Tortricidae [Insect pest control, lettuce]. 102462
An *ecological* **exploration** of an extremely arid tract of Rajasthan. 098809
Light as an *ecological* **factor:** II, the 16th symposium of the British Ecological Society 26-28 March 1974. 098863
Atmospheric electricity and ionized condition of the air layer directly above the land surface as *ecological* **factors** of environment [for forest trees]. 098148
Seasonal dynamics of the phytomass of a herbaceous ground cover in a forest-steppe oak forest in relation to the dynamics of photosynthesis and *ecologic* **factors.** 100023
Studies on the influence of some *ecological* **factors** on the developent of the Colorado potato beetle [Leptinotarsa decemlineata] resistance to DDT and lindane within the territories of the Great Poland and Warsaw provinces. 102464
Studies in Festuca. 7. Chromosome atlas. 2. An appraisal of chromosome race **[geographical]** distribution and *ecology,* including **Festuca** pratensis var. apennina (De. 099161
Fire *ecology* questions survey: Candid expressions of research needs by land managers and scientists in western North America. 097945
Snow **flowers** *[Ecology].* 098870
Biology and *ecology* of the **garden** moth (Mamestra oleracea L., Lepidoptera, Noctuidae) [pest of sugarbeets in Bulgaria]. 102309
Inheritance of the duration of the vegetation period and the elements of barley yield structure in crossing varieties of different *ecological* and **geographic** origin. 099252
Mosses as **gradual** *ecological* indicators of sulfur dioxide pollution in the industrial area between the Rhine and the Ruhr. 104465
Colonialism in the Great Plains **[Grassland** *ecology].* 098796
Phosphorus metabolism in the leaves of winter wheat from various *ecological* **groups.** 100116
Insects as factor in general and **human** *ecology* in the Sudan[Pests, man and livestock]. 102601
On the *ecological* **interpretation** of principal components in factor analysis [Plant communities]. 098833
Light and the *ecology* of **Laminaria** hyperborea. II. [Algae]. 098861
Ecological **management** of arid grazing lands ecosystems. 100809
Intensive fiber utilization and prescribed fire: effects on the **microbial** *ecology* of forests. 098869
Prairie ant **mound** *ecology:* interrelationships of microclimate, soils and vegetation. 098801
Ecology and **nutritional** energetics of the leaf beetle Gonioctena pallida L. in the Siberian taiga and forest tundra. 103103

Purification of **carbohydrate-containing** *effluents.* 095495
Effluent **characteristics** and treatment of mechanical pulping effluents. 104511
Nutrient uptake by Chlorella vulgaris and Anacystis nidulans isolated from the *effluent* of a **fertilizer** factory [Algae]. 104519
Economic impact analysis of *effluent* **guidelines:** animal feed, breakfast cereal and wheat starch segments of the grain mills industry [Water pollution]. 104610
Effect of bleached kraft **mill** *effluent* on the survival of starved juvenile coho salmon (Oncorhynchus kisutch). 104535
Integrated blanching and cooling [of vegetables] to reduce **plant** *effluent.* 095940
Effluent characteristics and treatment of mechanical **pulping** *effluents.* 104511
Toxic constituents in mechanical **pulping** *effluents.* 104512
Toxic constituents in mechanical **pulping** *effluents.* 104513
Concentrations of nitrifying bacteria in sewages, *effluents,* and **receiving** stream and resistance of these organisms to chlorination. 104446
Effect of **sugar-factory** *effluent* on the growth of Hydrilla verticillata Royle [Algae]. 104518
Recent developments in **tannery** *effluent* disposal. 104525
Application of algal assays to define the effects of **wastewater** *effluents* upon algal growth in multiple use river systems [for the control or prevention of eutrophication]. 104493
Ultimate disposal of biological sludges—a novel concept [Bleached kraft **wholemill** *effluent].* 104624

EGGPLANTS
Chemical composition of fruit of the *eggplant* belonging to the **eastern** Asiatic subspecies. 100598
Site of bacterial RNA synthesis in *eggplant* [**Escherichia** coli, Agrobacterium tumefaciens] protophloem after a bacterial infection. 101710
About some regularities in the variability of *eggplant* **fruit** and seeds. 099435
Plastid pigments content of *eggplant* **leaves** as dependent on fertilizer application. 100439
Study of the collection of *eggplants* for **resistance** to wilt [caused by Verticillium and stolbur virus]. 101356
Effects of soil temperature on the development of **young** *eggplants* (Solanum melongena). 100410

EGGS
Ring structure of **avian** *egg* yolk. 096514
Emergence pattern of *egg-adapted* **avian** encephalomyelitis virus by alternating passage in chickens and embryos. 097257
Egg **breaking** and processing waste control and treatment. 095737
Classification of abnormal **chicken** *eggs*. 095740
Chicken *egg* yolk enhances focus formation by subgroup B, C and D Rous sarcoma viruses [Assaying for avian leukosis virus antibodies]. 097408
Microapplicator and micropipette for inoculation of the embryonated **chicken** *egg* [in the bioassay of aflatoxins]. 097788
Pesticide residues in *eggs* and **chicks** from laying hens fed low levels of several chlorinated hydrocarbon pesticides. 096759
The *egg* and you **[Cholesterol** content, breeding chickens to lay eggs with less cholesterol]. 095728
Seasonal **commercial** *egg* production curve differences. 095746
Changes in *goose-egg* **composition** depending on egg weight and production period. 095729
A simple method to estimate sterile: normal ratios based on hatchability on *eggs* **[Dacus** cucurbitae]. 102824
Technologic equipment for the management of laying hens effects favourably the share of *eggs* with **damaged** shell [Poultry, housing]. 096100
Some factors affecting weepage baked spinach souffles [Quality **defect,** *eggs].* 094900
Induction of *egg* **diapause** by implantation of corpora cardiaca and corpora allata in Bombyx mori. 103248
Differential *egg* cannibalism among larvae of Tribolium castaneum as influenced by the antennapedia mutation. 102862
To study the effect of feeding ad-lib, once-a-day and twicea-day on egg production, feed consumption per **dozen** *eggs* and per kilogram weight of eggs produced in layers. 096693
Experimental investigation of the postparturient rise of **faecal** *egg* count of Ostertagia circumcincta as a source of infection for lambs. 097655
Evaluation of waste activated sludge (citrus) as a poultry feed ingredient. 2. Quality and flavor of broilers, egg yolk color and *egg* **flavor.** 096754
Evaluation of **flavored** *whole-egg* emulsions. 095733
Cycloleucine and methyl-alpha-D-glucoside transport in tissue sections of magnum mucosa of laying Japanese quail as affected by *egg* **formation** cycle. 096598
A comparison of the virulence of three strains of Mycoplasma gallisepticum and one strain of Mycoplasma gallinarum in chicks, turkey poults, tracheal organ cultures and embryonated **fowl** *eggs.* 097595
Histochemical studies on steroid dehydrogenases in **hamster** *eggs* during the early development. 096974
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: *egg* **hatch** in females mated successively with normal and gamma-sterilized males and vice versa. 102807
Reducing **hatching** *egg* and hatchery contamination [Sanitation]. 096079
Changes in nitrogen compounds of **hen** *egg* white powder resulting from technological addition of "Pancreatin". 095750
Microelement content in **hen** *eggs* at commercial brooders. 096326
Free amino acids in **hen's** *egg* and their change during storage. 095731
Macromolecular components of the vitelline membrane of **hen's** *egg.* II. Physicochemical properties of glycoprotein I. 095735
Development of methods for field distribution of *eggs* of the **insect** predator Chrysopa carnea Stephens [Biological control of Heliothis zea and Heliothis virescens, cotton]. 102287
An improvement in **interior** *egg* quality by the feeding of brewers dried grains. 096750
Vitamin D metabolism: physiological regulation in *egg-laying* **Japanese** quail. 096188
The egg and you [Cholesterol content, breeding chickens to **lay** *eggs* with less cholesterol]. 095728
Effects of artificial insemination administration on *egg* **laying,** health and fertility in White Leghorn chickens. 096999
The new concepts in *egg* **marketing.** 094555
Products take up the slack [Poultry **meat,** *eggs].* 095739
Determination of methylnitrophos residues in meat, milk and *eggs* by the **method** of gas-liquid chromatography. 102731
Colorimetric determination of cholesterol in *egg* **noodles.** 095536
Characteristics of edible fluids of animal **origin:** *eggs.* 095749
The effect of host aggregation on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an *egg* **parasitoid** of Papilio xuthus Linne (Lepidoptera: Papilionidae) [Biological control, citrus pests]. 102383
What does it cost to produce 1 kilogram of *eggs?* **[Poultry** production costs]. 094398
Studies on the effect of the alteration in the internal environment of **poultry** *egg* on embryonic growth. VI. Hatching weight and water content in chicks from partially albumen -removed eggs. 096571
Residues of atrazine (2-chloro-4-ethylamino-6-isopropylamino-s-triazine) and its metabolites in chicken tissues [Pesticide residues in **poultry** and *eggs].* 102714
To study the effect of feeding ad-lib, once-a-day and twicea-day on egg production, feed consumption per dozen eggs and per kilogram weight of *eggs* **produced** in layers. 096693
The guinea hen as a meat and *egg* **producer.** 096088
Short total photoperios and *egg* **production** of White Leghorns [Chickens]. 096515
To study the effect of feeding ad-lib, once-a-day and twicea-day on *egg* **production,** feed consumption per dozen eggs and per kilogram weight of eggs produced in layers. 096693
Importance of breeding work to feed utilization within the *egg* **production** sector [Poultry genetics]. 096908
Methods for the bacteriologic evaluation of *egg* **products.** 094901
Strain rate and temperature sensitivity of the crack initiation force in intact Japanese **quail** *eggs.* 096516
Egg **quality** of dwarf brood hens. 096898
Eggs: the most **regular** quotations. Chickens: the offer remains strong [Marketing]. 094583
Studies on the effect of the alteration in the internal environment of poultry egg on embryonic growth. VI. Hatching weight and water content in chicks from partially albumen **-removed** *eggs.* 096571
Salmon *eggs:* bait and food [Preparing cavier for consumption]. 095061
Egg **shell** damage in retail channels. 094898
Ultrasonic measurement of *egg* **shell** thickness. 095748
A study of the effects of 25 hydroxycholecalciferol and calcium source on *egg* **shell** quality. 096747
Relationships of *egg* **specific** gravity and shell thickness to quasi-static compression tests. 095745
Changes in goose-egg composition depending on *egg* **weight** and production period. 095729
Avidin *[Egg* **white** protein]. 095727
Studies on factors of solubilization of insoluble ovomucin during thick *[egg]* **white** thinning. 095734
The effect of technological process and of "pancreatin" addition on proteins of *egg* **white** powder. 095751
Residue studies on chlorinated hydrocarbons in *eggs* of **wild** birds. 102696
Studies on the ovicidal activity of some insecticides and acaricides on the **winter** *eggs* of the European red fruit mite (Panonychus ulmi (Koch) Ehara). 102414
Lecithin agar for detection of microbial phospholipases [Reactions in *egg* **yolk].** 094808
Spectrophotometric determination of total and free cholesterol in *egg* **yolk** and animal tissues. 095390
Evaluation of waste activated sludge (citrus) as a poultry feed ingredient. 2. Quality and flavor of broilers, *egg* **yolk** color and egg flavor. 096754

EGGSHELLS
Histopathologic alterations in shell gland accompanying DDT-induced thinning of *eggshell* **[Ducks].** 102684
Recent developments in *eggshell* **quality** [Dietary calcium]. 096678
Structural features of the *eggshells* of **White** Leghorn, line 6-E, layers. 096599

EICHHORNIA
The invasion of [the aquatic weed] *Eichhornia* **crassipes** in the Sudanese White Nile. 102160
Neochetina bruchi, a biological control agent of waterhyacinth *[Eichhornia* **crassipes]:** host specificity in Argentina [Acquatic weeds]. 102223

EIMERIA
Eimeria **acervulina,** Eimeria brunetti, and Eimeria maxima: pathogenic effects of single or mixed infections with low doses of oocysts in chickens. 097332
Coccidiosis; effects of high environmental temperatures on anticoccidial protection [Chickens, *Eimeria* **acervulina].** 097477
Efficiacy of monensin against turkey coccidiosis in laboratory and floor-pen experiments *[Eimeria* **adenoides,** Eimeria meleagrimitis, Eimeria gallopavonis]. 097256
The prepatent and patent periods of *Eimeria* **alabamensis** andfurther description of the exogenous stages [Calves]. 097659
Eimeria acervulina, *Eimeria* **brunetti,** and Eimeria maxima: pathogenic effects of single or mixed infections with low doses of oocysts in chickens. 097332
Coccidiosis: immunity and the prospects for prophylactic immunisation **[Chickens,** *Eimeria].* 097662
Redescription of oocysts of the bovine **coccidia** *Eimeria* bukidnonensis Tubangui 1931 and Eimeria wyomingensis Huizinga and Winger 1942. 097418
Production of coccidiosis using oocysts, sporocysts, and sporozoites of Eimeria zuernii, *Eimeria* **contorta,** Eimeria nieschulzi [Rats, calves]. 097297
Efficiacy of monensin against turkey coccidiosis in laboratory and floor-pen experiments [Eimeria adenoides, Eimeria meleagrimitis, *Eimeria* **gallopavonis].** 097256
Prevalence of coccidia *[Eimeria,* **Isospora]** in domestic mink in Wisconsin. 097417
Some problems of host and parasite interactions in the coccidia *[Eimeria,* **Isospora].** 097421
Eimeria **leuckarti** infection in foals. 097452
Coccidia (Eimeriidae) parasitic of [the domestic rabbit] Oryctolagus cuniculus domestica (L.); biomorphology and differentiation of *Eimeria* **matsubayashii,** Tsunoda 1952, in Sp. 097616
Eimeria acervulina, Eimeria brunetti, and *Eimeria* **maxima:** pathogenic effects of single or mixed infections with low doses of oocysts in chickens. 097332
Eimeria **maxima:** a comparison of two laboratory strains with a fresh isolate [Chickens]. 097465
Efficiacy of monensin against turkey coccidiosis in laboratory and floor-pen experiments [Eimeria adenoides, *Eimeria* **meleagrimitis,** Eimeria gallopavonis]. 097256
Plasma steroid tendency, social environment and *Eimeria* **necatrix** infection [Chickens]. 097483
Production of coccidiosis using oocysts, sporocysts, and sporozoites of Eimeria zuernii, Eimeria contorta, *Eimeria* **nieschulzi** [Rats, calves]. 097297
Evaluating anticoccidials in poultry in the United States [Coccidiosis, *Eimeria,* **protozoan** diseases]. 097486
Partial purification and some properties of glucose 6-phosphate dehydrogenase from *Eimeria* **stiedai** (Lindemann, 1865) Kisskalt & Hartmann, 1907 (Protozoa: Coccidia) [Rabbits]. 097308
Effects of high environmental temperatures on cecal coccidiosis *[Eimeria* **tenella,** chickens]. 097479
Studies on the relationship between intestinal flora and cecal coccidiosis in chicken *[Eimeria* **tenella,** Clostridium perfringens]. 097484
Redescription of oocysts of the bovine coccidia Eimeria bukidnonensis Tubangui 1931 and *Eimeria* **wyomingensis** Huizinga and Winger 1942. 097418
Production of coccidiosis using oocysts, sporocysts, and sporozoites of *Eimeria* **zuernii,** Eimeria contorta, Eimeria nieschulzi [Rats, calves]. 097297

EIMERIIDAE
Coccidia *(Eimeriidae)* parasitic of [the domestic rabbit] Oryctolagus cuniculus domestica (L.); biomorphology and differentiation of Eimeria matsubayashii, Tsunoda 1952, in Sp. 097616

EJECTION
Studies on the excretion in Aulacophora foveicollis Lucas (Coleoptera: Chrysomelidae): the rate of *ejection* of **excretory** material. 103131

ELAEIS
Sex differentiation in oil palm *[Elaeis* **guineensis]:** effects of growth regulators. 099323
Variability in the Deli dura breeding population of the **oilpalm** *(Elaeis* guineensis Jacq.). II. Within bunch components of oil yield. 095491

ELAEOPHORA
Observations on epizootiology and distribution of *Elaeophora* **schneideri** in Montana ruminants. 097433

ELASTICITY
Elasticities of **demand** for food: an analysis using non-additive utility functions allowing for habit formation. 094607
Studies on the testing methods for physical properties of raw silk. 2. On the measuring conditions for *elastic* **properties** of raw silk. 095512

ELASTIN
Synthesis of *elastin.* **A rapid** formation of lysine-derived crosslinks by chick embryo aorta. 096421

ELDERLY
On the work of councils of the *elderly* in **combatting** survivals of the past in daily life [Rural sociology]. 094031
Menu planning in the Nutrition **Program** for the *Elderly.* 095322

ELECTRICITY
Major trends in the development of the technology of *electricity* in **agriculture.** 103372
Electrical **amelioration** of soda Solonetzes in the central Chernozem region. 104213
Atmospheric *electricity* and ionized condition of the air layer directly above the land surface as ecological factors of environment [for forest trees]. 098148
Effect of **atmospheric** *electricity* on plants. 099603
Methodology of experimental determination of *electric* **characteristics** of a discharge contour in electrohydraulic devices. 103373
Influence of temperature on the *electrical* **conductivity** of buffalo milk. 095584
Study of the characteristics of a disk air moistener as an operating machine with an *electric* **drive.** 103377
The problem of efficient utilization of *electric* **energy** for heating hot beds. 103378
Effects of **external** *electrical* fields on cell membranes [Valonia utricularia, Algae]. 099556

Electric **fans** and devices for their automation for animal husbandry prenuises in foreign countries. 103382
Agricultural analysis of LANDSAT digital data from Williams County, North Dakota, using G. E. [**General** *electric]* IMAGE 100 system [Crop acreage estimates, remote sensing]. 094644
Electrical **grade** papers from Pinus roxburghii Sargent. 098286
Electric **heating**—a reliable method of protecting citrus trees from frosts. 102035
Insulin and **jejunal** *electrical* activity in dogs and sheep. 096182
Estimation of the **light-induced** *electrical* potential at the functional membrane of photosynthesis using a voltage-dependent ionophore [spinach chloroplasts]. 100414
Results of laboratory and field testing of a **manual** *electrical* apparatus for trellis trimming of tea bushes. 103595
The use of **membrane** *electrical* noise in the study of Characean electrophysiology [Chara braunii, Algae]. 099835
Electrical **method** of detecting optimum time to inseminate. 097070
Dynamics of an asynchronous drive during additions of load *[Electric* **motors].** 103367
How to erect and **operate** *electric* fences. 103342
The dependence of the *electrical* **resistance** of the cell membrane and the cell sap of Characeae [Algae] on the season. 099498
Electrical **safety** at cattle sheds. 103395
Electrical **system** for automatic regulation of the engine and hydrostatic transmission of MT3 tractor. 103524
Relationship between *electric* **systole** (QT time) and hypocalcaemia in cattle. 097709

ELECTROANTENNOGRAMS

Ontogeny of *electroantennogram* **responses** in the moth, Manduca sexta. 103010
Analysis of *electroantennogram* in the **studies** of attractants of codling moth [Carpocapra pomonella]. 102268

ELECTROCARDIOGRAPHY

Contribution to the study of the *electrocardiogram* of the **Beagle** dog. 097199

ELECTROCHEMISTRY

Chloride transport in Chara corallina [Algae] and the *electrochemical* **potential** difference for hydrogen ions. 099832
Mechanism of the *electrochemical* **reduction** of vitamin B 12r. 095024
Electrochemical **reduction** and anaerobic degradation of lindane [Organochlorine insecticides]. 102707

ELECTRODES

Use of **ammonia** *electrode* for total nitrogen determination in plants. 099678
Design of a capacitance-type sensor with **sectional** *electrodes* [Moisture meter, water content of bulk material]. 095492
Power regulator for an *electrode* **water-heater.** 103374

ELECTRODIALYSIS

Increasing the stability of grape wines by *electrodialytic* **treatment.** 095958

ELECTROENCEPHALOGRAPHY

Studies on the *electroencephalogram* in **ruminants.** VI. Electroencephalographic studies on the anesthesia with pentobarbital and ketamine hydrochloride in goats. 097176

ELECTROFOCUSING

Isoelectrofocusing of **peroxidases** of the leaves and roots of wheat plants infected with stem rust. 101615

ELECTROGENESIS

The association between acidification and *electrogenic* **events** in the rat proximal jejunum. 096467

ELECTROHYDRAULIC

Effect of constructions of operation chambers on the *electrohydraulic* **cleaning** of wool. 103368
A small-size generator of current impulses in an *electrohydraulic* **device** [Disinfection and dehelminthization of pig manure]. 103360
Counter of discharge impulses in *electrohydraulic* **devices** [for processing agricultural materials and products]. 103364
Methodology of experimental determination of electric characteristics of a discharge contour in *electrohydraulic* **devices.** 103373
Experimental and technological investigations of the *electrohydraulic* **method** of cleaning wool. 103369
Experimental investigations in cleaning filters in water-supply wells by the *electrohydraulic* **method.** 103370
Electrohydraulic **processing** of chlorella for increasing its digestability [Protein-vitamin supplement for farm animals and poultry]. 096035

ELECTROLYSIS

The use of *electrolytic* **conductance** to assess differential sensitivity of French prune fruit to applied ethylene. 100484
Gas chromatographic separation of herbicides of major interest in Canada, with *electrolytic* **conductivity** detection in the nitrogen and chlorine modes [Residue analysis]. 102127

ELECTROMAGNETIC

Effects of extremely low **frequency** *electromagnetic* fields on Physarum polycephalum [Fungi]. 099962

ELECTROMYOGRAPHY

An *electromyographic* **study** of uterotubal activity in the ewe. 096951

ELECTRONICS

Electronic **branding** is on the way [Transponder]. 103573
Study of the force effect of a plow mounted on T-150K tractor with the utilization of an *electronic* **computer.** 103547
Use of mathematical methods and *electronic* **computers** for the creation of cognac blends [in Bulgaria]. 095967
Complex use of *electronic* **data** techniques in agricultural management. 094251
Electronic **flash** affects flying moths [Euproctis chrysorrhoea, Prunus maritima, causing a momentary disorientation]. 102221
The impact of *electronic* **identification** and disease detection on the role of the veterinarian. 097198
A **lightweight** *electronic* device for measurement of grazing time of cattle. 096820
Use of *electronic* **meat** measuring equipment to measure cutout yield of beef carcasses. 095699
Electronic **microscopy** of dry mass of nuclei and chloroplasts from rye. 098971
Influence of light on chromate reduction in chlorophyll organisms studies by *electronic* **paramagnetic** resonance spectroscopy. 099612

ELECTRONMICROSCOPY

Electronmicroscopical **study** of wheat pollen. 099045

ELECTRONS

Fatty acid desaturase system of yeast [Saccharomyces cerevisiae] microsomes. Involvement of cytochrome **b5-containing** *electron-transport* chain. 099517
Gloeomonas or **Chlamydomonas?** *Electron* microscopic studies on Gloeomonas simulans. 098674
Electron **cytochemical** studies on glycerinated flight muscle of Locusta migratoria L. The colloidal iron reaction and Alcian blue binding. 102930
Structural effects on **cytochrome** *electron* transfer; properties of HP1-65 from horse heart cytochrome C. 096264
Feed distribution plan with the aid of *electron* **data** processing—experiences and applications [Dairy industry, East Germany]. 094347
Electron-microscope **examination** of the intracellular development of cyanophage A-4 (L) [Anabaena variabilis, Algae]. 099051
The isolation of a new, low-potential, **iron-containing** *electron-transfer* protein from rumen bacteria. 096228
Permeability of ovarian follicles to *electron-dense* **macromolecules** [Sheep]. 096843
Electron **microprobe** analysis as a test of the correlation of west blacktail ash with Mount St. Helens pyroclastic layer T [Soils]. 103814
Investigation of the rudimentary mammary gland of the cow under the *electron* **microscope.** 096584
An *electron* **microscope** study of Bacteroides nodusus [isolated from cases of ovine foot rot]: ultrastructure of organisms from primary isolates and different colony types. 097392
Electron **microscope** study of experimental enteric infection in neonatal dogs with a canine coronavirus. 097441
Studies on genera Mallomonas and Synura, and other plankton in freshwater with the *electron* **microscope.** X. The genus Paraphysomonas (Chrysophyceae) in Japan [Algae, new taxa]. 098554
Electron **microscope** studies on developmental stages of Theileria parva (Theiler, 1904) in the intestine of the tick Hyalomma anatolicum excavatum (Koch, 1844). 102616
An *electron* **microscopic** study on the type I pneumocyte in the cat: differentiation. 096174
Electron **microscopic** study on the gel of the central part of the corpus vitreum in the Ox. 096303
Electron **microscopic** study of the membranes of bull spermatozoa and spermatids, with reference to the postacrosomal cap and the basal knobs. 096909
Electron **microscopic** study of developing and mature cleistothecia of Sphaerotheca mors-uvae [Fungi]. 099049
Morphology, morphometry and *electron* **microscopy** of HeLa cells infected with bovine Mycoplasma. 097300
Purification and *electron* **microscopy** of the Nigerian okra mosaic virus. 101767
Programming yields of irrigated maize in Moldavia (relization and study on the *electron* **model).** 104311
Whole **mount** *electron* microscopy of poyltene chromosmes from Drosophila melanogaster. 102867
Electron-transfer **reactions** involving chlorophyll a and carotenoids. 099659
Electron-paramagnetic **resonance** investigation of nitrogen dioxide sorption of cellulose. 098205
Pearlmillet. I. Characterization by SEM [**scanning** *electron* microscopy], amino acid analysis, lipid composition, and prolamine solubility. 095788
Scanning *electron* microscope study of the porosity of the stem hyalodermis of two peat mosses (Sphagnum palustre L. and Spagnum centrale Jens.) [Musci]. 098912
Differential Giemsa staining in plants. II. Morphological changes in chromosome structure observed with interference contrast and **scanning** *electron* microscopy [Tulipa]. 098938
Development of Dictyostelium discoideum: a study by **scanning** *electron* microscopy. 099012
Coating artefacts on pollen and other biological objects in **scanning** *electron* microscopy. 099025
Scanning *electron* microscopy of Lactarius spores. 099026
Scanning *electron* microscopic observations of Duboscqia penetrans parasitizing root-knot larvae [Meloidogyne incognita]. 101937
Scanning *electron* microscopy of insects: techniques for the novice. 103117
Primary reactions of photosystem II at low pH [hydrogen-ion concentration]. 2. Light-induced changes of absorbance and *electron* **spin** resonance in spinach chloroplasts. 100375
The *electron* **theory** of catalysis applied to photosynthesis-a resume of the work done during the last ten years. 099673
Kinetic studies of Rhus vernicifera laccase: Evidence for *multi-electron* **transfer** and an oxygen intermediate in the reoxidation reaction. 099545
Intercellular bridges of chick blastoderm studied by scanning and **transmission** *electron* microscopy. 096350
Transmission *electron* microspore study of the spore wall architecture in the genus Inocybe (Agaricales, Basidiomycetes) [Fungi]. 098924
Colonization of soil by Arthrobacter and Pseudomonas under varying conditions of water and nutrient availability as studied by plate counts and **transmission** *electron* microscopy. 103703
The effect of mono- and divalent cations on the quantum yields for *electron* **transport** in [spinach] chloroplasts. 100377
Uncoupling of *electron* **transport** by anionic quinonoid redox indicator dyes [Spinach]. 100517
High **voltage** *electron* microscopical analysis of chromosomal number in the slime mold Echinostelium minutum de Bary. 099147
High **voltage** *electron* microscopy of th optic meuropile of the housefly, Musca domestica. 102881

ELECTROPHORESIS

Electrophoretic **characterization** of proteins in the plasma membrane of porcine spermatozoa. 096956
TRNA of the fungus Pleurotus ostreatus: Preparation and purification by the method of preparative **gel** *electrophoresis.* 099500
Lipoproteins in serum of rat, mouse, gerbil, rabbit, pig and man studies by *electrophoretical* and **immunological** methods. 096317
Comparative study of the cyanophages Anabaena variabilis [Algae] by **means** of *electrophoresis.* 100037
Electrophoretic **mobility** and enhanced infectivity of a mutant of cowpea mosaic virus. 101812
Investigation of grape skin polysaccharides by chromatography of DEAE [diethylaminoethyl] cellulose and **paper** *electrophoresis.* 095877
Phenols as inductors of some Basidiomycetes oxidases. II. *Electrophoresis* on **polyacrylamide** gel of soluble protein and laccase from the mycelium of Coriolus versicolor [Fungi]. 099497
The quantitative measurement of whey proteins using **polyacrylamide-gel** *electrophoresis.* 095588
Electrophoretic and **serological** characterization of Porthetria dispar polyhedron protein [Forest pests, biological control]. 102496
Electrophoresis of **serum** proteins in the normal rabbit. 096532
Electrophoretic **spectra** of zein and the fractional composition of protein in high-lysine maize mutants. 100126
Comparative characteristics of the *electrophoretic* **spectrum** of protein of blood serum in heterosis of poultry hybrids. 096555
Electrophoretic **studies** of several dehydrogenases in relation to the cold tolerance of alfalfa. 100166

ELECTROPHYSIOLOGY

The use of membrane electrical noise in the study of **Characean** *electrophysiology* [Chara braunii, Algae]. 099835
Electrophysiological **evidence** for sexual dimorphism and synaptic convergence in the preoptic and anterior hypothalamic areas of the rat. 096524

ELECTRORETINOGRAPHY

The development of the *electroretinogram* in **normal** and light-deprived rabbits. 096503

ELECTROSTATIC

Experimental investigations of seed charging in an *electrostatic* **field** [Cleaning machines]. 103525
Transducer of the discharge of grain mass for automatic regulation of operating conditions for an *electrostatic* **separator.** 103556

ELEOCHARIS
Chinese water chestnut *[Eleocharis* **dulcis]** 'the sweet delight of the marsh' [Cultivation]. 101017

ELEPHANTS
Parabronema longispiculatum n. Sp., a stomach parasite of the **African** *elephant* (Loxodonta africana Blumenbach, 1797). 097612

ELEUSINE
Effect of germination on folic acid content of Bengal gram [chickpeas] and ragi *[Eleusine* **coracana].** 099795

ELEVATORS
Grain drying in **country** *elevators:* costs and economies of size. 094436
Impact of dryeration on **grain** *elevator* performance in a fluctuating energy situation [Elevator profits, energy savings, price rationing, quantity rationing]. 094375

ELMS
Growth of young silkworm caterpillars feeding on the leaves of the **Chinese** *elms* Ulmus pumila L. and Ulmus parvifolia Jacq. 103253
Risk of injury from [Dutch] *elm* **disease** [Ceratocystis ulmi] in Denmark [Scolytus laevis as insect vector, Ulmus]. 101662
Will [Dutch] *elm* **disease** be able to spread in Denmark? [Scolytus as insect vector of Ceratostomella ulmi, Ulmus]. 102524
Sanitation: a practical protection against **Dutch** *elm* disease in Fredericton, New Brunswick [Ceratocystis ulmi, Ulmus americana, Scolytus multistriatus and Hylurgopinus rufipes as insect vectors]. 101562
Dutch *elm* disease [caused by Ceratocystis ulmi]. 101586
Elm **trees** [Ulmus, Ceratostomella ulmi]. 101372
Growth of locust [Robinia pseudoacacia], *elm* **[Ulmus]** and poplar [Populus] in protective plantings along the North Crimean Channel and its relation to the depth of the groundwater surface. 097896

ELONGATION
Cap formation during the *elongation* of **lateral** roots of Vicia faba L. [Broadbeans]. 100088
Cyclic AMP [adenosine **monophosphate]-induced** *elongation* of pollen tubes in Tradescantia paludosa. 099528
Studies on the relations between elongation of raw silk and properties of fabrics. IV. Relation between the raw silk **ofdifferent** *elongation* depending on the part of cocoon layer and the quality of fabrics. 095516
Preparation and some properties of **polypeptide** *elongation* factors from the pollen of Pinus densiflora Sieb. et Zucc. 100622
Studies on the testing methods for physical properties of raw silk. 1. On the measuring conditions and instruments for tenacity and *elongation* of **raw** silk. 095511
Studies on the relations between *elongation* of **raw** silk and properties of fabrics. IV. Relation between the raw silk ofdifferent elongation depending on the part of cocoon layer and the quality of fabrics. 095516
The morphological, anatomical and cytological effects of gibberellins [Plant growth and development, promotion of **stem** *elongation].* 099785

ELUTION
Effect of pH [hydrogen-ion concentration] on the *elution* **ofcytokinins** from polyvinylpyrrolidone columns [Extraction ofplant hormones]. 099829

ELYMUS
The genome constitution and phylogeny of *Elymus* **ambiguus.** 099058

EMASCULATION *see* CASTRATION

EMBEDDING
The use of methyl green-pyronin staining after glutaraldehyde fixation and paraffin or **araldite** *embedding* [Chick and mouse embryonic tissues]. 096570
Sex chromatin determination in formalin-fixed, *paraffin-embedded* **tissues** of rats. 097825

EMBLICA
Storage studies of pressed juice from amla [Indian gooseberry] **(Phyllanthus** *emblica).* 095912

EMBRYO
Ontogenesis of **angiospermous** *embryo* sacs strengthens the taxonomical interpretation of their phylogenic origin. 098588
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO2 [carbon dioxide] fixation, CO2 compensation point [kidney] **bean** *embryo* respiration [Maize, wheat, sugarbeet]. 099947
Effect of the oxygen partial pressure on the development of the *embryo* of **Capsella** bursa-pastoris cultivated in vitro. 099610
Embryo **cell** surfaces—lectin binding and cell proliferation [Chick embryo fibroblasts]. 096324
Mitotic anomalies observed in the fibroblasts of the **chick** *embryo* cultured in vitro with 80 percent of oxygen. 096147
Hematopoiesis in the yolk sac in some representatives of Sauropsida **[Chick** *embryos].* 096220
Identification and partial characterisation of the non-collagenous amino- and carboxyl-terminal extension peptides of cartilage procollagen **[Chick** *embryos].* 096224
Removal of amino-terminal and carboxy-terminal extension peptides from procollagen during synthesis of **chick** *embryo* tendon collagen. 096225
Effects of medium composition and metabilic inhibitors on glycosaminoglycan synthesis in **chick** *embryo* cartilage and its stimulation by serum and tiriiodothyronine. 096237
Lysyl hydroxylase: Further purification and characterization of the enzyme from **chick** *embryos* and chick embryo cartilage. 096245
Phosphorylation and protein kinase activities of chromosomal non histone proteins from **chick** *embryo* fibroblasts. 096260
Peridermal cell patterning in the feather-forming skin of the **chick** *embryo.* 096322
Embryo cell surfaces—lectin binding and cell proliferation **[Chick** *embryo* fibroblasts]. 096324
Cyproterone-mediated stimulation of delta-aminolevulinic acid synthetase in **chick** *embryo* liver cells. 096329
Synthesis of elastin. A rapid formation of lysine-derived crosslinks by **chick** *embryo* aorta. 096421
Reiteration frequency of delta-crystallin DNA in lens and non-lens tissues of **chick** *embryos.* Delta-crystallin gene is not amplified during lens cell differentiation. 096427
Morphogenesis of the **chick** *embryo* foot as studied by Janus green B-induced malformations. 096448
Content of 7-(alpha)-hydroxycholesterol in the gall bladder, liver, and blood of **chick** *embryos* and chicks. 096454
Regulation of the blood sugar content in experimental hyperglycemia in **chick** *embryos.* 096456
Effect of cytochalasin B on the surface of neuroepithelial cells of the **chick** *embryo.* 096481
Myogenesis [Muscle cell differentiation, **chick** *embryos].* 096519
Uptake of exogenous metabolites by virus-transformed cells: changes induced by temperature and pH [hydrogen-ion concentration, **chick** *embryos].* 097233
Neutral protease activity of Rous sarcoma (RSV) transformed **chick** *embryo* fibroblasts. 097394
Growth, cytopathogenicity and morphology of Mycoplasma gallisepticum and mycoplasma gallinarum in tracheal explants **[Chick** *embryos].* 097397
2-deoxy-D-glucose uptake by **chick** *embryo* cells: a biochemical indicator of genetic susceptibility to RNA tumour viruses. 097412
Wound healing in the cornea of the **chick** *embryo.* III. The influence of pore size of millipore filters on the migration of isolated epithelial sheets in culture. 097720
Teratogenic and toxicological effects of 2,4,5—trichlorophenoxyacetic acid [herbicide] in developing **chick** *embryos.* 097795
Effect of trivalent and pentavalent arsenic on early developmental stages of the **chick** *embryo* [Poisoning]. 097810
Effects of cytochalasin B on the morphogenesis of explantedearly **chick** *embryos.* 097813
Effect of selenium and mercury on survival of **chick** *embryos.* 097841
Sister chromatid differentiation and exchanges in adult mudminnows (Umbra limi) after in vivo exposure to 5-bromodeoxyuridine [Pollution hazards study, rate in **chick** *embryo].* 104470
Teratogenicity of patulin and patulin adducts formed with cysteine **[Chicken** *embryos].* 094810
A possible association between plaque type and pathogenicity of Marek's disease herpesvirus **[Chicken** *embryo* fibroblast. 097244
Competition between nonplaquing and plaquing strains of Newcastle disease virus as affected by temperature **[Chicken** *embryo* fibroblasts]. 097250
Emergence pattern of egg-adapted avian encephalomyelitis virus by alternating passage in **chickens** and *embryos.* 097257
Exaltation of **chickens** *embryo* adapted modified live duck plague vaccine virus. 097376
Compensatory possibilities of the biological **complex** *"embryo-mother"* [Heifers]. 096556
The influence of in-vitro culture and cooling on the survival and development of **cow** *embryos.* 096967
Embryogeny of Berberidaceae. *Embryo* **development** of Mahonia aquifolium Nutt. 098920
Embryo **development** in Cleome aspera L. (Capparidaceae). 099004
In vitro biological differences between the pathogenic and apathogenic Marek's disease herpesvirus [Chick and **duck** *embryos].* 097261
Virulence heterogeneity of a predominantly avirulent western equine encephalitis virus population **[Duck** *embryo* cell cultures]. 097411
Viability of **horse** *embryos* after storage and long-distance transport in the rabbit. 096972
Localizaion study of the primordial germ cells in *embryos* of the **Japanese** quail by means of ultraviolet irradiation. 096281
Metabolic function of the digestive tract of *embryos* in **mammals** as a form of its participationin the processes of uterine nutrition. 096558
Defective development after puncturing the periplasm of nuclear multiplication stage Drosophila **[melanogaster]** *embryos.* 102904
Estrogens in tissues of guinea **pig** *embryos.* 096560
Protein biosynthesis in dormant and **post-ripened** *embryos* and seeds of Agrostemma githago. 099915
Quantitative aspects of the colonization of the gonads by germ cells in the **quail** *embryo* (Coturnix coturnix japonica). 096449
Plurality in the determinism of organophosphorus teratogenic effects [Insecticide residues in **quail** *embryos].* 102688
Low temperature preservation of **rabbit** *embryos.* 096470
Light-mediated inhibition of in vitro development of **rudimentary** *embryos* of Ilex opaca. 099476
The preleptotene chromosome condensation and decondensation in the ovary of the **sheep** *embryo.* 096864
Embryo **transfer:** how can it be applied in cattle breeding? 097023
A method using aminoacylation of transfer ribonucleic acid (tRNA) from **wheat** *embryo* and isotope dilution for screening of genotypes with improved protein content and quality. 099307
Informosomes as a stored form of mRNA in **wheat** *embryos.* 100182
Morphological peculiarities of the *embryo* in **wild** species of barley [Hordeum]. 098890

EMBRYOGENY
Embryogeny of **Berberidaceae.** Embryo development of Mahonia aquifolium Nutt. 098920
Sources of nitrogen supporting growth and *embryogenesis* in **cultured** wild carrot [Daucus carota] tissue. 100536
Radioautographic study of protein synthesis during **early** *embryogenesis* of Leptinotarsa decemlineata Say (Coleoptera). 102852
Ultrastructural patterns of RNA synthesis during **early** *embryogenesis* of Drosophila melanogaster. 102880
Cytochemical characteristic of the *embryogenesis* of **interspecific** wheat hybrids. 099418
Embryogeny of the **intestine** in swine. 096576
Intrauterine *embryogenesis* in Pratylenchus minyus Sher et Allen [Root nematode of wheat]. 101969
Deoxyribonucleic acid, ribonucleic acid, protein and uncombined amino acid content of legume **seeds** during *embryogeny.* 100090
Protoplast regeneration and **stem** *embryogenesis* of haploid androgenetic rape. 100240
Embryogeny of the **stomach** in swine. 096575
Embryogenesis of **wheat** in the conditions of Dzhezkazgan. 100324
The potassium requirement for growth and *embryogenesis* in **wild** carrot [Daucus carota] suspension cultures. 099900

EMBRYOLOGY
The role of cell division in **angiosperm** *embryology.* 098989
Embryology of **Jubaeopsis** caffra Becc. 1. Microsporangium, microsporogenesis and microgametogenesis. 099009
Elements of *embryological* **methodology** of analysing buckwheat plants for illegitimate incompatibility. 099290
Distribution of acid phosphatase in chick Hensen's **node** *[Embryology].* 096323
Cyto-embryological **studies** in a garden Aloe (a hybrid between Aloe abyssinica Lam. and Aloe ferox Mill.?). II. Karyotype and mitotic anomalies [Chromosomes]. 098953
Embryology of **Suaeda** maritima (Linn.) Dumort. 098942

EMBRYONY
Comparative effects of p,p'-DDT and commercial DDT, in intravitellin injections, on the germ population of **avian** *embryonic* gonads [Chicks, quails]. 102673
Lesions in the ribosomes of non-viable pea (Pisum arvense) *embryonic* **axis** tissue. 100372
Ultrastructural changes of *embryonic* **cells** during organogenesis in the silkworm, Bombyx mori. I. The gonad. 103247
Interchain disulfide bonds at the COOH [oxalate]-terminal end of procollagen synthesized by matrix-free cells from **chick** *embryonic* tendon and cartilage. 096211
Properties of highly purified lysyl oxidase from *embryonic* **chick** cartilage. 096247
Effect of histone on morphogenesis of **chick** *embryonic* constituents. III. The histone fractions. 096363
Subunit composition of delta-crystallin from *embryonic* **chick** lens. Analysis of methionine-containing tryptic peptides and cyanogen bromide peptides. 096429
Some effects of positively charged surface groups on cell aggregation *[Embryonic* **chick** neural retina cells]. 096433
Experimental approach to the problem of the origin of secretory cells in **chick** *embryonic* gonads. 096461
Effect of maternal age on intercellular adhesion of *embryonic* **chick** liver cells. 096489
Microapplicator and micropipette for inoculation of the *embryonated* **chicken** egg [in the bioassay of aflatoxins]. 097788
Utilization of ascorbic acid **curing** *post-embryonic* development of chick skeletal muscle. 096353
A histological study of *embryonic* **death** caused by heterozygosity for the T26H reciprocal mouse translocation. 096943
Formation and growth of the gastrointestinal tract in swine during *embryonic* **development.** 096580
A comparison of the virulence of three strains of Mycoplasma gallisepticum and one strain of Mycoplasma gallinarum in chicks, turkey poults, tracheal organ cultures and *embryonated* **fowl** eggs. 097595

Studies on the effect of the alteration in the internal environment of poultry egg on *embryonic* **growth.** VI. Hatching weight and water content in chicks from partially albumen -removed eggs. 096571
Embryonic **histogenesis** of the esophageal epithelium in swine. 096577
Metabolism in **human** *embryonic* lung cell cultures of three phenylurea herbicides; chlorotoluron, fluometuron, and metobromuron. 102712
The use of methyl green-pyronin staining after glutaraldehyde fixation and paraffin or araldite embedding [Chick and **mouse** *embryonic* tissues]. 096570
Embryonic **photoperiodic** sensitivity in two species of fleshflies, Parasarcophaga similis and Boettcherisca septentrionalis. 102998
Embryonic and **postnatal** growth of rat and mouse. IV. Prenatal growth of organs and tissues: age determination, and general growth pattern. 096144
Embryonic **skin** development and blood supply in sheep. 096578
Effects of alterations in maternal thyroid metabolism on *embryonic* **thyroid** development in the chick. 096297

EMISSION

Studies into the effect of fly **ash** *emission* on broiler performance and health [Dust contamination of the chicken lung]. 097791

EMPLOYMENT

The proposed OSHA [Occupational Safety and Health Administration] regulation for **agricultural** *employee* occupational noise exposure. 104434
Studies on the occurrence, cytology, fertility and breeding behaviour of aneuploids in induced **autotetraploid** *Job's* tears [Coix lacryma-jobi]. 099163
A special brush for a special **cleaning** *job.* 095338
Analysis of *employment* **conditions** for full-time hired farm labor on eastern Iowa hog farms. 094310
The positive reinforcement approach to **controlling** *employee* absenteeism. 095297
Paraprofessionals: **critical** *job* requirements [Kentucky Expanded Food and Nutrition Education Program]. 095142
Proposals for the exact determination and comparison of the effectiveness of live labor in industrially organized units and enterprises of livestock production. I. Presentation of problem and proposals for organization of *employees* **[East** Germany]. 094351
A manager's guide to the **equal** *employment* opportunity laws. 095293
How do school **foodservice** *employees* feel about their work? 095302
The AAEA [American Agricultural Economics Association] membership: *employment* and **mobility** patterns. 094131
Approaches to *employment* **problems** in rural areas of India. 094109
Employment **situation** for landscape workers [Labor]. 094355

EMPOASCA

Hooked trichomes: a physical plant barrier to a major agricultural pest *[Empoasca* **fabae,** beans]. 102470

EMULSIFIERS

Food-grade *emulsifiers.* II. 094841

EMULSION

Evaluation of flavored **whole-egg** *emulsions.* 095733
Information about the effect of **working** *emulsions* of fozalon and carbonhos of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of sugars in tangerine leaves [Insecticides, control of citrus Aleyrodidae moth]. 102473

ENALLAGMA

Effects of photoperiod and temperature on abnormal wing-pad development in two species of Odonata [Enalagma hageni, *Enallagma* **aspersum].** 102870

ENCAPSULATION

Starch-encapsulated **pesticides** for slow release. 102722

ENCEPHALITIS

A report on the mosquitoes [Culicidae] collected during an epidemic of *encephalitis* in **Burdwan** and Bankura districts, West Bengal [Culicidae]. 102575
Cuterebra *encephalitis* in a dog. 097312
Venezuelan **equine** *encephalitis* virus: comparison of infectivity and virulence of strains V-38 and P676 in donkeys [Aedes triannulatus, vectors]. 097220
Virulence heterogeneity of a predominantly avirulent western **equine** *encephalitis* virus population [Duck embryo cell cultures]. 097411
Herpesvirus *encephalitis* in range calves. 097523
Encephalitis—today's health plague [St. **Louis** *Encephalitis,* Culex pipiens, Culex restuans]. 102607
Patho-anatomical studies of *meningo-leuco-encephalitis* in **maedi** [pulmonary adenomatosis] of sheep and goats. 097725
Encephalitis—**today's** health plague [St. Louis Encephalitis, Culex pipiens, Culex restuans]. 102607

ENCEPHALOMYELITIS

Emergence pattern of egg-adapted **avian** *encephalomyelitis* virus by alternating passage in chickens and embryos. 097257
Susceptibility of chickens to **avian** *encephalomyelitis* virus. III. Behavior of the virus in growing chicks. 097457
The **demyelinating** *encephalomyelitis* of canine distemper. 097389
An epizootic of **eastern** *encephalomyelitis* in horses. 097502
Plaque neutralization test to assay serums for eastern and western **equine** *encephalomyelitis* antibody titer. 097541
Encephalomyelitis in **young** dogs after vaccination against distemper and infectious canine hepatitis. 097490

ENCEPHALOPATHY

Blindness and *encephalopathy* **caused** by Helichrysum argyrosphaerum DC. (Compositae) in sheep and cattle. 097836

ENCYSTMENT

A morphological study of spermatogenesis in Drosophila, with special reference to *encysted* **germ** cells. 102821

ENDEMIC

Features of the *endemic* **elements** of the Kazakhstan fungi. 098610
The peculiarities of **generic** *endemism* in the mycoflora of Kazakhstan. 098547
Hand skeletal development among Ecuadorians living under conditions of iodine deficiency and *endemic* **goiter.** 095077
Local *endemic* [xerophilous plant] species from Southern [Soviet] Georgia. 098749
A study in *endemism:* **Silene** diclinis. 098775

ENDIVE

Effect of lower temperature on the development of **salad** *endive* and chickory (Cichorium endivia L. and Cichorium intybus L.). 100600

ENDOCRINE

Endocrine **interactions** controlling the larval diapause of the southwestern corn borer, Diatraea grandiosella. 102334
An *endocrine* **view** of metamorphosis, polymorphism, and diapause in insects. 102957

ENDOGENY

Endogenous **gibberellins** of pine pollen. III. Conversion of 1,2-[3H]GA4 [hydrogen isotope, gibberellic acid] to gibberellins A1 and A34 in germinating pollen of Pinus attenuata Lemm. 100672
Study on the amount of *endogenous* **phytohormones** in sap exudation and hibernating buds of grapevines. 100445
Endogenous **prostaglandins** and mechanical tension in canine trachealis muscle. 096180

ENDOGONE

Development of mycorrhizal infections from *Endogone* **spores** and infected root segments. 101645

ENDOMETRIUM

Studies on the innervation of the *endometrium* **[Laboratory** animals, minks, swine]. 096308

ENDOMYCOPSIS

Optimization of the composition of the nutrient medium for the biosynthesis of glucoamylase by a submerged culture of *Endomycopsis* **bispora** [Fungi]. 099506

ENDONUCLEASE

Restriction *endonuclease* analysis of mitochondrial DNA from normal and Texas cytoplasmic male-sterile maize. 099383

ENDOPEPTIDASES

Partial characterization of a protease inhibitor which inhibits the **major** *endopeptidase* present in the cotyledons of mung beans. 100548
Homologous inhibitors from potato tubers of **serine** *endopeptidases* and metallocarboxypeptidases. 100558

ENDOPHYTES

A microscopical study of the development of a spore-like stage in the life cycle of the **root-nodule** *endophyte* of Alnus glutinosa (L.) Gaertn. 100662

ENDOSPERM

The ontogenesis of the *endosperm* in **Delphinium** ajacis L.: Problem of the regulation of the chromosome number and of the quantity of intranuclear DNA. 099621
Fine structure of **early** *endosperm* in Quercus gambelii. 098963
Effect of genetic polymorphism on catalase activity in **maize** *endosperm.* 099227
Importance of *endosperm* for **nutrition** of Fraxinus pennsylvanica seedlings. 100651
A mechanism for the endocellular control of cell differentiation and cell proliferation **[Plant** *endosperm].* 099010
Galactomannans and a galactoglucomannan in legume **seed** *endosperms:* structural requirements for beta-mannanase hydrolysis. 099907
Some physical and chemical properties of the lettuce **seed** *endosperm.* 100405
Modified milling procedure for **separating** *endosperm* and nonendosperm portions of the wheat kernel for protein and lysine analysis. 095758
Synthesis and degradation of proteins during **wheat** *endosperm* development. 100269

ENDOSULFAN

Endosulfan-induced **neurotoxicity** in rats and mice. 102669

ENDOSYMBIOSIS

On the host-symbiont-cycle of a leafhopper (Euscelis **plebejus)** *endosymbiosis.* 102933

ENDOTHIA

Severity of **natural** *Endothia* parasitica infection on Chinese chestnut **[Castanea** mollissima]. 101563
Biological control of blight *[Endothia* **parasitica]** may revive the chestnut [Castanea]. 101422
Chestnut blight *[Endothia* **parasitica]** research at the Station [Castanea]. 101423
Breeding for resistance to chestnut blight *[Endothia* **parasitica]** at the University of Tennessee. 101585
Survival, growth, and resistance to chestnut blight *[Endothia* **parasitica]** of chestnut hybrids and selected families of Chinese chestnut, 20 years after establishment. 101589

ENDOTOXINS

Role of platelets in the pathogenesis of **canine** *endotoxin* shock. 097382
The increased resistance of mice to experimental staphylococcal mastitis **following inoculation** of *endotoxin.* 097608

ENDRIN

Persistence of *endrin* **[insecticide]** in Indian rice soils under flooded conditions. 102713

ENERGY

Activation *energy* and germination times for isothermal seed **germination.** 099843
Energy displacement and possibilities of **adequate** *energy* supply in cattle with high milk performances [Feeding]. 096737
Effects of windbreaks on the microclimate, *energy* **balance** and water use efficiency of crops growing on the Great Plains. 097907
An evaluation of a resistance form of the *energy* **balance** to estimate **evapotranspiration** [Soybeans, sorghum]. 100062
The transpiration expenditure of a vineyard in connection with the *energy* **balance** of the plants. 100583
Is the **chemomechanical** *energy* transformation reversible? [Lethocerus maximus]. 103072
Energy **conservation** needs in Oregon agriculture. 103327
A comparison of the **daily** *energy* needs of the normal and dwarf broiler breeder hen. 096746
A comparison of nitrogen and *energy* **determination** of fresh and oven dried poultry excreta [Digestion test]. 096691
Efficiency of utilization of **dietary** *energy* by temperate breeds [Holstein-Friesian, Brown Swiss] of dairy cows under tropical conditions. 096685
Effect of environment and **dietary** *energy* on caged Leghorn pullet **performance** [Poultry]. 096751
Energy requirement of roosters as influenced by environmental temperature, **dietary** *energy* and age. 096753
Energy **displacement** and possibilities of adequate energy supply in cattle with high milk performances [Feeding]. 096737
Energy **dynamics** of the cow-calf unit on eastern Colorado sandhills [Feeding beef cattle]. 096778
The problem of efficient utilization of **electric** *energy* for heating hot beds. 103378
Simulation of growth and production in sheep—model 1: A computer program to **estimate** *energy* and nitrogen utilisation, body composition and empty liveweight change, day by day forsheep of any age. 096611
Age transformation of the *energy* **exchange** in the organism of broilers. 096553
Differentiaion of chloroplast lamellae. Onset of cation regulation of **excitation** *energy* distribution [Pea seedlings]. 100360
Energy **expenditure** and consumption of mature, pregnant, and lactating women. 095128
Can you survive **expensive** *energy?* 095347
Improved performance in broiler fattening through a new directed concentration of *energy* in the **feed.** 096808
Feeding, *energy* **flow** and soil turnover in the desert isopod, Hemilepistus reaumuri. 103059
Impact of dryeration on grain elevator performance in a **fluctuating** *energy* situation [Elevator profits, energy savings, price rationing, quantity rationing]. 094375
Interaction of *energy* and **food** prices in less developed countries: comment. 094471
Interaction of *energy* and **food** prices in less developed countries: reply. 094472
High *energy* forage; the necessary ingredient in beef finishing on grass. 096734
Economic, environmental and *energy* use **implications** of short-season cotton production: Texas Lower Rio Grande Valley [Insecticides]. 094326
Significance of leaf orientation for *energy* **input** in sunflower. 100242
Decreased dietary protein or *energy* **intake** and plasma growth hormone levels of the pregnant pig, its fetuses and developing progeny. 096713
Energy **load** and instantaneous intensity of rainstorms at Samaru, northern Nigeria. 104417

Energy, **matter** and nitrogen utilization by the larvae of the monarch butterfly Danaus plexippus. 103067
Energy **metabolism** in highly productive cows. 096495
Effect of chlorocholine chloride on *energy* **metabolism** and the state of water in winter wheat during the process of hardening. 100312
Metabolizable *energy* values of some poultry feeds determined by various methods and their estimation using metabolizability of the dry matter. 096758
The effect of the duration of starvation of the assay bird [rooster] on true **metabolizable** *energy* values. 096768
The true **metabolizable** *energy* values of several feedingstuffs measured with roosters, laying hens, turkeys and broiler hens. 096769
Field measurements of *energy* in the 0.4-0.7 **micron** range II [Photosynthetically active radiation]. 094114
Evaluation of the energetic efficiency of steers in the summer and winter [feeding] in relation to the California **net** *energy* system. 096629
Halothane-induced rigidity and associated glycolytic and *energy* **phosphate** changes in red and white fibres of skeletal muscle of the pig. 096437
Impacts of *energy* **price** changes on food [processing] costs. 094386
Energy **productivity** of perennial grasses with calculated levels of fertilizers for obtaining a planned yield of hay. 100194
Problems and potential associated with the production of protein from cellulosic wastes [to produce food and *energy* **products** through fermentation]. 095490
The I-D fluorescence transient: An indicator of **rapid** *energy* distribution changes in photosynthesis [Kidney beans]. 100378
Energy **report** indicates encouragement for Norwegian growersof horticultural plants [Outlook]. 094692
Energy **requirement** of roosters as influenced by environmental temperature, dietary energy and age. 096753
Stress relaxation and *energy* **requirements** in compaction of unconsolidated [agricultural] materials. 103341
Relationship between fertilization and world wide food- and *energy* **requirements** as well as with environmental problems. 103878
Immunoreactive growth hormone levels in pigs fed protein or *energy* **restricted** diets during the postweaning period. 096715
Plasma adrenocorticosteroid levels in protein and *energy* **restricted** pigs. 096717
Impact of dryeration on grain elevator performance in a fluctuating energy situation [Elevator profits, *energy* **savings,** price rationing, quantity rationing]. 094375
Radiation regime and the utilization of **solar** *energy* by barley crops under different levels of mineral nutrition. 100201
Utilization of **solar** *energy* by winter wheat plantings. 100205
Solar *energy* [Poultry houses, heating]. 103385
The *energy* **supply** of metal silos. 103336
Energy **transfer** in photosynthesis [A theoretical model]. 099541
Energy **transfer** and surface temperature over plants and animals. 100001
Energy **transmission** on the operator and machine system. 103462
Visible mutation induction in Mormoniella by low frequency **ultrasonic** *energy.* 102987
Spectral properties of system I-deficient mutants of Chlamydomonas reinhardi [Algae]: Possible occurrence of **uphill** *energy* transfer. 099552
Contribution to the determination of the nutritive value of forages. III. Estimation of the digestibility and the *energy* **value** by means of nylon bags digestibility. 096781
Wind *energy* [Equipment]. 103599
Basal metabolic rate and **work** *energy* expenditure of mature, pregnant women. 095119
Protein and *energy* **yield** in poultry production [Feeding]. 096673

ENGINEERING

Annual report of **agricultural** *engineering* 1975 [Austria]. 103328
Agricultural *engineering,* an important factor for further development of agricultural production. 103352
Experimental **biological** *engineering* to synchronise ovulation in gilts. II. Effect of laparotomy on ovarian finding following Zn [zinc] metallibur, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin]. 096867
Experimental **biological** *engineering* to synchronise ovulation in gilts. III. Onset of ovulation, ovarian findings and fertilization following metallibure, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin] at different times of treatment. 096868
Students of the Department of Automotive, Agricultural and **Conveying** *Engineering* hand over valuable research results to industry [Field and soil equipment, East Germany]. 103645
The search for a role for *engineering* **economics** in water resources planning. 104380
Recovery of activated sludge for poultry **feed** *engineering* aspects. 096040
Subsurface [drip] **irrigation**—*engineering* research. 103391
Engineering **properties** of black liquors in process design and development of kraft chemical recovery units. 098287
An outlined survey of recent research on agricultural machinery from the viewpoint of ergonomics [**Safety** *engineering].* 103460
Massey education [Food **science** and *engineering].* 095445

ENGINEERS

Improvement of qualification of *engineers* and **administrators** of farm production in Hungary. 094263
Stepping across the threshold [American Society of **Agricultural** *Engineers].* 103322

ENGINES

Converting *engine* power into useful work. 103426
Electrical system for automatic regulation of the *engine* and **hydrostatic** transmission of MT3 tractor. 103524
Loaded and high-speed operation conditions for D-50 *engine* and **MTZ-50** tractor used on major operations of growing maize. 103530

ENSILAGE *see* SILAGE

ENTERIC

Electron microscope study of **experimental** *enteric* infection in neonatal dogs with a canine coronavirus. 097441
A presumptive diagnosis of avian **necrotic** *enteritis* in the fowl (Gallus gallus domesticus) from Assam (India). 097245
Enteric **resorption** of macromolecular proteins by animals and man. 096827
Diagnosis of duck **virus** *enteritis* (duck plague). 097516

ENTEROBACTERIACEAE

Occurrence and distribution of drug **resistant** *enterobacteria* [Escherichia coli] in extra enteral habitats [Food contamination, pollution]. 094892

ENTEROCOLITIS

Enterocolitis in **low-birth-weight** infants associated with milk and soy protein intolerance. 095157

ENTEROMORPHA

Effects, uptake, and metabolism of methoxychlor, mirex, and 2,4-D in seaweeds [Ulva, *Enteromorpha,* **Rhodymenia,** toxicity]. 102681

ENTEROTOXINS

Heterogeneity of Staphylococcus **aureus** *enterotoxin* B as a function of growth stage: implications for surveillance of foods [Bacterial contamination]. 094807

ENTEROVIRUSES

Immunoglobulin concentrations and **bovine** *enterovirus* inhibitors in fetal bovine fluids. 097315
The surface nature of proteins of a **bovine** *enterovirus,* before and after neutralization. 097410
Laboratory confirmation of **porcine** *enterovirus* infections. 097527
Separation and properties of *enterovirus* and **reovirus** recovered from a fecal sample of calf with diarrhea. 097456

ENTOMOBRYIDAE

Occurrence of Seira cinerea Yosii (Collembola: *Entomobryidae)* on **wheat** and paddy seedlings. 102366

ENTOMOLOGISTS

Tawfik **Hefnawy** (1940-1975) *[Entomologists].* 103033
Improving secondary information **services** for *entomologists.* 102787
Obituary: Gerald Ernest Woodroffe, naturalist and **storedproducts** *entomologist,* 1923-1975. 102536
Zodion pearsoni, sp. Nov. In memoriam [of Donald L. Pearson, new taxa, *entomologists,* **United** States]. 103140

ENTOMOLOGY

Entomological **activities** of the Data Systems Application Division, Agricultural Research Service. 102786
Fog as a vehicle for dispersal of a microbial insecticide [the *entomogenous* **bacterium** Bacillus thuringiensis] in shelterbelts [to control Paleacrita vernata and Alsophila pometaria in Ulmus pumila]. 102499
Entomology **[Bibliography].** 102823
Conditions for *entomological* **evaluations** of breeding material in the field [Cereals, resistance to insect pests]. 099271
The *entomology* **library** at the U. S. National Museum of Natural History Smithsonian Institution, Washington, D. C. 102789
Competencies in *entomology* **needed** by agribusiness teachers and extension agents in Indiana. 102962
Searching *entomological* literature: secondary services are the primary resources. 102788

ENTOMOPHAGOUS

The fatty acid composition of some Entomophthoraceae. IV. The occurrence of branched-chain fatty acids in Conidiobolus species *[Entomophagous* **fungi].** 099634

ENTOMOPHTHORACEAE

Induction of resting spore germination in *Entomophthora* **aphidis** [Fungi] by long-day light conditions. 099623
The fatty acid composition of some *Entomophthoraceae.* IV. The **occurrence** of branched-chain fatty acids in Conidiobolus species [Entomophagous fungi]. 099634

ENUCLEATION

Light induction of polar growth in *enucleated* **fragments** of Acetabularia mediterranea [Algae]. 099984

ENVIRONMENT

Health and communicable disease in a rural **African** *environment* [Malnutrition]. 095187
Content and methods of investigations of the mechanics of **agricultural** *environments* and materials [Mechanical properties of soil, modelling soil erosion, damage of potato tubers by machines]. 103610
The United Nations program for the *environment* and **agriculture.** 104466
Impacts of construction activities in wetlands of the United States [Pollution of water, soils and **aquatic** *environments].* 104478
Pesticides and the *environment:* **arsenic** compounds (review of literature). 102741
[Insect] flight behaviour and features of the **atmospheric** *environment.* 103116
Environmental **behaviour** and toxicology of [plant and animal] waxes. 095437
Behaviour and ecology of Coquillettidia (Coquillettidia) richiardii (Ficalbi), 1889 (Diptera, Culicidae) in southern France. II. *Environment* and **behaviour.** 102813
Refineries and *environment:* **causes** of pollution and treatment systems. 104452
A study of **certain** *environmental* factors and mineral chelation on the reproductive performance of young and yearling turkey hens. 097005
The role of agricultural economics in a **changing** *environment.* 094181
Physiological and *environmental* **characteristics** affecting the adaptation of sunflower culture. 100165
Water deficiency in meadow plant leaves depending upon **conditions** of the *environment.* 100332
Study of Papaver bracteatum under several *environmental* **conditions.** 100569
CERA **[Conrad** *Environmental* Research Area]: an outdoor biological laboratory [Dedicated to the study of the structure and function of tallgrass prairie and associated ecosystems]. 098795
Environmental **constraints** on the pulp and paper industry [Pollution]. 104602
Photolysis of hexachlorobenzene [an *environmental* **contaminant].** 104524
Screening by negative chemical ionization mass spectrometry for *environmental* **contamination** with toxic [pesticide] residues: application to human urines. 102762
Controlled *environment* for the commercial growing of roses in Punjab. 101193
Modeling of the process of interaction between the plant and the *environment* **[Dactylis].** 100317
Dual role of *environmental* **deprivation** and malnutrition in retarding intellectual development. 094984
Effect of *environment* and **dietary** energy on caged Leghorn pullet performance [Poultry]. 096751
Sensing our prairie heritage: *environmental* **education** and community visions. 104509
Environmental **effects** and fluctuation in crop yields. 098786
Genetic and *environmental* **effects** involved in the determination of the "hollowness" character in peeling tomatoes. 099222
Environmental **effects** on the percentage of stainable and presumed normal pollen in Aster (Compositae). 099473
The influence of cow size, crossbreeding, slaughter weight, feeding system and *environment* on the **energetic** and economic efficiency of edible beef production. 095717
Economic, *environmental* and **energy** use implications of short-season cotton production: Texas Lower Rio Grande Valley [Insecticides]. 094326
Pesticides and the *environment:* **Ethers** of carbamic acids (analytical review). 102740
Major principles of optimal [crop] yield programming [considering the effect of *environmental* **factors].** 094239
Programming yields for the forest-steppe of the Lower Volga Region [Effect of *environmental* **factors].** 094244
Some *environmental* **factors** affecting birth weight in Awassisheep. 096172
Ecological adaptations of salt marsh grass, Distichlis spicata (Gramineae), and *environmental* **factors** affecting its growth and distribution. 098761
Bryophytes as indicators of *environmental* **factors** in forest phytocoenoses. 098780
Studies on Plover Cove Reservoir, Hong Kong. III. A comparison of the species composition of diatom floras on different substrates, and the effects of *environmental* **factors** on their growth [Algae]. 098792
Tracer experiments on the effect of micronutrients on the growth of Porphyra [Algae] plants. II. Manganese-54 and zinc-65 assimilation in relation to *environmental* **factors.** 099590
Mathematical modelling of the productive process and yield [Effect of *environmental* **factors** on crops]. 100195
A study on the effect of photophosphorylation rate in pea chloroplasts due to some *environmental* **factors.** 100607

Role of *environmental* **factors** in the change of the resistance of potato phytophtorosis [Phytophthora infestans]. 101613
Effect of some physiological and *environmental* **factors** on the production and release of sex pheromone by the females of the rice moth, Corcyra cephalonica (Stainton). 102326
The role of hosts and *environmental* **factors** in the natural dissemination of ticks: studies on a Swiss population of Ixodes ricinus (Linne, 1758). 102570
Environmental **factors** influencing the rate of hydrocarbon oxidation in temperate lakes [Oil pollution]. 104447
Overview of agricultural health and safety problems: the **Federal** *environmental* view. 094004
The effect of whole-tree utilization on the **forest** *environment.* 097944
Atmospheric electricity and ionized condition of the air layer directly above the land surface as ecological factors of *environment* [for **forest** trees]. 098148
An analysis of Collembola communities in different pine **forest** *environments.* 103155
Effect of higher temperature of the *environment* on the **formation** of productivity elements in wheat. 100186
Environmental **goals** and the water resources planning process. 104368
Variation in seed and seedling characters of smooth bromegrass, Bromus inermis Leyss, in relation to *environment* [**Grass** breeding]. 100178
Survey on the distribution and *environment* at the **habitat** of the [pine mushroom] Tricholoma matsutake (Ito et Imai) Sing. in Korea. 098845
Environmental **hazards** [Pollution]. 104514
Chemicals in agricultural use *[Environmental* **health].** 094843
Environmental **health** aspects of fungicides. I. Dithiocarbamates. 102724
Pesticides and the *environment:* **Heterocyclic** compounds (analytic review). 102739
The effects of **high** *environmental* temperatures on fattening performance and growth of boars. 096735
Coccidiosis; effects of **high** *environmental* temperatures on anticoccidial protection [Chickens, Eimeria acervulina]. 097477
Effects of **high** *environmental* temperatures on cecal coccidiosis [Eimeria tenella, chickens]. 097479
Agricultural waste products, fertilizers, and chemical additives as factors of *environmental* **hygiene.** I. 104473
Agricultural waste products, fertilizers, and chemical additives as factors of *environmental* **hygiene.** II. 104474
Antibacterial drugs in food animals: their *environmental* **impact.** 094903
Effect of various physical factors of the *environment* on the **incidence** of foot blight Operculella padwickii] of gram (Cicer artietinum L.) [Chickpeas]. 101479
Breeding parthenocarpic pickling cucumbers (Cucumis sativusL.): necessity, genetical possibilities, *environmental* **influences** and selection criteria. 099171
Adaptability in black gram (Phaseolus mungo L.) [Mungo beans, genotype X *environment* **interaction].** 099221
Interaction *"genotype-environment"* and heterosis [Wheat]. 099255
Studies on the effect of the alteration in the **internal** *environment* of poultry egg on embryonic growth. VI. Hatching weight and water content in chicks from partially albumen -removed eggs. 096571
THe use of remote sensing imagery for *environmental* **land** use and flood hazard mapping [Vegetation]. 104338
Economics as an input in *environmental* **law:** Anderson v. Atlas Chemical Industries, Inc. 104596
Land reclamation and the **life** *environments.* 104598
Living *environment* and extension of green spaces [Seed production, collection and storage for landscaping with shade trees]. 101272
Living *environment* and extension of green spaces [Seed storage and preparation for landscaping with shade trees]. 101273
The **living** *environment* and plant propagation. 101274
The **living** *environment* and the extension of the green covering [Trees, shrubs, propagation by cuttings]. 101275
Environment-dependent **logistic** equations applied to natural pasture growth curves. 100059
Elimination of effects of **macroscopic** *environmental* variations by multiple regression equation [Forest trees measurement]. 097967
Lysimetric and chemical investigations of pedological changes. 4. Mineral equilibria in relation to potassium and **magnesium-enriched** *environment* in the profile. 103825
Effect of barley variety, *environment* and **malting** technology on the amino acids of malt. II. 095775
An hierarchical goal programming approach to *environmental-land* use **management.** 094150
Effects of postnatal **maternal** *environment* on reproduction of gilts. 096931
Study of the process of fixation of tea leaves by infrared rays in a **moisture-saturated** *environment.* 095534
Prairie ecosystems are essential for *environmental* **monitoring.** 098802
Adaptability of Trifolium ambiguum Bieb. [White clover] to a Victorian **montane** *environment.* 100875
Prairie wetlands since NEPA [**National** *Environmental* Policy Act]. 098803
Why and how to protect the **natural** *environment.* 104477
The point of view of the Geneva Association for the Protection of Nature on the safekeeping of the flora and **natural** *environments* around Geneva. 104633
Environmental **noise** management. 104504
Nitrates and nitrites as components of the **normal** *environment:* part one of two parts. 095071
Environmental **objectives** in forest land management. 097957
Colorimetric and spectrophotometric methods of determining some herbicides in *environmental* **objects.** 102776
Acclimatization is the process of adapting [an ornamental] plant to an *environment* different from the **one** which the plant was grown. 101128
Influence of *environment* on **passive** immunity in calves. 097406
Effects of feeding level and *environment* on the **performance** of finishing steers. 096628
Rice growing in the M'Bos plain (west Cameroon): an example of the relations between the **physical** *environment,* agricultural experiments and development. 100709
The **physical** *environment* in soil microbiology: an attempt to extend principles of microbiology to soil microorganisms. 103733
The influence of *environment* upon the **physiology** of Peniophora gigantea on Pinus teada [stumps]. 098237
The impact of *environmental* **pollutants** on wildlife: an overview. 104500
Pesticide residues in wildlife as an indicator of *environmental* **pollution.** 102695
Dangers of cadmium **pollution** of the *environment.* 104442
Anesthetic hazards. I. *Environmental* **pollution** [Animals]. 104443
Genetic consequences of the **pollution** of *environment.* 104501
Environmental **pollution** and chemistry. 104635
Salmonellosis, an *environmental* **problem** affecting animals and man. 094905
Relationship between fertilization and world wide food- and energy requirements as well as with *environmental* **problems.** 103878
Organization of *environmental* **programs** at the state level. 095380
Primary directions in solving problems of **protecting** the *environment.* 104490
Environmental **Protection** Agency as an adversary to agriculture [Pesticide regulations]. 102764
Application of inorganic fertilizers: quality of yield and *environment* **protection.** 104046
Economic aspects of the *environment* **[Protection].** 104630
Animals as monitors of *environmental* **quality** [Death caused by forage contamination]. 097814
Pesticides and *environmental* **quality** in Illinois. 104462
Game theoretic approach to equitable **regional** *environmental* quality management. 104505
Reservoirs and their *environment.* 104266
About a possible contamination of the *environment* as a **result** of applying inorganic fertilizers (review of literature). 104591
What's right and wrong with your training **room** *environment.* 095320
Aged persons in the **rural** *environment:* [Results of a surveyby] Local Center of Community Service. 094061
Evaluation of *environment* **salt** tolerance of selected grasses and legumes [Field crops]. 100054
Integrated field and glasshouse screening for *environmental* **sensitivity** in cow pea (Vigna unguiculata). 100411
Plasma steroid tendency, **social** *environment* and Eimeria necatrix infection [Chickens]. 097483
Effects of **soil** *environment* on root growth of agricultural crops in prairie soils. 103758
Yale's new Dean [School of Forestry and *Environmental* **Studies]**—Hank Foster. 097874
Energy requirement of roosters as influenced by *environmental* **temperature,** dietary energy and age. 096753
Phenetic similarity among dwarf [gene] rice cultivars, grown in **two** *environments,* as estimated by numerical taxonomic methods. 099067
Health, the *environment,* and the **urban** community. 095379
Environmental **variables** influencing the increment of Pinus radiata. 2. Effects of seasonal drought on height and diameter increment. 098010
Committee report. Biological security, ecology and *environment* **[Veterinary** medicine]. 097193
The effects of exposure to **warm** *environments* on bovine plasma lipid composition. 096542
Requirements of *environmental* and **water** protection with the use of liquid manure in crop production [Pollution, East Germany]. 104485
Influence of **windbreaks** on the *environment.* 097951

ENZOOTIC

Enzootic **leukosis** in cattle in Italy. Personal observations and experiments for experimental transmission [Virus]. 097304
Epidemiological survey on *enzootic* **salmonellosis** in police dogs. 097491

ENZYMES

Role of saponins in antifungal resistance. V. *Enzymatic* **activation** of avenacosides [Extracts of oat leaves]. 101670
Nitrate, ammonium and kinetin effects on growth and *enzyme* **activities** of Paul's Scarlet Rose callus. 100534
Enzyme **activities** associated with an invertebrate iridovirus: nucleotide phosphohydrolase activity associated with iridescent virus type 6 (CIV) [Galleria mellonella]. 103045
Enzymatic **activity** of fetal digestive organs and placenta in wild sheep of Turkmenia [compared to domestic sheep]. 096579
Respiration and *enzymatic* **activity** of wheat seeds with different germination capacity. 100118
Reparation of the *enzyme* **activity** of the pathways or respiration in the roots of wheat and rice seedlings after influence of anoxia. 100330
Microbiological and *enzymatic* **activity** of soil under maize in relation to fertilizers. 103908
Serologic testing with *enzyme-labeled* **antibodies** (ELA) [to several animal diseases]. 097547
Enzymes in **biogenesis** of plant cell wall polysaccharides enzyme characterization using tracer techniques [Lilium, maize]. 099794
Enzymes **[Carbohydrases].** 096300
Mechanism of plant growth stimulation by naphthenic acid. II. *Enzymes* of CO2 **[carbon** dioxide] fixation, CO2 compensation point [kidney] bean embryo respiration [Maize, wheat, sugarbeet]. 099947
C4 grasses: an anatomical criterion for distinguishing between NADP **[carbon]-malic** *enzyme* species and PCK or NAD [nicotinamide adenine denucleotide phosphate]-malic enzyme species. 098887
Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on respiration intensity, activity of *enzyme* **catalase** and on the accumulation of sugars in tangerine leaves [Insecticides, control of citrus Aleyrodidae moth]. 102473
Effect of stress on the quantitative levels of **certain** *enzymes* in mice. 096596
Effect of pH [hydrogen-ion concentration] of the medium on the rate of assimilation of carbon and activity of **certain** *enzymes* of photosynthesis in Spirulina [platensis, Algae]. 099990
Carbohydrate and *enzymic* **characterization** of a high sucrose sugary inbred line of sweetcorn. 100544
Lysyl hydroxylase: Further purification and characterization of the *enzyme* from **chick** embryos and chick embryo cartilage. 096245
Synthetic peptides for chymosin and pepsin assays: pH [hydrogen-ion concentration] effect and pepsin independent-determination in mixtures [Assay of milk **clotting** *enzymes].* 095592
Enzymic **colour** formation in beet [sugarbeets] and cane [sugarcane] juices. 095806
Enzymatic **conversion** of sterigmatocystin into aflatoxin B1 by cell-free extracts of Aspergillus parasiticus [Fungi]. 099512
Studies on the biosynthesis of cyclitols. 33. Preparation of highly purified myo-Inositol-1-phosphate synthase from bull testicles; comparison with the **corresponding** *enzyme* from rat testicles. 096995
Properties and function of plant myrosinases **[Cruciferae,** *enzymes].* 099792
Chemical and *enzymatic* **degradation** of the cell walls of Helminthosporium spiciferum [Fungi]. The protective role of pigments. 099628
Investigation of *enzymatically* **destructed** wood. XVII. Ultraviolet-spectra of lignin from birch wood. 098327
Cyanogenetic glycosides and *enzymes:* **detection** and estimation of hydrocyanic acid in several species [of plants], distribution of linamarase. 099608
Differential foliar sensitivity of soybean cultivars to ozone associated with **differential** *enzyme* activities [Pollutioninjuries]. 102005
Secretion of new **digestive** *enzyme* by pancreas with minimal transit time [Rabbits]. 096185
Digestive *enzymes* of the desert millipede Orthoporus ornatus (Girard) (Diplopoda: Spirostreptidae). 102894
Activity of the *enzymes* which **disrupt** tomato cell walls. II. Effect of temperature and of active acidity. 100425
Drosophila *gene-enzyme* systems. 102784
Pollen-wall proteins: quantitative cytochemistry of the origins of intine and **exine** *enzymes* in Brassica oleracea [acephala, marrow-stem kale]. 100488
Effects of extractives from spruce [Picea abies] roots on **extracellular** *enzymes* of Fomes annosus (Fr.) Cke. 101435
Extracellular *enzymes* in soil. 103731
Enzymatic **flavor** enhancement in food products: a commercial view. 095407
Enzymes [in **food** processing]. 095498
The postnatal development of **gluconeogenic** *enzymes* in guinea-pig kidney cortex. 096359
Chemical synthesis and modification of oligosaccharides, polysaccharides, glycoproteins, *enzymes,* and **glycolipids.** 095422
Activity of some *enzymes* during **grain** dormancy in Tilia platyphyllos. 099967
Effect of temperature acclimation on activities of serum and **hepatic** *enzymes* of the rat [Biochemical and physiological metabolism]. 096198
Aminoacylation of Phaseolus vulgaris [kidney beans] cytoplasmic, chloroplastic and mitochondrial tRNAsPro and tRNAsLys by homologous and **heterologous** *enzymes.* 100368
Enzymatic **hydrolysis** of cellulosic wastes to glucose [for the production of food, fuel, and chemicals, Trichoderma viride, fungal fermetative agent]. 095489
Studies on the origin of some **hydrolytic** *enzymes* associated with the leaves and tentacles of Drosera species and their role in heterotrophic nutrition. 099881
Relative efficiencies of a soluble and **immobilized** *two-enzyme* system of glucose oxidase and catalase [Aspergillus niger, Fungi]. 099551
Effect of cytokinin on activities of a number of *enzymes* in **isolated** pumpkin cotyledons. 100574

Repletion studies on liver protein, glycogen content and **liver** *enzymes* by feeding protein isolates of Cassia marginata and Cassia renigera wild leguminous seeds in normal albino rats. 095098
Metabolism of the fungicide Denmert (S-n-butyl S'-p-tertbutylbenzyl N-3-pyridyldithiocarbonimidate, S-1358) and Denmert sulfoxides in **liver** *enzyme* systems [Monilinia fructigena, residues]. 102620
RNA polymerase from tobacco necrosis virus infected and uninfected tobacco. Purification of the **membrane-associated** *enzyme.* 101817
Estimation of combined residues of carbofuran (furadan) and its toxic metabolites by *enzymatic* **method** [Insecticides]. 102759
Possibilities of appraising the degree of water pollution by using the *enzyme* **method.** 104654
Enzymic **methods** for estimation of the somatic cell count in bovine milk. 1. Development of assay techniques and a study of their usefulness in evaluating the somatic cell content of milk. 095582
Role of **microbial** *enzymes* in flavor development in foods. 095409
Influence of starvation and hepatic **microsomal** *enzyme.* Induction on the mobilization of DDT residues in rats. 102775
Studies on some microbial **milk-clotting** *enzymes* for cheese making and their effect on cow milk casein. 095628
Enzymic **nature** of the protein moiety of protochlorophyllide holochrome [Barley, kidney beans]. 099945
Nonoxidative *enzymes* in the metabolism of insecticides. 102678
Activity of **oxidation-reduction** *enzymes* in maize in breeding. 099385
Rate of growth and activity of **oxidizing** *enzymes* of different Fomes annosa strains [Pinus]. 101446
Inhibition of Colletotrichum coccodes (Wallr.) Hughes, Pyrenochaeta lycopersici Schneider and Gerlach and their **pectinolytic** *enzymes* by substances appearing in some Lycopersicon [tomato] species in response to infection by the root parasitic complex. 101371
C4 grasses: an anatomical criterion for distinguishing between NADP [carbon]-malic enzyme species and PCK or NAD [nicotinamide adenine denucleotide **phosphate]-malic** *enzyme* species. 098887
Study on the hereditary variation in native aboriginal breeds of farm animals. I. Mutability in the activity of some **plasma** *enzymes* and hematologic indexes in Bulgarian Grey cattle of southeast Bulgaria. 097086
Enzymes in biogenesis of plant cell wall **polysaccharides** *enzyme* characterization using tracer techniques [Lilium, maize]. 099794
Obtainment of crystalline rennin from **powdered** *enzyme* preparation. 095671
Influence of the *enzyme* **preparation** protoryzin P10x on the fermentation vigor and increase in biomass of the yeast Saccharomyces carlsbergensis r. 776 growing in beer wort. 095400
Characterization of proteolytic activity of *enzyme* **preparations** obtained from yeast biomass [Cheese making]. 095668
Lysis of fungal pathogens by tree **produced** *enzymes*—a possible disease resistance mechanism in trees. 101588
Production and some *enzymatic* **properties** of alkaline proteinase of Candida lipolytica [Yeasts]. 099468
Influence of components of the medium on the milk-curdling activity of certain actinomycetes [**Proteolytic** *enzymes].* 095552
Effect of **proteolytic** *enzymes* on free and adsorbed catalase and on the catalase activity of soils. 103806
Polygalacturonic acid trans-eliminase in the osmotic shock fluid of Erwinia rubrifaciens: characterization of the **purified** *enzyme* and its effect on plant cells. 101694
Digital densimetric method for the determination of *enzymatic* **reaction** rates [Food research]. 095540
Distribution of *enzymes* **related** to C3 and C4 [carbon] pathway of photosynthesis between mesophyll and bundle sheath cells of Panicum hians and Panicum milioides. 099918
Synthesis of the inner mitochondrial membrane and the intercalation of **respiratory** *enzymes* during the cell cycle of Chlorella [Fusca vacuolata, Algae]. 099823
A modified procedure for **studying** *enzyme* secretion in yeast [Saccharomyces] sphaeroplasts: subcellular distribution of invertase. 099625
Investigation of *enzymes* of **sucrose** metabolism in fodder beet roots in connection with conditions of nitrogen nutrition [Fertilizers]. 100316
Induction of furano-terpene production and formation of the *enzyme* **system** from mevalonate to isopentenyl pyrophosphate in sweetpotato root tissue injured by Ceratocystis fimbriata and by toxic chemicals. 101572
A rapid **visual** *enzyme* test to assess fish freshness. 094840
Amino acid digestibility studies of autoclaved rapeseed meals using an in **vitro** *enzymatic* procedure. 096016
Inactivation of **yeast** *enzymes* by proteinase A and B and carboxypeptidase from yeast [Saccharomyces cerevisiae]. 099740

ENZYMOLOGY

Renin activity in dog brain: *enzymological* **similarity** to cathepsin D. 096333
Enzymological **studies** on hereditary avian muscular dystrophy [Chickens]. 096423

EOCENE

Investigations of angiosperms from the *Eocene* of **North** America: juglandaceous winged fruits. 098490

EPHESTIA

Factors governing the induction of diapause in *Ephestia* **elutella** and Plodia interpunctella (Lepidoptera). 103074
The tolerance of developmental stages of four stored product moths to phosphine *[Ephestia,* **Plodia** interpunctella]. 102538

EPICOCCUM

Contribution to tree pathology. II. On Aureobasidium pullulans in plane trees [Acer pseudoplatanus, *Epicoccum* **nigrum,** Platanus]. 101601

EPICUTICLE

Roles of the cer-j and cer-p loci in determining the *epicuticular* **wax** composition on barley seedling leaves. 099239
Epicuticular **wax** of Agropyron intermedium [a drought resistant perennial grass]. 100267
Epicuticular **wax** of Agropyron smithii leaves. 100268
On the *epicuticular* **waxes** of the sporogone of some Polytrichaceae [Musci]. 098911

EPIDEMIC

A report on the mosquitoes [Culicidae] collected during an *epidemic* of **encephalitis** in Burdwan and Bankura districts, West Bengal [Culicidae]. 102575
Factors contributing to an *epidemic* of **stripe** rust [Puccinia striiformis] on wheat in the Sacramento Valley of California in 1974. 101555

EPIDEMIOLOGY

The role of wild pigs in the *epidemiology* of **African** swine fever [Ornithodoros]. 097351
Epidemiology, **etiology,** clinical features, and diagnosis of chronic pancreatic fibrosis. 097750
Some *epidemiologic* **experiences** in the health effects of pesticides. 094844
Epidemiological **inquiry** on a source of human trichinosis in the Paris region [Consumption of contaminated horsemeat]. 094815
The *epidemiology* of **large** food salmonellosis caused by Salmonella enteritidis in the Ruse district in 1971. 094856
Some *epidemiological* **peculiarities** in two food poisonings caused by Salmonella enteritidis. 094855
Epidemiology of **potato** virus diseases [in Poland]. 101731
Epidemiology of **Pseudomonas** aeruginosa septicemia in dairy calves in Washington. 097520
The etiology and *epidemiology* of **salmonellosis** in Bulgaria for the 1966-1970 period [Contact mechanism in people engaged in animal and poultry breeding]. 094858
Epizootiology and *epidemiology* of **salmonellosis** in Italy [Domestic animals, fodder, food products]. 097362
Epidemiological **survey** on enzootic salmonellosis in police dogs. 097491
Epidemiology of **trichinosis** [Trichinella spiralis]. 097591
Dr. Carroll K. Mingle awardee of the honorary diploma American **Veterinary** *Epidemiology* Society, October 17, 1974, Roanoke, Virginia. 097196

EPIDENDRUM

Notes on *Epidendrum* **(Encyclia)** fragrans and Epidendrum radiatum [Descriptions]. 098663

EPIDERMAL

Anatomical characteristics of the *epidermis* in some **cultivars** of Brassica oleracea L. Distribution and structure of stomata in the cotyledons [Brussels sprouts, kohlrabi, kale]. 098889
Classification of the **leaf** *epidermis* features of the mint family, Labiatae Juss. 098609
Concerning the sinuous shape of **leaf** *epidermal* cells [Dryopteris, Pteridophyta]. 099019
Structure of the *epidermis* in **leaves** of some rosa species from Kazakhstan. 098543
Ultrastructure of **meristematic** *epidermal* cells of maize root under water deficit conditions. 099032
Hydrogen peroxide and acetic acid for **preparing** *epidermal* peels from conifer leaves. 099042
Studies on the *epidermis* of **recent** and fossil fruits of Carpinus and Ostrya and its significance in the systematics and history of these genera. 098487
Epidermal **structure** and distribution of stomata in Aponogeton natans (L.) Engl. and Krause. 098943

EPILOBIUM

On the development of root system and the structure of **semishrub** *Chamaenerion* angustissimum (Hausskn.) Sosn. 099053

EPIMER

Testosteron and its *epimer* in **blood** and tissue of testicles of bulls of different ages. 097038
Prostaglandin 1X synthesis of (plus/minus)-15-methyl-11-deoxy PGE1 [prostaglandin E1] (doxaprost) a potent bronchodilator and its *C-15-epimer* **[Guinea** pigs]. 096526
Structural investigation of lac resin. X. Structure and stereo-chemistry of methyl laccolate gamma-lactone and its *epimer* **[obtained** by esterification of the gum resulting from the alkaline fission of shellac]. 098289

EPIPHYTES

The requirements of *epiphytic* **bacteria** Pseudobacterium lacticum 392 [isolated from alfalfa leaves] in amino acids and vitamins of the B group. 099744
Wittia amazonica K. Schumann (syn. Wittia panamensis Britton and Rose) a **noteworthy** *epiphytic* cactus. 098646
Fatty acid composition of lipids of soil and *epiphytic* **yeasts.** 103799

EPIPHYTOTIC

An *epiphytotic* of **bacterial** leaf and flower spot [Xanthomonas nigromaculans zinniae] of Zinnia. 101701
Maize **streak** *epiphytotic* in Nigeria [Cicadulina as insect disease vector]. 101786

EPITHELIOMA

Anticancer effect of aflatoxin B1 after intratumor injection in the T8 *epithelioma* of **Wistar** rats. 097711

EPITHELIUM

Rectal **chloride** *epithelia* and osmoregulatory salt uptake by the endgut of Zygoptera and Anisoptera libella larvae [Coenagrion puella, Aeshna cyana]. 103012
Embryonic histogenesis of the **esophageal** *epithelium* in swine. 096577
Cellular ion route in rabbit **gallbladder** *epithelium.* 096263
Redescription of Coccidiascus legeri Chatton, 1913 (Nematosporaceae: Hemiascomycetidae), an intracellular parasitic yeastlike fungus from the **intestinal** *epithelium* of Drosophila melanogaster. 103030
Wound healing in the cornea of the chick embryo. III. The influence of pore size of millipore filters on the migration of **isolated** *epithelial* sheets in culture. 097720
The effect of estrogen on calcium binding protein activity in **odontogenic** *epithelium* of the rat. 096386
Further studies of the **surface** *epithelium* covering preovulatory rabbit follicles with special reference to lysosomal alterations. 096306

EPITRIX

Monogenic control of resistance in the tomato to the tobacco flea beetle *[Epitrix* **hirtipennis]:** probable repellance by foliage volatiles. 099199

EPIZOOTIC

Anthrax *epizootics* in wildlife in the Etosha National Park, South West Africa. 097339
How to reduce foothills abortion *[Epizootic* **bovine** abortion, Ornithodoros coriaceus, vector]. 097283
The situation for *epizootic* **diseases** [in Sweden and the world at large, especially foot-and-mouth disease and rabies]. 097438
An *epizootic* of **eastern** encephalomyelitis in horses. 097502
Bacteriologic and vaccination studies in a **field** *epizootic* of infectious bovine keratoconjunctivitis in calves. 097221
Plaque neutralization test reactors to bluetongue and EHD *[epizootic* **hemorrhagic** disease] viruses in the southeastern U.S.a. 097348
Clinical and serological findings on the distribution of bluetongue and *epizootic* **hemorrhagic** disease viruse in Oregon. 097512
Identification of bluetongue and *epizootic* **hemorrhagic** disease viruses by the indirect fluorescent antibody procedure. 097524
Isolation of bluetongue and *epizootic* **hemorrhagic** disease viruses in cell culture. 097526
Serotyping bluetongue and *epizootic* **hemorrhagic** disease virus strains. 097548

EPIZOOTIOLOGY

Some considerations on pathologic and *epizootiologic* **aspects** of feline leukemia. 097620
Pseudorabies in Indiana: current status, laboratory confirmation, and *epizootiologic* **considerations.** 097570
Adenovirus infection in lambs. I. *Epizootiology* of the **disease.** 097673
Observations on *epizootiology* and **distribution** of Elaeophora schneideri in Montana ruminants. 097433
Epizootiology and **epidemiology** of salmonellosis in Italy [Domestic animals, fodder, food products]. 097362
Role of wildlife hosts in the *epizootiology* of **Lacrosse** virus in Wisconsin. 097349
Studies on the *epizootiology* of **nasal** schistosomiasis [Schistosoma nasale] of bovines. 1. Prevalence and incidence of infection. 097451
The role of the economic factors on the development of the *epizootiological* **process** with salmonellosis [Swine]. 097373
Use of sentinel ducks in *epizootiological* **studies** of anatid blood protozoa. 097298
Value of the indirect fluorescence antibody test in the diagnosis and the *epizootiological* **survey** of bovine trypanosomiases. 097615
Tick-borne livestock diseases and their vectors. 2. *Epizootiology* of **tick-borne** diseases. 102619

EPOXIDES

Wyerone *epoxide* as a phytoalexin in Vicia faba [broadbeans]and its metabolism by Botrytis cinerea and Botrytis fabae in vitro. 101523

EPOXY
Improved staining procedures for **semithin** *epoxy* sections of plant tissues. 099043

EQUATOR
Analysis and estimation of the net radiation above a Panicum maximum culture in a **humid** *equatorial* zone. 098832

EQUIDAE
Comparison of three techniques for intestinal anastomosis in *Equidae* **[Horses].** 097165

EQUINES *see* **HORSES**

EQUIPMENT
Finite element analysis and the ITS [Intelligent Terminal System, in developing new **agricultural** *equipment].* 103401
Equipment to **aid** in manual sorting of adult codling moths [Laspeyresia pomonella] by sex [Horticultural plants]. 102385
Covers **[Beekeeping** *equipment].* 103239
Equipment for **chemical** treatment of potatoes moving into storage. 103581
Only every tenth dairy establishment is in satisfactory **condition** *[Equipment].* 103438
Latest results in the modernization of sugarbeet **culture** *[Equipment].* 103560
Metals, detergents and sterilizers [for cleaning food and **dairy** *equipment].* 095447
Wind **energy** *[Equipment].* 103599
Performance of broilers on different waterers **[Feeding** *equipment].* 096647
Pork Automation—an innovation useful for swine **feeding** *[Equipment].* 103596
Labor requirements for managing and spreading **fertilizer** *[Equipment].* 103647
Report of the Committee on **Food** *Equipment* Sanitary Standards - 1975. 095346
A new method for seed treatment of small seed lots for trial fields *[Equipment* for **fungicide** application]. 103480
Localized irrigation, towards a **future** way? *[Equipment].* 103430
The filling of tower silos with **grass** *[Equipment].* 103485
Sheep handling without tears [Portable **handling** *equipment].* 096075
IBCs [intermediate bulk container]—a system to end 'humping bags' **[Handling** *equipment* for farm products]. 103413
Equipment for the **handling** of straw at the dumping site in the German Democratic Republic. 103495
Responsibilities and opportunities in forage production [Farm and **industrial** *equipment].* 103570
And now, a word about the flail delimber [Forest **industry,** *equipment].* 098197
Complex application of the Fregat circular sprinkler in 1975 **[Irrigation** *equipment,* East Germany]. 103429
Irrigation and **irrigation** *equipment.* 103437
International cooperation in developing **irrigation** *equipment.* 103448
New apparatuses and **laboratory** *equipment* for the agrochemical service. 103788
Mechanics of the H type cable crane composed of two sets ofendless Tyler skyline cranes **[Logging** *equipment].* 098291
Information from a study tour into Romania [Forest technology, **logging** *equipment].* 098372
Forwarders in thinning—an analysis of some of the factors affecting results **[Logging** *equipment].* 098404
Lateral stability of frame-steered vehicles **[Logging** *equipment].* 098405
Long booms in thinning **[Logging** *equipment].* 098407
The effect of drip irrigation on [sugarcane] cultural practices and *equipment* on **Maui.** 104395
Use of electronic meat **measuring** *equipment* to measure cutout yield of beef carcasses. 095699
ULV [ultra low volume] *equipment* and **method** of use [Insecticide application]. 103441
Automatic door opener [adapted to the automatic cup remover] increases throughput **[Milking** *equipment].* 103423
Automation of cleaning systems **[Milking** *equipment].* 103424
Farm management decisions on buying **new** *equipment.* 094207
Labour saving **piggery** *equipment:* feeding. 103402
Machines and *equipment* for **post-harvest** handling and storing of potatoes, manufactured in Czechoslovakia and the German Democratic Republic. 103498
Mechanical transport and automated handling of cheese at N. C.k. Meppel **[Processing** *equipment].* 095642
The Aseptic Compak [for filling milk in cardboard cartons, dairy **processing** *equipment].* 095644
The new Swedish milk flow meter **[Processing** *equipment].* 095655
On the move in Munich *[Equipment* **show].** 103567
Students of the Department of Automotive, Agricultural and Conveying Engineering hand over valuable research results to industry [Field and **soil** *equipment,* East Germany]. 103645
Field **spraying** *equipment* [of pesticides]. 103436
Equipment for **spreading** fertilizer. 103477
Grain harvest—grain drying and **storage** *[Equipment].* 095165
Harvesting up-date: Amfac concepts **[Sugarcane** *equipment].* 103577
Technologic *equipment* for the management of laying hens effects favourably the share of eggs with damaged shell [Poultry, housing]. 096100
Study of devices for controlling emergency condition of **technological** *equipment* [on farms]. 103375
Power brakes for trailer safety **[Tractor** *equipment].* 103568
Experiments relating to techniques for direct drilling of seeds into untilled dead **turf** *[Equipment].* 103458
New **vacuum** *equipment* for the powdered milk industry [Processing]. 095599
V-belts *[Equipment].* 103486
Development of heating and **ventilation** *equipment* for premises for breeding silkworms [Bombyx mori]. 103366
Development of classical soil **working** *equipment.* 103417

EQUISETUM
The effect of freezing and organic solvents on viability of chlorophyllous fern spores *[Equisetum* **arvense,** Osmunda japonica]. 099691
Studies on the optimum conditions of extraction of silicon species from plants with water. III. On the stability of silicon species in extracts from *Equisetum* **arvense** Herb. 099940

ERADICATION
Progress of the State-Federal **Brucellosis** *Eradication* Program [Cattle]. 097569
The status of the State-Federal Hog **Cholera** *Eradication* Program. 097578
Screwworm [Cochliomyia hominivorax] *eradication:* **inadvertent** selection for noncompetitive ecotypes during mass rearing [Livestock pests]. 102612
Malaria *eradication* and control from a global standpoint [by shortening the life of the Anopheles vector]. 102584
Eradicate **rats** & snakes from your poultry farm. 096110
The status of the State-Federal **Tuberculosis** *Eradication* Program. 097579

EREMOCHLOA
Centipedegrass *[Eremochloa* **ophiuroides]** seed treatments andlight-temperature effects on germination [Curvularia, Phoma, Alternaria, Fusarium]. 101549

EREYNETIDAE
Nasal mites of the subfamily **Speleognathinae** *(Ereynetidae)* from birds in Texas. 102594

ERGONOMICS
An outlined survey of recent research on agricultural machinery from the viewpoint of *ergonomics* **[Safety** engineering]. 103460

ERGOT
Conidial stage of fungi Claviceps purpurea Tul *[Ergot,* **Gramineae].** 101664
Partial synthesis of festuclavine [isolated from *ergot* **parasitizing** on grasses Agropyrum and Phalaris, from a culture of Claviceps gigantea and from Aspergillus fumigatus, Fungi]. 101390

ERICACEAE
The biology of mycorrhiza in the *Ericaceae.* VI. The **effects** of mycorrhizal infection and concentration of ammonium nitrogen on growth of cranberry (Vaccinium macrocarpon Ait.) in sand culture. 100515
Differential seed predation on two species of Arctostaphylos **[glandulosa,** Arctostaphylos **glauca]** *(Ericaceae).* 098835

ERIGERON
Biotype selection in *Erigeron* **annuus** during old field succession. 098784

ERIOCAULACEAE
Cytological observations on some West Himalayan monocots. IV. Several families [Amaryllidaceae, Iridaceae, Hypoxidaceae, Dioscoreaceae, Juncaceae, Commelinaceae, *Eriocaulaceae* and **Zingiberaceae].** 098958

ERIOPHYOIDEA
Possibility of rearing wheat mite (Aceria tritici Shev.) (Acarina, *Eriophyoidea)* on **aerial** bulbs of garlic [to study its biology]. 102372
Spruce bud mite (Trisetacus piceae Roiv.) (Acarina, *Eriophyoidea)*—**a pest** of buds of Norway spruce [Picea abies]. 102520
Four-legged mites (Acarina, *Eriophyoidea)*—**pests** of citrus on the Black Sea coast in the Caucasus. 102475

ERIOSOMA
The nature of gall formation caused by wooly apple **aphid** *(Eriosoma* lanigerum Hausm.). 102424

EROSION
Estimating two indirect logging costs caused by **accelerated** *erosion.* 098431
Streamco purpleosier willow [for stream **bank** *erosion* control]. 101042
Active forms of *erosion* **caused** by nivation. 104205
Study on the productivity and fertilizing of an *eroded* **Chernozem** soil. 103880
Some problems of the theory of pit making [Dibblers, *erosion* **contro].** 103624
Industry uses of prairie grasses for *erosion* **control** and landscaping. 101170
Chopper of grapevine [Production of mulching material for *erosion* **control].** 103643
History, present situation and prospects in utilisation of hilly, erosion-reclaimed soils in southern Moravia *[Erosion* **control].** 104210
Windbarriers for *erosion* **control** [of sandy soils] in Texas [Cotton]. 104219
Progress on Wharekiri demonstration farm [Water control, *erosion* **control].** 104403
Agrochemical characteristic of dryland typical Sierozems ofvarious **levels** of *erodibility.* 103842
Mechanical *erosion* of soils on sloping lands in Byelorussia. 104179
Peculiarities of the formation of surface water flow on *eroded* **mountainous** slopes in the Crimea. 104207
Erodibility of **selected** Hawaii soils by rainfall simulation. 104166
Role of ASCS [Agricultural Stabilization and Conservation Service] in cost-sharing and renovation of windbreaks **[Soil** *erosion* control, programs]. 094769
Introduction of the problems [concerning shelterbelts in the Great Plains, **soil** *erosion].* 097912
Content and methods of investigations of the mechanics of agricultural environments and materials [Mechanical properties of soil, modelling **soil** *erosion,* damage of potato tubers by machines]. 103610
Dust in the Sahel: cause of drought? **[Soil** *erosion].* 104195
Reconstruction of the Desna water flow stationary [experimental plot, **soil** *erosion* control]. 104208
Wind patterns and **soil** *erosion* on the Great Plains. 104218
Study on the **soil** *erosion* of reclaimed land in Shorenji. 2. Problems of land reclamation works. 104221
Study on the **soil** *erosion* of reclaimed land in Shorenji. 3. On the disaster of the farm lands before disposition for substitute lots and the management of these farms lands. 104222
Soil *erosion* control in cotton growing areas. 104234
The relation between visibility and the size-number distribution of airborne soil particles **[Soil** *erosion* by wind]. 104530
Chemical and physical properties of *eroded* **soils** on slopes from the hydrographic fund in western Podolia and their alteration under the effect of forest plantings. 103797
Micro-vegetation fertilizing experiments on grey forest **soils** *eroded* in various degrees. 103877
Increasing the effectiveness of fertilizers on *eroded* **soils** in the Andizhan Region. 104153
Problems of application of fertilizers to cotton on *eroded* **soils.** 104154
Comparative effectiveness of growing field crops [and peas] on *eroded* **soils** in the steppe of the Ukrainian SSR. 104167
History, present situation and prospects in utilisation of hilly, *erosion-reclaimed* **soils** in southern Moravia [Erosion control]. 104210
Problem of restoring and increasing the fertility of *eroded* **soils.** 104233
A laboratory aerodynamic device [for **studying** *anti-erosion* measures]. 104237
Effect of *anti-erosion* **tillages** on the water stability properties of soil **aggregates.** 104240
Tunnel *erosion* [Soil reclamation, vegetative control]. 104225
Effect of **water** *erosion* on physical properties and nutritional regime of common Chernozems. 104168
Windbreak design for optimum **wind** *erosion* control. 097919
Wind *erosion* of soddy-podzolic sandy and loamy-sandy soils from Poles'ye. 104192
Perennial grass [Agropyron elongatum] barriers for **wind** *erosion* control, snow management and crop production. 104215
Agrotechnical and chemical methods of controling **wind** *erosion* on cotton fields. 104232
Wind *erosion* in the Bukhara Oasis. 104235
A device for determining physical and mechanical properties of soil and studying the movement of soil particles **[Wind** *erosion].* 104236
A small-sized wind tunnel [for studying **wind** *erosion* of soil]. 104238
Physical modelling of the processes of soil **wind** *erosion.* 104241

ERUCIC
Mortality and production characteristics of laying chickens fed high- and *low-erucic* **acid** rapseed oils. 097747
Breeding and production of **low** *erucic* rapeseed in Europe. 100776

ERWINIA
Effect of overtree misting for bloom delay on incidence of fire blight *[Erwinia* **amylovora]** in apple. 101705
The effect of storage factors on membrane permeability and sugar content of potatoes and decay by *Erwinia* **carotovora** var. atroseptica and Fusarium roseum var. sambucinum. 095865
Resistence of several potato varieties against black leg, *Erwinia* **carotovora,** after injuring the tubers and inoculation. 101684
Calcium nutrition in Phaseolus vulgaris [kidney beans] in relation to its resistance to *Erwinia* **carotovora.** 101698
Core-rot: a bacterial disease [Erwinia chrysanthemi, *Erwinia* **carotovora** carotovora] of carrots. 101703
A laboratory method for evaluating maize germplasm to *Erwinia* **carotowora** var. zeae. 101700
Erwinia **chrysanthemi** associated with leaf rot in Aechmea fasciata. 101692
Core-rot: a bacterial disease *[Erwinia* **chrysanthemi,** Erwinia carotovora carotovora] of carrots. 101703
Phytopathogens from the **genus** *Erwinia*—producers of asparaginase. 101690

The role of carbon compounds in the regulation of asparaginase biosynthesis by various species of the **genus** *Erwinia.* 101691
Microbiological studies on phytopathogenic bacteria. III. Production of D-galactonic acid, 2-keto-D-galactonic acid, L-arabonic acid, and D-xylonic acid by *Erwinia* **milletiae.** 101697
Polygalacturonic acid trans-eliminase in the osmotic shock fluid of *Erwinia* **rubrifaciens:** characterization of the purified enzyme and its effect on plant cells. 101694
Laboratory method of bacteriocide estimation on the basis of *Erwinia* **test** [Soft rots of potato tubers]. 101680

ERYSIPHACEAE
Erysiphaceae affecting **umbelliferous** crops, with special reference to carrot, in Israel. 101530

ERYSIPHE
Physiology of powdery mildew *[Erysiphe* **cichoracearum]** infected leaves of Abelmoschus esculentus. I. Respiration and photosynthesis. 101541
Initial material for breeding barley for resistance to powdery mildew *[Erysiphe* **graminis].** 099090
Race-specific resistance of barley to powdery mildew *[Erysiphe* **graminis].** 101349
Comparative studies of the infection of flag leaves and seedling leaves of wheat by *Erysiphe* **graminis.** 101540
Release of barley-mildew conidia *[Erysiphe* **graminis]** from shaken leaves. 101656

ERYTHRINA
Convenient method for synthesis of erythrinan **alkaloids** *[Erythrina].* 099658
Biomimetic synthesis of a **key** *Erythrina* alkaloid precursor. 099655

ERYTHROBLASTOSIS
Evidence for the multiple oncogenic potential of cloned leukemia virus: in vitro and in vivo studies with **avian** *erythroblastosis* virus [Chicks]. 097669
Anorexia as the probable cause of plasma alpha-lipoprotein changes seen in **avian** *erythroblastosis* [Chickens]. 097710

ERYTHROCYTES
Species variability of N-terminal sequence of **avian** *erythrocyte-specific* histone H5. 096226
Conductimetric investigation of [canine] *erythrocyte* **behaviour** during shear flow of concentrated suspensions through a large tube. 096523
J blood group active lipoproteins extracted from **bovine** *erythrocytes.* 096192
Erythrocyte **macrocytosis** in miniature poodles [Dogs]. 097713
Effects of temperature and time on the infectivity of cryogenically preserved samples of Anaplasma **mariginal-infected** *erythrocytes* [Calves]. 097224
Spatial arrangement of some *erythrocyte* **membrane** receptor sites [Lentils]. 100341
Erythrocyte **6-phosphogluconate** dehydrogenase isozymes in the Japanese quail (Coturnix coturnix japonica). 096533
Volume of condensed chromatin in developing **primitive-line** *erythrocytes* of chick. 096340
Erythrocyte **rosettes,** a marker for bovine T cells. 096285
Metabolism of [4-14C] [carbon isotope] estrone by **sheep** *erythrocytes* around the time of parturition. 096284
Determination of *erythrocyte* **vitamin** B12 activity. 094956

ERYTHROID
The fractionation of active and inactive chromatins from *erythroid* **cells** of chicken. 096358

ERYTHRONEURA
Vineyard insect pests *[Erythroneura* comes, **grapes].** 102392

ERYTHROPOIESIS
Cellular composition of *erythropoietic* **cell** populations and aggregate cell cultures derived form early chick blastodiscs. 096569

ESCHERICHIA
Characterization of enterotoxigenic **bovine** *Escherichia* coli. 097287
Occurrence and distribution of drug resistant enterobacteria *[Escherichia* **coli]** in extra enteral habitats [Food contamination, pollution]. 094892
The effect of cooking on the quantity of *Escherichia* **coli** in ground beef [Bacterial contamination]. 094913
Decomposition of soybean oligosaccharides by intestinal bacteria. VII. Alpha-galactosidase activity of a few other intestinal bacteria than *Escherichia* **coli.** 095224
Vaccination of cows with an *Escherichia* **coli** bacterin for the prevention of naturally occurring diarrheal disease in their calves. 097231
Properdine research. 4. In vitro model experiments on the action of bovine properdine upon *Escherichia* **coli.** 097236
A longitudinal study of *Escherichia* **coli** in cows and calveswith special reference to the distribution of O-antigen types and antibiotic resistance. 097390
The distribution of O-antigen types of *Escherichia* **coli** in normal calves, compared with man, and their R plasmid carriage. 097393
Variations in the susceptibility of lactating and non-lactating bovine udders to infection when infused with *Escherichia* **coli.** 097405
Outbreak of edema disease in swine in Concordia, Santa Catarina *[Escherichia* **coli].** 097472
A two year survey of *Escherichia* **coli** serogroups associatedwith colibacillosis in pigs and calves. 097500
The exploitation of transmissible plasmids to study the pathogenesis of *Escherichia* **coli** diarrhoea [in calves, piglets, lambs]. 097629
Characterization of 2-mu um DNA of Saccharomyces cerevisiae by restriction fragment analysis and integration in an *Escherichia* **coli** plasmid [Yeast]. 099374
Site of bacterial RNA synthesis in eggplant *[Escherichia* **coli,** Agrobacterium tumefaciens] protophloem after a bacterial infection. 101710
A comparison of two methods for **counting** *coliforms* in cheese [Quality control]. 094820
The prevalence of **enterotoxigenic** *Escherichia* coli in the feces of calves with diarrhea. 097296
Vaccination research **involving** *Escherichia* coli and neonatal swine; a literature survey [Bacterial infections]. 097460
Neonatal *Escherichia* coli infections in calves. I. Appraisal of rehydration. 097677

ESOPHAGUS
Role of *oesophageal* **connectives** in cuticular melanization in larvae of the armyworm, Leucania separata Walker (Lepidoptera: Noctuidae). 102827
Embryonic histogenesis of the *esophageal* **epithelium** in swine. 096577
Crumbles contra meal for bacon pigs. Effect on daily gain, feed efficiency, carcass quality and on the *oesophageal* **partof** the stomach. 096601
Fine structure of the *esophagus* of **Pratylenchus** penetrans [Plant-parasitic nematodes]. 101929

ESTERASES
The probable role of Babesia **argentina** *esterase* in the in vitro activation of plasma prekallikrein [Calves]. 097660
Enhancement of cheese flavors with **microbial** *esterases.* 095559
Fungal **ornithine** *esterases:* relationship to iron transport [Fusarium roseum, Penicillium sp., Fungi]. 099536
Comparative biochemical studies on populations, inbreds and lines of Phaseolus vulgaris [kidney beans]. 2. Multiple molecular forms of acid **phosphatase** and *esterase.* 100562

ESTERIFICATION
Evidence for **chlorophyll** *esterified* with geranyl-geraniol in newly greened leaves [Aesculus hippocastanum]. 100366
Structural investigation of lac resin. X. Structure and stereo-chemistry of methyl laccolate gamma-lactone and its epimer [obtained by *esterification* of the **gum** resulting from the alkaline fission of shellac]. 098289

ESTERS
Use of diacetyltartaric **acid** *esters* of monoglycerides in breadmaking. 095405
Activated sludge degradation of adipic **acid** *esters* [Plasticizers]. 104444
Naturally occurring terpene derivatives. LIV. New terpene **aldehyde** *esters* from Peucedanum luxurians Tamamsch. 099647
A high-performance liquid chromatographic analysis of the **benzoate** *esters* of sapogenins isolated from Agave. 099827
Kinetics of alkaline hydrolysis of *ester* **bons** in wood. 098333
Sensitivity of pigweed plants [Amaranthus] to Crotilin **[chlorocrotyl** *ester* of 2,4-dichlorophenoxyacetic acid]. 102144
Gas-liquid chromatography of **ethyl** *ester* artifacts formed during the prepatation of fatty acid methyl esters. 095479
Esters of **indole-3-acetic** acid from Avena [oat] seeds. 100277
Sperm oil replacements from selectively hydrogenated soybean and **linseed** *esters:* special lubricants. 095815
Gas-liquid chromatography of ethyl ester artifacts formed during the prepatation of fatty acid **methyl** *esters.* 095479
Improved procedures for the isolation of pure oleic, linoleic, and linolenic acids or their **methyl** *esters* from natural sources. 095485
Synthesis and insecticidal and acaricidal properties of some 5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl **phosphorus** *esters.* III. [Musca domestica, Calandra granaria, Aphis fabae, Tetranychus urticae]. 102256
Synthesis, insecticidal and acaricidal properties of some 5alkoxy-, 5-alkylthio-6-oxo-1-phenyl-1H-pyridazin-4-yl and 6-oxo-5-phenoxy-1-phenyl-1H-pyridazinyl **phosphorus** *esters.* II. [Musca domestica, Aphis fabae, Tetranychus urticae]. 102257

ESTRADIOL
Changes in the weight of the adrenal glands and in the concentration of plasma corticosterone in perinatal rats after prenatal treatment with *oestradiol* **benzoate.** 096451
Pregnancy diagnosis in ewes using etological reaction to estrogens and abortive activity of dioxy-diethyl-stilbestrol and *estradiol* **benzoate.** 096869
Studies on shortening of the estrous cycle in 4-day cyclic mice. V. Occurrence of 3-day estrous cycle after the single **injection** of *estradiol.* 096977
Plasma progestins, *estradiol,* and **luteinizing** hormone following prostaglandin F2 alpha injection [Dairy cattle]. 096941
Localization of vitellogenin and serum albumin in hepatic parenchymal cells of normal and *estradiol* **treated** immature chickens. 096244

ESTROGEN
Pregnancy diagnosis in ewes using etological reaction to *estrogens* and **abortive** activity of dioxy-diethyl-stilbestrol and estradiol benzoate. 096869
The effect of *estrogen* on **calcium** binding protein activity in odontogenic epithelium of the rat. 096386
Productive **low** *oestrogen* sub clover pastures in the southern wheatbelt [on sheep fertility, subterranean clover cultivars]. 100695
Effects of *estrogen* and **progesterone** on transcription, chromatin and ovalbumin gene expression in the chick oviduct. 096875
Cervical mucus changes in infertile ewes previously exposed to *oestrogenic* **subterranean** clover. 097028
Estrogens in **tissues** of guinea pig embryos. 096560

ESTRONE
Metabolism of [4-14C] [carbon isotope] *estrone* by **sheep** erythrocytes around the time of parturition. 096284

ESTRUS
Oestrous **activity** and lambing rates in ewes following varying periods of association with vasectomized rams prior to the commencement of the mating period. 096853
Estrus **control** is essential for good results in swine insemination. 096981
Oestrus **control** [Cattle]. 096988
Concentration of alkaline phosphatase amylase and glucose in cervical mucus of fertile and infertile **cows** during *oestrum.* 096996
Studies on shortening of the *estrous* **cycle** in 4-day cyclic mice. V. Occurrence of 3-day estrous cycle after the single injection of estradiol. 096977
Detecting *oestrus* by measuring milk temperatures of dairy cows during milking. 096992
Preparation of teaser bulls and steroid-implanted steers and their effectiveness in **detecting** *estrus* [Dairy cattle]. 097048
How using records can improve a large herd [Dairy cows, *estrus* **detection].** 096896
Peripheral plasma progesterone in the ewe: its application to the diagnosis of early pregnancy **following** *oestrus* synchronization treatment. 096926
The rectal temperature and serum luteinizing hormone concentration of **heifers** during *estrus.* 096887
A possible origin and adaptive significance of the mounting behaviour shown by some female **mammals** in *oestrus.* 096950
The effect of *estrus* on **milk** and butterfat yields in Friesian. 097090
The synchronization of *oestrus* and **subsequent** fertility in ewes following treatment with a synthetic prostaglandin analogue (ONO 453). 097019
Preliminary attempts of *oestrus* **synchronization** in goats of Gargano breed. 096848
Duration of the lambing season and maternal behaviour in *oestrous* **synchronized** ewes lambed indoors. 096925

ESTUARIES
Interpretations of the 14 C [carbon isotope] method of measuring the total annual production of phytoplankton in a South **Carolina** *estuary.* 099575
Incidence of Salmonella spp., Clostridium botulinum, and Vibrio parahaemolyticus in an *estuary* **[Microbiological** indicators of pollution]. 104448
Marine and *estuarine* **pollution.** 104563
Role of bacteria and protozoa in the removal of Escherichiacoli from *estuarine* **waters.** 104451

ETHANE
The effect of **disodium** *ethane-1-hydroxy-1,* 1-diphosphonate on the metabolism of vitamin D [Rats, chicks]. 096385

ETHANOL
Metabolism of *ethanol* and **lactate** in tissues of woody plants differing with respect to their resistance of oxygen deficiency [Salix alba, Populus petrowskiana]. 100684
The effect of *ethanol* on **meiotic** chromosome behavior in maize. 099144
Citric acid fermentation in Egypt. VII. Interaction between *ethanol* and **trace** elements. 095398

ETHEPHON
Effect of SADH [succinic acid-2,2-dimethylhydrazide] and *ethephon* on **Crossandra** infundibuliformis 'Mona Wallhed' [Growth regulators]. 100588
Modification of flowering pattern and sex expression in Carica papaya by morphactin, *ethephon* and **TIBA** [triiodobenzoic acid]. 100615

ETHERS
Studies on degradation mechanism of *beta-ether* **bonds** of lignin dimeric model compounds in acid medium. 098360
The structure of lactarorufin B *-3,8-ether* 14-p **bromobenzoate** [a metabolite of the mushroom Lactarius rufus]. 100017
Pesticides and the environment: *Ethers* of **carbamic** acids (analytical review). 102740
Flavanoids of Acacia suma heartwood quercetin and hyperin 3', **7-dimethyl** *ether.* 098204
Separation of **methyl** *ethers* of xylose, glucose and some other sugars by liquid chromatography. 098290

ETHIONINE
Influence of *ethionine* **[poisoning]** on the ultrastructural morphology of the porcine hepatocyte. 097789

ETHNIC
The desert-side economy of the central Sudan [Climatic cycles, *ethnic* **groups].** 094714

ETHNOBOTANY
Ethnobotany of the **breadfruit.** 098450

ETHOLOGY
Ethology and **new** [varieties of] forage crops. 100887
Dufour's gland secretion of Myrimica rubra: chemical, electrophysiological, and *ethological* **studies.** 102996

ETHYL
Cell-free synthesis of *ethyl* **acetate** by extracts from Saccharomyces cerevisiae [Yeasts]. 099839
Juvenile hormone activity of *ethyl* 7,11, **dichloro** farnesoate on Dysdercus cingulatus F. [Cotton]. 102345
Gas-liquid chromatography of *ethyl* **ester** artifacts formed during the prepatation of fatty acid methyl esters. 095479
Balan *[N-butyl-N-ethyl-alpha,alpha,alpha-trifluoro-2,6-dinitro-p-toluidine,* **herbicides,** residues]. 102627
Pirimiphos-ethyl **[Insecticides,** toxicity, residues]. 102643
EMS *[ethyl* **methane** sulphonate] and MMS [mehtyl methane sulphonate] induced leaf mutations in peas. 099151
Gibberellic acid protection against EMS *[ethyl* **methane** sulphonate] and MMS [methyl methane sulphonate] induced damage to chromosomes in Pisum sativum L. [Peas, mutation]. 099158
An EMS *[ethyl* **methanesulfonate]** induced dominant mutation for pollen sterility in Petunia. 099127
The effects of different concentrations of EPTC *[ethyl-N,* **N-dipropylthiolcarbamates]** on prolonging bud dormancy of purple nutsedge tubers [Cyperus rotundus]. 102079

ETHYLENE
Bacterial degradation of *ethylene* and the **acetylene** reduction test [Soil bacteria]. 103717
The use of electrolytic conductance to assess differential sensitivity of French prune fruit to **applied** *ethylene.* 100484
Effect of *ethylene* **chlorohydrine** upon wood components. III. Pulping rate and selectivity of action of ethylene chlorohydrine using beech wood. 098387
Effects of *ethylene* and 2,4-D **[dichlorophenoxyacetic** acid] on the activity of cellulase isoenzymes in abscission zones of the developing orange fruit. 100529
Defoliation of pepper transplants in transit by **endogenously-evolved** *ethylene.* 101196
Acetylcholine and synthesis of *ethylene* in **etiolated** [kidney] bean tissues. 100522
Attempts at the sterilization with *ethylene* **oxide** of bone meal contaminated with Salmonellae. 096007
Efficiency of methyl bromide and *ethylene* **oxide** in elimination of root-knot nematodes [Meloidogyne javanica, Meloidogyne hapla] on host plants [Tomatoes]. 102016
Experimental tobacco fumigation under partial vacuum with *ethylene* **oxide** against Lasioderma sericorne. 102531
Inhibition of *ethylene* **production** by cobaltous ion [Mung beans, apples]. 100546
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. III. *Ethylene* **production** by wheat and barley leaves injured by fumigation with sulphur dioxide. 101995
Pyridoxalphosphate-dependent *ethylene* production from methionine by isolated [spinach] chloroplasts. 100417
Effects of cyanide and *ethylene* on the **respiration** of cyanide—sensitive and cyanide-resistant plant tissues [Peas, Annona cherimola]. 099944

ETHYLENEDIAMINE
Comparison of the effects of high levels of DTPA [diethylene triamine pentaacetic acid] and EDDHA *[ethylenediamine* **di(o-hydroxyphenylacetic** acid] on microelement uptake in bush beans. 100151
Excess EDDHA *[ethylenediamine* **di(o-hydroxyphenylacetic** acid] in the nutrient solution on iron uptake by bush bean plants. 100152
Aspiration of bone marrow using EDTA *[ethylenediamine* **tetracetic** acid] fortified serum [Smears]. 097135

ETHYLENIMINE
Genetic efficiency of *ethylenimine* in **relation** to the time and temperature of storage of barley grain. 099402

ETIOLATION
Identification of N-terminal amino acids of protochlorophyllide-holochrome subunits of *etiolated* **barley** seedlings. 100171
Acetylcholine and synthesis of ethylene in *etiolated* **[kidney]** bean tissues. 100522
Differentiation of chloroplast lamellae. Light harvesting efficiency and grana development *[Etiolated* **pea** plants]. 100361
The preparation of 2,3 (3H)-GA29 [hydrogen isotope, gibberellic acid] and its metabolism by *etiolated* **seedlings** and germinating seeds of dwarf Pisum sativum (Meteor) [Peas]. 100492

ETIOLOGY
Detection of *etiologic* **agents** in selected viral diseases of dogs and cats. 097514
Epidemiology, *etiology,* **clinical** features, and diagnosis of chronic pancreatic fibrosis. 097750
Etiology and **control** of fruit rot [Rhizoctonia solani, Pythium aphanidermatum] of cucumber in single harvesting for pickles. 101554
The *etiology* and **epidemiology** of salmonellosis in Bulgaria for the 1966-1970 period [Contact mechanism in people engaged in animal and poultry breeding]. 094858
Etiology and **epizootology** of salmonellosis in Bulgaria within the 1966-1970 period [Hygiene in animal husbandry and the food industry]. 094851
The *etiology* of **malnutrition** among preschool children in rural Costa Rica. 095049
Research on the *etiology* and **methods** of control of foot-rot, a new, dangerous tobacco disease [caused by two soil fungi, Botrytis cinerea and Rhizoctonia solani]. 101336
Etiology of the **stomatitis** pneumoenteritis complex in Nigerian dwarf goats. 097288
The *etiological* **structure** of salmonellosis in the USSR [Public health, food contamination]. 094857
Bovine brisket edema of **unknown** *etiology.* 097192
When it isn't one thing, it's another. Arsenate soil residues aren't the only reason apple replants fail [Diseases of **unknown** *etiology].* 101831
Curly top disease in roses—a disease of **unknown** *etiology.* 101846
Barren stalk of corn grown in organic soils of eastern North Carolina [Soilborn biotic diseases of **unknown** *etiology].* 102011
Cracking in cherries [Disorders of **varying** *etiology].* 102048
Postharvest diseases of fresh fruits and **vegetables**—*etiology* and control [Fungal and bacterial diseases]. 101913

EUBLABERUS
Hormonal control of diglyceride metabolism during vitellogenesis in the cockroach, *Eublaberus* **posticus.** 103002

EUBLEMMA
New record of Dinothrombium sp. (Trombidiidae: Acarina) parasitic on the lac predator, *Eublemma* **amabilis** Moore (Noctuidae: Lepidoptera) [Field crop pests, natural control]. 102365

EUCALYPTUS
Comparative study of the woods of Eucalyptus saligna, Eucalyptus paniculata, *Eucalyptus* **citriodora,** Eucalyptus maculata and Eucalyptus tereticornis for sulfate cellulose production [Wood and pulpwood properties]. 098230
Polyphenols of Eucalyptus golbulus, Eucalyptus regnans and *Eucalyptus* **deglupta.** 098389
Chemical models for plant wax morphogenesis [Eucalyptus saligna, *Eucalyptus* **globulus].** 100663
Polyphenols of *Eucalyptus* **golbulus,** Eucalyptus regnans and Eucalyptus deglupta. 098389
Tree volume tables for *Eucalyptus* **grandis** [Forest measurement]. 097997
Studies on eucalypt mycorrhizas. I. A method of Mycorrhiza induction in *Eucalyptus* **gummifera** (Gaertn. & Hochr.) by Pisolithus tinctorius (Pers.) Coker & Couch [Fungi]. 100625
Comparative study of the woods of Eucalyptus saligna, Eucalyptus paniculata, Eucalyptus citriodora, *Eucalyptus* **maculata** and Eucalyptus tereticornis for sulfate cellulose production [Wood and pulpwood properties]. 098230
Studies on *eucalypt* **mycorrhizas.** I. A method of Mycorrhiza induction in Eucalyptus gummifera (Gaertn. & Hochr.) by Pisolithus tinctorius (Pers.) Coker & Couch [Fungi]. 100625
Variation in *Eucalyptus* **nitens** Maiden in response to temperature and seed source. 098513
Genetic variation of *Eucalyptus* **obliqua** in field trials [insouth-eastern Australia]. 098109
Comparative study of the woods of Eucalyptus saligna, *Eucalyptus* **paniculata,** Eucalyptus citriodora, Eucalyptus maculata and Eucalyptus tereticornis for sulfate cellulose production [Wood and pulpwood properties]. 098230
A note on the significance of *Eucalyptus* **populnea** for buffel grass [Cenchrus ciliaris] production in infertile semi-arid rangelands. 101006
Polyphenols of Eucalyptus golbulus, *Eucalyptus* **regnans** and Eucalyptus deglupta. 098389
Blending of celluloses of *Eucalyptus* **saligna** and Pinus caribaea var. caribaea. 098229
Comparative study of the woods of *Eucalyptus* **saligna,** Eucalyptus paniculata, Eucalyptus citriodora, Eucalyptus maculata and Eucalyptus tereticornis for sulfate cellulose production [Wood and pulpwood properties]. 098230
Sulfate cellulose production from blends of *Eucalyptus* **saligna** wood small portions of Bambusa vulgaris var. vitatta chips. 098231
Chemical models for plant wax morphogenesis *[Eucalyptus* **saligna,** Eucalyptus globulus]. 100663
Wood properties of some *eucalypts* for the **southern** United States. 098398
Eucalyptus in the **Sunda** Isles. 097877
Eucalyptus in the **Sunda** Isles [Physiology]. 100627
Comparative study of the woods of Eucalyptus saligna, Eucalyptus paniculata, Eucalyptus citriodora, Eucalyptus maculata and *Eucalyptus* **tereticornis** for sulfate cellulose production [Wood and pulpwood properties]. 098230

EUCARYOTE
Possible *eucaryotic* algae (Bangiophycidae) among early Proterozoic microfossils. 098561

EUCHLAENA
The methodology of growing teosinte *[Euchlaena]* in the **conditions** of Ukrainian forest-steppe. 100727
Agronomic and biological characteristics of maize and teosinte *[Euchlaena]* **hybrids.** 099078

EUGLENA
Transcriptional origin of *Euglena* **chloroplast** tRNAs [Algae, tRNA-DNA hybridization]. 099376
Ultrastructural modifications of the nucleus and nucleolus of *Euglena* **gracilis** Z [Algae] during the cell cycle. 098926
Isolation of a transcriptionally active chromosome from chloroplasts of *Euglena* **gracilis** [Algae]. 099075
Sn-Glycerol-3-phosphate transacylase activity in *Euglena* **gracilis** organelles [Algae]. 099520
Ferredoxin biosynthesis in *Euglena* **gracilis.** 099542
Fractionation and analysis of polypeptides of *Euglena* **gracilis** [Algae] chloroplasts. 099946
Biosynthetic events required for lag elimination in chlorophyll synthesis in *Euglena* **[gracilis,** Algae]. 099953

EUONYMUS
Kaempferol 3-rhamnosylxyloside from *Euonymus* **alatus.** 099910
Anti-B activity of a lectin coexistent with blood group Hlike substance in seeds of *Euonymus* **sieboldiana.** 099838

EUPHORBIA
Phytotoxic effects of extracts of Canada thistle [Cirsium arvense] and leafy spurge *[Euphorbia* **esula,** economic crops]. 102184
Euphorbia **flanaganii** N. E. Brown. 098644
Inhibition of chloroplast photochemical reactions with 2-chloromercuri 4,6-dinitrophenol *[Euphorbia* **hirta].** 099518
Honey plants *[Euphorbia* **humifusa,** Buxus sempervirens, Linaria spuria, Verbascum thapsus]. 101287
Standard growth of *Euphorbia* **pulcherrima** 'Annette Hegg' with natural daylength. 100593
Isolation of ingenol from the irritant latex of *Euphorbia* **serrata** L. 099688

EUPHORBIACEAE
Search for sources and a possibility of isolation of L-dopafrom domestic crude drug plant materials *[Euphorbiaceae,* **Gramineae,** Leguminosae]. 099737
Axenic cultivation of Phytomonas davidi Lafont (Trypanosomatidae), a symbiote of laticiferous **plants** *(Euphorbiaceae).* 098814

EUPROCTIS
Electronic flash affects flying moths *[Euproctis* **chrysorrhoea,** Prunus maritima, causing a momentary disorientation]. 102221

EURYGASTER
Method of sequential counting of the number of hibernating bugs of *Eurygaster* **integriceps.** 103105

EURYTOMIDAE
Two **new** *Eurytomidae* of the Argentine Republic (Hymenoptera, Chalcidoidea) [Pseudosystole bugbeei, Boucekiana tetracampoides]. 103147

EUSCELIS
On the host-symbiont-cycle of a **leafhopper** *(Euscelis* plebejus) endosymbiosis. 102933

EUSCHISTUS
Effects of photoperiod on a population of *Euschistus* **tristigmus** (Hemiptera: Pentatomidae) from Storrs, Connecticut. 102793

EUTROPHICATION
Comment on field evaluation of the algal assay procedure on surface waters of North **Carolina** *[Eutrophication].* 099747
Eutrophication and **control** of phytoplankton development [in water resources]. 104652
Eutrophication. 104553
Algal lysing agents of freshwater **habitats** *[Eutrophication].* 104641
Change in benthic complexes in *eutrophic* **lake** Baltym due toovergrowth by weed. 098851
A method for **monitoring** *eutrophication* in rivers. 104606
Application of algal assays to define the effects of wastewater effluents upon algal growth in multiple use river systems [for the control or **prevention** of *eutrophication].* 104493
Eutrophication of **shallow** waters. 104459
Comment on algal nutritional bioassays of Lake Wylie, North Carolina **[Water** *eutrophication].* 099746

EVAPORATION
Effects of *evaporative* **cooling** during dormancy on 'Redhaven' peach wood and fruit bud hardiness. 100474
Determination of the "coefficient of *evaporation"* of **drops** of pesticides. 102734
A correlation between forest phytocoenosis biomasses with total **groundwater** *evaporation* in Polesye. 098788
Estimating potential evapotranspiration from screened **pan** *evaporation.* 104250
Comparison of irrigation schedules based on **pan** *evaporation* and growth stages in winter wheat. 104251
Evolution of the linear equation between fresh body weights and dry body weights in an insect population during a period of **strong** *evaporation* [Tomocerus minor]. 102844
Nuclear techniques for determining biomass production, *evaporation* and **transpiration,** root development and nutritional value [in plant breeding]. 099311

EVAPORIMETERS
Studies on can *evaporimeters* in **relation** to evapotranspiration from field crops [Clover, wheat]. 100213

EVAPOTRANSPIRATION
Crop development and water loss—a case study over a potato **crop** *[Evapotranspiration].* 100344
An evaluation of a resistance form of the energy balance to **estimate** *evapotranspiration* [Soybeans, sorghum]. 100062
Studies on can evaporimeters in relation to *evapotranspiration* from **field** crops [Clover, wheat]. 100213
Evapotranspiration **model** tested for soybean and sorghum. 100064
Prediction of **potential** *evapotranspiration* [values for various crops]. 099874
Estimating **potential** *evapotranspiration* from screened pan evaporation. 104250
Land-use change and the water balance—an example of an *evapotranspiration* **simulation** model. 104341

EVERGREENS
Winter injury or winter drought of *evergreens* in **Idaho.** 101884
Economics of alternate year production of **thornless** *evergreen* blackberries. 101057

EVISCERATION
Effect of **delayed** *evisceration* on the microbial quality of meat. 094805

EVOLUTION
Evolution of **agricultural** information services in the world: general trends and the present situation. 094102
Pioneer vegetation of Mount Vesuvius: phytosociological and *evolutionary* **aspects.** 098772
Evolution of **aurosomes** in rabbit synovial membrane. 097772
Evolution of **body** shape of F1 generation crosses between Metohija Red and Jersey cattle breeds. 096885
Evolution of **bogs** in the Vasyugan river basin. 103807
Evolution of **chloroplasts** and mitochondria. 099359
Chromosomal *evolution* in Columbiformes (Aves). 096890
Poppy [Papaver] (variability, **classification,** *evolution).* 098723
Comparative *evolution* of pulse crops [Phaseolus, Vigna]. 098602
Evolution of **composition,** digestibility and yield of maize in function of stage of maturity. 096783
The *evolution* of **computer** systems in water resources technology. 104378
About the common theory of the antimicrobial immunity of plants **(conjugated** *evolution* of the pathogen and plant). 101456
The origin, *evolution,* **cultivation,** dissemination, and diversification of Asian and African rices. 098604
Cytogenetical *evolution* in the genus Pisum [Peas]. 098954
Genesis of Guadalquivir Valley (South Spain) red soils: *evolution* and **degradation.** 103676
DNA *evolution* in the genus Gossypium [Cotton]. 099146
Defoliation of pepper transplants in transit by *endogenously-evolved* **ethylene.** 101196
Evolution of the **foliar** content of boron in the Verna lemontree. 099481
The *evolution* of **insect** flight. 103199
Evolution of the **linear** equation between fresh body weights and dry body weights in an insect population during a period of strong evaporation [Tomocerus minor]. 102844
Mitotic cell studies based on in vivo observations. VIII. The *evolution* of **mitotic** spindles in eukaryota: a negation of the breakdown of the nuclear membrane [in higher plant and animal cells]. 098967
Evolutionary and **morphological** indices of the cutaneous covering of sheep and their use in selection. 097061
Genetics, cytogenetics and *evolution* of **mosquitoes.** 102785
Nitrogen for **newly** *evolved* varieties of barley. 104000
Evolution and **organization** of chromomeres [Drosophila melanogaster]. 102834
Light-reactivation of (Tris-washed)-DPIP [2,6-dichlorophenol indophenol]-treated chloroplasts: manganese incorporation, chlorphyll fluorescence, action spectrum and **oxygen** *evolution.* 099920
Photosynthesis in a reconstituted chloroplast system from spinach: some factors affecting CO2 [carbon dioxide]-dependent **oxygen** *evolution* with fructose-1,6-biphosphate as substrate. 100374
Genetic polymorphism and *evolution* in **parthenogenetic** animals. VI. Diploid and triploid Polydrosus mollis (Coeloptera: Curculionidae). 102951
Evolution of **photosynthetic** activity of Chlorella rubescensChodat [Algae] in synchronous culture. 099971
Evolution of the **plant** cover of the roadstead of Geneva. 098848
Biocoenoses and *evolution* [of **plants].** 098794
On the randomness and biogeocenosis in the *evolutionary* **process** [Domestic animals, genetics]. 096142
Comparative cytology of certain Maydeae and Andropogoneae genera in **reference** to their *evolution.* 098628
Ectopic pairing and *evolution* of 5S **ribosomal** RNA genes in the chromosomes of Drosophila funebris. 102887
Evolution of 5S **ribosomal** RNA genes in the chromosomes of the virilis group of Drosophila. 102888
Origin and the *evolutionary* **role** of purple-leaf variations of forest trees. 098155
Rates of *evolution* in **seed** plants: net increase in diversity of chromosome numbers and species numbers through time. 099375
Soil *evolution* with altitude on the south slope of the Sierra de Gredos. 103688
Biosystematic and *evolutionary* **statuses** of two sympatric populations of Aphytis mytilaspidis (Hymenoptera: Aphelinidae). 103157
Evolution of **veterinary** medicine in modern Greece. 097148

EWES *see* SHEEP

EXANTHEMA
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, hog cholera, rinderpest, **vesicular** *exanthema* of swine, vesicular stomatitis and foot-and-mouth disease. 097558

EXCHANGE
Sister chromatid differentiation and *exchanges* in **adult** mudminnows (Umbra limi) after in vivo exposure to 5-bromodeoxyuridine [Pollution hazards study, rate in chick embryo]. 104470
Automatic determination of *exchangeable* **ammonium** in soil extracts. 103786
Guide to soils and plant nutrition. 3. [Salt and alkalinity, cation and **anion** *exchange,* phosphate fixation]. 103818
Comparative study on the root **cation** *exchange* capacity of different plants using acid-washing technique. 099489
Slugde-borne metal uptake by soybeans as a function of soil **cation** *exchange* capacity. 100159
Cation *exchange* capacity and base saturation of imperfectly drained surface Coastal Plain soils. 103722
Contribution of organic matter and clay to the **cation** *exchange* capacity of soils in the savanna zone of Nigeria. 103723
Effects of three nitrogen fertilizers and lime on pH [hydrogen-ion concentration] and *exchangeable* **catton** content at different depths in cropped soils at two sites in the Nigerian savanna. 104157
Purification of malted-barley endo-beta-D-glucanases by *ion-exchange* **chromatography:** some properties of an endo-barleybeta-D-glucanase. 095779
Age transformation of the **energy** *exchange* in the organism of broilers. 096553
Exchange of **experiences:** higher economic efficiency in the inland transportation of finished [poultry- products. II. 094487
Intercellular *exchange* problems in the bryophytes protonemata: evidence for transfer phenomena [Ceratodon purpureus, Musci]. 099595
Investigation of heterogenous surface reactions in soil-solution systems by means of radioisotope labelling. I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg [sodium-magnesium] **ion** *exchange* process at low Na [sodium] concentrations. 103657
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and *exchange* of **organogenic** elements in green algae cells. I. The photosynthetic incorporation of 13C [carbon isotope] in biomass of Chlamydomonas 137c strain. 100035
Automatic determination of mobile phosphorus and *exchangeable* **potassium** in soil extracts. 103785

EXCISION
Influence of **cotyledon** *excision* and sucrose on root formation in pea cuttings. 100532
Dedifferentiation of tannin cells in *excised* **leaf** fragments of Cyclamen persicum Mill. cultured in vitro. 100614
Nasal tumors of dogs. **Surgical** *excision* by dorsal approach. 097698

EXCITATION
Intensity dependence of the fluorescence lifetime of in vivo **chlorophyll** *excited* by a picosecond light pulse [Measurements in Chlorella pyrenoidosa, Algae]. 099980
The effect of caffeine on *excitation-contraction* **coupling** in skeletal and smooth muscle [Periplaneta americana]. 102982
Differentiaion of chloroplast lamellae. Onset of cation regulation of *excitation* **energy** distribution [Pea seedlings]. 100360
Responses of Phycomyces indicating **optical** *excitation* of the lowest triplet state of riboflavin [Algae]. 099957
The effect of Ca2+ [calcium ion] on the metarhodopsin I-II transition. II. Model calculations and hypothesis on a molecular mechanism of **visual** *excitation* [Bovine rod outer segments]. 096505

EXCREMENT
Determination of trypsin activity in **dog** *excrements* by means of film test. 096594

EXCRETION
Uric **acid** *excretion* by the pig kidney. 096187
Studies on the *excretion* in **Aulacophora** foveicollis Lucas (Coleoptera: Chrysomelidae): the rate of ejection of excretory material. 103131
The function of the anal vesicle in respiration and *excretion* in the **braconid** wasp, Microplitis croceipes. 103021
Studies on calcium and magnesium metabolism in ruminants. I. Effects of calcium carbonate or sodium oxalate on the absorption and *excretion* of **calcium** and magnesium in ewes. 096457
Studies on the *excretion* of **carbohydrates** in Aulacophora foveicollis Lucas. (Coleoptera: Chrysomelidae). 103130
Accumulation and *excretion* of **certain** organochlorine insecticides in broiler breeder hens. 102701
The spatial distribution of *excreta* under **intensive** cattle grazing. 104040
Photosynthetic coefficient and **intravitam** *excreta* of the blue-green alga Anacystis nidulans. 099871
Counteraction of phytochrome to the IAA [indole-acetic acid]-induced hydrogen **ion** *excretion* in Avena coleoptile cylinders [Oats]. 100281
Semiquantitative determination of renal **magnesium** *excretion;* a preliminary investigation [Hypomagnesemic tetany, deficiency diseases, cattle]. 097804
Studies on the excretion in Aulacophora foveicollis Lucas (Coleoptera: Chrysomelidae): the rate of ejection of *excretory* **material.** 103131
The *excretion* of **phylloerythrin** and bilirubin by calves and sheep. 096543
A comparison of nitrogen and energy determination of fresh and oven dried **poultry** *excreta* [Digestion test]. 096691
Gastrointestinal control of **sodium** *excretion* in sodium-depleted conscious rabbits. 096181
Effects of alpha-adrenergic blockade on **sodium** *excretion* in normal and chronic salt retaining dogs. 096296

EXERCISE
Efficacy of diet and *exercise* in the **reduction** of serum cholesterol and triglyceride in free-living adult males. 094988
Physiological and biochemical alterations in skeletal muscle with *exercise* **training** [Rats]. 096520
Fatty acid oxidation by the leg muscles of Cybister [confusu] beetle during **vigorous** *exercise.* 102900

EXFOLIATION
Studies on the exfoliation of silk fibers. 5. On the relation between the falling of dye and swelling in the *exfoliation* **defect** panels. 095510

EXHALATION
A study of *expiratory* **laryngeal** motoneurons [Cats]. 096468

EXHIBITS
Forestry *exhibition* of state farms in Szolnok County 1975. 097880
High-pressure cleaners at the Agricultural **[Machinery** *Exhibition]* RAI 1976. 103482
Milking machines at the Agricultural **[Machinery** *Exhibition]* RAI, 1976. 103483
New developments at the Agricultural **Machinery** *Exhibition* RAI. 2. 103484

EXINE
Pollen-wall proteins: quantitative cytochemistry of the origins of intine and *exine* **enzymes** in Brassica oleracea [acephala, marrow-stem kale]. 100488

EXOCRINE
Chronic *exocrine* pancreas insufficiency in a cat. 097767

EXOGENOUS
Uptake of *exogenous* **metabolites** by virus-transformed cells: changes induced by temperature and pH [hydrogen-ion concentration, chick embryos]. 097233
The influence of *exogenous* **nicotinamide** adenine dinucleotide on the oxidation of malate by Jerusalem artichoke mitochondria. 100490
Reproductive physiological responses of cattle to *exogenous* **prostaglandin** F2 alpha. 096942
Utilization of *exogenous* **pyrimidines** as a source of nitrogen by cells of the yeast Rhodotorula glutinis. 099815

The prepatent and patent periods of Eimeria alabamensis andfurther description of the *exogenous* **stages** [Calves]. 097659
Regulation of the utilization of *exogenous* **thyumidine** by cells of the Chinese hamster in vitro. I. Inhibition of thymidine utilization under the action of extracts from cells in different stages of the cell-divison cycle. 096487

EXPENDITURES

Capital *expenditures,* beer production capacity up in 1976. 095410
Basal metabolic rate and work **energy** *expenditure* of mature, pregnant women. 095119
Energy *expenditure* and consumption of mature, pregnant, and lactating women. 095128
The productivity of agricultural research and **extension** *expenditures* in the southeast. 094334
Assessed income and *expenditures* of **farmers** during 1974. 094413
Maximum results in production with **minimum** *expenditure* of feed [Livestock management, East Germany]. 094349
Power *expenditure* for operating a wheel tractor of the 1,4 TS class on a snow-covered road with a blocked drive of the driving wheels. 103537
The **transpiration** *expenditure* of a vineyard in connection with the energy balance of the plants. 100583

EXPLANTS

Control of abscission in cotton **boll** *explants* with plant regulators. 100107
Effect of hormones on lipogenesis in **mammary** *explants* taken from rabbits at different stages of pregnancy and lactation. 096587
Effect of hormones on the activity of acetyl-coenzyme A carboxylase in *explants* of **mammary** gland from mid-pregnant rabbits. 096588
Growth, cytopathogenicity and morphology of Mycoplasma gallisepticum and mycoplasma gallinarum in **tracheal** *explants* [Chick embryos]. 097397

EXPLOITATION

Potentialities for the *exploitation* of **citrus** wealth in Uttar Pradesh Hills, India. 101135
The *exploitation* of the **forestry** resources of Brazilian Amazonia and Colombia, and the medium-term outlook for imports of logs and sawn timber from these countries on the Frenctropical wood market. 097964
Swarming and *exploitation* of **honeybee** swarms in Polish apiaries. 103275
Rational *exploitation* of the building instinct of honeybees. 103309
The *exploitation* of **transmissible** plasmids to study the pathogenesis of Escherichia coli diarrhoea [in calves, piglets, lambs]. 097629

EXPLORATION

An **ecological** *exploration* of an extremely arid tract of Rajasthan. 098809
Use of isotopes to *explore* the **physiology** and biochemistry of photorespiration and its effects on crop yields [Wheat, maize]. 100207
Nutrition behavior: *exploring* its **sociological** influences. 095080

EXPORTS

U.S. **Agricultural** *exports* to 50 countries, 1970-75 [Statistics]. 094519
Butter *export* activities concentrated in Esbjerg. 094566
Improving the *export* **capability** of grain cooperatives. 094509
India's drive to boost **cashew** *exports* hurt by raw nut supply problems. 094536
Export **directory,** 1976. 094507
The *export* of **Dutch** tree nursery products during the period1964-1974. 094488
Improving world economy may boost U.S. **Farm** *exports.* 094535
Regulation of nitrogen fixation by Rhizobia [root nodule bacteria] *export* of **fixed** N2 [nitrogen] as NH4 [Ammonium ions]. 099550
Export of the **Hungarian** timber industry in 1975. 098210
Will Denmark stay out in the cold? [Poultry **industry,** *exports].* 094588
An inside look at **livestock** *exporting.* 094521
Export **log** afforestation profitability 1973 [Pinus radiata]. 098106
Tobacco in Brazil: recent trends in **output** and *export.* 094557
Gradual recovery in world sulphur demand—but *export* **prices** weaken. 104140
Towards a reconstituted dairy industry [in New South Wales, prices, **production,** *exports].* 094572
Quality of iceberg lettuce in film overwraps during **simulated** *export* [Salability]. 094486
Regional input-output models adjusted by *import-export* **survey** data. 094618
Economic recovery brings rally [Soybeans, *exports,* **United** States]. 094622
Wine *exports.* 094460

EXPOSURE

Statistics on **acute** *exposure* from agricultural chemicals [Pesticides poisoning]. 094845
Variability of varieties and forms of buckwheat in M1 [generation] as a result of *exposure* to **chemical** mutagens. 099396
An additive effect of **cold** *exposure* and hypoxia on pulmonary artery pressure in sheep. 096539
Pulmonary responses of rats to ambient levels of ozone. Effects of 7-day intermittent or **continuous** *exposure* [Air pollution]. 104594
Studies on the disease inducing experiments by using a shaking culture apparatus of Nori (Porphyra) [Algae] with **controlled-atmospheric** *exposure.* On the relationships between the exposure and the occurrence of disease and its process. 101867
Transmission of hog cholera virus by flies: recovery of virus from flies **following** *exposure* to infective blood. 097581
The determination of hemoglobin and myoglobin residues as a parameter for testing **heat** *exposure* in back bacon. 094822
Nutritional aspects of **high-altitude** *exposure* in women. 094996
Response of spring wheat to the *exposure* to **mutagens.** 099427
The proposed OSHA [Occupational Safety and Health Administration] regulation for agricultural employee occupational **noise** *exposure.* 104434
Factors determining the rate of relaxation of rabbit aortic strips after an *exposure* to **noradrenaline.** 096491
Studies on the disease inducing experiments by using a shaking culture apparatus of Nori (Porphyra) [Algae] with controlled-atmospheric exposure. On the relationships between the *exposure* and the **occurrence** of disease and its process. 101867
Shirnk and its importance to cowmen and cattle feeders [Loss in weight due to loss of gut fill or tissue due to feed and water deprivation or *exposure* to other **stresses].** 097793
Estimation of tryptophyl and **tyrosyl** *exposure* in tryptophanrich proteins by ultraviolet difference spectrophotometry. [Hen] lysozyme and [bovine] chymotrypsinogen. 096419
Sister chromatid differentiation and exchanges in adult mudminnows (Umbra limi) after in **vivo** *exposure* to 5-bromodeoxyuridine [Pollution hazards study, rate in chick embryo]. 104470
The effects of *exposure* to **warm** environments on bovine plasma lipid composition. 096542

EXTENSION

Competencies in entomology needed by agribusiness teachers and *extension* **agents** in Indiana. 102962
One hundred years of **agricultural** *extension.* 093973
Philosophizing about **agricultural** *extension.* 093974
NH2 **[amino]-terminal** *extensions* on skin collagen from sheepwith a genetic defect in conversion of procollagen into collagen. 096229
Identification and partial characterisation of the non-collagenous amino- and **carboxyl-terminal** *extension* peptides of cartilage procollagen [Chick embryos]. 096224
Removal of amino-terminal and **carboxy-terminal** *extension* peptides from procollagen during synthesis of chick embryo tendon collagen. 096225
Interspecific hybridization by protoplast fusion in Nicotiana [Tobacco]. **Confirmation** and *extension.* 099328
Reviewing **county** *extension* programs. 094063
Phytophthora cinnamomi in the Brisbane Ranges: patterns of **disease** *extension.* 101331
Extension **economics:** an effective research industry interface—a discussion [Budgets]. 094327
A career for you in agricultural and *extension* **education** at Mississippi State University. 094054
The *extension* **education** approach in reaching woodland owners. 097933
Extension **educational** programs on windbreaks and shelterbelts in the Great Plains States. 097908
The productivity of agricultural research and *extension* **expenditures** in the southeast. 094334
Inhibition of *extensor* **gamma** motoneurons by antagonistic primary and secondary spindle afferents [Cats]. 096497
Hybrid cocoa: progress report on trials, seed **gardens** and *extension.* 101296
Extension of the **goals** of biological-dynamic agriculture by inclusion of research in the arts. 094080
Living environment and *extension* of **green** spaces [Seed production, collection and storage for landscaping with shade trees]. 101272
Living environment and *extension* of **green** spaces [Seed storage and preparation for landscaping with shade trees]. 101273
The living environment and the *extension* of the **green** covering [Trees, shrubs, propagation by cuttings]. 101275
Extension of **honeybee** colonies. 103296
Training needs in 1890 [black land-grant] **institutions** *[Extension].* 094064
Mobilizing *extension* for mastitis control. 097567
Professional development for **Oregon** *extension* workers. 094113
The physical environment in soil microbiology: an attempt to *extend* **principles** of microbiology to soil microorganisms. 103733
Range *extension* of three conifers [Pinus aristata, Pinus flexilis, Juniperus occidentalis] and a dwarf mistletoe in the Panamint Moutains, Death Valley National Monument. 098651
Management and policy implications of cost and return budgets: *extension's* **role** in formulation and use. 094328
Silviculture in the **rural** *extension* program [Angola]. 098134
Gibberellic and abscisic acid-like substances and the regulation of apple **shoot** *extension.* 100478
Extension **staffing** patterns: clientele views. 094062
Use of radio and television in [agricultural] *extension* **work** in the United States. 094119

EXTINCTION

Extinct **plants** of Israel. 098448

EXTRACELLULAR *see* **CELLS**

EXTRACTION

Study of humic and fulvic **acids** *extracted* from a Podzol. I. Analytical characteristics. 103691
Effect of short-chain fatty **acids** *extracted* from beef cattle manure on germination and seedling development [Phytotoxicity, wheat, sorghum]. 103894
Remote measurement of moisture content in bulk grain using an **air** *extraction* technique. 103340
Study of birch wood **alkali** *extraction.* 098362
Rice bran protein concentrates obtained by wet **alkaline** *extraction.* 095791
Alum sludge drying with **basic** *extractive* treatment. 104526
Identification of volatiles from *extracted* **commercial** tuna oil with a high docosahexaenoic acid content. 095484
Extractive **components** from the nutmeg of Myrisitica simarumA. DC: the structure of lignanketone: otobanone. 099709
Study of **composition** *extractives* in sound and rotten aspen wood. 098364
Extraction and **determination** of nitrate in citrus leaves. 100351
Fatty and waxy components of southern pine bark—amounts present as **free** *extractives.* 100688
Isolation and structure of mycosporine (P 310) *extracted* from **fruit** bodies of Stereum hirsutum (Willd. ex Fr.) Fr. (Basidiomycete, Aphyllophorale) [Fungi]. 099613
Investigation of the process for the *extraction* of **glycoalkaloids** from lobed nightshade [Solanum]. 099887
The nature of compost H **[hydrogen]-humus** *extracted* by differnt salts of sodium and magnesium. 103890
The *extractives* of **Japanese** Cladrastis species. V. Chemical constituents from the leaves of Cladrastis platycarpa Makino. 099965
J blood group active **lipoproteins** *extracted* from bovine erythrocytes. 096192
Experimental automation concentration of the unsaponifiable matter in oils by **liquid-liquid** *extraction.* 095519
Effect of poultry manure additions on the *extractability* of an added **metal.** 103926
Determination of the moisture content of fertilizers by the *extraction-chromatographic* **method.** 104062
Soil **moisture** *extraction* by wheat crop as influenced by moisture regime and soil reaction. 103765
Anesthetization of morphologically smillar species with carbon dioxide for separation and culture **[Nematodes** *extracted* from soil, reared on alfalfa]. 103776
Two semi-automatic elutriators for *extracting* **nematodes** and certain fungi from soil. 103778
A **new** *extraction* method for benomyl residues in soil and its application in movement and persistence studies. 101514
Effect of pH [hydrogen-ion concentration] on the elution ofcytokinins from polyvinylpyrrolidone columns *[Extraction* **ofplant** hormones]. 099829
An empirical investigation into the cooperative olive societies in Cyprus—some lessons to be learned [Olive **oil** *extraction,* processing]. 095860
Extraction of **pectins** from sunflower heads. 095776
The profile distribution of total and DTPA [diethylenetriamine **pentaacetic** *acid]-extractable* copper in selected soils in Louisiana. 103729
Differential photometric method of determining aluminum in rock phosphates, fertilizers and *extractive* **phosphoric** acid. 104063
Comparison of several *extraction* **procedures** for boar spermatozoal acrosin. 096876
Effects of age and season on yield of crude and *extractable* **proteins** from some edible plants [Vegetables]. 100409
Extraction, **purification** and chemistry of gibberellins [from the fungus Gibberella fujikuroi and higher plants]. 099774
A novel method for the **quantitative** *extraction* of juvenile hormones from insects including the silverfish, Thermobia domestica. 102990
Diapause hormone B: its **selective** *extraction* and isolation from the silkworm, Bombyx mori. 103207
Studies on the optimum conditions of *extraction* of **silicon** species from plants with water. III. On the stability of silicon species in extracts from Equisetum arvense Herb. 099940
Effect of nature and density of separating liquids on nematodes during the process of *extraction* [from **soil** and plant tissue] by the centrifugation-flotation method. 101963
Effects of *extractives* from **spruce** [Picea abies] roots on extracellular enzymes of Fomes annosus (Fr.) Cke. 101435
Study of chemical composition of *extractives* in **unbleached** sulphite pulp obtained from sound and mixture of sound and rotten aspen wood. 098363
Soil **water** *extraction* by, and growth of, multi-row windbreaks [Tree and shrub species]. 104216
Drawings of combs by honeybees on foundation made of melted and *extracted* **wax.** 103265

EXTRACTS

Growth of Fusarium moniliforme [fungi] on carob **aqueous** *extract* and nutritional evaluation of its biomass [Rats]. 099513
Radioprotective action of **aqueous** *extracts* of Salsola arbuscula. 099872

Determination of chlor ions in **aqueous** *extract* from soils. 103787
Phenolic compounds in *extracts* from **Calluna** vulgaris (L.) Hull. 099482
Biological ativity of *extracts* from **Calluna** vulgaris (L.) Hull. on the growth and germination [of red clover and Phleum pratense seedlings]. 100080
Phytotoxic effects of *extracts* of **Canada** thistle [Cirsium arvense] and leafy spurge [Euphorbia esula, economic crops]. 102184
Enzymatic conversion of sterigmatocystin into aflatoxin B1 by **cell-free** *extracts* of Aspergillus parasiticus [Fungi]. 099512
Synthesis of beta-1,3-glucan microfibrils by a **cell-free** *extract* from Phytophthora cinnamomi [Fungi]. 099521
A factor in **cell-free** *extracts* inactivating sexual agglutinability of a mating type in [the yeast] Saccharomyces cerevisiae. 099917
The estimation of phenylalanine ammonia-lyase (PAL)-activity in intact cells of higher plant tissue. II. Correlations and discrepancies between activities measured in intact cells and **cell-free** *extracts* [Buckwheat, strawberry, sunflower]. 100292
Regulation of the utilization of exogenous thyumidine by cells of the Chinese hamster in vitro. I. Inhibition of thymidine utilization under the action of *extracts* from **cells** in different stages of the cell-divison cycle. 096487
Purification of *extracts* in the **determination** of organophosphoric insecticides in tissues and organs of animals. 102742
A new method for the quantitative determination of some important glycosides in **drug** *extracts* of Digitalis lanata. 099929
Studies on the optimum conditions of extraction of silicon species from plants with water. III. On the stability of silicon species in *extracts* from **Equisetum** arvense Herb. 099940
Cell-free synthesis of rat preproinsulins: characterization and partial amino acid sequence determination [Wheat **germ** *extract].* 096522
Effect of **ginseng** *extract* on lipid and sugar metabolism. II. Nutritional states in rats. 095038
The effect of phytoncides, root and **leaf** *extracts* of some [woody] plants on the growth of Fomes annosus mycelium in culture. 101452
Role of saponins in antifungal resistance. V. Enzymatic activation of avenacosides *[Extracts* of **oat** leaves]. 101670
The influence of *extract* of **orange** peel on the growth and ascorbic acid metabolism of young guinea-pigs. 096719
Phenol-induced inactivation of phosphoglucomutase (EC 2.7. 5.1) in *extracts* from different **organs** of the potato plant. 100367
Desorption iron-59, cobalt-60, and strontium-90 [isotopes] from soil by **plant** *extracts* in the conditions of dynamic experiments [Radioactive contamination]. 104644
Sephadex G100-separation of the mucicrinic and the mucimitiginic factors from an *extract* of **[porcine]** duodenal mucosa. 096352
Cell-free synthesis of ethyl acetate by *extracts* from **Saccharomyces** cerevisiae [Yeasts]. 099839
Plantlet morphogenesis and the control of callus growth and root induction of Phaseolus vulgaris [kidney beans] with the addition of a bean **seed** *extract.* 100617
A method for separating the various forms of invertase in *extracts* of **single** leaves or plants of wheat. 100142
Automatic determination of mobile phosphorus and exchangeable potassium in **soil** *extracts.* 103785
Automatic determination of exchangeable ammonium in **soil** *extracts.* 103786
Use of an *extract* of **spent** grains as an antifoaming agent infermentors. 095478
A method for the study of the inhibition of DNA synthesis by rabbit **tissue** *extracts.* 096293
Determination of trace amounts of phosphate in **water** *extracts* of soils. 103724
Germination of spores and growth of mycelia in **wood** *extracts* of different individuals of Picea abies. 101440

EXTRAVASCULAR *see* VASUCLAR

EXTREMITIES

Primary bone tumors of the *extremities* of the **dog**—block resection of a distal ulnar tumor. 097702

EXUDATES

Chemical forms of manganese and zinc in **phloem** *exudates* [Castorbeans]. 099892
Influence of **root** *exudates* of red pine [Pinus resinosa] on the germination of conidia of Fomes annosus. 101441
Study on the amount of endogenous phytohormones in **sap** *exudation* and hibernating buds of grapevines. 100445
Pale watery pig meat [pale **soft** *exudative* muscle]. Animals likely to produce this can be detected by their reaction to the anaesthetic halothane. 097759
Stress and porcine **stress** *exudate* problems in slaughter swine. 097854

EYES

Acetamide incorporation into the developing imaginal **bar** *eye* discs in Drosophila melanogaster. 102822
The fine structure of some carabid **beetle** *eyes,* with particular reference to cillary structures in the retinula cells. 103121
The large pigment cell of the **compound** *eye* of the house fly Musca domestica, fine structure and cytoarchitectural associations. 102883
Facing up to your *pink-eye* **problem** [Moraxella bovis, cattle]. 097587
Eye in the **sky.** Satellites may soon be used to help conserve our water resources. 104275

EYESPOTS

Eyespot **[Cercosporella** herpotrichoides] in winter wheat: effects of crop rotation and tillage, and the prediction of incidence. 101362
Improvement of resistance of wheat to *eyespot,* **Cercosporella** herpotrichoides (Fron). 101364
The control of *eyespot* of **wheat** [Cercosporella herpotrichoides] systemic preparations. 101581

FABRICIUS

Brood burrow construction and brood care by Heliocopris japetus (Klug) and Heliocopris **hamadryas** *(Fabricius)* (Coleoptera, Scarabaeidae). 102912
The effect of infectious laryngotracheitis virus on the bursa of *Fabricius* of **young** chickens. 097403

FABRICS

Studies on the ralations between the evenness variations of raw silk and the quality of the *fabrics.* V. On the **evaluation** of the evenness variations of raw silk detected by the evenness tester. 095515
Fabric **properties** of butadienediepoxide-treated cottons as affected by liquid ammonia pretreatments. 095818
Studies on the relations between elongation of raw silk and properties of fabrics. IV. Relation between the raw silk ofdifferent elongation depending on the part of cocoon layer and the **quality** of *fabrics.* 095516
Studies on the relations between the evenness variations of raw silk and the quality of the *fabrics.* IV. The **relationship** between the grade of uneven filling and the variation of. 095514
Researchers **tackle** *fabric* softener stains [Laundering]. 095239
Removing stains from **washable** *fabrics.* 095256

FACTORIES

The working processes in **alcohol** *factories* by recovering the yeast and its advantages [Fermentation]. 095532
A land consolidation project containing a site for a *factory* in the **case** of Ohnohara-cho. I. An investigation report onrural plant and living in rural areas. 094182
Effect of *sugar-factory* **effluent** on the growth of Hydrilla verticillata Royle [Algae]. 104518
Nutrient uptake by Chlorella vulgaris and Anacystis nidulans isolated from the effluent of a **fertilizer** *factory* [Algae]. 104519
The survey on the insect fauna in **filature** *factories* [Anthrenus verbasci, Attagenus piceus, Dermestes ater, silk pests]. 102542

FAGARA *see* ZANTHOXYLUM

FAGONIA

Chemical investigation of *Fagonia* **cretica.** 099729

FAGUS

Quantitative aspects of the association of Cenococcum graniforme [mycorrhizae] with *Fagus* **grandifolia** in Indiana. 098791
Fomes annosus: mortality rates in young trees [Larix decidua, Pseudotsuga menziesii, Picea sitchensis, *Fagus* **sylvatica,** Betula] underplanted among pine. 101439

FAIRS

The *fair* **price** system in India. 095381

FALCONIFORMES

The karyotypes of two species [Milvus migrans and Accipiter **badius]** of *Falconiformes.* 098970

FALCONS

Pathogenicity and host range of the *falcon* **herpesvirus** [Includes poultry]. 097347

FALL

Rise and *fall* of **blood** level of tranexamic acid in horses. 096459
Studies on the exfoliation of silk fibers. 5. On the relation between the *falling* of **dye** and swelling in the exfoliation defect panels. 095510
Evaluating *fall-planted* Dutch-grown miscellaneous bulbs forspring and early summer flowering [Varieties]. 101248
Thinning and *fall* of **fruits.** 101134
Analysis of seasonal **leaf** *fall* in north temperate deciduous forests. 098837
The **leaves** *fall* of Kalanchoe pinnata Pers. 099588
Falling and **poisoning** of cattle from Solanum malacoxylon inthe lowlands of Mato Grosso. II. Complementary studies. 097838
Comparison of *fall* and **spring** transplanting of woody plants [Landscaping, varieties]. 101242

FALLOWING

Fallow **land** and its use. 094136
Application of Dialene [a mixture of dimethylamine salts of2,4-dichlorphenoxyacetic and 2-methoxy-3,6-dichlorbenzoic acids] in plantings of cereals and **maize** and on *fallows.* 102130
Fallow **[soil]** moisture and wheat yields in the northwest. 100693

FAMINES

An international perspective on the African [Sudano/Sahelian and **Ethiopian]** *famines.* 094710

FAMOPHOS

Chromatographic determination of [the insecticide] *Famophos[O,* **O-dimethyl-O-(4-dimethylsulfsamoyl)-thiophosphate]** in the tissues and organs of animals. 102726

FANLEAF

Occurrence of **grapevine** *fanleaf* virus in Jordan. 101772
Studies on the development of the root system of grapevines infected with yellow **mosaic** *[Fanleaf].* 101752

FANS

Distribution of a liquid by *fan* **deflector-type** nozzles and some conditions for their utilization in a field rod of a sprayer. 103522
Electric *fans* and devices for their automation for animal husbandry prenuises in foreign countries. 103382

FARINOGRAPH

Brabender *Farinograph,* research extensometer, and Hilliff chapatti press as tools for standardization and objective assessment of chapatti dough [Wheat flour, India]. 095782

FARMERS

Factors behind rising food costs: Should the *farmer* be **blamed?** 094553
The *farmer-worker-student-militiaman* **[Collective** farming]. 094198
Legal phases of *farmer* **cooperatives.** 094717
[Social and economic] status of *farmers* in the **countries** ofthe [European] Common Market. 094077
Impact of working of 'Charcha Mandals' on the *member-farmers* **[Discussion** groups in Indian villages]. 094085
The significance of capital gains to *farmers* and some **effects** of eliminating their preferred income tax treatment. 094446
Assessed income and expenditures of *farmers* during 1974. 094413
Effect of saline water irrigation on chemical composition of 'Karchia' wheat in *farmers* **fields.** 100210
Credit use among **Nebraska** *farmers.* 094395
Meat hygiene **regulations** and the *farmer.* 094911
Some alternatives for Federal estate tax reform [as **relatedto** *farmers].* 094429
Advisory **requirements** of the *farmer.* 094117
Complementary **retirement** of *farmers.* 094417
A *farmer* **service** [Rural development]. 093990
Development of family and household structures in ten villages formerly settled by **small** *farmers* in the German Federal Republic—a contribution to social changes. 093984
Capitalistic village under conditions of a crisis [Social and economic **status** of *farmers].* 094066
Whole-tree chipping as viewed by the **tree** *farmer* and the industrial landowner. 098057
Monopolistic trends in production and the status of *farmers* in the **USA.** 094157

FARMLANDS

Local fertilizers for *farmlands* **[Utilization** of sapropel]. 104096

FARMS

Inflation, **accounting** and *farming.* 094384
Farm **animal** practice in the United States. 097167
Electrohydraulic processing of chlorella for increasing its digestability [Protein-vitamin supplement for *farm* **animals** and poultry]. 096035
System Licom-one of the industrial methods of disposing of the dung of *farm* **animals.** 096099
Study on the hereditary variation in native aboriginal breeds of *farm* **animals.** I. Mutability in the activity of some plasma enzymes and hematologic indexes in Bulgarian Grey cattle of southeast Bulgaria. 097086
Some statistical characteristics of part-time **beef** *farming* in the South. 094647
The behaviour of *farmed* **beef** bulls. 096488
U.K experimental unit helps **boost** *hill-farm* output. 093992
The bacterial content of *farm* **bulk** milk tanks. 094825
Unitizing **caterpillar** *farm* tractors working on slopes. 103639
Paunch manure as a feed supplement in channel **catfish** *farming.* 096039
The Dutch contribution to [dairy] **cattle** *farming* in Tunisia. 096138
Cattle *farming* in the Netherlands. Economics dictates selection [Breeding dairy cattle]. 097067
Automation of the unloading of forage from storage on **cattle** *farms.* 103516
Fertilisers for North Island sheep and **cattle** *farms.* 104119
Slaughter methods affect quality of processed *[farm-cultured]* **channel** catfish. 095538

The farmer-worker-student-militiaman [**Collective** *farming].* 094198
Financing state and **collective** *farms* on the present stage of building communism. 094260
New labor book for **collective** *farm* members. 094267
Procedure of assigning young [agricultural] specialists to **collective** *farms.* 094269
Ways of optimization of cereal yields in the fields of the Krasnaia niva **collective** *farm* in the Kabardino-Balkar Autonomous Soviet Socialist Republic. 100801
Economic effectiveness of higher levels of inorganic fertilizers in the **collective** *farms* of the Cherkassy Region. 104065
Evaluation of farm management investigations lasting four years on plant protecting measures of *farms* and **commercial** gardens in Baden-Wurttemberg. 102063
Certain ideas concerning the implementation of the 5th Five-Year Plan in the **co-operative** *farms.* 094230
Contents, time requirements and structure of the activity of **co-operative** *farm* presidents. 094231
Experiences and results by the amalgamations of **co-operative** *farms.* 094232
Some new chacteristics of the organization structure and management in the **co-operative** *farms.* 094234
Socio-economic aspects of **cooperative** *farm* management in the process of the enhancement of the social division of work in agriculture. 094365
Results and experiences in the 1975 socialist competition of the Gressow **Cooperative** *Farm* and inferences for its continuance up to the IXth Congress of the Socialist Union Party of the German Democratic Republic [Agriculture productive capacity]. 094791
The problem of rising **costs** [in *farming].* 094428
Value of results obtained from **cow** *farms.* 096101
Quality of grapes brought to Kiev from the *farms* of the **Crimean** Region. 095964
UP [Uttar Pradesh] poultry *[farming]* in a **crisis.** 096116
The role of pesticides in the increasing scale of fertilizer application in *farm* **cropping.** 102145
Heterogeneity of recording weather conditions for programming yields of *farm* **crops** in various soil and climatic zones of the USSR. 094047
Prospects of using new indices of heat provision rate for programming yields of *farm* **crops.** 094245
Effect of forest shelterbelts with different [tree] species composition on the yield of *farm* **crops.** 097894
Regularities of growth processes and the productivity of *farm* **crops** [Breeding for higher yield]. 099258
[Present] status and prospects of breeding varieties of *farm* **crops** resistant to nematodes. 099283
Goals of agroclimatic zoning [for *farm* **crops].** 099569
Removal of nitrogen, phosphorus and potassium by a planned yield of *farm* **crops** in a rotation. 100202
The role of fertilizers in increasing the yield of *farm* **crops** in the regions of East Siberia. 104091
Better planning—better economics. Soil mapping and [its relationship to] plant **cultivation** should be determined for every *farm.* 103794
Studies on the **dairy** *farming* using river-terrace and paddy field. IV. Farm management investigation in the Nagan riverside region, Kaizucho, Gifu Prefecture, Japan, 1973-74. 094313
Relationship between changes in analytic procedures and bacterial growth in milk in *farm* and **dairy** tanks using continuous and discontinuous piping. 095606
Growing and using maize on the **dairy** *farm.* 100943
Fly [Musca domestica, Stomoxys calcitrans] control around **dairy** *farms.* 102565
On the rationalization of agricultural mechanization in relation to structural reforms [**Dairy** *farm* operating costs]. 103585
Good quality water for **dairy** *farms.* 104270
North **Dakota** *farm* leasing in 1975. 094166
The Royal Show still growing [**Demonstration** *farming].* 093983
Progress on Wharekiri **demonstration** *farm* [Water control, erosion control]. 104403
Application of **dry** *farming* techniques for successful crop production in India. 100775
Soft wheat varieties of Australia and their breeding significance for **dryland** *farming* in Uzbekistan. 099106
Legume and grass mixtures for **dryland** *farming* in Kazakhstan. 100895
Depositing money and the procedure of payments by *farm* **enterprises** (Methodological drafts for faculties of qualification improvement). 094414
Study of devices for controlling emergency condition of technological **equipment** [on *farms].* 103375
The impact of management on *farm* **expansion** and survival. 094333
A contribution to the knowledge of the [plant parasitic] nematode fauna in pine seed-beds of the Forest **Experimental** *Farm,* Siemianice, district Kepno. 102022
Improving world economy may boost U.S. *Farm* **exports.** 094535
Solving the method of *farming* in the **"extremely** arid" areas of the north Bohemian region. 094366
The **Ferden** *Farm* report: 1926-1970. I. Soil management; soil fertility. 104124
An appropriate material and technical basis of provision of chemicals for each *farm* [**Fertilizers,** pesticides, Molodechno Region]. 104045
Fertilizing *farm* fish ponds. 096089
Experiments for providing planned yields of *farm* [**field** and horticultural] crops in the north-western region. 100798
A sequential model of the *farm* **firm** growth process [Beef, computer simulation]. 094663
Bacterial diseases of *farmed* **fishes.** 097628
Study and proving of the composition of non-documented information for operational management of the machine-and-tractor **fleet** in a *farm.* 103543
Utilization of machinery based on a system of operational management of a machine and tractor **fleet** [on *farms].* 103641
The economics of **fur** *farming.* 094298
Pseudomonas aeruginosa. II. Occurrence in Arctic foxes (Alopex lagopus) on a Danish **fur** *farm* [Bacterial infections]. 097461
Agrotechnical indices of tractors of the 5ts class of draft in **general** *farm* operations. 103605
Economic effectiveness of using herbicides in a **grain-producing** *farm* [Costs, returns]. 094415
Methodology of preparing a program for **growing** *farm* crops with a complex yield structure [Winter wheat]. 094241
System of network planning as applied to **growing** *farm* crops. 094246
Production specialization—a factor increasing the efficiency of grape **growing** *farms* and wine making enterprises. 094359
Optimization of the structure of agrophytoecocoenoses and ways of **growing** *farm* crops in a rotation [under irrigation]. 100800
Semi-mounted tipping trailers for trucks in *farm* **haulage.** 103505
Farming in the **heart** of the USA. Large proportion [of land] under plow. 094745
Analysis of employment conditions for full-time **hired** *farm* labor on eastern Iowa hog farms. 094310
The accomplishment of the grain prouction tasks of the 5th Five-Year Plan in the *farms* [**Hungary].** 094693
So proudly we are hailed! *[Farm* **implements,** history]. 103428
Farm **income** stabilisation. 094433
A study of horticultural crops as a supplement to the *farm* **income.** 094451
Farm **income** statistics. 094649
The impact of the direct peanut price support program on *farm* **income** and government cost. 094785
Management information systems for the **individual** *farm* firm. 094201
Responsibilities and opportunities in forage production *[Farm* and **industrial** equipment]. 103570
Economic analysis of the activities of *farm* **industries** (Methodological draft for schools of qualification improvement). 094156
Compound **infections** on the *farm.* 097272
Internal *farm* reserves for increasing labor productivity in grape growing. 094357
Yield and quality of green peas in the conditions of **irrigated** *farming* in Moldavia. 104259
Interest in renting *[farm]* **land.** 094134
How to proceed in the protection of *farm* **land** [Soil conservation, land utilization]. 094165
Problem of determining the raising of taxes for irrigation and drainage of *farm* **lands.** 094412
Study on the soil erosion of reclaimed land in Shorenji. 3. On the disaster of the *farm* **lands** before disposition for substitute lots and the management of these farms lands. 104222
Estimated costs of establishing and producing Kentucky bluegrass [Poa pratensis] seed in the Inland Pacific Northwest. (For **large** *farms* on which grass seed is a major enterprise). 094389
On the relationships between food industry and **largescale** *farms.* 094146
Farm **lighting.** 103333
Labor management in a large-scale **livestock** *farm.* 094264
Ragwort [Senecio jacobaea, Senecio aquaticus, poisonous to *farm* **livestock].** 102157
Maintenance of the properties of [the nitrogen fixing bacteria] Azotobacter chroococcum stored in a **lyophilized** *farm.* 103751
Agro-service centres *[Farm* **machine** repair stations]. 094249
[Farm] **machinery** syndication can reduce costs. 094297
How to choose a precision chop [forage] harvester *[Farm* **machinery].** 103412
Operation and technical service of the *[farm]* **machinery** and tractor fleet (Methodological draft for schools of qualification improvement of agricultural personnel). 103475
Forecasting operational technological effectiveness of *[farm]* **machinery** in the phase of its designing. 103526
Methodology of studying the technological effectiveness of tractor and *farm* **machinery** constructions in relation with their unitization. 103532
Problems of evaluating the resistance of the varieties of **major** *farm* crops to diseases according to the data of state variety testing. 101464
Formal education and knowledge of *farm* **management** through several means of communication [Brazil]. 094106
An integrated approach to *farm* **management** education. 094202
Farm **management** decisions on buying new equipment. 094207
Studies on the dairy farming using river-terrace and paddy field. IV. *Farm* **management** investigation in the Nagan riverside region, Kaizucho, Gifu Prefecture, Japan, 1973-74. 094313
A discussant's view of computerized budget development, distribution and use *[Farm* **management].** 094320
Influence of *farm* **management** and breed type on sow's conception-weaning interval and productivity in France. 096993
Farm **management** and yield performances in the cultivation of forage beets. 100917
Evaluation of *farm* **management** investigations lasting four years on plant protecting measures of farms and commercial gardens in Baden-Wurttemberg. 102063
The effect of partial or complete replacement of *farmyard* **manure** on the growth and production of Cavendish banana. 103871
Effect of *farmyard* **manure,** straw, slurry and nitrogen, phosphorus, potassium on crop yields and nutrient uptake in headed cabbage, rooted cellery, scorzonera and carrots. 103895
Michigan *farm* enterprise budgets. Estimates for 1976. 094196
The problem of reducing soil compaction caused by running systems of **mobile** *farm* machinery. 103637
The influence of *farm* **mortgage** loan terms on farm real estate values. 094445
Economic effectiveness of applying inorganic fertilizers in potatoes in the *farms* of the **Moscow** Region. 104064
National *farm* capital accounts. 094204
Ups and downs in **net** *farm* incomes. 094385
Biostatistics in agriculture [Health of rural residents andof the *farming* **occupation].** 093997
Drought in Western Europe [Effects of drought on *farm* **output** and trade]. 094529
Indonesia gained last year in push to up *farm* **output.** 094537
Are the forest owners willing to work in forests outside their **own** *farms?* 098058
Farm **pasture** fencing. 103386
Enterprise "Novy svet": experience of management [of a large-scale **pig** *farm].* 094259
Study of the time of using feed-preparing machines on **pig** *farms* in relation with planning technical services. 103550
Selected vegetable budgets, South Carolina, 1976 *[Farm* **planning** guide for estimating the individual producer's costs and returns]. 094187
State control over the protection of *farm* **plants.** 094731
Methods to reduce percolation loss [of water] in the *farm* **ponds.** 104324
Senegal river: the needs of the population before the interests of a minority [Sudan-Sahelian climate, drought, *farming* **possibilities].** 094190
Development of partnership in **poultry** *farming* into industrial cooperatives: Ishii Agricultural Cooperative for Broiler Raising in Tokushima Prefecture. 094338
Which is more profitable, buffalo-rearing or **poultry** *farming?* 094430
Eradicate rats & snakes from your **poultry** *farm.* 096110
How to control rats in a **poultry** *farm.* 096114
Stress factors in **poultry** *farming.* 096508
Technology of mechanized maize growing on the fields of the Kominternovskaia large **poultry** *farm* [in the Odessa Region]. 100736
Prospective application of agricultural mechanization in **practical** *farming.* 094291
Methodology of investigations in arranging balance field experiments [Effect of *farming* **practices** on the yield of fieldcrops]. 094240
Farming **practices** for obtaining high yields of alfalfa seed in the south-eastern foest-steppe and north-eastern steppe of the Ukraine. 100888
Farming **practices** for obtaining high yields of alfalfa seed in the area east of the Urals. 100889
Yield qualities of Mironovskaia 808 winter wheat seeds as related to *farming* **practices.** 100975
Cost components of *farm-retail* **price** spreads for selected foods. 094463
Estimating the structure of time lags between wholesale and *farm* **prices** for cottonseed. 094613
Bacterial mastitis in milk cows on small **private** *farms.* 097642
Improvement of operational management [in *farm* **production].** 094262
Improvement of qualification of engineers and administrators of *farm* **production** in Hungary. 094263
Profound knowledge in *[farm]* **production** management for graduates of [agricultural] letters. 094270
Automated system of administration over the provision of *farm* **production** with chemicals [Fertilizers, pesticides]. 094274
Specialization—a major factor of increasing *[farm]* **production** efficiency [Subtropical crops]. 094336
Planning, control and analysis in the conditions of operational management of *farm* **production** within a district. 094354
Economic bases for procurement prices in the *farm* **production** of the European socialist countries. 094584
Amiphos [O,O-dimethyl-S-2-(acetamid)-ethyldithiophosphate acaricide] residues in plants and regulations for its application in *farm* **production.** 102725
[Utilization of] used polyethylene film in *farm* **production.** 103345
Analysis of work-accidents in *farm* **production** of the Ukrainian SSR. 103362
Study of flows of documented information in the management of mechanized **production** in a *farm.* 103545
Provision of *farm* **production** with chemicals: tenth Five-Year-Plan period [Fertilizers, pesticides]. 104087

The provision of *farm* **production** with chemicals in the tenth Five-Year-Plan period [Fertilizers, pesticides]. 104090
Saudi Arabia—a flourishing market for U.S. *Farm* **products.** 094517
Transportation to or from the central wholesale market of Gifu City and movement of loads in the market [of *farm* **products**]. 094604
IBCs [intermediate bulk container]—a system to end 'humping bags' [Handling equipment for *farm* **products**]. 103413
Venezuela **pushes** *farm* programs. 094690
Establishment of integrated **rabbit** *farm.* I. 094208
New viewpoint on the effect of sonic booms on *farm* **raised** fur animals. 097834
The influence of farm mortgage loan terms on *farm* **real** estate values. 094445
ABRO [Animal Breeding Research Organization] *farms*—**Rhydyglafes.** The potential for improvement of hill land [Pasture management, sheep stocking]. 100956
Shelter seeking and sucking behaviour of the red deer calf (Cervus elaphus) in a *farmed* **situation.** 096206
Avarian tuberculosis on **small** *farms* in Aguas Mornas, Santa Catarina [Mycobacterium avium]. 097470
Spain's *farm* imports up despite rise in production. 094544
Division of labor in the organization of the graduated production of **specialized** *farms* of industrial swine production of the vertical Weimar/Apolda Pork Cooperative Union. 094341
Rock gathering machine and the procedure—gives new aspect to planning **spring** *farm* work. 103566
Development of the collective and **state** *farm* production and cultural-ordinary construction in the village. 094013
Economic agreement [of collective and **state** *farms* with industrial, procurement and other enterprises] (For faculties ofqualification improvement). 094155
Analysis of economic activities of collective and **state** *farms* (methodological draft for faculties of qualification improvement). 094257
Economic means of production management in **state** *farms* (Methodological drafts for teachers in schools for qualificationimprovement). 094258
Material and technical foundation of collective and **state** *farms.* 094265
Utilization of fixed capital and labor productivity in tea-growing **state** *farms* in the subtropical zone of the Georgian SSR. 094337
[Legislation on] wages in collective and **state** *farms.* 094732
Experiences in the use of centrifuged liquid poultry manure [as a feed additive] in slaughter cattle production of the Friedeburg **State** *Farm* [East Germany]. 096801
Experiences in the introduction of the German Democratic Republic feed evaluation system on the Schwaneberg **State** *Farm* [Nutritive value]. 096804
The results of line combination testing in ducks at the Wriezen duck combine on the Frankfurt on the Oder Inland Fishery **State** *Farm.* I-II. [Effects of hybridization]. 097059
Forestry exhibition of **state** *farms* in Szolnok County 1975. 097880
Experience of operation of the Leningrad group of the greenhouse **state** *farms* "Leto". 101080
Methods and results of an analysis of machine and tractor parks in agricultural cooperatives, **state** *farms* and their cooperative department of crop production. 103450
Post-harvest processing of grains at a seed-producing **state** *farm* at Chrudim [Mechanization]. 103500
Stationary refuelling of cars with gasoline [on collective and **state** *farms].* 103627
The "thirds" idea in marketing [Commodity futures trading, contracts, and *on-farm* **storage**]. 094601
Fibreglass on the *farm* [**Structural** materials]. 103325
Taxation and the future of the *farming* **structure.** 094392
Contribution of the Industriia **subsidiary** *farm* in the expansion of protected cultivation of vegetables in the region beyone the polar circle. 101076
Farm **supply** store: merchandising and layout [Agribusiness]. 103576
A trailer P 1001.S, for **Tatra** *farm* trucks. 103492
Aeroplanes as *farming* **'tools'** [England]. 103408
Cooperative *[farming]* **training** in Italy: communities build their own future. 094192
A piedmont **tree** *farm* [Reforestation]. 098072
Technical and economic basis for a type of hitching for *farming* a **unit** with K-701 tractors saturated with power. 103635
Lupine in the *farming* of the **western** regions of the Ukraine. 100785
Implications of phosphate fertilizer price rises for **wheat** *farming.* 104039
Farmstead **windbreaks.** 097909
My experience with *farmstead* **windbreaks.** 097913
Analysis of *farm* **work** injuries in Hokkaido by place and type of accident. 103343

FARNESENE

Isolation and properties of *farnesene* from the **apple** wax covering. 095878

FARROWING

Sow-pig **management** at *farrowing.* 096893
A semi- **mounted** *six-farrow* plough 6-PHX-35-H. 103491
Farrowing **pens** adaptable for the rearing of piglets. 103356

FASCIOLA

Regulation of pyruvate kinase and phosphoenolpyruvate carboxykinase activity in **adult** *Fasciola* hepatica (Trematoda). 097384
Economic effectiveness of using anthelmintics against the chronic form of liver fluke *[Fasciola* **hepatica**] in sheep [Losses, costs, returns]. 097439
Polar lipids of parasitic helminths. I. Polar lipids of *Fasciola* **hepatica** and Paramphistomum microbothrium [From slaughtered animals]. 097643

FASCIOLIASIS

Contribution to the study of the hepatic lesions causec by Distomum magnum (Fascioloides magna) in the deer (Cervus **elaphus**) *[Fascioliasis].* 097302

FASCIOLOIDES

Fascioloides **magna** (Bassi, 1875) in feral swine from southern Texas. 097429
Contribution to the study of the hepatic lesions causec by Distomum **magnum** *(Fascioloides* magna) in the deer (Cervus elaphus) [Fascioliasis]. 097302

FASTING

Histochemical study of the stalked glandular hairs of the female Cannabis plants, using *fast* **blue** salt. 099935
Fast **determination** of content in oil by nuclear magnetic resonance after drying of seeds in a microwave oven. 095520
Largemouth bass **growing** *fast* in West Point Reservoir [Recreation]. 104488
Nutrition and somatomedin. I. Effect of *fasting* and **refeeding** on serum somatomedin activity and cartilage growth activity in rats. 095046

FATHER

A tribute to Alexandre Liautard, the *father* of the **American** veterinary profession. 097163

FATS

Induction of **abnormal** *fatty* acid metabolism and essential fatty acid deficiency in rats by dietary DDT. 102656
The effect of a long-term excess of pyridoxine on the *fatty* **acid** composition of the major phospholipids in the rat. 095150
Nutrition physiological aspects of deep frying fats and oils. 7. Effect of frying fats and oils on lipid metabolism and *fatty* **acid** composition of body lipids. 095230
The *fatty* **acid** pattern of infants and small children under the influence of oral nutrition. 095233
Gas-liquid chromatography of ethyl ester artifacts formed during the prepatation of *fatty* **acid** methyl esters. 095479
Rapid method of determining the *fatty* **acid** content in sunflower seeds [for breeding purposes]. 095845
Cellular studies of mammary tissue form cows hormonally induced into lactation: lactose and *fatty* **acid** synthesis. 096440
Amino acid and *fatty* **acid** composition of microorganisms passing into the abomasum of sheep. 096477
Effect of feeding fat to dairy cows receiving a fat-deficient basal diet. II. *Fatty* **acid** composition of the milk fat. 096705
Fatty **acid** and prostaglandin composition of left ventricular myocardium from dexamethasone-treated dogs with severe low output syndrome (LOS). 097758
Fatty **acid** desaturase system of yeast [Saccharomyces cerevisiae] microsomes. Involvement of cytochrome b5-containing electron-transport chain. 099517
The *fatty* **acid** composition of some Entomophthoraceae. IV. The occurrence of branched-chain fatty acids in Conidiobolus species [Entomophagous fungi]. 099634
Fatty **acid** composition of Sporotrichum [Fungi] species. 100027
Fatty **acid** oxidation by the leg muscles of Cybister [confusu] beetle during vigorous exercise. 102900
Fatty **acid** composition of lipids of soil and epiphytic yeasts. 103799
Comprehensive evaluation of *fatty* **acids** in foods; VII. Pork products. 095121
Biochemical studies on the oil and *fatty* **acids** of plantago seeds. 095397
Comparison of *fatty* **acids** content in soybean and rape lecithins. 095800
Fatty **acids** and fatty aldehydes of buffalo seminal plasma and sperm lipid. 096958
Effects of benomyl [fungicide] on alkanes and *fatty* **alcohols** of the surface wax of lettuce seedlings. 101667
Fatty acids and *fatty* **aldehydes** of buffalo seminal plasma and sperm lipid. 096958
Studies on rancidity of oils and *fats.* On the **autoxidation** of phospholipids. 094896
Effect of feeding fat to dairy cows receiving a *fat-deficient* **basal** diet. I. Milk yield and composition. 096704
Effect of feeding fat to dairy cows receiving a *fat-deficient* **basal** diet. II. Fatty acid composition of the milk fat. 096705
Waste fat in *fat-containing* **bleaching** earth as feed for chickens. 096603
Chlorinated hydrocarbons in **body** *fat* of poultry. III. The effect of nutrition on chlorinated hydrocarbon pesticide [insecticide] content in reserve fat of fattening geese [Contamination]. 102778
The fatty acid composition of some Entomophthoraceae. IV. The occurrence of **branched-chain** *fatty* acids in Conidiobolus species [Entomophagous fungi]. 099634
Effect of raw and boiled garlic on blood cholesterol in **butter** *fat* lipaemia. 095094
Biomasses from *fat* **by-products.** III. Lipid composition of yeast cells [Candida lipolytica, Torulopsis holmii, feed fermentation]. 096046
Separation of carbonyl compounds by reverse phase liquid chromatography [in the **cheese** *fat].* 095659
Effect of temperature on the *fatty-acid* **composition** of Sporotrichum thermophile [Fungi]. 100025
Testing the storage ability of feed fats and feeds **containing** *fats.* 096029
Natural alcohols of edible oils and *fats* and **control** of purity. 094930
Kinetic study of crystallisation of *fats.* II. **Cooling** curves, solidification curves and combined curves. 095522
Correlation of gas chromatographic profiles and organoleptic scores of different fats and oils after simulated **deep** *fat* frying. 095463
The effects of **dietary** *fatty* acids and cholesterol on the milk lipids of lactating women and the plasma cholesterol of breast-fed infants. 095009
The effect of amino acid or *nonfat* **dry** milk supplementation on nutritive value of cornflakes and oatmeal [Rats]. 095139
Alternatives to *nonfat* **dry** milk. 095555
Total fatty acid composition of **duck** *fatty* tissues. 096518
Essential *fatty* acid requirements in infancy. 094989
Dietary **essential** *fatty* acids, prostaglandin formation and platelet aggregation. 095171
Induction of abnormal fatty acid metabolism and **essential** *fatty* acid deficiency in rats by dietary DDT. 102656
Testing the storage ability of **feed** *fats* and feeds containing fats. 096029
Effect of **feeding** *fat* to dairy cows receiving a fat-deficient basal diet. I. Milk yield and composition. 096704
Effect of **feeding** *fat* to dairy cows receiving a fat-deficient basal diet. II. Fatty acid composition of the milk fat. 096705
Fat **filtration** systems: watching your costs. 095348
Stability of edible oils and *fats* to **fluorescent** light irradiation. 095469
Studies in acidolysis [of a natural triglyceride oil with **free** *fatty* acids]. 095440
Isolation of the **free** *fat* of milk powder for the determination of oxidative changes. 095621
Rapid colorimetric determination of **free** *fatty* acids [in vegetable oil]. 095813
Nutrition physiological aspects of deep **frying** *fats* and oils. 7. Effect of frying fats and oils on lipid metabolism and fatty acid composition of body lipids. 095230
The liquid chromatographic determination of unchanged triglycerides in used **frying** *fats.* 095441
Mass transfer and scale-up in *fat* **hydrogenation.** 095466
Utilization of sodium acetate for **increasing** *fat* content of milk in cows [Feed supplements]. 096726
Catalytic process in the area of **industrial** *fatty* acid products. II. 095433
A semiautomatic laboratory device for the determination of turbidity point [of **liquid** *fatty* acids]. 095431
A role for biotin in *fatty* **liver** and kidney syndrome in chicks [caused by rations which are simultaneously low in biotin, protein and fat]. 096740
An ultrastructural study of the liver, kidney and myocardium in the *fatty* **liver** and kidney syndrome in the fowl. 097761
The incorporation of **long-chain** *fatty* acids into glycerides in the liver and mammary tissue homogenates of lactating goats. 096535
Relationships of Penicillium [Fungi] species based on their **long-chain** *fatty* acids. 100031
Recycling. 46. Determination of rate of *fatty* **matter** of cheeses. 095660
One-stage method for isolation of [the insecticides] of DDT, DDE and DDD [dichlorodiphenyldichloroethylene, tetrachlorodiphenylethane] from *fat* of **maturing** cheese [Contamination]. 102779
Removal of protein and *fat* from **meat** slaughtering and packing wastes using lignosulfonic acid. 095702
Studies on minor fatty acids in **milk** *fat.* 2. Minor fatty acids in human milk. 095167
Refractometric method for the determination of the iodine value of buffalo **milk** *fat.* 095625
Effect of feeding fat to dairy cows receiving a fat-deficient basal diet. II. Fatty acid composition of the **milk** *fat.* 096705
Plasma lipids, ketone bodies, and glucose concentrations in calves fed high- and *low-fat* **milk** replacers. 096709
Studies on **minor** *fatty* acids in milk fat. 2. Minor fatty acids in human milk. 095167
Bovine compositional interrelationships [**Muscles,** *fats].* 095697
Correlation of gas chromatographic profiles and organoleptic scores of different *fats* and **oils** after simulated deep fat frying. 095463
Determination of Fe, Cu, Ni, and Mn [iron, copper, nickel, manganese] in *fats* and **oils** by flameless atomic absorption spectroscopy. 095464
Substitutability of fractionated beef tallow for other *fats* and **oils** in the food and confectionery industries: an economic evaluation. 095695
Biodegradability of *fatty* **oils:** a case study [Water pollution]. 104607

Kinetic study of crystallization of **plastic** *fats.* I. Layout of solidification curves by large band nuclear magnetic resonance. 095521
Powdered *fats:* manufacturing, properties, uses. 095526
Bibliographic guide to *fats* and their **products.** LII. 095528
Protected *fat* in rations for lactating dairy cows. 096637
A role for biotin in fatty liver and kidney syndrome in chicks [caused by rations which are simultaneously low in biotin, **protein** and *fat].* 096740
Gastrointestinal bleeding and iron absorption in the experimental blind loop syndrome [Malabsorption of both vitamin B12 and *fat,* **rats**]. 094960
Chlorinated hydrocarbons in body fat of poultry. III. The effect of nutrition on chlorinated hydrocarbon pesticide [insecticide] content in **reserve** *fat* of fattening geese [Contamination]. 102778
Organic compounds of kraft process waste waters. I. *Fatty* and **resin** acids [Pollution control]. 104588
Effect of **short-chain** *fatty* acids extracted from beef cattle manure on germination and seedling development [Phytotoxicity, wheat, sorghum]. 103894
Raw and heated full *fat* **soybeans** in laying diets [poultry]. 096761
Oxidized acids and new chemical **species** *[Fats].* 095523
Effect of type of *fat* on **starch** pastes containing glycerol monostearate [Maize]. 095784
Measuring boar odor in *fat* of **swine** using a radioimmuno test. 2. Duration of eliminating odor stores after castration. 096597
Total *fatty* acid composition of duck fatty tissues. 096518
The effect of formalin and lower **volatile** *fatty* acids on silage fermentation. 096018
The measurement of production rates of **volatile** *fatty* acids in the caecum of the conscious rabbit. 096271
Synthesis of ruminal microbial protein and **volatile** *fatty* acid production in vitro. 096446
Studies on the ruminal concentration of total **volatile** *fatty* acids (VFA's) and ther molar proportions in African cattle, sheep and goats. 096478
Relationship between gas production and **volatile** *fatty* acids in the rumen. 096483
Studies on the effects of feeding formaldehyde-treated fishmeal on growing lambs. 3. In vivo production of ammonia, total nitrogen and **volatile** *fatty* acids. 096689
Silage qualification by gas chromatography of **volatile** *fatty* acids. 096794
Waste *fat* in fat-containing bleaching earth as feed for chickens. 096603
Fatty and **waxy** components of southern pine bark—amounts present as free extractives. 100688

FATTENERS

A problem of **bull** *fatteners:* make maize or sugarbeets? [Costs and returns]. 094423

FATTENING

Experiences in improving feed economy in **broiler** *fattening.* 096802
Improved performance in **broiler** *fattening* through a new directed concentration of energy in the feed. 096808
Fattening and slaughter performance results of young Black Pied bulls as influenced by feeding intensity. 3. Economic results of young **bull** *fattening* at varying feeding intensity and slaughter weight. 096644
Retention and utilization of minerals by the *fattening* **calf.** 096832
Effectiveness of ammonium perchlorate in *fattening* **cattle** [Feed supplement]. 096723
Experiences gained from fattening in forest at the Eberswalde swine rearing and *fattening* **combine.** 096800
Comparative *fattening* of young cattle of the Bulgarian Brown breed originating in various regions. 096828
Influence of rearing with all forage diet on the body weight gain and the feed efficiency in the **followed** *fattening* period in Holstein steers. 096658
Experiences gained from *fattening* in **forest** at the Eberswalde swine rearing and fattening combine. 096800
Chlorinated hydrocarbons in body fat of poultry. III. The effect of nutrition on chlorinated hydrocarbon pesticide [insecticide] content in reserve fat of *fattening* **geese** [Contamination]. 102778
Some forms of *fattening* **growing** [Bulgarian Grey] cattle for beef production. 096830
Insulin levels in the blood serum of **intensively** *fattened* cattle. 096595
Infection caused by Salmonella typhimurium of *fattening* **lambs.** 097364
Fattening **Large** White pigs at raised dietary protein level. 096829
A review of hormonal influence on growth and *fattening* of **livestock.** 095704
The effects of high environmental temperatures on *fattening* **performance** and growth of boars. 096735
Circulation load test and meat quality of *fattened* **pigs** with known genetic origin. 096213
Fattening and **slaughter** performance results of young Black Pied bulls as influenced by feeding intensity. 3. Economic results of young bull fattening at varying feeding intensity and slaughter weight. 096644
Effective breeding methods to improve the *fattening* and **slaughter** performance of chicken broilers. 097049
Study on the optimal age and liveweight for sow impregnation with reference to their reproductive capacities. III. Study on the *fattening* and **slaughter** qualities of pigs born during different seasons of the year. 097087
A barn for *fattening* **slaughter** calves in Holland. 103351
Changes in the hemoglobin level of the whole blood, in the iron and copper levels of the plasma as well as the changes in the iron contents of the liver and the breast muscle matter of *fattening* **turkeys.** 096593
Importance of straw quality for the use of straw in rations for *fattening* **young** bulls. 096807
Effect of the Black-Pied Lowland breed on the slaughter half in *fattening* **young** bulls. 097002

FAUNA

Teh **butterfly** *faunas* of San Andres and Providencia Islands in the western Caribbean. 103190
On the **helminth** *fauna* of the moufflon (Ovis aries musimon) compared with those of domestic sheep (Ovis aries dom.) and deer (Capreolus capreolus, Cervus elaphus) in the Netherlands. 097346
The survey on the **insect** *fauna* in filature factories [Anthrenus verbasci, Attagenus piceus, Dermestes ater, silk pests]. 102542
Xiphidorus yepesara n. Gen., n. Sp. (Nemata: Longidoridae) from Brazil [**Nematode** *fauna* from soil around roots of passion fruit]. 101989
A contribution to the knowledge of the [plant parasitic] **nematode** *fauna* in pine seed-beds of the Forest Experimental Farm, Siemianice, district Kepno. 102022
The **spider** *fauna* of Finland and east Fennoscandia. VI. Linyphiidae. 1. The Linyphiinae and Linyphiinae-like Micryphantinae [New taxa, Bolyphantes kilpisjaerviensis]. 103160
Modification of the **Thecamoeba** *fauna* due to a forest fire in submediterranean area. 097878

FEATHERS

Observations on *feathers* [**axillary** buds of the shoot] formation in peach trees. 3rd contribution. 100563
Infected *feather* follicles in cage reared broilers. 097482
The number of *feathers* on the **litter;** another criterion for evaluating the adequacy of broiler diets. 097012
Peridermal cell patterning in the *feather-forming* **skin** of the chick embryo. 096322

FECES

The prevalence of enterotoxigenic Escherichia coli in the *feces* of **calves** with diarrhea. 097296
Determination of vanilmandelic acid in pig urine and **chicken** *feces* by gas-liquid chromatography. 096191
Experimental investigation of the postparturient rise of *faecal* **egg** count of Ostertagia circumcincta as a source of infection for lambs. 097655
Effect of high meat diet on bacterial flora and chemical components of **human** *feces:* a preliminary report [Health hazards]. 094909
Relationship between digestibility and *faecal* **nitrogen** in sheep and cows offered herbage ad libitum. 096703
Separation and properties of enterovirus and reovirus recovered from a *fecal* **sample** of calf with diarrhea. 097456
A study on Salmonella transmission in pigs in an industrialcomplex. I. Salmonella finds in *faecal* **samples** and fodder mixtures. 097355

FEED

Additional *feed* [necessary] for newly calved dairy cattle. 096650
Monensin tried as *feed* **additive** for steers. 096682
Experiences in the use of centrifuged liquid poultry manure [as a *feed* **additive**] in slaughter cattle production of the Friedeburg State Farm [East Germany]. 096801
Control of house fly [Musca domestica] and stable fly [Stomoxys calcitrans] breeding in rhinoceros dung with an insect growth regulator used as a *feed* **additive.** 102597
The short-term toxicity of some *feed* **additives** to different freshwater organisms. 095998
Microbial cultures as *feed* **additives** [for ruminant diets]. 096636
Factors influencing the utilization of high-grain urea diets by ruminants. I. Effect of minerals, vitamins, lysine, methionine, *feed* **additives** and corn oil [Goats]. 096662
Zeaxanthin as a broiler pigmenter *[Feed* **additives**]. 096770
Effective forms in the cooperation of the Cooperative Crop Production Section with the Livestock Production Section of the Agricultural Producers' Cooperative for an **adequate** *feed* supply [East Germany]. 094342
Recycling of swine waste [for *feed]* by **aerobic** fermentation. 096066
Aflatoxin problem in corn [used for human food and **animal** *feed]* and possible solutions [Aspergillus flavus, toxicity]. 094902
Production of single cell protein from agricultural and food processing wastes [to produce microbial protein suitable for **animal** *feeds].* 096020
Whey—waste becomes a winner [**Animal** *feed].* 096036
Mycotoxins in **animal** *feeds.* 096050
Production of single-cell protein for **animal** *feed* from lignocellulose wastes. 096065
Economic impact analysis of effluent guidelines: **animal** *feed,* breakfast cereal and wheat starch segments of the grain mills industry [Water pollution]. 104610
Opening up feed reserves by **avoiding** *feed* remnants [Dairy industry management, East Germany]. 094350
Evaluation of an automated fluorescent antibody procedure for detection of Salmonella in foods and *feeds* [**Bacterial** contamination]. 094806
Straw for dairy cattle *[Feed* **blends**]. 096834
Effect of performance of a low level mixture of organochlorine insecticides in broiler **breeder** *feed.* 102706
Salmonella Dublin infection in *feedlot* **calves.** 097328
Saving **cattle** *feed* costs with dried plant juice. 094394
Rumensin: a new feed additive for *feedlot* **cattle.** 096695
Supply of mineral substances for **cattle** *[Feed].* 096824
Gathering straw! *[Feed* for **cattle**]. 100778
Deterioration in the quality of *feed* **caused** by fungi. 096004
Quality deteriotiation in *feed* **caused** by fungi. III. Toxicological survey of the Hungarian fungus flora. 096005
Waste fat in fat-containing bleaching earth as *feed* for **chickens.** 096603
Preservation of **coarse** *feed* by ensilaging. 096030
Forage quality control of **coarse** *feeds* as a factor in the intensification [of forage crop production]. 096056
Results of using **complete** *feeds* in calf rearing. 096814
Feed **concentrates** will be more expensive beginning 1 May [1976, prices]. 094564
New price for *feed* **concentrates** beginning 1 May [1976]. 094565
To study the effect of feeding ad-lib, once-a-day and twicea-day on egg production, *feed* **consumption** per dozen eggs and per kilogram weight of eggs produced in layers. 096693
Testing the storage ability of feed fats and *feeds* **containing** fats. 096029
Effects of practical castration in prepuberal age in buffaloes: research on the increase in weight and *feed* **conversion** index of steers of more than 600 kg live weight. 096604
Examinations on factors influencing the *feed* **conversion** efficiency of milking cows. 096614
Economics of windbreaks and our cattle industry *[Feedlot* **costs**]. 094432
Field harvesting methods—effect on *feed* **costs.** 100711
Does it pay to *feed* [**Dairy** cattle, costs, profits]. 094391
Application of *feed* **defluorinated** phosphates in the diets of broiler chicks. 096721
Feed **defluorinated** phosphates as a source of microelements. 096724
Feed **distribution** plan with the aid of electron data processing—experiences and applications [Dairy industry, East Germany]. 094347
Feed **economy,** a key to planned increase in livestock production. 096805
Crumbles contra meal for bacon pigs. Effect on daily gain, *feed* **efficiency,** carcass quality and on the oesophageal partof the stomach. 096601
Influence of rearing with all forage diet on the body weight gain and the *feed* **efficiency** in the followed fattening period in Holstein steers. 096658
Study on meat production of Japanese Black and its crossbred F1 cattle [Hereford X B (HB), Charolais X B(CB) and Angus X B(AB), *feed* **efficiency**]. 096659
Feed **efficiency** and carcass composition in Large White Yorkshire pigs at different live weights to determine the economic slaughter weight. 096688
Characterization of biological types of cattle. II. Postweaning growth and *feed* **efficiency** of steers. 096696
Effect of size, breed and sex upon *feed* **efficiency** in beef cattle. 096779
Improved performance in broiler fattening through a new directed concentration of **energy** in the *feed.* 096808
Testing the storage ability of *feed* **fats** and feeds containing fats. 096029
Analysis of *feedstuffs* **fed** to Canterbury town supply cows. 096819
Injuries from **feeding** *feeds* containing nitrates and their prevention [Toxicity to cattle]. 097857
Biomasses from fat by-products. III. Lipid composition of yeast cells [Candida lipolytica, Torulopsis holmii, *feed* **fermentation**]. 096046
A kinetic study of the bisulphite reduction of methionine sulphoxide to methionine [in **foods** and *feeds].* 095481
An improved method for the estimation of urea in **formula** *feeds* for cattle. 096661
Research with soy meal [as a *feed* for **fur** bearing animals]. 096001
Evaluation of some southern Transdanubian plant species as **game** *feed.* 096793
Experiences and results in the use of the East **German** *feed* evaluation system for improving the effectiveness of livestock production. 094344
Conservation of *feed* **grain.** Technique using the addition ofacid and wider application. 096060
A simulation analysis of a reserve stock management policy for *feed* **grains** and wheat. 094321
Feed from **grape** and apple marcs. 096025
Ensilaging **green** *feeds* for minks. 096063
Ensilaging **green** *feeds* for minks. 096064
Experiences in **improving** *feed* economy in broiler fattening. 096802
Can an **inexpensive** *feed* for sows be produced? 096047
Toxic effect of *feed* **ingredients** [Poultry]. 097815
Feeding dairy cattle during the different stages of lactation and the importance of **inspecting** *feed* concentrates. 096653
Feed **intake,** metabolism and thermal insulation of bison, yak, Scottish Highland and Hereford calves during winter. 096631
The effect of *feed* **intake** in late gestation on the body composition and survival of the neonatal pig. 096639

Relationship of *feed* **intake** and ration digestibility to estimated transmitting ability, body weight, and efficiency in first lactation [Cows]. 096710
Maximum results in production with minimum expenditure of *feed* **[Livestock** management, East Germany]. 094349
Accepting the forage challenge [Intensified **Livestock** *Feed* Production Program, Kentucky]. 094762
Study of the time of using *feed-preparing* **machines** on pig farms in relation with planning technical services. 103550
Utilization of poultry **manure** as *feed.* 096649
First results on the determination of temperature stability of additives in **mixed** *feeds* under practical conditions. 096027
Semi-quantitative rapid determination method of alkane yeasts in **mixed** *feeds.* 096028
Development of **mixed** *feed* production [East Germany]. 096055
Effectiveness of the use of industrially produced **mixed** *feeds* in sheep rations. 096694
Industrial **mixed** *feeds* for swine in 1976/77 [East Germany]. 096809
A circular distributor with a controlled structure **[Mixed** *feed* production]. 103359
Rumensin: a **new** *feed* additive for feedlot cattle. 096695
Feed **nutrients**—a cost study. 094408
The effects of castration and roughage level on the *feedlot* **performance** and carcass composition of cattle. 096640
Evaluation of activated citrus sludge as a **poultry** *feed* ingredient. 096038
Recovery of activated sludge for **poultry** *feed* engineering aspects. 096040
Evaluation of waste activated sludge (citrus) as a **poultry** *feed* ingredient. 2. Quality and flavor of broilers, egg yolk color and egg flavor. 096754
Metabolizable energy values of some **poultry** *feeds* determined by various methods and their estimation using metabolizability of the dry matter. 096758
The growing problem: milk **powder** [in *feeds].* 096033
Economics of drying, storage and *feed* **processing.** IV. Feed processing. 094373
Economic evaluation of selected hot air driers in the SouthBohemian region *[Feed* **processing,** costs]. 094435
Impairment of raw milk quality by *feed* **quality.** 096806
Manufacture of semifinished and **ready-made** *feeds* in industrial plants. 096058
Influence of Fortigro (Carbadox) [in the *feed]* on the **reduction** of ascarid infection in rats and piglets. 097440
Effect of *feed* **regimes** on body weight of turkey hens at 32 weeks of age and subsequent reproductive performance. 096752
Regulation of *feed.* 096021
Experiences in the introduction of the German Democratic **Republic** *feed* evaluation system on the Schwaneberg State Farm [Nutritive value]. 096804
Opening up *feed* **reserves** by avoiding feed remnants [Dairy industry management, East Germany]. 094350
Evaluation of phak **(rice-mill** *feed)* in layer mashes. 096687
Nutrient content of broiler litter **[Ruminant** *feeds].* 096034
ICMSF [International Commission on Microbiological Specificatons for Foods] methods studies. VII. Indicator tests as substitutes for direct testing of dried foods and *feeds* for **Salmonella.** 094823
Scientific *feed* formulation for better poultry performance. 096692
Selenium in *feed.* 096062
Results of all-year use of **semifinished** *feeds* in rations for dairy cows. 096813
Figure your **silo** *feed* losses. 094387
Studies on the productivity of Bulgarian and foreign varieties of grain legumes [Field beans, soybean, **spring** *feed* pea and chick pea]. 100804
Studies on the water consumption and the conditions of natural water supply of the **spring** *feed* pea in the region of the Agricultural Research Institute Obraztov Chiflik. 104313
Use of a **starter** *feed* containing urea for rearing calves. 096833
Formulation of biologically nearly full value **starter-finisher** *feed* for broilers. 096615
Bulk bin design [for *feed* **storage].** 103384
Rational provision of *feed* with use of **straw** as a contribution to raising livestock production. 096811
New knowledge on the use of **sugar-containing** *feed* [Cattle]. 096728
Paunch manure as a *feed* **supplement** in channel catfish farming. 096039
Effectiveness of ammonium perchlorate in fattening cattle *[Feed* **supplement].** 096723
Utilization of sodium acetate for increasing fat content of milk in cows *[Feed* **supplements].** 096726
Whey and whey products for livestock *[Feed,* **swine].** 096031
Cassava as *feed* for **swine.** 096609
Copper in **swine** *feed.* 096729
Ventilation and home blending of *feed* **[Swine].** 096791
A new procedure for straw **treatment** *[Feed].* 096012
Importance of breeding work to *feed* **utilization** within the egg production sector [Poultry genetics]. 096908
Color binding method. Concerning an analytical method suitable for measuring the protein **value** of *feeds.* 096822
Voluntary *feed* intake, growth, body composition and efficiency in the sheep: breed and sex differences. 096612
Shirnk and its importance to cowmen and cattle feeders [Loss in weight due to loss of gut fill or tissue due to *feed* and **water** deprivation or exposure to other stresses]. 097793
Effect of *feedlots* on **water** quality [Pollution]. 104537
Winter *feed* your brood cows properly. 096669

FEEDING

To study the effect of *feeding* **ad-lib,** once-a-day and twicea-day on egg production, feed consumption per dozen eggs and per kilogram weight of eggs produced in layers. 096693
Atherosclerotic lesions produced in baboons by *feeding* an **atherogenic** diet for four years. 095053
Bagasse *feeding* with plows and belt conveyor [Processing]. 095836
Fed **batch** culture of Saccharomyces cerevisiae: a perspective of computer control to enhance the productivity in bakers's yeast cultivation. 099565
Interregional price flexibilities: an application to the *fed* **beef** industry. 094614
Energy dynamics of the cow-calf unit on eastern Colorado sandhills *[Feeding* **beef** cattle]. 096778
Recent results in the use of pellets containing straw in the *feeding* of **beef** cattle. 096812
Experiences with forage **beet** *feeding* [Cattle]. 096738
THe influence of maltose and other carbohydrates on the *feeding* **behaviour** of Heteronychus arator (Scarabaeidae: Coleoptera). 102938
Breast *feeding.* 095162
An improvement in interior egg quality by the *feeding* of **brewers** dried grains. 096750
Parathyroid glands in metabolism of mineral substances in **bulls** *fed* with pulp. 096559
Whey utilisation [for **calf** *feeding].* 095565
Plasma lipids, ketone bodies, and glucose concentrations in **calves** *fed* high- and low-fat milk replacers. 096709
Effect of *feeding* a **carbohydrate-free** diet on the growth and metabolism of preruminant kids. 096657
Growth of young silkworm **caterpillars** *feeding* on the leaves of the Chinese elms Ulmus pumila L. and Ulmus parvifolia Jacq. 103253
Ensilage and *feeding* **[Cattle].** 096003
Advice concerning the *feeding* of **cattle** in the Netherlands; a historical view. 096651
Processed poultry waste compared with uric acid, sodium urate, urea and biuret as nitrogen supplements for beef **cattle** *fed* forage diets. 096700
Overfeeding in **cattle.** 096826
Accepting the forage challenge [Veterinary aspects of **cattle** *feeding].* 097754
Shirnk and its importance to cowmen and **cattle** *feeders* [Loss in weight due to loss of gut fill or tissue due to feed and water deprivation or exposure to other stresses]. 097793
Ways of *feeding* **cereals** for slaughter swine. 096733
New research with **chickens** *[Feeding].* 096730
Mortality and production characteristics of laying **chickens** *fed* high- and low-erucic acid rapseed oils. 097747
Grow your vitamins *[Feeding* **chicks].** 100937
Comparative studies on the effect of **cholesterol** *feeding* on biliary composition [Chickens]. 094954
Atherogenic hyperlipoproteinemia induced by **cholesterol** *feeding* in the Patas monkey. 095022
Food-induced changes in UV [ultraviolet]-absorption spectra of isolated chromatin from liver of rats under **controlled** *feeding* schedules. 095058
Observations on the incidence of Ketosis and puerperal neurosis in cattle, related to *feeding* **corn** (forage or silage) [Metabolic diseases]. 097715
Estimate of the rabbit meat costs and contribution of the *feeding* **costs.** 094401
Carotene and immunoglobulin concentrations in the colostrum and milk of *pasture-fed* **cows.** 096439
Feeding **dairy** cattle during the different stages of lactation and the importance of inspecting feed concentrates. 096653
Feeding **dairy** calves. 096680
Feeding **damage** of the black pecan aphid [Tinocallis caryaefoliae]. 102415
Effects of antibiotics on *feeding* and **development** of the pea aphid, Acyrthosiphon pisum (Harris) (Homoptera, Aphididae). 102388
Response of [tobacco] root cells to the *feeding* by the **ectoparasitic** root-infesting nematode Trichodorus similis [a vector of tobacco rattle virus]. 102067
Feeding, **energy** flow and soil turnover in the desert isopod, Hemilepistus reaumuri. 103059
Performance of broilers on different waterers *[Feeding* **equipment].** 096647
Labour saving piggery **equipment:** *feeding.* 103402
28Mg [magnesium isotope] kinetics in **ewes** *fed* normal or tetany prone grass. 096672
Effect of *feeding* **fat** to dairy cows receiving a fat-deficient basal diet. I. Milk yield and composition. 096704
Effect of *feeding* **fat** to dairy cows receiving a fat-deficient basal diet. II. Fatty acid composition of the milk fat. 096705
Injuries from *feeding* **feeds** containing nitrates and their prevention [Toxicity to cattle]. 097857
Analysis of **feedstuffs** *fed* to Canterbury town supply cows. 096819
New methods for storing and *feeding* **forage** beets. 096037
Studies on the effects of *feeding* **formaldehyde-treated** fishmeal on growing lambs. 3. In vivo production of ammonia, total nitrogen and volatile fatty acids. 096689
Accepting the forage challenge [of supplying more beef with less **grain** *feeding].* 094761
Feeding **growing-finishing** hogs. 096667
On the care (and *feeding)* of your **guests.** 095299
Dairy **heifer** *feeding* and management. 096681
Pesticide residues in eggs and chicks from laying **hens** *fed* low levels of several chlorinated hydrocarbon pesticides. 096759
Determination of warfarin in animal relicta and *feedingstuffs* by **high-pressure** liquid chromatography with confirmation of identity by mass spectrometry. 096435
Testing of sugar substitutes and sugar mashes for *feeding* **honeybees.** 103282
Pollen substitutes [for *feeding* **honeybees].** 103306
A successful new **hospital** *feeding* system. 095323
Human milk in premature **infant** *feeding:* summary of a workshop. 095191
Chemical composition and some properties of modified ouffaloes' milk for **infant** *feeding.* 095617
The effects of dietary fatty acids and cholesterol on the milk lipids of lactating women and the plasma cholesterol of *breast-fed* **infants.** 095009
Fattening and slaughter performance results of young Black Pied bulls as influenced by *feeding* **intensity.** 3. Economic results of young bull fattening at varying feeding intensity and slaughter weight. 096644
Increase in respiratory rate during *feeding* in **larvae** of the armyworm, Spodoptera exempta. 103076
Productivity of silkworm [Bombyx mori] *fed* with **leaves** of different varieties and forms of mulberry [Morus]. 103243
Effects of *feeding* **level** and environment on the performance of finishing steers. 096628
Time sequence of lipogenic changes in adipose tissue of rats when converted from ad **libitum** *feeding* to meal-eating. 095152
Limited *feeding* [of layers]. 096743
Future trends in forage production and utilization **[Livestock** *feeding].* 096771
Use of animal dung in *feeding* **livestock;** present state of the problem. 096787
Experiences in the drying, pelletization and *feeding* of whole **maize,** barley and alfalfa plants in the People's Republic of Bulgaria. 096803
Feeding and **management** of the weaned pig. 096632
The true metabolizable energy values of several *feedingstuffs* **measured** with roosters, laying hens, turkeys and broiler hens. 096769
Antibiotics in animal rearing *[Feeding,* **metabolism].** 096564
Breast-feeding is **nature's** way of saying mother knows best. 095225
The *feeding* and **nervous** system diseases in cattle. 096671
No-waste *feeding* system [Beef cattle]. 096045
Feeding and **nursing** problems [Minks]. 096825
Energy displacement and possibilities of adequate energy supply in cattle with high milk **performances** *[Feeding].* 096737
Observations on development of the gonad and on reproduction in [nematode] Aphelenchus avenae [in relation to time and *feeding* **periods** on Rhizoctonia solani]. 101933
Feeder **pig** buyers at organized sales in Tennessee [Marketing]. 094629
Immunoreactive growth hormone levels in **pigs** *fed* protein or energy restricted diets during the postweaning period. 096715
Peculiarities of development of cutworm [Agrotis segetum] in relation to *feeding* on **plants** with different resistance toinjuries. 102239
Dry cow management *[Feeding* and the **prevention** of problems]. 096679
Protein and energy yield in poultry **production** *[Feeding].* 096673
Experimental project involving milk **production-cattle** *feeding.* 096652
Repletion studies on liver protein, glycogen content and liver enzymes by *feeding* **protein** isolates of Cassia marginata and Cassia renigera wild leguminous seeds in normal albino rats. 095098
Effects of *feeding* **protein,** recovered from industrial waste water ("Alwa-protein"), to growing pigs. 096602
Growth of broilers and **quail** *fed* Fusarium (Gibberella zeae)-infected corn and zearalenone (F-2). 096755
Sexual maturation and productivity of Japanese **quail** *fed* graded concentrations of mercuric chloride. 096764
Experimental atherosclerosis in **rabbits** *fed* cholesterol-free diets. 5. Comparison of peanut, corn, butter, and coconut oils. 095055
The effect of the basal rations [wheat straw] on the tested foodstuff **[Rams,** *feeding].* 096621
Use of *feeding* **rate** as an indicator of caloric value in some lepidopterous larvae. 103061
A new method of zootechnical and economical evaluation of *feeding* **rations** distributed to animals destined for meat production. 096780
Effect of some wheat mill-fractions on blood and liver lipids in *cholesterol-fed* **rats** [Atherosclerosis]. 095035
The effect of cycloheximide on hepatic RNA synthesis and nucleolar size in **rats** *force-fed* a threonine-devoid diet. 095151

Feeding of **rats** with SCP concentrations (Toprina BP) [dried yeast protein]: hematological and hematochemical observations. 096670
Management of straw with **reference** to *feeding.* 096061
Evaluation of the energetic efficiency of steers in the summer and winter *[feeding]* in **relation** to the California net energy system. 096629
Effects of **restricted** *feeding* and ad libitum on meat production by Caserta swine. 096605
Changes in lymphatic fluid draining an area of inflammation induced by *feeding* **Rhipicephalus** sanguineus (Acarina: Ixodidae) on the dog. 102580
Investigations of fishery byproducts utilization: **ruminant** *feeding* and fly larva protein production. 096741
Nutrition and somatomedin. I. Effect of fasting and *refeeding* on **serum** somatomedin activity and cartilage growth activity in rats. 095046
Effect of ragi [flour] *feeding* on **serum** cholesterol level [Rats]. 095093
Possiblities of saving high protein concentrates in **sow** *feeding.* 096810
Feeding **specialization** of the main species of green lacewings [Neuroptera, Chrysopidae] spread in Adzharia [Citrus pests, biological control]. 102472
Breast-feeding: **"spontaneous"** trends and differences. 095163
Stimulative **spring** *feeding* of honeybee colonies. 103311
Probability evaluation of the reliability of transmission chains **[Stationary** *feeders].* 103539
The culture and *feeding* with **Sudangrass** and grain sorghum hybrids. 100987
The role of sugarbeet in *feeding.* 3. **Sugarbeet** leaves. 096795
First results and conclusions regarding the influence of *feeding* on the **suitability** of raw milk for cheese making. 095664
Labor aspects of partial and total **summer** *feeding* [of cattle]. 094209
Summer *feeding* of beef cattle. 096776
Calcium and phosphorus metabolism in steers when *fed* a **supplement** of melted calcium polyphosphate and receiving intramuscular injections of vitamins A,D and E. 096722
Swine *feeding.* 096668
Use of fish silage in **swine** *feeding.* 096817
Use of sugarbeet top silage in **swine** *feeding.* 096818
Functional change in hepatic mitochondria of **swine** *fed* ethylchlorophenoxyisobutyrate. 097862
Pork Automation—an innovation useful for **swine** *feeding* [Equipment]. 103596
The influence of cow size, crossbreeding, slaughter weight, *feeding* **system** and environment on the energetic and economic efficiency of edible beef production. 095717
Some physicochemical and nutritional properties of castorbeans (Ricinus communis) protein *[Feeding* **tests** with weanling rats]. 095116
Effect of *feeding* **treated** groundnut-cake with urea-molassesimpregnated wheat straw on growth rate and utilization of nutrients in Nali lambs. 096684
Importance of *feeding* **urea** to dairy cattle. 096727
Studies on chemical quality and *feeding* **value** of Italian ryegrass [Lolium multiflorum] silage. I. Influence of growth stage of Italian ryegrass on fermentative quality and and feeding value of silage [Dairy cattle]. 095999
Feeding **value** of silage: silages made from freshly cut grass, wilted grass and formic acid treated wilted grass [Sheep]. 096718
Fattening and slaughter performance results of young Black Pied bulls as influenced by feeding intensity. 3. Economic results of young bull fattening at **varying** *feeding* intensity and slaughter weight. 096644
Why nurse calves the first **2-3 weeks?** *[Feeding].* 096732
Feeding **whey** to nonruminants. 096677
Examination in seven large-scale cattle units on mineral supplement by **winter** *feeding.* 096613

FELINE

Feline **behavior:** The role of grooming activity. 096361
Feline **cardiology** [Cats]. 097693
Nonselective angiocardiography in the differential diagnosis of hypertrophic and congestive **cardiomyopathy** in the *feline.* 097724
Feline **dermatology** [Cats]. 097106
Feline **infectious** peritonitis: diagnosis and experimental reproduction of the disease. 097592
Some considerations on pathologic and epizootiologic aspects of *feline* **leukemia.** 097620
The *feline* **leukemia** complex. 3. Atypical leukemias. 097809
Effect of *feline* **panleukopenia** virus infection and development of humoral and cellular immunity. 097314
Feline **pulmonary** and pleural diseases [Cats]. 097107
Antibody to porcine, *feline* and **rat** parvoviruses in various animal species. 097597
The *feline* **urethral** shunt technique [Surgery]. 097151
Observations on recovery mechanisms from *feline* **viral** rhinotracheitis. 097291

FEMALE

Rate of ecdysteroids and ovarian development in **adult** *females* of Locusta migratoria. 102853
The subgenus Persicargas (Ixodoidea: Argasidae: Argas). 25. Effect of temperature on diapause termination in *female* **Argas** (Persicargas) arboreus Kaiser, Hoogstraal and Kohls. 102922
Increase of rDNA redundancy in **bb** *females* of Drosophila melanogaster. 103050
Histochemical study of the stalked glandular hairs of the *female* **Cannabis** plants, using fast blue salt. 099935
Spontaneous formation of translocation and nonhomologous pairing of chromosomes in Drosophila melanogaster. I. Production and genetic analysis of *females* **containing** Y-2 semitranslocations. 103098
Effect of photoperiod upon age and maintenance of sexual development in *female* **Coturnix** coturnix japonica [Japanese quail]. 096510
Sex expression and tail morphology of female progenies of smooth-tail and **crenate-tail** *females* of Pratylenchus penetrans [Nematodes, reared on alfalfa]. 101938
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: sperm **depletion** in the *female.* 102806
Deleterious effects of copulation in **Drosophila** *females* as a function of growth temperature of both sexes. 102928
Mycoplasma recovered from bovine male and *female* **genitalia** and aborted foeti. 097537
Preliminary studies on the ultrastructure of the *female* **gonad** of Xiphinema index and Xiphimena mediterraneum (Nematoda: Longidoridae) [reared on grapevine and olive tree respectively]. 101976
The *female* **gonad** of [the nematode] Longidorus africanus Merny and the influence of the [plant] host on its development. 101985
Inhibition of tonic secretion of luteinizing hormone by progesterone in **immature** *female* sheep. 096330
The use of traps baited with **live** *females* as a tool for improving control programs of the spiny bollworm, Earias insulana Boisd., in cotton fields. 102347
A possible origin and adaptive significance of the mounting behaviour shown by some *female* **mammals** in oestrus. 096950
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: egg hatch in *females* **mated** successively with normal and gamma-sterilized males and vice versa. 102807
Studies on the *female-sterile* **mutant** rudimentary of Drosophila melanogaster. I. An analysis of the rudimentary wing phenotype. 102909
Protease activity in *female* **Ornithodoros** tholozani ticks. 102782
Baculovirus-like particles in the reproductive tracts of *female* **parasitoid** wasps [Cardiochiles nigriceps, Microplitis croceipes, Chelonus texanus parasitoids of the budworm, budworm, Heliothis virescens]. 102295
Evidence of circadian rhythm of male responsiveness to *female* **pheromones** in Acrolepiopsis (Acrolepia) assectella Zell. (Lepidoptera). 102843
Postmating *female* odor in Heliconius butterflies: a male-contributed antiaphrodisiac? 103094
Sex expression and tail morphology of *female* **progenies** of smooth-tail and crenate-tail females of Pratylenchus penetrans [Nematodes, reared on alfalfa]. 101938
Study of the athresis of follicules in the ovary of *female* **rabbit.** 096507
Toxicity of delta9-tetrahydrocannabinol (THC) administered subcutaneously for 13 days to *female* **rabbits.** 097830
Influence of some external stimulations due to mating upon the *females* **reproductive** function in Acanthoscelides obtectus Say (Coleoptera, Bruchidae). II. Experimental study. 102814
Effect of some physiological and environmental factors on the production and release of sex pheromone by the *females* of the **rice** moth, Corcyra cephalonica (Stainton). 102326
Performance of Red X Rock **sex-linked** *females* in reverse and conventional laying cages of varying heights [Layers]. 096118
The effect of restricted watering time on Red X Rock **sexlinked** *females* [Chickens]. 096767
Changes in the corpus allatum vlume of *female* **Spodoptera** litura (Fabr.) related with age and reproduction. 102899
Correlations between branch characteristics and production of *female* **strobili** in longleaf pine [Pinus palustris, conelets, growth, flowering]. 100634
Impurities in cue-lure attractive to *female* **Tephritidae** [Dacus cucurbitae, Ceratitis capitata]. 102433
Adenohypophyseal gonadotrophin concentration in **thyroidectomized** *female* rats. 096277

FEMUR

Special techniques in veterinary **radiography:** the *femur.* 097153

FENCES

How to erect and operate **electric** *fences.* 103342
Farm **pasture** *fencing.* 103386
Selecting and treating Minnesota woods for *fence* **posts** [Decay prevention]. 098211

FENITROTHION

Ultraviolet irradiation of *fenitrothion* **[insecticide]** and the synthesis of the photolytic oxidation products. 102716
Chemistry of Sumithion *[fenitrothion,* **organophosphorus** insecticide]. 102766

FENUGREEK

Occurrence of collar rot [Rhizoctonia solani] of *Fenugreek* **[Trigonella** foenum-graecum] in Karnataka. 101410

FERMENTATION

Citric **acid** *fermentation* in Egypt. VII. Interaction between ethanol and trace elements. 095398
Citric **acid** *fermentation* in Egypt. V. The use of molasses as raw material for citric acid fermentation. 095761
Radiation action on bread making yeast Saccharomyces cerevisiae *[Fermentative* **action].** 095841
The working processes in alcohol factories by recovering the yeast and its **advantages** *[Fermentation].* 095532
Recycling of swine waste [for feed] by **aerobic** *fermentation.* 096066
Organic acid metabolism of yeasts during *fermentation* of **alcoholic** beverages a review. 095474
Study of the residues of an anti-Botrytis fungicide, 26 019R.p. in grapes and wines, and their effects on **alcoholic** *fermentation.* 102763
Determination of 14C [carbon isotope] content in *fermentation* **alcohols.** 095418
Effect of storage conditions on *fermented* **apple** juice. 095874
Effect of moisture content and porosity in compost at filling on the *fermentation* of **compost** during peak heating and yield of cultivated mushroom, Agaricus bisporus (Lange) Sing. 104125
Biomasses from fat by-products. III. Lipid composition of yeast cells [Candida lipolytica, Torulopsis holmii, **feed** *fermentation].* 096046
Effect of strain peculiarities of yeast on the *fermentation* of **grape** juice and the artificial media. 095972
Effect of temperature on the formation of higher alcohols and on the accumulation of biomass during the *fermentation* of **grape** must with various strains of yeast. 095974
Investigation of *fermentative* **hydrolysis** of hemicelluloses. III. Fermentative hydrolysis of hemicelluloses in wood at different delignification stages. 098326
Fermentation **industry**—sugar, pharmaceuticals, corn [Wastewater treatment]. 104554
Intensification of **lactic** *fermentation* in whey medium. 095670
Lipolytic *fermentations* of stickwater [a by-product of the fish meal and oil industry] by Geotrichum candidum and Candida lipolytica [Yeasts]. 095994
Ryodi Nakazawa, 1878-1974 **[Microbiologists,** *fermentation].* 095399
Effect of small amounts of fluoride on the activation of several [bacterial] microorganisms **[Milk,** *fermentation].* 095604
At the thirtieth anniversary of the IFO [Institute for *Fermentation,* **Osaka].** 093972
Descriptive catalogue of IFO [Institute for *Fermentation,* **Osaka]** fungus collection. IV. 098446
Purification and properties of lytic beta-1,3-glucanase from Flavobacterium dormitator var. glucanolyticae *[Fermentation* **process].** 095394
Method of must *fermentation* in the **production** of champagne and dry wine materials. 095960
Problems and potential associated with the production of protein from cellulosic wastes [to produce food and energy **products** through *fermentation].* 095490
Studies on chemical quality and feeding value of Italian ryegrass [Lolium multiflorum] silage. I. Influence of growth stage of Italian ryegrass on *fermentative* **quality** and and feeding value of silage [Dairy cattle]. 095999
Protein, methionine, lysine and a *fermentation* **residue** as variables in diets of young turkeys. 096760
Search for B-1 aflatoxin and similar fluorescent compounds in 'Misso' *[Fermented* **rice** and soybean]. 094890
Activity of tall fescue [Festuca arundinacea] alkaloids andanalogues in in vitro **rumen** *fermentation.* 096414
Manipulation of *fermentation* in the **rumen** [Sheep]. 096473
The effect of formic acid on the *fermentation* of **ryegrass** [Lolium] ensiled at different stages of growth and dry matter levels. 096014
Facts and thoughts on the biochemical causes of **secondary** *fermentation* of Emmental cheese. 095569
The effect of formalin and lower volatile fatty acids on **silage** *fermentation.* 096018
Gastric secretion and *fermentation* in the **suckling** pig. 096268
Amino acid composition of [grape] must in different *fermentation* **temperatures.** 095970
Influence of the enzyme preparation protoryzin P10x on the *fermentation* **vigor** and increase in biomass of the yeast Saccharomyces carlsbergensis r. 776 growing in beer wort. 095400

FERNS

The effect of freezing and organic solvents on viability of **chlorophyllous** *fern* spores [Equisetum arvense, Osmunda japonica]. 099691
Ferns from the **Kazakhstan** part of the Altai. 098611
Pteris excelsa Gaud.—a **new** *fern* record for Jammu and Kashmir state. 098597
Genetics of recessive lethality in the *fern,* **Osmunda** regalis [Pteridophyta]. 099327
Paracytic (syndetocheilic) stomata in carboniferous **seed** *ferns.* 098716
A field survey of mycorrhizas in New **Zealand** *ferns.* 099875

FERREDOXIN

Ferredoxin-sepharose **affinity** chromatography for the purification of assimilatory nitrite reductase [Spinach]. 100415
Ferredoxin **biosynthesis** in Euglena gracilis. 099542
Isolation of chick renal **mitochondrial** *ferredoxin* active in the 25-hydroxyvitamin D3-1alpha-hydroxylase system. 096424

FERRIC

Ability of an iron-efficient and an iron-inefficient corn inbred to take up 59Fe and FeSO4 [iron isotope, *ferric* **sulfate]** added to Yolo loam soil. 100148

FERTILITY

Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: *fecundity* as **affected** by mating, adult diet and artificial rearing. 102805
Readily soluble proteins and peroxidase of the heterotic hybrids, sterile and *fertile* **analogs** of onions. 099101
Bovine *infertility* associated with Mycoplasma infection. 097301
Effects of intrauterine infusion of gentamicin sulfate on **bovine** *fertility* [Metritis, dairy cattle]. 097764
Studies on the occurrence, cytology, *fertility* and **breeding** behaviour of aneuploids in induced autotetraploid Job's tears [Coix lacryma-jobi]. 099163
The relationship between semen evaluation methods and *fertility* in the **bull.** 096969
Infertility of **cattle** caused by mycoplasmas. 097336
Mating, longevity, fertility and *fecundity* of the **cotton** leaf-worm, Spodoptera littoralis (Boisd.) (Lepidoptera: Noctuidae). 102346
The *fertility* of **deep** frozen and room temperature preserved [bovine] semen in the tropics. 097080
Self-fertility and the **distribution** of seed yield in Vicia faba L. [Broadbeans]. 099209
Investigations of crops and *fertility*—a way to **economy** and efficiency [Soil testing, foliar analysis]. 103837
Problem of restoring and increasing the *fertility* of **eroded** soils. 104233
Exceptional *fruitfulness* [seed production] and its biological significance. 099959
Mating, longevity, *fertility* and **fecundity** of the cotton leaf-worm, Spodoptera littoralis (Boisd.) (Lepidoptera: Noctuidae). 102346
Comparative morphoanatomical study of the conductive system of the connective in sterile and *fertile* **forms** of plants. 098993
Effect of dietary aflatoxin [produced by the fungus Aspergillus flavus] on *fertility*, **hatchability**, and progeny performance of broiler breeder hens [Aflatoxicosis]. 096642
Effect of semen dose, frequency of insemination, age and productivity of the male on duration and levels of *fertility* and **hatchability** in the turkey. 097006
Evaluation by the heterospermic insemination technique of the differential effect of freezing at -196 degrees Celsius on *fertility* of **individual** bull semen. 096957
Concentration of alkaline phosphatase amylase and glucose in cervical mucus of *fertile* and **infertile** cows during oestrum. 096996
The performance of groundnut under paired row culture and two **levels** of *fertility*. 100870
Response of black gram [mungo beans] varieties to *fertility* **levels.** 104003
The role of applying organic fertilizers at different depth in increasing the *fertility* of **light** texture soils. 103956
Results and tasks of investigations in increasing the *fertility* of **light** soils in Estonia. 104191
Isofermentative composition of ovules of *fertile* **maize** plants and their sterile analogs. 100172
A comparative study on anther development in *male-fertile* and **male-sterile** plants of Pelargonium crispum L'Her. ex Ait. 098972
Overwintering, survival, *fecundity*, and **mating** behavior of the rice stink bug [Oebalus pugnax, Echinocloa crusgalli]. 102803
Fertility of **Merino** ewes. 1. The effect of ram-ewe ratio and paddock size. 2. Ram-seeking activity and the duration of heat. 096997
P [phosphorus] *fertility* and **mixed** salinity on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, phosphorus, chlorine] concentrations of tomato, corn, and sudan grass [Sorghum sudannese] grown in sand culture. 099676
Fecundity and **parthenogenesis** of the yellowheaded spruce sawfly, Pikonema alaskensis [Picea glauca]. 102479
Fertility of **pollen** form various forms of sugarbeets in the process of flowering. 100192
Light soddy-podzolic soils in the Moscow Region, their **properties** and *fertility*. 103755
Postpartum uterine involution and ovarian activity in dairy cattle *[Fertility,* **reproductive** physiology]. 097000
Major practices for increasing the *fertility* of **sandy** and loamy-sandy soddy-podzolic soils in the Vladimir Region [Dolomite as amendment, fertilizers, plantation plowing]. 103954
Practices for increasing the *fertility* of **sandy** podzolic soils in the Gor'ky Region. 104186
Results and prospects of investigations in increasing the *fertility* of **sandy** soddy-podzolic soils. 104190
The increase of **seed** *fertility* of Brassicoraphanus through cytological irregularity [Radishes, Japanese mustard]. 099214
Productive low oestrogen sub clover pastures in the southern wheatbelt [on **sheep** *fertility*, subterranean clover cultivars]. 100695
Dependence of the *fecundity* of **silkworm** [Bombyx mori] from the quality of the forage. 103242
Major ways of increasing the *fertility* of **soddy-podzolic** soils of light texture. 104185
Forest production and **soil** *fertility* at Nikhom Doi Chiangdao, Chiangmai province. 098102
Nitrogenous and biological index of **soil** *fertility* and the programming of wheat yield. 100196
Use of Leguminosae for building up **soil** *fertility* in dry tropical soils [Nitrogen fixation]. 103796
Mathematical function and **soil** *fertility* and fertilizer applcation. 103886
The Ferden Farm report: 1926-1970. I. Soil management; **soil** *fertility*. 104124
Ultrastructure of the stamen cells from *fertile* and **sterile** (cytoplasmic male sterility) forms of sugarbeets of different ploidy level. 099301
Destruction of the pars intercerebralis in Drosophila melanogaster: effect on *fertility* and **stimulation** of mating. 102994
Effects of boron and succinic acid 2,2-dimethyl hydrazide (SADH) on *fruitfulness* and **storage** behavior of 'Magness' pears. 100422
The synchronization of oestrus and **subsequent** *fertility* in ewes following treatment with a synthetic prostaglandin analogue (ONO 453). 097019
Fluprostenol in mares: clinical trials for the **treatment** of *infertility*. 097071
Effects of artificial insemination administration on egg laying, health and *fertility* in **White** Leghorn chickens. 096999
Effect of mixed salinity and P [phosphorus] *fertility* on **yield** and microelement composition of tomato, sweet corn and sudangrass in sand culture. 103976

FERTILIZATION

Effects of oviducal cells on the survival and *fertilizing* **ability** of fowl spermatozoa. 096955
Effect of NPK [nitrogen, phosphorus, potassium] fertilizers on yield in maize monocultures. I. NPK content of grains as **affected** by *fertilizing*. 103874
Study of the action and iteraction of kidney **bean** *fertilization* and irrigation under the conditions of the Agricltural Research Institute Obrastsov Chiflik in Ruse. 100805
Snap **bean** *fertilization* studies. 103892
Fertilizing **burley** tobacco. 103866
Time for **celery** *fertilization*. 103940
Soil chemical properties and crop yields as affected by **continuous** *fertilizing*. 103879
Response of wheat to **copper** *fertilization*. 104024
A histochemical study of some *post-fertilization* **development** stages in Dipcadi montanum Dalz. 098949
Fertilizing **[Economic** crops]. 104097
Fertilization **effects** on survival and early growth of planted loblolly pine [Pinus taeda] seedlings in the Ozarks. 100624
Study on the productivity and *fertilizing* of an **eroded** Chernozem soil. 103880
Fertilizing **farm** fish ponds. 096089
Foliar *fertilization* of soybeans during the seed-filling period. 103882
Experimental biological engineering to synchronise ovulation in gilts. III. Onset of ovulation, ovarian findings and *fertilization* **following** metallibure, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin] at different times of treatment. 096868
Forest *fertilization* in Sweden, 1975. 104042
Forest *fertilization* in Fastmark. 104112
Pollination and *fertilization* [of **fruit].** 099219
Practical applications of pollination and *fertilization* [of **fruit].** 099220
Effect of time of planting and *fertilisation* on **garlic** [Yield]. 101188
The time of incipient growth and [nitrogen] *fertilization* of **grass.** 100322
Response of Penstemon fruticosus to *fertilization* **[Ground** covers]. 100606
Behavior of potassium in **intensive** *fertilization* of sandy soil. 103900
Fertilization of **kidney** beans with micro- and macronutrient fertilizers. 103963
Fertilizing, **liming,** and soil improvement of marshland. 104104
Character of displaying selective fertilization in *self-fertilized* **lines** and hybrids of Lathyrus sativus. 099388
Influence of **long-term** *fertilization* and liming on the microorganism population in soddy-podzolic soils. 104107
Hybrid grain sorghum response to **magnesium** *fertilization*. 103944
Mutual selectivity in *fertilization* of **maize.** 099392
Economic analysis of N [nitrogen] *fertilization* of **maize** germplasms in Kulu Valley. I. Irrigated. 103967
Micro-vegetation *fertilizing* experiments on grey forest soils eroded in various degrees. 103877
Investigations of organic and **mineral** *fertilization* on different fruit growing sites in the German Democratic Republic. I. Studies on fruit-growing sites in the northern counties of the German Democratic Republic. 103898
Determining the most profitable **nitrogen** *fertilization* for corn production [Production costs]. 094448
Nitrogen concentrations of cotton leaves, buds, and bolls in relation to age and **nitrogen** *fertilization*. 100067
Effect of **nitrogen** *fertilization* and harvesting season on the fiber and cellulose production of a cultivar and hybrids of hemp. I. 100750
Cereal cyst nematode [Heterodera avenae] and N **[nitrogen]** *fertilization*. 101869
Influence of **nitrogen** *fertilization* level on the growth behaviour of Golden Delicious apple variety. 103950
Economics of **nitrogen** *fertilization* of sorghum. 103968
Effect of **nitrogen** *fertilization* and row spacing on the yield of hybrid pearlmillet. 103981
Response of dwarf wheat varieties to **nitrogen** *fertilization*. 104007
Response of sugarbeet to **nitrogen** *fertilization* and its economics. 104022
Nitrogen *fertilization* and biological thought. 104102
Effect of **nitrogen** *fertilization* on the productivity of sorghum-Sudan grass [Sorhum vulgare sudanense] cultivars and millet in Rio Grande do Sul, Brazil. 104156
Effect of **nitrogen** *fertilization* on yield and quality of sugarbeet with different plant densities. 104162
Studies on overcoming self-incompatibility by means of testtube fertilization and development of *fertilized* **ovules** into viable seeds in Petunia hybrida. 099339
Fertilizing **pecan** trees in the home lawn. 104035
Can you spare **phosphoric** *fertilizing?* 104143
Response of potato to nitrogen and **phosphorus** *fertilization*. 104018
Biomass response to [forest] *fertilization* in the **Piedmont.** 104120
Influence of N [nitrogen] *fertilization* and **planting** methods on yield and N uptake in sugarcane. 103996
Pod and leaf photosynthesis and disease incidence in soybean (Glycine max (L.) Merr.) with **potassium** *fertilization*. 100157
Seasonal changes in minerals, protein, and yield of tall fescue [Festuca elatior] forage as influenced by nitrogen and **potassium** *fertilization*. 100321
Effect of nitrogen, phosphorus and **potassium** *fertilization* on grain yield and phosphorus content of gram (Cicer arietinum Linn.) [chickpeas]. 100413
Dry matter accumulation in spring hybrid maize as affected by N P K [nitrogen, phosphorus, **potassium]** *fertilization*. 103966
Response of potato (Solanum tuberosum) to varying levels ofirrigation and NPK [nitrogen, phosphorus, **potassium]** *fertilization*. 104325
The importance of activities of Gyorgy Varallay, Sen. In the Hungarian agrochemical science and in *fertilization* **practice** [Agrochemistry, Hungary]. 103881
Early wet **season** *fertilization* of Para grass for use as saved fodder in the Northern Territory, Australia. 104155
Investigations into the effect macronutrients and of times of *fertilization* on the **seed** yield of China aster (Callistephus chinensis (L.) Nees). 103899
Character of displaying **selective** *fertilization* in self-fertilized lines and hybrids of Lathyrus sativus. 099388
Influences of some conditions of nutrition and *fertilization* on the **technological** quality of sugarbeets. 103865
Studies on overcoming self-incompatibility by means of **testtube** *fertilization* and development of fertilized ovules into viable seeds in Petunia hybrida. 099339
Effect of topping on yield and quality of burley **tobacco** *[Fertilization].* 103914
Inhibition of *fertilization* in **vitro** by treatment of rabbit spermatozoa with univalent isoantibodies to rabbit sperm hyaluronidase. 096960
Studies on **wheat** *fertilization* with urea ammonium phosphate. 104028
Economic effectiveness of irrigating and *fertilizing* **wheat,** maize and sugarbeets. 104327
Relationship between *fertilization* and **world** wide food- and energy requirements as well as with environmental problems. 103878
Investigation on the effect of macronutrients and times of *fertilization* on the **yield** of cut flowers of China aster (Callistephus chinensis (L.) Nees). 103896
The effect of N & P [nitrogen, phosphorus] *fertilization* on the **yield** of green herb and alkaloid content of Belladona [Atropa belladonna]. 104030
Effect of *fertilization* on **yield** and specific gravity of Abnaki, Katahdin, and Sioux grown continuously and in two-year rotation [Potatoes]. 104123

FERTILIZERS

Alteration of the properties of Grey Forest soils as **affected** by *fertilizers*. 104044
Material cost and availability [of *fertilizers* and **agricultural** chemicals]. 104122
Application of *fertilizers* in **alfalfa** seed plantings. 104049
Chemical evaluation of vegetables grown with conventional or organic soil *[fertilizer]* **amendments.** 103923
Mathematical function and soil fertility and *fertilizer* **applcation.** 103886
Dynamics of phosphatase activity in soil and root tissue of winter wheat as a result of *fertilizer* **application.** 100123
Peculiarities of maize growth and development as related to the **application** of *fertilizers*. 100128
Uptake of the major nutrients and the yield of maize grain as related to the **application** of *fertilizers*. 100138
Utilization of nutrients by plants [of field crops] in a rotation with *fertilizer* **application** according to a planned yield. 100204
Plastid pigments content of eggplant leaves as dependent on *fertilizer* **application.** 100439
Fertilizer **application** in early potatoes in the south of the Khmel'nitskaia Region. 100499
Study on the root system of the Kjustendilska Sinja plum variety grafted on a myrobalan plum root stock [in relation to plowing and *fertilizer* **application].** 101159
The role of pesticides in the increasing scale of *fertilizer* **application** in farm cropping. 102145
Confirmation of the method of "systematic variants" for a binary interaction *[Fertilizer* **application].** 103885
Methodology of the development of balance systems of *fertilizer* **application** in crop rotations on soddy-podzolic soils. 103961
Effectiveness of the methods of increasing the depth of the plowing **layer** in soddy-podzolic loamy-sandy soils with various **applications** of *fertilizers*. 104183
Utilization of the major nutrients by maize hybrids in relation to **applied** *fertilizers*. 100139

The change of the organic substance of forest soils under the effect of *fertilizers* **[applied]** in cultivated and natural pine stands. 104133
Yield and quality of cuttings as related to irrigation in combination with *fertilizers* **applied** to rootstock bushes of grapevine. 104430
Study of a track-marking device in machines for **applying** *fertilizers.* 103629
Response of soybean cultivars to inorganic and **bacterial** *fertilizers.* 100133
Use of waste pyrites from mine operations [in Colorado] on highly calcareous soil [Soybeans, **banding** of *fertilizers].* 103932
Determination of the operating width of a centrifugal **broadcaster** [of *fertilizers].* 103520
Norms of *fertilizers* for **Cabernet-Sauvignon** wide-row, high-formed [grape] varieties in dark-gray forest soils. 101147
Change in the NPK [nitrogen, phosphorus, potassium] content of maize grains and recovery of *fertilizers* on a **calcareous** sandy soil. 103872
Application of *fertilizers* on **cereals** under irrigation in eastern Kazakhstan. 104056
Effect of organic manure and **chemical** *fertilizers* on opium poppy [Papaver]. III. Role of phosphate on the yield of opium, morphine and poppy seeds. 103983
Agricultural waste products, *fertilizers,* and **chemical** additives as factors of environmental hygiene. I. 104473
Agricultural waste products, *fertilizers,* and **chemical** additives as factors of environmental hygiene. II. 104474
Selection problems in choice of different types of **commercial** *fertilizers.* The use of more nitrogen for grain. 104098
Use of **commercial** *fertilizers.* 104099
Sulphur nutrition of maize in hill application of *fertilizers* on **common** Chernozem. 100135
Effect of simazine and **complete** *fertilizer* on the yield and quality of raspberries. 102141
Long-duration application of *fertilizers* in the **conditions** of the northwestern regions of the Ukrainian steppe. 103907
Problems of application of *fertilizers* to **cotton** on eroded soils. 104154
Winter rye grain quality as related to the system of *fertilizers* in a **crop** rotation. 100235
Systematic application of *fertilizers* in **crop** rotations. 103910
Response of high yielding Rabi rice to *fertilisers* in **cultivators'** fields of Orissa. 104009
Productivity of cotton as related to the levels of *fertilizers* and the **degree** of soil salinization. 104085
Operation process of a scraping cylinder *[Fertilizer* **discharger].** 103535
On the influence of manure and *fertilizers* on the **distribution** and amounts of plant-available Cd [cadmium] in soils. 104142
Economics of *fertiliser* use under **dryland** conditions [Costsand returns]. 094410
Use of **durable** *fertilizers* on Begonia. 103945
Application of *fertilizers* in **early-maturing** red clover in the Ukrainian Poles'ye. 104050
Nutrition of fruit crops and the forecast of the **effectiveness** of *fertilizers.* 100506
Response of sugarcane to filter press mud and N, P, and K [nitrogen, phosphorus, potassium] *fertilizers.* II. **Effects** on plant composition and soil chemical properties. 103884
Effect of levels and sources of nitrogen on wheat. I. Yield components, yield and *fertilizer* **efficiency.** 103972
Fertilizer **efficiency** for corn and grain sorghum. 104117
Increasing the effectiveness of *fertilizers* on **eroded** soils in the Andizhan Region. 104153
Fertilizers **essential** for north coast tomatoes. 103868
Determination of the optimal number of field **experiments** with *fertilizers.* 104061
Determination of the moisture content of *fertilizers* by the **extraction-chromatographic** method. 104062
Differential photometric method of determining aluminum in rock phosphates, *fertilizers* and **extractive** phosphoric acid. 104063
Nutrient uptake by Chlorella vulgaris and Anacystis nidulans isolated from the effluent of a *fertilizer* **factory** [Algae]. 104519
Prices of *fertilisers* and **fertiliser** raw materials. 103942
Some solutions for the degradation of permanent pastures *[Fertilizer* use]. 100911
The display of negative properties of some forms of *fertilizers* during the **germination** of pine and spruce seeds [in forest nurseries]. 104134
Effect of *fertilizers* on the **herbicidal** activity of triazine preparations when applied in combination. 102086
Idaho *fertilizer* guide: onions. 103937
The role of *fertilizers* in **increasing** the yield of farm crops in the regions of East Siberia. 104091
Responsibilities & opportunities in forages: the *fertilizer* **industry.** 104116
Effect of sowing density and levels of **inorganic** *fertilizers* on the anatomical structure of spring wheat stem. 099038
Effect of **inorganic** *fertilizers* and herbicides on the productivity of maize under irrigation. 100729
Improvement of the technology and means for the application of **inorganic** *fertilizers.* 103528
Methodology of calculating economic effectiveness of broadcasters of **inorganic** *fertilizers.* 103531
Comparative effectiveness of simple and compound **inorganic** *fertilizers* applied at different timing and by different ways. 103904
Effectiveness of **inorganic** *fertilizers* in presowing application in maize sown after different precursors. 103906
About the effect of **inorganic** *fertilizers* on the increment of spruce [Picea] and pine [Pinus]. 103952
Calculated levels of **inorganic** *fertilizers* for forecasting a planned yield of sugarbeets in the conditions of the western regions of the Ukrainian SSR. 103958
Application of **inorganic** *fertilizers:* quality of yield and environment protection. 104046
Application of **inorganic** *fertilizers* in East Siberia. 104047
Comparison of the effectiveness of **inorganic** *fertilizers* and manure in a four-field crop rotation including a clover-grass mixture (experiments of 1931-1974). 104058
Economic effectiveness of applying **inorganic** *fertilizers* in potatoes in the farms of the Moscow Region. 104064
Economic effectiveness of higher levels of **inorganic** *fertilizers* in the collective farms of the Cherkassy Region. 104065
Mechanized application of **inorganic** *fertilizers* in field experiments [Potatoes, wheat]. 104078
Effect of **inorganic** *fertilizers* on the yield and quality of the seeds of Italian ryegrass [Lolium multiflorum] in the conditions of the Carpathian foothills. 104135
Effect of **inorganic** *fertilizers* on the growth of the forest stand of the European planetree (Platanus orientalis L.) on slightley waterlogged soils from the Colchis Lowland. 104137
Effect of **inorganic** *fertilizers* on the microflora as related to the quality and degree of soil salinization. 104150
Effect of various levels of **inorganic** *fertilizers* in cotton crops with different degrees of salinization and concentration of soil solution. 104151
About a possible contamination of the environment as a result of applying **inorganic** *fertilizers* (review of literature). 104591
Effectiveness of new kinds and forms of microfertilizers (on the basis of research work of the laboratory of microelements of the Scientific-Research Institute of *Fertilizers* and **Insecticides-fungicides).** 104106
Genotype X *fertilizer* **interactions** in slash pine [Pinus elliottii elliottii]: growth and [fertilizer] nutrient relations. 103943
About the principles of designing schemes of field experiments with *fertilizers* in **irrigated** cotton growing. 104043
Placement and broadcasting of NPK [nitrogen-phosphorus-potassium] *fertilizer* for **late** maturing potatoes. 104148
Performance of hirsutum cotton varieties under different sowing dates, spacings and *fertilizer* **levels.** 100857
Planned yield and the effectiveness of calculated **levels** of *fertilizers.* 103962
The role of sowing lupine, application of *fertilizers* and **lime** in the cultivation of soddy-podzolic sandy and loamy-sandy soils. 103957
Organizational and economic aspects of applying **liquid** *fertilizers.* 104083
Local *fertilizers* for farmlands [Utilization of sapropel]. 104096
Fertilization of kidney beans with micro- and **macronutrient** *fertilizers.* 103963
Maintenance *fertilizer* requirements [Pasture management]. 104158
Effect and aftereffect of *fertilizers* on **maize** yield and its quality in the Central-Chernozem zone. 100124
Single and split application of *fertilizers* in **maize** for silage on ordinary Chernozems. 100231
Ways of sound application of *fertilizers* in **maize** and other field crops. 103911
Study of the balanced nutrition of forage plants according to Homes **method** *[Fertilizers].* 103887
The Amazone Jet (Bara) pneumatic distributer of *fertilizer* and **microgranules.** 103431
The application of **micronutrient** *fertilizers* in forest nurseries of the taiga zone. 104132
Response of late sown wheat to placement of **micronutrients** along with *fertilizers.* 104011
Effect of **mineral** *fertilizer* application on cucumber seed yield and seed qualities. 103949
Vegetative growth, yield and quality of cauliflowers relative to [the application of] **mineral** *fertilizers.* 103951
The influence of **mineral** *fertilizer* addition on the group and fractional composition of organic substance in peat composts from upper and lower peat. 104160
Molybdenum *fertilizers* as a factor of increasing the yield of forage crops (analytical review). 104081
Irrigation and *fertilizer* **needs** of wheat in clay loam soil of Tarai tract of Uttar Pradesh. 103998
Effects of **nitrogen** *fertilizer* on malting quality of widely varying barley cultivars. 095785
Economic analysis of research with grain produced with different **nitrogen** *fertilizers* for slaughter swine. 096048
Grain produced with different **nitrogen** *fertilizers* for slaughter swine. 096049
Effect of preceding winter crops, level of **nitrogen** *fertilizer,* distance between hills and method of harvesting on the yield of maize plants. 100713
Nitrogen *fertilizer* on frequently harvested Brussels sprouts. 103901
Different levels of soil organic matter in desert soil and **nitrogen** *fertilizer* on yields and mineral composition of barley grown in the soil. 103924
Fertilizer N **[nitrogen]:** the key to profitable corn production with changing prices and production costs. 104118
The effect of increased application of **nitrogen** *fertilizer* and irrigation on varieties of grass, 1968-1971. 104149
Effects of three **nitrogen** *fertilizers* and lime on pH [hydrogen-ion concentration] and exchangeable catton content at different depths in cropped soils at two sites in the Nigerian savanna. 104157
Influence of irrigation and application of **nitrogenous** *fertilizers* on the composition and certain properties of wheat proteins. 100103
Utilization of phosphates by potatoes depending on the form and way of applying the accompanying **nitrogenous** *fertilizer.* 100508
Time of application of **nitrogenous** *fertilizers* in winter wheat under the conditions of irrigation. 100738
Method of biological control and the forecast of the effectiveness of applying **nitrogenous** *fertilizers.* 103960
Effect of **nitrogenous** *fertilizers* on the fresh herb, oil yield and oil content of Mentha [piperita vulgaris]. 103980
Relative efficiency of **nitrogenous** *fertilizers* on lima beans. 104002
Suitability of **nitrogenous** *fertilizers* for wheat in salt affected soils. 104029
Effect of different **nitrogenous** *fertilisers* on the yield and quality of flue-cured tobacco (Nicotiana tabacum L.) var. virginia Gold. 104034
Nitrogenous *fertilisers* for cereal production. 104037
Effect of **nitrogenous** *fertilizers* on the yield of hemp on leached Chernozem in the central foothill region of the Caucasus. 104070
Timing of the application of **nitrogenous** *fertilizers* in cotton on meadow and boggy-meadow soils in the Zeravshan Valley. 104093
Foliar application of **nitrogenous** *fertilizers* to barley. 104147
Effectiveness of various forms of **nitrogenous** *fertilizers* on drift soils. 104152
Fertilisers for **North** Island sheep and cattle farms. 104119
Genotype X fertilizer interactions in slash pine [Pinus elliottii elliottii]: growth and *[fertilizer]* **nutrient** relations. 103943
The aftereffect of *fertilizers* on the **nutrition** and productivity of maize. 100136
Investigation of enzymes of sucrose metabolism in fodder beet roots in connection with conditions of nitrogen **nutrition** *[Fertilizers].* 100316
Energy productivity of perennial grasses with calculated levels of *fertilizers* for **obtaining** a planned yield of hay. 100194
Beware synthetic blood and bone **[Organic** *fertilizers].* 103867
Organic *fertilizers* show bright promise. 103870
The role of applying **organic** *fertilizers* at different depth in increasing the fertility of light texture soils. 103956
Control over the preparation and storage of **organic** *fertilizers* in the Krasnodar Territory. 104059
Effect of inorganic and **organic** *fertilizers* on the yield of early potatoes on sandy soils in the Bryansk Region. 104066
Determination of major parameters and operation regimes of paddle mixers for the preparation of enriched **peaty-silty** *fertilizers.* 103521
Automated system of administration over the provision of farm production with chemicals *[Fertilizers,* **pesticides].** 094274
An appropriate material and technical basis of provision of chemicals for each farm *[Fertilizers,* **pesticides,** Molodechno Region]. 104045
Provision of farm production with chemicals: tenth Five-Year-Plan period *[Fertilizers,* **pesticides].** 104087
The provision of farm production with chemicals in the tenth Five-Year-Plan period *[Fertilizers,* **pesticides].** 104090
Implications of **phosphate** *fertilizer* price rises for wheat farming. 104039
Effect of **phosphate** *fertilizer* on rice in soils derived from basalt. 104126
Efficient use of **phosphatic** *fertilizers* for wheat. 103992
Application of different **phosphorus** *fertilizers* on winter wheat in the conditions of irrigation. 104055
Nitrogenous and **phosphorus** *fertilizers* in potato growing. 104082
Phosphorus *fertilizers* and the yield of spring wheat in the arid steppe of the North Kazakhstan. 104084
Effect of various levels of *fertilizers* on the **photosynthetic** activity, yield and quality of the grain of tall- and short-stem cultivars of spring wheat under irrigation. 100193
Levels of *fertilizers* for a **planned** yield. 103959
Major practices for increasing the fertility of sandy and loamy-sandy soddy-podzolic soils in the Vladimir Region [Dolomite as amendment, *fertilizers,* **plantation** plowing]. 103954
Study of the movement of the air flow in the zone of the inlet opening of a suction nozzle **[Pneumatic** *fertilizer* loader]. 103548
The effect of nitrogen, phosphorus and **potassium** *fertilizers* on the yield and quality of maize silage. 103931
Dependence of the yield and quality of early cabbage in vegetable crop rotation from the forms of nitrogenous and **potassium** *fertilizers.* 104060
Effect of **potassium** *fertilizers* on the yield of potatoes on sandy soddy-podzolic soils. 104071
Effectiveness on phosphorus and **potassium** *fertilizers* in cotton crops as related to the content of phosphorus and potassium in soils. 104075
Study on the effect of cement kiln dust as **potassium** *fertilizer* on rice and soybean. 104131

Application of *fertilizers* and the **productivity** of herbaceous plants in the establishment of a vegetation cover on gully slopes. 103903
Effect of irrigation and *fertilizers* on the **quality** of grapes and wine in the conditions of the south of the Odessa Region. 104425
Application of *fertilizers* in **radical** improvement of grasslands in the Kokchetav Region. 104054
Fertilizer use in **rainfed** crops. Grain yield and nitrogen uptake. 103994
Response of pigeonpea to *fertilizers* under **rainfed** conditions. 104017
Effect of soil moisture and *fertilizers* on the **rate** of photosynthesis of grapevines. 100432
Fertilizer trials with a machine that continously changes the *fertilizer* **rate** [Grain]. 103399
Prices of fertilisers and *fertiliser* **raw** materials. 103942
Effect of NPK [nitrogen, phosphorus, potassium] fertilizers on yield in maize monocultures. II. Nutrient balance and **recovery** of *fertilizers*. 103875
Microbiological and enzymatic activity of soil under maize in **relation** to *fertilizers*. 103908
Response of winter wheat to *fertilizers* in **relation** to its varietal pecularities and preceding crops. 103909
A study on *fertiliser* **requirement** of gram (Cicer arietinum, Linn) [Chickpeas] in Tripura. 103939
Studies on *fertilizer* **requirement** of selected new and promising rice varieties in coastal tract of Karnataka. 104110
Methodology of sampling the leaves of black currant for the diagnosis of its *fertilizer* **requirements.** 100501
Use of "soil diagnosis" for the estimation of *fertilizer* **requirements** of Ivory Coast cocoa plantations. 103917
Varietal differences of paddy rice to *fertilizer* **response** under different cultural conditions in Korea. 100977
Agriculture group and fertiliser society symposium soil analysis and *fertiliser* **response.** 103780
Application of *fertilizers* in **seed** crops of meadow grasses in the Ukrainian Poles'ye. 104053
Effect of a **slow-acting** *fertilizer* [isobutyliden-dicarbamide] on the yield of medium early tomatoes. 103948
Microbial degradation of oil spills enhanced by a **slow-release** *fertilizer*. 104449
Agriculture group and *fertiliser* **society** symposium soil analysis and fertiliser response. 103780
Absorption of *fertilizer* and **soil** nitrogen by rice plants under the various cultural conditions of different paddy fields. III. Relationship between kinds of rice seedlings and absorption of nitrogen by rice plants and general discussion. 100323
Effect of *fertilizers* and **soil** moisture on absorption of water and mineral nutrients by the grapevine. 100429
Progress and goals in using chemicals [in agriculture] in the Ukraine *[Fertilizers,* **soil** improvement materials]. 104086
Application of *fertilizers* on **soils** of the Donets Ridge. 104051
59Fe [iron] isotope dilution methods to determine labile Fe in soil and Fe uptake from *fertilizer* **sources.** 103934
Equipment for **spreading** *fertilizer*. 103477
Labor requirements for managing and **spreading** *fertilizer* [Equipment]. 103647
Real control when **spreading** *fertilizer!* 104111
Moisture absorption by *fertilizers* during **storage.** 104080
Developing **storage** for loose *fertilizer*. 104144
Fertilizer **studies** on bajar [pearlmillet] under dryland conditions. 103993
Application of *fertilizers* in **sugarbeets** under irrigation in Kirgizia. 104052
Effects of manures, *fertilizers* and **topping** on Virginia tobacco in north Bengal. 103989
Fertilizer **trials** with a machine that continously changes the fertilizer rate [Grain]. 103399
Analytical study of the productivity of a supplying mechanism for a **turf** *fertilizer* broadcaster. 103513
Application of *fertilizers* in the **Ukrainian** SSR and their economic effectiveness. 104048
Field experiment with 15N [nitrogen isotope] on the efficiency of *fertilizer* **utilization** by wheat. II. Rate and time of application. 103995
Response of different winter wheat **varieties** to *fertilizers*. 104089
A new look at animal **wastes** as *fertilizer*. 103941
Application of *fertilizers* in **winter** wheat and spring barley on southern Chernozems and dark Chestnut soils. 104057
Effect of plant density and *fertilizers* on the **yield** of green mass of maize on the Chernozems in the Volgograd Region. 100730
Effect of NPK [nitrogen, phosphorus, potassium] *fertilizers* on **yield** in maize monocultures. I. NPK content of grains as affected by fertilizing. 103874
Effect of NPK [nitrogen, phosphorus, potassium] *fertilizers* on **yield** in maize monocultures. II. Nutrient balance and recovery of fertilizers. 103875
Effect of foliar dressing [with *fertilizers]* on the **yield** and quality of buckwheat grain in the conditions of the Poltava Region. 103902
Effect and aftereffect of *fertilizers* on the **yield** of maize in the conditions of the Azov upland. 103905
Effect of soil properties and *fertilizers* on the **yield** of unretted straw and seeds of fiber flax in the Kostroma Region. 104072
Fertilizers and the **yield** of winter wheat. 104076
Effect of different levels of *fertilizers* on the **yield** of irrigated vineyards. 104161
Effect of the irrigation regime and *fertilizers* on the **yield** of cotton on cultivated meadow soils in the Fergana Valley. 104348

FERULA

A new species of *Ferula* **[taucumica]** from the Taukuma Desert. 098526

FERULIC

Oxidative coupling of bromo- and *iodo-ferulic* **acid** derivatives: synthesis of (plus/minus)-veraguensin [Phyllanthus niruri]. 100011

FESCUE *see* FESTUCA

FESTUCA

Activity of tall fescue *[Festuca* **arundinacea]** alkaloids andanalogues in in vitro rumen fermentation. 096414
Exotic grass *[Festuca* **arundinacea,** Paspalum] yields under southern pines [Pinus elliottii, Pinus taeda]. 098165
Nitrate-N [nitrogen] and total N concentration relationships in several plant species [Maize, spinach, mustard, *Festuca* **arundinacea**]. 099470
Reed fescue *[Festuca* **arundinacea,** varieties, breeding]. 100898
Seedling growth of four grasses [Lolium perenne, *Festuca* **arundinaceae,** Holcus lanatus, Poa trivialis]. 100218
Studies in *Festuca*. 7. **Chromosome** atlas. 2. An appraisal of chromosome race [geographical] distribution and ecology, including Festuca pratensis var. apennina (De. 099161
Seasonal changes in minerals, protein, and yield of tall fescue *[Festuca* **elatior]** forage as influenced by nitrogen and potassium fertilization. 100321
Autumn treatment of seed fields with red **fescue** *(Festuca* rubra). 100993
Studies in Festuca. 7. Chromosome atlas. 2. An appraisal of chromosome race [geographical] distribution and ecology, including *Festuca* **pratensis** var. apennina (De. 099161
Delayed senescence in *[Festuca* **pratensis]** leaves treated with the protein synthesis inhibitor MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methylpropionamide]. 100282
Autumn treatment of seed fields with **red** *fescue* (Festuca rubra). 100993
Reed *fescue* [Festuca arundinacea, varieties, breeding]. 100898
Activity of **tall** *fescue* [Festuca arundinacea] alkaloids andanalogues in in vitro rumen fermentation. 096414
Seasonal changes in minerals, protein, and yield of **tall** *fescue* [Festuca elatior] forage as influenced by nitrogen and potassium fertilization. 100321

FETAL

BVD [bovine virus diarrhea] virus in commercial fetal calf serum and 'normal' and **aborted** *fetuses*. 097511
Histological observations on the developing intestine of the **bovine** *fetus*. 096540
Immunoglobulin concentrations and bovine enterovirus inhibitors in *fetal* **bovine** fluids. 097315
Lesions and microorganisms in aborted **bovine** *fetuses* with bovine viral diarrhea antibodies. 097532
The first manifestations of freemartinism in the **calf** *fetus* do not depend upon XX/XY chromosomal chimerism. 096888
A simple technique for mass cultivation of **Campylobacter** *fetus* [for agglutination tests in diagnosing infection in animals and for vaccine preparation]. 097286
The composition of ruminal and abomasal fluid from **catheterised** *fetal* sheep during the last 50 days of pregnancy. 097030
BVD [bovine virus diarrhea] virus in **commercial** *fetal* calf serum and 'normal' and aborted fetuses. 097511
Decreased dietary protein or energy intake and plasma growth hormone levels of the pregnant pig, its *fetuses* and **developing** progeny. 096713
Enzymatic activity of *fetal* **digestive** organs and placenta in wild sheep of Turkmenia [compared to domestic sheep]. 096579
Testosterone secretion by the **early** *fetal* pig testes in organ culture. 096883
Prostaglandins in the circulation of the *fetal* **lamb.** 096527
The secretory ameloblast of the **mini-pig** *foetus*. 096309
Sleep cycles of *fetal* and **neonatal** lambs. 096282
Fetal and **neonatal** development of the microsomal monooxygenase system. 096327
Glycogen and alkaline phosphatase in the liver of *fetuses* and **newborn** lambs and piglets. 096582
Gain in weight of the musculature of wild sheep during the *fetal* **period** [compared to domestic sheep]. 096581
Foetal and **placental** ornithine decarboxylase activity in ther rat—effect of maternal undernutrition. 095141
Free and conjugated steroids in maternal and *fetal* **plasma** in the cow near term. 096879
Fetal **serology** as an aid to diagnosis of bovine abortion [Bacterial infections]. 097521
A note on the localization of alkaline phosphatase in thirty-day-old **sheep** *foetuses*. 096408
Plasma thyroxine concentrations in ewes and their *fetuses* during the last **six** weeks of pregnancy. 097029
Lipolytic activity of the liver in sheep and **swine** *fetuses* and newborns [Lipid metabolism]. 096585
A five year summary of virus isolations from **swine** *fetuses*. 097499
About the creation of infectious conditions for stinking smut [Tilletia caries, **Tilletia** *foetida]* and [Fusarium] root rots of wheat [Evaluation of varietal disease resistance]. 101457
Fetal **toxicity** of toxaphene in rats and mice. 102670

FEVER

East **Coast** *fever*. 2. Cross-immunity trials with a Kenya strain of Theileria lawrencei [Cattle]. 097653
East **Coast** *fever*. 3. Chemoprophylactic immunization of cattle using oxytetracycline and a combination of theilerial strains. 097654
Dairy: **milk** *fever* [parturient paresis] in dairy cows [Metabolic diseases]. 097792
Bovine respiratory disease (BRD) **(shipping** *fever* complex). 097868
Isolation of a **spotted** *fever* group rickettsia from the Pacific coast tick, Ixodes pacificus, in Oregon. 102548
The role of wild pigs in the epidemiology of African **swine** *fever* [Ornithodoros]. 097351
Laboratory diagnosis of African **swine** *fever*. 097528
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African **swine** *fever,* hog cholera, rinderpest, vesicular exanthema of swine, vesicular stomatitis and foot-and-mouth disease. 097558

FIBERBOARD

The Aseptic Compak [for filling milk in *cardboard* **cartons,** dairy processing equipment]. 095644
Studies on the care and storage of raw silk. 5. On the preventive effect of the outer packaging of **corrugated** *fiberboard* box on the dewfall phenomenon. 095517
Fiberboards. **Raw** materials—defibration conditions—waste water. 098380
Cross-link wet-stiffening of paper: the mechanism [tested on *paperboard* from **unbleached** southern pine]. 098417

FIBERS

Utilization of backcrosses for obtaining initial material in **breeding** *fiber* flax. 099118
Breeding *fiber* flax for resistance to diseases. 099267
Changes in *fibre* **cell** wall porous structure in acid and alkali treatments. 098296
Investigation of **cellulose** *fibre* structure by means of new preparation technique. II. Some pecularities of preparation technique. 098323
Investigation of **cellulose** *fibre* structure by means of new preparation technique. III. Some features of spruce tracheid structure in contact points with rays. 098324
Investigation of **cellulose** *fibre* structure by means of new preparation technique. IV. Inner layer structure of spruce tracheid secondary wall. 098325
Effect of nitrogen fertilization and harvesting season on the *fiber* and **cellulose** production of a cultivar and hybrids of hemp. I. 100750
Crill—the fine fraction of pulp **[Cellulosic** *fibres].* 098284
Folate content of Iranian breads and the effect of their *fiber* **content** on the intestinal absorption of folic acid. 094958
Factors affecting protein and *fibre* **content** in sunflower grits and possibilities of producing grits of low fibre content. 096052
The influence of *fiber* in the **diet** on dilation (hypertrophy) of the proventriculus in chickens. 096648
Dietary *fiber* in human nutrition and disease. 094908
Definition of **dietary** *fiber* and hypotheses that it is a protective factor in certain diseases. 094983
Dietary *fiber*. 095036
Effect of **dietary** *fibre* on gallstone formation in hamsters. 097773
Oil content in seeds of *fiber* **flax** varieties. 095773
Study of the anatomical structure of stem of *fiber* **flax** from the world collection of the All-Union Institute of Plant industry. 099047
Collection of *fiber* **flax** entries as a source of resistance to rust. 099440
Evaluation of [world] collections of *fiber* **flax** varieties for breeding. 099443
Nutrition diagnosis of *fiber* **flax,** oats and buckwheat. 100229
Accumulation of carbohydrates and lignin in the stems of *fiber* **flax** stems with different resistance to lodging. 100325
Effect of soil properties and fertilizers on the yield of unretted straw and seeds of *fiber* **flax** in the Kostroma Region. 104072
Breeding for **high** *fibre* yield in Mesta [Kenaf]. 099316
Intensive *fiber* utilization and prescribed fire: effects on the microbial ecology of forests. 098869
The efficiency of stratified sampling in the estimation of parameters for a bivariate norman population *[Fibre* **length** within wool staples]. 094642
Reduction of water consumption and *fiber* **losses** at Eker Paper Mill [Minimum freshwater volume required for producing different paper grades]. 098383
Low *fiber* content of Connecticut diets. 094994
Factors affecting protein and fibre content in sunflower grits and possibilities of producing grits of **low** *fibre* content. 096052

Evaluation of protein and **nutritive** *fiber* content of cultivated Russian-thistle [Salsola weed used as forage]. 095991
Variability of slash pine [Pinus elliottii] wood in the radial direction [Wood **properties,** *fibers].* 098233
Tension development in skinned glycerinated rabbit **psoas** *fiber* segments irrigated with soluble myosin fragments. 096253
Hypoxia increases potassium efflux fom mammalian myocardium [Cat and guinea-pig papillary muscles, bovine **Purkinje** *fibres].* 096348
Alpha-galactosidase production [from soybean whey] and use in a *hollow-fiber* **reactor.** 095766
Thermomechanical pulp—a matter of fashion or a **realistic** *fiber* alternative? 098386
The deformation characteristics of polymer **reinforced** *fiber* networks [Board materials]. 098421
Motor and **sensory** *fibres* of neck muscle nerves in the cat. 096298
The occurrence of **septate** *fibres* in some New Zealand woods. 098378
Identification of noradrenergic and **serotonergic** *fibers* in the median eminence : a radioautographic, pharmacological and microspectrofluorimetric study [Ducks]. 096196
Studies on the exfoliation of **silk** *fibers.* 5. On the relation between the falling of dye and swelling in the exfoliation defect panels. 095510
The methodology of checking the reliability of the technological evaluation of **unretted** *fiber* flax straw. 095846
Halothane-induced rigidity and associated glycolytic and energy phosphate changes in red and **white** *fibres* of skeletal muscle of the pig. 096437
A physiological analysis of **wood** *fiber* yield. 098391

FIBRILS
Atrial *fibrillation* in the dog and cat. 097686
Fibrillation of **tropoelastin** induced by proteoglycan [Bovine nasal cartilage]. 096346

FIBRINOLYSIS
Effect of phenformin and ethyloestrenol on **blood** *fibrinolytic* activity of rabbits maintained on high chloesterol diet. 095092

FIBROBLASTS
Mitotic anomalies observed in the *fibroblasts* of the **chick** embryo cultured in vitro with 80 percent of oxygen. 096147
Inhibition of avian sarcoma virus replication by glucosamine: a specific effect on the synthesis and processing of viral proteins [**Chicken** *fibroblasts].* 097670
Phosphorylation and protein kinase activities of chromosomal non histone proteins from chick **embryo** *fibroblasts.* 096260
Embryo cell surfaces—lectin binding and cell proliferation [Chick **embryo** *fibroblasts].* 096324
A possible association between plaque type and pathogenicity of Marek's disease herpesvirus [Chicken **embryo** *fibroblast.* 097244
Competition between nonplaquing and plaquing strains of Newcastle disease virus as affected by temperature [Chicken **embryo** *fibroblasts].* 097250
Neutral protease activity of Rous sarcoma (RSV) transformed chick **embryo** *fibroblasts.* 097394
Temperature-sensitive changes in surface modulating assemblies of *fibroblasts* **transformed** by mutants of Rous sarcoma virus. 097585

FIBROSARCOMA
Fibrosarcoma in **urinary** bladder wall [Dogs]. 097729

FIBROSE
Roegneria *fibrosa* [as forage plant in the Bashkir ASSR]. 100899

FIBROSIS
Epidemiology, etiology, clinical features, and diagnosis of chronic **pancreatic** *fibrosis.* 097750

FICUS
[The nematode] Heterodera fici on *Ficus* **carica** [figs] in Basilicata. 101990

FIGS
[The nematode] Heterodera fici on Ficus carica *[figs]* in **Basilicata.** 101990
The relationship between moisture content and equilibrium relative humidity of **dried** *figs.* 095933
Characterization of major plastid pigments in skin of **'mission'** *fig* fruits. 100468
Effect of ethrel spray on maturation of **Sultani** *fig* fruits [Varieties]. 100354

FILAMENTS
The measurement and significance of ATP [adenosine triphosphate] pools in *filamentous* **blue-green** algae. 099583

FILICINEAE
Prothallic proliferations from isolated antheridia of Lygodium japonicum Schwartz **gametophytes** *(Filicinae).* 099617

FILLETS *see* FISH

FILMS
Nylon: the extensible **food** *film.* 095443
Quality of iceberg lettuce in *film* **overwraps** during simulated export [Salability]. 094486
Physiological and biochemical peculiarities of cucumbers and tomatoes grown in **plastic** *film-covered* greenhouses [Varieties]. 100603
Maize culture on chalky soils in Champagne with photodegradable **plastic** *films.* 100747
[Utilization of] used **polyethylene** *film* in farm production. 103345
Storage stability and quality of produce packaged in **polymeric** *films* [Fruits, vegetables]. 095906
Determination of trypsin activity in dog excrements by means of *film* **test.** 096594

FILTERS
Biological *filter* design optimization [Process for the removal of dissolved and non-settleable organic matter from liquid wastes]. 104503
Biological *filters* [in water pollution control]. 104544
Experimental investigations in **cleaning** *filters* in water-supply wells by the electrohydraulic method. 103370
Filter **loading,** filter performance, and water quality. 104331
Wound healing in the cornea of the chick embryo. III. The influence of pore size of **millipore** *filters* on the migration of isolated epithelial sheets in culture. 097720
Filter loading, *filter* **performance,** and water quality. 104331
Response of sugarcane to *filter* **press** mud and N, P, and K [nitrogen, phosphorus, potassium]. I. Effect on sugarcane yield and sucrose content. 103883
Response of sugarcane to *filter* **press** mud and N, P, and K [nitrogen, phosphorus, potassium] fertilizers. II. Effects on plant composition and soil chemical properties. 103884
Trap *filters* as safeguards of beer clarity in Anheuser-Busch plants. 095416

FILTRATION
Fat *filtration* systems: watching your costs. 095348
A hypothesis of **ion** *filtration* in a potable-water aquifer system. 104291
Detection of wild yeasts in the brewery. VIII. The use of **membrane** *filtration* technique and microcolony method. 095411

FINANCE
Financing of the **agricultural** association. 094406
Financing a **centralized** peach-packing [cooperative] facility in southeastern Missouri. 094438
Sensitivity of **estimated** *financial* returns on timber investments to data errors. 097985
Financing the **[forage]** program. 094431
Financial **implications** of waste management systems for shellfish processing. 104637
Concerning the creation of a [French] **national** *funds* of solidarity of agricultural cooperation. 094188
Changing cow business: how much money **needed?** *[Finances].* 094424
Financing **pollution** abatement investments on Michigan dairyfarms. 104629
Implications of public **school** *finance* reform with local control [Taxation, Georgia]. 094376
Sound *financial* management is critical to the crop producer. 094378
Financing **state** and collective farms on the present stage of building communism. 094260
The position of the [West German] Federal Government with regard to competences in the provision of *financial* **support** within the area of responsibility of the Federal Ministry of Food, Agriculture and Forestry. A systematic and critical discussion. 094381
Fiscal **treatment** of the agricultural association [Legislation]. 094706
A note on air pollution, property values and *fiscal* **variables.** 104595
Economic effects of the U.S. Food Stamp Program; calendar year 1972 and *fiscal* **year** 1974. 094659
Agricultural economics for the *fiscal* **years** 1971/1972-1974/1975. 094170

FINES
Fine **anatomy** of Cercosporella herpotrichoides Fron in leaf sheathes of wheat. Observations on the penetration points of host cell walls. 101363
Spindle **apparatus** *fine* structure during meiosis in Mnium hornum L. [Musci]. 098913
Proposal for a micromorphological classification of soil materials. I. A classification of the related distributions of *fine* and **coarse** particles—a discussion. 103747
Effect of [the defoliant] butylkaptax and magnesium chlorate on leaf shedding of *fine-fibered* **cotton** [Harvesting aid]. 101001
Application of Kotoran and Treflan [trifluralin] in *fine-fibered* **cotton** plantings. 102193
Irrigation regime of *fine* **fibered** cotton of the 5904-I variety on newly developed lands in the Sherabad Steppe. 104411
Crill—the *fine* **fraction** of pulp [Cellulosic fibres]. 098284
Genetic *fine* structure of the 2D3-2F5 region of the Drosophila melanogaster X chromosome. 103096
Fine **structure** and mechanical properties of jute differently dried after retting. 095819
Fine **structure** of baroreceptor terminals in the carotid sinus of guinea pigs and mice. 096304
The *fine* **structure** of sieve elements of Nereocystis lutkeana. 098877
The *fine* **structure** of dehydrated and reviving leaves of Borya nitida Labill.—a desiccation-tolerant plant. 098888
The *fine* **structure** of conidial development in the genus Torula. III. Torula graminis Desm. [Yeasts]. 098934
Fine **structure** of early endosperm in Quercus gambelii. 098963
Fine **structure** of the URA2 locus in Saccharomyces cerevisiae [yeasts]. II. Meiotic and mitotic mapping studies. 099342
Fine **structure** of the rice blast. XII. The mode of pseudoinfection of Pyricularia oryzae Cav. to the non-host plants. 101594
Fine **structure** of the rice blast. XIII. Ultrastructure of Pyricularia oryzae-nonhost interfaces. 101595
Changes in the *fine* **structure** of spore cases in Plasmopara viticola due to phytoncid activity in grape leaves. 101663
Fine **structure** of the esophagus of Pratylenchus penetrans [Plant-parasitic nematodes]. 101929
Fine **structure** of the malpighian tubule in Aedes aegypti. 102796
The large pigment cell of the compound eye of the house fly Musca domestica, *fine* **structure** and cytoarchitectural associations. 102883
Development and *fine* **structure** of Pleistophora sp. (Cnidospora: Microspordia) in the mosquito, Aedes sierrensis [Biological control]. 103025
Fine **structure** of postgonopodial glands of a myriapod Glomeris marginata (Villers). 103119
Fine **structure** of the rectum in cockroaches (Dictyoptera): general organization and intercellular junctions [Periplaneta americana, Blatta orientalis, Supella supellectilium, Blaberus craniifer]. 103120
The *fine* **structure** of some carabid beetle eyes, with particular reference to cillary structures in the retinula cells. 103121
The nature and control of snow mold of *fine* **turfgrass** [Agrostis palustris] in southern Ontario [caused by Fusarium nivale and Typhula spp.]. 101387

FINGER
In *Finger* **Lakes** the table (grape) has turned [Culture]. 101026

FINISHES
High energy forage; the necessary ingredient in **beef** *finishing* on grass. 096734
Feeding *growing-finishing* hogs. 096667
Abrasive wear of wood-based materials for **interior** *finish* in wooden [frame] house. 098188
Timing from start to *finish!* A **key** issue in leafspot control [Cercospora, peanuts, Georgia]. 101512
Interior **paints** and *finishes.* 095255
Effects of monensin and urea in *finishing* **steer** rations. 096698
Effects of feeding level and environment on the performance of *finishing* **steers.** 096628

FIRE
Fire **ant** [Solenopsis] trail pheromones: analysis of speciesspecificity after gas chromatographic fractionation. 102999
Effect of overtree misting for bloom delay on incidence of *fire* **blight** [Erwinia amylovora] in apple. 101705
Ecological studies on the *wildfire* **disease** [caused by Pseudomonas tabaci] of tobacco. 101683
Fire **ecology** questions survey: Candid expressions of research needs by land managers and scientists in western North America. 097945
Modification of the Thecamoeba fauna due to a **forest** *fire* in submediterranean area. 097878
A review of **[forest** *fire]* retardant delivery systems used in fixed-wing airtankers. 097886
Equations and Fortran IV program for the 1976 metric version of the **forest** *fire* weather index. 097887
Flammability and combustibility of the main species of the garrigues in the French Mediterranean region **[Forest** *fires].* 097904
Nutrient gains to adjacent ecosystems during a **forest** *fire:* an evaluation. 098790
The 5th Agricultural Aviation Congress, Sept. 1975 [on chemical control of pests, **forest** *fires* and insect vectors]. 102679
A mechanism of pathogenicity of Beauveria brassiana [Fungi] on larvae of the **imported** *fire* ant, Solenopsis richteri. 102246
Control of a mobile pest: the **imported** *fire* ant [Solenopsisgeminata]. 102270
Integrated *fire* management on national parks. 097930
Fire **management** today: tradition and change in the forest service. 097926
Fire **management** on state and private forest lands. 097927
An assessment of three measures of long-term moisture deficiency before critical [forest] *fire* **periods.** 097953
Some interactions of *fire,* **prairie** and aspen [Populus tremuloides] in northwest Minnesota. 098805
Intensive fiber utilization and **prescribed** *fire:* effects on the microbial ecology of forests. 098869
Relationship of personnel characteristics to *fire* **prevention** effectiveness. 097947
Revised Marsh Funnel calibrations for measuring [forest] *fire* **retardant** viscosity. 097939
Thermal analysis of wooden and of *fire* **retardant** substances. 098217
Longleaf seedlings [Pinus palustris] **survive** *fire* in clearcut strips. 097946
Some effects of *fire* upon a **tall** grass prairie plant community in northwestern Iowa. 098804

FIREFLIES
Neural mechanisms underlying spontaneous flashing and its modulation in the *firefly* **Luciola** lusitanica. 103127

FIRS
Monoterpene variability on **balsam** *fir* (Abies balsamea (L.) Miller) provenances. 098125
The incidence of dwarfing in inbred **Douglas** *fir* [Pseudotsuga menziesii]. 098135
Insect invasion and survival of **Douglas** *fir* [Pseudotsuga menziesii] stumps in New Zealand. 102500
Growth of some selected **exotic** *firs* (Abies spp.) over threegrowing seasons in Wolcott, Vermont. 100678
Isomer of antiaggregative pheromone identified from **male** *Douglas-fir* beetle [Dendroctonus pseudotsugae]: 3-methylcyclohex-3-en-1-one [Pseudotsuga menziesii pests]. 103005
Sound production in Scolytidae: rivalry and premating stridulation of **male** *Douglas-fir* beetle [Dendroctonus pseudotsugae]. 103016
Self-pollination effects on seed and seedling traits in **noble** *fir* [Abies procera]. 100639
Quantitative evaluation of site potential for spruce and *fir* **[Picea** mariana, Abies balsamea] in Newfoundland. 097983
Fumigants [chloropicrin, Vapam, Vorlex] can stop internal decay of *Douglas-fir* **poles** for at least 5 years. 098222
Genetic resistance in *Douglas-fir* **[Pseudotsuga** menziesii] to damage by snowshoe hare and black-tailed deer. 097881
Nutrient cycling in the *Douglas-fir* **[Pseudotsuga** menziesii menziesii] type: silvicultural implications. 098130
Litterfall in a *Douglas-fir* **[Pseudotsuga** menziesii] forest near the Trojan Nuclear Power Station, Oregon. 098831
Effects of container density and plant water stress on growth and cold hardiness of *Douglas-fir* **[Pseudotsuga** menziesii] seedlings. 100635
Promotion of flowering in the Pinaceae by gibberellins. I. Sexually mature, non-flowering grafts of *Douglas-fir* **[Pseudotsuga** menziesii]. 100667
Progress on integrated pest management: *Douglas-fir* **tussockmoth,** gypsy moth, and southern pine beetle [Hemerocampa pseudotsugata, Porthetria dispar, Dendroctonus frontalis]. 102508
Root pathogens as agents predisposing ponderosa pine and **white** *fir* [Abies concolor] to bark beetles [Scolytidae, Fomes annosus]. 102492

FISCAL *see* FINANCE

FISH
A rapid visual enzyme test to **assess** *fish* freshness. 094840
Residues of organochlorine insecticides in some *fishes* and **birds** in the Gezira of Sudan. 102758
Comparison of methods of freshness assessment of wet fish. IV. Assessment of **commercial** *fish* at port markets. 095471
Identification of volatiles from extracted **commercial** *tuna* oil with a high docosahexaenoic acid content. 095484
Merchandising ideas for **deep-fried** *fish* and seafood. 095329
Metabolism of a new herbicide, tebuthiuron (1-[5-(1,1-dimethylethyl)-1,3,4-thiadiazol-2-yl]-1,3-dimethylurea), in mouse, rat, rabbit, dog, **duck,** and *fish.* 097824
Fertilizing **farm** *fish* ponds. 096089
Bacterial diseases of **farmed** *fishes.* 097628
Cod worms in *fish* **fillets:** Should consumers be concerned? [Contamination]. 094836
The New Zealand eel industry *[Fish* **food].** I. Raw material quality. 095446
Effects of pollution on **freshwater** *fish.* 104552
Effect of hydrogen sulfide on *fish* and **invertebrates.** I. Acute and chronic toxicity studies. 094830
Chlorinated hydrocarbon residues in the *fish* of **Lake** Tanganyika. 102667
Lipolytic fermentations of stickwater [a by-product of the *fish* **meal** and oil industry] by Geotrichum candidum and Candida lipolytica [Yeasts]. 095994
Organochlorine insecticides and polychlorinated biphenyls in *cod* from **Norwegian** fjords [Residues, DDT]. 102747
Treat your **patrons** to *trout.* 095321
Meat, *fish* and **poultry** processing wastes. 104564
Technological aspects about salting of *fish* for **processing.** 095448
A survey of *fish* **products** for volatile N-nitrosamines. 094880
Chronic toxicity of atrazine [herbicide] to selected aquatic invertebrates and *fishes* **[Residue** analysis, water pollution]. 102680
Use of *fish* **silage** in swine feeding. 096817
Comparison of methods of freshness assessment of **wet** *fish.* IV. Assessment of commercial fish at port markets. 095471
Cod **worms** in fish fillets: Should consumers be concerned? [Contamination]. 094836

FISHERIES
Investigations of *fishery* **byproducts** utilization: ruminant feeding and fly larva protein production. 096741
The results of line combination testing in ducks at the Wriezen duck combine on the Frankfurt on the Oder **Inland** *Fishery* State Farm. I-II. [Effects of hybridization]. 097059

FISHMEAL
Studies on the effects of feeding **formaldehyde-treated** *fishmeal* on growing lambs. 3. In vivo production of ammonia, total nitrogen and volatile fatty acids. 096689

FISSION
Structural investigation of lac resin. X. Structure and stereo-chemistry of methyl laccolate gamma-lactone and its epimer [obtained by esterification of the gum resulting from the **alkaline** *fission* of shellac]. 098289
The genetic instabilities of the mating type locus in *fission* **yeast** [Schizosaccharomyces pombe]. 099344

FISTULA
Gastric acid secretory responses of acute **gastric** *fistula* preparation in anesthetized young chickens. 096347

FIXATION
Old and new experiences with nitrogen provision *[fixation]* from the **air** [by agricultural crops]. 099850
N2 [nitrogen] *fixation* **associated** with decaying leaves of the red mangrove (Rhizophora mangle). 103706
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO2 [carbon dioxide] *fixation,* CO2 **compensation** point [kidney] bean embryo respiration [Maize, wheat, sugarbeet]. 099947
A comparison of the **agar-gel** diffusion and **complement** *fixation* tests for bovine C-type (leukemia) virus. 097496
Aggregation and anticomplementary activity of an antigen used in the **complement** *fixation* test for Johne's disease [Mycobacterium johnei, in cattle and sheep]. 097596
Adaptation of the microtechnique **complement** *fixation* test for the diagnosis of African horse sickness. 097611
Comparison of indirect fluorescent antibody (IFA) with **complement** *fixation* (CF) tests for diagnosis of Babesia spp infections in Colombian cattle. 097637
Dark *fixation* of CO2 [carbon dioxide] by flowers of cut roses. 100550
The use of methyl green-pyronin staining after **glutaraldehyde** *fixation* and paraffin or araldite embedding [Chick and mouse embryonic tissues]. 096570
Ulltrastructural autoradiographic study of the **intracellular** *fixation* of 3H [hydrogen isotope]-acrolein [in a unicellular alga, Dunaliella bioculata]. 099715
Effect of uranyl acetate on **microbial** *fixation* of nitrogen in presence of lanthanum sulphate. 103861
Conversion of acetylene reduction rates to **nitrogen** *fixation* rates in natural populations of blue-green algae [Aphanizomenon sp., Anabaena sp.]. 099487
Regulation of **nitrogen** *fixation* by Rhizobia [root nodule bacteria] export of fixed N2 [nitrogen] as NH4 [Ammonium ions]. 099550
Effect of bean variety on nodule development and **nitrogen** *fixation* using a number of strains of Rhizobium phaseoli of Brazillian origin. 100359
Effects of salt stress on growth, nodulation and **nitrogen** *fixation* in cowpea and mung beans. 102006
Nitrogen *fixation* by intact annual rangeland species in soil [Clover, Bromus mollis]. 103664
Fluctuations of **nitrogen** *fixation* in a maize field. 103716
Nitrogen *fixation* in the muskeg ecosystem of the James Bay Lowlands, Northern Ontario. 103718
Response to inoculation **[nitrogen** *fixation]* in soybean and its residual effect on wheat. 103764
Use of Leguminosae for building up soil fertility in dry tropical soils **[Nitrogen** *fixation].* 103796
Nitrogen *fixation* with free-living [bacterial] microorganisms. 103846
Resistance to antibiotics in Rhizobium trifolii and its relation to **nitrogen** *fixation.* 103864
Guide to soils and plant nutrition. 3. [Salt and alkalinity, cation and anion exchange, **phosphate** *fixation].* 103818
Study of the process of *fixation* of **tea** leaves by infrared rays in a moisture-saturated environment. 095534
Change of the compound of chloroplast proteins and aminotransferase activity in plants with different *fixation* **type** of carbon dioxide depending on nitrogen supply. 100036
Detection of Newcastle disease **virus** by *complement-fixation.* 097561

FLAGELLATE
Effects of colchicine on the cell division of a colonial green **algal** *flagellate* Gonium pectorale Muller. 098936
Ultrastructure of *flagella* of **spermatozoids** of Lygodium flexuosum (L.) SW. 098948
New research on ultrastructure and biology of some **symbiotic** *flagellates* of termites [Kalotermes flavicollis host of Microrhopalodina inflata]. 102816

FLAKING
Flaked, formed and **frozen** lamb products: A formed meat system for restructuring boneless lamb derived from a variety oflamb cuts. 095709
Exterior structural composite panels with southern pine veneer faces and cores of southern **hardwood** *flakes.* 098221

FLAMES
Determination of copper, iron, and manganese in milk with *flameless* **AAS** [atomic absorption spectrophotometry] and a survey of the contents of these metals in Swedish market milk. 095618
Determination of Fe, Cu, Ni, and Mn [iron, copper, nickel, manganese] in fats and oils by *flameless* **atomic** absorption spectroscopy. 095464

FLAMMABILITY *see* INFLAMMABILITY

FLASKS
Rapid determination of chlorine in wood, pulp and paper by **combustion** in *flask.* 098190

FLAVINES
Flavin-containing **dehydrogenases** [Plants, animals]. 099704

FLAVOBACTERIUM
Purification and properties of lytic beta-1,3-glucanase from *Flavobacterium* **dormitator** var. glucanolyticae [Fermentation process]. 095394
Carbon metabolism of *[Flavobacterium* **flavum]** bacteria isolated from the Rhizosphere of lucerne and oats. 100244

FLAVONES
A **diuretic** *flavone* glycoside from Millingtonia hortensis Linn. 100463

FLAVONOIDS
Non-flavonoid **components** of Vitex trifolia. 099799
Flavonoidal and other **compounds** of Salvia aethiopis. 099933
Carlinosin, a new **di-C-glycosyl** *flavonoid* isolated from Carlina vulgaris L. (Compositae). 099605
Investigation of *flavonoid* **fraction** of some crude drug plantfrom the family Labiatae (Herba Serpylli L., Herba Thymi L., Herba Majoranae L., Herba Origani L.) [Thymus. 099733
Nature and properties of *flavonoids* **[Plant** biochemistry]. 099765
Biosynthesis of *flavonoids* [in **plants].** 099756
Functions of *flavonoids* in **plants.** 099762

FLAVONOLS
The synthesis of *flavonol* **3-O-beta-gentiotriosides** [Primula sinensis]. 100538

FLAVOPROTEINS
Metal-containing *flavoprotein* dehydrogenases [Mitochondrialrespiratory chain]. 096336

FLAVOR
Abnormal *flavor* of bovine milk. 094824
Factors affecting **bitter** *flavour* in Gouda cheese [Rennet]. 095636
Evaluation of waste activated sludge (citrus) as a poultry feed ingredient. 2. Quality and *flavor* of **broilers,** egg yolk color and egg flavor. 096754
Hydrolysed vegetable proteins—their *flavour* **characteristics** and applications in meat and meat analogs. 095576
Enhancement of **cheese** *flavors* with microbial esterases. 095559
Studies on mushroom flavours. 2. *Flavour* **compounds** in Coprinus comatus. 095987
Studies on mushroom flavours. 3. Some *flavour* **compounds** in fresh, canned and dried edible mushrooms. 095988
Application of "subjective gustometry and olfactory" for determination of reaction kinetics during sensorical changes in technological processes [Formation of **cooked** *flavour* in apple juice]. 095983
The *flavor* of **cultured** milk products [Lactic acid]. 095601
Role of microbial enzymes in *flavor* **development** in foods. 095409
The contribution of starter streptococci to *flavour* **development** in Cheddar cheese. 095586
The production of sulphur compounds in Cheddar cheese and their significance in *flavour* **development.** 095587
Evaluation of waste activated sludge (citrus) as a poultry feed ingredient. 2. Quality and flavor of broilers, egg yolk color and **egg** *flavor.* 096754
Enzymatic *flavor* enhancement in food products: a commercial view. 095407
Synthesis and *flavor* **evaluation** of some alkylthiophenes. Volatile components of onion. 095919
Synthesis and *flavor* **evaluation** of several alkylfuranones found in Allium species (onions, shallots, and leeks). 095920
Note on seed coat effects on color and *flavor* of **fababean** flours. 095786
Flavors [in **foods].** 095499
The chemistry of some microbially **induced** *flavor* defects in milk and dairy foods [Streptococcus lactis var. maltigenes]. 094814
Studies on **mushroom** *flavours.* 1. Organoleptic significance of constituants of the cultivated mushroom, Agaricus bisporus. 095986
Studies on **mushroom** *flavours.* 2. Flavour compounds in Coprinus comatus. 095987
Studies on **mushroom** *flavours.* 3. Some flavour compounds in fresh, canned and dried edible mushrooms. 095988
Biosynthesis of *flavors* by **Penicillium** roqueforti [Blue cheese]. 095558

An improved method for the determination of the reducing capacity of milk **powder** *[Flavor].* 095634
Flavour **quality** of tomatoes. 095928
Variability of the chemical composition of some herbs [and] *flavoring* **vegetables]** from the region north of the Arctic Circle [Parsley, dill, parsnip, celery]. 099573
Volatile *flavour* compounds of the Cruciferae. 095453
Volatile *flavor* components of beef boiled conventionally and by microwave radiation. 095691
Evaluation of *flavored* **whole-egg** emulsions. 095733

FLAX
Oil content in seeds of **fiber** *flax* varieties. 095773
The methodology of checking the reliability of the technological evaluation of unretted **fiber** *flax* straw. 095846
Study of the anatomical structure of stem of **fiber** *flax* from the world collection of the All-Union Institute of Plant industry. 099047
Utilization of backcrosses for obtaining initial material in breeding **fiber** *flax.* 099118
Breeding **fiber** *flax* for resistance to diseases. 099267
Collection of **fiber** *flax* entries as a source of resistance to rust. 099440
Evaluation of [world] collections of **fiber** *flax* varieties for breeding. 099443
Nutrition diagnosis of **fiber** *flax,* oats and buckwheat. 100229
Accumulation of carbohydrates and lignin in the stems of **fiber** *flax* stems with different resistance to lodging. 100325
Effect of soil properties and fertilizers on the yield of unretted straw and seeds of **fiber** *flax* in the Kostroma Region. 104072
Geographical variability of *flax* and **hemp.** 099446
Resistance of **oil** *flax* to Fusarium. 099452
Flax **rust** [Melampsora lini] resistance involving the K gene: an ultrastructural survey. 101373
The problem of different virulence of local populations of the pathogen of *flax* **rust** Melampsora lini (Ehrenb.) Lev. 101643
Experiments with **tetraploid** *flax.* 099444
[Oil] *flax* **varieties** from Argentina as initial material for breeding. 099458

FLEAHOPPERS
Effects of temperature and host plants on population dynamics of the **cotton** *fleahopper,* Pseudatomoscelis seriatus. 102294

FLEAS
Monogenic control of resistance in the tomato to the **tobacco** *flea* beetle [Epitrix hirtipennis]: probable repellance by foliage volatiles. 099199
Integrity of ribosomal ribonucleic acids from aphids [Aphislabruni] and **water** *fleas* [Daphnia pulex, Galleria mellonella]. 102832

FLEECE
Phenotypic and genotypic parameters of *fleece* **weight** of Mutton Merino sheep at different ages. 097085

FLESHFLIES
Embryonic photoperiodic sensitivity in two species of *fleshflies,* **Parasarcophaga** similis and Boettcherisca septentrionalis. 102998
Haemolymphal activation of protyrosinase and the site of synthesis of haemolymph protoyrosinase in larvae of the *fleshfly,* **Sarcophaga** barbata. 103000

FLIES
Fly **[Allograpta,** Hylemya alcathoe] pollination of Penstemon davidsonii and Penstemon procerus (Scrophulariaceae). 103047
Studies into the effect of *fly* **ash** emission on broiler performance and health [Dust contamination of the chicken lung]. 097791
Multielement uptake by vegetables and millet grown in pots on *fly* **ash** amended soil. 099803
Arbovirus surveillance in six states during 1972 [Equines, mosquitoes, **biting** *flies].* 097217
Cluster *flies* [Pollenia rudis, homes]. 102529
Repellency of N,N-diethyl-M-toluamide (DEET) and 2-hydroxyethyl cyclohexanecarboxylate against the **deer** *flies* Chrysops atlanticus Pechuman and Chrysops flavidus Wiedemann. 102587
Interactions between ecdysone, bursicon, and other endocrines during puparium formation and adult emergence in *flies* **[Diptera].** 102959
Face *fly* [Musca autumnalis]: a new cattle pest in Louisiana. 102600
Radiosensitivity of the **flesh** *fly,* Sarcophaga bullata (Parker), throughout larval and pupal life. 103087
Transmission of hog cholera virus by flies: recovery of virus from *flies* **following** exposure to infective blood. 097581
The **frit** *fly* [Oscinella frit] in agriculture [Oats, maize]. 102289
Identificaion in barley varieties of features correlating with resistance to **frit** *fly* [Oscinella]. 102311
Studies on the **fruit** *flies* of Karachi prior to the application of sterile male release technique. 102377
Semi-sterility in the Mediterranean **fruit** *fly,* Ceratitis capitata Wiedemann [Genetic control]. 102410
Labelling of adult European cherry **fruit** *flies* (Rhagoletis cerasi L.) by phosphorus 32 [isotope]. 102412
Influence of site on the sum of critical developmental temperatures of the cherry **fruit** *fly* (Rhagoletis cerasi L.). 102455
New exotic **fruit** *fly* introductions to Australia [Dacus frauenfeldi, Dacus dorsalis]. 102466
Reproductive behavior and physiology of Dacus oleae [olive **fruit** *fly]:* fecundity as affected by mating, adult diet and artificial rearing. 102805
Reproductive behavior and physiology of Dacus oleae [olive **fruit** *fly]:* sperm depletion in the female. 102806
Reproductive behavior and physiology of Dacus oleae [olive **fruit** *fly]:* egg hatch in females mated successively with normal and gamma-sterilized males and vice versa. 102807
Mass rearing the Natal **fruit** *fly* Pterandrus rosa (Ksh.) (Diptera: Trypetidae). 102972
Acoustical properties of the flight activities of the Caribbean **fruit** *fly* [Anastrepha suspensa]. 102978
Breeding wheat for resistance to the **Hessian** *fly* [Mayetiola destructor]. 099270
Control of **house** *fly* [Musca domestica] and stable fly [Stomoxys calcitrans] breeding in rhinoceros dung with an insect growth regulator used as a feed additive. 102597
About the rate of development and loss of resistence of **house** *flies* [Musca domestica] to chlorophos. 102598
Study of the effect of admixtures on the toxicity of technical chlorophos for **house** *flies.* 102599
The large pigment cell of the compound eye of the **house** *fly* Musca domestica, fine structure and cytoarchitectural associations. 102883
The larva of the **lake** *fly* Chaoborus pallidipes Theobold (Diptera: Chaoboridae) from Kenya. 103183
Investigations of fishery byproducts utilization: ruminant feeding and *fly* **larva** protein production. 096741
Gamma irradiation of the **melon** *fly* [Dacus cucurbitae]: laboratory studies of the sterility and sexual competitiveness of treated adults. 102378
Suppression of the **melon** *fly,* Dacus cucurbitae Coquillett (Diptera: Tephritidae), on Kudaka Island with sterile insect relases. 102382
Fly **[Musca** domestica, Stomoxys calcitrans] control around dairy farms. 102565
Automatic aerosol dispensers and *flies* [**Musca** domestica, costs]. 102606
Developmental and long-term acclimaton to cold by the **Queensland** *fruit-fly* (Dacus tryoni) at constant and fluctuating temperatures. 102995
Transmission of hog cholera virus by *flies:* **recovery** of virus from flies following exposure to infective blood. 097581
Screwworm *flies* [Cochliomyia hominivorax] for sterile-male releases: laboratory observations of the quality of newer candidate strains. 102552
Vertical and lateral distribution of **stable** *flies* [Stomoxyscalcitrans] in northwestern Florida. 102591
Control of house fly [Musca domestica] and **stable** *fly* [Stomoxys calcitrans] breeding in rhinoceros dung with an insect growth regulator used as a feed additive. 102597
Studies on harmfulness and control of **timothy** *flies,* Amaurosoma sp. [Phleum pratense, insect pests]. 102352

FLIGHTS
Acoustical properties of the *flight* **activities** of the Caribbean fruit fly [Anastrepha suspensa]. 102978
Trials for standardization of **aphid** *flight* survey with yellow water pan trap. II. Suitable location of water trap for catching alate aphids [Myzus persicae, Lipaphis erysimi, Brevicoryne brassicae, Japanese radishes]. 102387
Functional characteristics of stretch receptors of *flight* **apparatus** of cockroach Periplaneta americana. 102976
Trial in the control of the *flight* of the **apple** moth Laspeyresia pomonella L. by pheromone traps. 102411
[Insect] *flight* **behaviour** and features of the atmospheric environment. 103116
Flight **energetics** of sphinx moths: power input during hovering flight [Manduca sexta, Manduca quinquimaculata, Deilephila elpenor, Hyles lineata]. 102979
Flight **energetics** in sphinx moths: heat production and heat loss in Hyles lineata during free flight. 102980
Energetics and aerodynamics of **flapping** *flight:* a synthesis [Insects]. 103109
Lipid composition of the normal and *flight* **forms** of adult cowpea weevils, Callosobruchus maculatus. 103008
Flight energetics in sphinx moths: heat production and heat loss in Hyles lineata during **free** *flight.* 102980
Electron cytochemical studies on **glycerinated** *flight* muscle of Locusta migratoria L. The colloidal iron reaction and Alcian blue binding. 102930
Foraging and **homing** *flight* of the honeybee [Apis mellifera]: some general problems of orientation. 103286
Flight energetics of sphinx moths: power input during **hovering** *flight* [Manduca sexta, Manduca quinquimaculata, Deilephila elpenor, Hyles lineata]. 102979
Insect *flight* in relation to problems of pest control. 102273
Insect *flight.* 103110
Radar observations of **insect** *flight.* 103112
The fossil record and **insect** *flight.* 103113
The muscles and sense organs involved in **insect** *flight.* 103114
The evolution of **insect** *flight.* 103199
Effect of antibacterial inhibitors on protein synthesis in **isolated** *flight* muscle mitochondria of the blowfly Lucilia cuprina: phylogenetic implications. 102942
Control of *flight* and **related** behaviour by the central nervous systems of insects. 103108
Lability of the [insect] *flight* **system:** a context for functional adaptation. 103111

FLOCKS
Brood **hen** *flocks.* 096082
Factors influencing the health and economic viability of a **poultry** *flock.* 097182
Attempts at curing a selected **poultry** *flock* from typhus-pullorosis [Salmonella infections]. 097360

FLOODPLAINS
The influence of drainage land reclamation in central Chernozem zone on river runoff characteristics and *floodplain* **components.** 104244
A non-linear programming approach to *floodplain* **management** with non-structural alternatives. 104405
Application of herbicides for the improvement of **tussock** *floodplain* meadows of the Ob' River. 102132

FLOODS
Persistence of endrin [insecticide] in Indian rice soils under *flooded* **conditions.** 102713
Hydrometeorological research during the decade 1964-1974 *[Flood* **control,** hydroelectric power, irrigation, water resources]. 104370
Respiration and NADH [naphthaleneacetic acid dehydrogenase]-oxidation of the roots of *flood-tolerant* and **flood-intolerant** Senecio species as affected by anaerobiosis. 099897
Studies on the hydraulic characteristics of the chute type dissipator: hydraulic model test of spillway of **Fuwahokubu** *flood* control dam. 103392
THe use of remote sensing imagery for environmental land use and *flood* **hazard** mapping [Vegetation]. 104338
Respiration and NADH [naphthaleneacetic acid dehydrogenase]-oxidation of the roots of flood-tolerant and *flood-intolerant* **Senecio** species as affected by anaerobiosis. 099897
Utilization of the collection of tomato entries for breeding purposes in the conditions of the **Volgo-Akhtuba** *flood* plain. 099455

FLOORS
Efficiacy of monensin against turkey coccidiosis in laboratory and *floor-pen* **experiments** [Eimeria adenoides, Eimeria meleagrimitis, Eimeria gallopavonis]. 097256
Storing of cereals on *floors* in **hanger-type** stores. 103358
How to keep [poultry] *floor* **litter** in good condition. 096111
Preference decisions of domestic hens for wire or **litter** *floors.* 096205
Preliminary evaluation of two tongue-and-groove joints for five-ply structural sandwich wood **panels** for *floors.* 098225
Improving the effectiveness of industrially-producing young cattle facilities with **semislotted** *floors* by increasing the number of heads per unit group and the biological treatment of stored fodder. 096134

FLORA
Ancient Egypt, landscape, *flora* and **agriculture.** 094083
New representatives of the **Algae** *flora* from [Soviet] Georgia. 098751
Effect of high meat diet on **bacterial** *flora* and chemical components of human feces: a preliminary report [Health hazards]. 094909
Microbiological studies of Porphyra plants. IV. On the relation between the growth of the Porphyra plants [Algae] cultivated in the sea and the **bacterial** *flora* accompaying the plants [Symbiosis]. 098779
A *flora* of **Bombacaceae** of the Tertiary Basin of Fonseca, Minas Gerais [New taxa]. 098491
The type herbarium of the *Flora* **boreali-americana.** 098693
Some Muscineae from the Sierra del Cabo de Gata and their relation with the African **bryological** *flora.* 098571
Bryophyta *flora* of the Sierra de Codes [Hepatacae, Musci]. 098688
Studies on Plover Cove Reservoir, Hong Kong. III. A comparison of the species composition of **diatom** *floras* on different substrates, and the effects of environmental factors on their growth [Algae]. 098792
Additions to the *flora* of **Discomycetes** [Fungi] from the Kazakhstan part of the Altai. 098531
Rubiaceae. 1. *[Flora* of **East** Africa]. 098606
Study of hybridization processes in the **forest** *flora* from Siberia. 098160
Quality deteriotiation in feed caused by fungi. III. Toxicological survey of the Hungarian **fungus** *flora.* 096005
Fungus *flora* of lake sediment. 098505
Flora of **Guatemala:** Vernonieae, Astereae, Inuleae, Heliantheae, Anthemideae, Cynareae, Mutisieae, Cichorieae, Eupatorieae, Helenieae, Senecioneae. XII. 098605
Observations on the *flora* of **Haute-Savoie.** 3. [New taxa]. 098707

Stool or **intestinal** *flora*—contribution to the microbiology of the intestinal organs [Animals, man]. 096484
Studies on the relationship between **intestinal** *flora* and cecal coccidiosis in chicken [Eimeria tenella, Clostridium perfringens]. 097484
Additions to the **Jurassic** *flora* of Dhokuti in the Rajmahal Hills, India. 098482
Grasses new to the *flora* of **Kazakhstan.** 098536
Flora of the **Ketmen'** and Terskei-Alatau mountain ridges. 098612
Lactic *flora* in cheeses from Swiss pastures. 095595
Studies on chemical quality and feeding value of Italian ryegrass [**Lolium** *multiflorum]* silage. I. Influence of growth stage of Italian ryegrass on fermentative quality and and feeding value of silage [Dairy cattle]. 095999
Nitrogen and Italian ryegrass [**Lolium** *multiflorum].* 3. Growth up to 14 weeks: yields, proportions, digestibilities and nitrogen contents of crop fractions, and tiller populations. 100217
Diferulic acid as a component of cell walls of **Lolium** *multiflorum.* 100266
Studies on the successive cultivation of Italian ryegrass (**Lolium** *multiflorum* Lam.) and Rhodes grass (Chloris gayana Kunth) by sod-seeding method. 100880
Effect of inorganic fertilizers on the yield and quality of the seeds of Italian ryegrass [**Lolium** *multiflorum]* in the conditions of the Carpathian foothills. 104135
A contribution to the north Podlasie **lowland** *flora* of Bryophyta [New taxa]. 098498
Further observations on the **Molteno** *flora* of Rhodesia [New taxa]. 098510
The point of view of the Geneva Association for the Protection of Nature on the safekeeping of the *flora* and **natural** environments around Geneva. 104633
A **new** *flora* near Plio-Pleistocene boundary in the south of Grands Causses (Escandorgue, Lunas, Herault). 098585
Flora of the **Ossola** valley. 098514
Permian *flora* of Kamchatka. 098732
Late **Pleistocene** *flora* at Katy (Pieniny Mountains, West Carpathians). 098486
Pleistocene *flora* from karst near Krichev. 098601
The **riverain** *flora* in Nubia. 098657
Spring **segetal** *flora* from the eastern foothills of the Caucasus. 102085
History, geography and *flora* of the "Great **Swamps**" of Geneva. 098705
New and noteworthy species of **Swiss** *flora.* 098516
Notes on the taxonomy of some species of the genus Astragalus L. from the *flora* of **Turkey.** 098756
New taxa of the genus Cirsium Mill. From the *flora* of the **USSR.** 098753
Flora of **variegated** [soil] layers in the central Kazakhstan. 098613
Vascular *flora* of Barnes and Stutsman counties, North Dakota. 098621
The **vascular** *flora* of the Gros Morne National Park coastal plain, in Newfoundland. 098700
Geographical elements in the *flora* of **Victoria.** 098512
The effect of some herbicides on the **weed** *flora* and soil microflora in the onion crop (Allium cepa L.), and the persistence of their residues in the soil. 102121
Windbreaks with regard to **wild** *flora* and conservation. 097952
Study of the **yeast** *flora* of Saint-Nectaire [cheese]. 095597

FLORIBUNDA *see* ROSES

FLOTATION

Consequences of *floating* the **franc.** 1. Increase of French agricultural prices by 1.4%. 2. Reestablishment of compensatory inflows. 094591
Effect of nature and density of separating liquids on nematodes during the process of extraction [from soil and plant tissue] by the *centrifugation-flotation* **method.** 101963
Improvement of the conditions of *floating* **rice** production in Mali (1963-1973). 100708
Core sampling and *flotation:* **two** methods to reduce costs of a Chironomid population study. 103065

FLOUR

Baking studies on the pin-milled and **air-classified** *flour* from four hard red spring wheat varieties. 095780
Counting techniques for Trichoderma viride conidia dispersed in **barley** *flour* inoculants [Biological control of parasitic fungi]. 101552
The effect of mebendazole on the development of Hymenolepsis diminuta in [its intermediate host, the *flour* **beetle**] Tribolium confusum. 102877
Air pollution control in the dry milling industry *[Flour* **dust].** 104467
Removal of pigment glands (gossypol) from cottonseed [Development of the Liquid Cyclone Process for producing a deglanded, **edible** *flour].* 095790
Iron enrichment [in **enriched** *flour* and standardized baked goods]: bio-availability is the key. 095798
Note on seed coat effects on color and flavor of **fababean** *flours.* 095786
Effect of ragi *[flour]* **feeding** on serum cholesterol level [Rats]. 095093
Functional properties of ten **legume** *flours.* 095777
The **little** *flour* beetles [as pests of] slaughter chickens. 102559
Analytical and cookie baking characteristics of *flours* from several **milling** and grinding methods. 095768
The relation of wheat nitrate reductase and soil nitrate to *flour* **quality.** 095794
Flour and **semolina** production with hygienic regulations. 094929
Wheat albumin and globulin proteins: purothionin levels of **stored** *flour.* 095825
Recent developments on **wheat** *flour* pentosans. 095769
A new agglutinating activity from **wheat** *flour* inhibited by tryptophan. 095771
Brabender Farinograph, research extensometer, and Hilliff chapatti press as tools for standardization and objective assessment of chapatti dough [**Wheat** *flour,* India]. 095782
Separation of glutenin from gliadin by ultracentrifugation [**Wheat** *flour].* 095792

FLOWERING

Factors affecting the *flowering* of **Andropogon** gayanus Kunth. Responses to photoperiod, temperature and growth regulators. 100093
Flowering times of **avocados** in the Murray Valley. 100485
The *flowering* **behaviour** of Capsella bursa-pastoris (Brassicaceae) [Long-day plant]. 099951
Flowering **biology** of proso from various ecogeographical groups in the conditions of the Poltava Region. 100114
The prospects of winter forcing of *flowering* **bulbs** in the Murmansk Region. 101093
Study on the root and rhizosphere microflora of some *flowering* **bulbs** [Hyacinthus orientalis, Tulipa gesneriana, Narcisus poeticus]. 103750
Chrysanthemum in directed culture. Influence of long days preceding short days on *flowering* of **Chrysanthemum** morifolium cultivar Neptune, Bravo and Orange Bowl. 100520
The effect of photoperiod on night respiration of a short **day** *flowering* plant, Chenopodium polyspermum L. 099620
Studies on the biology of pollen formed by sour cherry **flowers** *flowering* in different stages of the blooming period [Comparison of 5 cultivars]. 100338
Early determination of genotypes for apple scab resistance by **forced** *flowering* of test cross progenies. 099178
Ecological differentiation in the *flowering* and **fruiting** habits of Amphicarpaea edgeworthii in Japan. 099837
Features of *flowering* and **fruiting** in cucumbers and tomatoes grown in plastic covered greenhouses in the south-east of the Russian Soviet Federative Socialist Republic. 100385
Effect of meteorological conditions on *flowering* and **fruiting** of grapevines. I. The effect of temperature on flowering and fruiting. 100431
On the antagonism of the effect of gibberelline and retardants on the *flowering* and **fruiting** of lemon plants. 100571
Study of the rate of *flowering,* **fruiting** and flower shedding of the Bolgar variety [of grapes] relative to humidity of the air and method of viticulture. 101157
Promotion of flowering in the Pinaceae by gibberellins. I. Sexually mature, *non-flowering* **grafts** of Douglas-fir [Pseudotsuga menziesii]. 100667
Correlations between branch characteristics and production of female strobili in longleaf pine [Pinus palustris, conelets, **growth,** *flowering].* 100634
Effects of weed control method and rootstock on *flowering,* **growth** and yield of apple. 102125
Effect of photoperiod and temperature on growth and *flowering* in **Lagerstroemia** indica L. 100586
New or **noteworthy** *flowering* plants from Eastern Himalaya. 18. 098635
Flowering: **outline** of a new strategy [Plant biology]. 099972
Modification of *flowering* **pattern** and sex expression in Carica papaya by morphactin, ethephon and TIBA [triiodobenzoic acid]. 100615
Flowering of **pears** in the Leningrad Region as related to the effective temperatures. 100386
Promotion of *flowering* in the **Pinaceae** by gibberellins. I. Sexually mature, non-flowering grafts of Douglas-fir [Pseudotsuga menziesii]. 100667
Sogdianopsis admirabilis, a possible representative of the *flowering* **plants** from the Middle Jurassic deposits of Gissar Range. 098733
Shade avoidance and shade tolerance in *flowering* **plants.** II. Effects of light on the germination of species of contrasted ecology. 098865
Genetic transformation and "Graft-hybridization" in *flowering* **plants** [Tobacco]. 099413
Drenching annual *[flowering]* **plants** for damping-off control. 101425
A market analysis of indoor **potted** *flowering* plants. 094512
Fertility of pollen form various forms of sugarbeets in the **process** of *flowering.* 100192
The effect of storage temperature and sowing date on *flowering* of **Ranunculus** asiaticus seeds. 101072
Experimental studies on *flowering* and **reproduction** in seagrasses [Temperature, salinity, daylength]. 099516
Role of gibberellins in juvenility, *flowering* and **sex** expression. 099782
The possible role of auxin in reversing photoperiodic induction of *flowering* in a **short-day** plant, Chenopodium rubrum L. 100047
Mystery of **simultaneous** *flowering* [Echinopsis eyriesii]. 100494
Calibrating duckweeds: light, clocks, metabolism, *flowering* **special** characteristics of Lemnaceae may offer unique insights into plant development. 099979
Evaluating fall-planted Dutch-grown miscellaneous bulbs forspring and early **summer** *flowering* [Varieties]. 101248
Requirements for *flowering* of **three** lines of Vicia faba L. (broadbeans). 100336
Effect of topping and nitrogen on flue-cured tobacco. III. Suckers, plant height and **time** of *flowering.* 100699
Studies on the acceleration of *flowering* in **woody** ornamentals by low temperature treatments. VI. The factors involved in flower formation in Forsythia viridissima Lindl. 100587

FLOWERS

Comparative hardiness of flower buds and *blossoms* of some **almond** genotypes in relation to time of bloom and leafing. 100471
1974-1975 **annual** *flower* varietal trials. 101262
The history and development of floral art *[Flower* **arrangement].** 098457
About the **bees** and the *flowers.* 103216
Floral **biology** of Proboscidea louisianica (Martyniaceae) [Oklahoma]. 099968
Studies on *floral* **biology** in sesame (Sesamum indicum L.). 100320
Morphological development of the apple from *floral* **budding** to maturity. 098976
Comparative hardiness of *flower* **buds** and blossoms of some almond genotypes in relation to time of bloom and leafing. 100471
Prevention of superparasitation of Melandrium [album] *flowers* (**Caryophyllaceae**) by Hadena [bicruris] (Lepidoptera). 103060
Studies on the biology of pollen formed by sour **cherry** *flowers* flowering in different stages of the blooming period [Comparison of 5 cultivars]. 100338
The *floristic* **composition** of prairie stands in southern Michigan. 098620
The rule of *flower* **constancy** of insects [Pollinators]. 103124
A zoocecidia of Polygonum **convolvulus** *flowers* [caused by a Microlepidoptera]. 102229
Tests of chemical weed control of outdoor *flower* **cultures.** 102168
Studies on the keeping quality of **cut** *flowers.* II. On the floral preservative 'Kagawa Solution' and its practical use for cut carnations. 095948
Dark fixation of CO2 [carbon dioxide] by *flowers* of **cut** roses. 100550
Selection of Hybrid Tea-rose seedlings for **cut** *flower* yield. 101116
Investigation on the effect of macronutrients and times of fertilization on the yield of **cut** *flowers* of China aster (Callistephus chinensis (L.) Nees). 103896
Genetic segregation of the **deformed** *flower* gene in trisomics of Solanum chacoense. 099185
Making **economies** *flower* is a difficult art [Agriculture]. 094145
Studies on the acceleration of flowering in woody ornamentals by low temperature treatments. VI. The factors involved in *flower* **formation** in Forsythia viridissima Lindl. 100587
Some observations on the *flower* of **Freycinetia** funiculare. 099037
Floristic **heritage** of N. V. Pavlov [List of discovered plants species]. 098614
Studies on the ses expression of *flowers* **induced** by day-length and temperature in pumpkin and watermelon. 100510
Increased atmospheric humidity post pollination: a possible aid to the production of inbred line seed from **mature** *flowers* in the Brussels sprout (Brassica oleracea var. gemmifer. 099190
Flowers as a **natural** source of beauty. 098444
A **new** *flower* spot and blight [Alternaria alternata] of Chrysanthemum. 101492
Development and [genetic] control of the number of *flowers* per **node** in Pisum sativum L. [Peas]. 099066
A preliminary study on the role of organic nutrition on *flower* and **pod** shedding in soybeans. 103919
Studies on the keeping quality of cut flowers. II. On the *floral* **preservative** 'Kagawa Solution' and its practical use for cut carnations. 095948
A survey of *floral* **productions** in Anjou. 101222
Effectiveness of using vermiculite [as a substrate for *flowers]* in **protected** cultivation. 101079
Actual problems in the development of resistance to pesticides in pests of cultivated plants as exemplified by the **rape** *blossom* beetles [Meligethes aeneus, Ceutorrhynchus] and some species of aphids. 102349
Blossom-end **rot** of tomatoes [Physiological diseases]. 101882
Study of the rate of flowering, fruiting and *flower* **shedding** of the Bolgar variety [of grapes] relative to humidity of the air and method of viticulture. 101157
Mosaic [virus] disease of Chinese **shoe** *flower* (Hibiscus rosa-sinensis L.). 101823
Inheritance of the gene of **"single** *flower* on the main stem" in tomatoes and its pleiotropic effects. 099089
Snow *flowers* [Ecology]. 098870
An epiphytotic of bacterial leaf and *flower* **spot** [Xanthomonas nigromaculans zinniae] of Zinnia. 101701
A *floristic* **survey** of Muir Point, Glacier Bay National Monument, Alaska [Plant associations]. 098783

FLUES

Drying bagasse using **boiler** *flue* gas. 095837
Price support level and production costs for the 1976 *flue-cured* **tobacco** crop. 094450
Effect of topping and nitrogen on *flue-cured* **tobacco.** III. Suckers, plant height and time of flowering. 100699
Effect of different nitrogenous fertilisers on the yield and quality of *flue-cured* **tobacco** (Nicotiana tabacum L.) var. virginia Gold. 104034

FLUIDS

The composition of ruminal and **abomasal** *fluid* from catheterised fetal sheep during the last 50 days of pregnancy. 097030
Microbiological detection of Nifurprazine in **body** *fluids* and tissues of cattle [Bacillus subtilis, Bacillus cereus mycoides]. 097675

Immunoglobulin concentrations and bovine enterovirus inhibitors in fetal **bovine** *fluids.* 097315
Rheograms for power-law [food] *fluids* using **coaxial** cylinder viscometers and a template method. 095420
Characteristics of **edible** *fluids* of animal origin: milk [Composition, nutritive value]. 095657
Characteristics of **edible** *fluids* of animal origin: eggs. 095749
Studies on the central venous pressure in the dog. II. Changes of central venous pressure **following** *fluid* transfusion. 1. Infusion of dextran 70 and lactated Ringer's solution to normal dogs. 096534
A **hand-operated** *fluid* drill for small plot experiments. 103427
Lung lymph and free **interstitial** *fluid* protein composition in sheep with edema. 097682
The methodology of evaluating criterial parameters of the *fluid* **jet** from the monitor in chemical protection of generative organs of coniferous trees. 103590
Changes in **lymphatic** *fluid* draining an area of inflammation induced by feeding Rhipicephalus sanguineus (Acarina: Ixodidae) on the dog. 102580
Studies of *fluid* **pressure** relaxation mechanism of power sprayer's regulator. III. On the automatic utilization under the trial pressure regulating method. 103580
The influence of various factors on *fluid* **secretion** by in vitro salivary glands of ixodid tick [Dermacentor andersoni, Ixodes ricinus, Ixodes hexagonus, Dermacentor reticulatus]. 102983
Polygalacturonic acid trans-eliminase in the osmotic **shock** *fluid* of Erwinia rubrifaciens: characterization of the purified enzyme and its effect on plant cells. 101694

FLUKES
Anthelmintic activity of albendazole against **liver** *flukes,* tapeworms, lung and gastrointestinal roundworms [Animal health products]. 097333
Economic effectiveness of using anthelmintics against the chronic form of **liver** *fluke* [Fasciola hepatica] in sheep [Losses, costs, returns]. 097439

FLUOMETURON
Metabolism in human embryonic lung cell cultures of three phenylurea herbicides; chlorotoluron, *fluometuron,* and **metobromuron.** 102712

FLUORESCENCE
Structural requirements for steroid binding and quenching of **albumin** *fluorescence* in bovine plasma albumin. 096249
Changes of the *fluorescence* of **aminergic** neurons after systemic administration of various drugs in the intracerebellum in the adult chicken (Gallus domesticus). 096150
Comparison of enrichment procedures for *fluorescent* **antibody** and cultural detection of salmonellae in raw meat and poultry [Bacterial contamination]. 094803
Fluorescent **antibody** staining for detection of coconut root wilt antigen. 101747
Evaluation of an **automated** *fluorescent* antibody procedure for detection of Salmonella in foods and feeds [Bacterial contamination]. 094806
Fluorescence **characteristics** of lignin model compounds. I. Styrene derivatives. 098178
Light-reactivation of (Tris-washed)-DPIP [2,6-dichlorophenol indophenol]-treated chloroplasts: manganese incorporation, **chlorphyll** *fluorescence,* action spectrum and oxygen evolution. 099920
The **I-D** *fluorescence* transient: An indicator of rapid energy distribution changes in photosynthesis [Kidney beans]. 100378
Identification of bluetongue and epizootic hemorrhagic disease viruses by the **indirect** *fluorescent* antibody procedure. 097524
Evaluation of the **indirect** *fluorescent* antibody test for detecting Trypanosoma vivax in South American cattle. 097600
Value of the **indirect** *fluorescence* antibody test in the diagnosis and the epizootiological survey of bovine trypanosomiases. 097615
Comparison of **indirect** *fluorescent* antibody (IFA) with complement fixation (CF) tests for diagnosis of Babesia spp infections in Colombian cattle. 097637
Aflatoxin contamination, *fluorescence,* and **insect** [Sitophilus oryzae] damage in corn infected with Aspergillus flavus before harvest. 101389
Intensity dependence of the *fluorescence* **lifetime** of in vivo chlorophyll excited by a picosecond light pulse [Measurements in Chlorella pyrenoidosa, Algae]. 099980
Stability of edible oils and fats to *fluorescent* **light** irradiation. 095469
Fluorescence **microscopic** investigations on the localisation of acridone alkaloids in the organs of Ruta graveolens. 099934
Demonstration of mycoplasmalike organisms in the phloem of trees with pear decline or proliferation symptoms by *fluorescence* **microscopy?** 101779
Application of the **passive** *fluorescent* antibody technique to the sero-diagnosis of animal virus diseases. 097505
Search for B-1 aflatoxin and **similar** *fluorescent* compounds in 'Misso' [Fermented rice and soybean]. 094890
Production of antiserums in horses to mycoplasmas of bovine origin and their use in growth-inhibition and *fluorescent-antibody* **tests.** 097542
The rapid determination of trace elements in soils and plants by **X-ray** *fluorescence* analysis. 103782

FLUORIDATION
Urine fluoride levels following ingestion of *fluoridated* **domestic** salt over three years. 095089

FLUORIDES
Effect of small amounts of *fluoride* on the **activation** of several [bacterial] microorganisms [Milk, fermentation]. 095604
Effects of supply and withdrawal of *fluoride* on the **concentration** of fluoride and glycosaminoglycans in cortical bone from rabbits. 096380
A re-examination of published data on the *fluoride* **content** of pastures [Hazards to grazing animals]. 100768
Variation in the *fluoride* **content** of water and the prophylaxis of caries. 104271
Effects of supply and withdrawal of fluoride on the concentration of *fluoride* and **glycosaminoglycans** in cortical bone from rabbits. 096380
The influence of *fluoride,* **malonic** and pyruvic acids on the respiratory metabolism and the metabolism of dicarboxylic and tricarboxylic acids in two-year-old leaves of chicory. 100610
Fluoride **susceptibility** of tomato plants as affected by magnesium nutrition. 100477
Urine *fluoride* levels following ingestion of fluoridated domestic salt over three years. 095089

FLUORINE
Teeth, *fluorine,* and **human** nutrition. 095161
Synthesis of cellulose derivatives with *fluorine-containing* **N-oxymethylaminotriazines.** 098369

FLUOROACETAMIDE
Fluoroacetamide (1081) **[rodenticide]** poisoning in wild birds. 097832

FLUX
Fluxes of **gibberellic** and abscisic acids, together with that of adenosine 3',5'-cyclic phosphate, across plastid envelopes during development [Oats]. 100287
Effect of light upon membrane potential, conductance, and **ion** *fluxes* in Riccia fluitans [Hepaticae]. 099840

FOALS *see* **HORSES**

FOAM
'Sea *foam'* [variety] a breakthrough in roses. 101035

FODDER
Investigation of enzymes of sucrose metabolism in *fodder* **beet** roots in connection with conditions of nitrogen nutrition [Fertilizers]. 100316
The storage loss of *fodder* **beets** as influenced by harvesting, handling, and cleaning [Injuries]. 102050
Effect of soil moisture regimes, nitrogen and phosphorus on N, P, K and Ca [nitrogen, phosphorus, potassium, calcium] uptake by **berseem** *fodder* [Egyptian clover]. 100211
Economic evaluation of *fodder* **consumption** development and the fodder influence on forming effects achieved in agriculture. 094363
Fodder **crop** breeding in Finland. 099416
Epizootiology and epidemiology of salmonellosis in Italy [Domestic animals, *fodder,* **food** products]. 097362
Results of **green** *fodder* analyses for nitrate in 1975 in the Frankfurt on the Oder area. 096059
Fodder yielding ability of maize genotypes under varying levels of nitrogen and population. II. Quality of **green** *fodder.* 104109
Economic evaluation of fodder consumption development and the *fodder* **influence** on forming effects achieved in agriculture. 094363
A study on Salmonella transmission in pigs in an industrialcomplex. I. Salmonella finds in faecal samples and *fodder* **mixtures.** 097355
A report of leaf spot diseases on some vegetable, *fodder* and **ornamental** plants. 101400
A study on the cultivation and utilization of rice **plants** as *fodder.* 100879
Integration of *fodder* **production** with intensive cropping systems. 100697
Early wet season fertilization of Para grass for use as **saved** *fodder* in the Northern Territory, Australia. 104155
Nitrate content in winter **season** *fodders* [Toxicity]. 096009
Improving the effectiveness of industrially-producing young cattle facilities with semislotted floors by increasing the number of heads per unit group and the biological treatment of **stored** *fodder.* 096134
Cultivation of *fodder* **yeasts** on top peat hydrolysates [Candida, Sporobolomyces pararoseus, Lipomyces lipoferus]. 095993
Fodder **yielding** ability of maize genotypes under varying levels of nitrogen and population. II. Quality of green fodder. 104109

FOENICULUM
Sorption of moisture by crude drugs. III. Folium Menthae piperitae, Herba Thymi, Fructus Foeniculi, Anthodium Chamomillae [Mentha, Thymus, *Foeniculum,* **Matricaria** cha. 095450

FOG
Fog **catchment** sand trenches constructed by trenebrionid beetles, Lepidochora, from the Namib Desert. 103093
Fog as a **vehicle** for dispersal of a microbial insecticide [the entomogenous bacterium Bacillus thuringiensis] in shelterbelts [to control Paleacrita vernata and Alsophila pometaria in Ulmus pumila]. 102499

FOLDING
Experimental and theoretical aspcts of **protein** *folding.* 096170

FOLIAGE
Investigations of crops and fertility—a way to economy and efficiency [Soil testing, *foliar* **analysis].** 103837
Foliar **analysis** for the diagnosis of nitrogen nutrition of lemon trees. 104077
Effect of *foliar* **application** of urea on rhizosphere and rhizoplane microflora of wheat. 103915
Foliar **application** of nitrogenous fertilizers to barley. 104147
New Ruaton [Gardens Co.] is a step ahead of the *foliage* **boom** in England [Mass production of potted plants]. 101129
Incidence of virus symptoms in yam (Dioscorea sp.) *foliage* in the **Commonwealth** Caribbean. 101809
Evolution of the *foliar* **content** of boron in the Verna lemontree. 099481
Foliar **diagnosis** of nitrogen nutrition of carrots [Chemicalcomposition]. 100500
Differential *foliar* sensitivity of soybean cultivars to ozone associated with differential enzyme activities [Pollutioninjuries]. 102005
Correct identification of *foliage* **diseases** [Peanuts, Texas]. 101996
Relationships between leaf mass and disease progress in *foliar* **diseases.** 102066
Effect of *foliar* **dressing** [with fertilizers] on the yield and quality of buckwheat grain in the conditions of the Poltava Region. 103902
Foliar **fertilization** of soybeans during the seed-filling period. 103882
Foliar **insecticides** for control of pecan weevil [Curculio caryae] and hickory shuckworm [Laspeyresia caryana]. 102448
Plant parenthood. 3. [Care of **interior** *foliage* plants]. 101206
Foliar **macronutrient** concentrations and foliage retention in radiata pine [Pinus radiata] clones on four sites. 100659
Studies on *foliar* **morphogenesis** in Lycopersicon esculentum Mill. (Tomato) with special reference to aging phenomena. 100392
A quantitative assessment of **padi** *foliar* diseases in the Tanjong Karang irrigation scheme, Selangor. 101952
The *foliage* **plant** boom: is it here to stay? [Marketing]. 094514
Plant parenthood. 2. [Selection of *foliage* **plants].** 101205
Foliar macronutrient concentrations and *foliage* **retention** in radiata pine [Pinus radiata] clones on four sites. 100659
Foliar **sclereids** in Microtropis valida. 098944
1974 **season** *foliar* diagnosis [Sugarcane]. 104113
Response of triticale to *foliar* **spray** of boron and its effect on grain quality. 103946
Effect of biuret concentration in *foliar* **sprayed** urea on yield and composition of rice. 103969
Metabolic changes associated with the prevention of chlorosis by the application of elemental sulphur and *foliar* **sprays** of sequestrene 138-Fe [iron] in Pisum sativum L. [Peas, deficiency disease]. 101842
Behavior of Tetranychus urticae toward essential oil mixtures from **strawberry** *foliage.* 102434
Monogenic control of resistance in the tomato to the tobacco flea beetle [Epitrix hirtipennis]: probable repellance by *foliage* **volatiles.** 099199

FOLIC
Folate content of Iranian breads and the effect of their fiber content on the intestinal absorption of *folic* **acid.** 094958
Separation of *folic* **acid** derivatives by high-performance liquid chromatography. 095140
Effect of germination on *folic* **acid** content of Bengal gram [chickpeas] and ragi [Eleusine coracana]. 099795

FOLLICLES
Features of *follicular* **development** in swine and sheep ovaries during gestation. 097062
Infected **feather** *follicles* in cage reared broilers. 097482
Adenylyl cyclase activities in ovarian tissues. I. Homogenization and conditions of assay in **graafian** *follicles* and corpora lutea of rabbits, rats, and pigs: regulation by ATP [adenosine triphosphate], and some comparative properties. 096328
Effects of gonadotrophins on the cumulus oophorus of isolated rat **graafian** *follicles.* 096849
Effects of intravenous injection of FSH *[follicle-stimulating* **hormone]** on ovarian follicular cysts in dairy cows. 097740
The porcine ovarian follicle. III. Development of chorionic gonadotropin receptors associated with increase in adenyl cyclase activity during *follicle* **maturation.** 096334
Growth of **new** *follicles* following electrocautery in four genetic groups of swine. 096933
The porcine **ovarian** *follicle.* III. Development of chorionic gonadotropin receptors associated with increase in adenyl cyclase activity during follicle maturation. 096334
Permeability of **ovarian** *follicles* to electron-dense macromolecules [Sheep]. 096843
Effects of intravenous injection of FSH [follicle-stimulating hormone] on **ovarian** *follicular* cysts in dairy cows. 097740
Ring canals in the **ovarian** *follicles* of Aedes aegypti. 102808

Messenger RNA synthesis, transport, and storage in silkmoth [Actias luna and Antheraea polyphemus] **ovarian** *follicles.* 102906
Further studies of the surface epithelium covering preovulatory **rabbit** *follicles* with special reference to lysosomal alterations. 096306
Role of *follicle* **stimulating** hormone and testosterone in the early stage of spermatocytogenesis in rats. 096975
On the effects in vitro of *follicle* **stimulating** hormone (FSH) and actinomycin D on the amounts of nucleic acids of the immature mouse ovaries. 097037

FOMES

Influence of the cleanings on killing of pine stands by *Fomes* **annosa.** 101443
Rate of growth and activity of oxidizing enzymes of different *Fomes* **annosa** strains [Pinus]. 101446
Effect of temperature on growth rate and survival of *Fomes* **annosus** in western hemlock [Tsuga heterophylla] stumps. 098235
Fomes **annosus** (Fr.) Cooke, Peniophora gigantea (Fr.) Massee, and other fungi colonising stumps of Pinus sylvestris L. 098236
Current research on *Fomes* **annosus** in France [Picea abies, Pinus pinaster, Pseudotsuga menziensii, Abies alba]. 101432
Development of disease and dynamic of pine dieback caused by *Fomes* **annosus** (Fr.) Cooke during 1971 and 1972 at Deliblato Sand [Yugoslavia]. 101433
Disease incidence and disease severity in loblolly pine [Pinus taeda] planted over two soil hazard types *[Fomes* **annosus].** 101434
Effects of extractives from spruce [Picea abies] roots on extracellular enzymes of *Fomes* **annosus** (Fr.) Cke. 101435
Fomes **annosus** as a factor in the management of recreational forests [Yosemite Valley, Pinus ponderosa, Libocedrus decurrens]. 101436
Fomes **annosus** butt rot. Losses in a young second rotation stand of Sitka spruce [Picea sitchensis]. 101437
Fomes **annosus** in Australia [Pinus radiata, Pinus elliotii, Araucaria cunninghamii]. 101438
Fomes **annosus:** mortality rates in young trees [Larix decidua, Pseudotsuga menziesii, Picea sitchensis, Fagus sylvatica, Betula] underplanted among pine. 101439
Influence of root exudates of red pine [Pinus resinosa] on the germination of conidia of *Fomes* **annosus.** 101441
Influence of temperature, pH [hydrogen-ion concentration] and nutrients on the growth of *Fomes* **annosus** isolates [Pinus pinaster]. 101442
Investigations concerning the fungus *[Fomes* **annosus]** retarding action of wood from the Norway spruce (Picea abies Karst.). 101444
Microscopic slides showing wood destruction [of Picea abies] by [the red rot fungus] *Fomes* **annosus.** 101445
Relative susceptibility of slash, loblolly and longleaf pines [Pinus elliottii, Pinus taeda, Pinus palustris] to infection by *Fomes* **annosus.** 101447
Research on the resistance of different species of Picea against *Fomes* **annosus.** 101448
Resistance of Pinus sylvestris to the root rot *[Fomes* **annosus].** 101449
Studies on *Fomes* **annosus** and the infection of pine seedlings. 101450
The effect of *Fomes* **annosus** infection on diameter growth ofPinus taeda L: an initial report. 101451
The effect of phytoncides, root and leaf extracts of some [woody] plants on the growth of *Fomes* **annosus** mycelium in culture. 101452
The influence of soil biological factors on the mycelial growth of *Fomes* **annosus** [Trees]. 101453
Variation in infection *[Fomes* **annosus]** of loblolly pine [Pinus taeda] roots on high and low hazard sites in the southeastern United States. 101455
Fomes **annosus** butt-rot of Norway-spruce [Picea abies] in the CSSR [Czechoslovakia] and influence of various factors on its distribution. 101522
Biosynthesis of fomannosin from 1,2-13C-acetate [Wood rot fungus, *Fomes* **annosus,** Pinus]. 101637
Host plants of *Fomes* **annosus** in Great Britain. 101651
Root pathogens as agents predisposing ponderosa pine and white fir [Abies concolor] to bark beetles [Scolytidae, *Fomes* **annosus].** 102492
The requirements of *Fomes* **anosus** for different organic and mineral sources of nutrition [Plants]. 101454
Induction of basidiocarp formation of three strains of *Fomes* **durissimus** Lloyd in culture [Fungi]. 099687
About the occurrence of ecotypes of the **species** *Fomes* annosus (Fr.) Cooke. 101431

FOOD

Food **additive** control in the U.S.S.R. 094861
Food **additives** and hyperactivity. 095037
Patterns of consumption of *food* **additives.** 095074
Patterns of consumption of *food* **additives.** 095075
Politics vs science in *food* **additives** regulation. 095283
The influence of some carbohydrate diets as **adult** *food* or group interaction during immature stages on the programming of oviposition in the spotted bollworm, Earias fabia Stoll (Lepidoptera: Noctuidae). 102354
The position of the [West German] Federal Government with regard to competences in the provision of financial support within the area of responsibility of the Federal Ministry of *Food,* **Agriculture** and Forestry. A systematic and critical discussion. 094381
Alternative *food* and agriculture policies for the United States. 094739
Elasticities of demand for *food:* an **analysis** using non-additive utility functions allowing for habit formation. 094607
Determination of ronidazole in swine tissues by differential pulse polarography [Drug residues in *edible* **animal** tissues]. 094867
A proposal for the use of irradiation for the preservation of *foods* of **animal** origin. 095391
Antibacterial drugs in *food* **animals:** their environmental impact. 094903
Arthropod *food* chain energetics in a Missouri tall grass prairie. 102317
Introductory research on the *food* **attractants** and repellents for the beetles of the granary weevil (Sitophilus granarius L.). 102541
The **Austrian** *food* book (Codex alimentarius Austriacus). 094887
Biochemical and technological aspects of production and storage of humanized **baby** *food* powder. 095545
Heterogeneity of Staphylococcus aureus enterotoxin B as a function of growth stage: implications for surveillance of *foods* **[Bacterial** contamination]. 094807
Baked *foods* fortified with vegetable protein. 095402

Agricultural and forest meteorology **[World** *food* supply]. 093978
The **world** *food* problems—there are some answers. 094685
Current problems of **world** *food* production [Situation studies]. 094724
A right to *food* **[World** hunger]. 094746

FOODSTUFFS

The automated determination of carbohydrate. Development ofa method for available carbohydrates and its **application** to *foodstuffs.* 095486
Mycotoxins in *foodstuffs.* VI. **Formation** of sterigmatocystin in bread by Aspergillus versicolor [Fungi]. 094945
Lead and cadmium content of *foodstuffs.* 1. **Lead** and cadmiumcontent of spices and table salt. 094943
The effect of the basal rations [wheat straw] on the **tested** *foodstuff* [Rams, feeding]. 096621

FOOT

Effect of various physical factors of the environment on the incidence of *foot* **blight** Operculella padwickii] of gram (Cicer artietinum L.) [Chickpeas]. 101479
Foot and **bulb** rot [Sclerotium rolfsii] of Ornithogalum virens. 101401
Routine titration of *foot-and-mouth* **disease** virus suspensions by analytical ultracentrifugation. 1. Sedimentation method. 097237
Report on the outbreak and control of *foot-and-mouth* **disease** in Perlis. 097280
Foot-and-mouth **disease** in wildlife with particular reference to the African buffalo (Syncerus caffer). 097342
Application of immuno-peroxidase techniques for the detection of *foot-and-mouth* **disease** virus antigens. 097557
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, hog cholera, rinderpest, vesicular exanthema of swine, vesicular stomatitis and *foot-and-mouth* **disease.** 097558
Foot-and-mouth **disease** in white-tailed deer: clinical signs and transmission in the laboratory. 097563
Morphogenesis of the chick **embryo** *foot* as studied by Janus green B-induced malformations. 096448
The situation for epizootic diseases [in Sweden and the world at large, **especially** *foot-and-mouth* disease and rabies]. 097438
Zearalenone production by isolates of Fusarium **inducing** *foot* rot disease of wheat in Italy. 101539
Research on the etiology and methods of control of *foot-rot,* a **new,** dangerous tobacco disease [caused by two soil fungi, Botrytis cinerea and Rhizoctonia solani]. 101336
A simplified method for the isolation of Bacteroides nodusus from **ovine** *foot-rot* and studies on its colony morphology and serology. 097391
An electron microscope study of Bacteroides nodusus [isolated from cases of **ovine** *foot* rot]: ultrastructure of organisms from primary isolates and different colony types. 097392
Ovine *foot* rot [Bacteriodes nodusus]: a review. 097568
Factors affecting Fusarium [solani phaseoli] *foot* and **root** rot of Phaseolus beans. 101320
Cereal diseases in southern Italy. II. Fusarium roseum f. Sp. cerealis on durum wheat *[Foot* **rot].** 101527
Antigenic variation of Venezuelan strains of *foot-and-mouthdisease* **viruses.** 097556

FOOTHILLS

Effect of inorganic fertilizers on the yield and quality of the seeds of Italian ryegrass [Lolium multiflorum] in the conditions of the **Carpathian** *foothills.* 104135
Spring segetal flora from the **eastern** *foothills* of the Caucasus. 102085
How to **reduce** *foothills* abortion [Epizootic bovine abortion, Ornithodoros coriaceus, vector]. 097283

FORAGE

A linear programming model and matrix generator for evaluating **alternative** *beef-forage* systems. 096798
AFGC's [**American** *Forage* and Grassland Council] role in the forage industry [Research, communication]. 094094
Experiences with *forage* **beet** feeding [Cattle]. 096738
Cultivation, harvest and storage of *forage* **beets.** 100916
Farm management and yield performances in the cultivation of *forage* **beets.** 100917
Local factors and yields of *forage* **beets.** 100918
Evaluation of the collection entries of red and *forage* **beets** for resistance to bacterial black rot and fungus black leg. 101681
The effect on the *foraging* **behaviour** of honeybees of the relative locations of the hive entrance and brood combs. 103221
Estimation of S-methylcysteine sulphoxide (kale anaemia factor) and its distribution among **Brassica** *forage* and root crops. 096017
Economic development of reed [Phragmites communis] thicketsin the south-east of Kazakhstan [Source of **cattle** *forage].* 096006
Ultrastructure of rumen bacterial attachment to *forage* **cell** walls. 096208
Grass tetany hazard [in cattle] of **cereal** *forages* based upon chemical composition. 097681
Accepting the *forage* **challenge** [of supplying more beef with less grain feeding]. 094761
Accepting the *forage* **challenge** [Intensified Livestock Feed Production Program, Kentucky]. 094762
Accepting the *forage* **challenge** [Veterinary aspects of cattle feeding]. 097754
Animals as monitors of environmental quality [Death caused by *forage* **contamination].** 097814
Observations on the incidence of Ketosis and puerperal neurosis in cattle, related to feeding **corn** *(forage* or silage) [Metabolic diseases]. 097715
Forage quality control of coarse feeds as a factor in the intensification [of *forage* **crop** production]. 096056
Content of nitrate nitrogen in crops in a meadow and *forage* **crop** rotation on peaty soils. 100224
Problems of intensification of *forage* **crop** growing on arable lands. 100932
Ethology and new [varieties of] *forage* **crops.** 100887
Molybdenum fertilizers as a factor of increasing the yield of *forage* **crops** (analytical review). 104081
Influence of rearing with all *forage* **diet** on the body weight gain and the feed efficiency in the followed fattening period in Holstein steers. 096658
Bumblebee [Bombus] *foraging* and the **economics** of sociality. 103217
High **energy** *forage;* the necessary ingredient in beef finishing on grass. 096734
Contribution to the determination of the nutritive value of *forages.* III. **Estimation** of the digestibility and the energy value by means of nylon bags digestibility. 096781
New directions in the field of *forage* **evaluation** [Nutritivevalue]. 096683
Processed poultry waste compared with uric acid, sodium urate, urea and biuret as nitrogen supplements for beef cattle **fed** *forage* diets. 096700
New methods for storing and **feeding** *forage* beets. 096037
Responsibilities & opportunities in *forages:* the **fertilizer** industry. 104116
Physiological selection criteria in *forage* **grasses** [For usein a breeding programme]. 099312
Manuring of **grass-legume** *forage* mixtures. 103999
Studies on the forage sorghum breeding utilizing the cytoplasmic malesterile lines. I. Effect of the parental lines on the **green** *forage* yield of hybrids. 099124
Management and planning of *forage* **growing** in the [Rostock] area, a state task with priority. 094348
Improvement of the quality of *forages* [**Growing** and processing practices]. 100890
How to choose a precision chop *[forage]* **harvester** [Farm machinery]. 103412
Foraging and **homing** flight of the honeybee [Apis mellifera]: some general problems of orientation. 103286
AFGC's [American Forage and Grassland Council] role in the *forage* **industry** [Research, communication]. 094094
Seasonal changes in minerals, protein, and yield of tall fescue [Festuca elatior] *forage* as **influenced** by nitrogen and potassium fertilization. 100321
Comparison of *forage* **intake** and digestibility by bison, yak and cattle. 096626
Intoxications of *forages* in the **Irno** valley and new relations between idioblast [cell] function and tumors [Polluted irrigation water toxicity]. 101828
Make **legume** *forages* yield more. 100874
Late summer irrigation and establishment of winter annual *[forage]* **legumes** in a Mediterranean-type climate. 100706
[Fungus and bacterial] diseases of *forage* **legumes,** silage and root crops. 101359
The economic value of *forage* for **livestock.** 094764
Study of the phenomenon of genetic complementation for the feature of alkaloid content in compound intervarietal hybrids of *forage* **lupine.** 099298
Legume and grass *[forage]* **mixtures** for drained lands. 100891
Industry's responsibilities and **opportunities** in *forages.* 096041
Planning *forage* production. 094276
Roegneria fibrosa [as *forage* **plant** in the Bashkir ASSR]. 100899
Giant reed (Arundo donax L.) as a *forage-silage* **plant.** 100980
Selenium content of *forage* **plants** harvested in Finistere. Enrichment of ryegrass [Lolium] and maize by adding selenite to the soil. 100052
Content of iodine in *forages* and **plants** in the Moldavian SSR. 100223
Study of the balanced nutrition of *forage* **plants** according to Homes method [Fertilizers]. 103887
Where do we go from here? *[Forage* **production].** 094766
Future trends in *forage* **production** and utilization [Livestock feeding]. 096771
Responsibilities and opportunities in *forage* **production** [Farm and industrial equipment]. 103570
"Planning a *forage* **program** that works by putting it all together". 094304
Financing the *[forage]* **program.** 094431
Forage **properties** of the silage made from Dneprovskii 320 MV maize hybrid. 095996
Some *forage* **qualities** of alfalfa varieties in western Siberia. 100119
Increasing dairy returns. Use high producing cows, top **quality** *forages* [Management]. 094228
Payment of wages for the **quality** of *forages.* 094275
The importance of *forage* **quality** [Alfalfa, Bromus]. 096013
Quality *forage* for milk and beef production [Cattle]. 096042
Quality *forages* from tower silos [Ensiling]. 096043
Forage **quality** control of coarse feeds as a factor in the intensification [of forage crop production]. 096056
What is a **quality** *forage* sorghum? 096772
Dependence of the fecundity of silkworm [Bombyx mori] from the **quality** of the *forage.* 103242
Production of certified seeds of oil and *forage* **rape.** 100762
Forage **reserves** of grain cereals. 096026
Rye for [green] *forage* in **Rostov** Region. 100900
Varietal choice of *forage* **seed.** 095802
Industry's responsibilities and opportunities in *forages:* **seed** industry. 100939
Content of iodine in *forages* from different **soil** and geographic zones in Moldavia. 096022
Studies on the *forage* **sorghum** breeding utilizing the cytoplasmic malesterile lines. I. Effect of the parental lines on the green forage yield of hybrids. 099124
Double cropping wheat and **sorghum** *forage.* 100779
1076 grain and *forage* **sorghum** weed cntrol. 102122
Sowing *forage* herbaceous plants on abandoned open-mining sites [Hungarian sainfoin]. 100901
Forage—a **star** still on the second team [Production]. 094763
You are in a *forage* **state** [Kentucky]. 094767
Automation of the unloading of *forage* from **storage** on cattle farms. 103516
Bermudagrass [Cynodon dactylon]—a **summer** *forage* [Culture]. 100691
Creation of *forage* **supplies** for beef cattle pasture management]. 100886
Classification of **ten** *forage* [plant] species by means of systematic quality testing [Composition, digestibility]. 095992
The importance of *forages* in **today's** agriculture. 094765
Immunological study of the initial material for breeding peas, peavine and *forage* **vetch** in the conditions of the TambovRegion. 099088
Evaluation of protein and nutritive fiber content of cultivated Russian-thistle [Salsola **weed** used as *forage].* 095991
Forage yield of rape in mixed cultivations for the production of **winter** *forage* [Brassica napus oleifera]. 100781
Arrowleaf and Crimson clover varieties for *forage* **[Yields].** 100992

FORECAST

Precise refrigeration system specs require **accurate** use *forecast.* 095389
Prospects of **agricultural** transports. 094737
Complex dynamic model "weather—yield" [for **agrometeorological** *forecasting].* 094046
Methods and *prospects* of **breeding** spruce [Picea] for increasing its productivity. 098084
Attracting activity of developing fruits, seeds and the *prospect* of using it as a **breeding** character [Barley, wheat]. 099245
Gene pool and the *prospects* of **breeding** plants for resistance to nematodes. 099272
Up-to-date condition and *prospects* of **breeding** potatoes for resistance to major diseases and pests. 099282
[Present] status and *prospects* of **breeding** varieties of farm crops resistant to nematodes. 099283
Economical aspects of replacing forest species and the *prospects* of **chemical** care of young stands composition. 098138
Analysis and *forecasting* of **consequences** of successive passages of tools on the cultural [soil] profile. 104174
Achievements and *prospects* of the **control** of diseases, pests and weeds of potatoes [in the world]. 101849
Cereal cyst nematode, Heterodera avenae Woll., in France: damage, biological characteristics and *prospects* of **control.** 101868
Results and **developmental** *prospects* of agriculture in the USSR. 094720
Research in agricultural economics: progress, limitations, coordination, needs and *prospects* —a **discussion.** 094179
Prospects of *forecasting* the **effectiveness** of alteration of plant parameters and the evaluation of a maximum yield [Barley]. 100200
Nutrition of fruit crops and the *forecast* of the **effectiveness** of fertilizers. 100506
Method of biological control and the *forecast* of the **effectiveness** of applying nitrogenous fertilizers. 103960
Prospects of the **expansion** of protected cultivation of vegetables in the Murmansk Region. 101087
The density and destructiveness of common vole (Microtus arvalis Pall.) on cultivated fields in Poland in 1974 and the *forecast* for 1975. 101856
Prospects of **forecasting** the effectiveness of alteration of plant parameters and the evaluation of a maximum yield [Barley]. 100200
The value of **frost** *forecasting:* a Bayesian appraisal [Weather]. 093970
Balance and **further** *prospects* in the development of slaughter swine production [Five-Year Plan, East Germany]. 094787
Prospects of **further** expansion of orange cultivation in different ecological conditions of the Western [Soviet] Georgia. 101257
Achievements and *prospects* for **further** development of chemical methods of control of [fungus] plant diseases in Poland. 101334
The protection of [Polish] orchards during last 30 years and **future** *prospects.* 101859
Achievements in biological control of [insect] pests [of plants] in Poland, 1945-1975, and *prospects* for the **future.** 102227
Mechanized methods of forest thinning. I. **Future** *prospects.* 103470
Gain *forecast* for world meat production this year [Trade]. 094534
Soviet **grain** *prospects* up following poor 1975 crop [Production]. 094543
Prospects of **growing,** harvesting and post-harvest handling of potatoes in the Czech Socialist Republic. 095937
Prospects of **growing** rape. 100996
Prospects of **growing** greens and perennial vegetable crops in the Murmansk Region. 101086
Forecasting **infestations** of tropical migrant pests: the Desert Locust [Schistocerca gregaria] and the African Armyworm [Spodoptera exempta]. 102272
Results and *prospects* of **investigations** in increasing the fertility of sandy soddy-podzolic soils. 104190
Long-term *prospects* for pulp and paper development in Scandinavia. 098381
Studies on *forecasting* of **mosaic** disease occurrence on Japanese radishes. I. Occurrence of mosaic disease on Japanese radish and types of its causal viruses in Hiroshima Prefecture. 101735
Prospects of using **new** indices of heat provision rate for programming yields of farm crops. 094245
The estimation of losses caused [in Poland] by more important diseases and pests in 1974 and *forecast* of their **occurrence** in 1975. 101857
Problems of breeding rye in Czechoslovakia and *prospects* **ofusing** heterosis. 099098
Prospects **opened** by selection of domestic animals by recent progress of our knowledge of biology. 096838
Forecasting **operational** technological effectiveness of [farm] machinery in the phase of its designing. 103526
Foundations for the development of an **optimal** *forecasting* program of growing alfalfa for hay under irrigation. 100799
Coffee output in 1976/77 *forecast* down 16 **percent.** 094526
Forecasting the **persistence** of pesticides. 102736
Better *prospects* for **pesticides** [Outlook]. 102624
Calculated levels of inorganic fertilizers for *forecasting* a **planned** yield of sugarbeets in the conditions of the western regions of the Ukrainian SSR. 103958
Quantitative methods of calculating agroclimatic resources *[Forecasting* **plant** productivity]. 094048
Polyploid hybrids of industrial yeast races and *prospects* for their **practical** application [Saccharomyces cerevisiae, Saccharomyces carlsbergensis]. 099861
Coconut cultivation in Lakshadweep, its *prospects* and **problems.** 101107
Forecasting and **programming** maize yields in twice-a-season sowings [Water requirements]. 094238
The problem of *forecasting* and **programming** [crop] yields. 094247
Some trends in the economic status of animal husbandry in the USSR and foreign countries [Productive capacity, **programs,** *forecast].* 094757
Comparative medicine: **progress** and *prospects.* 097164
Coccidiosis: immunity and the *prospects* for **prophylactic** immunisation [Chickens, Eimeria]. 097662
Laboratory method of *forecasting* **relative** resistance to chlorosis by apple rootstocks. 101939
A quarter century of agricultural economics in **retrospect** and in *prospect.* 094173
Thermal processing in **retrospect** and *prospect.* 095364

15 years of carographic registration of mosses [Musci] in Saxony—**retrospect** and *prospects.* 098736
About possible methods of non clearcuttings in the taiga zone in connection with **revealed** *prospects* of mechanization of [forest] cutting work. 098411
Prospects of **saddle-type** lorry trailers in agricultural transports. 103502
Up-to-date status and *prospects* of **studying** the problems of infectional drying-off of lemons (mal secco disease) [Phomatracheiphila]. 101617
Food Marketing Alert; a monthly food **supply** *forecast* in a capsule [Publications]. 094475
Can the Sahel **survive?** *Prospects* for long-term planning and development. 094711
Need and *prospects* for using **tracer** techniques in fruit breeding. 099309
History, present situation and *prospects* in **utilisation** of hilly, erosion-reclaimed soils in southern Moravia [Erosion control]. 104210
Study of qualitative characteristics of the grain of cereals for the *forecasting* of their **variability.** 099262
The *prospects* of **winter** forcing of flowering bulbs in the Murmansk Region. 101093
Method of *forecasting* a **yield** considering the growth intensity of plantings and the quality of products in commercial viticulture. 100455
Experience of *forecasting* **yields** in the conditions of the Ingulets irrigation system. 104305

FOREST

The public interest and professional **advocacy** *[Forests].* 098041
Growth and productivity of spruce [Picea] plantings of *forest* and **agricultural** soils. 097986
Products of **American** *forests,* importance of forest resources. 098375
Typological **analysis** of *forests.* 098054
Compilation of analyses of rocks taken from the mountain region for the purpose of **assessing** *forest* site capacity (information article with reference data) [East Germany]. 098175
The *forest* **border** as a landscape component—its structure, functions, preservation and development by means of silviculture [Conservation, recreation]. 098067
Use of woods from essential **Brazilian** *forests* in cellulose production: Mimosa bracatinga, Cecropia species, Tabebuia cassinoides and Joannesia princeps [Properties]. 098232
Effect of late-season top dressing of N (and K) [nitrogen and potassium] applied to conifer [Picea sitchensis] transplants in the nursery on their survival and growth on **British** *forest* sites. 103964
Classification of spruce and **broadleaved-spruce** *forests* in the southern part of the Tikhvin Ridge [in Leningrad and Novgorod provinces]. 098047
The **Brown** *Forest* soils in the west part of Leningrad region. 103848
Antiquities and history **[Cambrian** *Forests].* 097882
Physical features and geology **[Cambrian** *Forest].* 097883

Application of land capability **surveys** in *forestry.* 097973
For a more up-to-date information **system** [in *forestry].* 097974
The position of the [West German] Federal Government with regard to competences in the provision of financial support within the area of responsibility of the Federal Ministry of Food, Agriculture and *Forestry.* A **systematic** and critical discussion. 094381
Forestry **training** and research in Spain. 097875
Use of X-ray radiography for studying seed quality in **tropical** *forestry* [Pests, disease, and damage]. 102034
Data resolution **versus** *forestry* classification and modeling [Remote sensing]. 097993
The old mansions and their woodlands *[Forestry* in **Wales].** 097884
SCS [Soil Conservation Service] technical assistance in **windbreak** *forestry.* 098016
Forestry in the **year** 2000: what man can imagine, man can do. 097928
High **yield** *forestry* is not a gamble [Management practices]. 097960

FORFICULA
The occurrence of trehalose in an earwig, *Forficula* **auricularia** L. (Dermaptera). 102898

FORMALDEHYDE
Studies on the effects of **feeding** *formaldehyde-treated* fishmeal on growing lambs. 3. In vivo production of ammonia, total nitrogen and volatile fatty acids. 096689
Investigation of changes in chemical composition of wood lignin during its polycondensation with **phenol** and *formaldehyde.* 098329
Exoenzymic activity of alpha-amylase immobilized on a *phenol-formaldehyde* **resin.** 095425

FORMALIN
The effect of *formalin* and **lower** volatile fatty acids on silage fermentation. 096018
Plasmodium berghei: frozen-thawed, *formalin-treated,* and **lyophilized** sporozoites as vaccines in A/J mice. 097626
Sex chromatin determination in *formalin-fixed,* **paraffin-embedded** tissues of rats. 097825

FORMIC
The effect of *formic* **acid** on the fermentation of ryegrass [Lolium] ensiled at different stages of growth and dry matter levels. 096014
Feeding value of silage: silages made from freshly cut grass, wilted grass and *formic* **acid** treated wilted grass [Sheep]. 096718
Performance of dairy cattle on **wilted** *formic* acid silages. 096708

FORMICIDAE
Brood transport by young workers of Tapinoma **erraticum** *(Formicidae,* Dolichoderinae): role of mechanical and chemotactic stimuli from the brood. 102839
Regional distribution of three ultrastructural retinula types in the retina of Cataglyphis bicolor Fabr. *(Formicidae,* **Hymenoptera).** 102882
Predaceous ants [Crematogaster clariventris, Crematogaster buchneri] (Hymenoptera: *Formicidae)* **phytophagous** on Theobroma cacao in Nigeria. 102254

FORMOTHION
Formothion **[Organophosphorus** insecticides, residues, toxicity]. 102633

FORMULA
An improved method for the estimation of urea in *formula* **feeds** for cattle. 096661
Bioavailability of zinc in milk and soy protein-based **infant** *formulas.* 095146

FORSYTHIAS
Studies on the acceleration of flowering in woody ornamentals by low temperature treatments. VI. The factors involved in flower formation in *Forsythia* **viridissima** Lindl. 100587

FORTRAN
Equations and *Fortran* IV **program** for the 1976 metric version of the forest fire weather index. 097887

FOSSILS
The *fossil* **Alnus** pollen [in central Russian plain]. 098734
Studies on the epidermis of recent and *fossil* **fruits** of Carpinus and Ostrya and its significance in the systematics and history of these genera. 098487
A *fossil* **leaf** of Akaniaceae from Paleocene beds in Argentina. 098579
Fossil **plants** from the Lower Pannonian of the Valea-de-Cris (district Bihor, Romania) [New taxa]. 098484
Possible eucaryotic algae (Bangiophycidae) among early **Proterozoic** *microfossils.* 098561
The *fossil* **record** and insect flight. 103113
The platyspermic *[fossil]* **seeds** of Gondwana Face for the Maithy Scheme [New taxa]. 098496
Brazilian paleoxylic anatomy. II. New genus [Protopodocarpitys rosleri] of *fossil* **wood** of Irati Formation, Sao Paulo State. 098493

FOULBROOD
The incidence of A.F.B. **[American** *foulbrood]* in Oregon-1975 [Apis mellifera]. 103215
Suppression of honeybee brood diseases in the Pisek **district** *[Foulbrood].* 103313

FOWL
Variability of the virus of **classical** *fowl* plague exposed to ultraviolet radiation. 097635
The functional anatomy of the bronchial circulation of the **domestic** *fowl.* 096416
Effects of dietary caffeine on the testis of the **domestic** *fowl,* Gallus domesticus. 096954
A comparison of the virulence of three strains of Mycoplasma gallisepticum and one strain of Mycoplasma gallinarum in chicks, turkey poults, tracheal organ cultures and **embryonated** *fowl* eggs. 097595
Effect of pyrantel tartrate on the third stage larvae of Ascaridia **galli** [in *fowls].* 097599
A presumptive diagnosis of avian necrotic enteritis in the *fowl* **(Gallus** gallus domesticus) from Assam (India). 097245
Raising **guinea** *fowl.* 096094
Fractionation of *fowl* **immunoglobulins.** 097601
Body temperature of *fowls* **induced** by intracerebroventricular infusion of TAB [typhus and paratyphus A and B] vaccine and O somatic antigen of Shigella dysenteriae. 097213
Energy requirement of *roosters* as **influenced** by environmental temperature, dietary energy and age. 096753
The true metabolizable energy values of several feedingstuffs measured with *roosters,* **laying** hens, turkeys and broiler hens. 096769
Reproductive morphology of Ornithonyssus sylviarum (Canestrini and Fanzago) (Acari: Macronyssidae) *[Fowl* **mite].** 102595
Attenuation of pathogenicity of fowl plague virus by recombination with other influenza A viruses nonpathogenic for *fowl:* **nonexclusive** dependence of pathogenicity on hemagglutinin and neuraminidase of the virus. 097423
Effects of oviducal cells on the survival and fertilizing ability of *fowl* **spermatozoa.** 096955
An ultrastructural study of the liver, kidney and myocardium in the fatty liver and kidney **syndrome** in the *fowl.* 097761
The effect of the duration of starvation of the assay bird *[rooster]* on **true** metabolizable energy values. 096768
The effects of surgical caponization on production efficiency and carcass **yield** of *roosters.* 097011

FOXES
Pregnancy and nursing period in the **Arctic** *fox.* 096899
Pseudomonas aeruginosa. II. Occurrence in **Arctic** *foxes* (Alopex lagopus) on a Danish fur farm [Bacterial infections]. 097461
Assessment of *fox* **control** operations on wildlife rabies. 097340
Response of **Navane** *(fox* tail millet) to N [nitrogen] and P [phosphorus] application. 104014
Frequency of rabies, distribution and density of *foxes* **[vectors** of disease] studies in Baden-Wurttemberg. 097343

FOZALON
Information about the effect of working emulsions of *fozalon* and **carbonhos** of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of sugars in tangerine leaves [Insecticides, control of citrus Aleyrodidae moth]. 102473

FRACTIONATION
The *fractionation* of **active** and inactive chromatins from erythroid cells of chicken. 096358
Fractionation and **analysis** of polypeptides of Euglena gracilis [Algae] chloroplasts. 099946
Fire ant [Solenopsis] trail pheromones: analysis of speciesspecificity after gas **chromatographic** *fractionation.* 102999
Milk proteinases. VII. *Fractionation* of **components** of the proteinase inhibitor in milk. 095622
Characterization of the proteolytic activity and *fractionation* of the **dipeptidases** and aminopeptidases from Streptococcus thermophilus [Casein hydrolysates]. 095593
Fractionation of **fowl** immunoglobulins. 097601
Gibberellins. XLIII. *Fractionation* of **gibberellins,** gibberellin conjugates and other plant hormones by dextran Sephadex chromatography. 099830
Fractionation of a **hemicellulase** preparation of a culture of the fungus Aspergillus awamori strain 16 by gel filtrationon Sephadex. 099503
Note on the isolation of sorghum husk polysaccharides and *fractionation* of **hemicellulose** B. 095787
Methods of *fractionation* of **plant** histones. 099570
Composition and properties of tar, obtained at cellolignin thermolysis. IV. *Fractionation* on **sephadex** of tar, obtained at birch wood cellolignin thermolysis with overhead steam in vacuum. 098303
Fractionation of **tall** oil as as example of optimization of conventional packed columns. 095438
Anti-trypsin activity and *fractionation* of **Vigna** unguiculata seeds globulins. 099969

FRACTURES
Orthopedic problems of the lower limbs *[Fractures,* **dogs].** 097785
Fractures of the **metacarpal** (metatarsal) bones [Dogs]. 097784
Fracture of **penial** bone in the dog. 097849
Repair of a mandibular **symphyseal** *fracture* with a nylon cable tie band [Cats]. 097808

FRAGIPAN
Soils of the humid zone of Spain. VIII. Soil with *fragipan.* 2. **Mineralogy.** 103690
Soils of the humid zone of Spain. VIII. Soils with *fragipan.* 1. **Morphology** and general characteristics. 103689

FRAILEA
Frailea **aureinitens** Buining et Brederoo spec. Nova [Succulents, new taxa]. 098718

FRAMES
Abrasive wear of wood-based materials for interior finish in wooden *[frame]* **house.** 098188
Studies on the **protective** *frame* for agricultural tractors. Large type tractors in Hokkaido. 103466
Causes of defective cutting by *frame* **saws.** 098209
Lateral stability of *frame-steered* **vehicles** [Logging equipment]. 098405

FRANSERIA
Woollyleaf bursage *[Franseria* **tomentosa]** control with monosodium methanearsonate and tillage. 102077

FRAXINUS
Light and the growth of ash *[Fraxinus* **excelsior].** 098862
Intraspecific variability of Manchurian ash *[Fraxinus* **mandshurica].** 098151
Bare root nursery production and needs *[Fraxinus* **pennsylvanica** lanceolata, soil conservation]. 098113
Importance of endosperm for nutrition of *Fraxinus* **pennsylvanica** seedlings. 100651

FREEMARTINS
The first manifestations of *freemartinism* in the **calf** fetus do not depend upon XX/XY chromosomal chimerism. 096888
Caryologic research in *freemartin* **cattle** [Chromosomes]. 096847

FREESIA
Programming the corm raised **freesia** *(Freesia* X hybrida) crop. I. Heat treatments, duration of cooling treatment and irradiation during cooling treatment. 100591
Effect of planting date on the development of *Freesia* **hybrida.** 101140
Programming the corm **raised** *freesia* (Freesia X hybrida) crop. I. Heat treatments, duration of cooling treatment and irradiation during cooling treatment. 100591

FREEZING
Big *freeze.* We now know more about the damage a hard freezedoes and what growers can do to save more trees [Apples, pears]. 101829
Cook-freeze at the **centre** of the centre. 095337
Protecting the *freezing* of **citrus** fruits with packaging materials during transportation and distribution in a cold district. 095930
Estimating minimum temperature and **climatological** *freeze* risk in hilly terrain. 093963
Evaluation by the heterospermic insemination technique of the differential effect of *freezing* at -196 **degrees** Celsius on fertility of individual bull semen. 096957
Freeze **dehydrated** compressed sour cherries. II. Stability of anthocyanins during storage. 095925
Effect of suspending and plating media on the recovery of Salmonella gallinarum **following** *freezing* and thawing. 094875
Effects of *freezing,* **frozen** storage and thawing on selected characteristics of beef steaks. 095680
Development of the sheep species. Contribution of testing, insemination and *freezing* to **genetics** and research. 096835
Some approaches to the control of *freeze* **injury** in stone fruits. 102027
Changes in the protein content of corn roots at **low** *above-freezing* temperatures. 100241
Reproducibility of vitamin assays with mutants of Neurospora crassa [Fungi] **maintained** by *freeze-drying.* 099631
Investigation of [pea] chloroplast structure by the *freezing-replacement* **method.** 100578
Loss of structure in *freeze-dried* **[orange** juice] carbohydrates solutions: effect of temperature, moisture content and composition. 095929
The effect of *freezing* and **organic** solvents on viability of chlorophyllous fern spores [Equisetum arvense, Osmunda japonica]. 099691
Canning and *freezing* - what is the **payoff?** 095359
Freezing **point** of milk: theory, determination, variation and its importance in establishing mixes with water. 095605
Influence of cell concentration, temperature, and press performance on flow characteristics and disintegration in the *freeze-pressing* of **Saccharomyces** cerevisiae with the X-press [Yeast]. 095408
Effect of Ca++ [calcium ion] on the surival of cultured plant cells after *freezing* and **thawing** [Tobacco]. 100237

FRESHNESS
Comparison of methods of *freshness* **assessment** of wet fish. IV. Assessment of commercial fish at port markets. 095471
A rapid visual enzyme test to assess **fish** *freshness.* 094840

FRESHWATERS
A checklist of the *freshwater* **algae** of Ontario, exclusive of the Great Lakes. 098664
Chlorophyll stability of brine and *freshwater* **algae.** 099683
Toxicity of some insecticides to Daphnia carinata King, an important link in the food chain in the *freshwater* **ecosystems.** 102699

Studies on genera Mallomonas and Synura, and other plankton in *freshwater* with the **electron** microscope. X. The genus Paraphysomonas (Chrysophyceae) in Japan [Algae, new taxa]. 098554
Effects of pollution on *freshwater* **fish.** 104552
Algal lysing agents of *freshwater* **habitats** [Eutrophication]. 104641
Freshwater **macroinvertebrates** [Water pollution]. 104555
Reduction of water consumption and fiber losses at Eker Paper Mill [**Minimum** *freshwater* volume required for producing different paper grades]. 098383
The short-term toxicity of some feed additives to different *freshwater* **organisms.** 095998

FREYCINETIA

Some observations on the flower of *Freycinetia* **funiculare.** 099037

FRICTION

Determination of theoretical dependencies of the material movement in a pneumatic pipeline **considering** *friction* [Air dryer]. 103519
The effect of *friction* **forces** on the draft resistance of tillage machines. 103551
Modifications of the protein part of milk in **sterilization** by *friction.* 095596

FRIED *see* **FRYING**

FRITILLARIA

Fritillaria—a **beautiful** collector's object [Varieties, ornamentals]. 101163
A new occurrence of *Fritillaria* **meleagris** L. In Moscow region. 098658

FROST

Frost **damage** on wheat. 101895
Frost **damage** on some fruit tree species during the winter 1968-1969. 101907
Nature of the change of the component composition of histones as a result of hardening winter wheat to *frost* and the **effect** of drought. 100309
The value of *frost* **forecasting:** a Bayesian appraisal [Weather]. 093970
Studies on *frost* **hardiness** in Chlorella ellipsoidea. I. Development of frost hardiness of Chlorella ellipsoidea [Algae] in synchronous culture. 099928
Carbohydrate metabolism and *frost* **hardiness** in pine and spruce [Pinus sylvestris, Picea abies] seedlings grown at differnt photoperiods and thermoperiods [Injuries]. 100666
Degree of *frost* **injuries** and the character of the restoration of the root system of grapevine bushes in various methods of irrigation. 102059
Runs of **night** *frost* recorded for the vegetative period [of plants] in Poland. 094098
Overhead sprinklers considerations other than *frost* **protection.** 103407
A contribution to the *frost* **resistance** of apricots. 100553
Intensity of photosynthesis of citrus plants under various temperaturs in relation to their *frost* **resistance.** 100585
The nature of distribution of *frost* **resistance** curves in wheat varieties of different resistances. 102032
Electric heating—a reliable method of protecting citrus **trees** from *frosts.* 102035

FROZEN

Objective color values of non-frozen and *frozen* **broiler** breasts and thighs. 095743
Use of **deep** *frozen* bacterial concertrations for the manufacture of different mild acid sour milk products. 095567
The fertility of **deep** *frozen* and room temperature preserved [bovine] semen in the tropics. 097080
The U.S. *Frozen* **food** industry: 1776-1976. 095363
Mt. Sinai converts to *frozen* **foods.** 095336
Plasmodium berghei: *frozen-thawed,* **formalin-treated,** and lyophilized sporozoites as vaccines in A/J mice. 097626
Microbiological quality of *frozen* **fried** chicken products obtained from a retail store. 094899
Objective color values of *non-frozen* and **frozen** broiler breasts and thighs. 095743
Orange **juice** *frozen,* canned, bottled, cartoned, and fresh. 095040
Flaked, formed and *frozen* **lamb** products: A formed meat system for restructuring boneless lamb derived from a variety oflamb cuts. 095709
Effect of carbon dioxide and sodium chloride on oxidative stability of *frozen* **mechanically** deboned poultry meat. 095732
Microneutralization test for determination of Newcastle disease antibodies in **reconstituted** *frozen* secondary chicken kidney cells. 097536
Studies on the reproduction in the dog. VIII. Artificial insemination using the *frozen* **semen.** 096978
Effects of freezing, *frozen* **storage** and thawing on selected characteristics of beef steaks. 095680
Improvement of texture of *frozen* **vegetables** by stepwise blanching treatments. 095926

FRUCTOFURANOSIDASE

Increase of *beta-fructofuranosidase* **content** in tomato fruit during the ripening process. 100342
Biosynthesis of *beta-fructofuranosidase* by **fungi** of the genus Aspergillus. 099502

FRUCTOSE

Influence of glucagon on the metabolism of *fructose,* **D-glyceraldehyde,** and dihydroxyacetone in rat liver. 096399
Comparative effects of *fructose* and **glucose** on the lipid and carbohydrate metabolism of perfused rat liver. 096656
High *fructose* corn syrup new sweetener for the baker. 095403
Use of **high** *fructose* syrups in white layer cake. 095406
Diet effect on **initial** *fructose* and citric acid levesl in the semen of Indian bulls. 096784
Photosynthesis in a reconstituted chloroplast system from spinach: some factors affecting CO2 [carbon dioxide]-dependent oxygen evolution with *fructose-1,6-biphosphate* as **substrate.** 100374

FRUIT

Distribution of 14C [carbon isotope] assimilates in the cowpea (Vigna unguiculata L.) in relation to *fruit* **abscission** and treatment with benzyladenine. 100091
Dynamics of phosphorus-containing substances and winter hardiness of **amygdalaceous** *fruit* cultures. 100573
Changes in the marketable qualities of **apple** *fruits* from the Jonathan, Golden Delicious and Red Delicious varieties stored in controlled atmosphere. 095896
Studies on the relative value and the actual quantitative change of **apple** *fruit* substances during storage. 095898
Studies on regrafting of *fruit-bearing* **apple** trees. 101154
Aroma of *fruits.* 095892
The resistance of *fruit* and **berry** crops to virus and mycoplasma diseases. 101758
Isolation and structure of mycosporine (P 310) extracted from *fruit* **bodies** of Stereum hirsutum (Willd. ex Fr.) Fr. (Basidiomycete, Aphyllophorale) [Fungi]. 099613
The effect of ammonia on *fruiting* **body** size and microcyst formation in the cellular slime molds [Polysphondylium pallidum, Dictyostelium discoideum]. 099695
The effect of the concentration of glucose and asparagine and of the carbon/nitrogen ratio of the medium on *fruiting* **body** production by Coprinus congregatus [Fungi]. 099873
Need and prospects for using tracer techniques in *fruit* **breeding.** 099309
Purification and characterization of a proteinase from pineapple fruit, *fruit* **bromelain** FA2. 095923
Effects of evaporative cooling during dormancy on 'Redhaven' peach wood and *fruit* **bud** hardiness. 100474
Study on the morphogenesis of *fruit* **buds** in some pear varieties. 098980
Acoustical properties of the flight activities of the **Caribbean** *fruit* fly [Anastrepha suspensa]. 102978
Some changes in **cherry** *fruits* during the preharvest ripening period and after short-term storage. 100441
Labelling of adult European **cherry** *fruit* flies (Rhagoletis cerasi L.) by phosphorus 32 [isotope]. 102412
Influence of site on the sum of critical developmental temperatures of the **cherry** *fruit* fly (Rhagoletis cerasi L.). 102455
Protecting the freezing of **citrus** *fruits* with packaging materials during transportation and distribution in a cold district. 095930
Changes in chlorphyll a, b, and the a/b ratio during color development in **citrus** *fruit.* 100467
Accumulation of antibiotic residues in the *fruit* of **coconut** palms treated with oxytetracycline for the control of lethal yellowing. 094895
Inheritance of *fruit* **coloring** in the first hybrid progeny of some peach varieties. 099236
1976 **commercial** *fruit* spray guide: weed, insect, and disease control. 101832
Research results from the Horticultural Plant Protection **Committee** *[Fruit].* 101901
Determination of the *fruit* **content** in milk drinks made of cultured and butter milks with added fruit juices. 095620
Attack of cutworms [Scotia segetum] in 1975: damage, losses, and potential **control** *[Fruit].* 102476
Effect of pesticides on the harmful entomofauna of the **Crimean** *fruit* orchards. 102442
Nutrition of *fruit* **crops** and the forecast of the effectiveness of fertilizers. 100506
Experiments with insecticides, acaricides, fungicides and bactericides in *fruit* **crops,** 1973-74. 102049
Crumbly *fruit* in raspberries [Diseases with various etiologies]. 101883
Features of flowering and *fruiting* in **cucumbers** and tomatoes grown in plastic covered greenhouses in the south-east of the Russian Soviet Federative Socialist Republic. 100385
Comparative study of beta-glucosidase from cotyledons and *fruits* of **cucumbers,** Cucumis sativus. 100526
Selection of *small-fruited* **cucumbers** resistant to powdery mildew (Sphaerotheca fuliginea Poll.). 101428
Use your hand tools correctly! *[Fruit* **culture].** 103435
Investigation of remaining means of controlling pests of **Danish** *fruit.* 101900
New machine plants a thousand [**deciduous** *fruit]* trees a day. 101014
Vendex, an effective miticide [for ornamental plants, **deciduous** *fruits,* and citrus]; progress report. 102409
Attracting activity of **developing** *fruits,* seeds and the prospect of using it as a breeding character [Barley, wheat]. 099245
Change of gibberellin and abscisic acid content during *fruit* **development** of Prunus persica [Peaches]. 100540
Fruit **distribution** and relative light intensity in the canopies of Satsuma mandarin orange trees. 100395
Making **dried** *fruit* leather. 095063
About some regularities in the variability of **eggplant** *fruit* and seeds. 099435
Chemical composition of *fruit* of the **eggplant** belonging to the eastern Asiatic subspecies. 100598
New **exotic** *fruit* fly introductions to Australia [Dacus frauenfeldi, Dacus dorsalis]. 102466
Thinning and **fall** of *fruits.* 101134
Pollination and **fertilization** [of *fruit].* 099219
Practical applications of pollination and **fertilization** [of *fruit].* 099220
Effect of ethrel spray on maturation of Sultani **fig** *fruits* [Varieties]. 100354
Characterization of major plastid pigments in skin of 'mission' **fig** *fruits.* 100468
Studies on the *fruit* **flies** of Karachi prior to the application of sterile male release technique. 102377
Study of the rate of flowering, *fruiting* and **flower** shedding of the Bolgar variety [of grapes] relative to humidity of the air and method of viticulture. 101157
Effect of meteorological conditions on flowering and fruiting of grapevines. I. The effect of temperature on **flowering** and *fruiting.* 100431
Characteristics of edible plant tissues [Chemical composition, changes during storage and processing of **foods** and *fruits].* 095497
Production of Vaccinium myrtillus L. [Myrtle whortleberry] *fruit* in some **forest** communities in the Central Roztocze. 098765
Studies on the epidermis of recent and **fossil** *fruits* of Carpinus and Ostrya and its significance in the systematics and history of these genera. 098487
Hypobaric storage and transportation of **fresh** *fruits* and vegetables. 095901
Postharvest diseases of **fresh** *fruits* and vegetables—etiology and control [Fungal and bacterial diseases]. 101913
Investigation of the oil from Silybum marianum (L.) **Gaertn.** *Fruits.* 099734
Effect of meteorological conditions on flowering and *fruiting* of **grapevines.** I. The effect of temperature on flowering and fruiting. 100431
Can the *fruit* **grower** be assured of an adequate supply of reliable orchard help? 094206
Polymer materials and the regulation of microclimate in *fruit-tree* **growing** [Protected cultivation, mulching]. 101215
Investigations of organic and mineral fertilization on different *fruit* **growing** sites in the German Democratic Republic. I. Studies on fruit-growing sites in the northern counties of the German Democratic Republic. 103898
Fruit **growth,** dropping and quality of some seedy guava trees. 101044
Fruit **growth** and cracking in nectarines. 101922
Ecological differentiation in the flowering and *fruiting* **habits** of Amphicarpaea edgeworthii in Japan. 099837
Experimental investigation of orange tree dynamics under mechanical shaking *[Fruit* **harvesting].** 103457
Insect and disease control for **home-grown** *fruits* and nuts. 101916
Illinois *fruit* calendar for growers of apples, peaches [Insect pests]. 101103
Changes in the amount of complex lipids in the seeds and in the pericarp during the development of **ivy** *fruit* (Hedera helix). 100525
A multi-purpose approach to *fruit* **juice** processing. 095888
Determination of the *fruit* **juice** content of orange products. 095910
Determination of the fruit content in milk drinks made of cultured and butter milks with added *fruit* **juices.** 095620
Role of gibberellins in abscission of **leaves** and *fruits.* 099784
On the antagonism of the effect of gibberelline and retardants on the flowering and *fruiting* of **lemon** plants. 100571
Influences of certain plant factors on the growth and *fruiting* of the **lower** axillary shoot of Lycopersicon esculentum Mill [Tomatoes]. 100355
Fruit **maturity** dates for some pecan varieties and USDA selections. 101221
Semi-sterility in the **Mediterranean** *fruit* fly, Ceratitis capitata Wiedemann [Genetic control]. 102410
Determinaton of [the herbicide] picloram residues in water and *fruit* by the **method** of thin-layer chromatography. 102735
Intraspecies differentiation of the pathogen of leaf and *fruit* **mold** [Cladosporium fulvm] of tomatoes and methods of studying their resistance. 101642
Control of *fruit* **moth** in mountainous forests of Uzbekistan. 102439
Net morphogenesis and characteristics of the surface of **muskmelon** *fruit.* 098998
Mass rearing the **Natal** *fruit* fly Pterandrus rosa (Ksh.) (Diptera: Trypetidae). 102972
A **new** *fruit* rot disease of Malus pumila [Penicillium claviforme]. 101396
Reproductive behavior and physiology of Dacus oleae [**olive** *fruit* fly]: fecundity as affected by mating, adult diet and artificial rearing. 102805
Reproductive behavior and physiology of Dacus oleae [**olive** *fruit* fly]: sperm depletion in the female. 102806
Reproductive behavior and physiology of Dacus oleae [**olive** *fruit* fly]: egg hatch in females mated successively with normal and gamma-sterilized males and vice versa. 102807

Effects of ethylene and 2,4-D [dichlorophenoxyacetic acid] on the activity of cellulase isoenzymes in abscission zones of the developing **orange** *fruit.* 100529
Protection of a *fruit* **orchard** from pests and diseases in the autumn-winter period. 101940
Integrated protection of *fruit* **orchards** from pests [in Moldavia]. 102419
Chemical and biological preparations for the control of pests and diseases of plants in collective and private **owned** *fruit* orchards: Chemicals for the control of fungus diseases of plants. 101487
Effect of growth substances on *fruit-set* in a **partly** self-incompatible olive cultivar [Variety]. 100472
Clouded and tarnished plant bugs [Neurocolpus nibulus, Lygus lineolaris] on cotton: a comparison of injury symptoms and damage on *fruit* **parts.** 102362
Xiphidorus yepesara n. Gen., n. Sp. (Nemata: Longidoridae) from Brazil [Nematode fauna from soil around roots of **passion** *fruit].* 101989
Study on the volatile aromatic substances of **pear** *fruits* and their changes in the pre-harvest period and at different stages of maturity. II. Development of the aromatic. 100446
Volatile aromatic substances in **pear** *fruits* and their changes during the preharvest period and at different stages of maturity. I. Volatile aromatic substances characteristic. 100450
Semi-mechanical harvest of *fruits* (**pears** and apples) using automatic platforms. Results of observations made in work areas. 103409
Vibratory harvesting of **pendulous** *fruits:* the fruit stem separation dynamics of olives. 103586
Study on pear irrigation during the *fruit-bearing* **period.** 104290
Empirical analysis of variable temperature regimes on life stage development and population growth of tetranychus mcdanieli (Acarina: Tetranychidae) *[Fruit* **pests].** 102794
Purification and characterization of a proteinase from **pineapple** *fruit,* fruit bromelain FA2. 095923
Harvesting date of **pome** *fruits.* 101133
Relations between quality of *fruits* and **preservation** diseases. 094842
The economics of *fruit* **production** in the Slovak Socialist Republic. 094186
The situation and major national economic problems of *fruit* **production** [Costs]. 094400
Theoretical considerations of an industrial field transport system for *fruit* **production** [Mechanization]. 103410
Fruit **products** and honeybees [Pollination]. 103297
The use of electrolytic conductance to assess differential sensitivity of French **prune** *fruit* to applied ethylene. 100484
Effect of certain ecological factors on the course of vegetation, *fruiting* and **quality** of Rkatsiteli grape variety. 101139
Developmental and long-term acclimaton to cold by the **Queensland** *fruit-fly* (Dacus tryoni) at constant and fluctuating temperatures. 102995
Investigations on the respiration of *fruits* in some **quince** varieties aimed at establishing an optimum picking date. 100437
Studies on the ovicidal activity of some insecticides and acaricides on the winter eggs of the European **red** *fruit* mite (Panonychus ulmi (Koch) Ehara). 102414
Role of auxin in the regulation of *fruit* **ripening** [Postharvest biology]. 095905
Synthetic and degradative processes in *fruit* **ripening** [Postharvest biology]. 095908
Fruit **rot** diseases of pomegranate new to Egypt [Aspergillus niger]. 101531
Etiology and control of *fruit* **rot** [Rhizoctonia solani, Pythium aphanidermatum] of cucumber in single harvesting for pickles. 101554
Coordinated **sales** *[Fruit].* 094550
Role of gibberellins in the development of *fruits* and **seeds.** 099783
Regulation of leaf and *fruit* **senescence** by gibberellic acid. 099778
Relationship of seed number to *fruit* **set** in apple—an alternate hypothesis. 100423
Studies on *fruit* **set** in some sapota [Achras sapota] varieties in relation to intra and intervarietal pollination. 100513
Progress on *fruit* **set** of 'Italian' prune [Culture]. 101061
Investigations of organic and mineral fertilization on different fruit growing sites in the German Democratic Republic. I. Studies on *fruit-growing* **sites** in the northern counties of the German Democratic Republic. 103898
Inheritance of *fruit* **size** and shape in the first hybrid progeny of Jonathan, Delicious and Golden Delicious apple varieties. 099237
Small *fruit* markets in January 1976. 094482
Control of insect and mite pests of commercial **small** *fruits.* 102398
1975 leaf analysis results on **small** *fruit* crops. 103893
Alkaloid distribution in the *fruit* of **Solanum** khasianum. 099680
Isolation of carpesterol from the *fruits* of **Solanum** torvum. 100406
Vibratory harvesting of pendulous fruits: the *fruit* **stem** separation dynamics of olives. 103586
Nutrition diagnosis of young **stone** *fruit* trees. 100504
Use of growth regulators in **stone** *fruit* production. 101064
Crown gall [Agrobacterium tumefaciens] controlled in the field with a nonpathogenic bacterium [Agrobacterium radiobacter, **stone** *fruit,* biological control]. 101704
Virus-like problems in Oregon **stone** *fruit* orchards. 101724
Boron [deficiency] in **stone** *fruits.* 101845
Stone *fruit* spray schedule—1976. 101920
Some approaches to the control of freeze injury in **stone** *fruits.* 102027
Biology and management of **stone** *fruit* pests [Syneta albida, Rhagoletis indifferens]. 102379
Preliminary studies on Meet Ghamr peach [variety] *fruits* **storage.** 095868
Controlled atmospheres for fresh vegetables and *fruits*—why and when **[Storage].** 095900
Effect of storage conditions on keeping quality of **tangerine** *fruit.* 095947
Effect of zinc on the yield and quality of **tangerine** *fruit.* 104139
Reduction of experimental error in perennial crops, using adjustment by neighbouring plots **[Tea,** *fruit].* 101294
Fruit **thinning,** summer pruning, and storage quality of apples. 101074
Increase of beta-fructofuranosidase content in **tomato** *fruit* during the ripening process. 100342
Cell wall-bound nitrophenylglycosidases of **tomato** *fruits.* 100466
Organic acid accumulation in attached and detached **tomato** *fruits.* 100481
Influence of dates of **tomato** *fruit* harvesting and ripening on the variations of seed properties. 100608
The susceptibility of various varieties of greenhouse tomatoes to the occurrence of dry rot of *fruit* **tops** [caused by calcium and water supply deficiencies]. 101860
Economic effects of **treating** *fruit* and vegetable processing liquid waste. 104609
South Carolina—1975 *fruit* **tree** survey. 094639
Utilization of calumpit [Terminalia edulis a *fruit* **tree**] asfood. 095862
Some aspects of *fruit* **tree** culture in Maine-et-Loire. 101226
A test of summer propagation of various *fruit* **tree** stocks. 101250
Study of the spread urea of the pathogens of *fruit* **tree** bacterial diseases in the USSR. 101682
Frost damage on some *fruit* **tree** species during the winter 1968-1969. 101907
Investigations into the primary production of *fruit* **trees** and their possible importance for the breeding of new varieties. 099459
Growth regulators for *fruit* **trees.** IV. The effect of SADH [succinic acid-2,2-dimethylhydrazide] on the apple cultivar 'Cortland'. 100590
Poles and wires for *fruit* **trees** [Culture]. 101131
Why *fruit* **trees** fail to bear. 101209
The aggressivity of the Monilinia cinerea (Schroet.) Honey and Monilinia fructigena (Schroet.) Honey populations in the center of origin of *fruit* **trees** from the family Rosaceae and on the borders of areas. 101470
New methods in controlling [insect] pests or *fruit* **trees.** 102467
Pollinating insects of *fruit* **trees.** 103082
A new determinate tomato variety [Vranya-123] for preserving of **unpeeled** whole *fruits.* 101138
Tests of hosts of some stocks and *fruit* **varieties** in relation to Pratylenchus vulnus Allen and Jensen. 101826
Quality aspects of *fruit* and **vegetable** products. 094862
Fruit and **vegetable** canning. 095889
Fruit, **vegetable,** and grain processing wastes. 104556
Economic evaluation of *fruits* and **vegetables** packing house project Assiut. 095867
Anthocyanin pigments in foods *[Fruits* and **vegetables].** 095899
Irradiation treatment of *fruits* and **vegetables.** 095902
Perspectives in postharvest physiology *[Fruits* and **vegetables].** 095903
Quality evaluation of *fruits* and **vegetables** by spectrophotometric technique. 095904
Storage stability and quality of produce packaged in polymeric films *[Fruits,* **vegetables].** 095906
Subatmospheric storage of *fruits* and **vegetables.** 095907
The methodology of sampling for the determination of soil moisture content in *fruit-bearing* **vineyards.** 103859
Investigations of angiosperms from the Eocene of North America: juglandaceous **winged** *fruits.* 098490
Relationship of nitrogen nutriton of 'Early Black' cranberry to vegetative growth, *fruit* **yield** and quality. 104038

FRUITFLIES
Role of tulsi plant (Ocimum sanctum) in control of **mango** *fruitfly,* Dacus correctus Bezzi (Tephritidae: Diptera). 102391
The genetics of the **Mediterranean** *fruitfly,* Ceratitis capitata: three morphological mutations [for ecological studies and genetic control]. 102811

FRUITFULNESS *see* **FERTILITY**

FRYING
Dimethylnitrosamine and nitrosopyrrolidine [potent chemical carcinogens] in fumes produced during the *frying* of **bacon.** 094838
Nutrition physiological aspects of **deep** *frying* fats and oils. 7. Effect of frying fats and oils on lipid metabolism and fatty acid composition of body lipids. 095230
Correlation of gas chromatographic profiles and organoleptic scores of different fats and oils after simulated deep **fat** *frying.* 095463
Nutrition physiological aspects of deep frying fats and oils. 7. Effect of *frying* **fats** and oils on lipid metabolism and fatty acid composition of body lipids. 095230
The liquid chromatographic determination of unchanged triglycerides in used *frying* **fats.** 095441
Merchandising ideas for *deep-fried* **fish** and seafood. 095329
Microbiological quality of **frozen** *fried* chicken products obtained from a retail store. 094899

FUCHSIAS
Propagating *Fuchsia* [Ornamentals]. 101166

FUCOSE
Labelling of acrosomes in mouse **spermatozoa** by *L-[1-3H]fucose.* 096962

FUCOSTEROL
The metabolism of cycloartenol, lanosterol, 24-methylenecholesterol and *fucosterol* in **Chlorella** ellipsoidea [Algae]. 099916

FUELS
Enzymatic hydrolysis of cellulosic wastes to glucose [for the production of food, *fuel,* and **chemicals,** Trichoderma viride, fungal fermetative agent]. 095489

FULVIC
The dissolution of micas [in soils] by *fulvic* **acid.** 103749
Study of humic and *fulvic* **acids** extracted from a Podzol. I. Analytical characteristics. 103691
Infrared spectroscopy of pyrolyzates of soil humic and *fulvic* **acids.** 103823

FUMARIC
A study on the effect of certain phenolic acids and *fumaric* **acid** in soil on the development of paddy seedlings and nitrogen-fixing bacteria. 100049

FUMES
Dimethylnitrosamine and nitrosopyrrolidine [potent chemical carcinogens] in *fumes* **produced** during the frying of bacon. 094838

FUMIGANTS
Estimation of phosphine concentrations in **air** *[Fumigants].* 104517
Fumigants **[chloropicrin,** Vapam, Vorlex] can stop internal decay of Douglas-fir poles for at least 5 years. 098222

FUMIGATION
Cystine aminopeptidase (oxytocinase) activity in plasma and tissues of normal and infected pregnant cattle [with **Aspergillus** *fumigatus].* 097223
Effect of tetrahydroquinoline derivatives on the growth of mold fungi [Aspergillus niger, **Aspergillus** *fumigatus,* Penicillium cyclopium]. II. N-alkyl substituted THQ and their nitro derivatives. 099870
Partial synthesis of festuclavine [isolated from ergot parasitizing on grasses Agropyrum and Phalaris, from a culture of Claviceps gigantea and from **Aspergillus** *fumigatus,* Fungi]. 101390
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. II. Effects of nutrition andsoil reduction on the leaf injuries of crop plants caused by sulphur **dioxide** *fumigation* [Barley, rice]. 101994
Effects of treating a peach orchard soil by chloropicrine or *fumigation* on the **growth** and mineral composition of ryegrass [Lolium] and peach trees planted in this soil [Nematode control]. 099460
EPPO [European and Mediterranean Plant Protection Organization] recommendations on *fumigation* **standards.** 101871
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. III. Ethylene production by wheat and barley leaves injured by *fumigation* with **sulphur** dioxide. 101995
Experimental **tobacco** *fumigation* under partial vacuum with ethylene oxide against Lasioderma sericorne. 102531

FUNARIA
Manganese and structuration of the photosynthetic apparatus in *Funaria* **hygrometrica** [Musci]. 098909
Ultrastructure and maturation of the spores of *Funaria* **hygrometrica** and Bryum capillare [Musci]. 098917
Regulation of the differentiation in the moss protonema *[Funaria* **hygrometrica,** Musci]. 099596

FUNDS *see* **FINANCE**

FUNGICIDES
Effects of benomyl *[fungicide]* on **alkanes** and fatty alcohols of the surface wax of lettuce seedlings. 101667
Study of the residues of an **anti-Botrytis** *fungicide,* 26 019R.p. in grapes and wines, and their effects on alcoholic fermentation. 102763
A new method for seed treatment of small seed lots for trial fields [Equipment for *fungicide* **application].** 103480
Experiments with insecticides, acaricides, *fungicides* and **bactericides** in fruit crops, 1973-74. 102049
Tolerance of Venturia pirina to **benzimidazole** *fungicides* [Pear scab]. 101568
The effect of **certain** *fungicides* on growth of grapevines in the nursery. 101429
Fungicidal **control** of betelvine wilt [Phytophthora parasitica, betel pepper]. 101519

Further studies on the efficacy of different *fungicides* for **control** of anthracnose disease [Colletotrichum lagenarium] of bottlegourd [calabash gourd] and watermelon. 101520
The assessment of *fungicides* for **control** of pea root rot [Aphanomyces euteiches, Fusarium solani, Pythium ultimum, Rhizoctonia solani] in the field. 101567
Fungicides used for **control** of peach scab [Cladosporium carpophilum] may affect bacterial wilt [Xanthomonas pruni]. 101689
Metabolism of the *fungicide* **Denmert** (S-n-butyl S'-p-tertbutylbenzyl N-3-pyridyldithiocarbonimidate, S-1358) and Denmert sulfoxides in liver enzyme systems [Monilinia fructigena, residues]. 102620
Environmental health aspects of *fungicides.* I. **Dithiocarbamates.** 102724
Fungicide **evaluation** for the control of the blast disease [Pyricularia oryzae conidia]. 101499
Effectiveness of new kinds and forms of microfertilizers (on the basis of research work of the laboratory of microelements of the Scientific-Research Institute of **Fertilizers** and *Insecticides-fungicides).* 104106
The use of seed dressings *[fungicides]* on **groundnuts** in northern Nigeria: importance of seed quality. 101506
Resistance of Cercosporella **herpotrichoides** against *benomyl[Fungicides].* 101669
Model study with pheasants on the carry over of the *fungicide* **hexachlorobenzene,** the insecticide lindane and the herbicide terbutryn. 102694
Crystal and molecular structure of compactin, a **new** *antifungal* metabolite from Penicillium brevicompactum. 099824
Evaluation of systemic and **non-systemic** *fungicides* in vitro against Curvularia pallescens [Maize]. 101518
Persistence of certain systemic and **non-systemic** *fungicides* in the soil, with special reference to the method of application. 101533
Synthesis of fluoroarylthiazoles and related compounds as **possible** *fungicides.* 101311
Effectiveness of *fungicides* against **powdery** mildew of apples [Podosphaera leucotricha]. 101490
Fungicidal **properties** of polycarbacine and copper oxychloride mixtures. 101491
Control of rice blast with several *fungicides* [**Pyricularia** oryzae]. 101623
Mertect [2-(4'-Thiazolyl)benzimidazole, *fungicides,* **residues**]. 102638
Validacin [Validamycin, *fungicides,* **residues**]. 102652
Vitavax [5,6-dihydro-2-methyl-1,4-oxathiin-3-carboxanilide, *fungicides,* **residues**]. 102653
Benomyl *[fungicide]* **residues** in bananas. 102753
High pressure liquid chromatography of benzimidazoles *[Fungicide* **residues**]. 102755
Role of saponins in *antifungal* **resistance.** V. Enzymatic activation of avenacosides [Extracts of oat leaves]. 101670
Fungicides most **rewarding** in high-risk situations. 101328
Adaptation of Sclerotium **rolfsii** Sacc. To *fungicides.* 101497
Level of amino acids and post-infectional formation of *antifungal* **substances** in relation to susceptibility of rice plants against Helminthosporium oryzae at different. 101668
Some pathogenic aspects of Fusarium oxysporum f. Sp. Pisi isolated from the seeds of pea and effectiveness of **systemic** *fungicide* dressings. 101604
Application of **systemic** *fungicides* against leaf infection with wilt [Verticillium dahliae] simultaneously with defoliation of cotton. 101644
Studies on the effectiveness of some new thioureido derivatives as a **systemic** *fungicides* [Root treatment]. 101671
Efficacy of pyroxychlor in controlling Pythium polymorphon in the Pythium polymorphon-Meloidogyne Hapla root disease complex of celery [Root-knot nematode, **systemic** *fungicide].* 102015
Carboxins [**systemic** *fungicides]:* powerful selective inhibitors of sucinate oxidation in animal tissues. 102659
Fungicide **tolerance** in Cercospora leafspot fungi [Peanuts, Georgia]. 101510
Chlorothalonil *[Fungicides,* **toxicity,** residues]. 102628
Dinobuton [Acaricides, *fungicides,* **toxicity,** residues]. 102631
Ethirimol *[Fungicides,* **toxicity,** residues]. 102632
2-aminobutane *[Fungicides,* **toxicity,** residue analysis]. 102654

FUNGUS

Regulation of *fungal* [**Achlya**] ribonucleotide reductase by unusual dinucleotides. 099524
N alpha-acetylfusarinines: isolation, characterization, and properties [Penicillium sp., hydroxamic **acids,** *Fungi].* 099537
Biosynthesis of penicillins and cephalosporins [Penicilliumchrysogenum, Cephalosporium **acremonium,** *Fungi].* 099560
Mycoflora of **activated** sewage sludge [Fungi]. 104600
Mutations in Neurospora crassa *[Fungi]* which **affect** multiple amino acid transport systems. 099546
Partial purification of methionine binding protein from Aspergillus nidulans *[Fungi]* by **affinity** chromatography. 099547
Biosynthesis of carotenoids *[Fungi,* **algae,** higher plants]. 099755
The genus Gloeodontia in North **America** *[Fungi].* 098656
Isolation and structure of mycosporine (P 310) extracted from fruit bodies of Stereum hirsutum (Willd. ex Fr.) Fr. (Basidiomycete, **Aphyllophorale**) *[Fungi].* 099613
Heterobasidae, urniform Basidae and Homobasidae *[Fungi];* **Archeobasidae** and asci. 098918
Alterations of the phospholipids in a rhythmically growing mutant of Podospora anserina **(Ascomycetes)** *[Fungi].* 099527
Effect of dietary aflatoxin [produced by the *fungus* **Aspergillus** flavus] on fertility, hatchability, and progeny performance of broiler breeder hens [Aflatoxicosis]. 096642
Genetic control of nutation process in **Aspergillus** *nidulans[Fungi].* II. Study of ultraviolet-induced mutagenesis in uvs strains. 099229
Fractionation of a hemicellulase preparation of a culture of the *fungus* **Aspergillus** awamori strain 16 by gel filtrationon Sephadex. 099503
Studies on the distribution of 14C [carbon isotope]-malformin A [a potent plant growth regulator produced by the *fungus* **Aspergillus** niger] in major fractions of Phaseolus vulgaris L. [Kidney beans]. 100543
Mycoflora **associated** with melon (Cucumis melo L.) seeds. 101409
Fungi **associated** with concealed damage of groundnut. 101649
Studies on litter fungi. I. *Mycoflora* of **Atlantia** and Gymnosporia litter. 098841
Ganoderma pfeifferi Bres., equivalent to Ganoderma cupreolaccatum (Kalchbr.) Igmandy, found in Upper **Austria** *[Fungi].* 098739
Antimicrobial activities of the essential oils of Artemisiaabsinthium Linn, Artemisia vestitia Wall, and Artemisia vulgaris Linn [against **bacteria** and *fungi].* 099796
Biological methods of control of *[fungal* and **bacterial]** plant diseases, their progress during the last 30 years, and their future. 101335
[Fungal and **bacterial]** diseases of potato tubers [in storage] and their control [Comparisons of varietal resistance]. 101337
Brief review of *[fungus* and **bacterial]** diseases of grasses. 101340
[Fungus and **bacterial]** diseases of forage legumes, silage and root crops. 101359
Fungus and **bacterial** diseases of poppy [Papaver] in the Leningrad Region. 101641
Postharvest diseases of fresh fruits and vegetables—etiology and control *[Fungal* and **bacterial** diseases]. 101913
Transmission electron microspore study of the spore wall architecture in the genus Inocybe (Agaricales, **Basidiomycetes**) *[Fungi].* 098924
Action of Scytalidium lignicolum acid proteases on insulin **B-chain** *[Fungi].* 099464
The use of the *fungus* **Beauveria** bassiana (Bals.) Vuill for the [biological] control of a curculionid pest of pine trees. 102515
Beta-glucosidase of Trichoderma [viride, *fungi]:* its **biosynthesis** and role in saccharification of cellulose. 099511
Optimization of the composition of the nutrient medium for the biosynthesis of glucoamylase by a submerged culture of Endomycopsis **bispora** *[Fungi].* 099506
Evaluation of the collection entries of red and forage beets for resistance to bacterial black rot and *fungus* **black** leg. 101681
Intracellular outgrowth of the cell wall as a possible cause of senescence in Taphrina maculans **Butler** *[Fungi].* 098966
Gametangial meiosis in Phytophthora **capsici** *[Fungi].* 098928
X-ray crystal and molecular structure of acetylcolletotrichin (colletotrichin), a metabolite of Colletotrichum **capsici** *[Fungi].* 099664
Growth of Fusarium moniliforme *[fungi]* on **carob** aqueous extract and nutritional evaluation of its biomass [Rats]. 099513
Epiphytology of a needle **cast** *fungus,* Lophodermella morbida, in ponderosa pine [Pinus ponderosa] plantations in western Oregon. 101421
Resinous canker disease of Cupressaceae caused by Monochaetia unicornis (Cke. & Ell.) Sacc. II. Physiologic characters of the **causal** *fungus.* 101361
Deterioration in the quality of feed **caused** by *fungi.* 096004
Ratio of microorganisms in the soil treated with benlate and carbathion for the control of lodging of pine seedlings **[caused** by *fungi].* 101607
Effect of volatile inhibitors from natural and amended soils on germination of sclerotia of Macrophomina phaseolina [the *fungus* that **causes** charcoal rot on corn, sorghum, soybean, and other economic crop plants]. 101380
Main directions in research of obligate parasites Peronospora *[Fungi]* **Cda.** in the USSR. 101665
Effect of polyethyleneimine on **certain** *fungi* [Aspergillus, Chaetomium, Paecilomyces, Penicillum]. 099869
Two semi-automatic elutriators for extracting nematodes and **certain** *fungi* from soil. 103778
Application of 15N [nitrogen isotope] pulsed fourier transform nuclear magnetic resonance spectroscopy to biosynthetic studies; incorporation of L-15N] valine into penicillin G [Penicillium **chrysogenum,** *Fungi].* 099654
Synthesis of beta-1,3-glucan microfibrils by a cell-free extract from Phytophthora **cinnamomi** *[Fungi].* 099521
Inhibition of growth and aflatoxin production of Aspergillus parasiticus *[Fungi]* by **citrus** oils. 094940
Conidial stage of *fungi* **Claviceps** purpurea Tul [Ergot, Gramineae]. 101664
Perennation of Sphaerotheca mors-uvae *[Fungi]* as **cleistothecia** with particular reference to microbial activity. 100029
Descriptive catalogue of IFO [Institute for Fermentation, Osaka] *fungus* **collection.** IV. 098446
Methods used for the preservation of the *Fungus* **Collection** of the Phytopathological Mycological Section of the Biological Institute of Sao Paulo. 098478
Fomes annosus (Fr.) Cooke, Peniophora gigantea (Fr.) Massee, and other *fungi* **colonising** stumps of Pinus sylvestris L. 098236
Studies on the influence of *fungal* **communities** of the soil affected with "lupine sickness" on the growth of the fungus Fusarium oxysporum Schl. [Pathogen of "damping off"]. 101580
Concerning *fungi* and actinomycestes of rock encrustations. 098594
The effect of the concentration of glucose and asparagine and of the carbon/nitrogen ratio of the medium on fruiting body production by Coprinus **congregatus** *[Fungi].* 099873
Morphogenesis and growth kinetics of Geotrichum candidum *[Fungi]* in **continuous** culture. 100028
New look at **Cortinarius** *[Fungi].* 098583
Studies on eucalypt mycorrhizas. I. A method of Mycorrhiza induction in Eucalyptus gummifera (Gaertn. & Hochr.) by Pisolithus tinctorius (Pers.) Coker & **Couch** *[Fungi].* 100625
Isolation and identification of the conidial germination factors of Neurospora **crassa** *[Fungi].* 099810
Compartmental behavior of ornithine in Neurospora **crassa** *[Fungi].* 099817
Histones of Neurospora **crassa** *[Fungi].* 099818
The history of development and cytology of Helvella **crispa** (Pers.) Fr. *[Fungi].* 098546
Fungi of **crustaceous** lichens in pure culture; their morphogenesis. 099602
Induction of basidiocarp formation of three strains of Fomes durissimus Lloyd in **culture** *[Fungi].* 099687
Effect of different hormones on the growth and sporulaton of Botryodiplodia theobromaee Pat. in **culture** *[Fungi].* 099977
Use of mutants to establish (+)-scytalone as an intermediate in melanin biosynthesis by Verticillium **dahliae** *[Fungi].* 099635
Fungi and the **decrease** of cereal cyst-nematode populations in cereal monoculture. 101872
Fungi of **Delhi.** XXVII. New additions to Indian species of Chaetomium. 098683
Studies of Chamonixia caespitosa Roll. **Development** *[Fungi].* 098743
Localization of glycogen synthetase during differentiation of presumptive cell types in Dictyostelium **discoideum** *[Fungi].* 099811
Differentiation for aggregation in the cellular slime moulds: the emergence of autonomously signalling cells in Dictyostelium **discoideum** *[Fungi].* 099821
Quantitation of the spatial distribution of 'prespore vacuoles' in pseudoplasmodia of Dictyostelium **discoideum** *[Fungi].* 099831
The autonomous cell in Dictyostelium **discoideum** *[Fungi].* 099844
Chalk brood, a *fungus* **disease** [Phycomycetes] of [honey] bees. 103228
Resistance of spring wheat to *fungus* **diseases** in the conditions of Kuban. 101352
Fungus **diseases** affecting the leaves and canes of raspberries in Idaho. 101393
Current plant sanitation of oil crops *[Fungus* **diseases,** insect pests]. 101416
Plant protection in strawberry cultures *[Fungus* **diseases].** 101424
Effect of microclimate on some *fungus* **diseases** of high-and low-trained grapevines [Oidium tuckeri, Botrytis cinerea]. 101427
Copper in the protection of grapevine *[Fungus* **diseases,** control]. 101482
Chemical and biological preparations for the control of pests and diseases of plants in collective and private owned fruit orchards: Chemicals for the control of *fungus* **diseases** of plants. 101487
[Fungus] **diseases** of sunflower in California. 101571
Control of *[fungus]* **diseases** of vegetating cereals. 101590
Estimation of chemical methods applied in the protection of medicinal plants [from *fungus* **diseases,** insect pests and weeds]. 101851
The Agaricaceae: contributions to their knowledge and **distribution.** IV *[Fungi].* 098745
Cytological study of Melanogaster durissimus Cooke (an **edible** *fungus).* 099035
Fungal toxicity of benomyl and BCM to some **edible** *fungi* and pathogenic organisms causing major diseases of mushroom Agaricus bisporus (Lange) Sing. 101597
Preformed poly (A)-containing RNA in zoospores of Blastocladiella **emersonii** *[Fungi].* 099548
The fatty acid composition of some Entomophthoraceae. IV. The occurrence of branched-chain fatty acids in Conidiobolus species **[Entomophagous** *fungi].* 099634
Spore germination promoter of Dictyostelium discoideum *[Fungi]* **escreted** by Aerobacter aerogenes. 099822
The summer truffle (Tuber aestivum Vitt.) and its relatives on Central **Europe** *[Fungi].* 098746
Enzymatic hydrolysis of cellulosic wastes to glucose [for the production of food, fuel, and chemicals, Trichoderma viride, *fungal* **fermetative** agent]. 095489
A gel-forming (1 to 3)-beta-D-glucan isolated from Cyttaria harioti **Fischer** *[Fungi].* 099640
Release and regeneration of protoplasts from the conidia of Aspergillus **flavus** *[Fungi].* 100032
Fungus **flora** of lake sediment. 098505
Investigations concerning the *fungus* **[Fomes** annosus] retarding action of wood from the Norway spruce (Picea abies Karst.). 101444
Infrared spectroscopy of wood and its main components. VII. Determination of lignin content in birch wood samples damaged by the *fungus* **Fomitopsis** pinicola. I. 101486
Pseudoplectania vogesiaca (Pers.) Seav. Found for the first time in Welzheim **Forest** *[Fungi]* 098742
Analogue biosynthesis in Trichoderma viride *[Fungi]:* the **formation** of 3a-deoxygliotoxin. 099653

Partial synthesis of festuclavine [isolated from ergot parasitizing on grasses Agropyrum and Phalaris, from a culture of Claviceps gigantea and from Aspergillus **fumigatus,** *Fungi].* 101390

Studies on the production of mycotoxins and their quantitative determination. 5. On the synthesis of ochratoxin A and penicillic acid by Aspergillus ochraceus *[Fungi]* in. 094888

Synthetic medium for biosynthesis of dextranase by Penicillium **funiculosum** *[Fungi].* 099510

Studies on the influence of fungal communities of the soil affected with "lupine sickness" on the growth of the *fungus* **Fusarium** oxysporum Schl. [Pathogen of "damping off"]. 101580

Biosynthesis of beta-fructofuranosidase by *fungi* of the **genus** Aspergillus. 099502

Extraction, purification and chemistry of gibberellins [from the *fungus* **Gibberella** fujikuroi and higher plants]. 099774

Comparison of *fungal* **glucose** oxidases [Aspergillus niger, Penicillium glaucum]. Chemical, physicochemical and immunological studies. 099540

Mannitol production in *fungi* during **glucose** catabolism. 099629

Occurrence of *micromycetes* on **grasses** and legumes at different altitudes in Kashkadar'inskaya region. 098824

Anatomo-morphological and cytological features of some species of the genus Russula Pers. ex S. F. **Gray** *[Fungi].* 098532

Functions of carotenoids other than in photosynthesis [Photoprotection in algae, *fungi* and **green** plants]. 099761

Composition of free intracelular amino acids in Cunninghamella elegans *[Fungi]* during its **growth** on media with hydrocarbons. 099859

Evidence for nuclear restriction of supersuppressor gene products in Neurospora [crassa, *Fungi]* **heterokaryons.** 099139

An endo-(1 to 6)-beta-D-glucanase from Mucor **hiemalis** *[Fungi].* 099641

Seasonal distribution of *fungi* on **house** sparrows. 098868

Quality deteriotiation in feed caused by fungi. III. Toxicological survey of the **Hungarian** *fungus* flora. 096005

Ultrastructural characterization of the hilar appendix and basidiospore surface of Zelleromyces cinnabarinus **(Hydnangiales)** *[Fungi].* 099050

Hyphal *fungi* from Southern [Soviet] Georgia. 098748

An addition to Indian **hyphomycetes** *[Fungi].* 098593

Kamatia [indica], a new genus of **Hyphomycetes** *[Fungi].* 098727

Pentaketide metabolites of Verticillium dahliae *[Fungi]:* **Identification** of (+)-scytalone as a natural precursor to melanin. 100012

Exilispora indica sp. Nov. (Sphaeriaceae)—a new generic record to **India** *[Fungi].* 098595

Some additions to *fungi* of **India** [New taxa]. 098598

Two Ascobolus [brassicae, Ascobolus behnitziensis] species from **India** *[Fungi].* 098599

Ultrastructural changes in the cell surface of Coelomomycespunctatus *[Fungi]* **infecting** mosquito larvae [Anopheles quadrimaculatus, biological control]. 098930

Preservation of wood-based panels against *fungi* and **insects** and testing its efficiency. 098228

An annotated list of *microfungi* **isolated** from the soils around Pretoria, Transvaal. 098640

Inhibition of the development of Dictyostelium discoideum *[Fungi]* by **isolated** plasma membranes. 099694

Conocybe intrusa (Peck) Sing. Near **Kassel** *[Fungi].* 098738

Additions to the flora of Discomycetes *[Fungi]* from the **Kazakhstan** part of the Altai. 098531

Pachybasium tilletii (Desm.) Oudem *[Fungi]* in **Kazakhstan.** 098541

The peculiarities of generic endemism in the *mycoflora* of **Kazakhstan.** 098547

Features of the endemic elements of the **Kazakhstan** *fungi.* 098610

Data on the *mycoflora* of the **Kirghiz** Ala-tau. 098534

Mutants of Aspergillus nidulans *[Fungi]* **lacking** pyruvate kinase. 099218

A mechanism of pathogenicity of Beauveria brassiana *[Fungi]* on **larvae** of the imported fire ant, Solenopsis richteri. 102246

Fungicide tolerance in Cercospora **leafspot** *fungi* [Peanuts, Georgia]. 101510

Agaricales of the alpine zone. **Lepisteae** *[Fungi].* 098581

Regulation of sclerotium production by primary metabolites in Coprinus cinereus (=C. lagopus sensu **Lewis**) *[Fungi].* 100030

Studies on **litter** *fungi.* I. Mycoflora of Atlantia and Gymnosporia litter. 098841

Induction of resting spore germination in Entomophthora aphidis *[Fungi]* by **long-day** light conditions. 099623

Reproducibility of vitamin assays with mutants of Neurospora crassa *[Fungi]* **maintained** by freeze-drying. 099631

Analysis of the [soil] *mycoflora* of a **meadow** as compared with that of a paddy field. 103708

Some new records of *fungi* on **medicinal** plants. 101413

Relationship between the diseases produced by the *fungus* **Micosphaerella** fragariae and the nutritive state of the strawberry plant. 101315

Thermal selection of seeds of field crops according to their viability as a method for increasing resistance to semi-pathogenic *[fungal]* **microorganisms.** 101473

Aquatic ascomycetes from Lake Itasca, **Minnesota** *[Fungi].* 098638

Effect of tetrahydroquinoline derivatives on the growth of **mold** *fungi* [Aspergillus niger, Aspergillus fumigatus, Penicillium cyclopium]. II. N-alkyl substituted THQ and their nitro derivatives. 099870

Electron microscopic study of developing and mature cleistothecia of Sphaerotheca **mors-uvae** *[Fungi].* 099049

Mucocutaneous *fungal* lesions and iron deficiency [Candida albicans]. 095179

New technique for the isolation of mycoparasitic **Mucorales** *[Fungi].* 098480

A new acephalous species of Piptocephalis [minuta] **(Mucorales)** *[Fungi].* 098629

Another new Flabellospora **[Multiradiata,** *Fungi].* 098725

New habitats and literature on Stropharia rugosoannlata Farlow ex **Murr.** *[Fungi].* 098741

Bark beetle pheromones: production of verbenone by a **mycangial** *fungus* of Dendroctonus frontalis. 102964

Comparison of ultraviolet and blacklight for the induction of nutritional independence at two loci in **Neurospora** *crassa[Fungi,* genetics]. 099349

Specificity of five intracellular proteinases of **Neurosporacrassa** *[Fungi].* 099721

Two noteworthy Ascomybetes, Zopfiella matsushimae and Sporormiella pascua *[Fungi,* **new** taxa]. 098637

Notes on Hydnums. X. *[Fungi,* **new** taxa]. 098685

The genus Metarhizium *[Fungi,* **new** taxa]. 098730

Assimilation of ammonia and growth of biotin deficient Aspergillus **nidulans** *[Fungi].* 099707

Relative efficiencies of a soluble and immobilized two-enzyme system of glucose oxidase and catalase [Aspergillus **niger,** *Fungi].* 099551

Repressible alkaline phosphatase in Aspergillus **niger** *[Fungi].* 099712

Properties and biosynthesis of cell wall-bound acid phosphatase in Aspergllus **niger** *[Fungi].* 099924

The genus Lepista and the correct **nomenclature** *[Fungi].* 098584

The influence of DNA binding protein on the substrate affinities of DNA polymerase from Ustilago maydis *[Fungi]:* **one** polymerase implicated in both DNA replication and repair. 099345

Fungal **ornithine** esterases: relationship to iron transport [Fusarium roseum, Penicillium sp., Fungi]. 099536

Supplements to "Some more recent Chamonixia findings..." (Zeitschrift fur Pilzkunde, volume 39, **pages** 203-212) *[Fungi].* 098744

Studies on Pythium oligandrum, an aggressive **parasite** of other *fungi.* 101658

Morphology and cytology of Ravenelia hobsoni Cooke *[Fungi,* **parasites** of Pongamia glabra]. 098968

Species of [plant] **parasitic** *fungi* that are rare and new for Poland. 098503

Counting techniques for Trichoderma viride conidia dispersed in barley flour inoculants [Biological control of **parasitic** *fungi].* 101552

Competing and **parasitic** *fungi* [Cladobotryum variosporium, Trichoderma polysporum] in the cultures of edible wood-inhabiting mushrooms [grown on straw and sawdust substrates]. 101673

Enzymatic conversion of sterigmatocystin into aflatoxin B1 by cell-free extracts of Aspergillus **parasiticus** *[Fungi].* 099512

Copepods as essential hosts for the development of a Coelomomyces *[fungi]* **parasitizing** mosquito larvae [Opifex fuscus, Aedes australis]. 102581

Adenosine and related nucleotides as sporulation-inducing factors in Alternaria tomato **[Pathogenic** *fungi].* 099465

Dextranase production by certain plant **pathogenic** *fungi* [Rhizoctonia bataticola, Sclerotium oryzae, Fusarium oxysporum f. melonis]. 099686

Pathogenic *fungi* in the collections of Umbelliferae vegetables. 101348

Phytoalexins and their protective role in the resistance of plants to **pathogenic** *fungi.* 101463

Pathogenic *fungi* as indicators for the identification of diversification in plants [Forest trees]. 101640

Results of breeding sunflower for group immunity to the major *[fungal]* **pathogens** by the method of interspecific hybridization. 099279

Lysis of *fungal* **pathogens** by tree produced enzymes—a possible disease resistance mechanism in trees. 101588

Amanita toxins bound to biopolymers [Amanita **phalloides,** *Fungi].* 099886

Effect of immunizing substances on pathological changes caused by the *fungus* **Phoma** tracheinhila in the tissues of Gruzinskii lemon [Mal secco disease]. 101616

X-ray crystal structure of cytochalasin H, a potent new [11]cytochalasan toxin **[Phomopsis,** *Fungi].* 099665

Inhibition of the metabolism of **phytomacetous** *fungi* [Aspergillus niger] and yeast fungi by natrium dehydrated acetate and by preventol. 099954

A new pentaketide, diplodialide-D, from Diplodia **pinea** *[Fungi].* 099650

Study of physiological races of Colletotrichum lindemuthianum *[Fungi,* **plant** pathogens]: extra and intracellular polygalacturonases produced by beta and delta races cultivated in vitro. 099619

Achievements and prospects for further development of chemical methods of control of *[fungus]* **plant** diseases in Poland. 101334

TRNA of the *fungus* **Pleurotus** ostreatus: Preparation and purification by the method of preparative gel electrophoresis. 099500

Effects of extremely low frequency electromagnetic fields on Physarum **polycephalum** *[Fungi].* 099962

Biosynthesis of **polyketides** *[Fungi].* 099558

Connection between morphological and biosynthetic activity of Trichothecium roseum *[Fungi]* and its **polynuclear** conidia. 099860

Microbial **polysaccharides** [Includes *fungi].* 099637

A particulate chitin synthase from Aspergillus flavus Link *[Fungi]:* the **properties,** location, and levels of activity in mycelium and regenerating protoplast preparations. 099626

Chemical and enzymatic degradation of the cell walls of Helminthosporium spiciferum *[Fungi].* The **protective** role of pigments. 099628

Pseudocercosporella cienfuegosiae sp. Nov. And some new combinations into **Pseudocercosporella** *[Fungi].* 098729

Culture of the [rust] *fungus* **Puccinia** triticina Erikss. On an artificial nutrient medium. 101458

Some conditions favouring the production of growth rings in Graphium **Putredinis** *[Fungi].* 100033

Lipids of spores from Phycomyces [blakesleeanus, *Fungi]* in **relation** to heat-induced germination. 099532

Vertical distribution of Armillaria mellea *[Fungi]* **rhizomorphs** in soil. 100034

Effect of fungal staling growth products on growth behaviour of [lentil] **rhizosphere** *microfungi* [Trichoderma harzianum, Aspergillus flavus, Penicillium rubrum]. 099708

Influence of *fungi* in the **rhizospheres** of pine [Pinus] and spruce [Picea] on the seed germination of these trees. 100657

The effect of light on acid-soluble polysaccharide accumulation in Sclerotium **rolfsii** Sacc. *[Fungi].* 099633

Analysis of Blue cheese for [the neurotoxin] roquefortine and other alkaloids from Penicillium **roqueforti** *[Fungi].* 094865

Microscopic slides showing wood destruction [of Picea abies] by [the red **rot** *fungus]* Fomes annosus. 101445

Biosynthesis of fomannosin from 1,2-13C-acetate [Wood **rot** *fungus,* Fomes annosus, Pinus]. 101637

About the resistance of winter wheat hybrids to **rust** *fungi* [Puccinia]. 099417

Evaluation of the entries of the world collection of spring wheat for resistance to **rust** *fungi* and powdery mildew. 101341

Development of **rust** *fungi* [Puccinia coronata] in oat leavestreated with blasticidin S, a protein synthesis inhibitor. 101634

Infection rate of spring wheat by **rust** *fungi* [Puccinia]. 101639

Seed-borne *fungi* of cowpea (Vigna unguiculata) in western Nigeria. 101505

Another finding of Conocybe intrusa (Peck) **Sing.** *[Fungi].* 098737

Mycoflora of activated sewage **sludge** *[Fungi].* 104600

Sex genetics and the pathogenicity of **smut** *fungi* [Ustilaginales]. 101467

Characterization of the [humic type] pigment from [the **soil** *fungus]* Eurotium echinula Delacr. II. Physical methods. 099479

Characterization of the [humic type] pigment from [the **soil** *fungus]* Eurotium echinulatum Delacr. III. Degradative methods. 099480

Synthesis of aromatic compounds by [the **soil** *fungus]* Eurotium echinulatum Delacr. 099485

Research on the etiology and methods of control of foot-rot, a new, dangerous tobacco disease [caused by two **soil** *fungi,* Botrytis cinerea and Rhizoctonia solani]. 101336

Soil *mycoflora* as producer of volatile fungistatic factors. 101584

Antagonism of several **soil** *fungi* to Fusarium moniliforme Sh. 101620

Method for the determination of competitive saprophytic colonization of **soil** *fungi* [Macrophomina phaseolina of corn andsoybean]. 101652

Characterization of the [humic type] pigment from [the **soil** *fungus]* Eurotium echinulatum Delacr. I. Analytical data. 103672

Some edaphic factors influencing the distribution of the **soil** *fungi.* 103768

Interactions between polychlorinated biphenyls (PCBs) and **soil** *microfungi.* Effects of Aroclor-1254 and other PCBs on Aspergillus flavus cultures. 104454

Studies on the susceptibility of Oryctes rhinoceros to **someentomogenous** *fungi* [Coconut pests, biological control]. 102401

Fungal ornithine esterases: relationship to iron transport [Fusarium roseum, Penicillium **sp.,** *Fungi].* 099536

Fatty acid composition of Sporotrichum *[Fungi]* **species.** 100027

Relationships of Penicillium *[Fungi]* **species** based on their long-chain fatty acids. 100031

Fungal **spores** of the urban atmosphere of Pavia; results obtained by the Petri dish reaction test [Fungi taxonomy, plant pathogens]. 098701

Effect of *fungal* **staling** growth products on growth behaviour of [lentil] rhizosphere microfungi [Trichoderma harzianum, Aspergillus flavus, Penicillium rubrum]. 099708

Adenosine triphosphate sulfurylase from Penicillium chrysogenum *[Fungi].* **Steady** state kinetics of the forward and reverse reactions. 099816

Effect of sodium chloride on the content of thiolic compounds and melanin in a culture of the tissue of a **sterile** *fungus* [Mycelia sterilia] isolated from tissue of American Kochia. 099991

Repair of deoxyribonucleic acid in ultraviolet light-sensitive and -resistant Dictyostelium discoideum **strains** *[Fungi].* 099813

Effects of temperature shocks, hydration and leaching on the subsequent germination of uredospores of Puccinia **striiformis** *[Fungi].* 100026

Chemical reagents in the hand of the mycologist. 2. Some dyes for microscopic **study** [of *fungi]* 099056

Asperisporium cassiae (H. Syd.) comb. Nov. (Syn. Passalora cassiae H. **Syd.**) *[Fungi].* 098726
Inoculum of the **take-all** *fungus* [Gaeumannomyces graminis tritici]: nature, measurement, distribution and survival. 101365

Concerning Paxillus lepista Fr. *[Fungi,* **taxonomy].** 098582
Fungal spores of the urban atmosphere of Pavia; results obtained by the Petri dish reaction test *[Fungi* **taxonomy,** plant pathogens]. 098701
Interpretation of Cortinarius rigidus Fr. *[Fungi,* **taxonomy,** Europe]. 098740
Effect of temperature on the fatty-acid composition of Sporotrichum **thermophile** *[Fungi].* 100025
Influence of the solvents used for the crystallization of steroid on the process of hydroxylation of the 21-acetate of Reichstein's substance S by a culture of the *fungus* **Tieghemella** orchidis. 099505
Fungal **toxicity** of benomyl and BCM to some edible fungi and pathogenic organisms causing major diseases of mushroom Agaricus bisporus (Lange) Sing. 101597
Quality deteriotiation in feed caused by *fungi.* III. **Toxicological** survey of the Hungarian fungus flora. 096005
Bitter substances of apples. III. Identification and physical and chemical properties of secondary metabolites of the *fungus* **Trichothecium** roseum. 101573
Bitter substances of apples. II. Formation kinetics of secondary metabolites in saprophytic cultivation of the *fungus* **Trichothecium** roseum. 101574
Augusta disease in tulips. Field experiments concerning tobacco necrosis virus and its *[fungus]* **vector** Olpidium brassicae. 101803
Mycotoxins in foodstuffs. VI. Formation of sterigmatocystin in bread by Aspergillus **versicolor** *[Fungi].* 094945
Phenols as inductors of some Basidiomycetes oxidases. II. Electrophoresis on polyacrylamide gel of soluble protein and laccase from the mycelium of Coriolus **versicolor** *[Fungi].* 099497
Virulence of individual strains of **Verticillium** *fungus* in relation to different varieties of cotton. 101475
Morphology and taxonomy of Vizella interrupta (Ascomycetes: **Vizellaceae)** *[Fungi].* 098728
Soil mycoflora as producer of **volatile** *fungistatic* factors. 101584
Microbial degradation of lignocellulose [by **white-rot** *fungus,* Polyporus versicolor]: the lignin component [Quercus albus, Acer rubrum, Typha latifola]. 098181
Spore dispersal of Endogonaceae *[Fungi]* by **worms,** ants, wasps, and birds [Vesicular-arbuscular mycorrhiza]. 099624
Inhibition of the metabolism of phytomacetous fungi [Aspergillus niger] and **yeast** *fungi* by natrium dehydrated acetate and by preventol. 099954
Redescription of Coccidiascus legeri Chatton, 1913 (Nematosporaceae: Hemiascomycetidae), an intracellular parasitic **yeastlike** *fungus* from the intestinal epithelium of Drosophila melanogaster. 103030

FUNNELS

Nutrient studies on some soils from Eungella and **East** *Funnel* Creek, Mackay Hinterland, Queensland. 103845
Revised **Marsh** *Funnel* calibrations for measuring [forest] fire retardant viscosity. 097939
Funnel-shaped **teats** give more milk than cylindrical teats [Cattle]. 096081

FURAN

Induction of *furano-terpene* **production** and formation of the enzyme system from mevalonate to isopentenyl pyrophosphate in sweetpotato root tissue injured by Ceratocystis fimbriata and by toxic chemicals. 101572

FURCIFERA

Synoptic weather conditions inducing long-distance immigration of planthoppers, **Sogatella** *furcifera* Horvath and Nilaparvata lugens Stal [Pest of growing rice]. 102297

FURFUROL

Colorimetric determination of *furfural* by **condensation** reaction with 2,4-dinitrophenylehydrazine [to determine food contamination]. 094821

FURROWS

Effectiveness of the way of sowing cotton in the bottom of a *furrow* in the **conditions** of the Kokand group of regions. 101002
Skip *furrow* irrigation for cotton. 104317
Analysis of the movement of soil particles over the rotational operation device in the process of lifting and turning over a *furrow* **slice.** 103512

FURS

Research with soy meal [as a feed for *fur* **bearing** animals]. 096001
Pseudomonas aeruginosa. II. Occurrence in Arctic foxes (Alopex lagopus) on a **Danish** *fur* farm [Bacterial infections]. 097461
Effect of light regulation in *fur* **development** and growth in mink. 096476
The economics of *fur* **farming.** 094298
New viewpoint on the effect of sonic booms on farm **raised** *fur* animals. 097834
Supplements to "Some more recent Chamonixia findings..." **(Zeitschrift** *fur* Pilzkunde, volume 39, pages 203-212) [Fungi]. 098744

FUSARIUM

Centipedegrass [Eremochloa ophiuroides] seed treatments andlight-temperature effects on germination [Curvularia, Phoma, **Alternaria,** *Fusarium].* 101549
Biological control of cotton boll rot [Diplodia gossypina, *Fusarium,* **Colletotrichum** gossypii, Rhizoctonia solani, Achromobacter]. 101547
The effect of root rot *[Fusarium]* on the **development** of thegenerative organs of alfalfa. 101358
Growth of broilers and quail **fed** *Fusarium* (Gibberella zeae)-infected corn and zearalenone (F-2). 096755
Resistance of oil **flax** to *Fusarium.* 099452
Studies on the influence of fungal communities of the soil affected with "lupine sickness" on the growth of the **fungus** *Fusarium* oxysporum Schl. [Pathogen of "damping off"]. 101580
Lodging of seedlings of conifers in the nurseries of the Leningrad province [due chiefly to *Fusarium* spp.]. 101606
Zearalenone production by isolates of *Fusarium* **inducing** foot rot disease of wheat in Italy. 101539
Fusarium **[lateritium]** leaf spot of Celosia argentea L. In Nigeria. 101650
Growth of *Fusarium* **moniliforme** [fungi] on carob aqueous extract and nutritional evaluation of its biomass [Rats]. 099513
Root rot of maize caused by *Fusarium* **moniliforme** Sheldon. 101367
The presence of *Fusarium* **moniliforme** Sheld. Within maize (Zea mays L.) kernels as a phytopathological and mycotoxicological problem in Italy. I. 101538
Antagonism of several soil fungi to *Fusarium* **moniliforme** Sh. 101620
Effect of the natural soil microflora and soil supplementations on the biological control of "bakanae" disease of rice *[Fusarium* **moniliforme].** 101626
Teratological evaluation of zearalenone administered orally to the rat *[Fusarium,* **mycotoxin].** 097796
Snow molds on winter cereals in northern Saskatchewan in 1974 [Typhula, Sclerotinia borealis, *Fusarium* **nivale,** wheat, rye]. 101386
The nature and control of snow mold of fine turfgrass [Agrostis palustris] in southern Ontario [caused by *Fusarium* **nivale** and Typhula spp.]. 101387
Cereal diseases in southern Italy. IV. Problems related to the presence of *Fusarium* **nivale** and of its perfect stage Calonectria nivalis on wheat. 101528
The influence of potassium on the resistance of **oilpalms** to *Fusarium.* 101509
Studies on the method of early selection of the resistance of cabbage to the yellows disease [caused by *Fusarium* **oxysporum** f. sp. conglutinans]. 099322
Dextranase production by certain plant pathogenic fungi [Rhizoctonia bataticola, Sclerotium oryzae, *Fusarium* **oxysporum** f. melonis]. 099686
Changes in polygalacturonase, pectin lyase and cellulase in tomato plants, associated with *Fusarium* **[oxysporum]** inoculation. 101525
Some pathogenic aspects of *Fusarium* **oxysporum** f. Sp. Pisi isolated from the seeds of pea and effectiveness of systemic fungicide dressings. 101604
Effect of soil type and its sterilization on the severity of Fusarium wilt of cotton (Gossypium hirsutum L.) caused by *Fusarium* **oxysporum** f. vasinfectum (Atk.) Snyder and Hansen. 101625
About the creation of infectious conditions for stinking smut [Tilletia caries, Tilletia foetida] and *[Fusarium]* **root** rots of wheat [Evaluation of varietal disease resistance]. 101457
The effect of storage factors on membrane permeability and sugar content of potatoes and decay by Erwinia carotovora var. atroseptica and *Fusarium* **roseum** var. sambucinum. 095865
Fungal ornithine esterases: relationship to iron transport *[Fusarium* **roseum,** Penicillium sp., Fungi]. 099536
Cereal diseases in southern Italy. II. *Fusarium* **roseum** f. Sp. cerealis on durum wheat [Foot rot]. 101527
Greenhouse bench trials of **selected** *Fusarium* wilt-resistantcarnations [Dianthus caryophyllus]. 101420
Factors affecting *Fusarium* **[solani** phaseoli] foot and root rot of Phaseolus beans. 101320
Soil management for the control of bean root rot *[Fusarium* **solani].** 101326
Stem rot, a new disease on Chrysanthemum [morifolium] incited by *Fusarium* **solani.** 101566
The assessment of fungicides for control of pea root rot [Aphanomyces euteiches, *Fusarium* **solani,** Pythium ultimum, Rhizoctonia solani] in the field. 101567
Production of phenols and phytoalexins in hypocotyls of bean infected with *Fusarium* **solani** f. phaseoli (Burk.) Snyd. and Hans. 101630
Occurrence and pathogenicity of *Fusarium* **species** in cerealsin Finland. 101366
Bovine hemorrhagic syndrome related to T-2 mycotoxin *[Fusarium* **tricinctum].** 097843
Collection of castorbean varieties—a valuable initial material for breeding for resistance to *Fusarium* **wilt.** 099439
Resistance of varietal specimens of melon to *Fusarium* **wilt** in Uzbekistan. 101089
Effect of soil type and its sterilization on the severity of *Fusarium* **wilt** of cotton (Gossypium hirsutum L.) caused by Fusarium oxysporum f. vasinfectum (Atk.) Snyder and Hansen. 101625

FUSCUS

Copepods as essential hosts for the development of a Coelomomyces [fungi] parasitizing mosquito larvae **[Opifex** *fuscus,* Aedes australis]. 102581

FUSICLADIUM

Scab *[Fusicladium* **effusum]** susceptibility of some newer pecan cultivars. 101513

FUSICOCCUM

First results of the effect of benomyl on *Fusicoccum* **amygdali** Del. in orchard conditions. 101576
Varietal behavior of peach trees **regarding** *Fusicoccum* amygdali Del. 1974-1975 results. 101577

FUSIFORM

Fusiform **rust** [Cronartium fusiforme] resistance of progeny from natural Loblolly [Pinus taeda] X Shortleaf [Pinus echinata] pine hybrids. 101587

FUSION

Origin and significance of **centric** *fusions* in domestic sheep [New Zealand Romney March, Drysdale, Perendale]. 096948
Isolation, *fusion* and **multiplication** of sugarcane protoplasts and comparison of sexual and parasexual hybridization. 099194
Interspecific hybridization by **protoplast** *fusion* in Nicotiana [Tobacco]. Confirmation and extension. 099328

GAEUMANNOMYCES

Inoculum of the take-all fungus *[Gaeumannomyces* **graminis** tritici]: nature, measurement, distribution and survival. 101365
Some consequences of cereal monoculture on *Gaeumannomyces* **graminis** (Sacc.) Arx & Olivier and the take-all disease. 101368
Yield trends during take-all decline [caused by *Gaeumannomyces* **graminis** tritici] in spring barley and wheat grown continuously. 101370
Take-all *(Gaeumannomyces* graminis (Sacc.) Arx & Olivier). Incidence in continuous barley growing and effect of tillage method. 101369

GAGEA

A note on *Gagea* **vaginata** M. Pop. 098529

GALACTOGLUCOMANNAN

Galactomannans and a *galactoglucomannan* in **legume** seed endosperms: structural requirements for beta-mannanase hydrolysis. 099907

GALACTOLIPIDS

Chemistry and biosynthesis of **plant** *galactolipids.* 099960

GALACTOMANNANS

Galactomannans and a **galactoglucomannan** in legume seed endosperms: structural requirements for beta-mannanase hydrolysis. 099907

GALACTOSE

Effect of dicumarol on *D-galactose* **absorption** and oxygen consumption by the chicken intestine [Metabolism]. 096548

GALACTOSIDASES

Decomposition of soybean oligosaccharides by intestinal bacteria. VII. *Alpha-galactosidase* **activity** of a few other intestinal bacteria than Escherichia coli. 095224
Beta-galactosidase **activity** by the enterococci [Dairy bacteriology]. 095615
Reduction of lactose of milk by **entrapped** *beta-galactosidase.* IV. Results of long-term experiments on pilot plant. 095624
Preparation and use of *beta-D-galactosidase* for **hydrolysis** of lactose in milk. 095672
Alpha-galactosidase **production** [from soybean whey] and use in a hollow-fiber reactor. 095766

GALIUM

Galium **mexicanum** (Rubiaceae) of Central America and western North America. 098650

GALL

Content of 7-(alpha)-hydroxycholesterol in the *gall* **bladder,** liver, and blood of chick embryos and chicks. 096454
Production in culture of plant growth regulating substances by Calonectria rigiduscula f. sp. theobromae [cause of *galls* in **cacao].** 101535
Jonespeltis splendidus (Verhoeff) in association with Austrothrips cochinchinensis Karny in the *galls* of **Calycopteris** floribunda Lamk. 102232
Histophotometric DNA measurements in sunflower seedlings, **crown** *gall* tumours [caused by Agrobacterium tumefaciens], and habituated callus tissues. 100219
Crown *gall* [Agrobacterium tumefaciens] controlled in the field with a nonpathogenic bacterium [Agrobacterium radiobacter, stone fruit, biological control]. 101704
Attempts to detect Agrobacterium tumefaciens DNA in **crown** *gall* tumor tissue [Sunflowers]. 101706

The nature of *gall* **formation** caused by wooly apple aphid (Eriosoma lanigerum Hausm.). 102424
Xylem in *galls* of **lodgepole** pine [Pinus contorta latifolia]caused by western gall rust, Endocronartium harknessii. 101378
Intergroup variability of a taxonomical characters of *gall* **mites** Eriopyes laevis (Nal., 1898). 103202
Measures of controlling the *pine-resin-gall* **moth** [Petrova resinella] and their ecologic basis. 102511
Metabolism of indole-3-acetic acid. II. Oxindole pathway in Parthenocissus **tricuspidata** *crown-gall* tissue cultures. 101708
Xylem in galls of lodgepole pine [Pinus contorta latifolia]caused by **western** *gall* rust, Endocronartium harknessii. 101378

GALLBLADDER
Cellular ion route in **rabbit** *gallbladder* epithelium. 096263

GALLERIA
Microflora of *Galleria* **mellonella** L. [Pests, Apis mellifera]. 102818
Studies on the role of microorganisms in alimentation of *Galleria* **mellonella** larvae [Pests, Apis mellifera]. 102819
Integrity of ribosomal ribonucleic acids from aphids [Aphislabruni] and water fleas [Daphnia pulex, *Galleria* **mellonella**]. 102832
Effects of different temperatures on Tipula iridescent virus infection in *galleria* **mellonella** larvae. 103027
Studies on the in vivo cellular reactions and fate of injected bacteria in *Galleria* **mellonella** and Pieris brassicae larvae. 103032
Enzyme activities associated with an invertebrate iridovirus: nucleotide phosphohydrolase activity associated with iridescent virus type 6 (CIV) *[Galleria* **mellonella**]. 103045

GALLIUM
Embryo development in **Cleome** *aspera* L. (Capparidaceae). 099004

GALLSTONES
Effect of dietary fibre on *gallstone* **formation** in hamsters. 097773

GALLUS
Changes of the fluorescence of aminergic neurons after systemic administration of various drugs in the intracerebellum in the adult **chicken** *(Gallus* domesticus). 096150
Effects of dietary caffeine on the testis of the domestic fowl, *Gallus* **domesticus.** 096954
A presumptive diagnosis of avian necrotic enteritis in the **fowl** *(Gallus* gallus domesticus) from Assam (India). 097245

GAME
Evaluation of some southern Transdanubian plant species as *game* **feed.** 096793
Incidence in Tanzania of CF antibody to Coxiella burneti in sera from man, cattle, sheep, **goats** and *game.* 097664
The apple **marketing** *game.* 094467
Registration of orchid hybrids—the name of the *game* **[Orchidaceae].** 099354
A **"pollution"** *game:* a theoretical and experimental study. 104502
A **simulation** *game* teaching aid for rural development. 094110
Game **theoretic** approach to equitable regional environmental quality management. 104505

GAMETOCIDES
Gibberellic acid as a *gametocide* for the **common** onion (Allium cepa L.). II. The effect of GA 4/7. 099186

GAMETOGENESIS
Turnover of chloroplast and cytoplasmic ribosomes during *gametogenesis* in **Chlamydomonas** reinhardi [Algae]. 099696

GAMETOPHYTES
Morphogenetical expression types observed during reactivation of secondary initial cells of the **leafy** *gametophyte* of mosses. 098910
Cytophotometrical study of nuclear DNA in the different apical parts of the **male** *gametophyte* of Polytrichum formosum Hedw. during the reproductive phase [Musci]. 098907
Microsporogenesis and **male** *gametophyte* in Rauwolfia serpentina (L.) Benth. ex Kurz. 098946
Seasonal variations in nitrogen compounds during sexual maturation of the **male** *gametophytes* of Polytrichum formosum Hedw. [Muscidae]. 099597
Prothallic proliferations from isolated antheridia of Lygodium japonicum **Schwartz** *gametophytes* (Filicinae). 099617
The food reserves and ultrastructural relationships of the *gametophyte* and **sporophyte** tissues in Podocarpus henkelii seeds. 100046

GAMMA
Casein studies in ewe's milk. IV. Determination of the chemical and physicochemical **characteristics** of *gamma-casein.* 095673
The role of ATP [adenosine triphosphate] in the repair of DNA of *gamma-irradiated* **Chinese** hamster cells. 096531
Effect of *gamma-irradiation* of **cobalt-60** [isotope] on the mitotic activity and size of cells in the seedlings of Scotchpine (Pinus sylvestris L.). 100686
Inhibition of **extensor** *gamma* motoneurons by antagonistic primary and secondary spindle afferents [Cats]. 096497
Evaluation of the after-effect of *gamma* **irradiation** (Co-60)[cobalt isotope] on vegetative and generative development in soybean. 099415
Change of radiosensitivity of the seeds of Scotch pine (Pinus sylvestris) in relation to the duration of soaking *[Gamma* **irradiation,** mitotic activity, chromosomal abberations]. 100685
Gamma **irradiation** of the melon fly [Dacus cucurbitae]: laboratory studies of the sterility and sexual competitiveness of treated adults. 102378
Structural investigation of lac resin. X. Structure and stereo-chemistry of methyl **laccolate** *gamma-lactone* and its epimer [obtained by esterification of the gum resulting from the alkaline fission of shellac]. 098289
Alteration of radiosensitivity of pea seeds exposed to low **levels** of *gamma-irradiation.* 100595
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: egg hatch in females mated successively with normal and *gamma-sterilized* **males** and vice versa. 102807
Initial action of different levels of *gamma-rays* on **morphological** features of maize. 099421
Use of X-ray and *gamma-induced* **mutants** of lactic acid bacteria in the manufacture of dairy products. 095632
Immunologic evidence that the gene for *L-gulono-gamma-lactone* **oxidase** is not expressed in animals subject to scurvy [Ascorbic acid]. 095202
Variability of certain maize loci as a result of *gamma-irradiation* of **pollen.** 099432
Effects of *gamma* **radiation** on anthesis of Gladiolus x gandavensis van Houtte. 100394
Effect of *gamma* **rays** on growth and karyokinetic activity in Trigonella foenum-graecum L. 099157
Effect of *gamma* **rays** on mazzard cherries. 100430
Partial purification and study of *gamma-glutamyl* **transpeptidase** of sheep brain cortex capillaries. 096259

GANGLIA
Leucine incorporation in the *ganglia* of **praying** mantids [Stagmatoptera biocellata] during a learning process. 103007
Nerve growth in cockroaches (Periplaneta americana) with **rotated** *ganglia.* 102932
Ultrastructural localization of magnesium and calcium ions of active adenosine triphosphatase in **spinal** *ganglion* of sheep and goats. 096148

GANGLIOSIDES
Glycolipids and *gangliosides.* 096301
Adrenal **medulla** *gangliosides.* A comparative study of some mammals [Horse, ox, sheep, swine]. 096315

GANODERMA
Ganoderma pfeifferi Bres., equivalent to *Ganoderma* **cupreolaccatum** (Kalchbr.) Igmandy, found in Upper Austria [Fungi]. 098739

GARDENCRESS
Results of **studying** *gardencress* and coriander [as greens] in various sowing time in the Daghestan Experimental Station of the All-Union Institute of Plant Industry. 100604

GARDENING
Home *gardening* & canning versus buying canned goods: costs for green beans and tomatoes. 095060
The right plant for the right place **[Home** *gardening].* 101213
What to do with that bank **[Landscape** *gardening].* 101039
Fit the plant to the soil: [Ornamental] *gardening* on **sand.** 101112

GARDENS
Cyto-embryological studies in a *garden* **Aloe** (a hybrid between Aloe abyssinica Lam. and Aloe ferox Mill.?). II. Karyotype and mitotic anomalies [Chromosomes]. 098953
The Meyrin **alpine** *garden.* 098476
Evaluation of farm management investigations lasting four years on plant protecting measures of farms and **commercial** *gardens* in Baden-Wurttemberg. 102063
Weed **control** in *gardens.* 102156
The English **Cottage** *garden.* 098445
The **family** *garden:* Present situation and future preoccupation. 094677
Eighty years of action to the service of the **family** *garden.* 101109
XVth National Congres of **Family** *Gardens,* Paris, November 15, 1975 [Proceedings]. 101111
Are **home** *gardens* having an impact on the vegetable industry? 101055
Disease control in the **home** *garden.* 102026
Control of insect and mite pests of **home** and *garden.* 102394
Coleus [parviflorus] for **homestead** *gardens* [Tuber crop]. 101178
Water management—with particular reference to obtaining water for **irrigation** of the *garden.* 104418
A **Japanese** *garden* in Colorado. 098442
The **Japanese** *garden* [Landscaping]. 101168
A look at Longwood *[Gardens,* **Kennett** Square, Pennsylvania]. 098443
Biology and ecology of the *garden* **moth** (Mamestra oleracea L., Lepidoptera, Noctuidae) [pest of sugarbeets in Bulgaria]. 102309
A Moroccan isolate of turnip mosaic virus infectious to *garden* **pea** and other legumes [Aphids as insect disease vectors]. 101781
New lilies are *garden* **plants,** not wildflowers [Lilium, varieties]. 101033
Hybrid cocoa: progress report on trials, **seed** *gardens* and extension. 101296
New Ruaton *[Gardens* Co.] is a **step** ahead of the foliage boom in England [Mass production of potted plants]. 101129
Two *gardens* in one. The Dower House, Boughton House, Northampton. 098454
Succulents in the *garden* **[Varieties].** 101261
Keep 'em growing **[Vegetable** *gardens,* culture]. 101118
Planting **[Vegetable** *gardens,* culture]. 101119
Use winter months to plan ahead **[Vegetable** *gardens].* 101120
Start with soil **[Vegetable** *gardens].* 104180
Garden **water** control and grounds development project. 104264
Water in the *garden.* 104299
When **youth** *garden* - the community smiles. 095370

GARLIC
Effect of raw and **boiled** *garlic* on blood cholesterol in butter fat lipaemia. 095094
Giant *garlic* [Allium scorodoprasum]—a plant of ancient cultivation. 101081
Effects of trifluralin [herbicide] on root meristems of Allium **sativum** L. *[Garlic].* 102099
Possibility of rearing wheat mite (Aceria tritici Shev.) (Acarina, Eriophyoidea) on aerial bulbs of *garlic* [to **study** its biology]. 102372
Effect of time of planting and fertilisation on *garlic* **[Yield].** 101188

GASEOUS
Influence of nitric acid pulping on *gaseous* **products** composition. 098317
Investigation of the composition of *gaseous* **products** formed at nitric acid cooking of wood. 098331

GASES
Gas-chromatographic **analysis** of phenolcarboxylic acids in wine. 095875
The influence of **atmospheric** *gases* on growth and toxin production of sterigmatocystin and patulin-producing molds. 094947
Identification of methylated and ethylated cellulose hydrolysis products as its alditolacetates by *gas-liquid* **chromatograhy.** 098313
Correlation of *gas* **chromatographic** profiles and organoleptic scores of different fats and oils after simulated deep fat frying. 095463
Studies on beer haze formation. I. *Gas* **chromatographic** profiles of beer: polyamide resin adsorbates. 095476
Gas **chromatographic** separation of herbicides of major interest in Canada, with electrolytic conductivity detection in the nitrogen and chlorine modes [Residue analysis]. 102127
Fire ant [Solenopsis] trail pheromones: analysis of speciesspecificity after *gas* **chromatographic** fractionation. 102999
Gas-liquid **chromatography** of ethyl ester artifacts formed during the prepatation of fatty acid methyl esters. 095479
Determination of vanilmandelic acid in pig urine and chicken feces by *gas-liquid* **chromatography.** 096191
Silage qualification by *gas* **chromatography** of volatile fatty acids. 096794
Determination of dihydroergotoxine alkaloids by *gas-liquid* **chromatography.** 099828
Determination of methylnitrophos residues in meat, milk and eggs by the method of *gas-liquid* **chromatography.** 102731
Analysis of trace pollutants in the air by means of **cryogenic** *gas* chromatography. 104532
Drying bagasse using boiler **flue** *gas.* 095837
Genetic effects of the *gas* **phase** of cigarette smoke on Saccharomyces cerevisiae [Yeasts]. 099128
Relationship between *gas* **production** and volatile fatty acids in the rumen. 096483

GASOLINE
Stationary refuelling of cars with *gasoline* [on **collective** and state farms]. 103627

GASTERIA
Observations on mutation in *Gasteria* **liliputana** v. Poellnitz. 099336

GASTEROMYCETES
Relationship between *Gasteromycetes* and **landscape** zones andthe latitudinal belts of mountains in Kazakhstan [Geographic distribution]. 098542

GASTRIC
Gastric **acid** secretory responses of acute gastric fistula preparation in anesthetized young chickens. 096347
Development of *gastric* **digestion** in calves. 096194
Gastric **secretion** and fermentation in the suckling pig. 096268

GASTROENTERITIS
Isolation and identification of the **transmissible** *gastroenteritis* virus of swine on cell culture. 097278
In vitro differentiation ane pH [hydrogen-ion concentration] sensitivity of field and cell culture-attenuated strains of **transmissible** *gastroenteritis* virus [Piglets]. 097381

GASTROINTESTINAL
Gastrointestinal **bleeding** and iron absorption in the experimental blind loop syndrome [Malabsorption of both vitamin B12 and fat, rats]. 094960
Cooperative Scandinavian project **concerning** *gastrointestinal* parasites of cattle [Worms]. 097324
Gastrointestinal **control** of sodium excretion in sodium-depleted conscious rabbits. 096181
Experiments in husbandry conditions of Oxfendazole, a new anthelmintic for **controlling** *gastrointestinal* strongylosis oflambs on pasture. 097617
Anthelmintic activity of albendazole against liver flukes, tapeworms, lung and *gastrointestinal* **roundworms** [Animal health products]. 097333
Formation and growth of the *gastrointestinal* **tract** in swine during embryonic development. 096580
Behaviour of foreigh bodies in the *gastrointestinal* **tract** of dogs. 097842

GEARS
Synthesis of the crank-rocker mechanism of the **needle** *gear* in a binding apparatus of a hay baler. 103634
Distribution of the load on **running** *gears* of tractors during operation with trailer-type machines. 103614
Tractor *gears.* 103432

GEESE
Breeding *geese* in Denmark. 096897
Changes in *goose-egg* **composition** depending on egg weight and production period. 095729
Chlorinated hydrocarbons in body fat of poultry. III. The effect of nutrition on chlorinated hydrocarbon pesticide [insecticide] content in reserve fat of **fattening** *geese* [Contamination]. 102778
Some considerations in the treatment of diazinon poisoned **goslings** *[Geese].* 097800
Moraxella septicaemiae **infection** in *geese.* 097676
The usage of *Goose* **Lake** Prairie State Park [Recreation]. 104510
Some considerations in the treatment of diazinon **poisoned** *goslings* [Geese]. 097800
Poisoning of **wild** *geese* by carbophenothion-treated winter wheat. 102757

GELATIN
An indirect **agar** *gel* diffusion precipitation test for detecting rinderpest nonprecipitating antibody in cattle and zoological ruminant sera. 097503
Application of an **agar** *gel* precipitin test to the serodiagnosis of avian chlamydiosis [Chlamydia psittaci]. 097504
Monitoring infectious bursal disease (IBD) antibodies by **agar** *gel* precipitin (AGP): a comparative study [Virus diseases, chickens]. 097594
A *gel-forming* (1 to 3)**-beta-D-glucan** isolated from Cyttaria harioti Fischer [Fungi]. 099640
Electron microscopic study on the *gel* of the **central** part of the corpus vitreum in the Ox. 096303
Investigation of sulphate lignin oxidation by means of *gel* **chromatography.** 098388
A comparison of the *agar-gel* **diffusion** and complement fixation tests for bovine C-type (leukemia) virus. 097496
The quantitative measurement of whey proteins using *polyacrylamide-gel* **electrophoresis.** 095588
Fractionation of a hemicellulase preparation of a culture of the fungus Aspergillus awamori strain 16 by *gel* **filtrationon** Sephadex. 099503
Phenols as inductors of some Basidiomycetes oxidases. II. Electrophoresis on **polyacrylamide** *gel* of soluble protein and laccase from the mycelium of Coriolus versicolor [Fungi]. 099497
TRNA of the fungus Pleurotus ostreatus: Preparation and purification by the method of **preparative** *gel* electrophoresis. 099500
Some bitter peptides from rennet-treated casein. A method for their purification, utilizing chromatographic separation on **silica** *gel.* 095637
A **simple** *gel-diffusion* assay of alpha-amylase in ungerminated wheat grains. 095823
Composition and properties of tar obtained at cellolignin thermolysis. VI. *Gel-chromatographic* **study** of oligomeric compounds of lignocarbohydrate nature. 098305

GELECHIIDAE
Resistance of commercial rice varieties to Sitotroga cerealella (Olivier) **(Lepidoptera:** *Gelechiidae).* 102537

GENERATION
Acceleration of *generation* **advancement** in spring wheat [Germination]. 100176
Wing movements and the *generation* of **aerodynamic** forces by some medium-sized insects. 103115
Formation of *generative* **cells** in pollen grains of Allium cepa L. and Allium porrum L. [Onions, leeks]. 100387
Evolution of body shape of F1 *generation* **crosses** between Metohija Red and Jersey cattle breeds. 096885
Evaluation of the after-effect of gamma irradiation (Co-60)[cobalt isotope] on vegetative and *generative* **development** in soybean. 099415
The estimation of cross yield using **early** *generation* and parental yields in dry beans (Phaseolus vulgaris L.). 099211
Variability of vegetative organs of some interspecies hybrids of birch [Betula] in the **first** *generation.* 098163
Study of the hybrids of the **first** *generation* from the combination Lycopersicon esculentum Mill. X Solanum pennelli Corr. 099111
Ultrastructure of cell division in Cladophora: Pregametangial cel division in the **haploid** *generation* of Cladophora flexuosa [Algae]. 098931
Significance of selection in advanced **hybrid** *generations* and means of increasing the effectiveness of developing valuable winter rye populations. 099259
Studies on [Bombyx mori] selection by use of anesthetic. 2. The effect for **next** *generation* through anesthesia. 103284
Development of *generative* **organs** of Norway spruce [Picea abies] in the climatic conditions of the Latvian SSR. 100642
The methodology of evaluating criterial parameters of the fluid jet from the monitor in chemical protection of *generative* **organs** of coniferous trees. 103590
Guides for *generation* **relations** in city and rural families of the German Federal Republic [Sociology]. 093985
Variability of varieties and forms of buckwheat in M1 *[generation]* as a **result** of exposure to chemical mutagens. 099396

GENERATORS
Generator of **current** impulses for the process of manure dehelminthization. 103527
A linear programming model and **matrix** *generator* for evaluating alternative beef-forage systems. 096798
A **small-size** *generator* of current impulses in an electrohydraulic device [Disinfection and dehelminthization of pig manure]. 103360

GENERIC
Generic **concepts** in the Aloineae. 1. The genus—to split or to lump? 098668
The peculiarities of *generic* **endemism** in the mycoflora of Kazakhstan. 098547
Studies on some *intergeneric* **hybridization** in date palm, (Phoenix dactylifera L.). 099064
Intergeneric **hybrids** [of wheat and rye]. 099422
Exilispora indica sp. Nov. (Sphaeriaceae)—a **new** *generic* record to India [Fungi]. 098595

GENES
Relation of *gene* **action** and type of tester in maize breeding procedures. 099369
Utilizing **animal** *gene* resources [Need for developing new livestock breeds for developing countries]. 097074
Genetic analysis of the yellow **burley** *genes* in Maryland tobacco. 099326
A **chromosomal** *gene* required for killer plasmid expression, mating, and spore maturation in Saccharomyces cerevisiae [Yeast]. 099372
Genes on **chromosome** 3 of the mouse. 096947
Check on the existence of the **complementary** *genes* for the [heart forming] of summer lettuce (Lactuca sativa). 099381
Cardiovascular and locomotive diseases in young and old sows of different *gene* **construction.** 097765
Identification and location of *genes* **controlling** leaf hairing in young plants of soft wheat. 099231
Reiteration frequency of delta-crystallin DNA in lens and non-lens tissues of chick embryos. **Delta-crystallin** *gene* is not amplified during lens cell differentiation. 096427
Seventh supplementary list of wheat varieties classified according to their genotype for hybrid necrosis and geographical **distribution** of *Ne-genes.* 099210
Drosophila *gene-enzyme* systems. 102784
Heterosis of wheat and *gene* **effects.** 099251
Problems of the *gene* and **evolutional** and genetic bases of interrelations of plant-hosts with their parasites and symbionts. 099278
Genetic segregation of the deformed **flower** *gene* in trisomics of Solanum chacoense. 099185
Cytoplasmic effects on quantitative characters in maize (Zea mays L.) *[Cytoplsm-gene* **interactions.** 099412
Dwarfing and **lethal** *genes* in apple progenies. 099177
Immunologic evidence that the *gene* for **L-gulono-gamma-lactone** oxidase is not expressed in animals subject to scurvy [Ascorbic acid]. 095202
Theoretical analysis of the inheritance of characters in autotetraploids with *gene* **linkage.** 099299
Effects of estrogen and progesterone on transcription, chromatin and **ovalbumin** *gene* expression in the chick oviduct. 096875
The **ovalbumin** *gene.* Partial purification of the coding strand [Chickens]. 096938
Gene **pool** and the prospects of breeding plants for resistance to nematodes. 099272
Conservation of *gene* **pool** in Hevea. 099317
Effects of extra heterochromatin on the expression of *genes* **producing** chlorophyll variegation in the tomato. 099325
Interactions between TMV [tobacco mosaic virus] isolates, temperature, allelic condition and combination of the Tm **resistance** *genes* in tomato. 099360
Isogenic lines of tomato except for some disease **resistance** *genes.* 099361
Transfer of **restorer** *genes* over a new genetic background in sunflower (Helianthus annuus L.). 099154
Phenetic similarity among dwarf *[gene]* **rice** cultivars, grown in two environments, as estimated by numerical taxonomic methods. 099067
Ectopic pairing and evolution of 5S ribosomal **RNA** *genes* in the chromosomes of Drosophila funebris. 102887
Evolution of 5S ribosomal **RNA** *genes* in the chromosomes of the virilis group of Drosophila. 102888
Inheritance of the *gene* of **"single** flower on the main stem" in tomatoes and its pleiotropic effects. 099089
Evidence for nuclear restriction of **supersuppressor** *gene* products in Neurospora [crassa, Fungi] heterokaryons. 099139
Genetics effects and genetic effect X year interactions at **three** *gene* loci in sublines of a maize inbred line. 099141
Flax rust [Melampsora lini] resistance involving the K *gene:* an **ultrastructural** survey. 101373
Interaction of **virulence** *genes* in Ustilago hordei [Barleycovered smut]. 101379

GENESIS
Genesis of **Guadalquivir** Valley (South Spain) red soils: evolution and degradation. 103676
Possibilities in modelling of recent **soil** *genesis* under natural conditions. 103847
Comparative processes of cell **wall** *genesis* during mitosis and meiosis in Platyhypnidium riparioides (Hedw.) Dix (Hypnaceae) [Musci]. 098906

GENETICISTS
Meyer Memorial Medal Awarded to Jack R. Harlan **[Plant** *geneticists].* 099330

GENETICS
Genetic **activity** of new nitroso compounds in maize. 099401
Genetics and **agricultural** economy. II. Animal production. Introduction. 096837
Italian Society for **Agricultural** *Genetics,* XX annual meeting, Milano-Minoprio, 9-11, October 1975: Abstracts of papers presented [Chiefly on cereals]. 099224
The problem of studying physiological and biochemical features of potential *[genetic]* and **agronomic** productivity of plants [Cereals]. 100191
Genetic **analysis** of hexaploid wheat, Triticum aestivum using intervarietal chromosome substitution lines—protein content and grain weight. 099182
Genetic **analysis** of the response to day length in rice. 099183
Genetic **analysis** of the yellow burley genes in Maryland tobacco. 099326
Spontaneous formation of translocation and nonhomologous pairing of chromosomes in Drosophila melanogaster. I. Production and *genetic* **analysis** of females containing Y-2 semitranslocations. 103098
Spontaneous formation of translocations and nonhomologous pairing of chromosomes in Drosophila melanogaster. II. *Genetic* **analysis** of b pr individuals and study of distribution over the cultures of individuals with semitranslocations Y2. 103099
The utilization and conservation of the world's **animal** *genetic* resources. 096851
On the randomness and biogeocenosis in the evolutionary process [Domestic **animals,** *genetics].* 096142
Study of physiological and *genetic* **aspects** of photosynthetic activity of plants [Maize, peas]. 099261
Methodological approach to the study of *genetic* **bases** of wheat resistance to brown leaf rust [Puccinia triticina]. 099275
Problems of the gene and evolutional and *genetic* **bases** of interrelations of plant-hosts with their parasites and symbionts. 099278
Bibliography: breeding and *genetics* **[Beans].** 099070
Genetic **behaviour** of growth habit character and its relation with other agrinomic character in barley. 099060
Genetic **behaviour** of date of heading character and its genetic relation with other agronomic characters in barley. 099061
Genetic **behaviour** of some morphologic characters in barley and their genetic relations. 099062
The *genetics* of **black** larva, an autosomal recessive lethal mutation located on chromosome 3 in the mosquito Anopheles albimanus. 102865
Genetic and **breeding** aspects of the expectable development in poultry breeding. 096861
Genetic and **breeding** aspects of using cytoplasmic male sterility of maize. 099119
Clonal analysis of a *genetically* **caused** duplication of the anterior wing in Drosophila melanogaster. 102903
Shape of the apple [influenced by *genetic* and **climatic** factors]. 098977
Study of the phenomenon of *genetic* **complementation** for the feature of alkaloid content in compound intervarietal hybrids of forage lupine. 099298
Genetic **consequences** of the pollution of environment. 104501
Development and *[genetic]* **control** of the number of flowers per node in Pisum sativum L. [Peas]. 099066

Genetic **control** of photoperiodic sensitivity and maturity in spring wheat within narrow limits of adaptation. 099184
Genetic **control** of nutation process in Aspergillus nidulans[Fungi]. II. Study of ultraviolet-induced mutagenesis in uvs strains. 099229
Simulation models for *genetic* **control** alternatives [for insect populations]. 102242
Semi-sterility in the Mediterranean fruit fly, Ceratitis capitata Wiedemann *[Genetic* **control].** 102410
The genetics of the Mediterranean fruitfly, Ceratitis capitata: three morphological mutations [for ecological studies and *genetic* **control].** 102811
Genetically **controlled** chromosome breakage as an isolation barrier in the origin and maintenance of Secale ancestrale [Rye]. 099140
Heritability and *genetic* **correlations** in cotton. 099403
Comparison of ultraviolet and blacklight for the induction of nutritional independence at two loci in Neurospora **crassa[Fungi,** *genetics].* 099349
Repeatability of regression stability indexes for grain yield of oats (Avena sativa L.) *[Genetic* **crosses].** 099206
Genetics, **cytogenetics** and evolution of mosquitoes. 102785
NH2 [amino]-terminal extensions on skin collagen from sheepwith a *genetic* **defect** in conversion of procollagen into collagen. 096229
The spoilers *[Genetic* **defects** in British livestock]. 097743
Some *genetic* **defects** in British livestock and their control[Sheep, cattle]. 097760
Developmental *genetics* of homoeosis [in Drosophila melanogaster and other insects]. 102783
Genetic **differentiation** of wheat stem rust [Puccinia graminis]. 101342
Physiology and *genetics* of **ear** emergence in barley and wheat. IX. Effect of low temperature during dark period on time of heading in barley. 100248
Genetic **effect** of variation in size and number of groups in pig progeny testing. 096983
Genetics effects and *genetic* **effect** X year interactions at three gene loci in sublines of a maize inbred line. 099141
Genetic **effects** of the gas phase of cigarette smoke on Saccharomyces cerevisiae [Yeasts]. 099128
Genetics **effects** and genetic effect X year interactions at three gene loci in sublines of a maize inbred line. 099141
Radiosensitivity of the genus Citrus *[Genetic* **effects].** 099408
Genetic **efficiency** of ethylenimine in relation to the time and temperature of storage of barley grain. 099402
Genetic and **environmental** effects involved in the determination of the "hollowness" character in peeling tomatoes. 099222
The cow-index: a means of reducing the odds [Dairy cattle, *genetic* **evaluation].** 097025
Genetic **evidence** for mode of 2n pollen formation and S-locus mapping in potatoes. 099362
Expected *genetic* gains from forest tree breeding. 098096
Accessory spleens in domestic rabbits (Oryctolagus cuniculus). I. Frequency, description, and *genetic* **factors.** 096566
Studies on calving difficulty, stillbirth and associated factors in Swedish cattle breeds. II. Effects of *non-genetic* **factors** [Parturition]. 096841
Genetic **fine** structure of the 2D3-2F5 region of the Drosophila melanogaster X chromosome. 103096
Forest *genetics* and tree improvement. 098114
Growth of new follicles following electrocautery in four *genetic* **groups** of swine. 096933
Phosphorus assimilation by clover and lucerne from soil phosphates of various *genetic* **horizons** of sod-podzolic mean-sandy-loam soils. 100175
Genetically **improved** varieties of southern pines for use in Alabama. 098082
Genetic **improvement** of the sunflower for Mediterranean-typeclimates. 099149
[Polish] studies on the *genetic* **information** in microorganisms, plants, and animals for the improvement of their useful characteristics. 099355
Dmitrii Dmitrievich Romashov (on the 75th anniversary of his birth) **[Insect** *genetics].* 103095
The *genetic* **instabilities** of the mating type locus in fission yeast [Schizosaccharomyces pombe]. 099344
Circulation load test and meat quality of fattened pigs with **known** *genetic* origin. 096213
Pathways strewn with plant pigments [Antirrhinum **majus,** *genetics].* 099358
Studies on *genetics* and **management** of animal populations. 096839
Veterinary **medical** *genetics.* 097708
The *genetics* of the **Mediterranean** fruitfly, Ceratitis capitata: three morphological mutations [for ecological studies and genetic control]. 102811
Further studies on **mice** *genetically* selected for high and low phagocytic activity. 097081
Biogenesis of mitochondria. XLI. Physical mapping of **mitochondrial** *genetic* markers in yeast [Saccharomyces cerevisiae]. 099334
Mitochondrial *genetic* damage induced in yeast [Saccharomyces cerevisiae]. 099343
The importance of *genetics* in **modern** animal breeding with special regard to management systems. 096863
The *genetics* of **naked** oats (Avena nuda L.). 099212
Genetic **nature** of some chemical nutants of sunflower. 099230
Transfer of restorer genes over a **new** *genetic* background in sunflower (Helianthus annuus L.). 099154
The "barker" (neonatal respiratory distress) syndrome [of *genetic* **origin**] in the pig: its occurrence in the field. 097771
Genetic **parameters** of organ and body weights in the Japanese quail. 097007
Genetic **pathogenicity** of leafspot disease [Pyrenophora teres, Pyrenophora graminea, barley]. 101661
Chiasma frequencies in primary trisomics of **pearlmillet** *[Genetics].* 099135
Genetic and **phenotypic** parameters for a profit function and selection method for optimizing profit in dairy cattle. 096940
Breeding-genetic and **physiological-biochemical** study of sorghum sterile analogs. 099387
Hybrid grass-clump dwarfness in wheat: **physiology** and *genetics.* 099187
Blood groups and serum protein polymorphisms in the PitmanMoore and Ohmini strains of miniature **pigs** *[Genetics].* 096857
Life of a scientist (on the 70th birthday of the academician of the V. I. Lenin All-Union Academy of Agricultural Sciences Dmitrii Danilovich Brezhnev) **[Plant** *genetics].* 099451
Effect of *genetic* **polymorphism** on catalase activity in maize endosperm. 099227
Genetic **polymorphism** and evolution in parthenogenetic animals. VI. Diploid and triploid Polydrosus mollis (Coeloptera: Curculionidae). 102951
Blood meal variations within and between the east Asian andEuropean horse **populations** *[Genetics].* 097076
Breeding parthenocarpic pickling cucumbers (Cucumis sativusL.): necessity, *genetical* **possibilities,** environmental influences and selection criteria. 099171
Genetic **potential** for better trees [Windbreak species]. 098115
Importance of breeding work to feed utilization within the egg production sector **[Poultry** *genetics].* 096908
Genetical **preconditions** of breeding tobacco varieties resistant to diseases. 099273
Expected and **realized** *genetic* gain in swine breeding of Lower Bavaria. I. Realized genetic gain. 097079
Genetics of **recessive** lethality in the fern, Osmunda regalis [Pteridophyta]. 099327
Genetic behaviour of date of heading character and its *genetic* **relation** with other agronomic characters in barley. 099061
Genetic behaviour of some morphologic characters in barley and their *genetic* **relations.** 099062
Development of the sheep species. Contribution of testing, insemination and freezing to *genetics* and **research.** 096835
Genetic **resistance** in Douglas-fir [Pseudotsuga menziesii] to damage by snowshoe hare and black-tailed deer. 097881
The *genetics* of **seedling** resistance to leaf rust, Puccinia hordei Otth. in some spring barley cultivars. 099213
Genetic **segregation** of the deformed flower gene in trisomics of Solanum chacoense. 099185
Sex *genetics* and the pathogenicity of smut fungi [Ustilaginales]. 101467
Impact of manipulating wood properties by *genetics* and **silviculture.** 098129
What wood properties can be modified by **silviculture** and *genetics?* 098132
Abstracts of papers presented at the 1976 meetings of the *Genetics* **Society** of America, Salt Lake City, Utah, August 15-18, 1976 [Insects, plants]. 102943
Genetical **sources** of plant immunity to diseases. 099274
Progress of cytoplasmic and *genetic* **sterility** in hybrid seed corn production. 099367
Study of the *genetic* **structure** and activity of functioning locations of genomes in different spring wheat varieties. 099263
Study of the *genetic* **structure** of laboratory populations of Drosophila by the quantitative character. 102956
The origin of chickpea Cicer arietinum L. *[Genetic* **studies].** 099215
The *genetics* of **subspecific** phenoptype differences in Pieris occidentalis Reakirt and of variation in Pieris Occidentalis nelsoni W. H. Edwards (Pieridae). 103191
2-deoxy-D-glucose uptake by chick embryo cells: a biochemical indicator of *genetic* **susceptibility** to RNA tumour viruses. 097412
Reaction of the *genetic* **system** determining the characteristic puffed in Drosophila virilis to various temperatures. 103097
Genetic **transformation** in a blue-green alga, Aphanocapsa. 099129
Genetic **transformation** and "Graft-hybridization" in flowering plants [Tobacco]. 099413
Cytoplasmic variability and speciation in **Triticinae** *[Genetics].* 099302
Two *genetic* systems of blood serum amylase in the Kholmogorbreed of cattle. 096912
The theoretical and practical importance of studies about *genetic* **types** of underground waters. 104420
Genetic and **vaccination-induced** resistance of chickens to lymphoid tumor transplants. 1. Marek's disease tumor transplant (JMV). 097259
Genetic and **vaccination-induced** resistance of chickens to lymphoid tumor transplants. 2. Transmissible lymphoid tumor of Olson. 097260
Studies on *genetic* **variability** for yield and its components in cotton (Gossypium hirsutum L.). 099352
Within-tree variation of monoterpene composition and yield in slash pine [Pinus elliottii] clones and families *[Genetic* **variation].** 098081
Genetic **variation** of Eucalyptus obliqua in field trials [insouth-eastern Australia]. 098109
Genetic **variation** in red maple [Acer rubrum] rootstocks. 098123
Tissue and cell culture as aids to sugarcane breeding. I. Creation of *genetic* **variation** through callus culture. 099216
Genetics and the **weed** problem. 102218
Results of studying the *genetics* of **wheat** immunity to rust. 099280

GENITALS

Research on the relationship between yeasts and bacteria: Candida krusei, Candida tropicalis, Candida pseudotropicalis, Hansenula anomala and Corynebacterium pyogenes **[Experimental** *genital* pyobacillosis in rabbits]. 097646
Mycoplasma recovered from bovine male and **female** *genitalia* and aborted foeti. 097537
Reproductive behaviour and physiology of Tenebrio molitor (Coleoptera: Tenebrionidae). III. Histogenetic changes in the **internal** *genitalia,* mesenteron, and cuticle during sexual maturation. 102874
Immune response to *genital* **mycoplasmosis** in bulls. 097630
Immunoglobulin classes in *genital* **secretions** of mycoplasma-infected and normal heifers. 097380

GENOMES

Studies on the organisation of the **chicken** *genome* and its expression during myogenesis in vitro [DNA reassociation, DNA-RNA hybridization]. 096901
The *genome* **constitution** and phylogeny of Elymus ambiguus. 099058
Differentiation of the **first** *genomes* from polyploid wheat species according to the data of the immunochemical analysis of the alcoholic fraction of grain protein. 099082
Analysis of the spatial organization of Drosophila **melanogaster** *genome* based on ectopic pairing of polytene chromosomes. 102945
Biogenesis of mitochondria: molecular mapping of the **mitochondrial** *genome* of yeast [Saccharomyces cerevisiae]. 099373
The use of *genome* of **rye** in the transformation of plant heredity. 099398
Study of the genetic structure and activity of functioning locations of *genomes* in different **spring** wheat varieties. 099263

GENOTYPES

Comparative hardiness of flower buds and blossoms of some **almond** *genotypes* in relation to time of bloom and leafing. 100471
Early determination of *genotypes* for **apple** scab resistance by forced flowering of test cross progenies. 099178
Genotypic **composition** of the clones of brown rust [Pucciniarecondita] in some Lr lines of wheat. 101343
Adaptability in black gram (Phaseolus mungo L.) [Mungo beans, *genotype* X **environment** interaction]. 099221
Genotype X **fertilizer** interactions in slash pine [Pinus elliottii elliottii]: growth and [fertilizer] nutrient relations. 103943
Seventh supplementary list of wheat varieties classified according to their *genotype* for **hybrid** necrosis and geographical distribution of Ne-genes. 099210
A method using aminoacylation of transfer ribonucleic acid (tRNA) from wheat embryo and isotope dilution for screening of *genotypes* with **improved** protein content and quality. 099307
Genotypic **influence** on elemental composition of strawberry tissues. 099319
Interaction *"genotype-environment"* and heterosis [Wheat]. 099255
Postharvest carbohydrate transformations and processed quality of high sugar **maize** *genotypes.* 094870
Fodder yielding ability of **maize** *genotypes* under varying levels of nitrogen and population. II. Quality of green fodder. 104109
About the role of *genotype* and the **mutagenic** factor in experimental mutagenesis of wheat. 099242
Phenotypic and *genotypic* **parameters** of fleece weight of Mutton Merino sheep at different ages. 097085
Genotypical **peculiarities** of oil-bearing species and varieties of the family Brassicaceae in the content and quality ofoil in the seeds. 099445
Inter-genotypic **plant** competition in wheat under single seed descent breeding. 099192
Growing season and location effects on water uptake and drying rates of peanut seeds from *genotypes* **resistant** and susceptible to invasion by Aspergillus flavus Lk. ex. Fr. 101313
Nuclear methods for detecting root activity [Barley, in **screening** of *genotypes].* 099310

GENTIANA

Safety evaluation of gentian violet *[Gentiana]* for **breeder** chickens. 096763

GENTIANS

Safety evaluation of *gentian* **violet** [Gentiana] for breeder chickens. 096763

GEOCHEMISTRY

Geochemical **controls** of lead concentration in stream water and sediments. 104486
Isotope *geochemistry* of carbonate dissolution and reprecipitation in soils. 103824
Geochemical **peculiarities** of the landscapes of Leningrad Region and their agricultural uses. 103851

GEOGRAPHY

Geographical **distribution** of aboriginal forms of potatoes [Solanum species] from Peru [determined] on the basis of tuber characteristics. 098518
Relationship between Gasteromycetes and landscape zones andthe latitudinal belts of mountains in Kazakhstan *[Geographic* **distribution].** 098542
On the *geographical* **distribution,** ecology and distinctive features of Listera X veltmanii case [Canada, Michigan]. 098697
[Geographic] **distribution** and the history of systematics ofthe genus Allium L. 098724
Studies in Festuca. 7. Chromosome atlas. 2. An appraisal of chromosome race *[geographical]* **distribution** and ecology, including Festuca pratensis var. apennina (De. 099161
Seventh supplementary list of wheat varieties classified according to their genotype for hybrid necrosis and *geographical* **distribution** of Ne-genes. 099210
Geographic **distribution** of soils with the bleached contact horizon on two-membered rocks. 103852
Geographical **elements** in the flora of Victoria. 098512
The role of *geographic* **factor** in the resistance of apple varieties to pest and diseases. 101912
History, *geography* and **flora** of the "Great Swamps" of Geneva. 098705
Inheritance of the duration of the vegetation period and the elements of barley yield structure in crossing varieties of different ecological and *geographic* **origin.** 099252
Competition in connection with *geographic* **parthenogenesis.** Theory and examples, including some original observations on Nemasoma varicorne C. L. Koch (Diplopoda: Blaniulidae). 103035
Plant *geography* in Geneva yesterday, today and tomorrow? 098709
The *geographical* **range** and distribution of the genus Apis L. Bees. 103143
A systematic and *geographical* **survey** of the Old World Cruciferae. 098622
Geographic **variability** of the main species of birch [Betula] in thermal resistance in the Urals. 098150
Geographical **variability** of flax and hemp. 099446
Geographical **variability** in the pericentric inversion system of the grasshopper Trimerotropis pseudofasciata. 102889
Six-state test of Arkansas loblolly pine [Pinus taeda, *geographic* **variation,** Cronartium fusiforme]. 098171
Studies of population differentiation in Setaria grauca L. : responses of heading to day-length and temperature and their *geographical* **variation.** 098818
Geographic **variation** of the chromosomal polymorphism in Drosophila flavopilosa. 102863
Geographical **variations** in jack pine (Pinus banksiana). 098146
Geography and **water** resources. 104369
Content of iodine in forages from different soil and *geographic* **zones** in Moldavia. 096022

GEOLOGY

Physical features and *geology* **[Cambrian** Forest]. 097883
Soils and *geology* of the **Falkland** Islands. 103694

GEOTECHNOLOGY

Studies on the physical and *geotechnical* **properties** of soils of Kagawa Prefecture. I. On the residual soils. 103836

GEOTRICHUM

Lipolytic fermentations of stickwater [a by-product of the fish meal and oil industry] by *Geotrichum* **candidum** and Candida lipolytica [Yeasts]. 095994
Morphogenesis and growth kinetics of *Geotrichum* **candidum** [Fungi] in continuous culture. 100028

GERANIOL

Evidence for chlorophyll esterified with *geranyl-geraniol* in **newly** greened leaves [Aesculus hippocastanum]. 100366

GERANIUMS

Geraniums **[Culture].** 101097
How growth retardants affect **seed** *Geranium* varieties. 100560
Cell wall regeneration and colony formation from isolated **single** *geranium* [Pelargonium hortorum] protoplasts in microculture. 100404
Pathogenicity of Bipolaris (Helminthosporium) setariae and Bipolaris maydis races T and O to carnation, *geranium* and **snapdragon** [Dianthus caryophyllus, Pelargonium domesticum, Antirrhinum majus]. 101557

GERANYL

Evidence for chlorophyll esterified with *geranyl-geraniol* in **newly** greened leaves [Aesculus hippocastanum]. 100366

GERBILS

Acute toxicity for **mevinphos** to *gerbils.* 097860
Lactate and malate dehydrogenase activities during the ontogeny of the **Mongolian** *gerbil,* rat, mouse, and rabbit. 096316
Lipoproteins in serum of rat, mouse, *gerbil,* **rabbit,** pig and man studies by electrophoretical and immunological methods. 096317

GERMACRANOLIDE

Peroxyferolide: a **cytotoxic** *germacranolide* hydroperoxide from Liriodendron tulipifera. 099660

GERMINATION

Germination **ability** of the genus Notocactus. 100493
Variation in *germination* and **amino** acid leakage of seeds with temperature related to membrane phase change. 099949
Hypoxylon mammatum **ascospore** *germination* and mycelial growth on bark and wood media from young branches of trembling aspen [Populus tremuloides]. 101377
Study of amylases of *germinating* **bajra** (Pennisetum typhoides) [pearlmillet] and barley (Hordeum vulgare) varieties. 100109
Fundamental studies on artificial propagation by seeding useful wild grasses in Japan. VI. *Germination* **behaviors** of three native species of genus Miscanthus; Miscanthus sacchar. 100960
Respiration and enzymatic activity of wheat seeds with different *germination* **capacity.** 100118
Influence of root exudates of red pine [Pinus resinosa] on the *germination* of **conidia** of Fomes annosus. 101441
Isolation and identification of the **conidial** *germination* factors of Neurospora crassa [Fungi]. 099810
Centipedegrass [Eremochloa ophiuroides] seed treatments andlight-temperature effects on *germination* **[Curvularia,** Phoma, Alternaria, Fusarium]. 101549
Effect of *germination* on **folic** acid content of Bengal gram [chickpeas] and ragi [Eleusine coracana]. 099795
Effect of soil application of aldrin and gammexane [insecticides] on *germination,* **grain** yield and quality of soybean (Glycine max). 100296
Effect of the D.L. Abscisin (Dormin) and other growth regulators on *germination,* **growth** and yield of corn and sorghum. 100083
Lipids of spores from Phycomyces [blakesleeanus, Fungi] in relation to **heat-induced** *germination.* 099532
Activation energy and *germination* times for **isothermal** seed germination. 099843
Water uptake and *germination* of **leguminous** seeds [chickpeas, broadbeans] under changing external water potential in osmotic solutions. 100491
Influence of different cytokinins on the *germination* of **lettuce** (Lactuca sativa) and celery (Apium graveolens) seeds. 100533
Protein patterns of developing mitochondria at the onset of *germination* in **maize** (Zea mays L.). 100183
Study of the germination of pycnidiospores of Coniella diplodiella (Speg.) Pet. and Syd., agent of grape white rot. iII. Formation and maturation of spores; development of the spore wall during **maturation** and *germination.* 101333
Germination-lysis as a **mechanism** for biological control of Thielaviopsis basicola pathogenic on soybean. 101374
Effect of the duration and conditions of storage on the *germination* **percentage** and yielding properties of hemp seeds. 100974
Determination of cyanoglucosides of plant tissues by the modified picric acid technique. I. Changes in the cynoglucoside content of some Leguminosae and Gramineae species in the early **phases** of *germination.* 100061
Fundamental principles of the study of seeds **[Physiology,** *germination].* 099601
The display of negative properties of some forms of fertilizers during the *germination* of **pine** and spruce seeds [in forest nurseries]. 104134
Endogenous gibberellins of pine pollen. III. Conversion of 1,2-[3H]GA4 [hydrogen isotope, gibberellic acid] to gibberellins A1 and A34 in *germinating* **pollen** of Pinus attenuata Lemm. 100672
Germination **polymorphism** in Grindelia squarrosa (Pursh) Dunal. 099020
Ecological studies on the control of broad leaf dock, Rumexobtusifolius L., in the grassland. I. Some **properties** of *germination.* 102090
Study of the *germination* of **pycnidiospores** of Coniella diplodiella (Speg.) Pet. and Syd., agent of grape white rot. iII. Formation and maturation of spores; development of the spore wall during maturation and germination. 101333
The character of radiosensitivity change of seeds [of peas] in the process of imbibition and *germination* **[Radiation** injuries]. 100596
Biological ativity of extracts from Calluna vulgaris (L.) Hull. on the growth and *germination* [of **red** clover and Phleum pratense seedlings]. 100080
Effect of volatile inhibitors from natural and amended soils on *germination* of **sclerotia** of Macrophomina phaseolina [the fungus that causes charcoal rot on corn, sorghum, soybean, and other economic crop plants]. 101380
Biology of **seed** *germination* of wild onion [Allium] species. 099568
Role of gibberellins in dormancy and **seed** *germination.* 099780
Activation energy and germination times for isothermal **seed** *germination.* 099843
Photocontrol of **seed** *germination.* 099978
Physiology of **seed** *germination* in Korean lawn grass (Zoysia japonica Steud.). 100570
Influence of fungi in the rhizospheres of pine [Pinus] and spruce [Picea] on the **seed** *germination* of these trees. 100657
Effect of short-chain fatty acids extracted from beef cattle manure on *germination* and **seedling** development [Phytotoxicity, wheat, sorghum]. 103894
An apparatus for measurement of the effect of amplitude of temperature fluctuation upon the *germination* of **seeds** [Rumexsanguineus, Rorippa islandica]. 099492
The preparation of 2,3 (3H)-GA29 [hydrogen isotope, gibberellic acid] and its metabolism by etiolated seedlings and *germinating* **seeds** of dwarf Pisum sativum (Meteor) [Peas]. 100492
Climate, topography and *germination* **[Solar** radiation]. 098858
Histochemical studies on cotyledon of **soybean** during *germination.* 098964
Shade avoidance and shade tolerance in flowering plants. II. Effects of light on the *germination* of **species** of contrasted ecology. 098865
Induction of resting **spore** *germination* in Entomophthora aphidis [Fungi] by long-day light conditions. 099623
Spore *germination* promoter of Dictyostelium discoideum [Fungi] escreted by Aerobacter aerogenes. 099822
DNA, RNA and protein synthesis during *germination* of **spores** in the cellular slime mold Dictyostelium discoideum. 099706
Germination of **spores** and growth of mycelia in wood extracts of different individuals of Picea abies. 101440
Changes in the lipids of soybeans during **storage** and *germination.* 095796
Germination **study** and seedling [pecans] performance. 100519
Effects of temperature shocks, hydration and leaching on the **subsequent** *germination* of uredospores of Puccinia striiformis [Fungi]. 100026
The effect of treating spinach seeds with certain chemical **substances** on their *germination.* 100448
Studies on *germination* **tests** in cotton. 100214
Breeding of sunflower plants based on variation in *germination* **velocity** at low temperatures [Heredity]. 099148
Factors affecting discharge, *germination* and **viability** of spores of Microcyclus ulei [Agent leaf blight of Hevea brasiliensis]. 101647
A simple gel-diffusion assay of alpha-amylase in *ungerminated* **wheat** grains. 095823
Acceleration of generation advancement in spring **wheat** *[Germination].* 100176

GERMPLASM

A **broader** *germplasm* base in corn and sorghum. 099363
Corn *germplasm* base in the U.S.—Is it narrowing, widening, or static? 099365
Studies on the response of two **maize** *germplasms* to dates of planting and plant population. 100867
A laboratory method for evaluating **maize** *germplasm* to Erwinia carotowora var. zeae. 101700
Economic analysis of N [nitrogen] fertilization of **maize** *germplasms* in Kulu Valley. I. Irrigated. 103967
Use of **tropical** *germplasm* in a sorghum breeding program for both tropical and temperate areas. 099371

GERMS

Quantitative aspects of the colonization of the gonads by *germ* **cells** in the quail embryo (Coturnix coturnix japonica). 096449
Nucleolar ontogenesis in the uterine **chick** *germ* correlated with morphogenetic events. 096339
Complexation of phytate with proteins and cations in **corn** *germ* and oilseed meals. 095808
A morphological study of spermatogenesis in Drosophila, with special reference to **encysted** *germ* cells. 102821
Evaluation of the *germ* **plasm** collection of safflower, Carthamus tinctorius L. VII. Variability of capitulum width and outer involucral bracts' dimensions. 099181
Comparative effects of p,p'-DDT and commercial DDT, in intravitellin injections, on the *germ* **population** of avian embryonic gonads [Chicks, quails]. 102673
Localizaion study of the **primordial** *germ* cells in embryos of the Japanese quail by means of ultraviolet irradiation. 096281
The use of 'normal' and 'transformed' gynandromorphs in mapping the **primordial** *germ* cells and the gonadal mesoderm in Drosophila. 102970
Conservation in the soil of **three** *germs* pathogenic to Melolontha melolontha larvae (Coleoptera: Scarabaeidae) [Biological control]. 102234
Cell-free synthesis of rat preproinsulins: characterization and partial amino acid sequence determination **[Wheat** *germ* extract]. 096522
Phenylalanyl-tRNA synthetase from **wheat** *germ.* Purification, molecular weight, structure, properties. 100112

GESTATION

Morphological changes in ovaries of the mufflon (Ovis ammoncycloceros) during *gestation* **[compared** to domestic sheep]. 097063
The effect of feed intake in **late** *gestation* on the body composition and survival of the neonatal pig. 096639
Features of follicular development in swine and sheep **ovaries** during *gestation.* 097062

GHERKINS

Once over harvest of *gherkins* **[Varieties,** culture]. 101266

GHETTO
Evaluation of a *ghetto* **school** breakfast program. 095375

GIBBERELLA
Extraction, purification and chemistry of gibberellins [from the **fungus** *Gibberella* fujikuroi and higher plants]. 099774
Growth of broilers and quail fed **Fusarium** *(Gibberella* zeae)-infected corn and zearalenone (F-2). 096755

GIBBERELLIC
Fluxes of *gibberellic* and **abscisic** acids, together with that of adenosine 3',5'-cyclic phosphate, across plastid envelopes during development [Oats]. 100287
Gibberellic and **abscisic** acid-like substances and the regulation of apple shoot extension. 100478
Change of *gibberellin* and **abscisic** acid content during fruit development of Prunus persica [Peaches]. 100540
Role of *gibberellins* in **abscission** of leaves and fruits. 099784
Gibberellic **acid** protection against EMS [ethyl methane sulphonate] and MMS [methyl methane sulphonate] induced damage to chromosomes in Pisum sativum L. [Peas, mutation]. 099158
Gibberellic **acid** as a gametocide for the common onion (Allium cepa L.). II. The effect of GA 4/7. 099186
Regulation of leaf and fruit senescence by *gibberellic* **acid.** 099778
Action of *gibberellic* **acid** on cell proliferation in the subapical shot meristem of watermelon seedlings. 100347
The preparation of 2,3 (3H)-GA29 [hydrogen isotope, *gibberellic* **acid]** and its metabolism by etiolated seedlings and germinating seeds of dwarf Pisum sativum (Meteor) [Peas]. 100492
Endogenous gibberellins of pine pollen. III. Conversion of 1,2-[3H]GA4 [hydrogen isotope, *gibberellic* **acid]** to gibberellins A1 and A34 in germinating pollen of Pinus attenuata Lemm. 100672
Changes in *gibberellic* **actvity** of twining shoots of Ipomoeapurpurea related to the circumnutation movement. 099606
Gibberellin **antagonists** and antigibberellins [Plant inhibitors]. 099775
Gibberellin **bioassays** [Effects on plant growth and development]. 099776
The effect of *gibberellin* on **change** of some traits in forms of barley with different types of growth. 100331
Gibberellins. XLIII. Fractionation of gibberellins, *gibberellin* **conjugates** and other plant hormones by dextran Sephadex chromatography. 099830
Role of *gibberellins* in the **development** of fruits and seeds. 099783
Role of *gibberellins* in **dormancy** and seed germination. 099780
Endogenous *gibberellins* of pine pollen. III. Conversion of 1,2-[3H]GA4 [hydrogen isotope, gibberellic acid] to gibberellins A1 and A34 in germinating pollen of Pinus attenuata Lemm. 100672
Extraction, purification and chemistry of *gibberellins* [from the **fungus** Gibberella fujikuroi and higher plants]. 099774
Endogenous gibberellins of pine pollen. III. Conversion of 1,2-[3H]GA4 [hydrogen isotope, gibberellic acid] to *gibberellins* A1 and A34 in **germinating** pollen of Pinus attenuata Lemm. 100672
Gibberellins. XLIII. Fractionation of *gibberellins,* **gibberellin** conjugates and other plant hormones by dextran Sephadex chromatography. 099830
Chemical conversion of C20 *gibberellins* into C19 **gibberellins** [Plant hormones]. 099657
Role of *gibberellins* in **juvenility,** flowering and sex expression. 099782
Mechanism of action of *gibberellins* [on **nucleic** acid metabolism in both aleurone layers and in other plant systems]. 099777
Chemical conversion of C20 gibberellins into C19 *gibberellins* **[Plant** hormones]. 099657
Relationship between *gibberellins* and **[plant]** metabolism. 099779
The morphological, anatomical and cytological effects of *gibberellins* **[Plant** growth and development, promotion of stem elongation]. 099785
Biosynthesis, metabolism, transport and distribution of *gibberellins* [in **plants].** 099773
On the antagonism of the effect of *gibberelline* and **retardants** on the flowering and fruiting of lemon plants. 100571
Role of *gibberellins* in **root** and shoot growth. 099781
Promotion of flowering in the Pinaceae by *gibberellins.* I. **Sexually** mature, non-flowering grafts of Douglas-fir [Pseudotsuga menziesii]. 100667
Effect of zinc on the content of *gibberellin-like* **substances** in bean leaves. 100575
Gibberellins. **XLIII.** Fractionation of gibberellins, gibberellin conjugates and other plant hormones by dextran Sephadex chromatography. 099830

GIGARTINALES
Benthic marine algae from the southern coast of Sao Paulo State, southwest of Santos and the coast of Parana State. III. Rhodophyta (2): Cryptonemiales, *Gigartinales* **and-Rhodymeniales.** 098524
The status of [the red alga] Ochtodes capensis (J. Agardh) J. Agardh (Rhizophyllidaceae, *Gigartinales,* **Rhodophyta).** 098643

GILTS *see* SWINE

GINGER
Occurrence, host range and histopathology of Radopholus similis in *ginger* **(Zingiber** officinale) [Nematodes]. 102017

GINSENG
Effect of *ginseng* **extract** on lipid and sugar metabolism. II. Nutritional states in rats. 095038

GIRLS
Food choices and nutritional health of **preadolescent** *girls.* 095020

GIZZARD
The effect of phosphorylation of [chicken] *gizzard* **myosin** on actin activation. 096227

GLACIAL
A floristic survey of Muir Point, *Glacier* **Bay** National Monument, Alaska [Plant associations]. 098783
Palynological analysis of the *postglacial* **lacustrine** deposits of Agoraie di Mezzo Lake (Ligurian Apennines). 098507
Glacial **lake** evidence in western Minnesota as interpreted from the soil survey. 103774
Problems of subdivision of the **Late** *Glacial* era in the sandy region of northern Flanders in Belgium [Pollen analysis]. 098678
Ground-water and surface-water relationships in the *glacial* **province** of northern Wisconsin —Snake Lake. 104294
Astragalus rubtzovii Boriss.—a *glacial* **relict** from Tien-Shan. 098533

GLADIOLUS
Studies on notched leaf disease of *Gladiolus* **caused** by tobacco rattle virus (TRV). 101721
Studies on storage methods of agricultural products. IV. Effects of precooling and cold storage methods on the quality of **cut** *gladioli.* 095932
Investigations on the effect of mulching with black polythene sheeting on tulip and *gladiolus* **development** and crop yields. 103897
Effects of gamma radiation on anthesis of *Gladiolus* x **gandavensis** van Houtte. 100394
Forms of *gladiolus* **produced** by treatment with chemical mutagens. 099347
Notes on the **species** *Gladiolus* imbricatus L. 098755
Preconditioning of *Gladiolus* **spikes** cut prematurely to improve opening and floret quality. 101130

GLANDS
The potency of male **accessory** *gland* material in the mosquito (Aedes aegypti). 102940
Spermatophore of the mealworm beetle [Tenebrio molitor]: immunochemical characteristics suggest affinities with male **accessory** *gland.* 103017
Changes in the weight of the **adrenal** *glands* and in the concentration of plasma corticosterone in perinatal rats after prenatal treatment with oestradiol benzoate. 096451
Action of two insecticides: lindane and dichlorvos on mice **adrenal** *glands.* 102672
Non-specific granulomas of the [prostate] *gland* of the **bull.** 097714
Changes in lipogenesis during [rabbit] *mammary-gland* **development.** 096586
Dufour's *gland* secretion of Myrimica rubra: chemical, electrophysiological, and ethological studies. 102996
Trapping of the spider mite Tetranychus urticae by *glandular* **hairs** on the wild potato Solanum berthaultii. 102459
Isolation and characteristics of mRNPs [Messenger Ribonucleoprotein particles] associated with bound polyribosomes from the ewe lactating **mammary** *gland.* 096258
Cellular biology of milk secretion **[Mammary** *glands].* 096266
Acetate utilization by the isolated perfused guinea-pig **mammary** *gland.* 096438
Investigation of the rudimentary **mammary** *gland* of the cow under the electron microscope. 096584
Effect of hormones on the activity of acetyl-coenzyme A carboxylase in explants of **mammary** *gland* from mid-pregnant rabbits. 096588
The investigation of cholinesterase localisation in **mammary** *glands* of goats and sheep. 096592
Pathology of chronic lesions in the **mammary** *glands* of goats (Capra hircus). 2. Fibrocystic disease and intraductal carcinomas. 097726
Inhibition of sodium transport by antiotensin II in the main duct of the rabbit **mandibular** *gland* isolated and perfused in vitro. 096498
On the fascicle of blood-sucking Diptera, in addition a description of the **maxillary** *glands* in Phlebotomus papatasi, together with the musculature of the labium and pulsatory organ of both the latter species and also of some other Diptera. 103036
Parathyroid *glands* in metabolism of mineral substances in bulls fed with pulp. 096559
Motor and secretory effects of nerves on the **parotid** *gland* of the rat. 096161
Removal of **pigment** *glands* (gossypol) from cottonseed [Development of the Liquid Cyclone Process for producing a deglanded, edible flour]. 095790
Prolactin-releasing and release-inhibiting factor activities in the bovine, rat, and human **pineal** *gland:* in vitro and in vivo studies. 096332
Fine structure of **postgonopodial** *glands* of a myriapod Glomeris marginata (Villers). 103119
Responses of the **preputial** *gland* and perineal complex of neonatally castrated and androgenized rats to testosterone during adult life in presence and absence of pituitary. 097013
Insect [Manduca sexta] **prothoracic** *glands;* a role for cyclic AMP [adenosine monophosphate] in the stimulation of alpha-ecdysone secretion. 103048
Cytochemical analysis of spontaneous asynapsis of homologous chromosomes of Drosophila melanogaster **saliva** *glands.* 103123
Removal of the parotid and mandibular **salivary** *glands* from a pony mare. 097769
In vitro transcription by isolated nuclei of Rhynchosciara americana **salivary** *glands.* Characteristics of incorporation and inhibition by alpha-amanitin. 102890
The **salivary** *gland* chromosomes of Anopheles jamesi. 102902
Effect of 5'-bromodeoxyuridine on the association of telomeric regions in Drosophila virilis **salivary** *gland* chromosomes. 102946
Late labelled regions in polytene chromosomes of **salivary** *gland* cells in some speciesof the virilis group of Drosophilaand their interspecific hybrids. 102947
The actions of some putative neurotransmitters on the cockroach [Nauphaeta cinerea] **salivary** *gland.* 102981
The influence of various factors on fluid secretion by in vitro **salivary** *glands* of ixodid tick [Dermacentor andersoni, Ixodes ricinus, Ixodes hexagonus, Dermacentor reticulatus]. 102983
Hormonal regulation of the secretion of mucoproteins by cells of the **salivary** *glands* of Drosophila melanogaster larvae during the period of metamorphosis. 103102
Sodium- and potassium-activated adenosine triphosphatase of the nasal **salt** *gland* of the duck (Anas platyrhynchos). Purification, characterization, and NH2-terminal amino acid sequence of the phosphorylating polypeptide. 096428
The ultrastructure of Frankenia [grandifolia] **salt** *glands.* 098883
Inhibition of Mallard [duck] **salt** *gland* function by DDE [dichlorodiphenyldichloroethylene] and organophosphates. 102693
Histotopics of glycosidases in the accessory **sex** *glands* of bulls. 096846
Histopathologic alterations in **shell** *gland* accompanying DDT-induced thinning of **eggshell** [Ducks]. 102684
Host-parasite relationship. 1. Alkaline and acid phosphatase distribution in the **silk** *glands* of parasitized larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
Ultrastructural changes of the posterior **silk** *gland* cells in the early larval instars of the silkworm, Bombyx mori. 103249
Studies on the growth of the silkworm, Bombyx mori L. V. Racial differences of the relative increase in body weight and **silk** *gland* weight in the fifth instar larvae. 103280
Histochemical study of the **stalked** *glandular* hairs of the female Cannabis plants, using fast blue salt. 099935
Blood flow changes in the **submaxillary** *gland* of the rat on parasympathetic and sympathetic nerve stimulation. 096153
Variations in the response of the **thyroid** *gland* of the rat to different low-iodine diets: correlation with iodine content of diet. 095047
Goitre [enlargement of the **thyroid** *gland]* in the newborn lamb. 097680
Synthesis of 2,3-diols in chicken **uropygial** *glands.* 096320

GLASS
Creative **merchandising** with *glass.* 095324

GLEDITSIA
Metaxenia in interspecific honeylocust *[Gleditsia]* **crosses.** 099329

GLIADIN *see* PROLAMIN

GLOBINS
Possible role of methionine in the synthesis of the **chicken** *globin* chains. 096221

GLOBULINS
Analysis of protein bodies isolated from Lablab purpureus (L.) Sweet: Intracellular localisation of *globulins,* **proteases** and trypsin inhibitors. 099952
Wheat albumin and *globulin* **proteins:** purothionin levels of stored flour. 095825
Anti-trypsin activity and fractionation of Vigna unguiculata **seeds** *globulins.* 099969

GLOMERULAR
Murine **cytomegalovirus** *glomerulonephritis:* clinical and ultrastructural observations [Mice]. 097225

GLUCAGON
Influence of *glucagon* on the **metabolism** of fructose, D-glyceraldehyde, and dihydroxyacetone in rat liver. 096399
Age-dependent mechanical and biochemical responses to *glucagon* **[Sheep,** lambs]. 096177

GLUCANS
Purification and partial characterization of an endo-beta 1, *3-glucanase* from **green** malt. 095475
A gel-forming (1 to *3)-beta-D-glucan* **isolated** from Cyttaria harioti Fischer [Fungi]. 099640
Purification and properties of **lytic** *beta-1,3-glucanase* from Flavobacterium dormitator var. glucanolyticae [Fermentation process]. 095394

Synthesis of *beta-1,3-glucan* **microfibrils** by a cell-free extract from Phytophthora cinnamomi [Fungi]. 099521
An endo-(1 to *6)-beta-D-glucanase* from **Mucor** hiemalis [Fungi]. 099641
Effects of thiamine and zinc ions on the *beta-glucan* **production** by Corticium rolfsii. 101635
Purification of malted-barley endo-beta-D-glucanases by ion-exchange chromatography: some **properties** of an *endo-barleybeta-D-glucanase*. 095779

GLUCOAMYLASE
Optimization of the composition of the nutrient medium for the biosynthesis of *glucoamylase* by a **submerged** culture of Endomycopsis bispora [Fungi]. 099506

GLUCOCORTICOIDS
On the use of a *glucocorticoid* in **canine** vertebral trauma. 097794
Experiences with a *depot-glucocorticoid* in **equine** practice. 097188
Comparison of binding proteins of *glucocorticoids* in **mammary** tissue and in blood sera from lactating cows. 096442

GLUCONEOGENESIS
On biochemical mechanism of triazine herbicides toxicity: effect on the *gluconeogenic* **activity** in poultry liver. 097867
The postnatal development of *gluconeogenic* **enzymes** in guinea-pig kidney cortex. 096359
Hepatic *gluconeogenesis* in the rabbit. 096397
Species dependent regulation of **hepatic** *gluconeogenesis* in higher animals. 096405
Glucose-6-phosphatase-phosphotransferase: roles and regulation in **relation** to *gluconeogenesis*. 096396
Phosphoenolpyruvate carboxykinase and **renal** *gluconeogenesis*. 096401
The regulation of pyruvate carboxylase activity in *gluconeogenic* **tissues**. 096406
Interrelations between *gluconeogenesis* and **urea** synthesis [in rat liver]. 096400

GLUCOPYRANOSIDES
Formation of organic peroxides from **methyl** *beta-D-glucopyranoside* in alkaline hydrogen peroxide solutions [Degradation of cellulose]. 098202

GLUCOSAMINE
Inhibition of avian sarcoma virus replication by *glucosamine:* a **specific** effect on the synthesis and processing of viral proteins [Chicken fibroblasts]. 097670

GLUCOSES
Cis-dominant regulatory mutations affecting the formation of *glucose-repressible* **alcohol** dehydrogenase (ADHII) in Saccharomyces cerevisiae [Yeasts]. 099865
The effect of the concentration of *glucose* and **asparagine** and of the carbon/nitrogen ratio of the medium on fruiting body production by Coprinus congregatus [Fungi]. 099873
Blood *glucose* levels in cases of dermatitis in bovines and the effect of glucose supplementation on recovery. 097744
Some comparative observations on the relative contributions of alternate pathways in the metabolism of *glucose* by **Candida** utilis [Yeasts]. 099632
Mannitol production in fungi during *glucose* **catabolism**. 099629
Concentration of alkaline phosphatase amylase and *glucose* in **cervical** mucus of fertile and infertile cows during oestrum. 096996
Plasma lipids, ketone bodies, and *glucose* **concentrations** in calves fed high- and low-fat milk replacers. 096709
Glucose **consumption** in rat cerebral cortex in normoxia, hypoxia and hypercapnia. 096155
Changes in the sensitivity to hypoxia and *glucose* **deprivation** in the isolated perfused rabbit heart during perinatal development. 096496
Comparison of **fungal** *glucose* oxidases [Aspergillus niger, Penicillium glaucum]. Chemical, physicochemical and immunological studies. 099540
Transport of *glucose* and **glycine** in Schizosaccharomyces pombe during the cell cycle [Yeasts]. 099814
Analysis of oscillation effects arising at *glucose* **heating** in alkali. 098295
A possible role for pyrophosphate in the control of **hepatic** *glucose* metabolism. 096394
Interaction of *glucose* and **hydrogen** chloride in water solutions [Cellulose]. 098322
Comparative effects of fructose and *glucose* on the **lipid** and carbohydrate metabolism of perfused rat liver. 096656
A kinetic study of pig **liver** *glucose* dehydrogenase. 096209
Relative efficiencies of a soluble and immobilized two-enzyme system of *glucose* **oxidase** and catalase [Aspergillus niger, Fungi]. 099551
Partial purification and some properties of *glucose* **6-phosphate** dehydrogenase from Eimeria stiedai (Lindemann, 1865) Kisskalt & Hartmann, 1907 (Protozoa: Coccidia) [Rabbits]. 097308
Enzymatic hydrolysis of cellulosic wastes to *glucose* [for the **production** of food, fuel, and chemicals, Trichoderma viride, fungal fermetative agent]. 095489
Glucose, **pyruvate,** and acetate metabolism by developing soybean seeds. 100272
Glucose-6-phosphatase-phosphotransferase: **roles** and regulation in relation to gluconeogenesis. 096396
Separation of methyl ethers of xylose, *glucose* and some other **sugars** by liquid chromatography. 098290
Study of meat volatiles associated with aroma generated in a *D-glucose-hydrogen* **sulfide-ammonia** model system. 095690
Blood glucose levels in cases of dermatitis in bovines and the effect of *glucose* **supplementation** on recovery. 097744
Pig reticulocytes. I. **Transitory** *glucose* permeability and metabolism. 096183
The effects of iron and *glucose* **treatments** [for nutritional deficiencies] on the survival and performance of neanatal pigs. 097685
2-deoxy-D-glucose **uptake** by chick embryo cells: a biochemical indicator of genetic susceptibility to RNA tumour viruses. 097412

GLUCOSIDASES
Comparative study of *beta-glucosidase* from **cotyledons** and fruits of cucumbers, Cucumis sativus. 100526
Beta-glucosidase of **Trichoderma** [viride, fungi]: its biosynthesis and role in saccharification of cellulose. 099511

GLUCOSIDES
Cycloleucine and *methyl-alpha-D-glucoside* **transport** in tissue sections of magnum mucosa of laying Japanese quail as affected by egg formation cycle. 096598
The identification of **zeatin** *glucoside* from coconut milk. 100262

GLUCOSINOLATES
Non-protein amino-acids, cyanogenic glycosides, and *glucosinolates* [**Constituents** of higher plants]. 099562
Glucosinolates in the **Cruciferae.** 099791
A review of research on the use of **low** *glucosinolate* type rapeseed meal in rations for poultry. 096623

GLUMES
Tolerance of Leptosphaeria nodorum [causal organism of *glume* **blotch** disease of wheat] to an organoamercurial compound. 101659

GLUTAMATE
Isozymes of *glutamate* **dehydrogenase** from oat leaves: properties and light effect on synthesis. 100273
Presence of zinc in *glutamate* **dehydrogenase** of corn roots. 100318

GLUTAMIC
Partial purification and study of *gamma-glutamyl* **transpeptidase** of sheep brain cortex capillaries. 096259

GLUTARALDEHYDE
The use of methyl green-pyronin staining after *glutaraldehyde* **fixation** and paraffin or araldite embedding [Chick and mouse embryonic tissues]. 096570

GLUTATHIONE
The effect of dietary selenium and vitamin E on glutathioneperoxidase and *glutathione* in the **rat.** 095226

GLUTELIN
Separation of *glutenin* from **gliadin** by ultracentrifugation [Wheat flour]. 095792
Aggregation behaviors of glutens, *glutenins* and **gliadins** from various wheats. 095757
Studies of *glutenin.* VIII. **Subunit** composition at different stages of grain maturity [Wheat]. 095793

GLUTEN
The effects of selected sugars on the rheological properties of rehydrated **vital** *gluten*. 095834

GLYCEMIA
Adrenal cortex and avitaminosis A. II. Complementary in vivo and in vitro studies about inhibition of corticoidogenesis in the rat. III. ACTH [**adrenocorticotropic** *hormone]-glycemia* response as a test of adrenal activity. 095016
Studies of *glycemia* and **glucosuria** in diabetics after breakfast meals of different composition. 094967

GLYCERALDEHYDE
Glyceraldehyde-3-phosphate **dehydrogenase** [in plants, insects and animals]. 099705
Influence of glucagon on the metabolism of fructose, *D-glyceraldehyde,* and **dihydroxyacetone** in rat liver. 096399

GLYCERIDES
The crop as an organ of *glyceride* **absorption** in the American cockroach, Periplaneta americana L. 102875
The incorporation of long-chain fatty acids into *glycerides* in the **liver** and mammary tissue homogenates of lactating goats. 096535

GLYCERIN
Electron cytochemical studies on *glycerinated* **flight** muscle of Locusta migratoria L. The colloidal iron reaction and Alcian blue binding. 102930
Tension development in **skinned** *glycerinated* rabbit psoas fiber segments irrigated with soluble myosin fragments. 096253

GLYCEROL
Effect of type of fat on starch pastes **containing** *glycerol* monostearate [Maize]. 095784
Sn-Glycerol-3-phosphate **transacylase** activity in Euglena gracilis organelles [Algae]. 099520
Glycerol **uptake** by the haustorial mycoparasite Tieghemiomyces parasiticus in axenic culture. 101375

GLYCEROPHOSPHATE
Extracellular alkaline phosphatase in multicellular marine algae and their **utilization** of *glycerophosphate*. 099894

GLYCINES
Acid dissociation constants of arsenic acid, methylarsonic acid (MAA), dimethylarsinic acid (cacodylic acid), and *N(phosphonomethyl)glycine* **(glyphosate).** 102124
Transport of glucose and *glycine* in **Schizosaccharomyces** pombe during the cell cycle [Yeasts]. 099814
Pod and leaf photosynthesis and disease incidence in **soybean** *(Glycine* max (L.) Merr.) with potassium fertilization. 100157
Influence of temperature on nitrate metabolism and leaf expansion in **soybean** *(Glycine* max L. Merr.) seedlings. 100279
Effect of soil application of aldrin and gammexane [insecticides] on germination, grain yield and quality of **soybean** *(Glycine* max). 100296
Studies on seed coat toxicity to rhizobia of urid (Phaseolus mungo) [mungo beans], mung [beans] (Phaseolus aureus), and **soybean** *(Glycine* max). 102070
Chromosome transmission and morphology of three primary trisomics in **soybeans** *(Glycine* max). 099136
Aneuploids from a desynaptic mutant in **soybeans** *(Glycine* max (L.) Merr.). 099155
Introductory work with **soybeans** *(Glycine* hispida Max.) in Bulgaria. 100803
Growing **soybeans** *(Glycine* max (L.) Merrill. 100994

GLYCININ
Binding of phytic acid to *glycinin* **[Soybeans].** 095781

GLYCOALKALOIDS
Investigation of the process for the extraction of *glycoalkaloids* from **lobed** nightshade [Solanum]. 099887

GLYCOGEN
Glycogen and **alkaline** phosphatase in the liver of fetuses and newborn lambs and piglets. 096582
Repletion studies on liver protein, *glycogen* **content** and liver enzymes by feeding protein isolates of Cassia marginata and Cassia renigera wild leguminous seeds in normal albino rats. 095098
Primer dependency of *glycogen* **synthetase** during differentiation in Dictyostelium discoideum [Slime mold]. 099538
Localization of *glycogen* **synthetase** during differentiation of presumptive cell types in Dictyostelium discoideum [Fungi]. 099811

GLYCOHYDROLASE
The sterochemistry of calf spleen NAD [Nicotinamide **adenine** *dinucleotide]-glycohydrolase-catalyzed* NAD methanolysis. 096360

GLYCOLATE
Participation of petiole and veins in metabolism of *glycolate* in **Virginia** creeper leaves [Parthenocissus tricuspidata]. 099616

GLYCOLIPIDS
Chemical synthesis and modification of oligosaccharides, polysaccharides, glycoproteins, **enzymes,** and *glycolipids.* 095422
Glycolipids and **gangliosides.** 096301
Studies on the *glycolipids* of **sheep** thymus and of normal and concanavalin A-stimulated sheep peripheral lymphocytes. 096251

GLYCOLYSIS
Halothane-induced rigidity and **associated** *glycolytic* and energy phosphate changes in red and white fibres of skeletal muscle of the pig. 096437

GLYCOPEPTIDES
Glycoproteins, *glycopeptides,* and **animal** polysaccharides. 096302
Carbohydrate components of the *glycopeptides* of **ovine** lutropin. 096233
Primary structure of bovine plasma high-molecular-weight kininogen. The amino acid sequence of a *glycopeptide* **portion** (fragment 1) following the C-terminus of the bradykinin moiety. 096420

GLYCOPROTEINS
Chemical synthesis and modification of oligosaccharides, polysaccharides, *glycoproteins,* **enzymes,** and glycolipids. 095422
Glycoproteins, **glycopeptides,** and animal polysaccharides. 096302
Macromolecular components of the vitelline membrane of hen's **egg.** II. Physicochemical properties of *glycoprotein* I. 095735

Further studies on a highly **purified** *glycoprotein* from the intimal region of porcine aorta. 096240
Thyroid stimulating hormone in the chicken. III. **Serum** *glycoproteins.* 096152

GLYCOSAMINOGLYCAN
Effects of medium composition and metabilic inhibitors on *glycosaminoglycan* **synthesis** in chick embryo cartilage and its stimulation by serum and tiriiodothyronine. 096237

GLYCOSIDASES
Histotopics of *glycosidases* in the **accessory** sex glands of bulls. 096846

GLYCOSIDES
Comparative investigations of the content of **cardenolide** *glycosides* in samples of Convallaria maialis L. cultivated in Ursynow. 099730
Cyanogenetic *glycosides* and enzymes: detection and estimation of hydrocyanic acid in several species [of plants], distribution of linamarase. 099608
Non-protein amino-acids, **cyanogenic** *glycosides,* and glucosinolates [Constituents of higher plants]. 099562
A new **flavan** *glycoside* from Buckleya lanceolata leaves. 099901
A diuretic **flavone** *glycoside* from Millingtonia hortensis Linn. 100463
Pericarp saponins of Akebia quinata Decne. I. *Glycosides* of **hederagenin** and oleanolic acid. 099669
A new method for the quantitative determination of some **important** *glycosides* in drug extracts of Digitalis lanata. 099929
Diterpene-glycosides of **Stevia** paniculata Lag.: structures of aglycones. 099667

GLYCOSYL
Carlinosin, a **new** *di-C-glycosyl* flavonoid isolated from Carlina vulgaris L. (Compositae). 099605

GLYCYRRHIZA
The occurrence of an isoflavene and the corresponding isoflavone in licorice root *[Glycyrrhiza* **glabra].** 099672
Liqcoumarin, a novel [new] coumarin from *Glycyrrhiza* **glabra.** 099911

GNAPHOSIDAE
Drifting spiders or continents? Vicariance biogeography of the spider subfamily Laroniinae (**Araneae:** *Gnaphosidae).* 103200

GNOTOBIOTICS
Pneumonia and arthritis in *gnotobiotic* **calves** following inoculation with Mycoplasma agalactiae subsp bovis. 097665
A behavioural comparison of *gnotobiotic* with **normal** neonate pigs, indicating stress in the former. 096201

GOATS
Mohair [produced by the **Angora** *goat].* 095720
Clinical, histologic, and histochemical study of imidocarb diproprionate toxicosis in *goats* [used against **Babesia** rodhaini]. 097777
Histological studies on calcification and decalcification of the **bone** *[Goats].* 096480
Histomorphology of the urethral process of the *goat* (**Capra** hircus). 096145
Pathology of chronic lesions in the mammary glands of *goats* (**Capra** hircus). 2. Fibrocystic disease and intraductal carcinomas. 097726
High urea premix as protein supplement for ruminants *[Goats,* **cows].** 096664
The **dairy** *goat* in Canada. 096120
Negative water balance induced by intracerebroventricular infusion of **deuterium** *[Goats].* 096162
Etiology of the stomatitis pneumoenteritis complex in Nigerian **dwarf** *goats.* 097288
Chlamydiosis of ruminants (cattle, sheep, *goats).* **Experimental** studies. I. Preparation of concentrated purified Chlamydia angigens. 097276
Incidence in Tanzania of CF antibody to Coxiella burneti in sera from man, cattle, sheep, *goats* and **game.** 097664
Physico-chemical and bromatologic investigations on meats of the **Gargano** *goats* and the 40 to 60 percent calorie ratio of their components. 095676
Preliminary attempts of oestrus synchronization in *goats* of **Gargano** breed. 096848
Blade tenderization of wholesale cuts from ram lambs and *kid* **goats.** 095696
Soybean meal and urea compared as protein supplements in high-concentrate ration of milking cows and **growing** *goats.* 096665
The effect of dietary protein concentration on the **growth** of *kids.* 096666
Studies on the electroencephalogram in ruminants. VI. Electroencephalographic studies on the anesthesia with pentobarbital and ketamine **hydrochloride** in *goats.* 097176
Blade tenderization of wholesale cuts from ram lambs and **kid** *goats.* 095696
The incorporation of long-chain fatty acids into glycerides in the liver and mammary tissue homogenates of **lactating** *goats.* 096535
Nutritious snacks that *kids* will **love.** 095384
Cost of rearing sheep and *goats* under **migratory** and stationary conditions. 094411
Study of calcium and phosphorus content of *goat's* **milk.** 095675
Lipid metabolism in cytoplasmic droplets from freshly secreted **milk** *[Goats].* 096589
Comparative anatomy of the Korean **native** *goat.* V. Arterial supply to the abdominal viscera. 1. 096552
The effects of intravenous injection of small amounts of copper sulphate in **Nubian** *goats* [Toxicity of inorganic copper]. 097816
Estimation of maintenance requirements of animals from balance data **[Nutrition,** *goats].* 096686
Factors influencing the utilization of high-grain urea diets by ruminants. I. Effect of minerals, vitamins, lysine, methionine, feed additives and corn **oil** *[Goats].* 096662
Slaughtering yields and incidence of the average fifth/fourth percent ratio [of carcass rendering] in the **permanent** *goat* population of Gargano. 095716
Effect of feeding a carbohydrate-free diet on the growth and metabolism of **preruminant** *kids.* 096657
Future of *goat* **production** in Australia. 096067
Factors influencing the utilization of high-grain urea diets by ruminants. II. Effect of **protein** *[Goats].* 096663
Colitis cystica profunda in **pygmy** *goats.* 097739
Digestive utilisation of sulfur-labelled methionine, Methionine hydroxy analog and sodium sulfate in *goat* **rumen.** 096279
Pulmonary schistosomiasis in sheep and *goats* due to **Schistosoma** indicum in India. 097400
Ultrastructural localization of magnesium and calcium ions of active adenosine triphosphatase in spinal ganglion of **sheep** and *goats.* 096148
Studies on the ruminal concentration of total volatile fatty acids (VFA's) and ther molar proportions in African cattle, **sheep** and *goats.* 096478
The investigation of cholinesterase localisation in mammary glands of *goats* and **sheep.** 096592
Pathology of *goats* and **sheep** experimentally infected with Mycoplasma mycoides var. capri. 097454
Patho-anatomical studies of meningo-leuco-encephalitis in maedi [pulmonary adenomatosis] of **sheep** and *goats.* 097725

GOITER
Hand skeletal development among Ecuadorians living under conditions of iodine deficiency and **endemic** *goiter.* 095077
Goitre **[enlargement** of the thyroid gland] in the newborn lamb. 097680

GOLD
Changes in the marketable qualities of apple fruits from the Jonathan, *Golden* **Delicious** and Red Delicious varieties stored in controlled atmosphere. 095896
Inheritance of fruit size and shape in the first hybrid progeny of Jonathan, Delicious and *Golden* **Delicious** apple varieties. 099237
Influence of nitrogen fertilization level on the growth behaviour of *Golden* **Delicious** apple variety. 103950
Three **hundred** *golden* honeybee medallions [France, folklore]. 103262
Gold **medal** to Erwin Siegenthaler [Dairy scientists, Sweden]. 095641
Induced mutation in [kidney] beans (Phaseolus vulgaris) to obtain varieties resistant to *golden* **mosaic** virus. 2. 101722
Student restaurant **provides** *golden* opportunity. 095313
There's *gold* in them thar waffles and pancakes. 095334
Purification and morphology of the **tomato** *golden* mosaic virus [Bemisia tabaci, vectors]. 101800
Effect of different nitrogenous fertilisers on the yield and quality of flue-cured tobacco (Nicotiana tabacum L.) var. **virginia** *Gold.* 104034

GONADS
Adenohypophyseal *gonadotrophin* concentration in thyroidectomized female rats. 096277
The porcine ovarian follicle. III. Development of **chorionic** *gonadotropin* receptors associated with increase in adenyl cyclase activity during follicle maturation. 096334
Experimental biological engineering to synchronise ovulation in gilts. II. Effect of laparotomy on ovarian finding following Zn [zinc] metallibur, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human **chorionic** *gonadotropin].* 096867
Experimental biological engineering to synchronise ovulation in gilts. III. Onset of ovulation, ovarian findings and fertilization following metallibure, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human **chorionic** *gonadotropin]* at different times of treatment. 096868
Effects of *gonadotrophins* on the **cumulus** oophorus of isolated rat graafian follicles. 096849
Experimental approach to the problem of the origin of secretory cells in chick **embryonic** *gonads.* 096461
Comparative effects of p,p'-DDT and commercial DDT, in intravitellin injections, on the germ population of avian **embryonic** *gonads* [Chicks, quails]. 102673
Preliminary studies on the ultrastructure of the **female** *gonad* of Xiphinema index and Xiphimena mediterraneum (Nematoda: Longidoridae) [reared on grapevine and olive tree respectively]. 101976
The **female** *gonad* of [the nematode] Longidorus africanus Merny and the influence of the [plant] host on its development. 101985
Quantitative aspects of the colonization of the *gonads* by **germ** cells in the quail embryo (Coturnix coturnix japonica). 096449
The effects of changes in thyroid function on testis 32P [phosphorus isotope] uptake and the response to *gonadotropin* **inthe** chick. 096366
The use of 'normal' and 'transformed' gynandromorphs in mapping the primordial germ cells and the *gonadal* **mesoderm** in Drosophila. 102970
Ultrastructural changes of embryonic cells during organogenesis in the silkworm, Bombyx **mori.** I. The *gonad.* 103247
Serum LH [luteinizing hormone] concentration following castration, steroid hormone and *gonadotropin* **releasing** hormone treatment in the male bovine. 096937
Observations on development of the *gonad* and on **reproduction** in [nematode] Aphelenchus avenae [in relation to time and feeding periods on Rhizoctonia solani]. 101933
Effects of pyrimethamine and sulfadiazine on the intestinal development of **Toxoplasma** *gondii* in cats. 097218
Toxoplasma *gondii* antibodies in free-living African mammals. 097436
Inhibition of multiple ovulation in hypophysectomized hens **treated** with *gonadotrophins.* 096961

GONIUM
Effects of colchicine on the cell division of a colonial green algal **flagellate** *Gonium* pectorale Muller. 098936

GONYSTYLUS
Experiment on drying schedules of imported wood. I. Red meranti (Shorea spp.). 2. **Ramin** *(Gonystylus* spp.). 098194

GOOSEBERRIES
Storage studies of pressed juice from amla **[Indian** *gooseberry]* (Phyllanthus emblica). 095912

GOSLINGS *see* GEESE

GOSSYPIUM
Studies on genetic variability for yield and its components in **cotton** *(Gossypium* hirsutum L.). 099352
Effect of soil type and its sterilization on the severity of Fusarium wilt of **cotton** *(Gossypium* hirsutum L.) caused by Fusarium oxysporum f. vasinfectum (Atk.) Snyder and Hansen. 101625
DNA evolution in the **genus** *Gossypium* [Cotton]. 099146
Breeding cotton varieties of *Gossypium* **hirsutum** L. For resistace to Xanthomonas malvacearum (E.f. Smith) Dowson. 101713
Para-hemigossypolone: a sequiterpenoid aldehyde quinone from *Gossypium* **hirsutum** [Cotton, Heliothis virescens, Heliothis zea]. 102296
Interspecies hybrids of cotton *[Gossypium]* **species** with a different number of chromosomes and the reasons of their sterility. 099450
Wild and cultivated cottons *[Gossypium]* from **USA** and Central America [Species, varieties and cultivars and their breeding value]. 099457

GOSSYPOL
Removal of pigment **glands** *(gossypol)* from cottonseed [Development of the Liquid Cyclone Process for producing a deglanded, edible flour]. 095790

GOUDA *see* CHEESES

GOURDS
Mycoplasmalike bodies observed in the plants of **bottle** *gourd,* chayote and balsam-pear [Lagenaria leucantha, Sechium edule, Momordica charantia] with witches'-broom [disease] in Taiwan. 101787
Further studies on the efficacy of different fungicides for control of anthracnose disease [Colletotrichum lagenarium] of bottlegourd **[calabash** *gourd]* and watermelon. 101520
Studies on *gourd* **(Lagenaria** vulgaris) dryer. I. 095931

GOVERNMENT
Teratological evaluation of FD&C Red no. 2 [color additive]—a **collaborative** *government-industry* study. I. Introduction, experimental materials, and procedures **[Rats].** 097826
Teratological evaluation of FD&C Red No. 2—a **collaborative** *government-industry* study. III. IBT's [Industrial Bio-Test Laboratories] study [Rats]. 097827
Teratological evaluation of FD&C Red no. 2—a **collaborative** *government-industry* study. V. Combined findings and discussion [Rats]. 097829
Teratological evaluation of FD&C Red No. 2—a **collabotative** *government-industry* study. IV. NCTR's [National Center for Toxic Toxicological Research] study [Rats]. 097828
Forest degree of the *government* in the **communities** in Aargau; a contribution to the history of forestry in Aargau. 097962
The impact of the direct peanut price support program on farm income and *government* **cost.** 094785
Factors *governing* the induction of diapause in Ephestia elutella and Plodia interpunctella (Lepidoptera). 103074
The position of the [West German] **Federal** *Government* with regard to competences in the provision of financial support within the area of responsibility of the Federal Ministry of Food, Agriculture and Forestry. A systematic and critical discussion. 094381

Government **involvement** makes Brazil's [soy] beans an attractive alternative. Subsidies aid Brazilian expansion. 094623
Governmental **limitation** on crop production pesticide regulations and you. 102655
An examination of major crop acreage response [Short-term prediction, *government* **production** programs]. 094780
U.S. *Government* **regulations** for pesticide uses with specialemphasis on analytical chemical aspects. 102651

GRAAFIAN

Adenylyl cyclase activities in ovarian tissues. I. Homogenization and conditions of assay in *graafian* **follicles** and corpora lutea of rabbits, rats, and pigs: regulation by ATP [adenosine triphosphate], and some comparative properties. 096328
Effects of gonadotrophins on the cumulus oophorus of isolated **rat** *graafian* follicles. 096849

GRACILARIA

Studies on Indian Gracilaria [Algae]. II. The development of reproductive structures of *Gracilaria* **corticata.** 098898
Agar from **cultured** *Gracilaria* edulis (Gmel.) Silva [Algae]. 099574
Economic aspects of *Gracilaria* **culure** in Taiwan [Algae, agar]. 101288
Studies on **Indian** *Gracilaria* [Algae]. II. The development of reproductive structures of Gracilaria corticata. 098898
The mass outdoor culture of macroscopic marine algae *[Gracilaria* **sp.,** Hypnea musciformis]. 101289

GRADING

Recent changes in **beef** *grades:* issues and analysis of the yield grade requirement. 094799
The new **beef** *grades:* some effects on producers and consumers. 094883
Beef *grading* and imperfect competition. 094919
Response of soybean varieties to *graded* **doses** of nitrogen and phosphorus. 104145
Electrical *grade* papers from Pinus roxburghii Sargent. 098286
Food-grade **emulsifiers.** II. 094841
Sexual maturation and productivity of Japanese quail **fed** *graded* concentrations of mercuric chloride. 096764
High *grade* graphic paper from mechanical pulp. 098247
Reliability and accuracy of the *grade* **inspection** of wheat. 094813
Response of moong [mung beans] to *graded* **levels** of N [nitrogen] and P [phosphorus]. 104013
Split separation of crystals with *low-grade* **massecuites.** Trial in the 1975 campaign. 095853
Standard models of pork-colour *[Grading,* **meat** quality]. 094818
Correlation of features in barley seeds in relation to **methods** of *grading.* 100973
Norms used for the hygiene and the techonology of **milk** *[Grading].* 094829
Firmness of peaches measured **nondestructively** *[Grading].* 094869
Ascorbic acid and cholesterol: effect of *graded* **oral** intakes on cholesterol conversion to bile acids in guinea-pigs. 095057
Reduction of water consumption and fiber losses at Eker Paper Mill [Minimum freshwater volume required for producing different **paper** *grades].* 098383
Deliveries and installations of **potato** *grading* lines. 103494
Alternative working methods applied in stations for the *grading* of **potatoes.** 095935
Cost and returns of **producing** *grade* A milk in Alabama. 094403
On the fluctuation of results through the iteration of the cleanness and neatness test for raw **silk** *[Grading].* 096122
Studies on the relations between the evenness variations of raw silk and the quality of the fabrics. IV. The relationship between the *grade* of **uneven** filling and the variation of. 095514
Recent changes in beef grades: issues and analysis of the **yield** *grade* requirement. 094799

GRAFTING

Studies on *grafting* **chestnuts** (Castanea sativa Mill.) in the nursery. I. Growth of seedlings and time of grafting on dormant buds. 101153
Cleft *grafting* in Bursera penicillata (DC.) Engl. 098076
Grafted **culture** of grapevine on the Black Seacoast in the Krasnodar Territory. 101277
Studies on grafting chestnuts (Castanea sativa Mill.) in the nursery. I. Growth of seedlings and time of *grafting* on **dormant** buds. 101153
Growing *grafted* nursery grapevines in controlled conditions of the rooting medium. 101279
Royal jelly for *grafting* of **[honeybee]** larvae. 103258
Studies on the chemical testing method for the special processing raw silk. 1. On the properties of raw **silk** *grafted* with methylmethacrylate and styrene. 095513
Study on the root system of the Kjustendilska Sinja plum **variety** *grafted* on a myrobalan plum root stock [in relation to plowing and fertilizer application]. 101159

GRAFTS

A witches'-broom [mycoplasma] disease of jujube from India *[Graft-transmissible* **diseases].** 101783
Genetic transformation and *"Graft-hybridization"* in **flowering** plants [Tobacco]. 099413
Promotion of flowering in the Pinaceae by gibberellins. I. Sexually mature, **non-flowering** *grafts* of Douglas-fir [Pseudotsuga menziesii]. 100667

GRAINS

Effect of NPK [nitrogen, phosphorus, potassium] fertilizers on yield in maize monocultures. I. NPK content of *grains* as **affected** by fertilizing. 103874
Wild oats [Avena fatua]—again and **again** *[Grain].* 102149
Peculiarities of development of European corn borer [Ostrinia nubilalis] and **Angoumois** *grain* moth [Sitotroga cerealella] on high-lysine maize. 102312
Studies on the injurious effect of the *grain* **aphid** Macrosiphum (Sitobion) avenae (F.) on winter wheat. 102286
Heterodera hordecalis—a cyst forming nematode that **attacks** *grain* and grasses—found in Sweden. 102054
Genetic efficiency of ethylenimine in relation to the time and temperature of storage of **barley** *grain.* 099402
Comparative study of the methods of determining the level of lysine in **barley** *grain.* 100305
Yield and quality of *grain* of **Bezostaiai** winter wheat as related to the level of nitrogen nutrition and water supply ofplants. 104095
Effect of foliar dressing [with fertilizers] on the yield and quality of **buckwheat** *grain* in the conditions of the Poltava Region. 103902
Remote measurement of moisture content in **bulk** *grain* using an air extraction technique. 103340
Cereal *grain* handling system. 095752
Malting and brewing **[Cereal** *grains].* 095754
Forage reserves of *grain* **cereals.** 096026
Study of qualitative characteristics of the *grain* of **cereals** for the forecasting of their variability. 099262
Study of the mechanisms of mounting and deepening **colters** of *grain.* 103631
Requirement of *grain* **combines** for harvesting various crops (methodological draft for qualification improvement of combine operators). 103476
Weed **control** in *grain.* 102219
Improving the export capability of *grain* **cooperatives.** 094509
The arsenic content of **corn** *grain* grown on a coastal plain soil [in Delaware] amended with poultry manure. 100162
The effect of hoeing on *grain* **corn** yield. 100971
Grain **crop** in Trondelag falls behind [Weeds, diseases]. 101944
On the mechanization of the process of presowing hardening of *grain* **crops** against drought [Pneumatic tansporter]. 103594
Cultivation of *grain.* 100906
Grain **cultivation** with or without couch grass [Agropyron repens]. 102152
North **Dakota** *grain* varieties, 1976 [Yields]. 100755
The applicability of *grain* **density** autoradiography to the quantitative determination of algal species production: a critique. 099853
A "new look" at *grain* **distribution** for the people of Trondelag. 094563
Activity of some enzymes during *grain* **dormancy** in Tilia platyphyllos. 099967
An improvement in interior egg quality by the feeding of brewers **dried** *grains.* 096750
Grain **drying** in country elevators: costs and economies of size. 094436
Impact of dryeration on *grain* **elevator** performance in a fluctuating energy situation [Elevator profits, energy savings, price rationing, quantity rationing]. 094375
Record seen for East **European** *grain* [Production]. 094542
Economic effectiveness of using herbicides in a *grain-producing* **farm** [Costs, returns]. 094415
New spraying methods for [control of] wild oats [Avena **fatua,** *grain].* 102153
Wild oats [Avena **fatua,** *grain].* 102155
A simulation analysis of a reserve stock management policy for **feed** *grains* and wheat. 094321
Conservation of **feed** *grain.* Technique using the addition ofacid and wider application. 096060
Accepting the forage challenge [of supplying more beef with less *grain* **feeding].** 094761
Use of chlormequat in *grain* **fields** [Growth regulators]. 100236
Plea for an effective public distribution system **[Food** *grains].* 094605
1076 *grain* and **forage** sorghum weed cntrol. 102122
Streak disease in *grain*—What is it? 101802
Grain **harvest**—grain drying and storage [Equipment]. 095165
Quality of the *grain* **harvest** 1975. 100780
Late **harvested** *grain* for swine. 096032
Critical analysis of large-scale production techniques of *grain* **harvesting** and cooperation in combine harvesting. 094735
Hybrid *grain* sorghum response to magnesium fertilization. 103944
Quality of *grain* of **induced** mutants of wheat. 099426
About the future tasks of the *grain* **industry.** 094691
Inheritance of protein features in the *grain* of **interspecific** wheat hybrids. 099253
Current state and outlook for *grain* **legume** crops in Bulgaria and related scientific problems awaiting resolution. 094704
The potential of Phaseolus coccineus [scarlet runner beans]as a *grain* **legume** in Great Britain. 101054
Studies on the productivity of Bulgarian and foreign varieties of *grain* **legumes** [Field beans, soybean, spring feed pea and chick pea]. 100804
The use of the collection of the "plant resources" section as initial material for the breeding of some *grain* **legumes.** 100807
Results from trials for chemical weed control in *grain* **legumes.** 102112
Studies on the malpighian tubules of the **lesser** *grain* borer, Rhizopertha dominica Fab. (Coleoptera: Bostrychidae). 103132
Grain **losses** during harvesting should be avoided! 094288
Uptake of the major nutrients and the yield of **maize** *grain* as related to the application of fertilizers. 100138
Change in the NPK [nitrogen, phosphorus, potassium] content of **maize** *grains* and recovery of fertilizers on a calcareous sandy soil. 103872
Grain **marketing** [Statistics]. 094461
Transducer of the discharge of *grain* **mass** for automatic regulation of operating conditions for an electrostatic separator. 103556
Air-flow characteristics in *grain* **masses.** 095799
Studies of glutenin. VIII. Subunit composition at different stages of *grain* **maturity** [Wheat]. 095793
Economic impact analysis of effluent guidelines: animal feed, breakfast cereal and wheat starch segments of the *grain* **mills** industry [Water pollution]. 104610
Response by calves grazing kikuyugrass [Pennisetum clandestinum] pastures to *grain* and **mineral** supplements. 096821
Preserving of **moist** *grains* by mechanical aeration. I. 095830
Preserving of **moist** *grains* by mechanical aeration. 2. 095831
Construction features of **new** *grain-harvesting* combines (Methodological drafts for retraining combine operators). 103471
Construction features of **new** *grain-harvesting* combines (Methodological draft for retraining combine operators). 103472
Selection problems in choice of different types of commercial fertilizers. The use of more **nitrogen** for *grain.* 104098
Constant drying rate of a single **paddy** *grain* [Rice]. 095827
Analysis of the development of the **pollen** *grain* of Cedar ofLebanon [Cedrus libani] in cultivated plantings. 099039
Formation of generative cells in **pollen** *grains* of Allium cepa L. and Allium porrum L. [Onions, leeks]. 100387
Peculiarities of the microsporogenesis and development of **pollen** *grains* in Allium porrum L. [Leeks]. 100602
The temperture and duration of heating the *grain* of **popcorn** when popping it. 095774
Fruit, vegetable, and *grain* **processing** wastes. 104556
Economic analysis of research with *grain* **produced** with different nitrogen fertilizers for slaughter swine. 096048
Grain **produced** with different nitrogen fertilizers for slaughter swine. 096049
Differentiation of the first genomes from polyploid wheat species according to the data of the immunochemical analysis of the alcoholic fraction of *grain* **protein.** 099082
Composition and biological value of *grain* **proteins** in a three-species Triticale (2n=42) and in its parental forms. 099248
Dependence of barley yield and the fractional composition of *grain* **proteins** from fetilizers and meteorological conditions. 100225
The accomplishment of the *grain* **prouction** tasks of the 5th Five-Year Plan in the farms [Hungary]. 094693
Response of triticale to foliar spray of boron and its effect on *grain* **quality.** 103946
Fertilizer trials with a machine that continously changes the fertilizer **rate** *[Grain].* 103399
Development of a seedling screening test for predicting **relative** *grain* protein content in oats. 099175
Winter **rye** *grain* quality as related to the system of fertilizers in a crop rotation. 100235
Post-harvest processing of *grains* at a **seed-producing** state farm at Chrudim [Mechanization]. 103500
1975 report on Experiment Station variety tests—**small** *grains:* wheat, oats, barley [Yields]. 100756
Small *grain* trials, 1974 [Varieties, yields]. 100963
1975 **small** *grains* performance trials in Utah [Varieties, yields]. 100964
Control of insects attacking stored grain and peas and seed treatment for **small** *grains.* 102527
Accessory chromosomes and their meiotic behaviour in hybrids of *grain* **sorghum** and Johnson grass [Sorghum halepense]. 098950
Missouri crop performance, 1975. I. Corn. II. *Grain* **sorghum.** III. Soybeans [Varieties, yields]. 100979
The culture and feeding with Sudangrass and *grain* **sorghum** hybrids. 100987
Chemical desiccation of *grain* **sorghum** [by controlling perennial weeds]. 102075
Varietal responses of *grain* **sorghum** to infestation by Heliothis armigera. 102305
Fertilizer efficiency for corn and *grain* **sorghum.** 104117
Soviet *grain* prospects up following poor 1975 crop [Production]. 094543
Use of an extract of **spent** *grains* as an antifoaming agent infermentors. 095478
Utilisation of press water from brewer's **spent** *grains* [Protein concentrates]. 095487
Yield and quality of *grain* of **spring** wheat hybrids and mutants. 099433
Control of insects attacking **stored** *grain* and peas and seed treatment for small grains. 102527
Excessive pressure drop through a bed of **stored** *grain* during aeration. 103339
Effect of various levels of fertilizers on the photosynthetic activity, yield and quality of the *grain* of **tall-** and short-stem cultivars of spring wheat under irrigation. 100193

Factors influencing the utilization of *high-grain* **urea** diets by ruminants. I. Effect of minerals, vitamins, lysine, methionine, feed additives and corn oil [Goats]. 096662
Factors influencing the utilization of *high-grain* **urea** diets by ruminants. II. Effect of protein [Goats]. 096663
USSR *grain* production revised upward. 094546
Genetic analysis of hexaploid wheat, Triticum aestivum using intervarietal chromosome substitution lines—protein content and *grain* **weight.** 099182
A simple gel-diffusion assay of alpha-amylase in ungerminated **wheat** *grains.* 095823
Lipoquinones of winter **wheat** *grain* in relation to vernalization. 100100
Effect of hypothermal treatment of **wheat** *grain* on activity of carbohydrases. 100102
Quality of winter **wheat** *grain* effected by the treatment with chlorocholine chloride and urea in irrigated conditions of the Ukrainian steppe. 100132
Ways of optimizing the conditions of the formation of winter **wheat** *grain* yield [Programming the effect of environmentalfactors]. 100206
Effect of combined herbicides on the weediness, yield and quality of spring **wheat** *grain.* 102138
Repeatability of regression stability indexes for *grain* **yield** of oats (Avena sativa L.) [Genetic crosses]. 099206
The influence of source of photosynthate and sink size on *grain* **yield** in oats (Avena sativa L.). 100099
Effect of soil application of aldrin and gammexane [insecticides] on germination, *grain* **yield** and quality of soybean (Glycine max). 100296
Effect of nitrogen, phosphorus and potassium fertilization on *grain* **yield** and phosphorus content of gram (Cicer arietinum Linn.) [chickpeas]. 100413
Contribution of flag leaf to *grain* **yield** in rice. 100830
Effect of dates of sowing, rates of nitrogen and planting densities on *grain* **yield** of hybrid maize 'Ganga 101'. 100832
Effect of dates of sowing on *grain* **yield** of sorghum. 100834
Effect of dates of sowing and rates and times of N [nitrogen] application on the *grain* **yield** and malting and brewing quality of 2-row barley. 100835
Effect of nitrogen and soil type on *grain* **yield** of rice. 100840
Effect of P [phosphorus], spacing and irrigation on the *grain* **yield** of mung [beans] after rice bean. 100842
Effect of time of sowing, seed rate and seed soaking on *grain* **yield** of rainfed barley. 100847
Estimation of *grain* **yield** and growth characters of wheat by sampling. 100850
Effect of different levels of N [nitrogen] on incidence of stem borer and *grain* **yield** of rice. 103971
Effect of three levels of nitrogen and three spacings on *grain* **yield** of two varieties of rice. 103986
Fertilizer use in rainfed crops. *Grain* **yield** and nitrogen uptake. 103994
Effect of timings and frequencies of irrigation on the *grain* **yield** of aestivum and durum wheats. 104322

GRAMINEAE

Conidial stage of fungi Claviceps purpurea Tul **[Ergot,** *Gramineae].* 101664
Search for sources and a possibility of isolation of L-dopafrom domestic crude drug plant materials [Euphorbiaceae, *Gramineae,* **Leguminosae].** 099737
Cultivation and production of *gramineous* **plants** [Grasses]. 100905
Determination of cyanoglucosides of plant tissues by the modified picric acid technique. I. Changes in the cynoglucoside content of some Leguminosae and *Gramineae* **species** in the early phases of germination. 100061
Ecological adaptations of salt marsh grass, Distichlis **spicata** *(Gramineae),* and environmental factors affecting its growth and distribution. 098761
Proposal for the conservation of Echinochloa Beauv. (1812) *(Gramineae),* against **Tema** Adanson (1763) and Ornithospermum Dumoulin (1782), non Ornithosperma Raf. (1817). 098720

GRAMINELLA

Host range of maize chlorotic dwarf virus *[Graminella* **nigrifrons,** insect vectors]. 101785
The changing status of corn virus diseases: potential value of a systemic insecticide *[Graminella* **nigrifrons** and Rhopalosiphum maidis as insect vectors]. 102308

GRAMOXONE

Effects of pure paraquat dichloride, *"Gramoxone* W", and **formulation** additives on soil microbiological activities. 1. Estimations of soil biomass in laboratory-treated soil. 103862
Effects of pure paraquat dichloride, *"Gramoxone* W" and **formulation** additives on soil microbiological activities. 2. Effects on respiration, organic matter mineralization, and nitrification in laboratory-treated soil. 103863

GRANARIA

Synthesis and insecticidal and acaricidal properties of some 5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl phosphorus esters. III. [Musca domestica, **Calandra** *granaria,* Aphis fabae, Tetranychus urticae]. 102256

GRANARIES

Introductory research on the food attractants and repellents for the beetles of the *granary* **weevil** (Sitophilus granarius L.). 102541

GRANITE

Integrated investigation of humus on *granite* of the **Karkonosze** Massif in Poland. 103677

GRANULARITY

Screening of different *granular* **formulations** against maize pests with special reference to maize stem borer, Chilo partelus Swinhoe. 102276
Evaluation of some **systemic** *granular* insecticides against Myzus persicae Sulzer on potatoes [Vectors of viruses]. 102458

GRANULATION

Defoliants and *granulated* **insecticides** for the control of cotton pests. 102373

GRANULES

Mechanical incorporation in soil of surface-applied **pesticide** *granules.* 102746
The behavior of various **starch** *granules* in KOH [potassium hydroxide] solutions [Rice, corn, potatoes]. 095842

GRANULOMAS

Non-specific *granulomas* of the [prostate] gland of the bull. 097714

GRANULOSIS

Modern controls of the frequency of dog infestations with **Echinococcus** *granulosus* (Batsch, 1786) in Apulia. 097214
Incidence of hydatid cyst [due to larval form of **Echinococcus** *granulosus]* in bovines and histopathological changes of pulmonary tissue in hydatidosis. 097374
Polar lipids of parasitic helminths. II. Polar lipids of **Echinococcus** *granulosus* larvae and Moniezia benedeni. 097644

GRAPEFRUIT

A high-pressure liquid chromatographic method for the resolution and quantitation of naringin and naringenin rutinoside in *grapefruit* **juice.** 095915

GRAPES

Feed from *grape* and **apple** marcs. 096025
Determination of residues of dinitroorthocresol in the crops [of *grapes,* **apples** and potatoes]. 102730
Quality of *grapes* **brought** to Kiev from the farms of the Crimean Region. 095964
Calculation of an optimal yield of *grapes* according to the **chemical** composition of the organs of a grapevine bush. 100453
Clusters [of *grapes].* 101240
Short notes on the performance of some *grape* **cultivars** tested in Mardi, Serdang. 101211
Improvement of techniques of producing table wines *[Grape* **culture].** 101011
Problem of table wines *[Grape* **culture].** 101012
Grape **culture** and wine making in Argentina. 101278
Grape **diseases** transmitted by animal vectors [Nematodes, insect pests]. 102025
Oidium, why it is advised to treat it **early** *[Grapes].* 101593
Vineyard insect pests **[Erythroneura** comes, *grapes].* 102392
Amino acid composition of *[grape]* must in different **fermentation** temperatures. 095970
Always mildew in southern **France** *[Grapes].* 101591
Mildew already in southern **France** *[Grapes].* 101592
Across the world vineyards. Observations on **French** *grape* culture in Egypt. 101239
Development of the **French** *grape* nursery. 101241
Comparative study of the resistance of several varieties of *grapes* to **gray** rot (Botrytis cinerea Pers.). 101426
Internal farm reserves for increasing labor productivity in *grape* **growing.** 094357
Production specialization—a factor increasing the efficiency of *grape* **growing** farms and wine making enterprises. 094359
The vineyard of tomorrow. Influence of mechanization on *grape* **harvests.** 103572
Heating *grapes* and sulfur dioxide [Wine making]. 095944
The Maritsa (1-2-48) *grape* **hybrid.** 101160
Sesquiterpene **hydrocarbons** from *grapes.* 095984
Effect of strain peculiarities of yeast on the fermentation of *grape* **juice** and the artificial media. 095972
Potentials of reducing the net production cost of *grapes* in **Kuban.** 094358
Contents of plastid pigments in *grape* **leaves** in high- and low-trained grapevines. 100427
Changes in the fine structure of spore cases in Plasmopara viticola due to phytoncid activity in *grape* **leaves.** 101663
The origin and development of **muscadine** *grape* varieties. 101137
Effect of temperature conditions on duration of stages of **organogenesis** in *grapes.* 100433
Gray rot [Botrytis cinerea] always in the first **plan** *[Grapes].* 101417
Vertical cooperation in *grape* **production** and wine making. 094254
Effect of the site altitude and the form of the relief on the yield and **quality** of *grapes.* 101276
Effect of timing and methods of irrigation on the yield and **quality** of *grapes.* 104422
On the seed sizes of varieties of Vitis vinifera *[grapes]* **relative** to cultural area. 101148
Study of the rate of flowering, fruiting and flower shedding of the Bolgar variety [of *grapes]* **relative** to humidity of the air and method of viticulture. 101157
Effect of certain ecological factors on the course of vegetation, fruiting and quality of **Rkatsiteli** *grape* variety. 101139
Dynamics of growth of shoots and ripening of *grapes* in **separate** stages of ontogeny. 100428
Study of the morpho-physiology of the grapevine. III. Dynamics of growth of individual morphological structures of *grape* **shoots** relative to the onset and course of the cycle of organogenesis. 098979
Investigation of *grape* **skin** polysaccharides by chromatography of DEAE [diethylaminoethyl] cellulose and paper electrophoresis. 095877
Effect of temperature on the formation of higher alcohols and on the accumulation of biomass during the fermentation of *grape* must with various **strains** of yeast. 095974
In Finger Lakes the **table** *(grape)* has turned [Culture]. 101026
Results of studying the biology of *[grape]* **varieties** Bulgarian Riesling and Pearl of Thrace in the Chirpan region. 100440
Norms of fertilizers for Cabernet-Sauvignon wide-row, high-formed *[grape]* **varieties** in dark-gray forest soils. 101147
Growth and productivity of leaf surface of the bolgar *[grape]* **variety** relative to stem height. 100435
Ten years of *grape* **variety** responses and wine-making trials in central Washington. 101099
Observations on the parasitic activity of the nematode Macroposthonia xenoplax on *grape* **vine** roots. 102064
The aromatic substances in *grapes* of the **Vitis** vinifera andsome interspecific hybrid varieties. 100447
Study of the germination of pycnidiospores of Coniella diplodiella (Speg.) Pet. and Syd., agent of *grape* **white** rot. iII. Formation and maturation of spores; development of the spore wall during maturation and germination. 101333
Economic situation of the **wine** *grape* industry in the Pacific Northwest [Supply, demand]. 094480
A treatment of *grape* **wine** distillation heads. 095927
Certain physical and mechanical properties of *grapes* **[Wine** making]. 095951
Device for sulphitation of pulp, must and *[grape]* **wine** materials. 103644
Acidity of *grapes* and **wine** in the conditions of irrigation. 104423
Effect of irrigation and fertilizers on the quality of *grapes* and **wine** in the conditions of the south of the Odessa Region. 104425
The role of price in the improvement of the assortment of *grape* **wines.** 094634
Increasing the stability of *grape* **wines** by electrodialytic treatment. 095958
Physical and chemical changes during alcoholization of *grape* **wines.** 095978
Study of the residues of an anti-Botrytis fungicide, 26 019R.p. in *grapes* and **wines,** and their effects on alcoholic fermentation. 102763

GRAPEVINES

Residues of [the insecticide] sevin and Fozalone in leaves and **berries** of *grapevine.* 102743
Grafted culture of *grapevine* on the **Black** Seacoast in the Krasnodar Territory. 101277
Study on the amount of endogenous phytohormones in sap exudation and hibernating **buds** of *grapevines.* 100445
Calculation of an optimal yield of grapes according to the chemical composition of the organs of a *grapevine* **bush.** 100453
Productivity of using soil moisture and the development of leaf surface as effected by different planting density of *grapevine* **bushes.** 100613
Degree of frost injuries and the character of the restoration of the root system of *grapevine* **bushes** in various methods of irrigation. 102059
Effect of irrigation on the development of the root system and the above-ground part of *grapevine* **bushes.** 104426
Yield and quality of cuttings as related to irrigation in combination with fertilizers applied to rootstock **bushes** of *grapevine.* 104430
Methods of developing new varieties of *grapevine* with **complex** resistace to downy mildew, powdery mildew, grey mould, Phylloxera. 099277
Propects of development of rootstock cultivation of *grapevines* in the **conditions** of infestation with Phylloxera. 102420
Preharvest and postharvest **defoliation** of *grapevines.* 101280
Notes on phytotoxic activty of Phomopsis viticola (Sacc.) Sacc. [The causal agent of "dead arm" **disease** of *grapevine].* 101532
Study of the morpho-physiology of the *grapevine.* III. **Dynamics** of growth of individual morphological structures of grape shoots relative to the onset and course of the cycle of organogenesis. 098979
Effect of meteorological conditions on flowering and fruiting of *grapevines.* I. The **effect** of temperature on flowering and fruiting. 100431
Occurrence of *grapevine* **fanleaf** virus in Jordan. 101772
Copper in the protection of *grapevine* **[Fungus** diseases, control]. 101482
Intensive methods of **growing** *grapevines* in the Crimea. 101283
Studies on the size and dispositon of the root system in low- and **high-trained** *grapevines* with varying inter-row distances. 100442
Results of studying the content of diglycosides in the berries of different varieties and **hybrids** of *grapevines.* 095979
Grapevine **immunity** to Phylloxera and pathogens of root rots. 102425

Studies on the development of the root system of *grapevines* **infected** with yellow mosaic [Fanleaf]. 101752
Contents of plastid pigments in grape leaves in high- and **low-trained** *grapevines*. 100427
Effect of microclimate on some fungus diseases of high-and **low-trained** *grapevines* [Oidium tuckeri, Botrytis cinerea]. 101427
Significance of intraspecies taxons in the systematics of *grapevine* **mites** (Acarina, Eryophyidae). 102422
Tumors in Trichodorus pachydermus? *[Grapevine,* **nematodes].** 101986
[Grapevine] **nurseries** in the Hungarian People's Republic. 101282
Growing grafted **nursery** *grapevines* in controlled conditions of the rooting medium. 101279
The effect of certain fungicides on growth of *grapevines* in the **nursery.** 101429
Effect of fertilizers and soil moisture on absorption of water and mineral **nutrients** by the *grapevine*. 100429
Infectivity and pathogenicity of three Italian population of [the nematode] Tylenchulus semipenetrans Cobb on citrus and other hosts **[Olive,** *grapevine].* 101967
Preliminary studies on the ultrastructure of the female gonad of Xiphinema index and Xiphimena mediterraneum (Nematoda: Longidoridae) [reared on *grapevine* and **olive** tree respectively]. 101976
Application of hexachlorobutadiene in combination with polymers and superphosphate for the control of Phylloxera and nematodes **[Pests** of *grapevine].* 102416
Effect of soil moisture and fertilizers on the rate of **photosynthesis** of *grapevines*. 100432
Chopper of *grapevine* **[Production** of mulching material for erosion control]. 103643
Improvement of the technology of producing champagne wine materials from **Rkatsiteli** *grapevine* variety. 095977
The problem of water supply and the development of *grapevine* **root** system in dryland conditions on heavy loamy soils in southern Ukraine [Soil moisture]. 103860
The system of **spacing** *grapevines* in the vineyards of Moldavia. 101281
Development of a computer-simulation model for a plant-nematode system *[Meloidogyne-grapevine* **system].** 101928
Cytochemical features of tumor formation on the roots of *grapevine* **varieties** with different resistance to Phylloxera. 102418
Technological and agrobiological features of *grapevine* **variety** "Odesskii Chernyi". 101284
Does Agrobacterium tumefaciens develop in the woody **vesselsof** the *grapevine?* 101685
Effect of the rootstock and phytoclimate on the **yield** of *grapevines*. 101142
Effect of microelements on *grapevine* **[yield].** 104068

GRAPHIUM

Some conditions favouring the production of growth rings in *Graphium* **Putredinis** [Fungi]. 100033

GRASSES

Partial synthesis of festuclavine [isolated from ergot parasitizing on *grasses* **Agropyrum** and Phalaris, from a culture of Claviceps gigantea and from Aspergillus fumigatus, Fungi]. 101390
Observations on silvertop of *grasses* in **Alberta.** 101874
C4 *grasses:* an **anatomical** criterion for distinguishing between NADP [carbon]-malic enzyme species and PCK or NAD [nicotinamide adenine denucleotide phosphate]-malic enzyme species. 098887
Fundamental studies on artificial propagation by seeding useful wild grasses in Japan. VII. Field experiments on the seeding practices of Miscanthus sinensis and Miscanthus tinctorius, and some illustrations concerning the acutal utilization of these *grasses* by **artificial** seeding. 100961
Variation in seed and seedling characters of smooth bromegrass, Bromus inermis Leyss, in relation to environment *[Grass* **breeding].** 100178
A note on the significance of Eucalyptus populnea for **buffel** *grass* [Cenchrus ciliaris] production in infertile semi-arid rangelands. 101006
Grain cultivation with or without **couch** *grass* [Agropyron repens]. 102152
Economic effectiveness of the system of herbicides in a *cereals-grass-row* **crops** and cereals-grass rotations in the Central Urals. 102137
Feeding value of silage: silages made from freshly **cut** *grass*, wilted grass and formic acid treated wilted grass [Sheep]. 096718
Ecology of respiratory losses in teak and **Cymbopogon** *grass* with reference to deciduous forest and grassland. 098842
Squash method for the mitotic chromosomes of *grasses* **[Digitaria].** 098947
Brief review of [fungus and bacterial] **diseases** of *grasses.* 101340
Effect of rotary-drum-drier exit temperature and length of pre-drying storage time on digestibility of **dried** *grass* cobs [Sheep]. 096701
The filling of tower silos with *grass* **[Equipment].** 103485
Exotic *grass* [Festuca arundinacea, Paspalum] yields under southern pines [Pinus elliottii, Pinus taeda]. 098165
The time of incipient growth and [nitrogen] **fertilization** of *grass.* 100322
High energy forage; the necessary ingredient in beef **finishing** on *grass.* 096734
Physiological selection criteria in **forage** *grasses* [For usein a breeding programme]. 099312
Legume and *grass* **[forage]** mixtures for drained lands. 100891
Manuring of *grass-legume* **forage** mixtures. 103999
The effect of increased application of nitrogen fertilizer and irrigation on varieties of *grass,* 1968-1971. 104149
Control of *grass* **grub** through agronomic practices [Insect pests in pasture]. 102355
The approaching field **harvest** *[Grasses].* 100985
Studies on the irrigation for **herbage** *grass.* III. On the efficiency of water use by Sawa millet [Panicum crusgalli]. 104397
Some morphological peculiarities of the pollen from **highland** *grasses* [Phleum pratense, Dactylis glomerata, Bromus inermis]. 098892
Hybrid *grass-clump* dwarfness in wheat: physiology and genetics. 099187
Analysis and evaluation of the working operation of scything **intensive** *grass* stands on mountain slopes. 100935
Accessory chromosomes and their meiotic behaviour in hybrids of grain sorghum and **Johnson** *grass* [Sorghum halepense]. 098950
Physiology of seed germination in Korean **lawn** *grass* (Zoysia japonica Steud.). 100570
Mowing **lawn** *grasses.* 101225
Occurrence of micromycetes on *grasses* and **legumes** at different altitudes in Kashkadar'inskaya region. 098824
Seedling growth of four *grasses* **[Lolium** perenne, Festuca arundinaceae, Holcus lanatus, Poa trivialis]. 100218
Ecological adaptations of salt **marsh** *grass,* Distichlis spicata (Gramineae), and environmental factors affecting its growth and distribution. 098761
Application of fertilizers in seed crops of **meadow** *grasses* in the Ukrainian Poles'ye. 104053
Comparison of the effectiveness of inorganic fertilizers and manure in a four-field crop rotation including a *clover-grass* **mixture** (experiments of 1931-1974). 104058
Legume and *grass* **mixtures** for irrigated cultivated pastures in the Central-Chernozem zone. 100892
Legume and *grass* **mixtures** for cultivated pastures in the area east of the Volga River. 100893
Legume and *grass* **mixtures** for lowland meadows in the Urals. 100894
Legume and *grass* **mixtures** for dryland farming in Kazakhstan. 100895
Legume and *grass* **mixtures** for the northern Kazakhstan. 100896
Legume and *grass* **mixtures** for haylands on slopes [in Kirghizia]. 100897
A vegetative key to **Nebraska** *grasses.* 098619
Grasses **new** to the flora of Kazakhstan. 098536
Early wet season fertilization of **Para** *grass* for use as saved fodder in the Northern Territory, Australia. 104155
Vegetative growth of nineteen tropical and sub-tropical **pasture** *grasses* and legumes in relation to temperature. 100328
A note on the yield and composition of Setaria sphacelata **[Pasture** *grass].* 100872
Energy productivity of **perennial** *grasses* with calculated levels of fertilizers for obtaining a planned yield of hay. 100194
Stand quality in a planned yield of hay of **perennial** *grasses.* 100203
Epicuticular wax of Agropyron intermedium [a drought resistant **perennial** *grass].* 100267
Perennial *grass* [Agropyron elongatum] barriers for wind erosion control, snow management and crop production. 104215
Cultivation and production of gramineous **plants** *[Grasses].* 100905
A technique for the production of **polyploids** in *grasses.* 099166
Midwest livestock producers rediscover the **prairie** *grasses.* 100789
Industry uses of **prairie** *grasses* for erosion control and landscaping. 101170
28Mg [magnesium isotope] kinetics in ewes fed normal or tetany **prone** *grass.* 096672
Animal manure for clover and **pure** *grass.* 104146
Control of **quack** *grass* [Agropyron repens] and weed seeds inpotato fields. 102150
Studies on the successive cultivation of Italian ryegrass (Lolium multiflorum Lam.) and **Rhodes** *grass* (Chloris gayana Kunth) by sod-seeding method. 100880
Economic effectiveness of the system of herbicides in a cereals-grass-row crops and *cereals-grass* **rotations** in the Central Urals. 102137
Estimated costs of establishing and producing Kentucky bluegrass [Poa pratensis] seed in the Inland Pacific Northwest. (For large farms on which *grass* **seed** is a major enterprise). 094389
Grass **seed.** What do we see for this year? [Varieties]. 100909
Evaluation of environment salt tolerance of **selected** *grasses* and legumes [Field crops]. 100054
Effect of the chopping length of *grass* **silage** on voluntary intake by dairy cows. 096782
Effects of long periods under *grass* on **soils** under British conditionsalpha. 103781
Effect of nitrogen fertilization on the productivity of **sorghum-Sudan** *grass* [Sorhum vulgare sudanense] cultivars and millet in Rio Grande do Sul, Brazil. 104156
Localisation of concanavalin A binding sites on the stigma surface of a *grass* **species** [Phalaris minor]. 100239
Spring *grass* is just ahead: what's your grazing system? [Pasture productivity]. 100912
Magnesium supplementation for the prevention of *grass* **staggers** [hypomagnesaemic tetany] in cattle. 096774
The aggregation of questing ticks, Rhipicephalus pulchellus, on *grass* **stems,** with observations on Rhipicephalus appendiculatus. 103081
P [phosphorus] fertility and mixed salinity on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, phosphorus, chlorine] concentrations of tomato, corn, and **sudan** *grass* [Sorghum sudannense] grown in sand culture. 099676
Heterodera hordecalis—a cyst forming nematode that attacks grain and *grasses*—found in **Sweden.** 102054
Some effects of fire upon a **tall** *grass* prairie plant community in northwestern Iowa. 098804
Arthropod food chain energetics in a Missouri **tall** *grass* prairie. 102317
Yield potential of some **temperate** *grasses.* 100871
Grass **tetany** hazard [in cattle] of cereal forages based upon chemical composition. 097681
Grass **tetany** [Hypomagnesia, dairy cattle]. 097722
Relationship of dietary carbohydrate, magnesium, and potassium to *grass* **tetany** [Metabolic disorders of cattle]. 097856
Provision of dairy cattle with magnesium after driving them to the pasture. 1. Surveys on the occurrence of *grass* **tetany** and the effect of abetting factors. 097858
Provision of dairy cattle with magnesium after driving them to pasture. 2. Preventive measures [for the control of *grass* **tetany].** 097859
The ecological effects of physical damage from motor boats on **turtle** *grass* [Thalassia testudinum] beds in southern Florida. 098769
Trees, *grass* and **water:** a biologist looks at water resource development. 104381
Chemical weed control in dwarf wheats with particular reference to *grass* **weeds.** 102115
Influence of size and shape of quadrate upon distribution pattern of *grass* **weight** and number of samples necessary for estimation of grass weight on grassland. 100744
Fundamental studies on artificial propagation by seeding useful **wild** *grasses* in Japan. VI. Germination behaviors of three native species of genus Miscanthus; Miscanthus sacchar. 100960
Fundamental studies on artificial propagation by seeding useful **wild** *grasses* in Japan. VII. Field experiments on the seeding practices of Miscanthus sinensis and Miscanthus tinctorius, and some illustrations concerning the acutal utilization of these grasses by artificial seeding. 100961
Feeding value of silage: silages made from freshly cut grass, **wilted** *grass* and formic acid treated wilted grass [Sheep]. 096718

GRASSHOPPERS

Tests of the limiting visual resolution of the DCMD [descending contralateral movement detector] system of the **lubber** *grasshopper* [Romalea microptera] to rectangular. 103019
Geographical variability in the pericentric inversion system of the *grasshopper* **Trimerotropis** pseudofasciata. 102889

GRASSLANDS

Grasslands **birds** and agricultural land-use [Pasture land isused both for grazing and for haymaking]. 100692
A theoretical background to the conservation of ecologically distinct groups of annuals and biennials in the **chalk** *grassland* ecosystem. 098776
Ecological studies on the control of broad leaf dock, Rumexobtusifolius L., in the *Grassland.* III. **Chemical** control of broad leaf dock in the heavily snowing regions. 102092
AFGC's [American Forage and *Grassland* **Council]** role in the forage industry [Research, communication]. 094094
Use of the dye binding method for determination of protein content in *grassland* **crops** [Lolium, clover]. 095844
Planning criterion of *grassland* **development.** II. Effects of inclination of ground and grassland development technique on land utilization and outbreak of landslide [Soil conservation]. 104171
Colonialism in the Great Plains *[Grassland* **ecology].** 098796
Ecology of respiratory losses in teak and Cymbopogon grass with reference to deciduous **forest** and *grassland.* 098842
A preliminary study of soil micro-arthropods from a **Himalayan** *grassland* biome [Acarina]. 103767
Application of fertilizers in radical improvement of *grasslands* in the **Kokchetav** Region. 104054
Grasslands of **North** Dakota [Vegetation]. 098799
Grassland use **patterns** and prairie bird populations in Missouri. 100788
The provision of grazing cattle with micronutrients from plant species of **permanent** *grassland.* 096816
Ecological studies on the control of broad leaf dock, Rumexobtusifolius L., in the *grassland.* I. Some **properties** of germination. 102090
Ecological studies on the control of broad leaf dock, Rumexobtusifolius L., in the *grassland.* II. Some **properties** of regrowing habits. 102091
The synoptic weather in relation to an outbreak of the African armyworm, Spodoptera exempta (Wlk.) [Infestation of *grasslands* in **Rhodesia].** 102333
Influence of reseeding and nitrogen on the yield and botanic composition of *grassland.* **Second** report of trials at gilze, 1971-1974 [Cultivation on sandy soil]. 104121
The soil conservation of **sloping** *grassland.* II. The change of soil moisture in a sloping grassland. 104172
Sowing *grassland.* The influence of sowing depth and pressure on the development of English ryegrass [Lolium perenne]. 100721

Influence of size and shape of quadrate upon distribution pattern of grass weight and number of samples necessary for estimation of grass **weight** on *grassland.* 100744
Grassland **yield** after reclamation of deep low moor according to the follow-up measures. 104181

GRATING
The inclusion of a **steel** *grating* and drain on the cow platform of herringbone cow bails. 103331

GRAVEL
Nutrition diagnosis of cucumber vines grown on *gravel* in **greenhouses.** 100503

GRAVITY
Findings on the center of *gravity* **coordinates** of tractors with pneumatic wheels. 103583
Biological role of the *gravitational* **factor** during uterine development in cattle. 096554
Effects of *gravity* on the **growth** inhibitors of geo-stimulated roots of Zea mays L. [Maize]. 100286
High *gravity* brewing. 095412
Relationships of egg **specific** *gravity* and shell thickness to quasi-static compression tests. 095745
Effect of fertilization on yield and **specific** *gravity* of Abnaki, Katahdin, and Sioux grown continuously and in two-year rotation [Potatoes]. 104123

GRAY
Some forms of fattening growing [**Bulgarian** *Grey]* cattle for beef production. 096830
Study on the hereditary variation in native aboriginal breeds of farm animals. I. Mutability in the activity of some plasma enzymes and hematologic indexes in **Bulgarian** *Grey* cattle of southeast Bulgaria. 097086
Corchorus acutangulus: a new plant infested by **cotton** *grey* weevil Myllocerus undecimpustulatus maculosus Desb. [Weed control, natural]. 102266
Norms of fertilizers for Cabernet-Sauvignon wide-row, high-formed [grape] varieties in *dark-gray* **forest** soils. 101147
Micro-vegetation fertilizing experiments on *grey* **forest** soils eroded in various degrees. 103877
Alteration of the properties of *Grey* **Forest** soils as affected by fertilizers. 104044
Anatomo-morphological and cytological features of some species of the genus Russula Pers. ex S. F. *Gray* **[Fungi].** 098532
Vegetation associated with kakapo (Strigops **habroptilus** *Gray)* in Sinbad Gully, Fiordland, New Zealand. 098827
Methods of developing new varieties of grapevine with complex resistace to downy mildew, powdery mildew, *grey* **mould,** Phylloxera. 099277
Grey **rot** [Botrytis cinerea] of tomatoes in the conditions of protected cultivation. 101344
Gray **rot** [Botrytis cinerea] always in the first plan [Grapes]. 101417
Comparative study of the resistance of several varieties of grapes to *gray* **rot** (Botrytis cinerea Pers.). 101426
Some remarks on the potentialities and problems related to the *Gray* **soils** of Casamance (south Senegal). 103666

GRAZING
A re-examination of published data on the fluoride content of pastures [Hazards to *grazing* **animals].** 100768
Ecological management of **arid** *grazing* lands ecosystems. 100809
Response by **calves** *grazing* kikuyugrass [Pennisetum clandestinum] pastures to grain and mineral supplements. 096821
Estimation of herbage consumption by *grazing* **cattle** using measurements of eating behaviour. 096702
The provision of *grazing* **cattle** with micronutrients from plant species of permanent grassland. 096816
The spatial distribution of excreta under intensive **cattle** *grazing.* 104040
Deferred *grazing* of Mediterranean annual pasture for increased winter sheep production [Computer simulation]. 100701
The management of **desert** *grazing* systems [Sahel]. 100810
Grasslands birds and agricultural land-use [Pasture land isused both for *grazing* and for **hay-making].** 100692
Hill-country *grazing* management. 1. Principles. 100922
Hill-country *grazing* management. 2. Practice. 100923
A *grazing* **lands** simulation model. 100783
Sodium supplementation of **livestock** *grazing* lucerne. 096775
Sodseeding winter cereals into **lucerne** [for *grazing].* 100696
Grazing **methods** for dairy cattle. 100908
Experiences and results of pasture management in the Karl-Marx-Stadt district [Effects of *grazing* on **milk** and beef production]. 100995
Sulfur leaching and lysimeter characterization [in *grazed* **pastures].** 103828
Grazing **potential** of Louisiana pine forest-ranges [Cow-calf units]. 098060
Rotational *grazing* in a continuously growing pasture: a simple model. 100702
Pasture management systems and animal production [**Rotational** *grazing* pattern]. 100944
National **sheep** *grazing* competition [East Germany]. 096135
Cow-calf beef production on irrigated pasture and in drylot at Carrington [Irrigation Branch **Station,** *grazing].* 096739
A note on changes in ingestive behaviour of sheep following shearing *[grazing* at four **stocking** rates]. 096641
Spring grass is just ahead: what's your *grazing* **system?** [Pasture productivity]. 100912
The *grazing* of **Thalassia** testudinum in Kingston Harbour, Jamacia. 098770
A lightweight electronic device for measurement of *grazing* **time** of cattle. 096820

GREEN
Genetic transformation in a *blue-green* **alga,** Aphanocapsa. 099129
Photosynthetic coefficient and intravitam excreta of the *blue-green* **alga** Anacystis nidulans. 099871
Intracellular ATP [adenosine triphosphates] level and light-induced inhibition of respiration in a *blue-green* **alga,** Anabaena variabilis. 099919
Protein synthesis following infection of the *blue-green* **alga** Plectonema boryanum with the temperate virus SPI and its ts mutants. 101816
Conversion of acetylene reduction rates to nitrogen fixation rates in natural populations of *blue-green* **algae** [Aphanizomenon sp., Anabaena sp.]. 099487
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of organogenic elements in *green* **algae** cells. I. The photosynthetic incorporation of 13C [carbon isotope] in biomass of Chlamydomonas 137c strain. 100035
Green **asparages** [Culture]. 101165
Home gardening & canning versus buying canned goods: costs for *green* **beans** and tomatoes. 095060
Degradation of carbaryl [pesticide] following thermal processing *[Green* **beans].** 102704
Quantum yield and conformational changes during *greening* and **bleaching** of Chlorella protothecoides [Algae]. 099925
About temperature conditions in soil in boundary areas of **block-type** *green* houses. 103361
Changes in the free amino acids of citrus leaves in relation to **citrus** *greening* [of musambi] and citrus canker [on kinnow]. 101886
Effects of colchicine on the cell division of a **colonial** *green* algal flagellate Gonium pectorale Muller. 098936
The living environment and the extension of the *green* **covering** [Trees, shrubs, propagation by cuttings]. 101275
Conservation of *green* **crops** for dairy cows. III. [Silage]. 096654
Ensilaging *green* feeds for minks. 096063
Ensilaging *green* feeds for minks. 096064
The measurement and significance of ATP [adenosine triphosphate] pools in **filamentous** *blue-green* algae. 099583
Results of *green* **fodder** analyses for nitrate in 1975 in the Frankfurt on the Oder area. 096059
Fodder yielding ability of maize genotypes under varying levels of nitrogen and population. II. Quality of *green* **fodder.** 104109
Studies on the forage sorghum breeding utilizing the cytoplasmic malesterile lines. I. Effect of the parental lines on the *green* **forage** yield of hybrids. 099124
Rye for *[green]* **forage** in Rostov Region. 100900
Studies on the proteins of *green* **gram** [Mung beans]. 100460
Leaf blight of *green* **gram** [mung beans] caused by Curvulariaeragrostidis. 101406
Prospects of **growing** *greens* and perennial vegetable crops in the Murmansk Region. 101086
The effect of N & P [nitrogen, phosphorus] fertilization on the yield of *green* **herb** and alkaloid content of Belladona [Atropa belladonna]. 104030
Morphogenesis of the chick embryo foot as studied by **Janus** *green* B-induced malformations. 096448
Use of *green* **lacewings** [Chrysopa carnea] (Neuroptera: Chrysopidae) in biological control projects [Insect pests]. 102245
Feeding specialization of the main species of *green* **lacewings** [Neuroptera, Chrysopidae] spread in Adzharia [Citrus pests, biological control]. 102472
Purification and partial characterization of an endo-beta 1, 3-glucanase from *green* **malt.** 095475
Perennial lupine as a *green* **manure** on soddy-podzolic soils. 103955
Green **manure** application and reclamative cultivation of sandy and loamy-sandy soddy-podzolic soils in the foothill regions of the Urals. 104184
Effect of plant density and fertilizers on the yield of *green* **mass** of maize on the Chernozems in the Volgograd Region. 100730
The use of **methyl** *green-pyronin* staining after glutaraldehyde fixation and paraffin or araldite embedding [Chick and mouse embryonic tissues]. 096570
Isometric, viruslike particles in the *green* **peach** aphid, Myzus persicae. Their intracellular localization and distribution within the aphid body [Vectors of plant viruses]. 102436
Yield and quality of *green* **peas** in the conditions of irrigated farming in Moldavia. 104259
The influence of daylength, light intensity and temperature on the growth rates of **planktonic** *blue-green* algae. 099582
Functions of carotenoids other than in photosynthesis [Photoprotection in algae, fungi and *green* **plants].** 099761
Effect of lincocin treatment on the *greening* **process** in [kidney] bean (Phaseolus vulgaris) leaves. 100527
Another *green* **revolution:** plant parenthood [Market for ornamentals]. 094505
Results of studying gardencress and coriander [as *greens]* in various **sowing** time in the Daghestan Experimental Station of the All-Union Institute of Plant Industry. 100604
Green **spaces,** base of social progress. 101110
Living environment and extension of *green* **spaces** [Seed production, collection and storage for landscaping with shade trees]. 101272
Living environment and extension of *green* **spaces** [Seed storage and preparation for landscaping with shade trees]. 101273
Occurrence of *greening* and **tristeza** diseases of citrus in various blocks of Darjeeling district (West Bengal). 102029

GREENHOUSES
Automatic *glasshouse* ventilation. 103381
Greenhouse **bench** trials of selected Fusarium wilt-resistantcarnations [Dianthus caryophyllus]. 101420
Breeding for resistance to Phialophora cinerescens (Wr.) van Beyma in *glasshouse* **carnations** (Dianthus caryophyllus L.). 099170
Control of insects for **commercial** *greenhouse* operators [Ornamentals]. 102399
Technique of mass producing jackii poplar [Populus jackii] seed under *greenhouse* **conditions.** 098128
The seasonal variations in growth of Codiaeum variegatum under *greenhouse* **conditions.** 100594
Greenhouse **container** nurseries for better trees. 101236
Features of flowering and fruiting in cucumbers and tomatoes grown in plastic **covered** *greenhouses* in the south-east of the Russian Soviet Federative Socialist Republic. 100385
Promising varieties and hybrids of cucumbers and tomatoes for growing in winter-type and plastic **covered** *greenhouses.* 101085
Measures for controlling pests and diseases of vegetable **crops** in *greenhouses.* 101862
Deacidification of peaty substrate and the productivity of **cucumbers** in *greenhouses.* 101199
Effects of periods of drought during different phases of growth of sunflower (Helianthus annuus L.) **cultivated** in the *greenhouse.* 100164
Comparison of plant hormones, plant density and tomato varieties **cultivated** in the *greenhouse.* 101043
Production of vegetables on a commercial basis with protected **cultivation** *[Greenhouses].* 101216
Utilization of the world collection of the All-Union Institute of Plant Industry as initial material for breeding tomatoes for *greenhouse* **culture.** 099456
The efficient way of using straw bales [as growing medium] in *greenhouse* **culture.** 101200
Growing of **early** *greenhouse* tomatoes directly from seed [Yields, costs, returns]. 101143
Effect of infrared transparency on the heat transfer through windows: a clarification of the *greenhouse* **effect.** 103393
Effects of growth substances on the sunflower in the *greenhouse* and in the **field.** 100163
Physiological and biochemical peculiarities of cucumbers and tomatoes grown in plastic **film-covered** *greenhouses* [Varieties]. 100603
Nutrition diagnosis of cucumber vines grown on **gravel** in *greenhouses.* 100503
Effect of seeding date and transplant age on the economic results obtained from *greenhouse* **mid-early** tomato production [State prices, production expenses, net profit and rentability rate]. 094402
Plant growth lighting [in *greenhouses]*—an **opportunity** for you. 101204
Study of temperature conditions and lighting level created by DRL-250 lamps used for irradiating **plants** in *greenhouses.* 103376
Radish growing in unheated polyethylene [plastic] *greenhouses* in the **Sandanski-Petrich** region. 101151
Integrated field and *glasshouse* **screening** for environmental sensitivity in cow pea (Vigna unguiculata). 100411
OARDC's [Ohio Agricultural Research & Development Center] **solar-heated** *greenhouse* [Solar pond]. 103321
Experience of operation of the Leningrad group of the *greenhouse* **state** farms "Leto". 101080
The susceptibility of various varieties of *greenhouse* **tomatoes** to the occurrence of dry rot of fruit tops [caused by calcium and water supply deficiencies]. 101860
Possibilities of including the morestan pesticide into an integral system of control of whitefly (Trialeurodes vaporariorum Westw.) on *greenhouse* **tomatoes.** 102413
Establishing the most appropriate regions for the development of *greenhouse* **vegetable** production. 094147
Red peppers—a new promising crop of *greenhouse* **vegetable** growing. 101088
Biological peculiarities of redpeppers grown in **winter** *greenhouses.* 100597
Ways of increasing the effectiveness of using **winter** *greenhouses* [in Murmansk area]. 101095

GRINDELIA
Germination polymorphism in *Grindelia* **squarrosa** (Pursh) Dunal. 099020

GRINDING
The **basic** *grinding* mechanism: consideration and control [Groundwood, pulp]. 098267

Analytical and cookie baking characteristics of flours from several milling and *grinding* **methods.** 095768

GROMPHADORHINA

Exoskeletal anatomy of the Madagascar hissing **cockroach** *Gromphadorhina* portentosa. 102795
Gross internal anatomy of the Madagascar hissing **cockroach** *Gromphadorhina* portentosa. 102797

GROOVES

Studies on the accessory reproductive organs in the drake. 4. Effects of androgen on the **ejaculatory** *groove* region of the drake. 097010
Preliminary evaluation of **two** *tongue-and-groove* joints for five-ply structural sandwich wood panels for floors. 098225

GROUND

Stand for a dynamic shift [Mechanical effect on deformationand destruction of soil, *ground* and other **agricultural** materials]. 103626
Dye reduction method for estimating bacterial counts in *ground* **beef** [Microbial contamination]. 094804
The effect of cooking on the quantity of Escherichia coli in *ground* **beef** [Bacterial contamination]. 094913
Consumer attitudes to a *ground* **beef-soy** mixture on the retail market. 094560
The biology of Microctonus caudatus (Thomson), a braconid parasite of the *ground* **beetle** Harpalus rufipes (Degeer). 102916
Eating quality of *ground* **chicken-soy** patties. 095196
Response of Penstemon fruticosus to fertilization *[Ground* **covers].** 100606
Evaluating *ground-water* paths using hydraulic conductivities. 104293
Planning criterion of grassland development. II. Effects of inclination of *ground* and **grassland** development technique on land utilization and outbreak of landslide [Soil conservation]. 104171
Seasonal dynamics of the phytomass of a **herbaceous** *ground* cover in a forest-steppe oak forest in relation to the dynamics of photosynthesis and ecologic factors. 100023
Nitrogen for meadows in marshland. Research in the **high** *ground* of Trondelag. 104105
A vertical deformer [for studying regularities of soil and *ground* **mechanical** resistance]. 103603
Phytomass of the *above-ground* **part** of a sedge-reed drained spruce [Picea] forest stand of the second and seventh age classes. 100646
Effect of irrigation on the development of the root system and the *above-ground* **part** of grapevine bushes. 104426
Ground, **pelleted** and chopped barley straw and protein levels in the diet of wintering beef cows. 096634
Ground-water **quality** variation in Phelps County, Missouri. 104295
Behavior of selected food-borne pathogens in **raw** *ground* beef. 094918
An approach to the assessment of tractor stability on rough **sloping** *ground.* 103456
Device for measuring shift [Mechanical resistance of **soil** and *ground].* 103613
Ground-water and **surface-water** relationships in the glacial province of northern Wisconsin —Snake Lake. 104294
Nitrate reduction in the subsoil. I. Introductory studies of the nitrate reduction in the subsoil, and its influence on *ground* **water** quality. 103838
Nitrate reduction in the subsoil. IV. Some physical properties of the subsoil, their influence on chemical interchange in the soil, and on *ground* **water** quality. 103841
Effect of ozonation on the removal of iron from a *ground* **water.** 104528
Pollution effects on surface waters and *ground* **waters.** 104576

GROUNDNUTS

Oligogynophoria, a virus induced lesion in the *groundnut,* **Arachis** hypogaea L. 101749
Millipedes [Peridontopyge] on *groundnuts,* **Arachis** hypogaea. 102341
Weight losses of *groundnuts* **(Arachis** hypogaea L.) from infestation by the mites Acarus siro L. and Tyrophagus putrescentiae (Schrank). 102539
Sunflower seed cake and mustard oil cake as substitutes for *groundnut* **cake** in poultry rations. 096745
Fungi associated with concealed **damage** of *groundnut.* 101649
Components of error in field experiments with cotton, *groundnuts,* **kenaf** and sesame in the central Sudan rainlands. I. Field and atatistical methods; increasing percision by replication and its cost. 100771
Components of error in field experiments with cotton, *groundnuts,* **kenaf** and sesame in the central Sudan rainlands. II. variation in plant measurements through the season and a discussion of surface drainage as a source of variation. 104274
Determination of aflatoxins in *groundnut* **meals** by high performance liquid chromatography. 094939
The use of seed dressings [fungicides] on *groundnuts* in **northern** Nigeria: importance of seed quality. 101506
The performance of *groundnut* under **paired** row culture and two levels of fertility. 100870
Effect of controlled atmosphere storage on aflatoxin production [by the Aspergillus flavus] in high moisture **peanuts** *(groundnuts).* 095828
Studies on *groundnut* **proteins.** V. Physico-chemical properties of arachin prepared by different methods. 095760
A note on the effect of heat on the solubility and in vitro breakdown of *groundnut-cake* **proteins** [Ruminant rations]. 096010
Research on the structure of the *groundnut* **seed** coat and its influence of the penetration of Aspergillus flavus. 101508
Correlation studies in **spreading** *groundnut.* 100989
Make the rabi oilseeds [mustard, *groundnut,* **sunflower**] pay more. 101177
Effect of feeding **treated** *groundnut-cake* with urea-molassesimpregnated wheat straw on growth rate and utilization of nutrients in Nali lambs. 096684

GROUNDSEL

Genecological studies of leaf tolerance in *groundsel* **(Senecio** vulgaris L.). 099357

GROUNDWATER

Measurement of **capillary** contribution of *groundwater.* 104323
The optimal regime of *groundwater* **[Cotton** irrigation]. 104415
Utilization of irrigation water and *groundwater* by **cotton** crops with various depth of mineralized groundwater. 104416
Plan to **harness** *groundwater* for rural development. 104399
Determination of *groundwater* **inflow** to prairie lakes using remote sensing. 104314
Utilization of irrigation water and groundwater by cotton crops with various depth of **mineralized** *groundwater.* 104416
A bioeconomic simulation analysis of **regulating** *groundwater* irrigation [Tax, income]. 104252
The contribution of agriculture to further increasing the effectiveness of amelioration measures [Irrigation, *groundwater* **regulation,** drainage, East Germany]. 104287
Research and advances in *groundwater* **resources** studies, 1964-1974. 104374
Growth of locust [Robinia pseudoacacia], elm [Ulmus] and poplar [Populus] in protective plantings along the North Crimean Channel and its relation to the depth of the *groundwater* **surface.** 097896
A correlation between forest phytocoenosis biomasses with **total** *groundwater* evaporation in Polesye. 098788

GROVES

Hedging and topping: growers have differing views **[Citrus** *groves].* 101105

GROWERS

Illinois fruit calendar for *growers* of **apples,** peaches [Insect pests]. 101103
Pollination [contracts]—a team effort [Alfalfa seed **crop** *growers,* beekeepers]. 103244
Hedging and topping: *growers* have **differing** views [Citrus groves]. 101105
Can the **fruit** *grower* be assured of an adequate supply of reliable orchard help? 094206
A *grower* **outlook** on caneberry markets. 094476
Big freeze. We now know more about the damage a hard freezedoes and what *growers* can do to **save** more trees [Apples, pears]. 101829
1976 weed, insect, and disease control guide for commercial **vegetable** *growers.* 101833

GROWTHS

Rate of *growth* and **activity** of oxidizing enzymes of different Fomes annosa strains [Pinus]. 101446
Inhibition of *growth* and **aflatoxin** production of Aspergillus parasiticus [Fungi] by citrus oils. 094940
Growth of **air-cured** tobacco and change of chemical property of newly reclaimed field on the tertiary-derived soil. 103713
Studies on Plover Cove Reservoir, Hong Kong. III. A comparison of the species composition of diatom floras on different substrates, and the effects of environmental factors on their *growth* **[Algae].** 098792
Comparison of the **algal** *growth* responses of Selenastrum capricornutum Printz and Anabaena flos-aquae (Lyngb.) De Brebisson in waters collected from Shagawa Lake, Minnesota. 099749
The effects of media modifications upon Selenastrum capricornutum in batch cultures **[Algal** *growth].* 099751
Application of algal assays to define the effects of wastewater effluents upon **algal** *growth* in multiple use river systems [for the control or prevention of eutrophication]. 104493
Growth and **alkaloid** production in suspension cultures of Datura metel L. anther. 099798
Influence of morphactin IT 3456 on the *growth* and **anatomic** structure of Vicia faba L. (Faba vulgaris Mnch.), variety 'Hangdown [Broadbeans]. 100055
Effect of ammonium to nitrate ratio on *growth* and **anthocyanin** development of perennial ryegrass [Lolium perenne] cultivars. 100063
Using rye in diets for assaying **antibiotic** *growth* promotion [Chickens]. 096736
Effect of microelements on the *growth* of **apple** trees in a nursery. 100498
Importance of coverage when **applying** *growth* retardant A-Rest [Azaleas]. 100420
The influence of extract of orange peel on the *growth* and **ascorbic** acid metabolism of young guinea-pigs. 096719
Light and the *growth* of **ash** [Fraxinus excelsior]. 098862
The growth physiology of coleoptiles in continuous-record vessels: anomalous kinetics of cycloheximide action on **auxin-controlled** *growth* [Wheat]. 100261
Relationship between changes in analytic procedures and **bacterial** *growth* in milk in farm and dairy tanks using continuous and discontinuous piping. 095606
Nonionic surfactant-soil interaction effects on **barley** *growth.* 100069
Intraspecific differences in *growth* of **beans** at stress levels of phosphorus. 100479
Effect of fungal staling growth products on *growth* **behaviour** of [lentil] rhizosphere microfungi [Trichoderma harzianum, Aspergillus flavus, Penicillium rubrum]. 099708
Influence of nitrogen fertilization level on the *growth* **behaviour** of Golden Delicious apple variety. 103950
Systems of soil management as influencing the *growth* **behaviour** of young apple trees. 104182
Assimilation of ammonia and *growth* of **biotin** deficient Aspergillus nidulans [Fungi]. 099707
Growth of **birch** [Betula] in field shelterbelts in the forest-steppe in the part of the Ukraine located to the west from the Dnieper River. 097895
Influence of various levels of zinc and phytate in the ration on *growth* and some **blood** components in Dokki-4 chicks. 096620
The effects of high environmental temperatures on fattening performance and *growth* of **boars.** 096735
Voluntary feed intake, *growth,* **body** composition and efficiency in the sheep: breed and sex differences. 096612
A comparison of the metabolic effects of **bovine** *growth* hormone and growth factor from Spirometra mansonoides on rat liver in vivo. 096475
Effect of late-season top dressing of N (and K) [nitrogen and potassium] applied to conifer [Picea sitchensis] transplants in the nursery on their survival and *growth* on **British** forest sites. 103964
Broiler *growth* promoting effect of a chemotherapeutic agent, BV 9391. 096412
Growth of **broilers** and quail fed Fusarium (Gibberella zeae)-infected corn and zearalenone (F-2). 096755
Calcium chloride for prevention of horn **bud** *growth* in calves. 097733
Plant protection during **cabbage** *growth.* 101945
Growth and **callus** formation of tissue cultures derived from various carrot organs studied on the cultivar Perfekcja. 100337
Plantlet morphogenesis and the control of **callus** *growth* and root induction of Phaseolus vulgaris [kidney beans] with the addition of a bean seed extract. 100617
Nutrition and somatomedin. I. Effect of fasting and refeeding on serum somatomedin activity and **cartilage** *growth* activity in rats. 095046
Food powers the *growth* at **Central** Soya [U.S. Foreign markets]. 094510
Regulation of *growth* **character** and productivity of potato under the mineral nutrition programming in hydroponics. 100609
Growth **characteristics** of Acer pseudoplatanus L. Cells grown in chemostat culture in the presence of urea alone as a source of nitrogen. 100674
Estimation of grain yield and *growth* **characters** of wheat by sampling. 100850
The occurrence and *growth* of **Clostridium** spp. In vacuum-packed bacon with particular reference to Clostridium perfringens (welchii) and Clostridium botulinum. 094877
The seasonal variations in *growth* of **Codiaeum** variegatum under greenhouse conditions. 100594
Effects of container density and plant water stress on *growth* and **cold** hardiness of Douglas-fir [Pseudotsuga menziesii] seedlings. 100635
Growth and **composition** of sudangrass [Sorghum sudanense] onhigh-calcium, low-magnesium soil. 100065
Diet and *growth* in **congenital** heart disease. 095190
The biology of mycorrhiza in the Ericaceae. VI. The effects of mycorrhizal infection and concentration of ammonium nitrogen on *growth* of **cranberry** (Vaccinium macrocarpon Ait.) in sand culture. 100515
Growth, **cytopathogenicity** and morphology of Mycoplasma gallisepticum and mycoplasma gallinarum in tracheal explants [Chick embryos]. 097397
Effect of CCC [chlorcholine chloride] upon *growth* of **Datura** metel L. 099731
Perspective on *growth* and **development** [Meat production]. 095714
The *growth* and **development** of small animal practice in the United States. 097170
Effect of presowing irradiation of the seeds of kenaf on its *growth,* **development** and productivity. 100326
Accuracy of band dendrometers [used to monitor changes in **diameter** *growth* of trees]. 098063
The effect of Fomes annosus infection on **diameter** *growth* ofPinus taeda L: an initial report. 101451
Site preparation improves survival and *growth* of **direct-seeded** pines [Pinus elliottii, Pinus taeda]. 098170
Ecological adaptations of salt marsh grass, Distichlis spicata (Gramineae), and environmental factors affecting its *growth* and **distribution.** 098761
Factors influencing the *growth* and **division** of pea mesophyll protoplasts. 100530
The effect of formic acid on the fermentation of ryegrass [Lolium] ensiled at different stages of *growth* and **dry** matter levels. 096014
Studies on the nitrogen metabolism in Satsuma mandarin orange trees. IV. Movements of proline in the leaves concurrent with the sprouting of spring shoots and their **early** *growth.* 100396

Fertilization effects on survival and **early** *growth* of planted loblolly pine [Pinus taeda] seedlings in the Ozarks. 100624
Identifying resource barriers to local **economy** *growth*. 094176
Milk protein quantity and quality in low-birthweight infants = 1. Metabolic responses and **effects** on *growth*. 095193
The potassium requirement for *growth* and **embryogenesis** in wild carrot [Daucus carota] suspension cultures. 099900
Studies on the effect of the alteration in the internal environment of poultry egg on **embryonic** *growth*. VI. Hatching weight and water content in chicks from partially albumen -removed eggs. 096571
Nitrate, ammonium and kinetin effects on *growth* and **enzyme** activities of Paul's Scarlet Rose callus. 100534
A comparison of the metabolic effects of bovine growth hormone and *growth* **factor** from Spirometra mansonoides on rat liver in vivo. 096475
Growth, *growth* **factors,** and cultivation of plants. 100019
A review of hormonal influence on *growth* and **fattening** of livestock. 095704
Genotype X fertilizer interactions in slash pine [Pinus elliottii elliottii]: *growth* and **[fertilizer]** nutrient relations. 103943
A sequential model of the farm **firm** *growth* process [Beef, computer simulation]. 094663
Effect of photoperiod and temperature on *growth* and **flowering** in Lagerstroemia indica L. 100586
Correlations between branch characteristics and production of female strobili in longleaf pine [Pinus palustris, conelets, *growth,* **flowering].** 100634
Production of antiserums in horses to mycoplasmas of bovine origin and their use in *growth-inhibition* and **fluorescent-antibody** tests. 097542
Influence of temperature, pH [hydrogen-ion concentration] and nutrients on the *growth* of **Fomes** annosus isolates [Pinus pinaster]. 101442
The effect of phytoncides, root and leaf extracts of some [woody] plants on the *growth* of **Fomes** annosus mycelium in culture. 101452
Effects of artificial shading on the *growth* of **forest** trees. II. Differences in growth of Pinus densiflora seedlings during a growing season under shading. 100652
Effect of inorganic fertilizers on the *growth* of the **forest** stand of the European planetree (Platanus orientalis L.) on slightley waterlogged soils from the Colchis Lowland. 104137
Growth **forms** of Astrophytum coahuilense (Moeller) Kayser. 099011
Growth **forms** of Opuntia compressa (Cactaceae) in Florida sandridge habitats. 100399
Fruit *growth,* dropping and quality of some seedy guava trees. 101044
Fruit *growth* and cracking in nectarines. 101922
Influences of certain plant factors on the *growth* and **fruiting** of the lower axillary shoot of Lycopersicon esculentum Mill [Tomatoes]. 100355
Studies on the influence of fungal communities of the soil affected with "lupine sickness" on the *growth* of the **fungus** Fusarium oxysporum Schl. [Pathogen of "damping off"]. 101580
Growth of **Fusarium** moniliforme [fungi] on carob aqueous extract and nutritional evaluation of its biomass [Rats]. 099513
Formation and *growth* of the **gastrointestinal** tract in swine during embryonic development. 096580
Embryonic and postnatal growth of rat and mouse. IV. Prenatal growth of organs and tissues: age determination, and **general** *growth* pattern. 096144
Wall hydroxyproline and *growth* of **georeactive** roots (Zea mays L.) [Maize]. 100180
Biological ativity of extracts from Calluna vulgaris (L.) Hull. on the *growth* and **germination** [of red clover and Phleum pratense seedlings]. 100080
The effect of certain fungicides on *growth* of **grapevines** in the nursery. 101429
Growth, **growth** factors, and cultivation of plants. 100019
Genetic behaviour of *growth* **habit** character and its relation with other agrinomic character in barley. 099060
Effect of maize density on the yield of bean varieties having different *growth* **habits.** 101049
Growth of **heart,** lungs and kidneys in the wild relatives of domestic sheep. 096583
Forcing tulips in various substrates and in boxes of varying **height** *[Growth].* 100589
Effects of the spectral composition of light sources on the *growth* of a **higher** plant [Impatiens parviflora]. 100000
Plasma insulin and *growth* **hormone** concentrations in pregnant sheep. I. Diurnal variations in mid and late pregnancy. 096844
Plasma insulin and *growth* **hormone** concentrations in pregnant sheep. II. Post-absorptive levels in mid and late pregnancy. 096845
How *growth* retardants affect seed Geranium varieties. 100560
Effect of sugar-factory effluent on the *growth* of **Hydrilla** verticillata Royle [Algae]. 104518
Immunoreactive *growth* hormone levels in pigs fed protein or energy restricted diets during the postweaning period. 096715
The time of **incipient** *growth* and [nitrogen] fertilization of grass. 100322
Can intensive cultural management **increase** *growth* of slash pine [Pinus elliottii]? 098103
Study of the morpho-physiology of the grapevine. III. Dynamics of *growth* of **individual** morphological structures of grape shoots relative to the onset and course of the cycle of organogenesis. 098979
Industrial *growth* and its harmful influence on apiculture. 103224
Isolation, identification and biological activities of *growth* **inhibitors** in peanut. 100058
Effects of gravity on the *growth* **inhibitors** of geo-stimulated roots of Zea mays L. [Maize]. 100286
Water status and *growth* **initiation** in Populus. 100661
Activity of **insect** *growth* regulators (juvenile hormone analogues) against the cotton bollworm, Heliothis armigera Hbn. (Lepidoptera; Noctuidae) [Integrated control programmes]. 102375
Sensitivity to **insect** *growth* regulators (juvenile hormone analogues) in insecticide-resistant and susceptible stains of [Egyptian cotton leafworm] Spodoptera littoralis (Boisd.). 102376
Control of house fly [Musca domestica] and stable fly [Stomoxys calcitrans] breeding in rhinoceros dung with an **insect** *growth* regulator used as a feed additive. 102597
Stimulation of *growth* by **insulin** in Drosophila enbryonic cells in vitro. 102936
Method of forecasting a yield considering the *growth* **intensity** of plantings and the quality of products in commercial viticulture. 100455
Growth of **Japanese** cedar (Cryptomeria japonica Don.) in windbreaking shelterbelts in the Colchis Lowland. 098055
Effect of gamma rays on *growth* and **karyokinetic** activity in Trigonella foenum-graecum L. 099157
The effect of dietary protein concentration on the *growth* of **kids.** 096666
Morphogenesis and *growth* **kinetics** of Geotrichum candidum [Fungi] in continuous culture. 100028
Comparison of three parameters about relationships between milk and *growth* of **lambs** of the Merino campinesa breed. 096218
Aboveground biomass allocation, **leaf** *growth,* and photosynthesis patterns in tundra plant forms in arctic Alaska. 098834
The influence of chlorocholine chloride (CCC) on the *growth* and **leaf** pigment content of Phaseolus vulgaris L. [Kidney beans, mustard] and Sinapis alba L. 100364
Study of the **lignin** *growth* stimulator effect on the Druzhbatomato variety. 100443
Growth of **loblolly** pine [Pinus taeda] from variously selected parents [Cronartium fusiforme, rust]. 098166
Growth of **locust** [Robinia pseudoacacia], elm [Ulmus] and poplar [Populus] in protective plantings along the North Crimean Channel and its relation to the depth of the groundwater surface. 097896
Peculiarities of **maize** *growth* and development as related to the application of fertilizers. 100128
Nematodes and **maize** *growth* in Nigeria. II. Effects of some amendments on populations of Pratylenchus brachyurus and on the growth and production of maize (Zea mays) in Nigeria. 101973
Culture studies on the effects from borate pollution on the *growth* of **marine** phytoplankters [Algae]. 104534
Composition of free intracelular amino acids in Cunninghamella elegans [Fungi] during its *growth* on **media** with hydrocarbons. 099859
Effect of feeding a carbohydrate-free diet on the *growth* and **metabolism** of preruminant kids. 096657
P [phosphorus] fertility and mixed salinity on *growth* and Ca, **Mg,** Na, P and Cl [calcium, magnesium, sodium, phosphorus, chlorine] concentrations of tomato, corn, and sudan grass [Sorghum sudannese] grown in sand culture. 099676
Effects of treating a peach orchard soil by chloropicrine or fumigation on the *growth* and **mineral** composition of ryegrass [Lolium] and peach trees planted in this soil [Nematode control]. 099460
Effect of salts on the *growth* and **mineral** nutrition of cabbage (Brassica oleracea) in soil and sand culture. 100556
Effect of light regulation in fur development and *growth* in **mink.** 096476
Effect of tetrahydroquinoline derivatives on the *growth* of **mold** fungi [Aspergillus niger, Aspergillus fumigatus, Penicillium cyclopium]. II. N-alkyl substituted THQ and their nitro derivatives. 099870
Soil water extraction by, and *growth* of, **multi-row** windbreaks [Tree and shrub species]. 104216
Postnatal **muscle** *growth* [Animals]. 095715
Germination of spores and *growth* of **mycelia** in wood extracts of different individuals of Picea abies. 101440
Hypoxylon mammatum ascospore germination and **mycelial** *growth* on bark and wood media from young branches of trembling aspen [Populus tremuloides]. 101377
The influence of soil biological factors on the **mycelial** *growth* of Fomes annosus [Trees]. 101453
Effects of mulching materials on the *growth* of **Narcissus,** 1969-1973. 101264
Dormancy, *growth,* and their **natural** regulators in buds and seeds of Karelian birch [Retula verrucosa]. 100683
Canine inslinoma **[neoplastic** *growth* of the Beta cells of the pancreas]. 097728
Nerve *growth* in cockroaches (Periplaneta americana) with rotated **ganglia.** 102932
Growth of **new** follicles following electrocautery in four genetic groups of swine. 096933
Growth and **nitrogen** retention of children consuming all of the day's protein intake in one meal. 094991
Effects of salt stress on *growth,* **nodulation** and nitrogen fixation in cowpea and mung beans. 102006
Effect of Heterosigma inlandica Hada, Hemieutreptia antiqua Hada and Eutrekptiella sp. on the *growth* of **Nori** (Porphyra) [Algae] in culture. I. 099589
Residual Zn [zinc] availability related to *growth* and **nutrient** gradients in corn. 100071
A possible role of hydroxyproline-protein in **oxygen-sensitive** *growth* [Oats]. 100270
Effect of hexachlorobenzene on some *growth* **parameters** of chlorella pyrenoidosa [Algae]. 101866
Environment-dependent logistic equations applied to natural **pasture** *growth* curves. 100059
Ecological studies on burley tobacco in Japan and Korea. III. *Growth* **pattern,** yield and quality of burley tobaccos grown at five locations in 1974. 100742
Growth **peculiarities** of plum shoots in the foothill region of Crimea. 100388
Stimulation of *growth* of **pepermint** (Mentha piperita) by phosfon, a growth retardant. 099898
Amino acid nutrition of some commercial cheese whey starters in relation to their *growth* in **peptone-supplemented** whey media. 095577
Growth of **perennial** ryegrass (Lolium perenne L.) exposed to a low concentration of sulphur dioxide [Atmospheric pollutant]. 101927
The *growth* **physiology** of coleoptiles in continuous-record vessels: anomalous kinetics of cycloheximide action on auxin-controlled growth [Wheat]. 100261
Factors influencing **phytoplankton** *growth* and succession in Farmoor Reservoir [Algae]. 099724
Growth of the **pig:** changes in red cell and plasma volumes. 096367
Growth of **pine** [Pinus thunbergii] and birch [Betula platyphylla var. japonica] seedlings under lights with different spectral compositions and intensities. 100653
Dependence between the content of nutrients in the needles and the *growth* of **pine** trees. 100655
Effects of artificial shading on the growth of forest trees. II. Differences in *growth* of **Pinus** densiflora seedlings during a growing season under shading. 100652
Succinic acid 2,2-dimethylhydrazide [Daminozide, **plant** *growth* regulators, residue analysis]. 099488
Gibberellin bioassays [Effects on **plant** *growth* and development]. 099776
The morphological, anatomical and cytological effects of gibberellins **[Plant** *growth* and development, promotion of stem elongation]. 099785
Soil temperature and **plant** *growth* in the northern Great Plains. 099788
Plant *growth-regulating* activities of batatasin III [isolated from dormant yam bulbils] analogues. 099923
Mechanism of **plant** *growth* stimulation by naphthenic acid. II. Enzymes of CO2 [carbon dioxide] fixation, CO2 compensation point [kidney] bean embryo respiration [Maize, wheat, sugarbeet]. 099947
Shoot and root activities during steady-state **plant** *growth* [Wheat]. 100096
Ancymidol **[Plant** *growth* regulators, ornamental plants]. 100353
Studies on the distribution of 14C [carbon isotope]-malformin A [a potent **plant** *growth* regulator produced by the fungus Aspergillus niger] in major fractions of Phaseolus vulgaris L. [Kidney beans]. 100543
Comparative study of **plant** *growth* in the rice double cropping system of Kedah State, West Malaysia. 100959
Plant *growth* lighting [in greenhouses]—an opportunity for you. 101204
Production in culture of **plant** *growth* regulating substances by Calonectria rigiduscula f. sp. theobromae [cause of galls in cacao]. 101535
Computed leaching of pesticides from soil as influenced by high rainfall, **plant** *growth* and time of application. 102622
Soil reflection coefficient and its consequences for soil temperature and **plant** *growth* [Radiation balance]. 103833
Proper cultivation needed for good survival and *growth* of **planted** cottonwood [Populus deltoides]. 098169
Effects of substances of a cytokinin nature on *growth* of **plants** and accumulation of nutritive elements in them [Pumpkins]. 100576
Decreased dietary protein or energy intake and **plasma** *growth* hormone levels of the pregnant pig, its fetuses and developing progeny. 096713
The *growth* of **Plasmopara** [halstedii] in susceptible and resistant sunflower plants. 101392
Light induction of **polar** *growth* in enucleated fragments of Acetabularia mediterranea [Algae]. 099984
The influence of maintenance measures on the vitality and *growth* of **poplars** [Populus] in Madagascar. 098074
Empirical analysis of variable temperature regimes on life stage development and **population** *growth* of tetranychus mcdanieli (Acarina: Tetranychidae) [Fruit pests]. 102794
Microbiological studies of Porphyra plants. IV. On the relation between the *growth* of the **Porphyra** plants [Algae] cultivated in the sea and the bacterial flora accompaying the plants [Symbiosis]. 098779
Tracer experiments on the effect of micronutrients on the *growth* of **Porphyra** [Algae] plants. II. Manganese-54 and zinc-65 assimilation in relation to environmental factors. 099590

Embryonic and **postnatal** *growth* of rat and mouse. IV. Prenatal growth of organs and tissues: age determination, and general growth pattern. 096144
Characterization of biological types of cattle. II. **Postweaning** *growth* and feed efficiency of steers. 096696
Characterization of biological types of cattle. IV. **Postweaning** *growth* and puberty of heifers [by breed groups]. 096929
Embryonic and postnatal growth of rat and mouse. IV. **Prenatal** *growth* of organs and tissues: age determination, and general growth pattern. 096144
Characterization of biological types of cattle. I. Dystocia and **preweaning** *growth.* 096417
Regularities of *growth* **processes** and the productivity of farm crops [Breeding for higher yield]. 099258
Comparison of logistic and Gompertz functions and questionsof prognostication of *growth* **processes** [Plants]. 100038
Simulation of *growth* and **production** in sheep—model 1: A computer program to estimate energy and nitrogen utilisation, body composition and empty liveweight change, day by day forsheep of any age. 096611
Selection criteria for intensive market lamb **production** *growth* traits. 096935
Nematodes and maize growth in Nigeria. II. Effects of some amendments on populations of Pratylenchus brachyurus and on the *growth* and **production** of maize (Zea mays) in Nigeria. 101973
The effect of partial or complete replacement of farmyard manure on the *growth* and **production** of Cavendish banana. 103871
Growth and **productivity** of spruce [Picea] plantings of forest and agricultural soils. 097986
Growth and **productivity** of leaf surface of the bolgar [grape] variety relative to stem height. 100435
Studies on the *growth* and **productivity** of some raspberry varieties. 101155
Phenolics and indol derivatives as preselection indices for the *growth* of **Prunus** trees. 100616
Variability of *growth* and **quality** of Terminalia ivorensis wood; correlations between characters; evoluation of width ofage-rings and density components in function of age. 097965
Growth of **races** 38 and 17, Puccinia graminis f. Sp. Tritici, on artificial media. 101376
Effect of aldicarb on *growth* and **radio-carbon** (14C) and radio-phosphorus (32P) assimilation by Rhizobium japonicum. 102745
A study of heat tolerance, *growth* **rate** and the onset of puberty in Brahman, Santa Gertrudis and Hereford heifers in a humid tropical climate: Fiji. 096362
Effect of feeding treated groundnut-cake with urea-molassesimpregnated wheat straw on *growth* **rate** and utilization of nutrients in Nali lambs. 096684
Growth **rate** of young spruce [Picea] stands of artificial origin. 097987
The *growth* **rate** of spruce [Picea] stands. 097990
Effect of temperature on *growth* **rate** and survival of Fomes annosus in western hemlock [Tsuga heterophylla] stumps. 098235
The relation between *growth* **rate** and life span in Triboliumcastaneum and Drosophila melanogaster. 102857
Growth **rates** of eighty scotch pine [Pinus sylvestris] populations at fourteen years in Maryland. 098124
The influence of daylength, light intensity and temperature on the *growth* **rates** of planktonic blue-green algae. 099582
Increased trade—**reduced** *growth.* 094576
Variety-growth **regulator** effects on pecan rootstocks. 100509
Sex differentiation in oil palm [Elaeis guineensis]: effects of *growth* **regulators.** 099323
Effect of the D.L. Abscisin (Dormin) and other *growth* **regulators** on germination, growth and yield of corn and sorghum. 100083
Factors affecting the flowering of Andropogon gayanus Kunth. Responses to photoperiod, temperature and *growth* **regulators.** 100093
Use of chlormequat in grain fields *[Growth* **regulators].** 100236
A-Rest as a substitute for B-Nine in pot Chrysanthemum height control *[Growth* **regulators].** 100419
Cleridendron thomasoniae, Southern Bleeding Heart, tropical vine to pot plant *[Growth* **regulators].** 100451
Effect of SADH [succinic acid-2,2-dimethylhydrazide] and ethephon on Crossandra infundibuliformis 'Mona Wallhed' *[Growth* **regulators].** 100588
Growth **regulators** for fruit trees. IV. The effect of SADH [succinic acid-2,2-dimethylhydrazide] on the apple cultivar 'Cortland'. 100590
Growth **regulators** on young pear trees for earlier production. 101060
Use of *growth* **regulators** in stone fruit production. 101064
Analytical study of *growth* and **reproduction** in Amaranthus spinosus L. subjected to stress from reduced light intensities. 102123
Survival, *growth,* and **resistance** to chestnut blight [Endothia parasitica] of chestnut hybrids and selected families of Chinese chestnut, 20 years after establishment. 101589
Yield and *growth* **responses** of [orchid hybrid] Aranda Wendy Scott [variety] to manurial treatments with NPK [nitrogen, phosphorus, potassium] and sawdust mulch. 104136
Stimulation of growth of pepermint (Mentha piperita) by phosfon, a *growth* **retardant.** 099898
Investigations into the uptake, translocation and residue dynamics on the *growth* **retardant** B-9 (succinic acid dimethylhydrazide) with the 'Altenburger Melonenkursche' cherry variety. 100362
Functional significance of *growth* **retardation** in malnutrition. 094990
Some conditions favouring the production of *growth* **rings** in Graphium Putredinis [Fungi]. 100033
Root *growth* in cowpea (vigna unguiculata (L.) Walp.) seedlings. 100605
Seasonal patterns of **root** *growth* capacity in western yellow pines [Pinus]. 100680
Effects of soil environment on **root** *growth* of agricultural crops in prairie soils. 103758
Soil temperatures and *growth* of **rooted** cuttings of radiata pine [Pinus radiata]. 100660
Effect of root temperature on *growth* and **seed** yield in cowpea (Vigna unguiculata). 100408
Seedling *growth* of crownvetch [Coronilla varia], Ladino clover, and alfalfa under shade. 100072
Seedling *growth* of four grasses [Lolium perenne, Festuca arundinaceae, Holcus lanatus, Poa trivialis]. 100218
A comparison of apple and pear seedlings with reference to the juvenile period. I. **Seedling** *growth* and yield. 100407
Studies on grafting chestnuts (Castanea sativa Mill.) in the nursery. I. *Growth* of **seedlings** and time of grafting on dormant buds. 101153
Growth of some **selected** exotic firs (Abies spp.) over threegrowing seasons in Wolcott, Vermont. 100678
Growth in **sheep.** Pre- and post-weaning hormone changes and muscle and liver development. 096418
Role of gibberellins in root and **shoot** *growth.* 099781
Dynamics of *growth* of **shoots** and ripening of grapes in separate stages of ontogeny. 100428
Studies on the *growth* of the **silkworm,** Bombyx mori L. V. Racial differences of the relative increase in body weight and silk gland weight in the fifth instar larvae. 103280
The effects of various intensities of light on the *growth* of four **sources** of black cherry. 100679
Soybean *growth* and composition as affected by K, Ca, and Mg [potassium, calcuim, magnesium] rates and corn rotation. 100161
Influence of **specific** *growth* rate on biomass yield, productivity, and composition of Candida utilis [yeast] in batch and continuous culture. 099514
Growth and **sporulation** of Pyricularia oryzae Cav. On different carbon/nitrogen ratios in a synthetic medium, the rice blast causing agent. 101628
Effect of different hormones on the *growth* and **sporulaton** of Botryodiplodia theobromaee Pat. in culture [Fungi]. 099977
About the effect of the direction of the rows on the *growth* of **spruce** stands. 098137
Heterogeneity of Staphylococcus aureus enterotoxin B as a function of *growth* **stage:** implications for surveillance of foods [Bacterial contamination]. 094807
Studies on chemical quality and feeding value of Italian ryegrass [Lolium multiflorum] silage. I. Influence of *growth* **stage** of Italian ryegrass on fermentative quality and and feeding value of silage [Dairy cattle]. 095999
Variations in cellulose content of hemp during its *growth* **stage.** 100143
Comparison of irrigation schedules based on pan evaporation and *growth* **stages** in winter wheat. 104251
Effect of fungal **staling** *growth* products on growth behaviour of [lentil] rhizosphere microfungi [Trichoderma harzianum, Aspergillus flavus, Penicillium rubrum]. 099708
Standard *growth* of Euphorbia pulcherrima 'Annette Hegg' with natural daylength. 100593
Effects of decomposition rate of compost materials on the change of organic and inorganic substances and *growth* **status** of Chinese cabbage. 104127
Evaluation of protein quality of mixtures based on sunflower meal through rat assays. I. *Growth* **studies.** 095095
Effects of *growth* **substances** on the sunflower in the greenhouse and in the field. 100163
Alteration of sowing qualities of cotton seeds as effected by butyric acid derivatives *[Growth* **substances].** 100222
Effect of *growth* **substances** on fruit-set in a partly self-incompatible olive cultivar [Variety]. 100472
Effects of periods of drought during different phases of *growth* of **sunflower** (Helianthus annuus L.) cultivated in the greenhouse. 100164
Sources of nitrogen **supporting** *growth* and embryogenesis in cultured wild carrot [Daucus carota] tissue. 100536
Synthetical *growth* substances for plants (analytical review). 099849
Deleterious effects of copulation in Drosophila females as a function of *growth* **temperature** of both sexes. 102928
Effect of three nematicidal soil treatments on the *growth* of **tobacco** plants. 100246
Growth of **tobacco** in the field as affected by removal of leaves at transplanting. 100743
The influence of atmospheric gases on *growth* and **toxin** production of sterigmatocystin and patulin-producing molds. 094947
Selection criteria for intensive market lamb production: carcass and *growth* **traits.** 096936
Relations between **tree** *growth* and climate in aleppo pines (Pinus halepensis Mill.). 100665
Control by the embryosac over pollen **tube** *growth* in the style of the avocado (Persea americana Mill.). 100514
Influence of hormonal treatments on the *growth* of **two** halophytic species of Suaeda. 099475
The effect of gibberellin on change of some traits in forms of barley with different **types** of *growth.* 100331
Seasonal variation in the production time of Codiaeum **variegatum** *[Growth].* 100592
Pigment changes and photosynthetic rates under selected wavelengths in the growing tips of Eucheuma isiforme (C. Agardh) J. Agardh var denudatum Cheney during **vegetative** *growth* [Algae]. 099581
Vegetative *growth* of nineteen tropical and sub-tropical pasture grasses and legumes in relation to temperature. 100328
Effects of air and soil temperatures on **vegetative** *growth* of citrus [Oranges]. 100473
Study of the **vegetative** *growth* and sporulation of Pyricularia oryzae Cavara in different culture media. 101631
Vegetative *growth,* yield and quality of cauliflowers relative to [the application of] mineral fertilizers. 103951
Relationship of nitrogen nutriton of 'Early Black' cranberry to **vegetative** *growth,* fruit yield and quality. 104038
The effect of Bacillus subtilis and Penicillium patulum on in **vitro** *growth* and pathogenicity of Rhizoctonia solani and Phytophthora cryptogea. 101699
Nitrogen and Italian ryegrass [Lolium multiflorum]. 3. *Growth* up to 14 **weeks:** yields, proportions, digestibilities and nitrogen contents of crop fractions, and tiller populations. 100217
Effect of the D.L. Abscisin (Dormin) and other growth regulators on germination, *growth* and **yield** of corn and sorghum. 100083
Ecological studies on burley tobacco in Japan and Korea. II. *Growth,* **yield** and quality of some burley tobacco varieties grown at different locations. 100741
Effect of inter- and intrarow spacings on the *growth* and **yield** of soybean. 100838
Effect of varying plant density on *growth,* **yield** and pest incidence in cotton. 100848
Studies on the effect of sowing date and seed-rate on the *growth* and **yield** of wheat, 'Kalyansona'. 100868
Effect of pre-soaking of sunflower seeds in water on the *growth* and **yield** of sunflower. 100919
[Wind] barrier-induced microclimate and its influence on *growth* and **yield** of winter wheat. 100942
Effects of weed control method and rootstock on flowering, *growth* and **yield** of apple. 102125
Effect of time of application of nitrogen on the *growth* and **yield** of dwarf wheat varieties. 103987
Effect of water regimes, levels and methods of nitrogen application on *growth* and **yield** of rice. 103988
Studies on the yield increase of hop in Gang Won-Do. I. The effects of potassium on the *growth* and **yield.** 104130
Effect of mulches on the *growth* and **yield** of rabi crops in the Mahanadi delta. 104198
The effects of soil physical improvement by subsoiling on the *growth* and **yield** of apple. 104224
Growth of **young** silkworm caterpillars feeding on the leaves of the Chinese elms Ulmus pumila L. and Ulmus parvifolia Jacq. 103253

GRUBS
Control of **grass** *grub* through agronomic practices [Insect pests in pasture]. 102355

GRYLLIDAE
Functional characteristics of two central auditory neurons of the cricket [Gryllus bimaculatus] **(Orthoptera,** *Gryllidae).* 103053

GRYLLUS
Functional characteristics of two central auditory neurons of the cricket *[Gryllus* **bimaculatus]** (Orthoptera, Gryllidae). 103053
The spectrum of the calling signals, phonotaxis, and the auditory system in the **cricket** *Gryllus* bimaculatus. 102977
Models of two types of auditory interneurons in the **cricket** *(Gryllus* bimaculatus Deg.). 103051

GUANIDINES
Bovine factor Xa and bovine trypsin: a comparison with respect to inhibition by some **amidines** and *guanidines.* 096210

GUANOSINE
Isolation of stimulatory modulator of *guanosine* **3':5'-monophosphate-dependent** protein kinase from mammalian heart devoid of inhibitory modulator of adenosine 3':5'-monophosphate-dependent protein kinase [Dogs]. 096425
Guanosine **3':5'-monophosphate-dependent** protein kinase from silkworm [Bombyx mori], properties of a catalytic fragment obtained by limited proteolysis. 103246
Non-methylated *guanosine* as the 5' terminus of capped mRNA from insect oocytes [Manduca sexta]. 102831

GUAR
The effect of sample and mesh size on micro-Kjeldahl nitrogen determination **[Wheat,** *guar].* 104031

GUAVAS
Fruit growth, dropping and quality of some **seedy** *guava* trees. 101044

GULLIES
Vegetation associated with kakapo (Strigops habroptilus Gray) in **Sinbad** *Gully,* Fiordland, New Zealand. 098827

Application of fertilizers and the productivity of herbaceous plants in the establishment of a vegetation cover on *gully* **slopes.** 103903

GUM
An unusual **black** *gum* [Nyssa sylvatica] swamp in Maine. 098847
Composition and activity of the peroxidases in the *gum,* **leaves** and bark of Fagara [Zanthoxylum] coco of different ages. 100628
Structural investigation of lac resin. X. Structure and stereo-chemistry of methyl laccolate gamma-lactone and its epimer [obtained by esterification of the *gum* **resulting** from the alkaline fission of shellac]. 098289
Colonial variation in Xanthomonas campestris NRRL B-1459 and characterization of the polysaccharide from a variant strain [**Xanthan** *gum* production]. 095421

GYMNOCALYCIUM
Five distinctive **Gymnocalyciums** *[Gymnocalycium].* 098667

GYMNOSPERMS
Differential resource utilization by the sexes of dioecious plants *[Gymnosperms* and **angiosperms].** 098714
Behaviour of isolated cells from **two** *gymnosperms,* cultured in vitro: Taxus baccata L. and Pinus pinaster Sol. 100629

GYNANDROMORPHISM
A *gynandromorph* of **Agrotis** segetum (Denis & Schiff.) (Lepidoptera: Noctuidae). 102971
The use of 'normal' and **'transformed'** *gynandromorphs* in mapping the primordial germ cells and the gonadal mesoderm in Drosophila. 102970

GYNECOLOGY
A new basis for the treatment of *gynecological* **disorders** in the bitch. 097749

GYNODIOECISM
Infraspecific polyploidy and *gynodioecism* in **Ptilotus** obovatus (Amaranthaceae). 099073

GYPSUM
Gypsum **requirement** of sodic soils and waters. 103869

GYRINIDAE
Physiological activity of water beetle [Dytiscidae, *Gyrinidae,* **Coleoptera]** defensive agents. I. Toxocity and anesthetic activity of steroids and norsesquiterpenes administered in solution to the minnow Pimephales promelas Raf. 102965
Physiological activity of water beetle [Dytiscidae, *Gyrinidae]* **defensive** agents. II. Absorption of selected anesthetic steroids and norsesquiterpenes across gill membranes of the minnow Pimephales promelas Raf. 102966

GYROMITRA
Tests for gyromitrin, a poisonous compound in false morel [mushroom] *Gyromitra* **esculenta.** 094946

GYROMITRIN
Tests for *gyromitrin,* a **poisonous** compound in false morel [mushroom] Gyromitra esculenta. 094946

HABITATS
Contamination of the *habitat* and **animals** with chloroorganic insecticides, chlorodiphenyls and mercury. 102661
Certain features of the population structure of English oak[Quercus robur] in the conditions of the northeastern part of its *habitat* **area.** 098149
Aquatic and littoral vegetation of the lakes near Ostrow Lubelski against the background of *habitat* **conditions.** 098764
Occurrence and distribution of drug resistant enterobacteria [Escherichia coli] in extra **enteral** *habitats* [Food contamination, pollution]. 094892
Algal lysing agents of **freshwater** *habitats* [Eutrophication]. 104641
Discriminant function analysis: a possible aid in determining the impact of forest management on woodpecker **nesting** *habitat.* 097982
New *habitats* and literature on Stropharia rugosoannlata Farlow ex Murr. [Fungi]. 098741
Habitat and **phenetic** variation in Phymata americana Melin (Heteroptera: Phymatidae). II. Climate and temporal variation in color pattern. 103201
Survey on the distribution and environment at the *habitat* of the **[pine** mushroom] Tricholoma matsutake (Ito et Imai) Sing. in Korea. 098845
Distribution and *habitat* **preference** of Etheostoma histrio in Kentucky. 098840
Seasonal abundance, diel periodicity and *habitat* **preference** of the striped earwig Labidura riparia in the coastal plainof South Carolina [Potential predator of insect pests, Spodoptera littoralis, soybeans, corn, cotton]. 102282
Growth forms of Opuntia compressa (Cactaceae) in Florida **sandridge** *habitats.* 100399
The experience of developing a forest typology basis for a forestry according to data of mapping types of *habitat* and **sois.** 098051
[Forest] land capability assessment by *habitat* **types.** 098044

HABITS
Elasticities of demand for food: an analysis using non-additive utility functions allowing for *habit* **formation.** 094607
Ecological differentiation in the flowering and **fruiting** *habits* of Amphicarpaea edgeworthii in Japan. 099837
Genetic behaviour of **growth** *habit* character and its relation with other agrinomic character in barley. 099060
Effect of maize density on the yield of bean varieties having different **growth** *habits.* 101049
Ecological studies on the control of broad leaf dock, Rumexobtusifolius L., in the grassland. II. Some properties of **regrowing** *habits.* 102091

HACKELIA
A revision of the **genus** *Hackelia* (Boraginaceae) in North America, North of Mexico [New taxa]. 098655

HADENA
Prevention of superparasitation of Melandrium [album] flowers (Caryophyllaceae) by *Hadena* **[bicruris]** (Lepidoptera). 103060

HAEMAPHYSALIS
Differential variation of parthenogenetic and **bisexual** *Haemaphysalis* longicornis (Acari: Ixodidae). 102593
Isolation of Langat virus from *Haemaphysalis* **papuana** Thorell in Thailand. 102549
The seasonal incidence of exodid ticks [Insect vectors of protozoan diseases of cattle, piroplasms, Ixodes ricinus, *Haemaphysalis* **punctata].** 102613
Ultrastructure of Babesia major in the **tick** *Haemaphysalis* punctata [Calves]. 097609

HAIR
Histochemical study of the stalked **glandular** *hairs* of the female Cannabis plants, using fast blue salt. 099935
Trapping of the spider mite Tetranychus urticae by **glandular** *hairs* on the wild potato Solanum berthaultii. 102459

HALICTIDAE
Biology of Siteroptes cerealium Kirchner (Acarina, Pyemotidae), associated with sweet bees nests, Halictus senilis Ev. **(Hymenoptera,** *Halictidae).* 102790
Mating behaviour in halictine bees (Hymenoptera: *halictidae).* II. **Microterritorial** and patrolling behavior in males of Lasioglossum robweri. 103125

HALICTUS
Biology of Siteroptes cerealium Kirchner (Acarina, Pyemotidae), associated with sweet bees nests, *Halictus* **senilis** Ev. (Hymenoptera, Halictidae). 102790

HALLUCINOGENS
Indole alkaloids in **plant** *hallucinogens.* 099936

HALOGENS
Nickel-catalyzed hydrogenation: a study of the poisoning effect of *halogen-containing* **compounds** [Mackerel oil]. 095468
Volatile *halogen* compounds in the alga Asparagopsis taxiformis (Rhodophyta) [Essential oil]. 095462

HALOPHYTES
Effect of salinity on the photosynthesis of the *halophyte* **Salicornia** rubra and Distichlis stricta. 099893

HALOTHANE
Pale watery pig meat [pale soft exudative muscle]. Animals likely to produce this can be detected by their reaction to the **anaesthetic** *halothane.* 097759
The influence of hepatic microsomal amidopyrine demethylase activity on *halothane* **hepatotoxicity** in the horse. 097817
Halothane-induced **rigidity** and associated glycolytic and energy phosphate changes in red and white fibres of skeletal muscle of the pig. 096437

HAM
Studies on biomass accumulation of Nepeta **ruderalis** *Buch-Ham,* a common weed of winter season. 102089

HAMADRYAS
Brood burrow construction and brood care by Heliocopris japetus (Klug) and **Heliocopris** *hamadryas* (Fabricius) (Coleoptera, Scarabaeidae). 102912

HAMSTERS
Regulation of the utilization of exogenous thyumidine by cells of the **Chinese** *hamster* in vitro. I. Inhibition of thymidine utilization under the action of extracts from cells in different stages of the cell-divison cycle. 096487
The role of ATP [adenosine triphosphate] in the repair of DNA of gamma-irradiated **Chinese** *hamster* cells. 096531
Radioprotective effect of F-57 preparation in the cell culture of the **Chinese** *hamster* [Mutations]. 096922
Histochemical studies on steroid dehydrogenases in *hamster* **eggs** during the early development. 096974
Effect of dietary fibre on gallstone **formation** in *hamsters.* 097773
Spina bifida, exencephaly, and cranial bleb produced **im** *hamsters* by the solanum alkaloid solasodine [Teratogenesis]. 097852
A comparison of the acquired resistance to Dipetalonema viteae stimulated in *hamsters* by **trickle** versus tertiary infections. 097636

HAND
New spraying techniques for field crops [by using a *hand-carried,* **battery** operated, spinning disc sprayer]. 103646
Students of the Department of Automotive, Agricultural and Conveying **Engineering** *hand* over valuable research results to industry [Field and soil equipment, East Germany]. 103645
A *hand-operated* **fluid** drill for small plot experiments. 103427
Chemical reagents in the *hand* of the **mycologist.** 2. Some dyes for microscopic study [of fungi]. 099056
Hand **skeletal** development among Ecuadorians living under conditions of iodine deficiency and endemic goiter. 095077
Size prediction of apples and pears—to *hand* **thin** or not to thin [Culture]. 101062
Use your *hand* **tools** correctly! [Fruit culture]. 103435

HANDBOOKS
Dairy systems **analysis** *handbook* [on labor use, investments, and costs and returns]. 094195

HAPLOIDS
Protoplast regeneration and stem embryogenesis of *haploid* **androgenetic** rape. 100240
Ultrastructure of cell division in Cladophora: Pregametangial cel division in the *haploid* **generation** of Cladophora flexuosa [Algae]. 098931
Induced androgenesis in vitro—a new method for **obtaining** *haploid* plants. 099404
Some studies on the induction of *haploid* **parthenogensis** in maize. 099063
In vitro production of *haploid* **plants** from anthers of nicotiana tabacum [tobacco] cultivar Goiano-IAC-70. 099120
Note on the first **spontaneous** *haploids* found in Coffea canephora var. robusta [Coffee]. 099132
Doubling of the chromosome number of **tobacco** *haploids* in tissue culture. 099399

HAPLOTHRIPS
Varietal resistance of winter wheat to thrips *[Haplothrips* **tritici].** 102316

HAPTOGLOBIN
Purification and structure of **sheep** *haptoglobin.* 096356

HARDBOARD
A study of plate shear strength on plate of plywood, particleboard and *hardboard* with a **hole.** 098409
High-frequency pressing of **phenolic-bonded** *hardboards.* 098223

HARDENING
On the mechanization of the process of **presowing** *hardening* of grain crops against drought [Pneumatic tansporter]. 103594
Effect of chlorocholine chloride on energy metabolism and the state of water in winter wheat during the **process** of *hardening.* 100312
Nature of the change of the component composition of histones as a result of *hardening* **winter** wheat to frost and the effect of drought. 100309

HARDINESS
Effects of evaporative cooling during dormancy on 'Redhaven' peach wood and fruit **bud** *hardiness.* 100474
Effects of container density and plant water stress on growth and **cold** *hardiness* of Douglas-fir [Pseudotsuga menziesii] seedlings. 100635
Relationship between black locust [Robinia pseudoacacia] seedling age and induction of **cold** *hardiness.* 100637
Comparative *hardiness* of flower buds and blossoms of some almond genotypes in relation to time of bloom and leafing. 100471
Studies on **frost** *hardiness* in Chlorella ellipsoidea. I. Development of frost hardiness of Chlorella ellipsoidea [Algae] in synchronous culture. 099928
Carbohydrate metabolism and **frost** *hardiness* in pine and spruce [Pinus sylvestris, Picea abies] seedlings grown at differnt photoperiods and thermoperiods [Injuries]. 100666
How *hardy* are seed potatoes this year? 095938
Winter *hardiness* of some Triticale from the world collection of the All-Union Institute of Plant Industry. 099397
Dynamics of phosphorus-containing substances and **winter** *hardiness* of amygdalaceous fruit cultures. 100573

HARDNESS
Big freeze. We now know more about the damage a *hard* **freezedoes** and what growers can do to save more trees [Apples, pears]. 101829

Analytical **notes**—*hard-* vs soft-water effects on the transfer of metallic ions from intestine. 104329
Rheological properties amino acid composition and bread quality of *hard* **red** winter wheat, rye and triticale. 095770
Baking studies on the pin-milled and air-classified flour from four *hard* **red** spring wheat varieties. 095780
Frequency and moisture dependence of the dielectric properties of *hard* **red** winter wheat. 100215
Studies of **rind** *hardness* in sugarcane [Diatraea saccharalisresistance]. 102340
Effects of moisture on the *hardness* of **selected** commercial wood-base panel materials. 098220
Morphometric microdensity studies of *hard* **tissue** sections, utilising optical density contour maps and associated area co-ordinated computerised data [Cats, bone]. 096382
Effects of **water** *hardness,* phosphorus concentration and sample pretreatment on the algal assay procedure—bottle test [using Selenastrum capricornutum]. 099750
Health and economic aspects of **water** *hardness* and corrosiveness. 104332
Roughrider: a winterhardy, high **yielding** *hard* red winter wheat variety. 100920

HARDWOODS

Phlebia chrysocrea causes a heart rot of oaks [Quercus] **andother** *hardwoods.* 101558
A new deal for the *hardwood* **forest?** 098111
Mixed hardwood kiln drying experiment. 5. Kiln drying of *hardwoods* **grown** in northeast part of Taiwan. 098195
Structural features of [tropical] *hardwoods* and their **influence** on paper properties. 098420
Performance of seven **introduced** *hardwood* [tree] species on extremely stony mucks in Hawaii. 098164
Studies of *hardwood* **lignin.** IV. Study of birch wood lignin. 098359
Mixed *hardwood* kiln drying experiment. 5. Kiln drying of hardwoods grown in northeast part of Taiwan. 098195
An evaluation of chain saw girdling to treat unwanted **northern** *hardwoods* [Forest stand improvement]. 098070
Hardwood **nurseryman's** guide [Seedlings]. 098071
Estimating water yield differences between *hardwood* and **pine** forests: an application of net precipitation data. 097954
Chemical injections for thinning **pole-size** *hardwoods* in the Ozarks [Picloram, 2,4-dichlorophenoxyacetic acid]. 102209
The effect of chemical pre-impregnation on thermomechanical **pulping** of *hardwoods.* 098269
Chemical composition of acid-soluble part of black alkaline solutions after *hardwood* **pulping.** 098300
Exterior structural composite panels with southern pine veneer faces and cores of **southern** *hardwood* flakes. 098221
Global radiation beneath the canopy and in the clearing of a **suburban** *hardwood* forest [Pinus]. 097872
A lumber recovery study of **ten** *hardwood* sawmills in New York. 098179

HARES *see* RABBITS

HARMONIA

Artificial diets for larvae of *harmonia* **axyridis** Pallas (Coleoptera: Coccinellidae), an insect predator of aphids and scale insects. 103091

HARNESS

Plan to *harness* **groundwater** for rural development. 104399

HARPALUS

The biology of Microctonus caudatus (Thomson), a braconid parasite of the ground **beetle** *Harpalus* rufipes (Degeer). 102916

HARVEST

Chemical drying of alfalfa seed crops [Desiccants, *harvesting* **aid].** 100997
Defoliation of cotton in the third decade of September *[Harvesting* **aid].** 100999
Effect of [the defoliant] butylkaptax and magnesium chlorate on leaf shedding of fine-fibered cotton *[Harvesting* **aid].** 101001
Combine operation and adjustment for *harvesting* **alfalfa** seed. 103439
Grain losses during *harvesting* should be **avoided!** 094288
Critical analysis of large-scale production techniques of grain harvesting and cooperation in **combine** *harvesting.* 094735
Results of studying operational technological effectiveness of *harvesting* **combine** constructions in relation with their technical maintenance. 103540
Logging residues under different stand and *harvesting* **condition.** Rocky Mountains. 098433
Aspergillus flavus and aflatoxin in Iowa **corn** before *harvest.* 101610
Requirement of grain combines for *harvesting* various **crops** (methodological draft for qualification improvement of combine operators). 103476
Harvesting **date** of pome fruits. 101133
1975 [sugarcane] *harvest.* **Distribution** of supplier in function of their richness and tonnage [Processing]. 095832
Harvesting and **drying** studies with padi Bahagia and padi Jaya [Rice varieties]. 100913
Field *harvesting* methods—effect on feed costs. 100711
The approaching **field** *harvest* [Grasses]. 100985
Aflatoxin contamination, fluorescence, and insect [Sitophilus oryzae] damage in corn infected with Aspergillus **flavus** before *harvest.* 101389
Foresters and the Faustian bargain—a note on some possiblehazards of omnispecific woodchip harvesting in the humid tropics [Total **forest** *harvesting* and whole tree utilisation]. 097879
Economics and productivity: multi-function **forest** *harvesting* machines. 098401
The state of whole-tree utilization in Scandinavia *[Harvesting* of **forest** residuals and pulping]. 098423
Nitrogen fertilizer on **frequently** *harvested* Brussels sprouts. 103901
Influence of dates of tomato **fruit** *harvesting* and ripening on the variations of seed properties. 100608
Experimental investigation of orange tree dynamics under mechanical shaking **[Fruit** *harvesting].* 103457
Once over *harvest* of **gherkins** [Varieties, culture]. 101266
Critical analysis of large-scale production techniques of **grain** *harvesting* and cooperation in combine harvesting. 094735
Grain *harvest*—grain drying and storage [Equipment]. 095165
Quality of the **grain** *harvest* 1975. 100780
The vineyard of tomorrow. Influence of mechanization on **grape** *harvests.* 103572
Prospects of growing, harvesting and *post-harvest* **handling** of potatoes in the Czech Socialist Republic. 095937
The storage loss of fodder beets as influenced by *harvesting,* **handling,** and cleaning [Injuries]. 102050
Machines and equipment for *post-harvest* **handling** and storing of potatoes, manufactured in Czechoslovakia and the German Democratic Republic. 103498
Roadside **hay** *harvests.* Is lead [toxicity] a threat? 096002
Managing federal timber: *harvest* **how** much, how soon? 098392
Managing federal timber: *harvest* **how** much, how soon? 098393
Variation of *harvest* **index** in several wheat crosses. 099217
Hidden costs of mechanized [timber] *harvesting* **[Injuries** totrees]. 102046
Late *harvested* grain for swine. 096032
Prospective **lettuce** *harvest* mechanization: impact on labor. 103459
Differentiation of chloroplast lamellae. **Light** *harvesting* efficiency and grana development [Etiolated pea plants]. 100361
Breeding tomatoes for **machine** *harvesting.* 099438
An impact device for studying the damage rate of potato tubers [caused by *harvesting* **machinery].** 103606
Method of studying the damage rate of potato tubers as a result of mechanical action [of the *harvesting* **machinery].** 103620
Mechanical *harvesting* up-date [Costs, sugarcane]. 094434
Mechanical *harvesting* of cherries. 103434
Mechanical *harvesting* of strawberries. 103563
Yield and quality of **mechanically** *harvested* strawberries. 101067
Effect of the content of coarse and dry leaves in the raw material from **mechanized** *harvesting* on the condition of the product during tea storage. 095533
Breeding of cucumbers for the fitness to **mechanized** *harvesting.* 099080
Commercial application of defoliants in the Samarkand Region [Cotton, **mechanized** *harvesting* aids]. 100998
Separation of potatoes from clods and stones—the main problem of the **mechanized** *harvesting.* 103506
Towards **multi-machine** *harvesting* in Dryden woodlands. 098201
Construction features of **new** *grain-harvesting* combines (Methodological drafts for retraining combine operators). 103471
Construction features of **new** *grain-harvesting* combines (Methodological draft for retraining combine operators). 103472
Experiences of the Machine and Tractor Station Dolni Herspice with the **organization** of *harvest.* 094287
Study on the volatile aromatic substances of pear fruits and their changes in the *pre-harvest* **period** and at different stages of maturity. II. Development of the aromatic. 100446
Investigations on leek seed production. III. Effect of date and mode of seed **plant** *harvesting* on seed yield and quality. 101145
Selenium content of forage **plants** *harvested* in Finistere. Enrichment of ryegrass [Lolium] and maize by adding selenite to the soil. 100052
Prospects of growing, *harvesting* and **post-harvest** handling of potatoes in the Czech Socialist Republic. 095937
Post-harvest **processing** of grains at a seed-producing state farm at Chrudim [Mechanization]. 103500
Quality of Granny Smith [apple variety] in **relation** to times of *harvesting.* 101235
Post-harvest **repairs** of combine harvesters in the German Democratic Republic. 103501
Effect of nitrogen fertilization and *harvesting* **season** on the fiber and cellulose production of a cultivar and hybrids of hemp. I. 100750
US Army veterinarians in biomedical research: from **seed** to *harvest.* 097173
Before the field **seed** *harvest.* 100981
Semi-mechanical *harvest* of fruits (pears and apples) using automatic platforms. Results of observations made in work areas. 103409
Etiology and control of fruit rot [Rhizoctonia solani, Pythium aphanidermatum] of cucumber in **single** *harvesting* for pickles. 101554
Bulk cooling of *harvested* **snap** beans. 095869
Cultivation, *harvest* and **storage** of forage beets. 100916
Population of sugarcane borers in cane crop at the time of *harvest* at **Tandojam.** 102275
Timber *harvest* on federal lands with emphasis on national forests and questions: how much? 098396
Feller-buncher in the *harvesting* of **timber** of primary thinnings. 098426
Harvesting, **transport** and handling of straw in the German Democratic Republic. 103497
Chrysanthemum production planning under *time-to-harvest* **uncertainty.** 094325
Harvesting **up-date:** Amfac concepts [Sugarcane equipment]. 103577
Studies on the dates of sowing and *harvesting* of four **varieties** of sugarbeet. 100869
1975 *harvest* **variety** tests [Sugarcane]. 100929
Vibratory *harvesting* of pendulous fruits: the fruit stem separation dynamics of olives. 103586
A system for evaluating potential impacts of **whole-tree** *harvesting* on site quality. 098056
Winegrape *harvest* in Oregon, 1975. 101066
Foresters and the Faustian bargain—a note on some possiblehazards of omnispecific **woodchip** *harvesting* in the humid tropics [Total forest harvesting and whole tree utilisation]. 097879
Effect of preceding winter crops, level of nitrogen fertilizer, distance between hills and method of *harvesting* on the **yield** of maize plants. 100713
Effect of different dates of seeding and *harvest* on **yield** and quality of sugarbeet. 100837

HARVESTERS

Methods of removing trash from sugarcane on **chopper** *harvesters.* 103578
Post-harvest repairs of **combine** *harvesters* in the German Democratic Republic. 103501
How to choose a precision chop [forage] *harvester* **[Farm** machinery]. 103412
Sugarcane *harvester* and transport developments in Florida, Texas and Louisiana. 103579

HATCHERIES

Reducing hatching egg and *hatchery* **contamination** [Sanitation]. 096079

HATCHING

Blastocyst expansion and *hatching* of **bovine** ova cultured in vitro. 096927
Natural resistance to Marek's disease at *hatching* in **chickens** lacking maternal antibody, and relationship between this early resistance and resistance acquired with age. 097263
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: **egg** *hatch* in females mated successively with normal and gamma-sterilized males and vice versa. 102807
A simple method to estimate sterile: normal ratios based on *hatchability* on **eggs** [Dacus cucurbitae]. 102824
Effect of dietary aflatoxin [produced by the fungus Aspergillus flavus] on fertility, *hatchability,* and **progeny** performance of broiler breeder hens [Aflatoxicosis]. 096642
Reducing *hatching* egg and hatchery contamination [Sanitation]. 096079
Effect of semen dose, frequency of insemination, age and productivity of the male on duration and levels of fertility and *hatchability* in the **turkey.** 097006
Breeding and *hatching* **turkeys.** 096907
Studies on the effect of the alteration in the internal environment of poultry egg on embryonic growth. VI. *Hatching* **weight** and water content in chicks from partially albumen -removed eggs. 096571

HAULING

Semi-mounted tipping trailers for trucks in **farm** *haulage.* 103505
Investigation on *hauling* [of **logs]** on tractor paths; fundamentals and derivation of bases for calculations. 098183

HAWORTHIA

Haworthia. III. **[Succulents,** varieties]. 101260

HAY

Synthesis of the crank-rocker mechanism of the needle gear in a binding apparatus of a *hay* **baler.** 103634
Methodology of designing the mechanisms of a binding apparatus *[Hay* **balers].** 103621
Nutritive value of red **clover** *hay* and common vetch hay for growing pigs and rats. 096796
Automatic regulation of drying **conditions** for *hay.* 103515
A promising method for **cutting** *hay.* 096053
Grasslands birds and agricultural land-use [Pasture land isused both for **grazing** and for *haymaking].* 100692
Foundations for the development of an optimal forecasting program of growing alfalfa for *hay* under **irrigation.** 100799
The contents of some mineral elements in *hay* of **lucerne** (Medicago X varia Martyn) cultivated on rendzina soil in conditions of spray irrigation and differentiated phosphorus. 100057
Stand quality in a planned yield of *hay* of **perennial** grasses. 100203
Round ball *[hay]* **presses.** 103421
Roadside *hay* harvests. Is lead [toxicity] a threat? 096002

Nutritive value of **soybean** *hay* for growing pigs. 096797
Nutritive value of red clover hay and common **vetch** *hay* for growing pigs and rats. 096796
Energy productivity of perennial grasses with calculated levels of fertilizers for obtaining a planned **yield** of *hay.* 100194

HAYING
Materials and work **areas** in *haymaking.* 096044

HEAD
Musculature of the *head* **appendages** of Tenebrio molitor (Coleoptera: Tenebrionidae). 102802
Effect of farmyard manure, straw, slurry and nitrogen, phosphorus, potassium on crop yields and nutrient uptake in *headed* **cabbage,** rooted cellery, scorzonera and carrots. 103895
Zinc nutrition of preschool children in the **Denver** *Head* Start program. 094973
Zinc nutrition of preschool children in the **Denver** *Head* Start program. 095015
A treatment of grape wine **distillation** *heads.* 095927
Postharvest effect of modified levels of carbon monoxide, carbon dioxide, and oxygen on disorders and appearance of *head* **lettuce** [during transportation in controlled atmosphere]. 101923
Proposals for the scientific organization of labor in the industrial production of heifers on pasture as shown by a unit with 4,480 *heads.* 1. **Presentation** of production. 094352
Serum-induced *head-to-head* agglutination of bovine spermatozoa. 096965
Study of virulent properties of ecogeographical populations of the pathogen of *head* **smut** of maize [Sphacelotheca reiliana]. 101360
Nutritional status of *Head* **Start** and nursery school children. I. Food intake and anthropometric measurements. 095132
Extraction of pectins from **sunflower** *heads.* 095776
Improving the effectiveness of industrially-producing young cattle facilities with semislotted floors by increasing the number of *heads* per **unit** group and the biological treatment of stored fodder. 096134
The town as *head* of the **village** and its role in improving the culture of rural life [Communist party organization]. 094042
Swamp development in the *head* **waters** of the White Nile. 101304

HEALING
Wound *healing* in the cornea of the chick embryo. III. The influence of pore size of millipore filters on the migration of isolated epithelial sheets in culture. 097720
Dermoplasty and **wound** *healing* of soft tissue injuries. 097782

HEALTH
The Occupational Safety and *Health* **Act** (OSHA) and agriculture. 094682
What about OSHA [Occupational Safety and *Health* **Act**]? [Legislation]. 094772
The proposed OSHA [Occupational Safety and *Health* **Administration**] regulation for agricultural employee occupational noise exposure. 104434
Comparative medicine: an overview [as it relates to **agricultural** *health* and safety]. 093999
Overview of **agricultural** *health* and safety problems: the Federal environmental view. 094004
Federal activities [**Agricultural** *health* and safety, programs]. 094703
Campaign for the control of the coffee berry borer [Hypothenemus hampei] in the countries of the area of the International Organization of **Agricultural** *Health* (Central Ameri. 102263
Project for a campaign for controlling the coffee berry borer [Hypothenemus hampei] in the countries of the area of the International Organization of **Agricultural** *Health* (Cen. 102264
On the distribution of the Salmonellae in the Varna district [Public health, **animal** *health,* food contamination]. 094854
Filth and [its relationship to] **animal** *health.* 097181
Animal *health* and management problems in large-scale cattle units. 097211
Anthelmintic activity of albendazole against liver flukes, tapeworms, lung and gastrointestinal roundworms [**Animal** *health* products]. 097333
U.S.A.H.A. [United States **Animal** *Health* Association] committee on animal virus characterization arboviruses: value of the new taxomony. 097583
Guide to *health* **assessment.** 094976
Experience in preserving **calf** *health* in conditions of induatrial production. 097204
Health **care** systems in the Sahel: before and after the drought. 094052
Ruminant immunology: The selection of *healthier* **cattle** and sheep by measuring their immune response [Antibodies]. 097593
Health and **communicable** disease in a rural African environment [Malnutrition]. 095187
Dental *health* in children. 094975
Studies into the effect of fly ash emission on broiler performance and *health* [**Dust** contamination of the chicken lung]. 097791
Factors influencing the *health* and **economic** viability of a poultry flock. 097182
Health and **economic** aspects of water hardness and corrosiveness. 104332
Some epidemiologic experiences in the *health* **effects** of pesticides. 094844
Health, the **environment,** and the urban community. 095379
Chemicals in agricultural use [**Environmental** *health].* 094843
Environmental *health* aspects of fungicides. I. Dithiocarbamates. 102724
NIOSH's [National Institute for Occupational Safety and *Health]* **expanding** role in agricultural safety and health. 094002
Effects of artificial insemination administration on egg laying, *health* and **fertility** in White Leghorn chickens. 096999
Preliminary clinical and anthropometric findings from the **first** *Health* and Nutrition Examination Survey, USA, 1971-1972. 095000
Is bee honey a *"health* **food"**? 095051
Health **food** users in two Texas cities. 095129
Are nitrite and nitrate food additives **hazardous** to *health?* 095136
Effect of high meat diet on bacterial flora and chemical components of human feces: a preliminary report *[Health* **hazards].** 094909
Polyamines and cancer [Meat diets, *health* **hazards].** 095199
Prearranged **herd** *health* program—cow-calf enterprise [Beef cattle]. 097185
Blod profiling in cattle—the Pennsylvania experience [attempting to evaluate selected **herd** *health* problems]. 097191
Wildlife diseases: philosophical considerations [Adverse impact on **human** *health,* agriculture, or wildlife conservation]. 097157
Conditions favourable for the contamination of **killed** *healthy* chickens with Salmonellae and manner of preventing it [Slaughterhouses, sanitation]. 094850
Livestock *health* [Sheep, lambs, cattle]. 097091
Food choices and **nutritional** *health* of preadolescent girls. 095020
Potential **occupational** *health* hazards of livestock producers working in animal confinement units. 094006
Vigilance and the *health* of **people** and other animals. 097195
Animal care, plant care, and food care—for consumer protection [U.s. Animal and **Plant** *Health* Inspection Service]. 094811
Family nutritionist on the **primary** *health* care team. 095155
Health **promoting** nutrition, a requirement of today. 095050
Safety evaluation of chemicals in food: toxicological data profiles for pesticides. 1. Carbamate and organophosphorus insecticides used in agriculture and **public** *health.* 094819
On some aspects of salmonellosis [**Public** *health].* 094853
On the distribution of the Salmonellae in the Varna district [**Public** *health,* animal health, food contamination]. 094854
The etiological structure of salmonellosis in the USSR [**Public** *health,* food contamination]. 094857
Urgent problems of salmonellosis in Bulgaria [**Public** *health].* 094860
A **public** *health* mystery [Disease transmitted from cats to humans]. 094864
Proper [animal] drug usage and the **public** *health.* 094904
Veterinary **public** *health* in the United States, 1776-1976. 097175
Veterinary **public** *health* [Dog bites to people, injuries]. 097805
Biostatistics in agriculture *[Health* of **rural** residents andof the farming occupation]. 093997
Health and **safety** standards for agriculture. 094001
NIOSH's [National Institute for Occupational Safety and Health] expanding role in agricultural **safety** and *health.* 094002
Overview of the problem [Agricultural **safety** and *health].* 094005
The Colorado view [on agricultural **safety** and *health].* 094008
The Iowa view [on agricultural **safety** and *health].* 094009
The migrant worker, his *health* and **safety.** 094010
The **school** *health* service as a means of entry into the inner-city family for the identification of malnourished children. 095010
Residue studies on chlorinated hydrocarbons in carrion and *healthy* **shot** domestic wildlife [West Germany]. 102697
Encephalitis—**today's** *health* plague [St. Louis Encephalitis, Culex pipiens, Culex restuans]. 102607
Quantitative variations of the total, free and membrane-bound ribosomal material during the culture cycle of *healthy* and **tumorous** Parthenocissus tricusipidata L. cell suspensions. 099022
Experience in assuring **udder** *health* by insepcting the milking technique. 097203

HEARING
Classification of stationary vowels by **dogs** *[Hearing].* 096453

HEART
The binding by an NAD [nicotinamide adenine dinucleotide] affinity matrix of contaminating dehydrogenases in [**beef** *heart]* cytochrome c oxidase preparations. 095688
Phosphorylation of a low molecular weight polypeptide in **beef** *heart* Na+, K+-ATPase [sodium ions, potassium ions, adenosine triphosphatase] preparations. 096212
Comparative studies on [**beef** *heart]* mitochondrial coupling factor B and FB. 096223
Effect of troponin component TN-C [rabbit skeletal muscle] on the inhibition of adenosine triphosphatase activities of mitochondria and chloroplasts by troponin component TN-I [**beef** *heart* mitochondria]. 099719
Quantitative morphological studies into *heart* of **Berlin** miniature swine. 1. Absolute and relative heart weight. 096214
Cleridendron thomasoniae, Southern **Bleeding** *Heart,* tropical vine to pot plant [Growth regulators]. 100451
The cytochemical localization of cholinesterase activity in the developing **chick** *heart.* 096371
Diet and growth in **congenital** *heart* disease. 095190
A perspective view of dieting to lower the blood cholesterol [**Coronary** *heart* disease]. 094953
Coffee drinking and death due to **coronary** *heart* disease. 095169
Prevention of **coronary** *heart* disease. 095181
On the susceptibility of swine (Sus scrofa domesticus) to *heart* **disease.** A comparative and functional morphological study. 097774
Check on the existence of the complementary genes for the *[heart* **forming]** of summer lettuce (Lactuca sativa). 099381
Structural effects on cytochrome electron transfer; properties of HP1-65 from **horse** *heart* cytochrome C. 096264
Growth of *heart,* **lungs** and kidneys in the wild relatives of domestic sheep. 096583
Isolation of stimulatory modulator of guanosine 3':5'-monophosphate-dependent protein kinase from **mammalian** *heart* devoid of inhibitory modulator of adenosine 3':5'-monophosphate-dependent protein kinase [Dogs]. 096425
Comparison of the amino acid sequence of **pig** *heart* myoglobin with other ungulate myoglobins. 096234
The effects of methacholine and calcium deprivation on the release of the false transmitter, alpha-methyladrenaline, from the isolated **rabbit** *heart.* 096492
